Walters Throws Hat Into Ring For Commissioner

Walt Walters, Grantsville, has announced his candidacy for District II county commissioner. A democrat, Walters has resided in Garrett County for 11 years. He has been married for 15 years and has four children currently attending public schools.

"My only special interest group is all Garrett County citizens," Walters said. "The taxpayers are what make our great government really work. However, when there is taxation without representation or appreciation, the citizens become very perturbed and frustrated, to say the least."

Walters said other reasons for his decision to run for office include concerns about the Deep Creek Volunteer Fire Company's need for a cascade unit, as well as the need for new fields for the American Youth Soccer Association (AYSO) in Grantsville. These two issues have been resolved, Walters noted.

"But why weren't these requests made two to three years ago? Why did it have to be in 2002? Because it's re-election time!" Walters said.

Another concern noted by the candidate is the planned industrial park at Keyser's Ridge. "The people of Keyser's Ridge had a meeting with the commissioners recently and found out that an industrial park area has been in the plans for a few years and only now is there finally a 'public meeting' to ask for input. What happened to that 'open-door' policy promised by those who campaigned four years ago and are now in office?"

Finally, Walters said he is in support of the recent requests made for a youth center in the county.

"I'm a husband, father, small businessman, citizen, taxpayer, and voter," the candidate said. "I desire to be your choice and your voice, brother and sister Garrett Countians. What's your excuse for not voting and bringing in a change? The government is of, by, and for the people, not over, at, and against the people. Folks, you are that people. Let's do something about this on Sept. 10 and Nov. 5. This is a democratic republic that we live in, so let's exercise our civic privilege and duty. The one with the most votes gets in. Once someone is elected, the individual then votes on issues based on what the people's needs are."

"Thank you for your thoughtful consideration and allowing me to express my views," the candidate said. "God bless Garrett County."

ment affairs firm in Baltimore.

"My first three clients in my business were a candidate for Congress, the then-Community College of Baltimore, and a trade association. I dealt with issues of management, industry promotion, and government relations from the 'git-go,'" Ross said. "I just wrapped up a five-year contract with the International Gem & Jewelry Show, and am finishing campaigns in Baltimore and Anne Arundel County. But it's great to be home and even greater to be working for the chamber."

Referring to the chamber's mission to market the county and its businesses for economic benefit to the local economy, Green noted the importance of Ross's media experience. "He's comfortable in front of a camera or an audience, on the radio or in a chat room. He's been abroad and in every major media market in this country. It's going to be a great match for the chamber."

The selection of Ross marked the culmination of a two-tier interview process conducted by the chamber board among a field of candidates. Ross can be contacted at the chamber office at the Visitors Center in McHenry starting Sept. 16 at 301-387-4386 or 301-245-4400.

far, more than 303 Maryland residents have been tested for the West Nile virus antibody, and only two individuals have been confirmed with the virus. One of the cases was a fatality.

In general, precautions are being recommended to the public regarding reducing the potential for mosquito harborage by eliminating standing pools of water in yards, changing bird bath water on a daily basis, and cleaning gutters to allow free flow of water. People should also avoid unnecessary outdoor activities at dawn or dusk when mosquitoes are the most active. In addition, the use of mosquito repellants with DEET is recommended along with wearing proper clothing. As always, the public is advised to follow the manufacturer's recommendations for use of mosquito repellants.

Individuals in Garrett County who find dead birds on their property are urged to call the West Nile Virus Hotline number (866-856-CROW) to report these birds. Personnel from the West Nile Virus Coordinators Office will fax a pick up request to Environmental Health Services of the Garrett County Health Department.

Persons with additional questions can call Environmental Health Services at 301-334-7760 or 301-895-3111.

Interstate 68 corridor. "With the purchase of the ClosetMaid site, the county will have exhausted its supply of industrial sites in the northern part of the county," said Hinebaugh. "Good interstate access is critical to maintaining and growing the industrial base. It is especially important to manufacturing and distribution based industries." Access to I-68 was a critical factor in ClosetMaid's choice of Grantsville for its new facility, he added.

Economic Development officials have already had discussions with two businesses that have expressed interest in locating at the Keyers Ridge Park. "We've learned through experience that it is important to have ready-to-build sites to offer new and expanding businesses," said Hinebaugh. "Most of the prospects we deal with are in a hurry and do not want to wait for a building site to be identified, purchased, prepared for construction, utilities developed, etc. Having ready-to-go sites gets prospects to the area and gives us an opportunity to sell the

county's merits."

The county is planning to develop the Keyers Ridge property in increments. "Most likely," said Hinebaugh, "we will develop one large 20 to 35 acre building site and one smaller 2 to 5 acre site. As these sites are sold, we will develop a replacement site."

A public water system is currently under construction, and water is expected to be available in the near future in the Keyers Ridge area. Work on a public sewer system should begin next summer, said Hinebaugh. The county is working on extending phase 3 power and natural gas to the area as well.

"Through experience, we've learned that it is expensive and sometimes controversial to develop property for industrial sites," said Hinebaugh. "Our goal is to reduce overall cost by developing the infrastructure — water, sewer, electric, etc. — to support a large area, rather than developing several separate sites. This approach is both more cost effective and less painful/controversial."

Meanwhile, work at the county's other industrial parks continues. Preliminary site work for Phenix Technology's new facility at the Central Industrial Park, Accident, is 90 percent complete. Additionally, the shell building's concrete slab at the Southern Industrial Park, near Mtn. Lake Park, has been poured and the steel frame is being erected, said Economic Development's Frank Shap.

Endorse Plan

ty will support this project. We will try to secure some grant money that will help too."

Duane Yoder, Community Action Committee president, said federal grants may be available for the project, depending on its final plans. He added that a collaborative effort between the college, Adventure Sports Center, and county was probably the most affordable way for the county to get a recreation center.

"The collaboration between the college, the Adventure Sports Center, and the county offers us our best opportunity to meet the long-standing need for public recreational facilities and services," concurred Commissioner Ernie Gregg. "Every other county in the state has them. We can make a big difference in the lives of average Garrett County citizens through this initiative."

The recreation center users would pay membership fees. There would be two fee schedules, said Herman, one for county residents, who would pay a low, "affordable" rate, and another for visitors, who would have a higher fee schedule. Reduced and affordable rates to Garrett County residents will be possible because the building will be free of debt service from the beginning, the president said. Additionally, GC staff members and students would maintain and provide services at the facility, further reducing costs. "Affordability for Garrett County citizens was a critical issue in the month-long

discussions on how to finance the facility," said Monty Pagenhardt, county administrator. "The commissioners wanted assurances that every family in Garrett County would be able to afford membership."

The commissioners are also planning to develop a Garrett County Department of Recreation. The new department, in conjunction with the recreation center, would plan year-round athletic and recreational activities for children, teens, seniors, and the general population. The department would also schedule services to interested towns in the county.

"This type of facility will go a long way in improving the quality of life for those who live in Garrett County and make the county an even more attractive place to live," said Delegate George Edwards. "It will also make Garrett College more attractive to new students and allow the college to expand its physical education and adventure sports programs."

Herman said the recreation center on Marsh Mountain would be considered the college's "upper campus." It plans to move its physical education and adventure sports programs to the facility. More students will also be recruited into those programs.

"Our students will be able to have extraordinary internships and work experiences as part of their education," the president said. "This is an exceptional opportunity for the college and the community."

"I want to see a really attractive, well appointed recreational and athletic complex," said Commissioner Wendell Beitzel, who attended Fairmont State College on an athletic scholarship. "As long as I can remember, the people of Garrett County have wanted a public swimming pool." The commissioners noted that area youth attending a recent forum at GC indicated in a poll they wanted a public swimming pool.

The officials will meet again soon to work out the details, secure state funding, and plan fund-raising efforts. A fund-raising team will also be assembled. Residents interested in working on this project and assisting with the fund-raising effort may call the Herman's office at 301-387-3056.

bent district 6 congressional representative, will run unopposed on the Republican ticket in the primary. Democratic voters will choose between Donald M. DeArmon and Kevin M. Shaffer.

J. Joseph Curran Jr., the incumbent state's attorney general, is unopposed on the Democratic ticket. The Republicans will vote for Edwin MacVaugh or Jeffrey N. Pritzker.

In this primary election, only those voters registered as Democrat or Republican may participate. Those registered with any other party, or as a "decline," "other," or "unaffiliated" may not take part in the primary. However, all regis-

tered voters may cast ballots in the Nov. 5 general election.

The unofficial results of Tuesday's voting will be posted on the Garrett County Board of Elections' web site as officials receive them. The site is located at www.co.garrett.md.us/elections/elections.html. (Persons should click on the appropriate link, found at the bottom of this web page.) The results will first be available at about 8:45 p.m., according to officials.

For information about the elections, persons may contact the elections board office at 301-334-1962.

form of grants, tax credits, building facade improvements, decorative banners, free concerts, and other amenities.

"You just have to stroll through town and you can see what positive things have been happening in Oakland," said Ken Perrin, president of the combined Greater Oakland Business Association and the Oakland Main Street board of directors. "But the program is in trouble now because of a shortage of volunteers. Without strong committees we could actually lose our standing as a Main Street Community."

Perrin went on to explain that the main requirement of the program is a committee structure to help plan, organize, and execute promotions, design enhancements, economic incentives, and general programs for the revitalization of the downtown community.

"These committees are an integral part of the Main Street initiative," Perrin said. "Without them, it is difficult, if not impossible, to retain the designation. And perhaps more importantly, it may become impossible to obtain funding for many of our current projects or for future endeavors."

Perrin is putting out a call for volunteers to staff these committees. He said that some members have moved on to other things while still others have simply lost interest. "Without people helping by serving on the design, promotions, and economic restructuring committees, we will no longer be able to maintain our Main Street status. And with much more work to be done, we will not be able to move forward."

The three committees each have specific duties. The design committee works to develop a variety of aesthetic items, ranging from town logos to a strategic plan of what the overall look of the community should be. The promotions committee hosts and publicizes events, and the economic restructuring committee takes an active role as a catalyst for the economy of the community.

The Sept. 17 meeting will be on the subject of volunteers, Perrin said.

"We are urging anyone

with an interest in our community to attend and help out with committee work.

These are not all long-term assignments. Some projects have a very quick turn-

around time," he said.

Persons interested in as-

isting the Main Street program may call Glenn Tolbert, Oakland Main Street manager, at 301-334-9431.

*To the Voters and Citizens
of Garrett County:*

**As a candidate for County Commissioner,
District 3,
I am asking for your support.**

Our County Commissioners must not only be intelligent but also have experience in diverse areas to truly represent all of the citizens of Garrett County. My background will permit me, as your commissioner, to make your views known and your demands heard.

My pledge to you, the citizens of Garrett County, is to maintain an open office, allowing direct constituent communication. Solicitation of citizens' views will be my first and continuing endeavor.

For a healthy Garrett County, we need clean industry, efficient transportation, affordable water and sewage, quality education, strong law enforcement, reduced unemployment, more desirable senior citizens' benefits, neighborhood youth centers, and honest government structured to serve the people. These are but a few of your concerns. Your concerns are my concerns. I guarantee that you will be heard and that your views will be justly considered.

A vote for me will be in your best interest. I thank you for your consideration.

Respectfully,
David C. Beard

wasn't used to being with anyone but my husband and me. It was rough for her in the very beginning, but she adapted quickly thanks to the wonderful staff at the center.

When Krystal started she also wasn't fully potty trained, but within a month of her starting there she was. Miss Donna and Miss Josey really helped ease this major step in my daughter's life. She also has learned to play with others, be polite, and obey rules. She learned how to spell her name and recognizes it on paper. Needless to say, she really enjoys being in the company of others besides mommy and daddy.

Krystal has learned a great deal from attending this center, and I am very grateful for all the understanding and time and effort that the staff has given to her. She now attends Dennett Road School, where she is in the pre-K for the school year of 2002-2003. But come this summer she will be back at Renaissance for more wonderful learning.

I would recommend this center to all of those who need assistance with child care. This is the best opportunity my daughter has had so far in life. I will never forget all the time and hard work that Donna Cook, Josey Redinger, Miss Tracy, and Miss Megan have given my daughter. Thanks to them, my daughter is very independent and very bright.

Shirley Tasker

To the Editor:

Let me start by congratulating *The Republican* on its editorial of a few weeks ago calling for tolerance and encouraging an open mind with regard to the Islamic faith. Frequently small town newspapers are dismissed by many, especially those who live in large urban areas, as being rigid, far right, and narrow-minded in their perspective. As has been shown on many previous occasions, we are fortunate in Garrett County to have an enlightened and broadminded editorial bent to our local newspaper.

The response to the editorial has been fairly predictable and has served to clearly show the dilemma being faced, not only within our own community and country, but also throughout the world. There are sizable numbers of people in all societies and cultures who feel that they have all the answers and "the truth" about life, religion, and what's God plan for us. We see this amongst Muslims, Christians, Jews, Hindus, and all other religions. There are also sizable numbers of individuals in all societies who feel that the quest for religious understanding is a journey, and one that no one has yet come close to completing. They feel we are all on a path toward finding "the truth," but the paths are many and each person must choose the path that works for him. Of course, all societies and cultures also include lots of folks who simply dismiss religion and the striving for spiritual

growth as irrelevant, unimportant, and phony.

The challenge we all face is, how do you find some sort of common ground that allows each one of these groups to peacefully co-exist with the others? That quest for a middle ground seems elusive, but one that we must strive for if there is any hope of ever finding lasting peace on our planet. As long as we have people claiming that their way is the only way and "the truth," and all others are wrong and damned to hell, we are doomed as a species to continual fighting, intolerance, oppression, and hatred. And the way I see it, nothing can be further from God.

To the Editor:

I had occasion to visit the Oakland branch of the Ruth Enlow Public Library (may it ever retain that name) last week and was pleasantly surprised to discover that one of my early novels that I had given to the library two or three years ago has been well read and is now quite dog eared as a result. It's the only one of my novels that was published traditionally. The other seven are available on the Internet directly from their publishers: Xlibris Corp. (www.xlibris.com/bookstore) and iUniverse.com Inc. (www.iuniverse.com) and the major booksellers Web sites such as Amazon.com and Barnes & Noble. You can call up the novels by the author's name and read excerpts before you buy...or not.

However, for the readers of this section who may not feel an urgent need to run out and purchase one (or more) of my novels, here's an alternative: By the time you read this I will have donated copies of all my novels to the Ruth Enlow Library for your reading pleasure.

While they are not high literature, you'll be rewarded by good, plausible plots and even riveting stories, all rather well written, I could add. They are populated with memorable characters

who know, or at least sense, that even the concepts of honor and virtue can only exist where morality is pervasive in the people and in their society. And yes, character really does matter; for without it, none of the others have a prayer. That's not to say that my villains are not thoroughly villainous; even sociopathic in some instances. What's a story without at least one dirty rotten bad guy...or gal? Heroes, heroines, twisted plots, and villains galore! Ah, I wish I too were just beginning to read them. How lucky you are my dears!

The other novels are: *Attua the Aleut* (originally a trilogy written for young adults), *Same Game, Higher Stakes* (rewritten as a sequel to *Attua*), *Will Power* (A novel), *The New Tribunes* (Thou shall not kill...normally), *The Tender Leaves of Hope* (Vol. I of a trilogy), *Sound the Clarion* (principal setting is in this area), and *Hear the Clarion Call* (a sequel to the above).

To the Editor:

I enjoy so much about your newspaper, and no way could I not enjoy your editorial and the whole editorial page. It is outstanding.

The explanations which we have been getting from Monty Pagenhardt and Jim Hinebaugh are amazing. Too bad they had to finally wake up a few weeks before election day. These were due very long ago for us taxpayers. Better late than never. For those of us who have a mind and use it, some of the explanations and pictures and write-ups are a bit late, regardless of

what a few summer visitors report.

I missed a picture of Asa McCain, mayor of Oakland, in the wheelchair parade, as well as a picture of the member of the special Commission for the Handicapped. Howard Gerard has done more for the handicapped and the mentally ill all over Garrett County than anyone I know. I missed a picture of him as well(?). Asa McCain is as committed as any elected official I have ever known, except the mayor of Friendsville, Spencer Schlossnagle.

I understand the desire for a center for the teenagers in the Oakland area, and have pleaded for something special for the teens for years. No one who could have done something about it has listened, just as I have pleaded for 24-hour supervised housing for our seriously mentally ill who have been sent out of our county forever. That means millions of dollars not spent here, where legally the state decreed many years ago that they belong in their own county.

We spend so much for our "bureaucracy" here; why not for our legitimate residents? Nursing homes are not the answer for our mentally ill. I have never known a mentally ill person who was not brilliant, and we have many here in Garrett County who have never had an opportunity here to have any supported employment to attempt to lead a normal life in any way. This is criminal, unjust, and a serious offense. Sometimes I think Garrett County loves animals more than human beings. It's time for action on many fronts.

Monty, you gave excel-

lent facts in response to the Loch Lynn lady's letter concerning teenagers. Since when have you and the commissioners and Jim Hinebaugh done something about it actively?

Jim Hinebaugh, you gave an excellent explanation about the adventure sports project. How about the 24-hour supervised housing for the mentally ill I talked to you about several years ago. You said it would take a "private contractor" to do it in Garrett County, and you'd help him any way you could. I told you I had had no experience with private contractors, but I thought you should have in your county position. Why haven't you?

Everyone says that you almost have to sue the county to get anything done, like Watson and Jack Hinebaugh (God rest his soul). What a marvelous citizen he was.

I know of a grand private contractor who did some work for me a few months ago, Bender Builders. He is fantastic in every way.

I am unable to do much now except care for myself. At 90-plus years, I am grateful for what I can do for myself now.

The \$80,000 MTMHA gave for the adventure sports center could and should have been put into our very neglected consumers. Many have waited years for supported employment, not disability assistance, in Garrett County. They have never had proper training by certified, professional psychiatric counselors like they should have. The one full-time resident psychiatrist, Dr. Callis, is a marvelous, over-worked human being.

It is sickening that all

human beings are not respected more here. Bears? Cats? Dogs? Teenagers? Mentally ill? The elderly? Many unanswered questions. Will they ever be answered? Only by the electorate, if there are sufficient numbers. MTMHA executive board, are you really thinking? Where are the consumers on the various boards?

This is my opinion.

Huskies Banking On Size Of Fight In Dog, Not Size Of Dog In Fight

Northern High School's varsity football team has a noticeably different look for the coming season, as the Huskies' roster has shrunk in both numbers and physical size. However, NHS head coach Phil Carr says this year's gridiron crop could produce a winner because of the "good leadership and good team concept" that has emerged in the squad's unrelenting practice sessions.

NHS's campaign kicks off at home at 7 p.m. tomorrow night against the Smithsburg Leopards of Washington County. Smithsburg tallied a 5-5 record last season under coach Buddy Orndorff. The Leopards will bring 20 seniors to the Cove, more players in one class than the entire 18-member Husky varsity roster.

Despite Northern's small numbers, "We're seeing our players develop a strong belief in what we are trying to accomplish," commented Carr. "Our main goal this season is to improve and to be a better football team than a year ago," when the

Huskies turned in an uncharacteristically poor showing of 3-7.

While admitting that Northern's total roster is nearly halved from last year's list, Carr was quick to point out, "The quality of the players we do have is very good. Seniors Tom Menges, Aaron Mitchell, and Lee Yoder all played important parts for the State semi-finalist varsity team two years ago, and were here last year, so they know both feelings of success and disappointment. We've also been getting good leadership from the four other seniors, Darric Kamp, Joe Garlitz, Dan Gano, and Jordan Brenne-

HUSKIES READY FOR THE CHASE — The 2002 Northern High School football program is eager to return to its more customary winning ways after a disappointing season last year. "We may lack some varsity experience, but with hard work at practice and in the film room we can make our own destiny," observed NHS head coach Phil Carr. man, Danny Gano, Darric Kamp, Aaron Mitchell, Tom Menges, and Joe Garlitz. Row 2: Steve Snyder, Andrew Frantz, Chad Carr, Dan Ellis, Rocco Andros, Jeff Yommer, Zach Barcus, and Ben Wagner. Row 3: Jeremiah Wilt, Robert Stark, Mike Wolf, Trevor Butler, Eric Johnson, Ian Wooden, Derek Shartiger, and Richard Brown. Row 4: Corey Yoder, Nick Payne, Andy Folk, Jason Shapiro, Eric Diehl, Kennan Kabell, Tyler Warn, and Wes Spiker. Row 5: Codey Linn, Jeff Wilburn, Adam Rounds, Shane Broadwater, Casey Kamp, and Anthony Lewis. plagued with injuries throughout the season. Hopefully, we had our share last year and this year maybe they will be limited. This year's squad has had a great work ethic so far during the pre-season, believing in our system and believing in themselves. We possess good speed and quickness and just seem to have that desire to hit people and get better every day. Attitude can take you a long way if it is the right one," the Huskies' skipper observed.

Northern's offense has performed well in scrimmage play, and senior quarterback Mitchell has returned to fill the post of Carr's field general for the second consecutive year. The small but quick offensive line, a hallmark of the Huskies powerhouse option offense of recent years, has shown it can open holes for the running game. "Menges anchors our line and Yoder has experience at fullback," stated Carr. "It's nice to have an experienced player at each position group to help our young players."

NHS's probable starting line-up for tomorrow night's opener will be Mitchell (6-1, 170) at quarterback; junior Corey Fike (5-9, 170) and sophomore Mike Wolf (5-9, 155), twin halfbacks; Yoder (5-6, 195) at fullback; junior Chad Carr (5-11, 190), tight end; junior

Danny Ellis (6-3, 180), center; Brennehan (5-10, 165) and sophomore Ian Wooden (5-8, 180), guards; Menges (6-3, 290) and either Garlitz (6-2, 280) or juniors Zach Barcus (5-8, 195) and Jeff Yommer (5-10, 225) at the tackle positions; and either Yommer or classmate Rocco Andros (5-7, 140) or sophomore Robert Stark (5-8, 145) at split end. Gano, Kamp, and junior Steve Snyder (6-0, 185) will each see reserve action in the backfield, while junior Andrew Frantz (6-1, 170) will likely put in relief duty at tight end and quarterback.

"Defensively we're still trying to get kids in the right spots, but we seem to be quick and aggressive," Carr remarked of the unit on the other side of the ball. "We've had a lot of players getting to the football in our scrimmages. Brennehan, Yoder, and Garlitz are the only returning players on defense. Mitchell started last year, but if we can we would like to keep him off the field on defense."

NHS's probable defensive starters are Andros, free safety; Wolf, strong safety; Carr and either Yoder or Fike at linebacker; Brennehan and Gano, defensive ends; Ellis and Garlitz, defensive tackles; Stark and Frantz, cornerbacks; and Menges, noseguard. Other defenders expected to see action will be Snyder at defensive end; Barcus and Yommer at defensive tackle; Wooden, linebacker; and Kamp and Mitchell in the secondary.

pounds per lineman. Smithsburg will be looking to test NHS's pass defense, Carr's scouting report

indicated. "The Leopards threw the ball a lot during the pre-season, and were successful with the more aggressive passing offense. We're going to install a two-deep back zone defense for the game to try and cut back on their long ball and force them into running more often."

"Our offense, which has been looking pretty good so far with the exception of the scrimmage against South (Baltimore), will have to be sure to execute in the red zone."

If successful in stymieing the Smithsburg passing attack, Northern's defensive line will have to deal with Sier, one of the top runners in the always-tough Monocacy Valley League. The Huskies would like to get their hands on Sier early and often, as the speedy tailback broke a 13-all deadlock, and NHS's back, when he reeled off a 70-yard touchdown run with 31 seconds remaining in last year's season opener. Another quick Leopard score on an interception return for a touchdown gave Smithsburg a 26-13 triumph that the Huskies are lying in

wait to avenge.

"We have some young, athletic kids who we hope can step in and be impact players," said the head coach, who will need those impact players over the course of a tough campaign schedule that also includes Keyser, Allegany, Beall, Berkeley Springs, and the Southern Rams. NHS's long-time strength of superb scouting — carried out by Carr and defensive wizard Frank Ewing, along with fellow assistants, Jon Houser, Joe McKenzie, Greg Carr, and Dan Vannosdeln — will be a bigger factor than ever, given the Huskies' size and numerical limitations.

As always, however, the will to win must be paired with the will to work, and Northern's athletes will be tested to their limits — often playing on both sides of the ball for 48 full minutes of hard-hitting football. "Throughout our practices we've been preaching competitiveness, hard work, and hard play," Carr emphasized. "If we keep those priorities in mind good things will happen."

Thank You

Thank you to the many people who have been so wonderful in helping the Garrett County Humane Society. We are especially thankful to Lt. Randy Resh, Commander of State Police Barrack "W" McHenry, and his staff. The commander and his twin brother, Sgt. Jay Resh, have gone on calls for us in the Grantsville area, as other officers have. During one incident, the officers stayed with an injured dog until Animal Control picked it up. This, plus many other cases, show true caring.

Sheriff Dick Sanders and his staff have made many calls for us and with us. They are always ready with the comment, "No problem! We'll take care of it." Then, they call me back to let me know the outcome.

Chief John Sines and his officers are always available for us. Several weeks ago Officer Sines made a call for us, took care of the situation, called back, and gave me his cell phone number in case I needed him again.

The County Commissioners, Ernie Gregg, Wendell Beitzel and Fred Holliday, have done so much for us. They give us \$2,500 yearly for spaying and neutering to prevent overbreeding in our county. They let us work with the animal shelter staff. The staff at the shelter can keep animals longer and have extended the hours so people can have time to go to the shelter after their working hours. The commissioners and their staff, Monty Pagenhardt and Carol Riley, always help us with our biggest fund-raiser, "Christmas in July" which was founded and is coordinated by Gayle Miller, our vice president, to whom we are very grateful. This fund-raiser brings in thousands of dollars for spaying, neutering, and attending sick and injured animals. We also thank them for all the other things they have done for our county and their help with our March Spay/Neuter Month. This past March, we collected over \$4,000 from the wonderful people in Garrett County. With these funds we spayed or neutered 171 pets. Many, many less unwanted puppies will have to be euthanized.

We thank Gary Mullich and his staff for their support of our March Spay/Neuter Month and help with licensing.

Jim Simms and the Extension Service helps us with farmers and makes calls for us.

Dr. Jim Fearer, field vet for the Department of Agriculture, has always been there for me to make calls and determine the problems. He also goes to court with us when we have an abuse case. Dr. Fearer was recently given a lifetime membership in the Garrett County Humane Society.

Thanks to Lisa Thayer Welch, our State's Attorney, and her staff for prosecuting animal abusers and advice on handling situations.

Our foster home parents, all five of them, for caring for unwanted animals. In these homes animals learn they are loved which is a very important factor in an animal's life. We are also very grateful to all the great people who support us financially and otherwise. It would take the whole newspaper to list them all.

Without these wonderful people in Garrett County, the Humane Society would not be able to function as we do to prevent cruelty to animals...our main goal.

Thanks again to all who help us!

Bernadine Friend, Executive Director
Garrett County Humane Society

Thank You

Because of the outstanding kindness and cooperation from the citizens, organizations, Sheriff's Department, and my neighbors of Loch Lynn, I was able to serve as mayor for 26 years. Your assistance was greatly appreciated. I wish to extend a special thanks to Art Beckman & Arnold Brothers for their dedication to building a better community. I encourage the citizens of Loch Lynn to continue the tradition by working together for a town of which we can all be proud.

Respectfully,
Charlie Tressler
Former Mayor of Loch Lynn

Special teams, the third leg of the Huskies' on-field triad, will be as important as ever. The kickoff and punting duties will be handled by Kamp, while he and Snyder are slated to share the placekicking assignments. Mitchell will be fielding the punts of the opposition, and Fike, Wolf, and Snyder will be returning the kickoff returns.

NHS's scrimmage showings of the pre-season left Carr feeling fairly confident in all facets of the Huskies' game, with the exception of pass coverage. "Our main weakness so far appears to be in the secondary," the Northern guru remarked. "We'll have to make some improvements before Smithsburg comes to town."

The Leopards will bring an experienced backfield to the Cove tomorrow night, as a trio of seniors — quarterback Brandon Fisher, fullback Brad Coyle, and tailback Dustin Sier — will line up in an I formation behind an offensive front wall that averages 250

Young Ram Squad Prepares For Major Challenges, Keyser

Five weeks into last year's football season the Southern High School varsity had a miserable 1-4 record. Making the playoffs was little more than a pipe dream.

But Coach Fred Gregg and his never-say-die troops turned things around in week number six with a stunning, last-second, 14-13 victory over previously undefeated Martinsburg, and proceeded to win their final four regular-season games after that to capture a playoff berth. Their quest for a state title was ended by eventual state champion Allegany, 36-18, in the first round of the playoffs.

However, there are only six returning starters — three on defense and three on offense — from that team. So with another difficult schedule, and many shoes to fill, Gregg and his assistants have their work cut out for them, as they open their 2002 season this Friday at Keyser.

"We had two groups of outstanding seniors in back-to-back seasons," Gregg said. "But rarely do you have that luxury, so we will be depending heavily upon the returning starters we do have, and upon the enthusiasm and eagerness to learn of the younger players. That's why we have a jayvee program, so kids can step up when it's their turn on varsity."

The entire starting offensive backfield was a casualty of graduation, with those losses including All-Area honorable mention quarterback Tobin Stoner, who completed 45 of 107 passes for 1,025 yards and 11 touchdowns; second-team All-Area backs Joel Helbig and Steve Skipper; and All-Area tight end Bryson Meyers.

Also gone from the defensive unit are Defensive Co-Player of the Year Brad Palmer, now a walk-on at West Virginia University; All-Area defensive back Chad Panther; Helbig at linebacker; Skipper and Ryan Upole, also in the secondary; and lineman Nick Gangler.

Top candidates for the offensive backfield this season include seniors Ricky Curry and Jay Tressler, junior Billy Schmidt, and freshman Andrew VanBoglen at tailback and fullback positions, with junior Michael McCauley and sophomore Cory Bosley vying for the quarterback spot.

The only returning starters on offense are linemen Tyler Ashby, All-Area honorable mention pick Garrett O'Brien, and Nathan Fitzwater, who has been moved from guard to tight end.

Others expected to start or see considerable action on offense are Zack Uphold and Chad Everd at slot, Karl Hillen and Derek Steffan at split end, and Zach Savage, Bart Shaffer, Shane Riley, Allen Brady, and Chris Bennett at line positions.

Returning players on defense are Schmidt, Tressler, and Curry. Tressler was also an All-Area honorable mention selection. Other possible starters include Everd, Uphold, Steffan, VanBoglen, and Hillen in the secondary; McCauley, Fitzwater, Bennett, and Riley at linebacker; and Fitzwater, O'Brien, Savage, Shaffer, Brady, and Bryan VanBoglen on the line.

"So much will depend on the play of our line, especially with so much inexperience in our backfield," Gregg said. "We turned the corner last year when our line started to play as a unit. But it's going to take some time and a lot of reps for that to happen."

New on the Rams' already challenging schedule this season is five-time and reigning West Virginia state champion Moorefield. Their

home opener will be next Friday, Sept. 13, against Beall.

"Our goals are always to work hard and prepare to win the game on our schedule each week," Gregg said. "Hopefully our players will learn some important, life-long values and have some fun in the process. Our last two teams did their part in continuing the Southern Ram football tradition of always playing hard and truly having fun. This year's team must be willing to believe in themselves and exhibit the same work ethic, attitudes, and values that our players have had the past couple of seasons. Only then will they be able to establish themselves as a proud part of the history and tradition of football at Southern High School."

Assisting Gregg this year are Jay Stewart, Kurt Lear, Mike Wilburn, Jim Bosley, Greg Tressler, Steve Savage, Doug Copeland, Rick Wakefield, and Ryan Savage.

KEYSER

The Rams won't have to wait long to be severely tested, as they must open this Friday against a team that Coach Gregg describes as "one of the top couple on our schedule."

The Golden Tornadoes of Keyser are a senior-dominated group that Gregg says "have no weaknesses." Petersburg fans know this to be a fact, as Keyser opened last week by crushing the Vikings, 54-13.

"They are quick, they run well, they pass well, and they are very sound defensively," Gregg said. "They are very talented and have a lot of experience."

The team leader on both sides of the ball is senior fullback/linebacker Justin Denmark (6-0, 190), who is a key to the wing-T offense and, according to Gregg, probably their best player on defense.

Denmark is one of seven returning starters from last year's squad.

"They have been practicing since the first of August, and they already have one game behind them, both of which add to their advantage over us," Gregg said, "but that's how it goes, and we plan to go down there, play as hard as we can, and do everything we can to get a win."

Friday's kickoff at Keyser is set for 7:30 p.m.

Maddawgs Crush Hawks At Both Pee-Wee Levels

The Northern Maddawgs Pee-Wee Football League unit traveled to Ridgeley, W.Va., on Saturday to take on the Hawks, and the Maddawgs came away with a pair of big wins. The A/B squads combined for a 23-0 shutout that runs their record to 3-0, and the C team throttled its counterpart by a 38-6 margin.

In the A/B contest, the Maddawgs' B team took the field for the first quarter, and started off with a defensive effort that shut down the Hawks' offense its opening possession. When the Maddawgs' offense got the ball, it immediately took control and drove downfield until Austin Tombley crashed into the end zone for a touchdown. Alex Baker followed by rushing for the extra point.

The B team defenders continued to dominate the Hawks' offense, forcing another turnover on downs, and the offense put together another scoring drive which culminated in a Jacob Bosley touchdown run. The extra-point rushing attempt failed, however, leaving the score at 13-0.

The Maddawgs' A team took to the field in the second quarter, and another dominating defensive effort stopped the Hawks and forced a punt. The Maddawgs' offense then mounted an impressive drive deep into Hawks territory, only to fumble away the ball at Ridgeley's 1-yard line. It fell to the Maddawgs' defense to partially redeem the lost scoring opportunity by forcing the Hawks into a safety that made the score 15-0 going into the half.

Northern's B defense got the ball rolling in the third quarter when Brandon Minnich picked off a Hawk pass. The offensive unit capitalized on the turnover with six points when Kameron Kamp capped the en-

suing drive with a touchdown run. At the end of the third quarter the Maddawgs were up 21-0.

The Maddawgs' C defense continued to hit hard through its fourth quarter duty, while Northern's offense was forced to switch running backs because of the 21-point rule. The offense was able to move the ball during the stanza, as it had throughout the contest, but penalties limited its scoring opportunities.

The Maddawgs' C team started its own contest off with a scoring offensive drive, and went on to pound away at its Ridgeley counterparts for the entire game. A number of Northern players found the end zone during the contest, as Josh Mason ran for two touchdowns, Patrick Sines rushed for a touchdown and two extra points, and Seth

Layton, Chris Murdock, and Tyler Ireland carried the ball for one touchdown.

Northern's C defense held strong throughout the contest, only giving up one rushing touchdown late in the second half and denying the Hawks as they went for their extra point attempt. The Maddawgs walked away with a 38-6 victory.

The Maddawgs have a bye this weekend, but will travel to Keyser, W.Va., the following weekend to take on the Mini-Tornadoes.

Little League Sets Meeting, Board Member Elections

The Oakland Little League has set a meeting for 6 p.m. Saturday, Sept. 14, in the Southern Middle School cafeteria. The session will give parents the opportunity to complete their membership registration and vote in the OLL board of directors elections.

"All persons interested in having a voice in local policies and decisions, including board membership, must be a registered member of the league," an OLL spokesperson explained. The \$2 membership fee will be payable at the door. Persons with questions are encouraged to contact any existing board member.

Runnin' Rams To Begin Campaign At Clear Spring

The Southern High School cross country teams, which have by far garnered more state championships for Southern High School than any other sport (five boys' titles, two girls' titles), will open their season this Saturday by participating in the Interstate Classic at Clear Spring High School.

Despite retiring from the classroom this past spring, Carl Booth returns to coach the boys' team, and Louis Newcomb is back to head up the girls' program. The SHS boys' qualified for the state meet last season, while three-time All-State runner Melissa Durst qualified as an individual in the girls' state meet.

The top runner on the boys' team lost to graduation was Matt Frederick. Top returning prospects include Craig Conroy, Nathan Rodeheaver, and Keenan Shaffer. Jared Reckart, Wesley Thomas, and Brian Crabtree will most likely be among the other starters.

Expected to anchor the girls' squad will be Durst, along with fellow all-state performer Natalie Domesnick, Emily Cosner, Lisa Wade, and Stephanie DiSimone.

The coaches see a return of several starters as team strengths, but an overall lack of depth as weaknesses.

Expected to provide the strongest competition, particularly among the 1A teams, will be Westmar.

The Rams will also run next Tuesday at home against University and Tucker County high schools.

TERRA ALTA, WEST VIRGINIA

OPENING THEIR SEASON with a victory last night was the Southern High School girls' soccer team, which topped visiting Allegany. The Rams were the top team in the area last year, finishing with an overall record of 13-1, an area title, and the Western Maryland Interscholastic League crown. The team members include Alasha Rush, pictured front; seated, from left, Jessica Petrella, Kathleen Pritts, Laura Bonser, Brittany Naylor, Kristen Oxford, Chelsea

Remley, Erin Rhodes, and Ashley Rohrbaugh; kneeling, Kayla Petrella, Robbin Gregg, Melissa Ray, Emily Bowman, Sabrina Scheffel, Kallee Craig, Corey Lewis, Marilyn McGehee, and Sarah Mullenax; and standing, Coach Ron Petrella, Casey Taylor, Ashley Metcalfe, Jady Swerbinaky, Vanessa Logan, Sarah Anderson, Jasmine Scheffel, Ashley Stuck, Melissa Rohrbaugh, Shar Hollingsworth, and assistant coach Sara Nawrot.

A TOUGH OPENER is on the 2002 soccer schedule for the Southern High School boys' varsity, as the Rams are slated to begin their campaign at home this Saturday evening against Bishop Walsh. The Rams are under new coaches this season, as "charter" coach Tom Powers retired from the position, as did assistant Mel Monker, who is now on the coaching staff of Potomac State College. Bob Bonser is the new head coach, and he is being assist-

ed by Karl Schwalm. Pictured from left, seated, are: Brent Carnell, Taylor Crabtree, James Naylor, Brett Dugan, Chad Remley, and Jod Crawford. Kneeling are: Adam Miller, Steve Knepp, Adam Day, Ryan Gosnell, Bryan Teter, Anthony Daniels, and Eric Blamie. Standing are Coach Bonser, Bobby Bonser, Ryan Heselbach, Michael Mosser, Ben Friend, Chris Lantz, Nick Perry, Sean Buckle, and Coach Schwalm.

Southern Girls Open With 4-0 Shutout Of Allegany

Despite losing a number of key players to graduation from last season's 15-1-2 team, Coach Ron Petrella is optimistic about his squad's chances about this year, as many experienced, talented Rams are also back. Petrella hopes last night's 4-0 Western Maryland Interscholastic League victory over the visiting Campers of Allegany will be a springboard to another winning season.

Top players lost from last year's area and WMIL champion team include two-time Area Defensive Player of the Year Miriam Sincell, second-team All-Area pick Becky Martin, Alison Ullino, Jenny Hickman, Gina Reeves, Megan Burner, and Laura Hollingsworth. But among those key individuals back on the roster this season are seniors Brittany Naylor, a first-team All-Area midfielder who led the team in goals and assists last year, defender Kristen Oxford, and forward Chelsea Remley. Other top performers back are junior forward Sabrina Scheffel, a

second-team All-Area selection; junior midfielder Robbin Gregg; and All-Area first-team goalkeeper Alasha Rush, also a junior; plus junior sweeper Laura Bonser.

Returning to Southern after spending a year in Ohio is junior midfielder Casey Taylor.

"We still have five starters from last year with the addition of Casey Taylor," Petrella said. "We hope to continue to play good defense, which has been our strong point the past four years. We hope to be competitive and take one match at a time."

Others who will see a lot of action this year are Jasmine Scheffel and Kallee Craig at fullback positions, and Shar Hollingsworth at midfield.

"The competition throughout the area gets stronger and stronger every year," he said. "We lost a lot of seniors last year, so this is kind of a rebuilding year for us. But the girls have a great attitude."

Petrella, who is the area's winningest coach, said that, because of the loss of seven seniors, depth is a bit of a problem. "Injuries are always a concern, and particularly this year," he said. "If we can stay healthy, we

will be competitive. The girls have worked extremely hard, and the new players really want to play. It is always easier when the girls are committed and eager to play. We have a good team atmosphere."

Petrella said that, as always, the team goals are to win the WMIL and area championships again, and to make it to the state playoffs. "We just missed last year, losing to a very good Smithsburg team in the regional championship game," he said.

"Every match will be a challenge for us this year," he continued. "We play Clear Spring, Maria Goret, and Holidaysburg for the first time this season, along with all of the other WMIL teams."

seven matches last year, averaging nearly four goals per outing and giving up a total of just three. They tied Bishop Walsh in their eighth match, lost to Beall, and won their final three regular-season clashes. In the playoffs they crushed South Hagerstown, 6-1, blanked Northern, 4-0, and fell to Smithsburg, 4-2, in the 1A West Region title game.

Assisting Petrella is Sara Nawrot.

Brittany Naylor scored half of the Rams' goals in the victory over Allegany last night, while Alasha Rush turned away all nine of the Campers' shots on goal to earn the shutout.

The Rams dominated the contest from the opening kickoff, finishing with a commanding 25-9 lead in shots. They had a 2-1 edge in corner kicks.

Sophomore Shar Hollingsworth put the first goal in the net off a feed by Sabrina Scheffel with 28:53 remaining in the first half. Naylor doubled Southern's total by scoring off an assist by Chelsea Remley at the 19:50 mark of the first half, giving the Rams a 2-0 half-time advantage.

Scheffel added it to 3-0 with 24:31 left in the match when she scored off a feed by Melissa Rohrbaugh. Naylor concluded the scoring for the night with an unassisted goal at the 16:54 mark.

Anchoring the Ram defensive effort were Laura Bonser and Kristen Oxford. Also keeper Margie Gray stopped 21 shots in goal.

The Rams' next match will be at home this Saturday against a talented Bishop Walsh squad. The kickoff is set for 5:30 p.m. They will then play in the area tournament at Fort Hill next Thursday and the following Saturday.

Northern Girls Topped By Spartans, 5-1, In Opener

The 2001 overall record of the Northern High School girls' soccer team was not overly impressive (5-11), but the Huskies won three of the final five matches and advanced to the West Region semifinals before having their season ended by county rival and powerhouse, Southern.

The Huskies had to face one of the area's most outstanding teams last night, Bishop Walsh, in their opener, and lost to the visiting Spartans, 5-1.

Second-year coach Lynn Lais also lost nine seniors on last season's team to graduation, including a pair of goalkeepers, so is facing a major rebuilding challenge this season. Nine lettered players are back, including four starters, but only one senior starter. The rest of the roster consists of just two other seniors, five juniors, a dozen sophomores, and two freshmen.

"My only returning senior starter is Carrie Friend," Lais said. "Her leadership on the field will go a long way toward filling the gaps."

In addition to Friend, providing somewhat a core of experience will be Karie and Kayla Kamp, and Lyndal Butler. Karie Kamp and Butler are starting strikers, while Friend will return to her midfield spot and Kayla Kamp is serving as a defender.

RAM VOLLEYBALL SQUAD OFF TO A FLYING START — Southern High School's volleyball team is wasting no time in making a name for itself this young season, as the Rams opened by demolishing arch-rival Allegany 3-0 last night in Cumberland. Kneeling, from the left, are Laura Preston, Julia Bosley, Stephanie Niner, Brea Byers, Erika Steyer, and Andrea Ryan. Standing are Alexis Storey, Megan Pike, Jessica Sharon, Meghan Kelly, Megan Beesey, Kristen Rollman, and head coach Susan Newton.

Southern Netters Sweep Into Season By Crushing Allegany

The Southern High School varsity volleyball team blew the doors off Allegany's gymnasium last night in the opening match of the season, as the Rams swept to a 3-0 victory over their hosts. The convincing 15-10, 15-8, 15-5 varsity sweep is even more impressive when one realizes it was the first time the Rams have beaten the Campers in the history of the Southern program. The Southern junior varsity unit stumbled at first during a 15-9 loss, but rebounded to take 16-14, 15-3 wins.

"This was a great victory for us," SHS head coach Susan Newton remarked afterward, "and hopefully it's a sign of things to come. Allegany is one of the toughest opponents we have on our schedule, along with Fort Hill and Northern, and to start the year off with a sweep does wonders for our confidence. It shows that all the hard work the girls have been putting in over the summer, and their volleyball careers, can pay off."

The hard work paid off in spades last night, for the

Rams appeared to grow stronger as the match wore on. Senior Jessica Sharon and junior Alexis Storey mounted a withering attack, recording six kills and two blocks apiece. Sharon also tallied 13 service points while fellow senior Erika Steyer netted seven points from the service line. Seniors Stephanie Niner and Kristen Rollman turned in nine and five assists, respectively.

"Once we got our passing game in gear and started getting the ball to the setter, our offense came alive," Newton explained. "That allowed Jess and Alexis to dominate at the net."

The teamwork that highlighted last night's win is a strength the Rams hope to capitalize on throughout the season. Looking ahead, Newton said the squad has set a goal of improving from last year's 10-6 record and turning in a top four regional finish. "We're playing with a lot of confidence, and I'm really excited about our future," she said.

ed to see how our season will pan out," the coach commented.

"This group has really developed great teamwork, which will help us emphasize our strengths of hitting and defense. We are lacking in height, but coordinated defensive play can compensate for that, and our defense has improved a lot from last year."

The Rams' starters will likely line up at the net in the following positions, Newton said: Sharon and Storey, middle hitters; Rollman and Niner, setters; and Erika Steyer and senior classmate Brea Byers will share outside hitter duties with sophomore Julia Bosley. "I have high expectations for this team, and I think our girls are up to the challenge," stated the SHS skipper, who is assisted by Helen Stephens and Val Teagarden.

Southern is on the road this week, traveling to Petersburg Monday and Northern Wednesday to take on the always-tough Huskies. The Rams' first home match is Monday, Sept. 16, against the Hampshire Trojans.

NHS Volleyball Team Looks To Advance Beyond Regions

After the Northern High School volleyball team turned in an excellent 13-5 mark last season, a campaign that was cut short in regional playoff competition by Williamsport, the experienced Husky netters are hungry for nothing short of an even better year. The NHS squad took to the floor last night at Preston High in pursuit of that goal, but results of that match were not made available this morning.

"This team has worked together as a unit for three years," Northern head coach Linda Wengert commented prior to the season opener. "We're expecting a very cohesive group, because we have hardworking, dedicated athletes who have the playoffs in their sights."

The Huskies are bringing back 11 seniors this fall, giving them a level of experience few teams can approach. The unit put in a good deal of work over the summer to help it gel, as the girls played in a summer league and took part in a Frostburg State University volleyball camp.

The likely starters for the NHS squad are all seniors. At the hitter position action will be divided among Amanda Frantz, Mary Beth

Nagging injuries, a bane of the NHS program in recent years, will hopefully be stayed off, however, Northern does have the resources to deal with potential medical trouble. "We have a number of very solid players, and we're very deep on the bench," Wengert observed.

One weakness that the coach pointed out was the lack of height throughout the Huskies' roster. "We'll have to be quick and focused to be effective at the net. Our toughest challenges will come from Fort Hill, the new Meyersdale team, and Southern. We are goal-oriented — and playoff success is our goal."

Northern's coming slate puts the Huskies on their home court, as they square off against Allegany Monday and arch-rival SHS Wednesday. Junior varsity games get under way at 6 p.m., followed by an approximate 7 p.m. starting time for the varsity showdowns.

Soccer Shoot Set For Sunday In Frostburg

The Frostburg Elks Lodge #470 Soccer Shoot will be held this Sunday, Sept. 8, at Frostburg Lions field. Registration will begin at 12:30 p.m., with the competition beginning at 1 p.m.

Boys and girls will compete in three different age groups: 8-9, 10-11, and 12-13. Age is determined as of August 1. Winners will advance to regional competition in Hagerstown on September 21.

Competition is open to youth from the Frostburg area, which includes Finzel, Clarysville, Midland, Lonaconing, Barton, and Westport. Questions may be directed to Jim Meyers at 301-689-5276 or Frostburg Elks Lodge at 301-689-6470.

Fishing Contest Winners Named

The winners of the Garrett County Fishing Contest, sponsored by Johnny's Bait House and the Garrett County Chamber of Commerce, for the week ending September 1 are:

EXPERIENCED NHS NETTERS HOPE TO NET A TITLE — With 11 returning seniors and an excellent record from last year under its belt, the Northern High School varsity volleyball team has the experience and depth to go a long way in Class 1A net action. Seated, from the left, are Yasha Patel, Kristi Garlitz, Molly Wolf, Tabitha Beitzel, and Erin Feisterman. Kneeling are Tiffany Swiger, Jodi Fratz, Nicole Doerr, Jamie Livenood, Laura Benedict and Lauren Riley. Standing are Courtney Resh, Amanda Frantz, Valerie Snyder, Heather Lander, Brandi Wagner, and Mary Beth Hershberger. The Huskies are coached by Linda Wengert and Gale Keller (not pictured).

Sailboat Racing On Deep Creek Lake

COMMODORES' REGATTA
by Dan Muss

The Commodores' Regatta is the last event of the regular season. The race commanders for this event are the commodores of the two Deep Creek yacht clubs, Marie Deakin from Deer Haven and Larry Perez from Turkey Neck. It consists of a total of five races, two each on Saturday and Sunday and one on Monday, Labor Day. Actually there is one more informal race called the Magellan Race. More on that later.

After several days of cloudy and cool weather, Saturday morning was still cool and quite foggy. The race committee used a GPS locator to set the marks, but by race time the fog had lifted and the wind was about 5 to 10 knots E. Not great for water skiing, but very good for sailing. But by the time we reached the starting line the wind was 10 knots with puffs above 15.

We got a really good start, but it was clear right from the beginning that the wind was too heavy for us. Two boats quickly passed us, and we decided to keep sailing, but not to push it and not to fly our spinnaker. So after rounding the first windward mark we ran downwind wing-on-wing following the lead boats. A Laser to windward of us started falling down on us and, in response to my hail, the Laser sailor, Keith Spinnenweber, informed us that we were headed for the wrong mark. We fell off, headed for the right mark, and realized that the lead boats in our fleet had rounded the wrong mark! On our way to the leeward mark we got close enough to hail them and let them know. So we came in first, but it was a hollow, undeserved victory.

In the second race on Saturday, Anne Graham was crewing for Al Thagard. The way Al described it, both his main and spinnaker got fouled, and the next thing he knew he was in the air and he landed on the mainsail in the water. Anne's husband, Charles Graham, was on patrol and he was there quickly. The mast was on the bottom in about eight feet of water so, I believe, Charles used the patrol boat to pull the mast up and then he dove in to secure it with flotation.

Sunday was still cool and cloudy, but the wind was a nice, tame 5 knots E (more or less). It turned out to be a perfect sailing day since the weather kept the motorboats away. In our fleet we led at the start, Ted and Barbara Kemp passed us, and Elster was way back. It turned out that Elster's crew, Jim Munford, wondering why their boat speed was so poor, thought they might have picked up some lake grass on their centerboard. He pulled up the

board and then quickly lowered it; and, voila, they spurred ahead. Elster then came from about a quarter of a mile behind to win the race, a magnificent performance.

By mid-morning on Monday the skies cleared. It warmed up, but there was no wind. We all began to think of other things to do with the afternoon when the breeze came up and out we went. With only Elster and me in contention and an iffy breeze, we were the only C Fleet boats competing. But we had a real cliff-hanger, with both of us coming from behind to lead. In FS A Fleet, Meredith Dodd was sailing with her sister Ashley and Joni Palmer against John Meredith with crew Jennette Dodd (Meredith's mom). Now John is our fleet champion and he has trained many of us, but in particular his nieces Meredith and Ashley. Meredith Dodd took John at the last leeward mark and covered him all the way to the finish. But John got a lucky puff and nosed out Meredith by only two feet.

Another exciting story of our up and coming youth is the team of Ryan Schubert, 12, with crew Lucy Kammer, 17. They were really hot on Sunday, with a first and a second in the FS B Fleet. They got a 4th and a 5th in Saturday's heavy air with only about 250 pounds on the rail, compared with 400 to 500 pounds for their competition. They finished fourth overall.

These young people are our future in general, but they are also specifically our future instructors for the Deep Creek Sailing School. This past summer Joni Palmer held a training course here at Deep Creek Lake that granted U.S. Sailing Assoc. sailing instructor certification to Eric Silverman (18), Meredith Dodd (16), Rachael Schubert (18), and Lucy Kammer (17).

The "Captain Bligh" award is given usually to the skipper who has yelled most at his or her crew. Fortunately, this "award" is not granted every year. But this year it went to a crew who yelled mightily at his skipper.

The Magellan Race is scheduled for 11 a.m. from the Turkey Neck Yacht Club Saturday, Sept. 7. The skippers' meeting will be at 10 a.m. All sailboats are welcome; the race will be handicapped, using Portsmouth ratings. The local chapter of the Flat-Earth Society, which believes that south of the Glendale Bridge is the only known part of the world, instituted this race; everywhere else is terra incognita. So this is a race around the world — the known world, that is. It's a marathon around all the marks, and then we eat

lunch!

ROARING KNOB

by Donna Butler

Bob Wearing Jr. dropped in at Roaring Knob on Saturday and left with top honors in the Fayette Tire Late Models. Humberson Truck Parts night would also see Mike Hay take his eighth VitalLink-QCOL Classic Lite win. L.J. Dennis, the living legend, took his second Caney Valley Sport and Marine Hot Stock win, while Mike Simpson and Tom Simpson split twin 10's for the Fort Necessity Garage Modified 4-Cylinders.

win. Wearing led every lap he ran on the mountaintop oval. The racing raged full tilt back through the field, as Gary Dalton, Jeff Ferguson, Gary Tonkery, and Doug Horton staged a battle with Dalton arriving in the second spot with 10 circuits remaining. Dalton reeled in Wearing, then proceeded to test the leader high and low. Wearing answered every move to take the win, followed to the stripe by Dalton, Ferguson, Tonkery, and Horton.

L.J. Dennis scored a wire-to-wire Caney Valley Sport and Marine Hot Stock win. Dennis withstood extreme late race pressure from Jack Rosenberger in taking win number 2.

Mike Hay took his eighth VitalLink-QCOL Classic Lite win. Frank Dunkle was first across the line, but was disqualified after post-race inspections.

Mike Simpson took his first Fort Necessity Garage Modified 4-cylinder win. He

SCOFIELD COMPETES IN NATIONAL WAKEBOARD CONTEST — McHenry resident E.J. Scofield turned in a fine 15th-place performance in the Men's 1 Division of the Vans Triple Crown of Wakeboarding Tournament, held recently in Dallas, Texas. Scofield's entry fees for the national contest were sponsored by the Greg Rouse Waterski School and High Mountain Sports, and he is shown flanked by Rouse, left, and Steve Green of High Mtn. Sports. Scofield preceded his Dallas trip by turning in a fine showing at the annual "Bust Lagness" Wakeboard Contest on Deep Creek Lake, which was sponsored by High Mtn. Sports. The winners of that competition, by division, were: Women's — Kristen Peters of Ijamsville; Boys' 11 and Under — Chris Schad of Oakland; Boys' 12-17 — Joe Klaucky of Alliquippa, Pa. (with Oakland's Ryan Helselbach finishing fourth); Men's 18-24 — Jeremiah Delach of Canonsburg, Pa. (with Accident's John Bray placing third); and the "seniors" division of Men's 25 and Up — Adam Briant of Flemington, N.J. Other special awards went to Rob Rohl, Branchville, N.J., who took the Red Bull Big Air honor, and Scofield, who took the Outlaw Exhibition. Photo by Jo Ann Tucker.

was followed by Tom Simpson, Dave Gabbert, Arlie Sigley, and Jason Boncoski.

Tom Simpson scored feature number 2, his third. Ike McCleary claimed his

sixth in the First Fort Necessity Garage Stock 4-Cylinder main. Following Mc-

Cleary were Mack Henckel, Spencer Cale, Dave Friend, and Ed Leonard. Spencer Cale made his first trip to the victory line in the second feature.

INTERSTATE 79

by Cheryl Baker-Stasiak

On Friday night the preliminary events for Mountain State Thunder took to Interstate 79 Speedway. Track champion Steve Wilmoth won the Semi Late main event, while Dave Defibaugh took the AMRA Modifieds. Pure Stock champ Jim Byers won the Pure Stocks, and Mike Simpson picked up the 4-Cylinders.

Steve Wilmoth captured feature win number nine in 2002. Wilmoth started in the seventh spot after finishing in third in his heat event. He passed L.C. Powers on lap 8 and raced bumper-to-bumper with brother Paul, who was subbing for Billy Brown. Paul then dropped out on lap 22 and Steve never looked back.

Will Rowe and Dave Groves led the AMRA Modifieds to the drop of the green. Groves jumped out front at the drop of the green and led until lap 17. On the restart, Groves and eventual winner Dave Defibaugh got together, and

Groves got the worse end of the deal by spinning in the tires in turn four. Defibaugh led the remaining three laps to pick up his third checker of the season.

Track champion Jim Byers earned his third feature event on Friday evening. Byers had problems in his heat and had to run the coney which he won. He then started 16th and methodically worked his way to the front. Byers passed Jim Bendishaw on lap 14. Bendishaw finished second.

It was two in a row for Mike Simpson in the 4 Cylinders.

Glotfelty Lumber Company Named Logger Of Year

Glotfelty Lumber Company, owned and operated by Don "Butch" Glotfelty of Oakland, has been selected as West Virginia's 2002 Area 1 Logger of the Year. The West Virginia Forestry Association (WVFA) presents this award annually to recognize the outstanding work of logging professionals in West Virginia.

Bill Gillespie, president of the West Virginia Forestry Association, stated, "Glotfelty Lumber is very deserving of this award. Through the years, they have clearly demonstrated their commitment to the improvement and promotion of their community and their business. Their involvement in the Loggers Safety Initiative (LSI) program has provided them additional knowledge and skills that have resulted in

an even safer operation. They should be commended for this outstanding accomplishment."

Nominees are judged on safety practices, as well as community involvement and their use of best management practices (BMPs). BMPs are soil erosion prevention measures that are used by logging professionals to minimize soil erosion and sedimentation of creeks and streams.

The West Virginia Forestry Association represents the state's forestry community, with over 1,000 members that include foresters, loggers, and private forest landowners, as well as businesses that produce furniture, lumber, flooring, building supplies, fencing, and paper. The association works to promote sound forest management practices by recognizing the outstanding efforts of those in the forest industry that perform exemplary work.

LOGGER OF THE YEAR - Glotfelty Lumber Company was recently selected as West Virginia's 2002 Area 1 Logger of the Year, presented by the West Virginia Forestry Association. Pictured above are Tom Crickenberger, a member of the WVFA Logger of the Year Committee, left, and Don "Butch" Glotfelty, owner of Glotfelty Lumber Company. See story for details.

Grant Awarded To Promote Good, Healthy Habits

The Maryland State Department of Education (MSDE) and the Maryland Department of Health and Mental Hygiene (DHMH) have been awarded a grant of \$155,441 from the U.S. Department of Agriculture (USDA) to promote healthy eating and physical activity in Maryland schools.

The funds will be used to develop the "Maryland Tool Kit," a combination of lessons and resources about nutrition and physical activity for secondary students.

The "Maryland Tool Kit" will be distributed to school health educators, school nurses, and Coordinated

School Health Program (CHSP) team members at various training programs throughout the state. The Tool Kit will be used to enhance the training on Healthy Learning Environment, nutrition, health education, and physical education.

Garrett County public schools will have the opportunity to send representa-

tives to a training program for school health educators and school nurses on the Healthy School Nutrition Environment and will receive a Tool Kit.

"This grant comes to us at a very important time as our nation battles an alarming increase in childhood obesity," said State Superintendent Nancy S. Grasmick.

"The project will give our schools the tools they need to promote healthy eating habits and physical activity with our young people."

The award, a Team Nutrition Training Grant, will also provide training for school administrators, health educators, and school nurses across the state.

"Unfortunately, too many lives are being cut short because of poor eating habits and lack of exercise," said Dr. John Ryan, director of Chronic Disease Prevention DHMH. "A healthy lifetime is maintained by healthy eating, healthy weight, and physical activity. This should begin in childhood."

A training initiative geared specifically to school administrators will encourage administrators to help shape a "healthy school environment" and will high-

light the role schools can play in helping students to learn healthy eating and exercise habits. Another training session will offer school health educators and school nurses an opportunity to learn how to provide up-to-date nutrition and physical activity information to students and to encourage students to adopt healthy behaviors.

Each of the 24 local school systems across Mary-

land will be asked to establish a school system policy that makes good nutrition and physical activity a priority.

USDA awards Team Nutrition grants each year.

Yough Glades DAR Chapter Views Stemple's Works

The Youghiogheny Glades Chapter of the Daughters of the American Revolution held its August meeting at the Aurora Community Building in Preston County, W.Va. Chapter Regent Dorothy Cathell opened the meeting with the DAR ritual.

After the business meeting, Alice Penzo, a niece of Mr. Stemple and Chapter Chaplain, presented a program titled "Lewis Stemple's World," which drew on an Aurora Community Build-

ing exhibition of approximately 60 pieces of Stemple's paintings and drawings spanning a period of 40 years. Penzo also serves an officer with the Aurora Area Historical Society.

Stemple was a self-taught artist who lived and worked in the Aurora area for most of his life. Most of the artwork depicts scenes in and around the Aurora area, although several were produced in France during World War II. The works encompass a variety of watercolors, oils, mixed media, inks, pencils, charcoals, and pastels. The art pieces were on loan by the current owners for the exhibition.

DAR CHAPTER VIEWS STEMPEL'S ARTWORKS — The local Daughters of the American Revolution Youghiogheny Glades Chapter traveled to Aurora, W.Va., for its August meeting recently. Chapter members were treated to a presentation by chaplain Alice Penzo on the artistry of Lewis Stemple, a longtime Aurora area resident who produced a number of works detailing local scenery. After the presentation at the Aurora Community Building, the members viewed an exhibition of Stemple's works while Penzo served punch and cookies. Pictured are chapter regent Dorothy Cathell, right, and Penzo as they stand with Stemple's "Mountain Home," an oil painting dating back to approximately 1940.

"Stemple earned his living first as a sign painter and then as a postman," Penzo told the DAR gathering. "He did not sell his artwork until later in life." Each member received a catalog that depicted the artworks, profiled their owners, and provided a biographical sketch of Stemple's life, accomplishments, and milestones along the way.

"Stemple left as his legacy the restored Red Horse Tavern ("Stone House)," said Penzo. Located just east of Aurora along U.S. Route 50, the tavern was the first structure in the Union District of Preston County to be listed on the National Register of Historic Places.

Southern High Slates Sept. 11 Memorial Service

Southern High School will hold a memorial service on Sept. 11 in honor of the Americans who lost their lives on that day last year. The assembly will begin at 8:45 a.m., and last for approximately 30 minutes.

A mini-park will be dedicated in front of the present library with benches, a weeping cherry tree, and a time capsule filled with written memories of the event by the student body. Students and chosen faculty members will reflect on their thoughts.

In the event of inclement weather, the assembly will be held in the gymnasium. The public is invited to attend and participate in the assembly.

Masons To Meet

Oakland Lodge #192, Ancient, Free, and Accepted Masons, will meet at 7:30 p.m. on Tuesday, Sept. 10. There will be a cookout picnic at 6:30 p.m. at the lodge. All members and other Masons are invited to attend.

The public is invited to attend.

St. Peter's Church Slates 9-11 Mass

St. Peter the Apostle Roman Catholic Church, located along South Fourth Street in Oakland, has slated a special Mass for 7 p.m. Wednesday, Sept. 11, in remembrance of the lives lost on Sept. 11, 2001. The church bell will begin tolling at 6:45 p.m. and will continue tolling until the congregation sings the national anthem just prior to the beginning of the service,

after which prayers will be offered for all those affected by the tragedies in any way. The public is invited to the event.

Tichnell: Zero tolerance a must

GARRETT CO. — Garrett County candidate for Sheriff Harland Tichnell is strongly committed to a zero tolerance enforcement of drug laws.

Tichnell said, "Demand for drugs must be eliminated through education, treatment programs, and, above all, a zero tolerance enforcement of laws."

With 19 years in the Sheriff's Office as a deputy and armed with a host of law enforcement training and experience, Tichnell is eager tackle the many challenges facing the county as it continues to grow.

ELECT HARLAND TICHNELL
REPUBLICAN FOR SHERIFF

"I'm not a politician. I'm a peace officer."

Wendell Beitzel:

Wendell Beitzel knows how to manage our County's financial resources wisely. Garrett County is enjoying unprecedented economic stability. Devoted to ensuring the best use of your taxes and other revenue for efficient and effective operation of Garrett County government, Wendell Beitzel has the education, administrative skills and business experience to better manage Garrett County's financial resources.

Just consider the following improvements in financial condition of Garrett County during his first term:

- Our County's financial resources are being managed wisely.
- Garrett County no longer has to borrow money to pay the bills.
- Timely payments are made for all goods and services received by the County.
- Controls are in place to closely follow budget expenditures.
- New procurement procedures put in place to ensure fair and open competition for purchase of goods and services.
- Garrett County debt has been reduced dramatically.
- Loans with high interest rates have been paid off.
- New financial management software system installed and operational.
- Major capital improvement projects completed without creating new debt.
- Procedures put in place to vigorously seek outside funding for Garrett County programs.
- Creative and innovative techniques are being used to fund economic development projects.
- Budget has been balanced every year during this term.
- Garrett County now has a very healthy reserve fund.

It takes courage to say NO to funding requests that would jeopardize financial stability. You can help to ensure continued improvement in the financial management of Garrett County.

Final Preparations Under Way To Implement Md. AMBER Alert Plan

Reflecting a statewide effort to further ensure the safety of Maryland's children, Governor Parris N. Glendening announced last week that the "Maryland State Police met with broadcasters to finalize steps to implement the AMBER Alert Plan in Maryland. At the direction of the governor, Maryland State Police began working with the Maryland/D.C./Delaware Broadcasters' Association several months ago to establish a statewide AMBER Alert Plan. The association includes more than 150 area radio and television stations that are vital to the prompt dissemination of information.

"When implemented correctly and activated appro-

priately, the AMBER Alert Plan can have lifesaving results, as we have recently seen in California," said Governor Glendening. "The AMBER Alert program is a critical tool in our efforts to ensure the safety of our children. Thanks to the support of the Broadcasters' Association, the partnership with local law enforcement, and the involvement of our citizens, we will be able to significantly increase the potential of saving a precious life and bringing a criminal to justice."

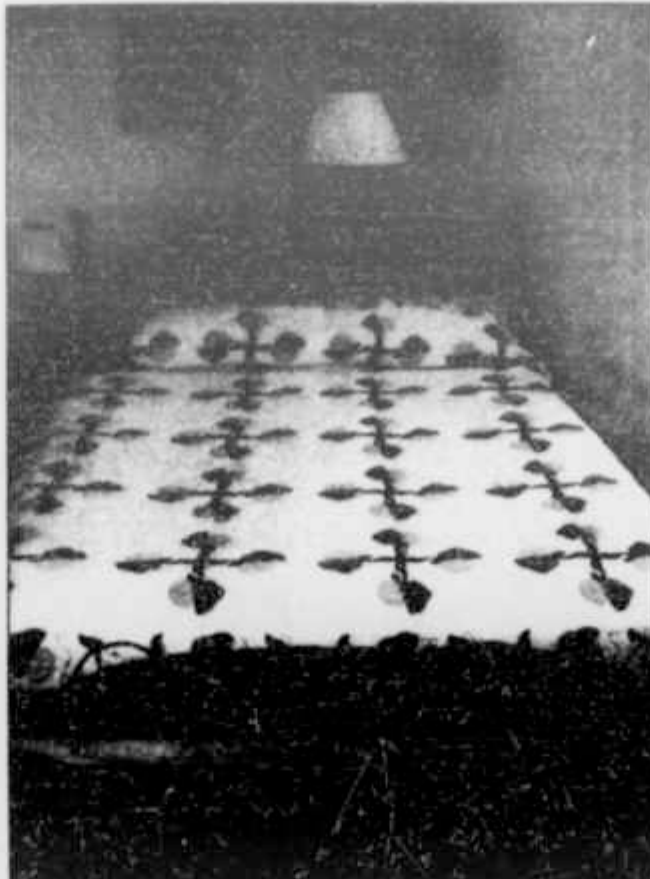

The purpose of the AMBER (America's Missing: Broadcast Emergency Response) Alert Plan is to form a network partnership capable of immediately communicating vital infor-

mation about a serious child abduction to as wide an audience as possible. In Maryland, the partnership will include local police and sheriff's departments, the Maryland State Police, the Maryland Department of Transportation, the Maryland/D.C./Delaware Broadcasters' Association, the Cable Telecommunications Association of Maryland, Delaware, and the District of Columbia, the Maryland Emergency Management Agency, and the Maryland Center for Missing Children.

Developed in Texas, after the kidnapping and brutal murder of 9-year-old Amber Hagerman, the AMBER Alert Plan has been adopted by the National Center for Missing & Exploited Children. There are certain criteria that must be met before an AMBER Alert is activated, including:

- law enforcement confirms a child has been abducted;
- law enforcement has reason to believe the circumstances surrounding the abduction indicate the child is in danger of serious bodily harm or death; and
- there must be enough descriptive information about the child, abductor, and/or the suspect's vehicle to believe an immediate broadcast alert will help the case.

According to Maryland's AMBER Alert Plan, when the abduction of a child 14 or under, or 15-17 with ex-

CIVIC CLUB QUILT RAFFLE SET — This attractive quilt, made by Helen Nordeck, will be raffled off by the Women's Civic Club of Oakland during the club's Autumn Glory Antique Show at the Maryland National Guard Armory next month. Tickets are available from any Civic Club member for a \$1 donation each, and the drawing is set for 3 p.m. Sunday, Oct. 13.

tenuating circumstances, occurs, police officers responding to the call will contact a specially trained Maryland State Police duty officer. After verifying the abduction meets the AMBER Alert criteria, state police will activate the Emergency Alert System, notifying the radio, television and cable outlets, the Maryland Department of Transportation, and surrounding states.

The Maryland Department of Transportation will broadcast the information over its network of highway variable message signs, promptly alerting thousands of motorists. "Maryland's electronic highway message signs provide a unique ability to get real-time information into the hands of those who may be able to help the most," said Maryland Transportation Secretary John D. Porcari. "By providing information to mo-

torists, law enforcement officers will literally have hundreds of thousands of people assisting them in their search for a suspicious vehicle. All it takes is one motorist spotting the car or truck in question to result in a child being returned to his or her family."

Members of the Maryland/D.C./Delaware Broadcasters' Association will broadcast the information once every 15 minutes for the first two hours and every 20 minutes for the next three hours. "In a child abduction case, every minute counts," said MDOD President Chip Weinman. "According to statistics from the U.S. Department of Justice, rescuing a child has a greater probability of success in the first few hours after the abduction. Broadcasters can do something that no other media can do to help recover these kids

safely. Because we are on all the time and people are always listening to our media, broadcasters can get the word out before it is too late."

The alert broadcast to the public will also include the emergency phone number of the local police department investigating the abduction. Any information received from an AMBER Alert will be immediately forwarded to the investigating police department, as will requests for media interviews about the abduction.

Following the final review of AMBER Alert implementation plans, Maryland State Police will be working with the Maryland Chiefs of Police Association and the Maryland Sheriffs Association to provide information and criteria to the more than 170 police departments in the state. "Maryland's AMBER Alert Plan involves an unprecedented partnership of law enforcement, state agencies, the media and the citizens we serve," said State Police Superintendent Colonel David B. Mitchell. "We are committed to combining technology, police perseverance, and community concern to bring home our most innocent victims."

Callis Files For Judge Of Orphans Court Election

Daniel E. Callis has announced his election bid for judge of the Orphans' Court as a Republican candidate. A 1959 graduate of Fort Hill High School, Cumberland, Callis attended Frostburg State University from 1959 to 1961, then served in the U.S. Army from 1962 to 1965. He joined what is now the Verizon Telephone Company in 1965, and retired in Dec. 2001.

Callis started visiting Garrett County in 1958 and transferred his employment to the county in 1974. He married Bev White after purchasing a hay farm at Red House, and the couple

now reside along Boy Scout Road.

"I'm not a politician," the candidate said in his campaign statement, "but I feel I can devote my time to this position. Some people have told me this job is 'easy and anyone can do it' — I don't believe this. Only five people [have] stood up and declared their commitment to this job. This race isn't about the job. It's about the people. I think I'm a man

of high integrity and honesty, and a guy that anyone can talk to. I'm committed to do the job and to do the job well for Garrett County."

Beverly Callis is serving as the campaign treasurer.

TV-PIPELINE

'MDs' star was in 'Four Weddings'

Q: I just saw a preview for a new ABC series called "MDs" and I thought I saw John Hannah, who played one of Hugh Grant's gay friends in "Four Weddings and a Funeral." Is it him? I loved him in that movie. Is he really Scottish? Gay? What else has he been in?—Peggy Edwards, Columbus, Ohio.

A: Hannah, a 40-year-old native of East Kilbride, Scotland, plays Dr. Robert Dalgarno in "MDs," a new ABC Wednesday dramedy. Something of a late bloomer, he worked as an electrician before being accepted into the Royal Scottish Academy of Music and Drama in Glasgow.

With a strong theater background, Hannah got his first major break as Matthew in "Four Weddings and a Funeral," a box-office hit in which he stopped the show with his heart-rending recitation of a W.H. Auden poem at the funeral of his male lover (Simon Callow). He followed that with roles in the frothy Disney TV comedy "The Love Bug," the romantic fantasy "Sliding Doors" with Gwyneth Paltrow, then with comic turns as Rachel Weisz' boozing brother in "The Mummy" and "The Mummy Returns."

Off camera, Hannah has been married since 1996 to actress Joanna Roth, with whom he shares a home in London.

Q: I saw Dwight Schultz of "The A-Team" in a TV movie and was struck by his versatility. What can you tell me about him? I heard he was from Baltimore.—Darlene J. via e-mail.

A: Baltimore native Schultz, 54, is a theater-trained veteran with a range far more expansive than his over-the-top "A-Team" work as "Howling Mad" Murdoch. He's equally at home in quiet, intellectual roles, such as his portrayal of J. Robert Oppenheimer in 1989's "Fat Man and Little Boy."

John Hannah

More recently, Schultz has been delighted to indulge his passion for science fiction via his role as "Reg" Barclay in various "Star Trek" projects (he's a favorite at fan conventions), and he also has a booming career doing voice work in animated series ranging from "Spawn" to "Catsdog" as well as an array of video games.

Schultz and his wife, former actress Wendy Fulton, have a daughter, Ava.

Q: When a "where are they now?" letter precedes an actor's new show, do you think a network executive might be using you for free publicity?—Russell Kraus, Rancho Palos Verdes, Calif.

A: That's certainly a possibility, Russell, but if I start down that road, why stop at actors in a new show? A publicist could be lurking behind any celebrity inquiry. I am less concerned about the source of a question than whether the answer will be of general interest to most TV Pipeline readers.

"I Can Cope" Workshop Set At GCMH

An "I Can Cope" Educational Series workshop will be held on Wednesday, Sept. 18, and will continue every Wednesday through Oct. 9, from 6:30 to 8:30 p.m. in the Community Services building at Garrett County Memorial Hospital, Oakland. Sponsored by the American Cancer Society, the workshop is free of charge and open to the public.

This educational series

will address the cancer related concerns of adults who have been diagnosed with any form of cancer. It also addresses the concerns of their spouses, partners, adult children, other relatives, and friends who may be affected by the impact of cancer on the patient, as well as on their own lives.

"Because it is important for those diagnosed with cancer to talk openly with loved ones about all aspects of the cancer experience," said Tenna Taylor of the American Cancer Society, "workshop participants are encouraged to bring loved ones with them, although anyone who prefers to at-

NEW ADDITION DEDICATED AT GOODWILL—A grand opening celebration was held last week at the Goodwill Mennonite Home in Grantville to showcase a new addition to the Assisted Living Department of the facility. The Assisted Living Department is designed to respond to the individual needs of older persons who need some assistance with activities of daily living. Pictured at the celebration, from left, are Marlin Bender, Goodwill board president; Kevin Miller, CEO; Dr. Won Sock Shin, medical director; Gary Bunnell, director of environmental services; Mary Louise Bender, Resident Council president; Anthony Lehman, nursing home administrator; Commissioner Wendell Beltzel; Linda Beltzel, assisted living manager; Senator John Hafer; Commissioner Fred Hollday; U.S. Representative Roscoe Bartlett; Delegate George Edwards; and Rodney Glatfelter, Garrett County health officer.

tend the workshop alone may do so."

Each class will be taught by licensed social workers who have been trained by the American Cancer Society. An array of topics will be presented, such as dealing with emotions, commu-

nicating with loved ones, self-esteem, cancer development, diagnosis, treatment, new research and community support.

To register for the workshop, persons may call Taylor at 301-722-2145 or toll free at 1-888-227-9979.

Finan. Planning Course Offered By Frostburg St.

Frostburg State University announces a new Financial Planning Certificate Program (FPCP) that will be offered starting January 2003.

Completion of Frostburg's new six-course program enables the student to sit for the CFP Certification Examination administered by Certified Financial Planner Board of Standards Inc. CFP certification is considered the most prestigious certification in the financial planning industry.

According to an FSU spokesperson, the new program will be of particular interest to working professionals in insurance, banking, investments, accounting, law, and other finance-based businesses. Financial planning is a rapidly growing field that serves the needs of individuals in all income groups. Those interested in switching careers and those who are still stu-

dents are also welcome.

FPCP is a noncredit program that can be completed in as little as one year. The courses are offered in five eight-week terms on Saturdays. Although there are no education prerequisites, the courses are taught at the junior or senior undergraduate level and each course is fast-paced.

The program will be offered at the Frostburg main campus as well as the Hagerstown campus. For more information, persons may contact program co-directors Dr. Jacquelynne McLellan at 301-687-4394 or Dr. Sudhir Singh at 301-687-4093, or send e-mail to: fpcp@frostburg.edu. Program features are provided in more detail on the Web site at www.frostburg.edu/fpcp.

Accident Church Slates Children's Afternoon Out

St. John's Lutheran Church, Accident, will host a Children's Afternoon Out on Saturday, Sept. 28, from 2 until 4 p.m. The activity is specifically designed for children ages 3 to 8.

The children will hear a Bible story, make a craft, play some games, sing songs, and have snacks. Weather permitting, they will also be playing on the church's new playground equipment.

St. John's is located along Cove Road, one mile

north of Northern High School. The public is invited. For more information, persons may call 301-746-8466.

UBC Church Sets Homecoming Day

The Underwood UBC Church will hold its annual Homecoming Day on Sunday, Sept. 8. A covered dish dinner will be held at 1 p.m., followed by a gospel music program at 2:30 p.m. The program will feature Granny & Butch and Ut-Most Gospel. Both groups are out of Morgantown, W.Va.

Strange BUT TRUE

By Samantha Weaver

The word "pedigree" came from the Old French term "pied de grue," which literally translates as "foot of the crane." "Pied de grue" originally referred to a special symbol that looked like the forked toes of a crane. Because this symbol was used to denote a branch of a genealogical chart, it eventually took on its modern meaning.

An early form of the toothbrush, dating back to 3000 B.C., has been found in Egyptian tombs.

Artist Leonardo da Vinci, painter of the famed fresco "The Last Supper," lived in the late 15th and early 16th centuries, but he was way ahead of his time. He was also an engineer, and he created designs for a telescope, an underwater diving suit, a machine gun, an air conditioner and a tank.

It's still not known who observed, "There's something about a closet that makes a skeleton restless."

Ever wonder what that slash mark (/) used in so many Internet addresses is called? It's a virgule.

Silly Putty was a failed war effort to develop an inexpensive rubber. The Slinky was an engineer's attempt at creating an anti-vibration device for ship instruments — another failed try.

Humorist Will Rogers once claimed that he didn't make jokes. He said, "I just watch the government and report the facts."

Can you think of any word that includes all the vowels in order with no repetition? "Facetious" is one.

Gene Roddenberry, creator of the immensely popular "Star Trek" franchise, was a pilot in the military and for a passenger airline.

The loudest sound made by any animal that has ever been recorded came from a sperm whale.

Collecting by Larry Cox

Q. As a child I loved reading, and I managed to save many of the books I enjoyed. I have several dozen editions from the Nancy Drew, Judy Bolton, Dana Girls and Cherry Ames series. Do these books have any value? — Susan, Decatur, Ill.

A. According to collector John A. Axe, girls' series books are sets in which more than one volume featured the same characters and were written to appeal primarily to young female readers between the ages of 10 and about 15 years old. One of the most popular series was, of course, the Nancy Drew books.

Values depend on scarcity, condition and demand. Although a first edition of a Nancy Drew book from the early 1930s in excellent condition with original dust jacket can be worth as \$300, most sell for much less.

To get an idea of the current values of your books, you might want to get a copy of Axe's fascinating new book, "All About Collecting Girls' Series Books" (Hobby House Press, \$27.95). It details the publishing history of each series and helps sort out fair market values. To order a copy, contact Hobby House Press at 1 Corporate Drive, Grantsville, MD 21536; 1-800-554-1447. There is a companion book for boys' series, too.

The Prince and Pauper Book Store in San Diego has more than 75,000 titles in its collection of children's books. They can answer most of your questions about rarity and values. The postal, e-mail and Web site addresses are 3201 Adams Street, San Diego, CA 92116; books@adnc.com; and www.oldkidsbooks.com.

Pet Anxiety

Q. I was really interested in your articles on Rescue Remedy, an herbal treatment for anxiety in pets. Where can I purchase this product? — Mari P., via e-mail

A. Rescue Remedy is offered by many herbalists and similar holistic medicine practitioners, who design homeopathic treatments for various illnesses. These practitioners can specialize in treatment for humans or animals.

If an herbalist is not listed in your local phone book, stop by the pet store, the health-food store or the vet's office. This herbal supplement is sold by Bach Flower Remedies, and you can ask for it by name. Even if a store doesn't carry Rescue Remedy, many employees will know what it is and can help you locate the product.

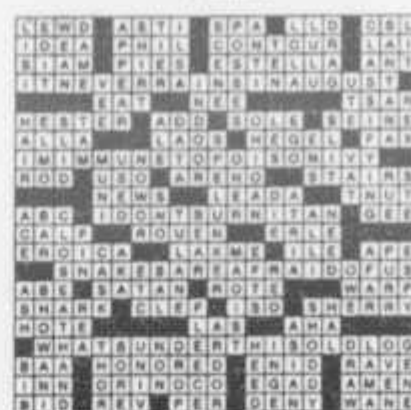

Several herbalists wrote to tell me that herbal remedies can be designed to meet your pet's specific needs. Again, the pet store, health-food store or your veterinarian can point you in the right direction.

Now that summer is drawing to a close, you may want to replenish the books on your leisure reading list.

"The Pet Surplus: What Every Dog and Cat Owner Can Help Do to Reduce It" by Susan M. Seidman (Xlibris Corp.) discusses solutions to the huge population of "shelter orphans." An estimated 5 million young animals are euthanized each year, the author says. Seidman lists several everyday actions pet owners can take to reduce this number of early deaths.

"Why Is Cancer Killing Our Pets?" by Deborah Straw (Healing Arts Press). This guide addresses several aspects of cancer in animals, including possible causes, treatments and costs.

Frostburg State Students Grow in Number, SAT Scores, Minority %

Frostburg State University has more students than ever on campus this fall semester, and that group of new students has higher SAT scores and is more racially diverse than in previous years, according to a release from the university.

FSU has seen 1,438 new students — freshmen and transfers — on campus, 54 students, or 3.9 percent, more than the previous peak year of 2000, according to the latest admissions figures.

The 2002 freshman class also has the highest average SAT scores of any class in recent years, a number that has grown steadily — by nearly 40 points in the past four years.

The number of minority

students entering FSU has grown. About 19 percent of the total new students are members of a minority group, up 8 percent from 2000. African Americans will make up nearly 12 percent of the new FSU students.

"We are pleased that both the numbers and quality of students seeking admission have grown, in part because of the increased statewide and national recognition of our programs and our faculty," said FSU president Catherine R. Gira. "The university strives to provide experiences through which students develop intellectually and socially and in which they are encouraged to engage in community service."

Students are transferring to FSU in increasing numbers as well, with this year's 406 transfer students reaching the highest mark in Frostburg State history.

More people are applying to FSU than ever before, both as potential freshmen and as transfers, with an increase of 11.4 percent over 2000. More applicants means FSU can be more selective in choosing its students, Dr. Gira said.

ing its students, Dr. Gira said.

"More students are beginning to look at Frostburg State as their first choice for higher education. Across the state, students are increasingly recognizing the educational advantages, both in quality and breadth of programs, available here," said James Antonio, vice president of enrollment management.

FSU's Honors Program, which has been growing incrementally since it was introduced in the early 1990s, took a significant jump within the last year. The number of students accepted to the fall 2002 class is more than 40 percent larger than the 2001 class, which was the largest to date.

"FSU has a projected growth in student population of 3 percent each year for the next three years to accommodate the increased demand across the state. Fortunately, the increased number of applicants means we can achieve that growth without compromising the quality of our student population," Antonio said.

FSU is making a number of moves to accommodate a larger student body. The new Compton Science Center is due to open for the fall of 2003, as is Edgewood Commons, a new, apartment-style residence complex designed to house about 400 students. Gunter Hall has also been recently renovated into what will be a second science building, helping to meet the growth of science studies at FSU.

"For the past two academic years, Frostburg State University has had two classroom buildings unavailable for instruction because of the replacement of Compton Hall and the renovation of Gunter Hall. We are pleased that one of those buildings, Gunter Hall, is now ready for occupancy and that we can accommodate more of the qualified students seeking admission," Gira said.

Projections are based on total paid admissions to date. Final numbers will be available in mid-September.

Deputies Arrest Three Motorists For DUI Charges

Motorists in three separate incidents were arrested over the weekend and charged with driving under the influence (DUI), according to Garrett County sheriff's deputies.

While on routine patrol along Wilson Road, deputies paced a 1987 Plymouth Voyager traveling 40 mph in a posted 30 mph zone. The vehicle turned onto Table Rock Road, where the vehicle crossed the

center line numerous times, police said.

Robert Clark Darfus, 42, Davis, W.Va., was charged with DUI, driving while impaired (DWI), driving on an out-of-state suspended license, consuming an alcoholic beverage while operating a vehicle on a highway, failure to drive right of center, and speed greater than reasonable.

Darfus is currently being held in the Garrett County Jail on \$5,000 bond.

In another incident early Sunday morning, Sean Patrick Griffith, 25, Munhall, Pa., was arrested and

charged with DWI, DUI, failure to drive right of center, driving without a license, and driving on an out-of-state suspended license.

Deputies observed the vehicle crossing the center line and driving off the shoulder of Bray School Road. Police also noticed the vehicle's tail light was damaged.

Griffith was released

from jail after posting \$1,000 bond.

Deputies also arrested Richard Nevin Brown, 32, Sterling, Va., for DUI and driving on an out-of-state suspended license Sunday.

The 1999 Toyota pick-up was seen weaving and had a burnt out headlight. Brown was released from custody, according to police.

Local Realty Firm Names New Office Manager

John Macy, a real estate professional for 15 years, has been named manager of Long & Foster Realty's Deep Creek Lake and Oakland offices. Macy began his real estate career in Cumberland in 1988 and earned his broker's license in 1990. He also holds a Graduate of Realtor Institute designation, an Associate Brokers License in the state of Pennsylvania, and a Sales Associate License in West Virginia.

A Cumberland native,

Macy earned a bachelor of science degree in business administration from Frostburg State University. He is a member of the Garrett County Board of Realtors and is involved in many community organizations. "I am delighted by the thought of recruiting the very best sales associates and retaining motivated, highly professional, forward-thinking people to serve the firm's customers and clients," he said.

John and his wife Lynn have one son, Ian, and the family resides in Flintstone. The Macys are building a home in Garrett County, which they hope to move into early next year, and say they are looking forward to becoming active members of the community.

Gourmet Dinner Offered To Help Drane House

French aficionado and gourmet cook Sandra Numan will prepare a five-course meal with wine as one of the numerous items to be auctioned to benefit the Historic Drane House. The auction will be held Saturday, Sept. 14, at 10 a.m. at the Accident fire hall.

STUDENTS RECOGNIZED AT CONFERENCE — Staff and students from the Grantsville and Loch Lynn After-School programs recently attended the second annual After-School Conference in Baltimore. Attending were coordinator Karen Wood, students Amanda Beltzel and Miriam Wilt, Loch Lynn After-School aide Patricia Falkner, and program director Linda Green. Beltzel, above left, and Wilt, right, were recognized by conference presenter Justin Brown, center, for their participation throughout the two-day event. "The conference was a wonderful opportunity for the girls to interact with other youth from across the state and learn about the successes in their programs," said Wood. "I look forward to the girls using what they learned to benefit our youth and enhance our after-school program." The Grantsville After-School Program is a coordinated effort between Garrett County Community Action, the Governor's Office of Crime Control and Prevention, and the Partnership for Children and Families. The Loch Lynn program is a coordinated effort between Community Action and the Partnership. For more information about the Grantsville program, persons may call Wood at 301-387-9157. For information about the Loch Lynn program, persons may call Wendy Paugh at 301-334-0723 or Green at 301-334-9431 or 888-877-8403.

The proceeds will provide funds for the maintenance and activities at Garrett County's oldest structure. Built in the late 1790s and completely restored in 1994 with funds from Maryland Historic Trust, the two-story log cabin is located on the eastern edge of Accident. This will be the first major fund-raiser for the Drane House since its restoration.

In addition to the auction, there will be a pig and corn roast along with desserts and beverages. Food, both eat-in and take-out, will be served beginning at 11 a.m.

A wide variety of items for auction have been contributed by individuals and businesses in the county. Included will be a chandelier from the old Naylor home, a 100-year-old level and other antique tools, a pine-plank table and benches, old quilting frames, and many more items. Space for storage of the items is being

provided by the Accident Fire Department.

Donations are encouraged. The fire house will open Saturday, Sept. 7, from 9 a.m. until 2 p.m. and Friday, Sept. 13, from 9 a.m. until 4 p.m. to receive donations. Minimal pick up service is available for some items. Arrangements and information may be made by calling Barrie Gregory at 301-746-6115.

Chief Joseph A. Habel Retires After 23 Years With Coast Guard

Chief Boatwain's Mate recently retired from the Joseph A. Habel, above left, U.S. Coast Guard after 23

years. A 1979 graduate of Northern High School and former resident of Deep Creek Village, Habel was in charge of the Coast Guard's base in Cape Charles, Va., for the past five years.

Representing the entire U.S. Coast Guard, Habel was honored in February 2000 at Constitution Hall in Washington, D.C., as "Hero of the Century" for rescuing four survivors from the tugboat Bay King during dangerous weather conditions. The chief has received seven Good Conduct medals and numerous other awards during his military career. He is also listed in the Coast Guard History book.

Additionally, Cape Charles has honored Habel for his volunteer work to help revitalize the town, such as helping with productions, building a dance floor, and extending the stage at the Arts Center.

He also started a tutoring program at Kiptopeke Elementary School and cleared trees from its driveway so bus drivers could have better visibility.

The chief has also helped with Special Olympics and the Eastern Shore Harvest Festival: built, decorated, and ran the haunted house at Coast Guard headquarters for three years; and drove Santa Claus around in a boat as he handed out candy at Christmas.

Habel, his wife Carol, and their children — Amber, Nicole, and Joey — will continue to reside in Cape Charles. Habel will be director of operations at Bay Creek Marina and Resort.

Fun Olympics Set For Sat. At Broadford Park

The Fun Olympics scheduled for Saturday, Sept. 7, at Broadford Park will begin at 9 a.m. with sign-in/registration. Opening ceremonies are scheduled to begin at 10 a.m. with the Southern High School Marching Band playing the National Anthem, followed by a moment of silence in remembrance of 9/11.

Recognition will be given to local emergency personnel in attendance. Additionally, invitations have gone out to schools for students in 4th through 12th grades to participate in an essay contest titled "How September 11th Has Affected Me." The essay winners will be recognized at the Fun Olympics.

Games will begin at 11 a.m. Students who have not obtained sponsors may still participate by buying tickets for activities in which they wish to participate.

There will also be a dunking booth and giveaways, and information ta-

MORAN TO APPEAR ON FOX 5 — Kelly L. Moran, formerly of Westernport and currently a weekend resident at Deep Creek Lake, will be appearing on Fox 5 News, WTTG in Washington, D.C. Starting this month, Fox 5 will be adding a newscast in the 5 p.m. time slot, a show aimed primarily toward women. The second part of the newscast will feature live home or garden demonstration tips. Moran will be doing at least one show per month, possibly more. Her first show will be Monday, Sept. 23, when she will demonstrate fall window boxes and planters. After graduating from Frostburg State and moving to the Washington, D.C., area, she took botany, horticulture, and landscape architecture courses. A serious gardener for 17 years, Moran has had numerous articles published in *Fine Gardening*, *Country Living*, *Country Living Gardener*, and *Better Homes and Gardens*. She has been designing English-style gardens for clients for more than 12 years.

bles with representatives from several local agencies will be available throughout the day for attendees to visit.

An awards ceremony is scheduled to begin at 3

p.m., with entertainment and refreshments to follow. The Fun Olympics is a fund-raiser to benefit Garrett Youth Alliance and is being co-sponsored by Long & Foster Realtors, Gregg's

Pharmacy, TCI, CPA Brian Boal, Fairfax Materials, Dr. Willy's Seafood Company, St. Paul's United Methodist Church, and Loch Lynn Restaurant.

In the event of rain, organizers will have as many of the activities as possible in the pavilion. For more information, persons may call Yvette Nutter at 301-334-1223.

Board Of Ed. Meeting Set

The Garrett County Board of Education will hold its regular monthly meeting on Tuesday, Sept. 10, in the board room located on the third floor of the administrative office building at 40 South Second Street, Oakland.

Time is set aside at 4 and 7 p.m. for public comment and participation on any topic. The board will meet in closed session from 4:05 to 5:30 p.m., and reconvene in open session immediately thereafter.

The public is invited to attend.

ELECT HARLAND TICHNELL SHERIFF OF GARRETT COUNTY

"I'm not a politician, I'm a peace officer."

Authority, Dennis Grottel, Treasurer

In the last 8 years, the Sheriff's Office budget has nearly tripled. Has the service to Garrett County increased?

Let's improve the service to Garrett County in the following ways:

PATROL DEPUTIES:

Put the patrol deputy back into all the communities with more patrols on county roads and less on state highways. Cooperation with the State Police will provide adequate coverage on the main routes.

DRUG ENFORCEMENT:

Demand for drugs must be eliminated through education, treatment programs, and a zero tolerance enforcement of laws.

ELIMINATING DOMESTIC VIOLENCE AND CHILD/SEX ABUSE:

Work closely with all agencies involved emphasizing enforcement of laws and treatment programs.

COMBINING EMERGENCY MANAGEMENT WITH THE SHERIFF'S OFFICE DISPATCHERS:

Eliminate unnecessary transference of calls and provide more manpower during peak call hours.

OPEN DOOR POLICY:

Sheriff's Office must keep an open door policy with the citizens of Garrett County. Valuable information can be shared with open communication.

RAM Notes

PRINCIPAL'S LEADERSHIP ACADEMY

The Leadership Academy would like to offer suggestions to live by. The following are weekly suggestions for all students and staff to make as a part of our everyday lives at Southern High School: Sept. 2 - 6 "Be kind," Sept. 9 - 13, "Remember 9-11."

SEPT. 11 CEREMONY

On Wednesday, Sept. 11, students and staff will participate in a ceremony to reflect and remember the tragedy that befell our nation on 9/11/01. The commemoration assembly will take place outside in the front of the school where the national anthem will be sung by student vocalists, student reflections of 9/11 will be read and shared, a weeping cherry tree, dedicated, and a time capsule buried. All parents and community members are invited to join Southern students and staff to commemorate the tragedy of 9/11. The ceremony begins at 8:45 and concludes at 9:15.

SUPPORT MS. TEAGARDEN

Angie Teagarden, biology teacher at Southern, will be running a full marathon (26.2 miles) in December to benefit the Arthritis Foundation. During the week of Sept. 16-20, students can pay \$1 each day to wear a hat during the day. All donations will be given to the Arthritis Foundation. Anyone wishing to make donations can contact Miss Teagarden at the school, 301-334-9447.

RANDOM ACTS OF MATURITY

In an effort to encourage our ongoing endeavor to focus on character education and student maturity, students who exhibit random acts of maturity will be recognized by the faculty and school. In recognition of being the RAM student of the week, winners will receive several acco-

lades: a movie pass to Garrett 8 Cinemas, picture recognition and story in the school newspaper and school yearbook, and a letter of appreciation from the principal. It is our hope that through this initiative all students will be more caring and appreciative of the needs of others. By attempting to encourage students to help one another we are creating a society of "helpers" rather than "users."

YEARBOOKS ARE ALMOST HERE

Yearbooks are scheduled to arrive on Sept. 14, and will be distributed the following week. Last year's senior class will receive postcards in the mail to announce the arrival of the books.

EVENING HIGH SCHOOL

Students may register with Mrs. Proudfoot during the next two weeks for first semester evening high school. EHS will begin on Sept. 9, and no students may register after that day.

OPENING THE MEDIA CENTER

The media center will not open until Sept. 16 for after-school use. The hours will be announced when the center re-opens. Come by and check out the renovations.

ACTIVITY BUS SCHEDULE

The after-school activity bus will run each evening. The bus will leave the front of SGHS at 6:20 p.m. each evening and go to designated areas. Buses will run east to Bloomington and west to Crellin.

ATHLETIC NEWS

Football season passes are on sale now. Season passes are good for reserved seating and reserved parking behind Dennett Road School. Price of the ticket is \$25 for the season. Please contact Diane Arnett, 301-387-5322, to purchase the ticket. Special thanks to Railey Realty and Russ Sines, owner of Deep Creek Ready Mix, for the new scoreboard at the stadium field. This is a great addition to our complex.

SEPTEMBER RAM PARTNER

A.D. Naylor & Co. For well over 100 years, A.D. Naylor & Co. has offered the community countless commodities at a fair pace and with a welcoming and helpful attitude. In business since 1884, Naylor's has become a well known part of the Oakland community. Naylor's offers outdoor power equipment, plumbing supplies, electrical materials, paint, and countless other necessary home, yard, and outdoor supplies. In the words of one enthusiastic employee, Roger Kifer, "When it comes to hardware — we're the biggest, the best supplied, and the highest trained." Services from A.D. Naylor include contracting, Culligan Water Softeners, and a janitorial supply sales division all incorporated with the business. Merchandise comes from various suppliers and is offered to the community at retail price. Community members are encouraged to special order hard-to-find items, as Naylor's is always willing to go the extra mile for their patrons. In fact, the goal of every Naylor's employee is to exceed peoples expectations in every aspect of service and supplies.

In addition to consistently offering fair prices and

Skipper Seeking Third Term On GOP Committee

William C. Skipper, Oakland, is seeking his third term on the Garrett County Republican. A Garrett County native, Skipper was born in Crellin in 1948 and has lived most of his life in the county. He is a 1967 graduate of Southern High School and earned his bachelor of arts degree from Central Bible College in Springfield, Mo.

The candidate said he has been an active member of the Republican Party all of his adult life and is presently the secretary of the Garrett County Central Committee. Skipper has taken part in many Republican campaigns in local, state, and national elections, including being the county campaign chairman for a presidential candidate and a gubernatorial candidate.

Skipper said he believes that his political experience of the past 30 years has prepared him well to help build and maintain a strong and active Republican Party in Garrett County.

Since 1986, Skipper has served as pastor of the Rocky Drea Assembly of God. He has also been a salesman for several years at

Garrett College Scholarships Awarded To Area Residents

Five students have been awarded scholarships by the Garrett College Foundation, according to GCF executive director Bretta Reinhard.

Sue Smith has received the Verizon Telecommunications Technology Scholarship, which is designated for students who maintained a high school cumulative GPA of at least a "B" and who enroll in the Math, Science, or Business and Information Technology programs.

Smith graduated in 1987 from Northern High School, where she was a member of

the God Squad Club and the Only Small Players, which presented puppet plays for elementary schools. Now enrolled in Garrett's Business Management program, Smith has been elected to Phi Theta Kappa and has been selected to the dean's list. Her career goal is to further her management career and eventually own her own business in or near Garrett County.

Smith plays the piano for the United Pentecostal Church of Friendsville, where she is a member of the Ladies Auxiliary and

helps with the youth group. She also volunteers with the Friendsville 4-H Club. She said she enjoys reading trivia and painting, and is proud to be the first one of her immediate family to graduate from college.

Smith is the wife of David L. Smith of Friendsville, the daughter of Larry Suter and the late Mary Suter of Friendsville, and the mother of David Smith.

Karen South has received the Oakland Rotary Club Scholarship. She received her GED (general equivalency diploma) in 1985 and is enrolled in the Business Administration program at GC, where she also works as a mentor and tutors math. After graduation she plans to transfer to Frostburg State University to

major in accounting. She homeschools her three children, helps her husband with office work in his home remodeling business, and visits the elderly in nursing homes. Smith said she enjoys camping, biking, art, and baking. She is the wife of Dwight South of Grantsville, the daughter of Samuel and Christina Poland, and the mother of Joshua and Adam Cosner and Samantha South.

Florence Phillippi has received the GC Continuing Education Division Scholarship, which is designated for GED recipients who plan to pursue college credit courses. She earned her GED in 1994 and is now enrolled in the Juvenile Justice program. Her career goal is to work with juveniles and to help young adults become productive members of society. She works with Pan-

On Who's Who

William Humberson Gallagher, a senior at Northern Garrett High School, has recently been honored by Who's Who Among American High School Students. His biography has been accepted for publication in the 36th annual edition, 2002-2003.

Gallagher competes with the Northern Light's Envirothon Team and also plays soccer for NHS. He is a member of the Selbysport United Methodist Church and Snowy Creek 4-H, for which he is the reporter. Extra-curricular activities have included JV basketball, Dribblers youth basketball coach, Bible school leader, Adopt-a-Highway, AYSO soccer, and Mt. Top soccer. Currently, he operates a small lawn care business.

He is the son of Mark and Tammy Gallagher, Friendsville. He is the grandson of Harold Humberson, Grantsville, and Marian Gallagher, Emmaus, Pa. His great-grandmother is Ellen Humberson, Friendsville.

and is a resident assistant in Garrett Hall. In continuing to pursue his interest in basketball and golf, Speicher plans to one day become a golf pro on a local golf course.

While on duty as a life-guard at the Wisp, Speicher revived a 4-year-old by mouth-to-mouth resuscitation. He is the son of Harvey and Barbara Speicher of Accident.

Megan Tichinel has received the GC Board of Trustees Scholarship. She is a 2001 graduate of Southern High, where she was a member of the tennis and track teams, and chorus, and served as a peer counselor. She is enrolled in the Computer Science program, and plans to pursue a career as a network administrator of an aerospace engineering company or writing software for the federal government. She is a member of the Elk Garden Youth Group and said she enjoys working on computers, reading, and singing. Tichinel is the daughter of Joseph and Shirley Tichinel of Swanton.

Military Family Assn. To Honor Rep. Bartlett

The National Military Family Association (NMFA) will honor Representative Roscoe Bartlett (R-Md., 6th) on September 19 at a reception in the Dirksen Senate Office Building for his "service and dedication to improving the quality of life" for military members and their families.

The NMFA says Representative Bartlett's support of military families has been demonstrated in his leadership to improve the quality of Morale, Welfare, and Recreation (MWR) Services for military servicemembers and their families. He has supported appropriated fund relief for MWR activities affected by increased installation security measures after September 11, and the use of appropriated funds to meet the force protection needs of these activities. In recent overseas travels, Bartlett not only visited MWR activities serving deployed servicemembers but also looked at child development programs, libraries, and other activities serving military families, noting several areas where more support is needed.

"Mr. Bartlett has been a loyal defender of the commissary benefit. He has strongly opposed administration proposals to privatize all or some of the commissary stores. NMFA is grateful for his loyal defense of the commissary benefit on behalf of the service families who depend on it and value it so highly," stated an NMFA spokesperson.

The association is a non-profit, predominately volunteer organization with membership from the seven Uniformed Services, active duty, retired, reserve component, and their families and survivors. NMFA is the only national organization whose sole focus is the military family and whose mission is to serve those families through education, information, and advocacy.

"Representative Bartlett understands the uniqueness

of the military family. NMFA, as 'The Voice for Military Families' recognizes and appreciates his work and his support for military families," the spokesperson said.

Questions County Commissioner Candidates 2002

1.) In regard to recreational opportunities in Garrett County, do you support:

A county level recreational budget
A recreational bike and hike trail systems
A YMCA
Adventure Sport Initiatives currently planned

BEARD: I support a county recreational budget and a director to coordinate activities. I support the bike/hike trail system. I have spoken with YMCA officials and don't favor a central YMCA because of inconvenience to residents traveling a distance, particularly in winter. From conversations with YMCA officials, I believe costs would be prohibitive. I prefer a system of town youth centers that more closely involve communities in nurturing young people. I am concerned about adventure sports initiatives. I don't believe we want a Rocky Gap fiasco in Garrett County; it is not in the best interests of taxpayers. We need to examine where the funding would come from and how it would be used. I do not oppose the concept, but think this project should stand on its own. If it is such a great idea, private investors should shoulder the expense of this enterprise.

BEITZEL: I do not see an immediate need for the County to fund a recreational budget. I have been very supportive of expansion of the bike and hike trail systems in the county. I helped to create the Trails Advisory Committee to assist the Commissioners in developing better trails in the County. The best hope for a first class community recreational facility and field house is to support completion of the Adventure Sports complex. I totally support the Adventure Sports complex that is planned on Marsh Mountain.

FALTER, George: I support a county level budget including a Recreation Board, (elected, like school board) to oversee recreation centers in municipalities. I would seek input from the people, especially young people through open public meetings throughout the county during planning stage. I would seek input and advice from churches in communities and carefully consider locations, viability, impacts to neighborhoods, plus other considerations. I would encourage adult participation in activities.

FALTER, Jean: I support a county level budget, an elected Recreation Board and recreation centers throughout the county with adult supervisors. Planning for them should be done by community leaders, NOT political professionals. Youth should have a significant say in what they want. Church leaders should have input in planning stage. Studies, including locations, neighborhood impacts, parking availability must be done first.

GREGG: I have supported the concept of a county recreational budget, participated in recent discussions about this topic, and continue to look at ways this might be implemented. I supported the creation of the committee formed for the purpose of creating these trail systems. I believe such hike and bike trail systems not only add to the amenities of our tourism industry, but also provide quality recreation for county residents. I support the concept of a YMCA and believe it is important to look into requirements and guidelines necessary to establish such a facility in Garrett County. Adventure sports initiatives are important to the future of the tourism industry. I am a member of the ASCI Board of Directors and support initiatives currently in planning stages.

HOLLIDAY: I believe recreational opportunities should be designed and implemented by individual communities to meet their particular needs. Garrett County presently has a Recreation Trails Task Force that is assisted by County government. I fully support its continuation. Presently, I do not support county funds being spent for a YMCA due to the planned facilities at the Adventure Sports Center, which will provide many of the same programs. I support the planned initiatives because of the mix of recreational opportunities they will provide as well as the positive economic impact on Garrett County.

OPEL: Yes, I support the idea of a county-level recreational budget. The hike and bike trail that they are working on is a good idea. I am in favor of that type thing as long as it is approved by county taxpayers, and the cost is controlled. A YMCA could be good for Garrett County, but not quite yet. However, I'll keep an open mind on that. I'm also keeping an open mind about the adventure sports initiatives. I am in favor of some of these things, but I think, once again, the taxpayers need to be watchful and know what is going on.

RALEY: As the county is positively impacted financially from tourism, I support funding dedicated to the development of countywide recreational opportunities. A system of trails, a community center similar to a YMCA and other recreational activities are all worthy projects. The currently planned Adventure Sports complex must be self-sustaining and not place a burden on county resources.

VIRTS: Yes, I feel that it would be in the best interest of Garrett County to allocate a recreational budget, for the residents of the county. I do support bike and hike trail systems within the county, depending on where the trails are located. A YMCA would be a good addition to Garrett County, as long as it would be self-sufficient once initially funded or somewhat self-sufficient. A YMCA could handle the needs and wants of the youth of the county as well as entire families. In the way adventure sports initiatives, I believe that the residents of the county should decide if an adventure sports complex is what the county really needs or not. It should go to a referendum vote.

WALTERS: Centers/Pools should be established throughout county not just one place. Adventure sports such as mountain biking, hiking, kayaking, etc. are already offered at the state parks and Savage and Yough Rivers. YMCA would be a distance problem since only one would be put up; distance would be a factor to most. ASC needs to be brought before the taxpayers.

2.) How would you help local businesses identify additional labor sources

and recruit workers? Would you develop additional employment training resources?

BEARD: To identify labor sources and recruit workers, I would expand school curriculum to address business needs. A cooperative effort between business and education, the Industrial Foods Program at Southern High School was a very successful program. Expanding this concept serves the needs of both worker sources and recruitment. Business should consider offering a more "livable" wage than the minimum that many workers must accept. The business incubator to be located in Oakland may provide some answers for labor sources and recruitment. Garrett College creates programs to adjust to changing business needs. Larger businesses have in-house training programs.

BEITZEL: The government already has sufficient programs to assist the unemployed and to avail employers with information on training initiatives and job programs. I actively support and encourage the educational institutions in the County to improve upon and to seek alternative training techniques to better prepare our youth to meet the job needs of the business community.

FALTER, George: Five P's: Proper Planning Prevents Poor Performance. Meet with businesses; identify the problems; develop possible solutions; create a vision; plan. Include businesses AND people who live here in meetings. I would use my considerable business management experience to help solve the problems. Employment training would include technology AND trades like construction, electrical, machine, welding, and automotive. Cooperative effort is the key to success.

FALTER, Jean: I would have the Department of Economic Development conduct regular monthly meetings with business leaders to match available labor with openings. State Department of Employment Security would be asked to assist with this and help job-seekers find training programs. State and federal hiring incentive programs for businesses would be sought out and incorporated into this concept.

GREGG: This all falls under workforce development, in which we must invest if we are to continually improve Garrett County. The most important combination we have is our people and workforce development. Identifying labor sources, recruiting workers, and employment training are keys to our future. We must blend established industries, such as mining and manufacturing, with new, technology-based industries. Workforce development efforts will help identify and train workers, and help attract and retain county businesses.

HOLLIDAY: The task of labor source identification and recruitment is presently administered by state and other agencies; as long as this effort meets the needs of our local businesses, I see no need to involve county funds. Our Economic Development Office presently works with local businesses to meet their training needs. If a specialty training need arises, I would look favorably at identifying other resources to meet that need.

OPEL: We should try to develop training resources for our workers, but I think there should be a limit to the amount of government interference in small business.

RALEY: I support the initiative underway between Garrett College and the Garrett County Board of Education to implement an evening division of Adult Vocational Education. This program would retrain the workforce for county positions. In addition, the high schools need to implement programs to fill employment needs, such as the machine tool program at Northern High School.

VIRTS: I believe that the main labor source for local businesses is already here within the county. We have to start giving the

residents of the county initiatives to stay here and work instead of going elsewhere to make a living. I would do my best to help educate and train the people of Garrett County to find employment within the county.

WALTERS: What about employment and economic development offices? What about Garrett, Allegany, FSU, WVU, or Fairmont State colleges and schools?

3) *The Chamber's three major areas of concentration are: disseminating information about member businesses and the infrastructure in Garrett County; marketing the tourism resources of Deep Creek Lake and Garrett County; and providing voluntary leadership for community businesses in local and state regulation and governmental review. Please comment on each of these three responsibilities and provide your thoughts.*

BEARD: Businesses need Government to help promote existing businesses and attract new ones. Working together, they can improve infrastructure, attract, and support employers. The Chamber does an excellent job marketing the area and additional resources to continue promotion could be provided by allocating more of the accommodations taxes to the Chamber. It is important that business become involved in the review and proposal of local and State regulations that will ultimately affect them. Voluntary leadership promoted by the Chamber will help accomplish that.

BEITZEL: The Chamber is doing a fine job disseminating information on businesses in the County and provides a vital service of informing visitors and tourists of the resources available to them here in Garrett County. The vacation guide and other related promotional items are the centerpiece for promoting our County. The leadership of the Board of Directors of lobbying the Chamber is needed to actively engage in for or against regulations and governmental practices that impact their members.

FALTER, George: I would have an annual G.C. Business Fair, similar to the Agricultural Fair, to showcase local products including those of non-members (which would increase size of event and the draw) including self-guided tours of county and major points of interest. As a commissioner, I would give equal treatment to businesses throughout the county and enlist organizations such as SCORE to assist businesses with government regulations.

FALTER, Jean: George and I agree that a G.C. Business Fair to showcase local products would be a positive step towards dissemination of information. Fair and equal treatment of all businesses throughout the county would help bring the business community together. I would have countywide meetings to seek input from businesses on how all of us can work together to accomplish that.

GREGG: The Chamber's three areas of concentration are its mission statement. Using this guidepost enables the Chamber to maintain focus and achieve the goals of promoting Garrett County and providing business leadership expected of the Chamber.

HOLLIDAY: The success of the Chamber's contribution to our economy is well evidenced by the increased number of tourists and out-of-county tax dollars that are generated in Garrett County. County government recognizes the effort contributed by the Chamber staff and members and I will continue to support their initiatives.

OPEL: The Chamber has developed in the last several years to be an important source of information for visitors. I see more and more information about Garrett County. I think tax money is well spent on the Chamber. It has also been helpful to local businesses.

RALEY: The Chamber needs to be the vehicle for communication between business and county government and growing its membership. The Chamber needs to take the lead in promoting tourism with the input of local businesses. The services provided by the Chamber in governmental review and regulatory provisions are best accomplished by those with the expertise to disseminate said information.

VIRTS: I believe that this is an area that needs more time in the way of the Chamber; we need to help the local businesses get main line advertisement. Especially businesses that are just starting out and are turning to the Chamber for help. Tourism is very important in the county and I feel that the Chamber is providing enough time in this department.

WALTERS: Chamber should continue informing people of county resources. Folks could also join GGBA or GOBA.

4.) What is your position on the Personal Property tax imposed on businesses in Garrett County?

BEARD: I believe the personal property tax on county businesses should be phased out according to present policy.

BEITZEL: The current Board of County Commissioners took action to reduce the personal property taxes on all businesses in the County by 50%. I will work for and support total elimination of the personal property tax on all businesses in the County in the next term.

FALTER, George: As a retired business owner, I can tell you firsthand that the Personal Property tax is one of the worst things devised by government to hinder business growth. If there is any way, as a commissioner, I can get it rescinded - - I will. You have my word on that.

FALTER, Jean: Helping my husband with our business taught me one thing above all else; sometimes government can really get in the way of business growth with some of their ideas. The Personal Property Tax is a prime example of that. It should be abolished.

GREGG: During my tenure as county commissioner, I have worked to reduce personal property tax on businesses by 50%. My goal is to systematically eliminate the remaining 50%.

HOLLIDAY: I feel it is a very unfair tax and I worked to decrease the Personal Property tax by 50%. I fully intend to see this regressive tax eliminated within the next four years.

OPEL: I say "no" to the personal property tax for businesses. Other counties don't pay it and I don't think we should either. It may generate money that is used for good purposes, but that money will have to come from another source.

RALEY: I feel the personal property tax on businesses is an unfair tax and serves as a disincentive for business to locate in the county. I would recommend the phased out abolishment of such a tax, as revenues from the growth in the County assessable property tax base offset any loss of funds.

VIRTS: I am opposed to the Personal Property tax on the businesses in Garrett County; I feel that it hinders the smaller businesses that thrive in the county.

WALTERS: The personal property tax laws should be repealed and/or lifted Sales tax on items has already been paid at purchase. Why continue double taxation? Double aggravation.

5.) Would you increase the portion of the "tourism taxes" (accommodations & amusement taxes) allocated to the Chamber of Commerce?

BEARD: I would support increasing the tourism tax as discussed in answer #3.

BEITZEL: The current Board of County Commissioners, of which I am a member, has increased the accommodations tax from 3% to 4%. A large portion of the additional revenue has been allocated to the Chamber. I would support a measure to insure that at least 50% of any additional revenue from

accommodation taxes would be allocated to the Chamber.

FALTER, George: I would with two caveats; that membership fees be reduced and tied directly to said increase. Although there are businesses that can easily afford them, others can't. Increased allocations should also be tied to accommodating public participation in Chamber of Commerce events. These caveats should prove to be a win-win situation for the Chamber and the county.

FALTER, Jean: Any increase allocated to the Chamber should be used to assist some of the smaller businesses in the county with participation in Chamber programs. Membership, advertising, promotions, and things like that should be offered at a discount and made up with any increase in the portion of "tourism taxes". This would benefit everyone, as it would have a multiplier effect.

GREGG: The current funding formula provides fair allocation to the Chamber. Legislation creating the accommodations tax directs that it be equally spent in tourism and economic development. Both are critical to Garrett County's future, and I believe the law created by the state legislature fairly channels funds.

HOLLIDAY: I have supported Chamber budget increases in the past and I will look favorably at reasonable, justifiable increases in future budget requests.

OPEL: I would favor reasonable increases in the Chamber budget as needed to continue its work.

RALEY: The Garrett County Chamber of Commerce and Promotion Council must continue to grow our tourism trade. In that regard, the tourism industry must receive adequate funding from the "tourism taxes" understanding that the county must utilize portions of the funds to meet infrastructure and county expenditures required to conduct the industry.

VIRTS: At this point I do not know what portion of the "tourism taxes" is going to the chamber. So I cannot say one way or the other if I support an increase.

WALTERS: NO

6.) Are you committed to providing the controlled budget and property tax bills for Garrett County?

BEARD: I am committed to long range planning to meet the fiscal need and estimated revenues to satisfy those needs.

BEITZEL: I am very committed to insuring that expenditures by county government do not exceed revenues (that the budget is balanced). Without a tax rate increase the budget has been balanced every year during my term with surplus funds left over to create a very healthy reserve fund balance for Garrett County. I see no immediate need to raise property taxes.

FALTER, George: Providing a copy of the controlled budget for Garrett County along with property tax bills certainly sounds like a good idea to me. I don't know exactly what that entails but if it is feasible I don't have any objections to doing it. Taxpayers should always have the right to know how their money is spent.

FALTER, Jean: Yes, I think everyone should have the opportunity of knowing whether or not their tax dollars are being used properly. Knowing what the priorities of our elected officials are is important in determining what kind of job they are doing. I will not be afraid to let the people know what I am doing as a commissioner.

GREGG: I am absolutely committed to providing the controlled budget and property tax bills for the county residents. I believe I have exercised fiscal responsibility in the past by helping develop fair, efficient county budgets. In my service as commissioner, I have fought to keep property taxes in line while providing residents with improved services and quality of life.

HOLLIDAY: My commitment to controlling the county budget and county taxes has resulted in a County debt reduction of \$2.1 million dollars over the last four years, while not increasing the county tax rate. I intend to continue this fiscal management policy in the next four years.

OPEL: I believe the commissioners should control the budget and the expenses.

RALEY: The continued growth of the assessable tax base in Garrett County provides an automatic trigger for growth of county revenues without increasing taxes. If the county is currently sitting on a \$5 million surplus, there should be tax relief if growth continues at the current rate and surplus funds should be used to reduce indebtedness and for one-time projects.

VIRTS: I believe that a controlled budget and property tax bills are important to the county and I will do what I can to make sure that everything is under control.

WALTERS: Garrett taxpayers should have input on this and an open forum should be scheduled to discuss the budget and bills.

7.) Are you committed to continuing to support the educational needs of Garrett County's students?

BEARD: I am committed to support the educational needs of Garrett County students, as I have for 40 years. Our children are our future. No County Commissioner candidate has worked with more Garrett County young people than I have. I am committed to see that they have the educational resources to be successful adults.

BEITZEL: I know that a good education is essential for Garrett County's citizens to achieve full potential. I am devoted to improving Garrett County's schools and institution of higher education through facilities improvement and enhanced instruction. I have the education and experience to understand that it is essential for the future of our children to support Garrett County's educational systems.

FALTER, George: A volunteer tutor, I am fully aware of the continuing needs of Garrett County's students. Parents also need financial assistance with some "special-needs students". We shouldn't forget the teachers either who do a heroic job working with budgets that are often inadequate. My goal is to do whatever it takes to move Garrett students to the top rankings in Maryland.

FALTER, Jean: As a mother of five children, and having five grandchildren, I know the importance of education. More important, as a retiree from Towson University, I especially understand the needs of young people. Teachers, students, parents all need our support. Not only would I support them; I would bring them together to create innovative educational programs in the county.

GREGG: I am committed to supporting the educational needs of Garrett County students because they represent our future. Appropriate funding of education in our county is one of the most important issues we must address because it is paramount that we prepare our students for the future. The New Economy represents more exciting challenges and opportunities than ever before because of the role of technology in everyday lives.

HOLLIDAY: Education has been and will remain my number one priority. The county's financial commitment to education has increased by more than 32% in the past four years and I will certainly continue to support the educational needs of our county.

OPEL: I definitely support education in Garrett County. If I were a commissioner, I would spend more time in the schools to see what is going on in the classrooms and what problems the school face. A problem that not many people want to talk about, but that bothers me very much, is the extensive use of medications, such as Ritalin, in the classroom.

RALEY: I have served education in Garrett County for 20 years, 14 years as a teacher, and 6 years as an elected school board member. I am committed to working with the education community to provide sound educational opportunities across the board. I want to ensure a quality well-prepared workforce and citizenry to attract good paying jobs for Garrett County.

VIRTS: "Knowledge is Power." It has been said and it is proven true, I believe that education is essential for any student to succeed. The more we can offer in the way

of a diverse and challenging educational system the more diverse Garrett County students will be within the work place and in life.

WALTERS: Of course children need to graduate and continue with education. We don't need kids dropping out of school and bumming off of the welfare system.

8.) Why should my business support you for county commissioner?

BEARD: Businesses should support me for County Commissioner because I have supported Garrett County business for 40 years. Because my salary comes from this community, I feel the responsibility to deal locally. And I have.

BEITZEL: I have owned a business in Garrett County for more than 30 years. I have 27 years of public sector experience. I know both sides of the street. I was a founding board member of the Deep Creek Lake Business Association. I was a board member and past president of the Garrett County-Deep Creek Lake Promotion Council. Both of these organizations have folded into the Chamber. I currently serve as the County Commissioner representative on the Chamber Board of Directors.

FALTER, George: A retired business owner with 35 years business management experience I understand what a business must go through to survive and grow. My degree in Business from Johns Hopkins University adds to that even further. A firm believer in our free enterprise system I understand its importance. Small business especially is the backbone of a healthy economy.

FALTER, Jean: Because you want a commissioner who understands your needs and will support you. My children have all been involved at one time or another in the business community. One of my daughters has just started her own business. My husband owned his own business. Believe me, I know the trials and tribulations of owning and operating a business.

GREGG: I have worked diligently in my tenure as commissioner to make Garrett County more business friendly, to attract and retain business here, and to help provide and create jobs. The global, national and state economies all have an effect on us, but we must continue to do all we can to develop a positive, thriving business climate in Garrett County. As a member of the business community, I am familiar with business problems. As a commissioner, I have an opportunity to continue to work to improve the business climate.

HOLLIDAY: Having been a small business owner, I fully understand the obstacles businesses face in today's economy. I worked to initiate a 2% local bid preference for county contracts and fully supported a 50% reduction in the personal property tax rate and I will support its elimination in the next four years. As county commissioner I will do all I can to help our local businesses remain in Garrett County.

RALEY: "Jim Raley has made a life of putting people first." I believe in our people and want to work as a team to grow Garrett County into a place where families can enjoy working and raising a family. I am an honest person who has spent most of my life serving others. I want to help businesses grow.

VIRTS: I bring new ideas and different views to the way the county is being governed. The idea of common sense is underplayed in political positions and it is about time that it is brought to the forefront. I am not a politician; I am a representative for the residents of the county.

OPEL: I've been in business for 23 or 24 years and I know that sometimes you go to the wire. Time can be very hard for a person in business. As a commissioner, I would do all I could to help any businessperson in trouble find a way through it.

WALTERS: Any support is and would be appropriate. However, if there are strings attached this would not be proper. As commissioner I want to represent "All Garrett Family Members" not just a few. Government is of, by, and for the people; not over, under, and against the people.

Voters' Guide

Sept. 10, 2002, Primary
Elections

The League of Women Voters of Garrett County, in cooperation with *The Republican* newspaper, has compiled the following information to assist voters in their decision-making before going to the polls in next Tuesday's Maryland primary elections.

Candidates were asked to submit biographical information and/or respond to questions posed by the league. A strict word limit was imposed for each response. The responses appear precisely as received, with no corrections of spelling and grammar.

Not included in the league's solicitation were the candidates for the Republican and Democrat central committees.

The primaries are closed elections, meaning that only persons registered as Democrats or Republicans are entitled to vote. Those who are registered with any other party, or registered as a Decline, Other, or Unaffiliated may not vote in the primaries. All registered voters will be eligible to vote in the November 5 general election.

The unofficial election results will be posted on the web site of the Garrett County Board of Elections beginning sometime between 8:30 and 9 p.m. on September 10. The address of the web site is: <http://www.co.garrett.md.us/elections/elections.html>.

Persons with any questions pertaining to the election may telephone the board office at 301-334-1962 during regular business hours.

4. How would you balance development versus rural legacy? (Limit 35 words)

District I

ERNEST J. GREGG
Republican
(Unopposed)

Biography:
1. I am the owner of Gregg's Pharmacy & the Renaissance Learning Center and Driving School. Being a County Commissioner for 16 years has afforded me considerable experience in the management of county government. I am active in the community, serving on several boards and commissions, as well as civic organizations.

Youth Center:
2. Yes, but with a structured business plan for operation & maintenance. This facility must operate efficiently & economically, & focus on the needs of our youth. A youth center must serve a viable, positive purpose.

Fiber Optics:
3. Recently, Garrett County government hired its first Technology Coordinator. Among the coordinators responsibilities are serving as a liaison/facilitator of the fiber optic system for the private sector. We must continue to progress technologically.

Development:
4. These two elements can co-exist. County government has encouraged & assisted farmers in participating in agricultural heritage programs to maintain farmland. We recently fostered the "right to farm" legislation.

District II

FREDERICK A. HOLLIDAY
Republican

Biography:
1. Lifelong resident of the Grantsville area; graduate of Northern High School; Army veteran. Ten years as general foreman of a manufacturing company and salesperson; owned and operated a small business for 27 years. Served as Mayor of Grantsville for 15 years; now serving my 4th year as County Commissioner.

Youth Center:
2. I support grass roots efforts to meet individual community needs. I will consider any comprehensive plan to develop and operate a community center. I will continue to support county-wide recreation programs.

Fiber Optics:
3. I would work with private sector providers to ensure affordable communication services for all customers. My support for county, state or federal assistance for telecommunications infrastructure is contingent upon serving both the public, private sector.

Development:
4. I will continue directing development into our PFA's and zoned areas. New county initiatives will assist our agricultural community. Continue county support of MALPF program and seek additional Rural Legacy funding to preserve agricultural resources.

JAMES M. RALEY
Republican

Biography:
1. I have a Master's Degree in education and have worked for twenty years in education in Garrett County as both a teacher and elected school board member. As a lifelong learner, I want to focus on education, technology, public safety, fair taxing structures, and providing good paying jobs.

Youth Center:
2. I support the concept of a community center to serve youth through senior citizen. The commissioners must utilize surplus funds or funds appropriated for projects which do not benefit all taxpayers to fund the project.

Fiber Optics:
3. I support the expenditure for fiber optics and future technological advances utilizing public funds. The commissioners must ensure the private sector is granted input and access on an affordable basis without jeopardizing private business.

Development:
4. I support maintaining the beauty and splendor of Garrett County. The commissioners must provide support and assistance to farmers and taxpayers, while ensuring the development of Deep Creek Lake meets environmental and esthetic value.

Served in U.S. Air Force 1983-1987 and received Basic Training; Marksmanship; Good Conduct; Outstanding Unit; and Air Force Achievement Awards. Graduated NCO School.

Youth Center:
2. Yes. Taxpayers should be able to commit to several youth centers. However, if this is not financially feasible then we should possibly consider utilizing community buildings and/or fire halls for youth activities.

Fiber Optics:
3-1) Ask public what they need.
2) Make sure the needs of the public sector don't conflict with private sector.
3) If there is conflict reach a flexible decision so both parties are satisfied.

Development:
4. The taxpayers, realtors, sellers, buyers, bankers, environmentalists, and anybody else involved in development need to come to the most reasonable agreement to cap development where everybody for the most part is somewhat satisfied.

Biography:
1. Lifetime resident of Western Maryland. Graduated from FSU with a B.S. degree in Secondary Education. Post-graduate training at Bowie State, UK and Frostburg. Thirty plus years teaching at SHS. Heavily involved in youth and community activities. Currently serving second term as Oakland Councilman and Director of Broad Ford Park.

Youth Center:
2. I support community youth centers. I have spent a lifetime working with children and participating in youth activities. Our children are our future and youth centers will provide structured and controlled environment for them.

Fiber Optics:
3. I believe that the fiber optic cable system will be of great benefit to the community including hospitals, education, communication, law enforcement and I would support securing grants for its planning and completion in Garrett County.

Development:
4. I favor rural legacy because it helps preserve our rural way of life. Farmland and the vitality of small rural communities is important. Rural legacy has a record of helping accomplish both of these tasks.

WENDELL R. BEITZEL
Republican

Biography:
1. Attended Garrett County schools, graduated with academic degree.
2. Bachelor of Science Degree from Fairmont State College.
3. Master of Science in Management degree from Frostburg University.

I will bring the patrol deputy back into all communities in Garrett County. I would also combine emergency management with Sheriff's Office dispatchers to provide more manpower during peak call hours.

Qualifications:

You must know all the operations of the Sheriff's Office and Detention Center and possess leadership skills. An important aspect is the ability to listen and respond to all citizen and employee concerns.

JOHN E. FOLEY
Democrat

Biography:

A lifelong resident of Garrett County, I graduated from Southern High School and Maryland Police Academy. I retired from MSP in 1993 with 25 years of service. I was employed by the District Court as bailiff for 2 years and Public Defenders Office as investigator for 7 years.

Changes:

Get more involved in community policing. Enforce fair hiring policy without discrimination. Fair and impartial enforcement. Stay within the approved department budget. Hold quarterly community meetings for public input concerning law enforcement and related topics.

Qualifications:

Must have extensive police and investigative experience. Be sensitive to the needs of all citizens, regardless of age, and be open for public input. As a father/grandfather, I identify with the needs of the youth.

DAVID J. MARTIN
Democrat

Biography:

Been a local business owner and employer for 20 years. I'm a graduate of Southern High School and successfully completed the criminal justice law enforcement course at Garrett Community College. My main attributes for this job are business administration and 16 years experience working with Garrett County youth.

Changes:

Use of a proactive approach to law enforcement, rather than reactive. Budget control, crime prevention is less expensive than rehabilitation. Assign Deputies to specific area of patrol for a police presence in outlying communities.

Qualifications:

Honesty. Integrity. Leadership and problem solving ability. Financial management skills. Administrative skills. A sense of public accountability. All of these qualities go hand in hand for effectual management of any political office.

Comptroller

AUGUSTUS ALZONA

Party: Republican

Biography:

A trusted family man, civil/constitutional rights advocate, mainstream civic leader, minority community activist, versatile businessman. CPA, management professional, former public servant, with 32+ years financial and public policy experience at the local, state and national levels (i.e. Federal Reserve Board).

GENE ZARWELL

Party: Republican

Biography:

As businessman, military officer, Government employee, and politician Zarwell brings legitimacy, credibility, accountability, and responsibility to the taxpayers. Treasurer of his high school — government contractor and auditor — he brings innovative thinking and tight controls on revenue issues.

WILLIAM DONALD SCHAEFER

Party: Democrat

Comptroller William Donald Schaefer has served in elected office for 43 years. The Baltimore native has been a member of the Baltimore City Council, its president, mayor, and governor of Maryland. One of Maryland's most popular political figures, his life's philosophy is that government exists to help people.

JOHN T. WILLIS

Party: Democrat

Biography:

Secretary of State, Maryland, 1995 - present. National Assn. of Secretaries of State, 1995 - present. Democratic National Committee 1987-1989 and 1995 - present. Bucknell University, B.A. 1968; Harvard Law School, J.D. 1971. Visiting Lecturer, Univ. of Baltimore 1999-2002. Adjunct Professor, Western Maryland College 1979-1994. Lives in Baltimore City.

LIH YOUNG

Excellent citizen capability. Passed prestigious examinations abroad. Deeply understand issues, identified problems; legislative hidden agenda. Attended White House Conference on Small Business. Executive and steering committees; diverse organizations, NAACP (life), ACLU, NWPC. Recommended for a Presidential appointment. Married to Ken Young, Ph.D. Two children, Albert and Janice.

Attorney General

EDWIN S. MAC VAUGH

Party: Republican

Biography:

Lawyer, computer consultant and engineer. MBA and Doctorate degrees from University of Baltimore. Will run Attorney General's Office like the premier law office it can be, representing all of Maryland, rural, urban, rich, poor, safeguarding the constitutional rights of all.

JEFFREY N. FRITZKER

Party: Republican

Biography:

53 years old, married Towson attorney; Honors graduate, Maryland Law School, intends to run Attorney General's office in a non-political proactive manner, representing the people, not the politicians; felt \$150,000,000 spent in tobacco litigation with outside law firm was unacceptable.

J. JOSEPH CURRAN, JR.

Party: Democrat

Biography:

Joe Curran was elected Attorney General after serving four years as Lieutenant Governor. The Office of the Attorney General is a national leader in consumer protection, securities regulation, and domestic violence protection. Joe Curran makes protecting children and winning the war on gun violence a priority.

Governor/Lieutenant Governor

CANDIDATE FOR GOVERNOR

BOB KHRILICH

Party: Republican

Age: 44

Priorities:

Improve our school system with adequate funding and targeted spending. Bring "Project Exile" to Maryland, with mandatory prison sentences to keep violent criminals off our streets; Build the Inter-County Connector promptly and responsibly to bring traffic relief to Maryland.

Health Care:

I will continue, but improve, Maryland's unique "all payer" system and develop new affordable insurance for the working poor.

Financing Governmental Programs:

The Glendening-Townsend administration will leave Maryland with a budget deficit of over one billion dollars. While introducing new sources of revenue like slot machines to Maryland's horseracing tracks, I will streamline the state's bureaucracy.

Environment:

I will continue the successful programs such as Open Space and Rural Legacy. Further, Smart Growth programs should be approved by local jurisdictions rather than having the heavy hand of the state control unwilling landowners.

Reproductive Choice:

I support a woman's right to choose; I do not condone abortion as a means of birth control or mere convenience. I do not support any changes to Maryland's abortion law.

Campaign Finance:

Yes, if it could be done in a truly fair way that allows candidates to compete. I will propose changes to Maryland's election laws to require more frequent public reports.

Biography:

I am a lifelong resident of Maryland and have spent most of years in the Baltimore area. I have been married to my wonderful wife Kendel for nine years and we have a son Drew, who is almost three.

CANDIDATE FOR GOVERNOR

ROSS Z. PIERPONT, M.D.

Party: Republican

Age: 54

Priorities:

1. Affordable health care conception to grave, as explained in my Health Care answer.

2. Education: Because education lost early can never be recovered, use all modalities whether vouchers, home schooling, magnet schools, special teaching, or access to private schools.

Health Care:

My plan offers all-payer health care for all, from conception to grave. Founded on systems working well in 16 nations, its efficiencies will not only cover every Maryland person, it will save Maryland taxpayers more than \$2 billion per year.

Financing Governmental Programs:

My plan fully funds health care while saving \$2 billion per year. Use the savings to improve teaching, meet special education needs, and provide essential care for aged, handicapped and severe mental cases. Transportation and environmental protection must be self-financed.

Environment:

Conserving the Bay resources is a "must." Prevent damage from sewage and water run-off. Profit from European experience in cooperating with subdivisions to conserve natural resources. Continue the clean-air program.

Reproductive Choice:

Essentially restrict abortion to rape, incest, and life-threatening conditions. Eliminate partial birth abortion except for very stringent reasons, e.g. life of mother.

Campaign Finance Reform:

Maryland should not spend tax dollars to ensure continuation of a one-party (Democrat) state. Prohibit the use of funds from other states to help elect candidates in Maryland.

Biography:

Born 1917 in Baltimore County, educated in County schools and University of Maryland Medical School. Resident physician in Baltimore City Hospital, then a practicing surgeon in major hospitals in Baltimore and Harford Counties. Additional services included Chief of Surgery, UM.

CANDIDATE FOR LT. GOVERNOR

SIDNEY J. BURNS

County of residence: Montgomery

Party: Republican

Age: 61 (10-12-1940)

Priorities:

I see transportation, education, affordable health care and out of control state government spending as the major issues facing the state of Maryland today.

Health Care:

The Pierpont/Burns team will install a health care system based on one that has been in continuous use for over one hundred years in Germany. It is now in use in sixteen developed nations throughout the world.

Financing Governmental Programs:

Our administration will demand 100% financial accountability from the office of the Governor to every last of the 70,000 state employees. I promise to get you the "most bang for the buck" from your hard-earned tax dollars.

Environment:

Our environment has suffered with the unrelenting encroachment of our rapidly growing society. I need to balance growth with preservation of our precious environment through forced preservation of green spaces and set asides of nature preserves.

Reproductive Choice:

When the fetus becomes a human being is a medical, legal or a religious question. I am currently satisfied to accept the law of the land (Roe vs. Wade) and leave the choice up to the U.S. Supreme Court.

Campaign Finance Reform:

The high cost of politics has created candidates that are the choice of political bosses to the exclusion of the voters. The major parties have chosen the general election candidates and have ignored the primary elections.

Biography:

I was born in Washington, D.C., on October 12, 1940. Graduated from D.C. Public School System in 1958. Resident of Maryland since 1960. Graduate of University of Maryland in 1963. Married for 38 1/2 years with two children.

CANDIDATE FOR LT. GOVERNOR

KATHLEEN SHERIDAN LINNEY

County of Residence: Baltimore County

Party: Republican

Age: 34

Priorities:

Campaign financing reform. Voters need to lead campaign reform efforts by voting for reform candidates. With effective campaign reform our legislators and other elected officials will do a better job in carrying out the duties and responsibilities of their offices.

Health Care:

Undiagnosed health problems may be the major health problem in Maryland. Improvements in health care must focus on several public health issues at a time and we must conduct public information campaigns on how Marylanders can identify and manage particular.

Financing Governmental Programs:

We need to increase our tax base by making Maryland business friendly so manufacturers, distribution centers, technology companies, commercial centers and such will choose to come to and remain in Maryland.

Environment:

All the environment enhancing and environment protecting programs need ongoing evaluation by both public and private resources with plans to make urban areas more livable and attractive to citizens in every demographic characteristic. Public transportation must be affordable and reliable.

Reproductive Choice:

We all must make choices. What is legal or illegal is up to state and courts. What is moral and immoral is a choice we make ourselves and is a matter of conscience. The state should not fund bad moral choices.

Campaign Finance Reform:

It seems like such a public funding system will be unworkable and a smoke-screen that will put-off efforts for more meaningful reforms. There is a need for spending limits and such a system should be developed by the major.

Biography:

I married to Scott Linney in 1992 and we now live in New Town, Owings Mills, MD. We chose New Town because of its diversity as I grew up in Columbia, MD and wanted my children to experience the diversity of many people of differing backgrounds living well together.

CANDIDATE FOR GOVERNOR

ROBERT FUSTERO

County of Residence: Montgomery

Party: Democrat

Age: 51

Priorities:

To balance the budget so that we don't have to cut programs. To offer the best living conditions for the citizens of the state. To offer everyone a chance to a decent education and a living wage.

Health Care:

For the many residents who have no health insurance, I would work with various private insurance companies to find the best deal at the best price and give the citizens a choice as to what is offered and the benefits that will fit their needs.

Financing Governmental Programs:

Rather than raise the income tax or sales tax, I would seek other ways to raise revenue with taxes on alcohol, motor vehicles fees (license and tags), a gasoline tax and slot machines.

Environment:

I find that the current concept of Smart Growth has resulted in more congestion in already overcrowded areas. I would have to seriously take another look at Smart Growth and seek changes.

Reproductive Choice:

I am pro-life. Under the current laws in this state abortion is a one way issue with no consideration for paternal rights. The rights of both parents have to be taken into consideration.

Campaign Finance Reform:

Yes, I would support public funding. I would also like to see less bias by the media concerning lesser known candidates.

Biography:

I graduated from American University and did graduate work at George Washington. In 1976 I ran for U.S. Congress on a platform that advocated an end to tobacco subsidies and sugar subsidies, and a better solution to the traffic problems that confront us.

CANDIDATE FOR GOVERNOR

JAMES T. LYNCH, JR.

Party: Democrat

Age: 47

Priorities:

To reduce the crime in our state, by using zero tolerance and to enforce the laws that we already have on the books, not making new ones. I support the death penalty, I believe without the death penalty crime and violence would be worst.

Health Care:

I sit and wonder how a nation like Canada can give their citizens health care by their government, and wonder why our state and our nation don't provide even basic care for citizens, I would seek support for government programs.

Financing Governmental Programs:

As I would not like to see taxes go up, we need to tap other resources that we can use such as slots. This will not fund all programs, but can help. We have a wonderful state, rich in history, resources.

Environment:

As I am not up on smart growth programs, I can say that our state has beautiful parks, landmarks and farms. With the land that is not been devoted yet, we have to again remember the future generations to come.

Reproductive Choice:

I am pro choice for women's rights, I strongly agree that women have the right of choice on this delegate matter, this is a hard enough choice for a woman to make, she doesn't need added pressure from an opposing side.

Campaign Finance Reform:

I would support a public funding system for campaigning for government office. For I believe that politics is not just for people with money, but also for everybody. As a write in candidate for governor, I don't ask for money.

Biography:

I have been a resident of Dundalk for over 30 years, I have the pleasure of traveling all over the country as a military brat and seen our government at work. I play and work hard. For those are values.

CANDIDATE FOR GOVERNOR

KATHLEEN KENNEDY TOWNSEND

Party: Democrat

Age: 51

Biography:

As lieutenant governor, Kathleen Kennedy Townsend has been Maryland's point person on several important issues, including public safety, economic development, children and families, domestic violence, service and volun-

teerism, and transportation. She is married and is the mother of four daughters.

Priorities:

I will fight for schools where every child succeeds, health care that is affordable and accessible, a strong economy and family supporting wages, safe and strong communities, and a quality of life that is second to none.

Health Care:

My plan includes real assistance with prescription drug costs, more coverage for uninsured families, public health investments in drug treatment, mental health, HIV services, and fighting bioterrorism, and supporting community health centers where all Marylanders can get affordable primary care.

Financing Governmental Programs:

My first priority will be fostering economic growth that supports Maryland's investments. I will work with the Commission on Maryland's Fiscal Future to identify priorities and revenues to support education, health care and transportation needs, and sustain our environmental commitments.

Environment:

I will focus on revitalizing communities, making them attractive places to live, work and raise a family by supporting schools, playgrounds, health centers, and other community initiatives. I will also continue the land preservation programs that reinforce Smart Growth.

Reproductive Choice:

I am proud to have an unbroken, lifelong record of support for women's freedom of choice. As an elected official, I pledge to oppose efforts to roll back the rights that women fought so hard for so long to win.

Campaign Reform:

I would support public funding — from a system of voluntary contributions — for candidates who adhere to

spending limits. I would not require all candidates to utilize public funding.

Representative in Congress

DISTRICT 6
ROSCOE BARTLETT
Party: Republican
(Unopposed)
DON DE ARMON

Party: Democrat

Age: 47

Priorities:

Winning the war against terrorism must be our first priority. Our health care system needs a total overhaul and our schools must remain strong for our children's future. Bartlett has voted against all education and health funding for three years.

Health Care:

Technology should be used effectively to prevent medical mistakes and deliver quality health care. Authorize the HHS Secretary to negotiate drug prices with big pharmaceutical companies to drive down costs. Universal coverage should be established as a national goal.

Environment:

We should reduce our dependence on foreign oil by encouraging the use of renewable fuels, using new technologies to improve cars, and creating incentives for environmentally friendly energy production.

Security/Defense:

We should embrace common-sense and cost-effective policies for raising our level of domestic security. Overseas, in addition to working with our allies militarily, we must provide a greater level of foreign aid to demonstrate the true leadership of the U.S.

Reproductive Choice:

A woman should have the right to choose free from government interference, so abortion should remain legal and safe. But we should emphasize policies that instill personal responsibility in our young people and prevent unintended pregnancies.

Social Security:

Tax cuts for the wealthy have depleted the Social Security surplus; we need to rescind them. Stock market volatility in the past year has demonstrated the hazards of privatization. Roscoe Bartlett supports the complete privatization of the Social Security system.

Biography:

Educated in Maryland public schools. Graduated UNC-Chapel Hill. Celebrating 25th wedding anniversary in 2002. Two children in college (Reed, Wake Forest), one in high school, one in elementary. My wife Ann is a school teacher. Congressional staffer for 25 years.

KEVIN M. SHAFFER

Party: Democrat

Age: 45

Priorities:

America needs to rid the world of terrorists. America needs to ban abortion and capital punishment. America needs to provide medical care for its uninsured poor children. America needs a simple flat tax of 20% of all income.

Health Care:

America needs to limit lawsuits against medical providers. America needs to provide medical care for all uninsured poor children.

Environment:

America needs an energy policy that balances energy use against environmental damage. A scientific study to determine if other sources of energy are available and economical. Conservation is absolutely essential if this country is to be successful.

Security/Defense:

The United States must make our friends and foes alike know that we will not tolerate terrorism of Americans anywhere in the world. We must be careful about giving up our Constitutional Rights just because of terrorism.

Reproductive Choice:

Once a woman becomes pregnant, she and her male partner give up any rights to reproductive choices. A fetus of any gestation period is still a human being. Therefore, we must ban abortion in this country.

Social Security:

People need to understand that social security is meant only to provide the most basic of retirement funding. The retirement age needs to be increased based on the fact that Americans are living longer.

Biography:

I am a conservative democrat who is 45 years old. I graduated from Frostburg State College with an accounting degree. I am Roman Catholic. I am single with no children. I am a Marine Corps marathon finisher.

To the Editor:

It is with great pleasure to send a letter of support for Lisa Thayer Welch. Ms. Welch has served as the chair of the Garrett County Family Violence Coalition for three of the last five years. The coalition is an organization of 21 persons representing the major agencies in the county whose principal purpose is to create a system for a coordinated community response to family violence with the goal of zero tolerance in Garrett County.

As the county's state's attorney, Ms. Welch is very familiar with each organization and those individuals representing those organizations. I believe that because of her leadership and knowledge, the coalition has moved forward rapidly to having one of the best-coordinated community response teams to family violence in the state.

She has great understanding of the issues of family violence and its effect on women and children. In 1996 her very first case was to prosecute an abusing husband who finally killed his wife in a family violence incident. It is clear that family violence is very prevalent here as in any other community. However, since 1996, Garrett County has not had a death of a woman or child involving family violence. Ms. Welch offers much help in addressing this problem as cases come before her. She looks very carefully at any case involving family violence and/or child abuse.

I think that this county would lose an effective leader and supporter in the efforts to decrease the incidents of family violence if Lisa Thayer Welch is not re-elected state's attorney for a second term. She has experience and understanding that her opponent does not have.

Sincerely,
Peggy Nelson
Coordinator, Garrett County Family Violence Coalition

enforcement of our code of conduct. The high standard of character, moral ethics, and pride in our department that Sheriff Sanders displays is of utmost quality, and is expected to be exemplified by all staff whether on or off duty.

Sheriff Sanders has always been fair and understanding, but also remains extremely firm in all decision making procedures toward staff and public alike. Sheriff Sanders is always loyal to base his decisions on what is best for the community and the people he serves. Being a "man of his word" is more than a saying; it's an undisputable rule.

Sheriff Sanders also promotes an "open door" policy extended to anyone, whether they are department personnel or not. There has never been a time, for as long as I have been here, that Sheriff Sanders has not made time

for a consultation in his office.

In closing, I can say that the professionalism and exceptional work ethics of the Garrett County Sheriff's Office is a product of excellent leadership and example; that leader is Sheriff Sanders.

Correctional Officer
Samuel C. Thomas

To the Editor:

As a law enforcement officer in this county for over 14 years, I have dealt with attorneys both in and outside of the courtroom. I have investigated the candidates for state's attorney and conclude that Lisa Thayer Welch is the only qualified candidate for the position of state's attorney. I ask you to join with me and vote for Lisa Thayer Welch on September 10th.

Sincerely,
Patrick J. Kelly

New Treatments for Psoriasis Evaluated

There is no cure for psoriasis, a skin condition that affects people of all ages. Typically the skin becomes red and scaly patches occur on the scalp, elbows or knees. Severe psoriasis also may appear on the palms of the hands or soles of the feet. Mild cases can often be controlled with topical medicines such as coal tar preparations. More severe cases may require ultraviolet light and/or immunosuppressive drugs.

Several new drugs are on the horizon for treating psoriasis outbreaks. Although none appear to cure the disease, clinical trials indicate that they may ease symptoms considerably and control spread of the disease. One such medicine is a disease-modifying agent with a highly selective action. It targets part of the immune system thought to be involved in the development of psoriasis. Early trials showed promising results in some patients without psoriasis rebound.

To the Editor:

I have known Dick Sanders for the past 15 years. I have found him to be open and honest, approachable, and a capable supervisor, and there is a true willingness to be a community leader.

Best wishes to him on his bid for a second term.

To the Editor:

First, I'd like to extend a good luck to Mr. Dave Beard on his run for county commissioner. I had the privilege of being one of his students at Southern High. Mr. Beard devoted a lot of years to the young people of this county, and I think he'd be a great voice for them.

Also, I have for some time wanted to express my thanks to Mr. Jon Ziegler. I really enjoy reading your letters. I want at times to comment on things that go on in this world, but don't know that I would do justice to some issues. Your letters are beautifully written and express a lot of how I feel. Please keep writing, and God bless you.

Sincerely,
Brenda Spink Alexander
P.S. Please, everyone, remember even in the primary it is our freedom and duty to vote. There are those who want to take some of our freedoms from us, like the right to bear arms. Make sure your voices are heard. Everyone's vote counts!

Remembering 9/11

Last year, during the days following 9/11, the staff and management of Deep Creek Brewing Company worked to donate tips and a percent of the proceeds to help in the Red Cross effort.

We've decided to make it an annual event to remember the victims. This year our tips and a percentage of the proceeds will go to the Rotary Christmas Project for Children.

Please come help us on 9/11 from 4pm to 10pm.

To the Editor:

This is written in support of David Beard for county commissioner. I have known this candidate for many years and have always found him to be a concerned and fair-minded individual who consistently demonstrates his sound leadership skills through his involvement in many community activities. A leader's ability to make informed decisions and create sound solutions to our county's problems should be closely examined before deciding who will get your vote.

Dave Beard is not only highly educated in the field of government, he also combines that formal knowledge with a healthy dose of common sense when dealing with the issues that are crucial to our present and future well-being. Dave's constant search

for knowledge and information combined with his willingness to listen and communicate will make him a strong and responsive force in our county government.

The level of concern that Dave Beard has for others has been demonstrated over and over again through his classroom, community, and charitable activities. Because Dave is "out there" among the people every day as he works with the town council, oversees Broadford Park, and runs the Lions Club concession at local high school football games, he is aware of your concerns as citizens and is truly interested in what you have to say. This level of caring is rare.

When selecting a person for political office one must consider many factors; Dave Beard's sense of fairness, educational background, perseverance, and willingness to listen objectively and with an open mind are all pluses in a candidate.

TROOP 22 HITS THE ROPES — Members of Boy Scout Troop 22, sponsored by the Oakland/Mtn. Lake Park Lions Club, completed the high and low ropes courses at the Meadow Mountain Youth Center recently. Designed to force participants to work on team building and problem solving, the courses were completed under the direction of Meadow Mountain staff Tim Murphy and Chris Gringham. Pictured in the front row, from the left, are Mike Roszeczy, Matt White, Michael Varner, and Brendan Stephens. In the back row are Murphy, Brian Georg, Evan Savopoulos, Michael McConnell, Zach Gotach, Matt Gorley, and Gringham. Troop 22 serves boys ranging from ages 12 to 18, and those interested in joining the Troop should contact Bob Stephens at 301-334-8647.

You can be assured that if you vote for David Beard for county commissioner, your vote will support a candidate who will cut across the social, political, and economic boundaries in our county to develop solutions that are equitable and beneficial for the majority of people. Thank you for your time.

Sincerely,
Robin Spiker

To the Editor:

Planted throughout our county are the signs and ads informing us of the men who are asking us to trust them with the safety and care of our families, friends, and visitors. It is a very important decision we have facing us in the coming weeks and months — a decision that some people make based on facts that have been restricted to a bordered newspaper ad or a highway billboard. That is, unless you have personal knowledge of the candidates.

Harland Tichnell is, in my opinion, the strongest and most qualified candidate for sheriff of Garrett County. During his many years of service at the sheriff's office he proved himself loyal and more than capable of the job and to the people of this county.

Harland was an unassuming positive force at the sheriff's office under previous sheriffs' terms. For years he performed a thankless job without the expectations of public recognition. Public recognition was not important to Harland. However, his responsibility to his duty and to the people was and still is. Harland was instrumental in obtaining grants for programs that, to this day, benefit Garrett County's communities. And likewise, he has the much-needed

vision to lead our communities safely through the changes that are occurring as our county progresses.

Harland possesses the willingness to dig in and fight for what he believes in. And he believes in the safety and security of the people of Garrett County. I have always believed the possibilities are endless when we have someone who is not afraid to stand in our corner! We can only benefit from someone willing to publicly set that example.

Harland is that someone. He has proclaimed he is not a politician, and that, to me, is typical Harland style. For as long as I have known him, he has always been up front and outspoken as far as the facts are concerned. He is not accustomed to speaking just to hear the sound of his own voice. If you ask a question of him, you best be prepared to hear the truth. For that is what you will get. He is not in the business of sugarcoating or beating around the bush. So, yes, I guess you could say, "Harland is not a politician." But, being a politician is not what the leadership of the Sheriff's duties is about. Being a peace officer is.

Along with the many years of training and experience that Harland would once again honor the sheriff's office with, he also would bring a strong set of values, which includes a respect for the people and loyalty to duty.

So, when you go to the polls next week, don't just think about which candidate had the most ads or the biggest signs. Put some thought into what is best for our well-being as citizens of Garrett County. Please consider Harland Tichnell for sheriff.

Thank You
Adrienne Glatfely

mined person that I have known. He meets each duty with total commitment and determination. This commitment is not for eight hours or Monday through Friday, but is a total commitment until a task is completed.

I urge everybody to consider this when selecting the Garrett County sheriff, as it takes a total commitment from a fair, experienced, and dedicated person.

On September 10, exercise one of your greatest freedoms and cast your vote.

Gary Berkebile

To the Editor:

It seems that everyone wants to be a county commissioner this year. With more than the usual number of candidates running for election in next week's primary, we need to look beyond the campaign rhetoric and promises of the "wannabees" to the men who are currently in office. Our three commissioners have performed their duties with diligence and integrity and have taken actions for the good of the county and its future, not to promote

their own agendas.

We really do not need to "fix" something that isn't broken. Let's keep Ernie Gregg, Fred Holliday, and Wendell Beitzel in office

and keep Garrett County on a steady course into the future.

GARRETT MEDICAL GROUP, P.A.
Is pleased to announce the arrival of two new physicians to the practice. They will be accepting new patients as of October 1, 2002.
Christine Browning, M.D. is a Garrett County native, having graduated from Southern High School in 1991. She attended Hood College in Frederick, Maryland, graduating magna cum laude with a B.A. in Biology in 1995. Matt Duran, M.D., originally from Bethesda, attended the University of Virginia in Charlottesville, VA, and received a B.A. in Interdisciplinary Studies with distinction in 1995.
They went on to meet at the University of Maryland Medical School and received their medical doctorates in 1999. After getting married, they ventured west to Pueblo, Colorado, where they completed their family medicine residency at Southern Colorado Family Medicine in June of this year. During this time, Christie completed a specialized obstetrics training tract.
Christie and Matt are excited to return home. Christie will be practicing full spectrum family medicine, emphasizing obstetrics, pediatrics and internal medicine. Matt will offer full spectrum care including obstetrics, pediatrics and internal medicine.
In their free time, Christie and Matt enjoy a variety of outdoors activities that western Maryland can easily provide

To the Editor:

I write this letter in support of Dick Sanders for sheriff. I feel that it is important to share a few facts with the citizens of Garrett County concerning our sheriff.

Even before being appointed sheriff, Dick Sanders displayed his leadership skills making the Sheriff's Office what it is today.

Through his capable leadership, the following was accomplished:

- Where there were no internal controls and safeguards, there now are many.
- Where accountability was lacking, everyone is accountable.

- Where once an employee could be dismissed or replaced by the sheriff, we now are classified employees and cannot lose our jobs without just cause.

- Where once the Sheriff's Office staff may have been lacking, there are now competent, dedicated employees serving the citizens of Garrett County. You should all be proud!

- Where the doors were once closed to the citizens, the "open door policy" occurred five years ago under Dick Sanders. Through this open door policy, the sheriff has made many friendships and aided many citizens from all over Garrett County.

- Where once the approved budget was misused, the approved budget is responsibly managed.

- Where training may have been lacking, we now have a highly trained staff with training being an ongoing process.

ing process.

- Educational programs including DARE were expanded to include Reality, Gun Safety, Drug Training, Senior Safety & Crime Prevention (SALT).

- Where our approved budget was once almost 100% county funded, we now have a sheriff who aggressively applies for and receives grants which contribute to additional income to the county.

- Where law enforcement agencies did not work together, they now work together to better serve the citizens of Garrett County.

Dick Sanders was elected to enforce the laws as they are written. He does not pass judgment; that is the courts' responsibility. He is a listener, a disciplinarian, a leader, he is trusted by all, he is a man of his word, a man of honor, he cares for our children, he is respected, committed, caring, fair, dedicated, he is a man of faith, he is a man of integrity, he is there to assist all citizens.

His campaign is run on its own merits; his accomplishments speak for themselves. He is committed to continuing to serve the citizens of Garrett County for another four years. I am both proud and fortunate to work for such a wonderful man.

I could go on and on, but I think that you have an idea of the type of sheriff that we now have. Garrett County citizens, we are all fortunate to have made the right choice four years ago. The right choice is yours again; please exercise your right to vote on September 10.

Gloria Burns

To the Editor:

We support David Beard for county commissioner of Garrett County. Dave is a retired co-worker and friend who has been dedicated and committed to serving the public. David is a man of integrity and a highly qualified candidate to run government. We ask your support for him on election day. Thank you.

Edward and Elaine Bateman

To the Editor:

I am writing this letter to endorse the candidacy of Dave Beard for Garrett County commissioner.

Dave Beard was a member of the Garrett County Board of Election Supervisors for nine years. During this he served one term as president of the board.

Dave never missed a board meeting and attended all state meetings required. As a former employee of this board, I can attest to his administrative skills and fairness when dealing with office personnel. We were very fortunate to have Mr. Beard's leadership and dedication on our board.

I encourage you to join with me and vote for Dave Beard on September 10.

Sincerely,
Carole Paugh
Retired from Board of Election Supervisors

To the Editor:

I am writing as a friend and teacher in support of Mr. Dave Beard's election as the Republican county commissioner in District III. Having taught with him at Southern High School for 27 years, I can attest to his work habits, honesty, and integrity. At this time when the morals and truthfulness of our corporate and governmental leaders are being tested even at the highest levels of our government, Dave Beard is an honest and caring person. He has been supportive of all students in their many activities. He has missed attending only one football and two basketball games at Southern High School in 30 years. If Dave Beard is elected commissioner, he will bring this faithfulness and dedication to the commissioners' office. Dave Beard will be an active, full-time commissioner, learning the concerns and needs of his constituents, and then acting to try and implement solutions to those concerns.

Although Dave Beard's retirement as a teacher from SHS was a loss to the education profession, his election as county commissioner will be a gain to the citizens of Garrett County. Dave Beard is a true friend who will be a good commissioner and whom you can say that you are proud that you helped to elect by voting for him on September 10. Thank you.

Sincerely,
David Mayfield
SHS Physics and Mathematics Teacher

To the Editor:

Who will get your vote? That, of course, is the big question for every candidate in this election year. Every now and again you, the voter, become the most important person in the political process. Without your input, this great country could not have survived as well as it has.

Unfortunately, there are a few people who don't realize just how important their votes are. They don't seem to value them as much as they should. I have heard comments like, "nice person" or "has a nice sense of humor," or "good-looking" or "native son" given as reasons for voting for some candidates.

Elections, I believe, are

course corrections to where "the ship of state" is heading. It is imperative that we look ahead to where we want to go and carefully weigh the factors that will get us there. Look at all of the issues that a candidate is talking about. Look at his/her involvement in those issues. Look at his/her qualifications and experience. Look at his/her recommended solutions to problems. Try to get a glimpse into where their hearts are. Then choose the best candidate and take the time to vote on Tuesday, Sept. 10.

George Falter, Jr.
McHenry

To the Editor:

When my husband and I registered in Garrett County we were told if we wanted a voice in local politics we better register Republican. Sadly enough, over the past 15 years that has often been the case. It is disappointing to see good candidates change their affiliation in the hopes of improving their chances of being elected.

While a registered Democrat, I consider myself to be an independent voter. When someone comes along who does the job, follows through on promises, and really puts the best interest of the people first, that's where my vote will go.

Fred Holliday is that kind of a candidate. He is a "roll-up your sleeves, get to work" kind of person. When the library held its bingo fund-raiser, Fred was there calling out the numbers and urging folks to buy lots of chances. When the Dove Center held its fund-raiser, Fred was never without a pocketful of tickets and chances for the event. If it's for a good cause, Fred is there working side by side with his neighbors.

As an advocate for the mentally ill and as a Lighthouse board member, I have made many a call to the commissioners' office regarding mental health issues. Fred returns my calls immediately, answers my questions, and responds favorably whenever possible.

Fred Holliday has been a good commissioner. He understands the needs of the county, and the residents of the county are his

only special interest group. If re-elected he will continue to work long and hard on their behalf.

Roberta Andersen

To the Editor:

I have known Dave Beard for almost 35 years as a friend, teacher, businessman, and responsible citizen interested in government.

As a friend, I found Dave to be honest and direct. I have counted on him in the past and the present for input in issues, both personal and professional, and he was and is always available for me.

As a teacher, he is a highly respected and competent professional. I can think of no instance when he was validly criticized for any action as a teacher. His evaluations by our school administrators have always been exemplary.

Dave has been in business for years in Garrett County, operating the Deep Creek Lake State Park and Broadford Park summer concession stands. This means that he knows how to hire responsible people, operate an organization profitably, and earn respect in the business community.

As a concerned citizen, Dave's involvement ranges from being active in local civic clubs, such as the Oakland Optimist Club and the Oakland/Mtn. Lake Park Lions Club to the Garrett County Bd. of

Election Supervisors. Presently he is a member of the Oakland Town Council. These are but a few of the examples of his being involved in community activities.

In conclusion, I highly recommend with full confidence in his abilities that you vote for David Beard for county commissioner in District #3.

Respectfully,
James L. Zimmerman
Teacher, 37 years

To the Editor:

I would like to acknowledge my support for David Beard as the District I county commissioner.

I've known Dave to be an honest, hard-working, and dedicated servant in each and every task he has undertaken.

Dave will certainly be a

valuable asset to the county residents as a representative of District I.

SAT CLASS RECEIVES DONATION — Dr. Wendell Teets, superintendent of Garrett County public schools, accepts a \$400 donation from Lou Stroanider, on the right, president and owner of Stoney Brook Properties, on behalf of Northern and Southern high schools. Beginning this school year, the Garrett County Board of Education implemented a SAT preparation course for high school students during the school year. The class is similar to the after-school program, with both a verbal and mathematics component, but also includes a guidance element to assist students search and complete college and scholarship applications while learning about financial aid. An objective of this class is to encourage more students to participate and acquire a satisfactory score during the various testing situations offered through the school year. In the past, students who have taken advantage of the SAT instruction at the high schools have been more successful on SAT and ACT tests. Two students at each high school who are enrolled in the daytime SAT preparation course are eligible to compete for a \$100 scholarship that can be used for any academic endeavor of their choice. Additional information can be obtained by contacting the guidance office at each school.

GC Sets Open House For Med. Transcription

An open house for persons interested in medical transcription will get under way at 6 p.m. Wednesday, Sept. 18, on the McHenry campus of Garrett College. Program director Tom Kierstead plus faculty and students who have completed the curriculum at GC will meet with prospective students in the Center for Community and Continuing Education, Room CE-312, to answer questions about the curriculum and discuss career opportunities in the medical transcription profession.

Representatives of a newly forming Garrett County transcription business will also attend the event. There is a possibility that this company may hire

some graduates of the medical transcription class, while other graduates' job searches will be facilitated through the GC Job Placement Office.

The medical transcription curriculum consists of 300 hours of instruction, covering topics including anatomy and physiology, computer skills, medical science and terminology, and digital medical transcription lab. The projected start date for the next class is Wednesday, Oct. 2. The curriculum has recently been updated, and students will meet Monday

and Wednesday evenings and on average three Saturdays per month through May 2003.

The course is designed

for students to move forward at their own pace, and those with medical backgrounds, as well as highly motivated individuals, may

be able to complete and exit early," Kierstead said. "All prospective students should check with their tax advisors to see about the

possible tax advantage of using the Lifetime Learning Tax Credit. There is a competitive application process to enter the curriculum.

Candidates' English and typing skills will be assessed upon receipt of application materials.

Safe Night Out Set In Grantsville

The Governor's Office of Crime Control and Prevention, along with local businesses, will again be sponsoring the Safe Night Out. It will be held on Sept. 14 between 4 and 8 p.m. at the back pavilion of the Grantsville Park. There will be food and games, and Scooby Doo will be making an appearance.

There will be door prizes awarded throughout the evening. For additional information, persons may contact Pastor Butch or Linda Morsberger at 301-895-4223 or Linda Green at 301-334-9431 or 888-877-8403.

9/11 Service Set At Maranatha

Maranatha Church will be holding a 9/11 Remembrance Service on Wednesday, Sept. 11, at 6:30 p.m., following its fellowship dinner. The public is invited to attend and will have the opportunity to remember those who died one year ago and those who acted with great courage; and to pray for the families and friends who lost loved ones.

A video commemorating the 9/11 attack will be shown. The church is located at 176 Springs Road. Persons may call 301-895-5300 for more information.

COMMUNITY AND ACCIDENT SCHOOL WORKING TOGETHER — Without knowing the full impact of his kindness, Elmer Selby of Lake Side Docks purchased a baby beef at the Garrett County Fair. He then donated half of the beef to the Deep Creek Fire Department for the purpose of a fund-raiser. Members of the fire department decided to share the kindness and contacted Accident Elementary School, where the character education team was given half of the beef to chance off. Parents of the school will conduct the raffle and the proceeds will be split between the character education team and the fire department. "Cooperation and team work are county characters for the month of May; however, what a great way to begin a new and exciting school with a community working together to make our county an even better place to live," said Doris Cooper, a member of the character education committee. The character education team will provide monthly school-wide assemblies to reinforce the character traits to students. Persons may contact Accident Elementary School to support the project. Above, left to right, in the back, are Selby, and Steve Sines, Russell Sines, and Paul Custer, fireman. In the middle are Mrs. Kolbe and Mrs. Platter, teachers caught doing good deeds. Students caught doing good deeds are in the front. They are Travis VanSickle, Whitney Murphy, Taylor Day, Emily Fratz, Jessica Friend, and Cody Rodeheaver, who introduced his grandfather Elmer Selby. Doug Miller, Accident custodian, was also caught doing a good deed.

Annual Historians Meeting Slated

The history of the earliest Amish Mennonite settlers in present-day Summit and Elk Lick townships of Somerset County, Pa., is the focus this year of the annual meeting of the Casselman River Area Amish and Mennonite Historians, to be held on Sept. 20 and 21.

The meeting is programmed with a focus on those Amish Mennonite immigrants who arrived in the area from 1774 to 1785. This effort of identifying and putting on record these Amish settlers in this time frame may be a first in systematic historical research.

Twelve families have been identified who made their way from eastern Pennsylvania, mostly Berks County, into present-day Somerset County and settled along the Casselman River. The movement of some of these families from the Amish Mennonite church to the Mennonite (non-Amish) church and the Dunkard (Brethren) church will be noted as an important aspect of the his-

tory, which began very early after settlement in the area.

Virgil Miller, genealogist laureate of Sarasota, Fla., has agreed to speak on "Our Roots in Europe," and to autograph purchased copies of his new book *Both Sides of the Ocean*.

The location of the event is the Oak Dale Mennonite Church, between Springs

and Salisbury, Pa., along Route 669, and will begin Friday evening at 7 p.m. and Saturday at noon, with a lunch offered at the church and a bus tour at 1:15 p.m.

A program flier is available by writing or calling the Casselman Historians at P.O. Box 591, Grantsville, MD 21536, or 301-245-4326.

Garrett College Slates Nursing Assistant Course

Garrett College will offer a Maryland approved nursing assistant course beginning Wednesday, Sept. 11, at the college's McHenry

campus. The theory portion of the course will meet on Tuesday, Wednesday, and Friday evenings between 6:30 and 9:45 p.m. Students who pass the theory portion of the course will continue on to participate in an intensive 40 hour on-site clinical experience.

Maryland regulations require that anyone who performs nursing tasks delegated by a nurse for compensation must complete an approved nursing assistant course of study, and be on the nursing assistant listing maintained by the Maryland Board of Nursing.

Individuals who wish to work in a long-term care facility (nursing home) must take the Maryland registry test to become geriatric nursing assistants. The registry test has both written and skills components. Although the registry test is not a part of the GC course, students who are not employed will have the opportunity to self-fund and be sponsored for the test through an outside agency.

Topics for the course include the role and responsibilities of nursing assistants, major organs and body systems, common medical terms and abbreviations, ambulating devices, human growth and development, ethical and legal issues, and demonstration of various nursing functions.

All potential students must register in person at the Continuing Education and Training office, Room CE-300, at GC's McHenry

campus. There is limited seating, and enrollments are taken on a first-come, first-served basis. For additional information, persons may call Carol Newman at 301-387-3088.

Northern Rescue Squad Set To Hold Block Party

Northern Rescue Squad, Station 1, Grantsville, will be holding a block party on Sept. 7, from 5 to 9 p.m. The event will be free of charge, and there will be music, games, and food. A special prayer service will be held at 7:30 p.m.

Door prizes will be drawn; however, persons must be present to win. The purpose of the party is to honor all those touched by 9/11/01. It will be held rain or shine.

Continuing Ed. Classes Set At Grantsville Ctr.

Garrett College has scheduled a variety of classes that will take place at the GC Grantsville Outreach Center next month.

"Creating a Web Page: FrontPage 2000" will meet from 6:30 to 8:30 p.m. for six consecutive Tuesday evenings beginning Oct. 1. The course is designed for the individual who has a basic knowledge of word processing and the Internet and wants to be introduced to the basic development of a web page.

The course includes an introduction to web site design concepts and the basic knowledge needed to suc-

cessfully create, manage, and deploy a web site. Additional activities covered will be setting page properties, working with text and graphics, creating hyperlinks, using tables and forms, and publishing a site. Photographer Jeannine St. Marie McMutcheon, who has her own studio in Frostburg, is instructing the course.

A "Conversational Spanish" course is slated for six straight Wednesday evenings, beginning Oct. 2, from 6:30 to 8:30 p.m.

This introductory course is designed for those who have never learned Spanish. The course provides an introduction to Spanish pronunciation, basic vocabulary, and common phrases and communication strategies for simple conversations. Nohemi Beitzel of Springs, Pa., is instructing the course. Beitzel was born in Nicaragua and attended school in the capital city of Managua. She is presently working at the Salisbury Area Family Center, located in Salisbury, Pa.

"Stott Pilates Mind-Body Conditioning" will meet for six consecutive Tuesday evenings from 6:30 to 7:30 p.m. beginning Oct. 1 in the Outreach Center offices of the Social Services Department. Developed in the 1920s by German athlete Joseph Pilates, the Stott Pilates program is a contem-

porary approach to mind/body exercise, placing emphasis on areas such as movement quality, posture, breathing, and relief of pain. An exercise mat is required to participate in this course, which will be taught by Springs resident Jennifer Christophel.

"Healthy Living" will be offered over a span of three consecutive Mondays, from 6:30 to 8:30 p.m., starting Oct. 21.

The course will focus on staying healthy, living longer, and achieving ideal weight. The first segment is titled "Eat Right for Your Body Type," and will address using blood type to select foods, vitamins, medication, and optimum mode of exercise. The second segment, "Aromatherapy Using Essential Oils," will deal with using aromatic oils to support balance and health. The use of oils is purported to relieve stress, induce deep relaxation, and strengthen the immune system, among other therapeutic benefits. The course will conclude with "Losing Weight the Healthy Way," which will provide a focus on changing behaviors, setting realistic goals, exercising, eating habits, and grocery shopping.

Grantsville resident Rosie Cupler, who has a nursing background and is the owner of Herbs Etc., will instruct the class.

"Computer Skills I," another three-part course, will meet Fridays beginning Oct. 4 from 9:30 to 11:30 a.m. Designed for beginners, the sessions will offer interactive instruction on the essentials of working with a computer. Topics will include common elements of the computer, basic computer terms, mouse techniques, menu bars, and managing files.

In addition to that computer course for the general population, two senior level computer skills courses have been scheduled that will explore the same topics. A three-session Seniors Level I course will start on Tuesday, Oct. 1, and will meet from 10 a.m.

to noon. A four-session Seniors Level II course is set for Tuesday, Oct. 22, and will meet from 9 a.m. to 12:15 p.m.

"Microsoft Access" will be offered from 6:30 to 8:30 p.m. over six consecutive Mondays beginning at the Grantsville Outreach Center from 6:30 to 8:30 p.m. beginning Oct. 21. The course will offer instruction in use of the tools necessary to create and maintain both simple and comprehensive databases. Topics to be covered include coverage of Access objects, creating databases, data entry, navigation, table manipulation, forms, modifying records, filters, and reports. The sessions will be instructed by Teresa Walters, a Grantsville resident and Merkle Response employee.

For additional information about these classes, persons may contact Terry Beachy at 301-895-3368, or the Garrett College Continuing Education Division at 301-387-3069.

Bolden Slated As Speaker At Accident School

Wayne Bolden of Wayne's Water 'N Wells will speak about his involvement in the recent Pennsylvania mine rescue on Sept. 11 at 2:15 p.m. at Accident Elementary School. The assembly will touch on remembering the lives that were lost on Sept. 11 last year, but will focus on the "positive character traits that the United States citizens believe in and live by," according to Sheila Miller, principal.

As a "thank-you" to Bolden, the students and town of Accident will present him with a free haircut,

Small Business Classes Offered At Garrett Coll.

The Small Business Development Center at Garrett College has scheduled two business-related classes that will begin later this month at GC's McHenry campus.

An "Advanced Word 'Crash Course'" will be presented during a one-session class set for 9 a.m. to 3 p.m. on Friday, Sept. 27. A one hour lunch break is included in the day's agenda.

The class will be taught by former Gateway trainer

and programmer Alice Bosley, who will discuss electronic word processing and cover the basic elements of the Word program. She will also provide more in-depth instruction on Mail Merge, pictures, and tables. Working knowledge of basic Word is required for this class.

A three-session course on "Records Management" will be offered on Monday evenings from 6:30 to 8:30 p.m., beginning Monday, Sept. 23.

This course is designed for the entrepreneur who requires a greater understanding of the appropriate records for the small business. The importance of maintaining detailed, accurate records will be stressed.

Weight Loss Puzzles Doctors

ATLANTA, GA - Doctors were surprised when two separate studies found that a natural dietary supplement could help cause significant weight loss.

Although not conclusive, both studies found that patients receiving the formula called Bio-Rex 3000, lost more than twice as much weight as those in a control group on the same fat reduced diet. Neither group was instructed to decrease the amount of food they ate or to increase their exercise levels. An article published in the *American Journal of Clinical Nutrition* says that you don't have to decrease the amount of food you eat to lose weight, provided that you limit the fat.

According to a spokesperson for Phillips Gulf Corporation, the exclusive North American distributor of Bio-Rex 3000, the company is considering additional studies in order to get federal approval to make pharmaceutical claims. Currently, weight loss claims for the Bio-Rex 3000 supplement are limited. However, with the requisite approval, the company could say that Bio-Rex 3000 decreases sugar cravings, increases metabolism and interferes with the body's ability to produce excess fat.

Bio-Rex 3000 is currently available as a dietary supplement and plan in pharmacies and nutrition stores or by calling 1-800-729-8446. Suggested retail price for a four week supply is just \$19.99.

Elect

Mark Proulx
Sheriff

As a republican candidate for Sheriff of Garrett County, I believe good law enforcement is more than putting on a badge and strapping on a gun to make arrests. Good law enforcement is about integrity, compassion and respect. It's about being fair, honest and impartial. It's about being able to admit mistakes, correct those mistakes and always trying harder the next time. It's about putting the citizen before your self.

If elected Sheriff of Garrett County I'll do my best to be these things, and more. I will treat your children as if they were my own. I will be a friend that you can call on to help you resolve your problems. But most of all, I'll try to give Garrett County my best everyday, because Garrett County deserves nothing less.

I promise that I will spend my time as sheriff visiting every community. I will spend time in areas such as Kitzmiller, Grantsville, Bloomington and Friendsville, areas that are being neglected now.

I promise to treat every complaint professionally regardless of who submits it. I will never put the Garrett County Commissioners into a position again that will require them to hire private investigators to do the work of the Sheriff's Office.

I will always make sure road deputies and investigators get new vehicles and equipment. No supervisor should have a new sport utility vehicle to drive to and from their home when road deputies could better utilize a vehicle such as this.

I will work hard to prepare budgets that adequately reflect the needs of law enforcement. I will hold the line on spending. Garrett County citizens can't afford four year million dollar budget increases in public safety and detention.

I will never use county resources such as vehicles and on duty personnel to campaign with. It's illegal and unethical.

I will never put a detention center in or near a residential area as was suggested. Two jail escapes during the last four years is reason enough to locate a detention center away from our families and friends.

When Election Day comes, ask yourself, when is the last time you saw your sheriff in your community, schools or home? I will be a visible sheriff all the time, not just at election time when I need a vote. I will be there for you always. Because the citizens of Garrett County deserve it!

Proctor Kildow Post To Conduct 9/11 Ceremony

Members of Proctor Kildow Post 71 American Legion, Oakland, will conduct a special ceremony of remembrance this Saturday, Sept. 7, at 3 p.m. to mark the first anniversary of the attacks on America last September 11. It will be held at the post home along Memorial Drive.

Among those to be honored at this event will be all veterans who gave their lives in the defense of America, as well as the current members of local fire departments, rescue squads, and police organizations.

Paul Shogren, Oakland, who served with the U.S. Marines in Korea from 1951 to 1954, will be the guest speaker. Shogren, a native of Pittsburgh who is the service officer for Post 71, was a sergeant who served with an engineer unit in Korea. He is retired after being employed as a federal forester for 30 years. He is active with the Boy Scouts of America program, is a

member of St. Paul's United Methodist Church and the Garrett County Historical Society, and serves as a volunteer for the Christian Crossing Thrift Shop.

Others who will participate in the Saturday's program will be former Post 71 commander Jimmie Seeders as master of ceremonies, the VFW Post 10077 firing squad, chaplain Ward Ashby, vocalist Dave Martin, and musician Fred Siemle. All are invited to attend.

St. Mark's To Hold Sept. 11 Remembrance

The congregation of St. Mark's Lutheran Church, Second Street, Oakland, will provide an opportunity for reflection, remembrance, and prayer on the anniversary of the September 11, 2001, attacks. The church sanctuary will be open on Wednesday, Sept. 11, from 5 to 8 p.m. for persons who may want to come in for private prayer, meditation, and contemplation.

At 7:30 p.m., Pastor Ted Bessey will lead those who wish to gather for corporate and communal prayer in a litany of remembrance. The evening will conclude with the singing of a hymn.

All persons are welcome to attend.

Heather Savage Earns Doctorate

Heather Savage, daughter of Drs. William G. and Ruta D. Savage of Swanton, recently earned the degree of Doctor of Philosophy in Pedagogy and Motor Development from Ohio State University in Columbus, Ohio.

She participated in the spring 2002 commencement in the OSU stadium, where President George W. Bush was the commencement speaker. Savage graduated from Southern High School, received her bachelor's degree from Frostburg State University, and her master's degree from the University of New Orleans.

Dr. Savage is a faculty member at Towson University in the Department of Kinesiology.

Democratic Club Slates "Meet The Candidates" Event

The Garrett County Democratic Club will hold a "Meet the Candidates" forum Sunday, Sept. 8, at the pavilion in Kitzmiller Park from 1 until 4 p.m.

Voters will have an opportunity to talk with the candidates running on the Democratic Party ticket in Garrett County.

Refreshments will be available. For more information, persons may call Sandy Bello, secretary, at 301-533-3242.

Broad Ford School To Start Walking Breakfast Program

Broad Ford Elementary School will start a Walking Breakfast Program on Monday, Sept. 16. This new program, initiated and headed by third grade teacher Suzanne Wilburn, will promote health and fitness while eating a healthy breakfast.

The program will be offered to third, fourth, and fifth graders. The students will purchase breakfast items from the cafeteria and begin walking for 20 minutes, either around the perimeter of the building outside on nice weather days or the inside hallway loop on days the weather does not cooperate. The breakfast will be items that students can handle while walking, and a brown bag will be provided for them each day to carry their breakfast in and dispose of the trash after eating. Students will make the choice to walk each day.

Students will also learn how to chart their own heart rates before and after walking. Wilburn will be assisted by Oren Yoder and other staff members. The staff are also invited to walk and eat breakfast.

The schedule is as follows: 8:25 a.m., breakfast pick-up in the cafeteria; 8:30, take heart rate and begin walking; 8:50, take

heart rate and return to class; 8:50, morning announcements.

St. Matthew's Slates Prayer Vigil For Peace

St. Matthew's Episcopal Church, Oakland, will hold a Prayer Vigil for Peace Wednesday, Sept. 11, beginning at 8:30 a.m. The church is located at the corner of Second and Liberty streets. The public is invited to attend.

"The church will be available to anyone, regardless of denomination or faith practice, who would like to spend some time in the church in silent prayer for peace," said Rev. Chip Lee.

At 8:45 a.m. the church bell will toll in remembrance of the lives lost when American Airlines Flight 11 hit the North Tower of the World Trade Center. The bell will toll again at 9:43 in remembrance of the downing of Flight 77 into the Pentagon, at 10:05 for the collapse of the South Tower, again at 10:10 for the crash of United Airlines Flight 93, and finally at 10:28 in honor of the collapse of the North Tower.

Garrett Co. Fair Livestock Sale Sellers-Buyers List Is Announced

The 4-H/FFA Livestock Sale, held Saturday, Aug. 17, at the Garrett County Fairgrounds, and sponsored by the Garrett County Livestock Association, brought in a record grand total of \$190,894.90 with the selling of market beef, hogs, lambs, goats, and rabbits. The Garrett County Extension Service has announced the names of the buyers and sellers in the sale, which took place during the county's annual agriculture fair.

The following list includes the name of each seller, the weight (in

pounds) of the animal they each sold, the price received per pound, and the buyer (or buyers), all in that order. Some of the purchases were donated to various charities or back to the seller, and these are noted with an asterisk (*).

NOTE: Because a flat price is paid for goats and rabbits, the weights of these animals are not included.

Preston Co. FSA Seeking County Cmte. Candidates

Nominating petitions are being accepted through Monday, Oct. 28, for the County FSA Committee election to be held in Local Administrative Area (LAA) 1, composed of the Grant and Pleasants districts, according to county executive director Eric McCartney of the Preston County Farm Service Agency. "We're looking for the broadest possible participation from anyone within the farming community," McCartney said.

The County FSA Committee is the "most direct link between USDA-Farm Service Agency programs and the local producers," stated McCartney. The County Committee system helps shape nationwide programs into programs that work at the local level by making decisions concerning items such as commodity loans, loan deficiency payments, farm storage facility loans, and disaster-related programs, as well as conservation.

"To make the system work, it must represent all of the different parts of the local agricultural community," McCartney observed. "This includes all of the livestock farmers, grain producers, specialty crops, and truck farmers. We need the expertise and insights from all of these groups."

Eligible producers may nominate themselves or other eligible producers in LAA 1 as a candidate. Producers who are nominated must be active farmers and be well qualified to serve on the Committee.

An eligible producer is defined as a producer residing in or having farming interests in the LAA in which the election is being held and he or she is eligible to vote.

Duties of the County FSA Committee include (1) administering USDA-FSA programs; (2) informing producers of the purposes and provisions of the programs; (3) keeping the state FSA Committee informed of local conditions; (4) recommending necessary changes in programs; (5) participating in committee meetings; and (6) performing other duties as assigned by the state FSA Committee.

Producers in LAA 1 wishing to obtain a nomination form or further information may telephone 304-329-1923, fax 304-329-3056, or visit the FSA office located in the Corner Mall of the Kingwood Plaza.

Please don't feed the bears!

Value of Corn Silage

This time of the year I receive several requests on what is the value of corn silage. If the quality of the silage is at least average there is a simple formula that will give you a good idea of the value of a ton of corn silage. To calculate the value of standing corn multiply the market price of a bushel of corn by 6. For example \$2.75 per Bu. X 6 = \$16.50 per ton for corn standing in the field. Be careful in determining the market price because several of the market reports are based on what dealers are paying, such as the above report. The market price is the price you would pay for corn at the feed mill, another farmer or your cost in growing. If you are providing harvesting and

storage loading add another \$10-\$12 per ton.

To determine the value of fermented corn silage multiply the market price of a bushel of corn by 9. If the corn is of excellent quality use 10 as the multiplying factor. For example \$2.75 per bu x 9 = \$24.75 per ton for fermented silage.

Cutting Alfalfa

Should you harvest your alfalfa now? That is a very common decision that you make each year at this time. The following information is from the Penn State Agronomy Guide.

In the past, it has been recommended that producers avoid cutting alfalfa during the critical 6-week period prior to the average hard frost date (generally between early September and mid-October). This still should be considered if the stand is weak from factors such as low fertility, disease, leaf hopper damage, or extreme climate conditions. More recently, however, it has been recognized that alfalfa can be cut even during this critical period as long as: (1) better adapted varieties with multiple pest resistance have been used; (2) adequate levels of lime, phosphorus, and potassium have been maintained; (3) there are at least 45 days of regrowth before cutting. If harvests are delayed until mid-October, leave 4 to 6 inch stubble to protect the crown and to catch snow for additional insulation over winter. It's your decision!

MEMORIAL CEREMONY PLANNED

Woodmen of the World Lodge 45 is sponsoring a community ceremony to pay tribute to the victims and heroes of Sept. 11, 2001. The ceremony, "In Honor and Remembrance - Woodmen Salutes America's Heroes," will be held Wednesday, Sept. 11, at the Friendsville Community Park starting at 6:30 p.m.

President George W. Bush has designated Sept. 11 as "Patriot Day" and has called upon all Americans to observe the occasion with patriotic activities. On Sept. 11, more than 600 Woodmen lodges across the nation will hold dedication ceremonies to present flags, U.S. flags, and commemorative plaques to their communities. The ceremonies also give WOW the opportunity to thank the persons in their own community such as police officers, firefighters, and members of the armed forces.

The WOW "In Honor and Remembrance" ceremony is open to the public.

SPEAR REUNION

The 20th Annual Spear Reunion will be held Saturday, Sept. 14, at the Mt. Top Fellowship Center. The covered-dish lunch will begin at 1 p.m. Prizes and games will follow. Those who have previously won an afghan are asked to bring them that day.

SCHOOL NEWS

Among the new employees at the Friendsville Elementary School for the 2002-2003 school year are: Debbie Nicklin, Pre-K assistant; Linda Robinson, K assistant, and Lori Wilson, assistant.

Because of some complaints so far this year, parents are encouraged to have their children stay back off of the road until the bus comes to a complete stop. Flashing lights do not necessarily mean that vehicles will stop every time.

The "Character Trait" for the month of September is self discipline and control. Everyone is encouraged to keep this in mind when entering the school, and to reinforce it in the outside environment.

There will be no school on Tuesday, Sept. 10, because of the primary election.

Candle sales will end Friday, Sept. 13. This was the first fund-raiser of the year.

Monday, Sept. 23, will be picture day at the school.

WOW LODGE 45

Woodmen of the World Lodge 45 will hold its annual awards banquet on Saturday, Sept. 21, at the Sand Spring Fellowship Hall, beginning at 6:30. Entertainment will be provided and door prizes will be awarded. Money for the dinner must be turned in to Mary Frantz by Saturday, Sept. 14.

Notes From Bittinger

by Joan Sussman

Labor Day! Although it is supposed to be a holiday, it is not for me this year or for many years, as I used to be the hostess for a mass influx of a hoard of city friends to our family farm. But now the party has moved and the party center is the Bass household. The barn and my lawn are empty. No tents or crowds coming and going on hikes, bikes, rides, etc., or just hanging around and catching up with many seldom seen friends.

It is astonishing how the kids have changed. Now there are just a very few really little ones. My girls and their female peers showered the few really little ones and, of course, they were absolutely thrilled to see little Page Morrison, who is now in the first grade. My girls and their cousins used to fight in church to get a chance to hold her.

Another little girl from Philadelphia had a visit from the Tooth Fairy while she slept over at Kevin's house. You know what that means—an enchanting gap in a little smile always goes with the first grade.

I was stuffed after another monster rich meal this morning consisting of egg enchiladas, bacon, sausage,

potato pancakes, and all kinds of bread, and I was even too full to even take a taste of the banana cream pie that appeared in the kitchen.

I had very good luck selling raffle tickets for the NHS Band Boosters' raffle of a ultimate deluxe Victorian doll house. But it was just too much to cram in too little time. It was nice to talk to all the wonderful interesting people who always appear for the Labor Day weekend.

The partying started Saturday night at Courtney Englar's Cove home. My girls enjoyed a camp-out night there with all the adults, who always show an interest in them. It is a great gift to our country kids to have a chance to engage in conversation with various people from all over the place. This year, as many years, we had a computer expert, a post-grad student in financial work who also develops software for college marketing, an ICU nurse, a dancer, and a photographer for *National Geographic*, just to name a few.

This morning on the bird-watching hike they saw a purple heron on the Peat Bog Lake, then on to the Beaver Dam, where Jim Fey said a new lodge is now completed. They also saw several bluebirds. I did not see a single bluebird of happiness around my house.

Democrats Slate Grand Opening Of Headquarters

Garrett County Democrats will open their campaign headquarters on Alder Street in Oakland this week. The grand opening will be held Friday, Sept. 6, from noon until 3 p.m.

The public is invited to attend the event. Many of the candidates will be on hand during the afternoon, said Sandy Bello, Garrett County Democratic Club secretary. The campaign headquarters will be open until election day.

for years. Although Sunday was quite gray and foggy here among the glades of Bittinger, my Aunt Dorothy Glatfelter-Quaintance commented that she loved this kind of weather. If she loves this kind of weather so much, why in the world would she have ever moved to New Mexico? But even now where she lives in northern New York state they do not get as good a fog as here at her old house. But Monday, today, is a perfect summer day, with blue sky and just a few fluffy white clouds; and it is warm again. I always get sick with pain about the ending of the summer season.

I am pressed early to get this column wrapped up because my "typist" mother, Ruth DiPaolo, tomorrow must head down to Virginia to comfort her friend, Betty Sacra, after her husband Ellis died on Sunday after a long illness. Betty and Ellis frequently visited mother for the past years, and she spent many days with them in Virginia.

Of course the so-called "goodbye breakfast" is only the second or third of meals to say goodbye to the out-of-town friends. We still have tonight for another feast and traffic-jam and gridlock at the Bass house. I think I have my fill of socialization.

I felt pressure to go out and find out what is going on around Bittinger besides admiring the wonderful fields of corn. Sheila Southery noted to me recently how far the corn has come on strong in the last month or so after a slow start. But as always, the cornfield is our biggest and best crop field. One year it was so thick with corn that a pony escaped, and as I tried to head her off she hit me at a full gallop. It not only knocked my glasses off, but also my shoes, with both her and me half knocked out. The collision also knocked a hole in the corn about 12 feet square in size. I emerged from the field with a dazed, confused expression on my face, as did one of the Maust girls one summer night who lost her bearing and turned in the cornfield in her car.

The only way she could think to escape from the thick maze of foliage around was just to keep on going and head to our dusk-to-dawn light. Finally she got stuck and required our tractor to get her car out.

I really only want to cruise around, but I know I had better get home and finish my writing. Like I used to tell my students when they were confronted with a writing task that they did not want to do—*Just do it!* Of course, I ought to go around to visit with the

out-of-town folks. I took a ride back the Orendorf Road to see whether any kids of Bill and Cyndi Kolbe were home for the long weekend. I found only Bill busy with burning brush. He said that Jennifer is in Key West working on a big ship and Josh is in California. I also hoped to find Kevin Dodge or Caroline outside and to get the whole story about a news item he mentioned to me.

Yesterday (Sunday) was the last worship service for Glade Mennonite Church pastor Alan Kauffman. Alan and his wife Nancy will move back to a part of Pennsylvania where he grew up. I enjoyed meeting briefly with Alan and Nancy when they had a yard sale a few months ago. I picked up a few good baseball items and camping equipment for my girls and my nephews.

I really only want to hunt down some last wildflowers or even a few butterflies before it is too late. I saw some house gardens, and I wish I could get a hand on their flowers for my dolls. I am not truly desperate, as Lena Frantz dropped off several big beautiful branches of gladioli that she got from a farm market in Cumberland. The cosmos in the Emery flower bed and the scarlet begonias on Cindy Stanton's deck made my mouth water. I was happy that my little brown-haired doll was a big hit with her new owner, Kelsey Morrison.

My brother-in-law, Kevin Bass, spotted a pink katydid. I know I only ever saw one of those rare bugs. It is not something you see every day, and he did get a good picture with his digital camera.

Aunt Helen and Mike Englar and Pappy Dale visited the Glatfelter cemetery at the old home place (the former Nathan Glatfelter farm). They wanted to take some pictures for the Glatfelter family cousin's picnic in Fort Frederick, to be held the third Sunday in September. I am sorry that I could not join them because it is one of the best family cemeteries I have ever seen, especially the beautiful angel monument marking the grave of our World War I fallen hero, Robert Glatfelter, and with many of the oldest graves with the family name spelled "Glatfelder," as it was spelled in Switzerland.

It is a different, exciting place, our cornfield, almost at the edge of the Twilight Zone. But my girls love to play in it. There are many more healthy and beautiful cornfields along the roads of Bittinger, and I saw many of them today. I wish I could just cruise around the byways of Bittinger. I did first check out the new house built by Doug Stanton. Brother Barry saw Doug last weekend, and Doug stated that he had an interview for a job in Garrett County last week. I hope he would still be here and not in Manhattan wrap-

ping up things there. He told Barry that, after a Central Park mugging, he was fed up with New York. He certainly picked a peachy location for his beautiful country home, which is perched on top of a hill near an old family barn foundation with a beautiful old brick silo still standing alone. I don't know how he managed to include the woods in his house design. Anyway, it is a perfect asset. My whole life I always thought it would be fun to live in a silo. But there was no sign of Doug today.

Just to hammer the idea, summer really is over. A small maple tree along Rock Lodge among the glades on Jimmy Glatfelter's woods shows some scarlet colors. It is always the first tree to show fall colors. But according to Aunt Helen Englar, one of Pappy Dale Glatfelter's front lawn maple trees has already started to shed its leaves. She calls it a "swamp maple." I don't know if the little tree along the road is a "swamp maple" or not. It is a maple, I am sure about that, and it is also along a swamp, but on the other hand, Dale's front yard is in no way a swamp. It is not even very soggy. We are more than lucky that we do not have a drought in Bittinger so far this year, which is unlike the rest of Maryland and Virginia. Even with about one inch per week, it is certainly not wet in Bittinger. We do still have mostly green fields, especially a few fields starting to turn golden, but not from the dead grass but from blossoming goldenrod. The Rock Lodge Spring only ran now and then. In a normal year it would run all the time.

Pastor Pat Pittsnogle and Keith spent their recent vacation doing further studies and mainly just hanging around the parsonage and getting Jeremy stationed for his returning studies for his master's degree in French at West Virginia University. He has already started to teach beginning French while he also has a full load of class work in his master's program. Keith has moved most of his things to an apartment that he will share with another student at Gettysburg Seminary for this semester.

My mother reported that Cindy Stanton had some news items for the paper, but as of yet I don't have

anything. I did see a perfect Labor Day holiday scene at the Beachy pond. Although I am sure that I saw Sally Poholsky sitting along the bank soaking up sunshine and enjoying a summer day, I don't know who was with Sally, unless she has provided that information to my mother. I do know that Lea Stanton and her fiancé from California were home and also his parents were here visiting from Pennsylvania.

Enjoying Sunday dinner and family fellowship at the Ida Reckner home were Gary and Kathy Reckner and children Bryce, Lyndae, Bristol, Tyler, Timmy, Bethany, Kimberly, Emery, and Wesley, of Parrish, Fla.; Karl and Cathy DeBoeser, Kara and Marc, Allentown, Pa.; Lillian and Charee Reckner, and Michael Puliti, McHenry; Linda Oester, Salisbury, Pa.; Julius and Karmen Carey, Frost-

burg; and Jim and Donna Glatfelter. The Gary Reckner family continued north for Kathy's family reunion, and a brief vacation at Niagara Falls before returning home to Florida.

Tom Glatfelter, Detroit, spent a couple days at his home here. He and his son Tim toured a World War II bomber which was on display in Morgantown, and also helped to erect a sign at the Glatfelter cemetery on the former Nathan Glatfelter farm.

Bolden Seeking Seat On GOP Central Committee

Former District I delegate **DeCorsey Bolden**, Oakland, recently announced his candidacy for a position on the Republican Central Committee.

"I have in the rear window of my auto a bumper sticker that reads I'm a proud Maryland Republican," Bolden said. "The reason I'm running for this opportunity is to help elect and support Republican candidates in the upcoming general election on November 5. I also feel very confident that the Republican candidate for governor, **Robert Ehrlich**, will be elected in November, and I want to be a part of that winning team."

To all Republicans, I ask that you get out and vote for your favorite candidates in the primary election September 10."

Hummel Set To Perform Saturday At Spruce Forest

Loretta Hummel will perform this Saturday, Sept. 7, from 12:30 until 1:30 p.m. at the Spruce Forest Artisan Village, located just east of Grantsville.

"Mrs. Hummel has had a life-long interest in music, and she and Harry Minnick, harmonica, will perform and sing some country and gospel favorites on the Miller House porch at Spruce Forest," said Trish Morgan, village administra-

tor. "The Miller House Peace Center is a favorite of many school children and families, as the stories tell of the large, 17-member Miller family, who all lived together in this house in early America."

Visitors are encouraged to bring their own seating, and the nearby Penn Alps Restaurant will have food and beverage available for dining in or take-out.

Hummel will have her tapes and CDs available during her showcase, including the *Light at the River*. Admission is free, and this activity is sponsored in part by the Maryland state and Garrett County arts councils.

Franc Family Music Program Slated Sept. 15

"Music for an Autumn Afternoon" will be presented Sunday, Sept. 15, at 2 p.m. at St. Paul's United Methodist Church, Oakland, by Muriel Franc and members of her family. This is the third concert the Franc family has presented, offering music of former years.

Mark Franc, her youngest son, has been active in musical theatre in Washington, D.C., Wheeling, W. Va., and Pittsburgh in recent years. Matthew, another son, will join them this year and is active musically in

MOUNTAIN ANTHEMS TO SING AT OAK GROVE — The Mountain Anthems Mixed Chorus will present a free two-hour concert of a cappella gospel music beginning at 2 p.m. Sunday, Sept. 15, at the Oak Grove Church of the Brethren. Directed by Menno Beachy, the chorus is composed of approximately 45 volunteers ranging in ages from 15 to 50 who reside throughout the Allegheny Mountains of western Maryland and western Pennsylvania. In approxi-

mately 40 years of performing, the Mountain Anthems have ministered through song in a variety of settings, including churches, prisons, and retirement homes, in 23 states, Washington, D.C., and Canada. The group has produced 18 recordings, and cassettes and compact discs will be available at the Oak Grove church concert. The church is located at 6557 Sang Run Road, and for further information persons may call the church office at 301-387-7502.

FSU To Host Award-Winning Writer Driscoll

Frostburg State University's Western Maryland Writers' Workshop and Department of English will present a reading by fiction writer Jack Driscoll on Thursday, Sept. 19, at 7:30 p.m. in the Leake Room, located in FSU's Cordis Center. This event is free and open to the public, and will be followed by a reception and book signing.

The author of three novels, a collection of short stories, and four books of poems, Driscoll writes about characters who persevere through harsh Michigan winters, rocky marriages, and long years of anger or resignation. His work has won him an NEA Creative Writing Fellowship, the PEN/Nelson Algren Fiction Award, and the Associated Writing Programs Short Fiction Award, and has

been read frequently on National Public Radio's "The Sound of Writing." His novel *Lucky Man*, *Lucky Woman* received the 1998 Pushcart Editors' Book Award, the Barnes and Noble Discover of Great New Writers Award, and the 1999 Independent Book Publishers Award for Fiction. He is currently writer-in-residence at Interlochen Center for the Arts in Michigan.

Driscoll's reading is sponsored in part by the Faculty Development and

Sabbatical Subcommittee, the Office of Community Involvement, the Office of the Provost, and the Dean of the College of Liberal Arts and Sciences.

For more information, persons may call FSU's Department of English at 301-687-4221.

Festival Set

Carchie at Harrigan's Lounge in the Cumberland Holiday Inn from 10 p.m. until midnight.

As with last year's event, various cafes and restaurants on the mall will be placing a variety of appropriate food specials on their menus. A variety of Celtic

vendors will also be featured, including a Scottish clan organization, which will identify what clan a person belongs to and provide contact information for that clan. Other vendors will have Celtic sculptures, jewelry, lace products, and more. Any Celtic vendors interested in participating at the event are requested to contact the festival organizers for applications.

The festival is being organized by Chuck Dicken and presented by the Main Street Maryland Promotions Committee, with support from the Allegany Arts Council, the Cumberland Holiday Inn, and the city of Cumberland. For more information, persons may call

301-777-2800 or go to www.cumberlandcelticfest.org. For ticket reservations for the "Guinness Train," persons may call 1-800-TRAIN-50.

A Message from the Employees of the Garrett County Sheriff's Office & Garrett County Detention Center

We, the employees of the Garrett County Sheriff's Office and Detention Center, **UNANIMOUSLY ENDORSE "Dick" Sanders** for re-election as Sheriff of Garrett County. We have all worked closely with Sheriff Sanders and can attest to his ability to lead this office with honesty and integrity into the future. During the past five years that he has served as Sheriff, he has made many improvements for both the employees and citizens of Garrett County. Under his leadership we have seen many programs and services grow to better serve the citizens of Garrett County. Sheriff Sanders is an asset to Garrett County, and we are proud to be employed under the leadership of such a competent and respected person.

Sheriff Sanders continues to bring respect, honesty and integrity to this office. He has the confidence, trust, loyalty, and respect of his employees and citizens of Garrett County. It is our belief that the continuation of the current leadership is supported from the majority of Garrett County citizens.

We fully support Sheriff Sanders and urge all citizens to do the same and exercise their right to vote.

Revival Slated At Oak Grove

The Mountaintop Cluster group will hold a revival at the Oak Grove Church on the grounds of the Teets Americana Museum in Terra Alta September 8-10 at 7 p.m. (Sunday to Tuesday). It will be an "old-fashioned experience of music, worship, and praise," according to a church spokesperson. All are invited.

Mt. Storm Power Plant Honored

Dominion Energy's Mt. Storm power station was one of nine West Virginia businesses or industries that received the Business Environmental Leadership Award from the W.Va. Manufacturers' Association recently. The award was presented by U.S. Environmental Protection Agency Region III administrator Don Welsh at the annual meeting of the W.Va. Chamber of Commerce at the Greenbrier Resort.

The Grant County facility was honored for its "40 years of environmental leadership and stewardship," Welsh said. "This award recognizes Mt. Storm's long commitment to improving water quality for game fish, tagging black bears, improving wildlife habitat, creating wetlands, and preserving pristine wilderness areas."

Among the specific Mt. Storm accomplishments that were cited as the award was bestowed were the following:

- Improved water quality in Mt. Storm Lake. In the early 1960s, the company began voluntarily adding lime to its discharges in an effort to counter acidic mine runoff that was contaminating the lake. That effort continues today in cooperation with the W.Va. Department of Environmental Protection. The company also places discarded Christmas trees and other structures into the lake to improve fish habitat.

- Re-introduction of native brook trout in the area. The station worked with the W.Va. Department of Natural Resources to place more than 900 tons of limestone in Morgan, Red Sea, and Laurel runs, and the upper

Stony River. The program is being extended and expanded to include additional liming sites. Sampling has indicated a return of native brook trout to the streams and healthier fish populations.

- Upgrades to the spillway and dam crest. The \$5 million-plus required upgrade improved the flood safety of the dam and also allows the station to raise the normal pool elevation of the lake by two feet. This increase will help improve the operation of the power station and the fishery populations in the lake and downstream river, and will eventually create about 10 new acres of wetlands around the lake.

- Improvements to station property to support populations of game and non-game species. To enhance wildlife resources, company biologists installed 15 mallard duck nests, 20 wood duck boxes, and 15 blue bird nest boxes. A 22-acre wetland was created to compensate for the eight acres of wetlands taken in the expansion of the station's ash management facility.

- Cooperating with W.Va. DNR to initiate a long-term black bear research program. This program involves the radio tracking of scores of wild bear trapped on the property. This cooperative program continues today and has become a model for other areas.

- Donating 460 acres of land adjacent to the Dolly Sods Wilderness Area, a parcel that includes the scenic Bear Rocks landmark, to the Nature Conservancy for future preservation.

The association award is the most recent recognition that Mt. Storm has received for its environmental restoration and preservation efforts, Dominion Energy said. Earlier this year, Gov. Bob Wise honored the W.Va. Department of Environmental Protection's Environmental Stewardship Award for a number of activities, including the addition of emissions control equipment to reduce sulfur and nitrogen oxide emissions.

"Environmental stewardship is one of our important roles," said Thomas F. Farrell II, chief executive officer of Dominion Energy. "It is not only a key goal for our company, but something many of our employees — who are hunters, fisherman and outdoor en-

thusiasts themselves — have taken to heart. Many of our successful programs would not have occurred without their ideas and volunteer efforts."

Heartland Slates Planning Forum For Srs., Retirees

A seminar to help seniors and retirees plan for their future will be held Monday, Sept. 16, at 7:30 p.m. at Heartland of Preston County, Kingwood.

The following topics will be presented: "Long-Term Care Insurance" by Tarrell Rios of Edward Jones, "Estate Planning" by attorney Melvin C. Snyder III, "Medicaid Coverage" by Randy Knotts and Sue Leonard of the W.Va. Department of Health and Human Resources, and "Advanced Directives/Living Wills" by Melissa Groves, LSW, of Heartland of Preston County.

The forum is free and open to the public. For more information, persons may call 304-329-3195.

TERRA ALTA

LIBRARY NEWS
The Terra Alta Public Library recently held a party for the participants of the Summer Reading Program. This year the theme was "Hog Wild About Reading." Five students completed the program by reading and reporting on 20 books on their reading level.

The top reader was Amber Kope, who read and reported on 73 books. Others to complete the program were Mary Noland, Stephanie Metheny, Nicole Loughry, and Alecia Hart.

Games were played at the party. Winners were Stephanie Metheny, Amber Kope, Alecia Hart, Kori Haight, and Jessica Martin. Refreshments were served. Members completing the program were each awarded a wooden plaque, a package of various items, and a certificate of participation.

The library will celebrate its 30th year of operation in October. The library has been in four different locations to date, with growth being the reason for moving. Anyone who has old pictures or stories to share for this celebration is asked to call the library at 789-2724.

The library started with 50 books, and now has over 51,000.

Wednesday Story Hour has ended for the year. Volunteers included Elda Wilhelm, Meloney Roy, Debbie Parsons, Laurie Noland, Marjorie Washbaugh, Jesse Hart, Cheryl Strahin, Sandra Conklin,

AURORA/EGLON

SEPT. 11 REMEMBRANCE

A 9/11 Remembrance Service will be held on Wednesday evening, Sept. 11, at the Aurora Elementary School. All residents of Union District are invited to this 7 p.m. service, during which those who serve the community in various ways will be honored. Among those will be the fire, ambulance, and police, as well as armed services personnel and veterans.

The Community Choir will provide special music, as will the Rev. Michael Ludle. The Preston High School Madrigal Choir will not be present.

All those in attendance will receive a small American flag. The entire community is encouraged to be a part of this remembrance service.

LAYMAN-BECKMAN COUPLE WED

An Aug. 30 ceremony in Oakland united Lois Lay-

man and Donald Beckman in marriage. The new Mrs. Beckman is the daughter of Jessie Winters, Egdon, and the late George Winters. Mr. Beckman is the son of the late John and Olive Beckman.

The couple hosted a reception for family and close friends on Saturday, Aug. 31, at their Horse Shoe Run residence.

BLOODMOBILE COMING SEPT. 16

On Monday, Sept. 16, the American Red Cross bloodmobile will be at the Union Ambulance squad hall in Aurora from 1 until 7 p.m. Those who are over 17 years of age and in good health are probably good candidates as donors.

AHS CLASSES MEET

A reunion of the Aurora High School classes of 1941-42 was held at the Amboy United Methodist Church fellowship hall on Aug. 24. A short business session was held during

which plans for next year's reunion, concerning a date and place, were left pending a later decision.

Attending were Eldred Wotring, son Robert, and his wife Patty, Fairmont; Gay Rembold and friend Carol Baker, Cumberland; Cline Schrock and friend, Gwen Houff, Ohio; Fred and Dorothea Forman, Amboy; Ralph and Barbara Lee, Oakland; Mary Lee Mayle, Kingwood; Mary Virginia Lewis Benson, Baltimore; Mary Stemple Jackson, Warren, Ohio; Kathy Hardesty, Aurora; Ronald Bolyard, Morgantown; James and Jean Arnett, Clarksburg; Ervin and Margaret Schrock, Charleston; Arva Wotring Baker, Oakland; and Judy Travis and daughter, Oakland.

VFW POST 578 AND AUXILIARY MEET

The Aurora-Terra Alta Post 578 VFW Ladies' Auxiliary went to Hope-Hospital on Aug. 13, where they presented each veteran with a stuffed bear. Men from the post visited

and entertained with music. Betty Sereno and Carol Rumer made 100 flags from canvas, and each patient there was given one.

On Aug. 14, the same group traveled to Heartland nursing home in Kingwood, where they added to the patients' enjoyment of "Hilly Billy Day." Flags were presented to each of the patients there, and bears were given to the veterans. Each flag and bear had a poppy attached. Betty Sereno and Carol and Bob Rumer helped serve the food to the patients in celebration of Hilly Billy Day.

A Back-to-School Youth Day at the Terra Alta City Park was sponsored by the Post 578 Auxiliary on Aug. 20. There were games, a cancer prevention program, and all were served hot dogs, chips, cookies, and sodas. They also gave school supplies as prizes for the games, and each received a "goody bag" of gifts when the program concluded.

Twenty youth and 10 adults were present, and Bob Rumer, Randy Thomas, Harold Sereno, and Phillip DeWitt entertained with music. Coordinating the day's events were Betty Sereno, Carol Rumer, Connie DeWitt, Merle Nice, Linda and Becky Snyder, and Violet Bishop.

Sherrie Keller helped advertise the event, and Alice Lyons attended from the Outreach Program of the Cancer Society.

The auxiliary and members of Post 578 went to Deep Creek Lake on Aug. 23, where they entertained with music at the Garrett County Senior Citizens' annual pig roast. The Country Trio Band (Bob Rumer, Randy Thomas, and Harold Sereno) played from 10 a.m. until 2 p.m. The Ladies' Auxiliary was represented by Carol Rumer, Connie DeWitt, and Betty Sereno, who helped with bingo for the seniors and the clean-up afterward.

If I Knew

If I knew it would be the last time that I'd see you fall asleep,
I would tuck you in more tightly and pray the Lord, your soul to keep.

If I knew it would be the last time that I see you walk out the door,
I would give you a hug and kiss and call you back for one more.

If I knew it would be the last time I'd hear your voice lifted up in praise,
I would videotape each action and word, so I could play them back day after day.

If I knew it would be the last time, I could spare an extra minute
To stop and say, "I love you," instead of assuming you KNOW I do.

If I knew it would be the last time I would be there to share your day,
Well I'm sure you'll have so many more, so I can let just this one slip away.

For surely there's always tomorrow to make up for an oversight,
And we always get a second chance to make everything just right.

There will always be another day to say, "I love you."

And certainly there's another chance to say our "Anything I can do?"

But just in case I might be wrong, and today is all I get,
I'd like to say how much I love you and I hope we never forget.

Tomorrow is not promised to anyone, young or old alike,
And today may be the last chance you get to hold your loved one tight.

So if you're waiting for tomorrow, why not do it today?
For if tomorrow never comes, you'll surely regret the day.

That you didn't take that extra time for a smile, a hug, or a kiss
And you were too busy to grant someone, what turned out to be their one last wish.

So hold your loved ones close today, and whisper in their ear,
Tell them how much you love them and that you'll always hold them dear.

Take time to say, "I'm sorry." Please forgive me. Thank you, or it's okay.

And if tomorrow never comes, you'll have no regrets about today.

Loved and Sadly Missed,
Linda, Sean & Megan

SUBSTITUTE TRUSTEES' SALE OF IMPROVED PROPERTY

1870 GEORGE WASHINGTON HWY.
OAKLAND, MD 21550

Under a power of sale contained in a Deed of Trust from Christina M. Stemple a/k/a Christina Stemple, dated Oct. 20, 2000, and recorded in Liber 827, folio 272 among the Land Records of Garrett Co., MD, default having occurred thereunder, the Sub. Trustees will sell at public auction at the Circuit Court for Garrett Co., Courthouse Door, Oakland, on

SEPTEMBER 24, 2002, AT 1:00 P.M.

ALL THAT FEE-SIMPLE LOT OF GROUND and the improvements thereon situated in Garrett Co., MD, and more fully described in the aforesaid Deed of Trust.

The property, which is improved by a dwelling, will be sold in an "as is" condition and subject to conditions, restrictions, and agreements of record affecting the same, if any and with no warranty of any kind.

Terms of Sale: A deposit of \$8,000.00 by cash, or certified check. Balance of the purchase price to be paid in cash within ten days of final ratification of sale by the Circuit Court for Garrett Co. Time is of the essence as to the purchaser. If the purchaser defaults, the deposit shall be forfeited and the property shall be resold at the purchaser's risk and expense. Interest to be paid on the unpaid purchase money at the rate pursuant to the Deed of Trust Note from the date of sale to the date funds are received by the Sub. Trustees. In the event settlement is delayed for any reason, there shall be no abatement of interest. Purchaser shall pay for documentary stamps, transfer taxes and settlement expenses. Taxes, ground rent, water rent, condominium fees and/or homeowner association dues, all public charges/assessments payable on an annual basis, including sanitary and/or metropolitan district charges, if applicable, shall be adjusted to the date of sale and assumed thereafter by the purchaser. Purchaser shall be responsible for obtaining physical possession of the property. Purchaser assumes the risk of loss or damage to the property from the date of sale forward. If the Sub. Trustees are unable to convey good and marketable title, the purchaser's sole remedy in law and equity shall be limited to a refund of the deposit. (Matter #73870)

PUBLIC NOTICE

The Deep Creek Watershed Board of Zoning Appeals will conduct a public hearing on Thursday, September 19, 2002 starting at 7:30 p.m. in the County Commissioners' meeting room, Second Floor, Courthouse Annex, Oakland. The Board will review the following docketed cases:

1. VR-523 - an application submitted by Thomas Wenzel and by the estate of Carlton D. Wenzel II, for a Variance to reconfigure two existing, "grandfathered," residential lots. The properties are located at 952 and 964 Rock Lodge Road and are zoned Lake Residential (LR).

2. VR-524 - an application submitted by Charles Bryan Templeton, for a Variance to construct a house that will come to within 0.00 feet of the rear property line, instead of the required 40.0 feet. The property is located at 1450 Paradise Road and is zoned Lake Residential (LR).

3. VR-525 - an application submitted by Peter Trepper of Deep Creek, LLC, for a Variance to construct a garage that will come to within 25.00 feet of the rear property line, instead of the required 40.0 feet. The property is located at 37 Yacht Club Road and is zoned Lake Residential (LR).

4. SE-326 and VR-526 - an application for a special exception submitted by Larry M. and Jay A. Moon, to replace an existing mobile home. The applicant also requests a variance to allow the mobile home to come to within 10.00 feet of the side property line, instead of the required 15.00. The property is located at 595 Harvey's Peninsula Road and is zoned Lake Residential (LR).

5. VR-527 - an application submitted by Taylor M. and Barbara Marshall, for a Variance to allow an existing attached garage remain with a 5.5' side yard setback, instead of the required 15.0 feet. The applicant also requests a variance to allow a second dwelling unit above the garage. The property is located at 248 Cherry Heights Lane and is zoned Lake Residential (LR).

Interested persons are invited to attend.

TOWN OF GRANTSVILLE
GRANT STREET SEWER LINE PROJECT
I. INVITATION TO BID

Receipt of Proposals
Sealed bids marked "BID FOR TOWN OF GRANTSVILLE GRANT STREET SEWER LINE PROJECT" will be received by the Town of Grantsville (hereinafter referred to as Owner), at 171 Hill Street, Grantsville, Maryland 21536, until 1:00 p.m. on Sept. 27, 2002, and then there the bids will be publicly opened and read. Mailing address: P.O. Box 296, Grantsville, MD 21536.

General Description of Work
Work to be performed under this Contract includes, but is not limited to, the replacement of 1800 linear feet of 8" SDR35 Sewer line and 9 sewer manholes.

Pre-Bid Conference

A pre-bid conference will be held on Sept. 17, 2002, at 1:00 p.m. at the Grantsville Town Hall to answer any questions concerning the Contract Documents. All bidders are invited to attend.

Contract Documents

Contract Documents are available for inspection during regular working hours at the Office of the Engineer, Mountain View Engineering & Surveying Inc., 125 North Third Street, Oakland, Maryland 21550, and at the Grantsville Town Hall, 171 Hill Street, Grantsville, Maryland 21536.

Contract Documents may be obtained from the Engineer upon written request and remittance of full payment of fifty dollars (\$50.00) for each set with checks made payable to Mountain View Engineering & Surveying Inc. Payment will not be refunded, said payment being retained by the Engineer to cover the cost of printing, handling, and shipping. Requests for Contract Documents shall be submitted to:

Mountain View Engineering & Surveying Inc.
125 North Third Street
Oakland, Maryland 21550
Attention: Mr. Kerry S. Shultz, P.E.
Phone: 301-533-0040

All bids must be made on the required Bid form. All blank spaces for Bid prices must be filled in, in ink or typewritten, and the bid form must be fully completed and executed when submitted.

The owner reserves the right to waive any informalities or minor defects, to reject any and all Bids. Any Bid may be withdrawn prior to the above scheduled time for the opening of Bids or authorized postponement thereof. Any Bid received after the time and date specified will not be considered. No Bidder may withdraw a Bid within 90 days after the actual due date of the opening thereof. Should there be reasons why the Contract cannot be awarded within the specified period, the time may be extended by mutual agreement between the Owner and the Bidder.

Bidders must satisfy themselves of the scope of work by examination of the site and a review of the Contract Documents including Addenda. After Bids have been submitted, the Bidder shall not assert that there was a misunderstanding concerning the quantities of work or of the nature of the work to be done.

The Contract Documents contain the provisions required for the work included in the project. Information obtained from an officer, agent, or employee of the Owner or any other person shall not affect the risks or obligations assumed by the Contractor or relieve him from fulfilling any of the conditions of the Contract.

Bid Security

An acceptable Bid bond, payable to the Owner, in the amount of five percent of the total bid must accompany each Bid. A certified check in the amount of five percent of the total bid, drawn on a solvent bank chartered in the State of Maryland, and payable to the Owner, may be substituted for the Bid Bond.

PUBLIC NOTICE
NOTICE OF CIRCULATION
OF PETITION TO REPEAL
THE MUNICIPAL CHARTER
OF LOCH LYNN HEIGHTS,
GARRETT COUNTY,
MARYLAND

For a thirty day period of time, August 22, 2002, until September 22, 2002, a Petition will be circulated and/or made available for the signatures of any registered voters interested in repealing the present Charter of Loch Lynn Heights. This action is being taken pursuant to the authority contained in Article 23A, section 41, of the Annotated Code of Maryland. The same article provides direction to the County Commissioners to assume the maintenance of the various utilities and streets in that community. This is the same procedure initiated and followed by the municipality of Bloomington when it repealed its charter in 1941. Posters containing this same information will be posted at various business establishments in the municipality of Loch Lynn Heights. The Petition will be hand carried by a citizen of the same community who can explain the significance of placing a signature on that document.

and a greeting from the church's new pastor, Ted Bessey. Classes are available for children, youth, and adults. The teachers and leaders will be introduced, and guests will be shown to class meeting locations.

In addition to the classes for grades pre-K through 12th, there will also be two adult classes. One will be a continuation of the established adult class, and the second will be a new class led by the pastor. A nursery for infants and toddlers is also available during both Sunday school and church.

The celebration will continue into the church service, which will begin at 10 a.m. Special music mainly for young people will be led, and a skit is planned. The afternoon activity will be a picnic at the Deep Creek Lake home of John and Helen Ferrell. A meal will be shared in the

late afternoon, and the day will close with a special outdoor vespers service. Directions to the Ferrell residence are available at the church.

The public is invited to attend any or all of the day's activities. For more information, persons may contact the church office at 301-334-2668.

Zion Lutheran Slates Special Sept. 11 Service

The Zion Lutheran Church in Accident will host a Service of Remembrance on Wednesday, Sept. 11, at noon at the church. The 30-minute service will include scripture readings, prayer, and hymns.

Special music for the service will be provided by Bob Heidrich, vocalist.

The public is invited to attend.

AURORA/EGLEON

Continued from Page D-8 August, the Ladies Auxiliary of Post 578 was honored by a visit from District President Joann McCartney, and Chairman Polly Forman and her mother, Louise Pratt, Grafton.

Seven members were present, and programs for the upcoming year were discussed.

The next meeting is set for Sept. 9 at 1 p.m. at the Terra Alta Post Home. All ladies who are members are invited and encouraged to attend.

Tichnell urges return to Deputy Patrol

GARRETT COUNTY — Garrett County candidate for Sheriff, Harland Tichnell, urges a return to deputy patrol: "We need to bring the patrol deputy back into all the communities with more patrols on county roads and less on state highways. A heightened police presence will act as a deterrent to crime."

ELECT HARLAND TICHNELL REPUBLICAN FOR SHERIFF

"I'm not a politician. I'm a peace officer."

Authority, Dennis Glottelty, Treasurer

James M. Raley

Jim Raley has received the unanimous endorsement of state and local law enforcement for the office of County Commissioner. This support comes as a result of his role as a community activist, advocating for a safer Garrett County. Jim Raley has spent 25 years in the fire and rescue service and is the current president of the Garrett County Volunteer Fire and Rescue Association. Jim will stand up for the citizens of the county and will work with law enforcement to protect the rights of citizens. He has the knowledge and skill of working as a team. And, he has a plan for the next four years to make Garrett County even greater.

ON THE ISSUES:

• PUBLIC SAFETY

The Commissioners must partner with the Maryland State Police and Sheriffs' Department to provide services commensurate with the growth and demand of the county.

• TECHNOLOGY AND EDUCATION

The Commissioners must address the technological divide that exists between the public and private sector and provide schools with the resources necessary to compete in the world.

• ECONOMY/JOB

The Commissioners must foster the growth and expansion of businesses that show a true long-term commitment to the citizens of the county and provide quality salaries and benefits.

• TAXES/DEEP CREEK LAKE

The Commissioners must encourage a respectful relationship between all Garrett County property owners, create fair and equitable taxing structures, and listen to the concerns of all taxpayers.

Elect

REPUBLICAN COUNTY COMMISSIONER

GC United Way Committee Sets Goal For 2003

The United Way of Garrett County Community Response Committee has set the goal for the 2003 fund-raising campaign. Each of the committee's 14 volunteer members met individually with one or more of the United Way of Garrett County's affiliate organizations to review their requests for funding and progress in achieving their respective project-based goals.

In addition, each member acted as an advocate for the organization when the entire committee met to determine individual allocations and the overall funding goal. Based on the needs of the affiliate organizations, the United Way of Garrett County has established a 2003 campaign goal of \$102,000. Eleven of the 18 current affiliate organizations requested and will receive funding. All of the organizations are eligible to receive designated funding in the upcoming campaign.

"The work of the Community Response Committee ensures that Garrett County money has the greatest effect on the people who need the services of these organizations," said Tom Myers, Community Response Committee chairman.

GARRETT COLLEGE PAID TRIBUTE to the sacrifices and heroism of last September 11, and commemorated the thousands of lives lost, in a ceremony on the college's front lawn that took place yesterday at noon. Student

Government Association president Lacey Holtzschneider is shown at the podium as she addresses students and staff during the event.

Committee member Kathy Johnson said she agreed. "I honestly gained a better knowledge of the needs of the county and want to help make it a better place to live. Having the opportunity to see how these organizations work and survive is truly an enlightening experience," she said.

Affiliated organizations include Burlington United Methodist Family Services, which works with families to keep children from being removed from their homes and to help parents become better at parenting and coping skills; Habitat for Humanity, whose mission is to provide a decent shelter for everyone; and Community Action, which developed a program to provide short-term medications to those waiting six to eight weeks for their long-term prescription medication programs to begin.

"Our county United Way funds allow us the privilege of meeting the needs of Garrett County's children and families in ways that are impossible on our own," said Dawna Day, program manager for Maryland Programs at Burlington United Methodist Family Services. "Children from three of the families we are serving were able to buy needed school clothes and supplies, so they didn't start school this year with the stigma of not 'fitting in' or being different from their classmates."

The United Way of Garrett County, formed in April of 2000, is fully supported by contributions from individuals and businesses in the community.

Affiliated organizations have met the requirements of the United Way of Garrett County by delivering community services to improve the quality of life for the county. Any non-profit organization meeting the human needs of the community is welcome to apply for affiliation.

Volunteer representatives from the United Way of Garrett County are available to any business or organization interested in learning more about the agency. For further information on volunteering or supporting, or to receive an application for affiliation, persons may call the United Way of Garrett County at 301-359-9697, or visit the web site at www.garrett-unitedway.org. Contributions may be mailed to the United Way of Garrett County, P.O. Box 394, Oakland, MD 21550.

Transportation Officials Slate County Meeting

State transportation leaders will be making a visit on Friday, Sept. 20, to meet with citizens and local officials in the meeting room of the Garrett County Board of Commissioners. The annual meeting brings officials from the Maryland Department of Transportation and State Highway Administration for a face-to-face session during which they present information on current and upcoming transportation projects, and take input from Garrett County residents on what they see as this area's major transportation needs.

The 9 a.m. DOT Tour meeting is one of 24 such informational gatherings facilitated by state officials in each Maryland county and Baltimore City, during which the officials present DOT's draft, six-year capital expenditures program. Input generated at the meetings is considered for incorporation into the department's final report, which will be submitted to the Maryland General Assembly in January. Copies of the draft program will be available at the Sept. 20 meeting.

Garrett County officials have already listed their own priorities for discussion at the meeting. In large part, the attention of local officials is being directed to U.S. Rt. 219. Local priorities, as listed by the officials themselves, are:

- Prioritize funding for the design and engineering phase of the Route 219 Oakland realignment project (the proposed Oakland bypass).

- Encourage further progress on the Rt. 219 North project (linking Interstate 68 at Chestnut Ridge Road to the Meyersdale, Pa., bypass) for the proposed North/South Appalachian Corridor.

- Continue to evaluate the existing Rt. 219 Corridor, emphasizing planning

for improvements to the existing corridor throughout the entire county, including the Accident bypass.

- Clarify the status of the project to construct a sidewalk between Southern High School and the town of Mt. Lake Park, including maintenance agreements.

- Request that the traffic signals at the intersection of Rt. 219 and Mosser Road be made full signals.

- Seek refurbishing of the Rt. 219 bridge over the Youghiogheny River south of Red House.

- Request installation of a northbound bypass lane at the Fort plaza in McHenry. Several state elected officials and Oakland mayor Asa McCain are expected to be on hand for the meeting, along with the GC commissioners.

Counterfeit Bill Passed At Store

Maryland State Police investigators based at the McHenry MSP barracks are seeking the public's assistance in solving a case involving the use of a counterfeit bill at a local store. Area businesses are also warned to be especially vigilant in handling cash transactions.

On Monday, sometime between 6 a.m. and 10 p.m., an unknown person used a fake \$20 bill to purchase goods from the Trading Post store located at Keyser's Ridge along Route 40. Persons with information are asked to contact Tfc. DeLawter at 301-387-1101.

Winners Of PAWS Photo Contest Are Announced

Twelve winners were recently chosen from among 148 entries in the PAWS (Partners for Animal Welfare and Safety) "Pets and Their People: A Celebration of Life With Animals" photo contest. Tom Hertz of Swanton and Bethesda won Best of Show honors for his submission in the Let's Play Dress-Up category.

The Best of Show photo was selected from among the first place winners in each of four categories, and will be featured on the cover of the PAWS 2003 calendar, which will include all the winning photos.

The other three categories in the contest were Quiet Moments, Clowning Around, and At Work And Play. First place winners received \$100, second place winners were given \$50, and \$25 went to each third place winner. Judges for the event were area photographers Guy Hinebaugh and Bonnie Ulrich.

The Quiet Moments category attracted the largest response, with over 60 entries. Winners in this category were Maxine Miller of Grantsville, first; Tom Hertz, Swanton/Bethesda, second; Wendy Hampe, Meyersdale, Pa., third.

In the At Work and Play category, winners were Jane Mahan, Stephens City, Va., first; Marianna Herpel, Accident, second; and Jim Lough, Flintstone, third.

Let's Play Dress-Up category winners were Tom Hertz, Swanton/Bethesda, first; Terri Bellman Ward, Morgantown, W.Va., second; and Belinda Grady, Cumberland, third.

The Clowning Around category had 27 entries. Winners were Denise Almond, LaVale, first; Don and Bonetta Winters, Oakland, second; Tanya Beitzel, Accident, third.

The PAWS calendar featuring the winning entries will go on sale locally on Sunday, Oct. 6, at the PAWS "Volkswaggle" in downtown Oakland (see separate story). The calendars will also be sold at the PAWS booth during the Autumn Glory Farmers' Market, slated for Oct. 11-13. After Autumn Glory, calendars will be available through PAWS members, at select locations throughout the county, and via a PAWS web site soon to be constructed, according to a spokesperson.

The group expressed thanks to all who entered the contest.

"A good variety of wonderful and adorable pets was represented among the entries, everything from dogs and cats to horses, goats, and birds. The hard part was narrowing it all down to the winning 12. We look forward to doing this again next year, and encourage people to enter again," said PAWS member Fran Wishnick.

The winning entries will be on display in the Mountain Fresh Producers Pavilion during the "Volkswaggle" event.

Swanton Woman Arrested On Assault Charge

A Swanton woman faces assault and other charges following an incident at a Lower New Germany Road location last Thursday night, Sept. 5, according to Maryland State Police at the McHenry barracks.

Brenda Jean Bittinger, 37, allegedly kicked a juvenile male in the mouth and pointed a BB gun at his head during the 8:30 p.m. incident. State police charged her with second degree assault, reckless endangerment, and child abuse.

A District Court commissioner initially set Bittinger's bond at \$3,000, but she was subsequently taken from the jail to Garrett County Memorial Hospital for evaluation purposes.

"Big" Shares Slice Of African Life With BBBS Group

A gathering of Big Brothers Big Sisters children and youth, and their adult volunteer mentors, learned about life in Kenya recently as "Big Sister" Nancy Noecker shared her experiences of the recent 11-month period when she resided in the East African nation. Noecker is a Big Sister to Carrie Stephens, and the pair were able to maintain their relationship while overseas through letters, e-mails, and with the help of Noecker's mother, Marie Sines.

Noecker showed slides at the BBBS gathering that depicted the Kenyan landscape, people, plants, and animals, and she displayed a variety of items she accumulated there to further demonstrate the life and skills of those African people. Among the hands-on collectibles she shared with the group were a pair of shoes made out of recycled tires, a woven basket and

"TRYING ON" AFRICA FOR SIZE, Little Sister Carrie Stephens is shown as she tries on a traditional African headpiece with the help Marie Sines at a recent Big Brothers Big Sisters gathering. Looking on is Stephens's big sister Nancy Noecker (Sines' daughter, in the white sleeves), who brought the hat home when she returned from an 11-month stay in Kenya, and Elizabeth Reed. Noecker shared stories, crafts, everyday items, food, and photographs that gave those in attendance a glimpse into a culture wholly different from, while at the same time quite similar to, our own. The evening concluded with a sampling of Kenyan food, as Noecker made some authentic African dishes for the group. "The doughnut 'maandazi' and the flour tortilla 'chipati' were delicious!" one of the tasters exclaimed.

Bear Task Force Moving Closer To Recommendations

The Maryland Black Bear Task Force met last week at Rocky Gap State Park, and members said afterward that the citizen's group is not far from making recommendations and holding its first meeting in Garrett County, where the input of local citizens will be actively solicited.

"We're getting our suggested recommendations together," Task Force chairman Tom Matthews commented, "and we will vote on them at the close of next month's meeting. [Set for 12:30 p.m. Thursday, Oct. 3, at Rocky Gap.] At that point we'll begin putting together our draft report and will tentatively meet at Garrett College at some point in mid-November to give Garrett County citizens a chance to express their opinions, which will play a part in the final report."

Among other items, the report is expected to spell out the Task Force's recommendation about whether or not a bear hunt should be instituted in the state. Debate on that topic could prove to be contentious, as a variety of different groups represented on the panel have been expressing different approaches to managing the bear population.

At last week's meeting, Matthews, a retired Department of Natural Resources biologist, pointed out that a citizens task force had recommended a hunt 10 years ago, and that there are agency biologists who have concluded that a limited hunt could take place on annual basis without endangering the overall numbers. Support for a hunt has also been expressed by farming and hunting interests.

On the other end of the spectrum, two of the Task Force members represent groups that oppose hunting. A real estate industry representative said that while local members of her profession oppose a hunt, they do feel that the bear popu-

lation should be stabilized, perhaps by issuing kill permits to landowners impacted by problems with bears.

The group will be making its suggestions public prior to the November meeting in Garrett County.

Prayer Group Set To Meet At Northern Schools

"See You at the Pole," an organization for students to take time and meet before and after school hours at their flag pole to pray for students, staff, and their schools, is set to meet on Wednesday, Sept. 18, at three northern county schools.

Students from Northern High School will meet at 7 a.m. at their school flag pole, Northern Middle School students will meet at 8 a.m. at their flag pole, and Grantsville Elementary students will meet at their flag pole at 4 p.m.

county, purchasing easements. Land sought for the Rural Legacy designation is appraised, and landowners are offered a sum to sell a conservation easement that bars future development that is not in keeping with agricultural or forestry uses.

The county was recently awarded \$750,000 to purchase more than 31,000 acres in the Bear Creek drainage area. Keaton wrote the grant requesting the funding. Part of his duties as the new administrator will be to write another grant request for more Rural Legacy funding next year.

A public meeting will be held Monday, Sept. 16, at 7 p.m. in the Accident town hall for persons interested in joining the Rural Legacy Program.

Other unopposed candidates in Tuesday's election included Delegate George Edwards, who received 3,960 votes, and Senator John Hafer, who earned 3,786. U.S. Congressman Roscoe Bartlett, unopposed on the Republican ticket, garnered 3,797 votes.

Voter turnout was unremarkable, with about 46% of registered Republicans and 33% of registered Democrats casting ballots.

A report on the results of the state elections will be published next week.

He suggested moving the proposed park away from sensitive areas and limiting the size of parking lots. Water pooling on parking lots traps contaminants that later run off and harm fish, he explained.

Sanders said the park's design could be amended to avoid the areas about which Morgan was concerned.

Ritchie added that changes could also be made to prevent run-off from going into those areas.

month. "We are hoping that word gets out that this is a very good opportunity," Mullinix said. "This class deals with more than just test preparation. The teachers make the students aware of what colleges are looking for on admission and financial aid applications."

Another improvement was updated versions of the computers at the libraries at both schools.

Last year, Garrett College offered the test the first weekend in November, in addition to the test in October. Mullinix noted a good participation number at that November test.

Most colleges and universities look at a "desirable score" of over 1,000 on the SAT, Mullinix said. This year the county score increased significantly. The state and national average score was 1020, and the county average was 1024.

In the county, the verbal SAT scores increased by 11 points, and the math scores increased by 15 points.

By gender, the female score in the county for verbal improved by 20 points, which Mullinix deemed a "very good score of 514."

The males still outscore the females significantly in the math portion, although Mullinix noted that the disparity of the two scores is closing in slightly over the

past several years.

A little small percentage of students take the ACT test, but the composite county test scores were up over two points. Most schools look for a composite score of 20. The national score was 20.8, the state average was 20.4, and the county average was 22.7.

Mullinix added that this is "very, very good," and the number of students who take this test are fairly consistent with the numbers of the state.

In addition to these increased scores, Mullinix noted that there was a significant increase in AP (Advanced Placement) enrollments for 2002 compared to 2001, particularly in calculus, English, physics, and U.S. history. The percentage of students scoring a 3 or higher in biology, English, physics, psychology, and U.S. history also increased.

"I like to see kids challenge themselves with these AP courses," said Jim Raley, board member. "Even if a student gets a 1 or a 2, they are probably still better off to have taken the course. Clearly, there is a benefit even if they don't get the full college credit."

Dr. Brenda McCartney, assistant superintendent, added that she thought "the students did very well."

Season Didn't Help...

Although it almost never happens, it was likely just a matter of time before a black bear somewhere in the country killed a human being. One predictable result of that tragedy, which occurred about a month ago in New York state, has been a renewed cry locally for a bear hunting season to be instituted in Maryland. As we all know, Garrett County has a population of black bears, the size of which is debated regularly.

However, before we acquiesce on the hunting issue, there are some points to consider about the case in New York, and in general.

It must be noted that New York state already has legalized bear hunting that amounts to a season of almost two months. That hunting season obviously did nothing to save that baby.

The bear that did the killing was found to have all kinds of "domestic" garbage in its stomach, indicating that it had open access to such materials and/or that it was being intentionally fed. Too many people who want to see a bear are feeding them and making them feel far too comfortable around humans, which invites disaster.

If the hunting season in New York did not prevent this death, then another conclusion would be that it is necessary to declare year-around open season on these critters and simply eliminate each and every one of them. That is the only way to truly guarantee that not one more human will be injured or killed by one.

But if we settle on that conclusion, then certainly we must do the same thing with all other dangerous animals. We must rid the world of all poisonous snakes. We must destroy all bees, because they kill far more human beings than do the bears. In fact, we need to get rid of all dogs, because they also kill and injure people much more frequently than the bears do.

Obliteration is not the answer to the bear problem for most people, even those who favor a bear hunting season. We somehow co-habitate with the other aforementioned members of the animal kingdom, and we should learn to do a better job of doing so with black bears.

Does Maryland need a bear hunting season yet? Is it time? Maybe. The bear task force is getting close to making a recommendation. But even if the recommendation is that Maryland should have a limited season, and one is subsequently legalized, we cannot overstate the importance of education on cohabitation with this particular species in God's creation, with or without a hunting season.

Letters to the Editor

To the Editor:

In answer to Commissioner Fred Holliday's statement on the in-house paving program, the county has done its own paving from the time it bought its own blacktop plant in the '70s. The '80s had a bridge crew in the '80s, before you (Holliday) were elected as commissioner. So do not take credit for something that was already in force.

Rumor also has it that the ClosetMaid may not be located in Grantsville, and if they do there will only be 300 employees instead of 600. So, come on, Commissioners, let's hear from you. Retired Roads Dept. employee Jim Baker

To the Editor:

As I look back at the events that occurred on September 11, 2001, I am reminded of an earlier time that may have contributed to the disaster at the World Trade Center in New York City.

In their zeal to reduce the size of the federal government, the Republicans in 1994 introduced their infamous Contract with America. Then President Bill Clinton, cooperating with the Republican majority in Congress, cut government

spending.

What the people did not realize at the time was that funding had been cut to all government agencies, including but not limited to the National Security Agency (NSA), Federal Bureau of Investigation (FBI), the Central Intelligence Agency (CIA), etc.

When government agencies are not properly funded, they become ineffective. Had the government organizations been properly funded and running effectively, 9/11 may never have happened.

Please note that after 9/11, there have been no deaths as a result of terrorism in the United States. That's because President Bush increased government spending, and to date, effectively stopped terrorism in this United States.

I'm sending a huge "thanks" to Oakland for its generous support of the Muscular Dystrophy Association on Labor Day weekend! Because of your help, our MDA Telethon raised a record \$58,276.118 in contributions and pledges.

It was heartwarming to see people across the country — from celebrities to

unsung heroes — coming together to help families affected by neuromuscular diseases. As our nation marks the first anniversary of Sept. 11, it's clear that we remain true to our most cherished values.

I want to thank you not only for calling in pledges, but for supporting MDA programs throughout the year, including Shamrocks Against Dystrophy sales, MDA Lock-Ups, and Fill-the-Boot drives by fire fighters.

Your support makes it possible for MDA to keep the engines running at full speed on worldwide research seeking treatments and cures. We've made so many significant gains in recent years! Besides research, your donations fund other vital programs, including some 230 clinics, help with medical equipment and — the favorite of "my kids" — summer camp.

If you'd like to get involved with these great MDA programs year-round, call your local MDA office; call our national headquarters at (800) 572-1717; or visit our Web site at www.mdausa.org.

Oakland, you're the best! Thank you from the bottom of my heart!

To the Editor:

This is to thank the wonderful park rangers, lifeguard, and staff who were working at Swallow Falls on the afternoon of July 30. I have three daughters, ages 21, 16, and 14. My husband and I were not too concerned when they took off "creek walking" among the rocks and currents of Muddy Creek. However, when they could not find any way to get back to the hiking path we were watching them from, we went for help. Thanks to at least three park rangers, Andrew the lifeguard, and park staff including the concessions woman, my girls were rescued from an isolated rock where the current was too strong for them to cross by themselves.

As I sat worrying and thinking the worst at the information cabin waiting for news of their safety, these well trained and helpful people were locating life jackets and ropes to get my daughters safely to solid ground. I especially want to thank Andrew, who was barefoot, for scaling the hillside and going into the rapids to help the girls. Also, to the concessions woman (I wish I knew your name) for throwing the rope to my youngest as she slipped and started down the rapids. You have wonderful timing, and as far as I'm concerned, the face of an angel.

Again, my everlasting thanks for a job well done.

To the Editor:

The primary election of 2002 is over. Congratulations to all those who won the nomination of their party and who will now move to the November 5 general election. While only three local offices await the results of the general election, we are also selecting a governor this year, as well as a representative to the U.S. Congress, both of which can have a major impact on our county. I want to encourage all voters to continue to learn all they can about all of the candidates prior to the November election. Thanks to *The Republican* for publishing the *Voters' Guide*, which is just one way voters can become educated about the candidates.

For those who wanted to vote in the primary but found that they were not registered, the books will be opened again on September 23 and will remain open until October 15. You may call the Election Board to get the necessary form to register to vote during that period (301-334-1962).

I want to thank all those individuals who opted to seek election this year. Without citizens who are willing to seek office, our democracy loses its value. It is not easy to put your life, ideals, and money on the line to enter a political race. I, for one, am thankful that so many were willing to do so. You are all winners, and Garrett County is better for having you among its citizens.

Sincerely,
Henrietta Lease, Pres.
LWVGC

P.S. Don't forget to vote on Nov. 5.

To the Editor:

I currently reside in the Keyser's Ridge area. The Garrett County commissioners appear to have no concern for the people living in this area or the desecration of the land in or around this area.

My house will sit directly downwind from the sewage treatment facilities at the proposed Keyser's Ridge Industrial Park. I have worked very hard to create a nice home in a serene setting out of town, only to be bombarded by the proposed commercialization of this area. As a result of these actions, my property value will decline, and my beautiful rural surrounding will cease to exist, only to be replaced with bright lights, garbage, noise, and all types of pollution.

Furthermore, I am also very concerned about the depletion of my water supply, with no recourse in action since I am not in a PFA (Priority Funding Area) and would not be eligible to access the Grantsville water supply.

I believe in years to come that fewer people will come to Garrett County to "get away from it all," because "it all" will be here in Garrett County.

To the Editor:

I was impressed by your editorial of Aug. 26 about the "Done Deal." This does indeed seem to be the era of the "done deal," at least as far as the county/state government is concerned. The residents of Keyser's Ridge and Negro Mountain area are finding this out

with the proposed rezoning of 400 acres as commercial property. About 50 residents attended a meeting held by the commissioners at Garrett College on August 27 and were given the usual "dog and pony show."

However, a few observations:

1. The request from planning and zoning for the rezoning of this area was received by the commissioners Aug. 1, 2001. The public hearing to consider this was held Aug. 27, 2002, well after the water and sewer lines were installed to service the proposed commercial/industrial area.

2. The commissioners reluctantly agreed to permit input from interested and concerned people to be added to the public record until October 22, 2002, claiming that the land option purchases will expire if any more time is given to explore the environmental consequences of building an industrial park/commercial area on one of the highest points in Garrett County, regardless of the fact that downhill has at least one municipal well servicing Grantsville residents (Lake Louise, formerly Todd's Dam), the DNR protected Puzzle Run area, and numerous residences. FINDING SOME WORDS, ONE YEAR LATER

by Mary Sincell McEwen

And so it has passed. One year. We have managed to have our first Christmas, our first birthdays, our first July 4th — a year of holidays and celebrations since the day we were horrified. A clear and warm September day with a bright blue sky pleases me as always, but I have to work hard to keep the memory of last year from inching into my brain on a day like that. It was a day like that when I stood outside this newspaper office, wringing my hands and scanning the street for my brother, I remember. He had just gone to get the mail. I actually can't remember what it was I wanted to tell him — maybe about the rumor that another plane had come down. What I do remember is thinking how the day's beauty was so contradictory to the tragedy unfolding. I was struggling with the decision of whether or not to go get my three sons from Dennett Road. I wanted to hold them and make sure they were safe, but I didn't want to scare them. My friend Sherry came out of the Book Mark'et and I told her that Matt, my nephew, was in New York and we couldn't reach him. We hugged each other, and she told me she had heard that the most recent plane had crashed somewhere close in Pennsylvania. We were sick with dread, wondering what was going to happen next. What raw fear. Even writing about it provokes a clear echo of the panic we felt, and brings back the ache of sorrow.

As a person who finds release in writing, I was surprised by my inability to express my reactions in the weeks and even months that followed. Words, no matter which ones and how they were arranged, were inadequate. Nothing I conjured up on paper came close to reaching the depths of darkness into which we all had fallen. I was glued to the television, despite the warnings to avoid it, and I watched people, tortured with grief, holding up pictures of the missing in New York, begging the world to find them. I listened to others desperate to believe that their loved ones were somehow safe, lying unknown in a hospital. And still to others as they told of their final conversations with their soulsmates destined to die in a fiery crash. I didn't know anyone who died, and sometimes I wondered why I mourned so. But of course it is the human response to the loss of life itself, valued and treasured. Mourning lost lives is akin to our compulsion to save them, even if it means running into a fire or a falling building.

So now, a year later, what have we learned? How can we honor the sacrifice made by the firefighters and police, the undeserved sudden end of so many lives, or the perpetual heartache of the families and friends? How do we make the world a place where this won't happen anymore? What I believe to be the remedy will surely be at odds with many, and will probably be deemed idealistic. But it is a free country and I'm allowed to dream.

First, we must understand where we are. We are a fortunate, wealthy people with resources unmatched in the world. Yes, there are poor. But there are avenues and advocates for those poor. A TV program some months ago showed a starved man in a Third World country who was eating a pan of dirt so that his stomach would not feel so empty. I will venture to say that there is no one in Garrett County, no one, who knows this kind of hunger. Perhaps there is no one in all of Maryland. If there is, then that person has simply been overlooked and can yet be saved, because there is a vast network of help available to him. We must begin to understand that this is not the case in most of the world. We must comprehend that there are more people like this man than there are like us. We must not turn away from it and assume it is not our problem, because like it or not, the events of Sept. 11, 2001, can be attributed to this unbalanced state of affairs. It is naive to think that the attacks were simply the wickedness of one insane man. He had, and still has, followers, and they believe him when he tells them we deserve death. And when he can hold up our lives in our comfortable world to young people who literally eat dirt to survive, his twisted words ring true to them. Somehow we must help solve this disparity.

Second, I believe we must disregard the ranting of radicals on either side of this debate. Those innocent people didn't deserve to die last year, and that man doesn't deserve to eat dirt. We are all human beings, despite our faiths, our homes, our races, our intelligence, or our abilities. I'm weary of the radical religious diatribes that declare the black and white of every situation, with text quotations bent to fit the rage and substantiate the judgments of who is guilty and who isn't. It's convenient to have it all worked out, this abstract thing called faith, and it is enraging to these people when others force them to question their precise formulas that give them security and allow them such self-righteousness. This situation exists on both sides of the war, and both fanatical elements insist on violence and revenge. Dwelling on anger and fear, however, is ultimately useless. If we want to find peace, I believe we must disregard the radicals. "Love your neighbor as yourself," Jesus said. Christian or not, we can surely see this as a fail-safe plan for living. And he didn't say, "Love your Christian neighbor..." Those firefighters didn't stand outside the Twin Towers or the Pentagon and figure out which people to save, did they?

If any good can arise from the devastation, maybe it can be the beginning of understanding. Understanding that we are hugely fortunate, and not by any deed on our part, but simply because we were lucky enough to be born Americans. We have the strength and the resources to help. It is true that in the event of an international catastrophe, Americans are almost always among the first on the scene offering aid. This is good. But we can reach out even more, all of us — soccer moms, working dads, school kids — even if at first it's simply by expanding our knowledge of the world, and accepting the fact that disparities exist. We can open our hearts and see these things, and that alone is a step forward. And if that step can be taken as a result of Sept. 11, then all is not lost.

"The world is indeed full of peril, and in it there are many dark places; but still there is much that is fair, and though in all lands love is now mingled with grief, it grows perhaps the greater." — *Haldor Eli, The Fellowship of the Ring* (J.R.R. Tolkien).

 uids flow down hill.

3. No environmental impact studies have been done, despite already documented problems about runoff with the Lake Louise area due to US Rt. 68, and the fact that the state has paid over \$600,000 in attorney fees to correct this problem.

4. The Puzzle Run area is home to numerous types of wildlife and enjoyed by hikers, hunters, and fishermen from all over the county, and even the state. It does seem that the commissioners are willing to sell this resource for another ClosetMaid or Sam's Club without examining carefully the environmental, social, and even political aspects of such a major step.

I wish that the commissioners were as careful and considerate as the wind power company. Considering that it is an election year, perhaps they need to take into account the wishes of the folks present at the meeting. Or is this really the county of the "done deal?"

Sincerely,
 William A. Durst

To the Editor:

In recent years it has become apparent that all city water supplies are vulnerable. Every day it seems that we hear of drought conditions which affect the water we drink. It has been no different in Grantsville. Several years ago, due to the large demand and expansion of the Grantsville Industrial Park, the town of Grantsville was experiencing the same types of water problems (i.e., not enough water to fight fires in town). This was largely in part due to the poor planning and mismanagement by local government. As a whole the Grantsville area is not affected by water issues today due to the new well drilled on Arthur Green's property near Keyser's Ridge in Puzzle Run. It is clear that this one well will not support the high volume of water needed for a new industrial park and the town of Grantsville. Therefore, the Board of Commissioners is planning to drill at least one additional well in Puzzle Run.

I am not against the creation of new jobs — if we see them. However, our commissioners promise "good jobs," but what jobs have they really created? The commissioners' philosophy of buy today in hopes of enticing businesses into the region has netted our area only a handful of jobs. The Simon Pearce glass plant employs only a handful of people, not all of whom are Garrett County natives (not the 100 jobs promised) and ClosetMaid, it has been rumored, is not really coming to this area. As a result of this mismanagement and poor planning, hundreds of acres have been and will continue to be destroyed. I am largely opposed to this development due to the fact that three large sewage treatment facilities will discharge waste directly above and within a few feet of the water wells that will supply the town of Grantsville. In addition, the development of this land will create large amounts of runoff that will flow into this same area, further contaminating the fragile ecosystem in and around Lake Louise and Puzzle Run.

It is apparent that the local government has no regard for the safety or quality of life for its citizens. We are blindly being led down another poorly planned, mismanaged local government fiasco. The Board of Commissioners has spent two years planning the development of an industrial park at Keyser's Ridge; however, the commissioners have completed no environmental studies, nor have they informed the citizens of their intent with the exception of a very few select people who are directly affected by this project. These citizens became aware of this project days before the public hearing meeting held by the commissioners. It was at this time, a large group of concerned residents were able to convince the commissioners to keep the public record open for another 45 days (until October 15) to hear citizens' concerns and gather environmental data about this project.

If you are concerned about this project and the effect it will have on you, please contact your local commissioners in regard to keeping this ground zoned rural and not commercial. Thank you, Jim Friend

To the Editor:

I have perused the application filed with the Maryland Public Service Commission for permission to develop the wind-powered turbines proposed for Backbone Mountain (the application is available on the PSC's website and also at Ruth Enlow Library). I thought your readers might be interested in some aspects of this proposed power facility.

Size — The towers, including propeller blades, will be nearly 400 feet tall, about the same as a 40-story building. Sixty-seven of the towers will be constructed. If this facility is constructed, Garrett County will have more large man-made structures than any county in Maryland, including Baltimore City, which has only a handful of buildings of this size.

Area Covered — The towers will be strung along about 11 miles of Backbone Mountain.

Noise — The towers are noisy and, of course, will run 24 hours a day. They will be heard throughout dozens of square miles of Garrett County. Attempting to reassure local residents, the developer's PSC application says that the noise levels in Oakland (!) are "expected to be indistinguishable from background noise levels." (One can only imagine what the noise levels will be like at Our Father's Log House church, where the towers will dominate the nearby mountain.)

Lighting — Under Federal Aviation Administration regulations, the towers will have to be lit to prevent aircraft from flying into them. After construction, much of southern Garrett County will have a night-time vista of flashing lights.

Visibility — The towers will be visible for many miles. The developer's application contains simulated photographs showing the view which the developer admits will be visible from the Glendale Bridge, Sky Valley, Route 219, Mountain Lake Park, and Route 560. Undoubtedly, there are thousands of other vantage points in Garrett County where these towers will be visible. (What will be the impact of these towers on the Autumn Glory festival? Will tourists come from the cities to see red and gold mountains covered by rotating propellers?)

In your brief reply to my letter in last week's *Republican*, you stated that because there is no county-wide zoning in Garrett County, nothing can be done to stop the construction of these towers. In fact, a lot can be done. The tower application is pending before the Maryland Public Service Commission, which has virtually unlimited discretion to disapprove the application on the grounds of "public convenience." Citizens and groups can express their views to the PSC. The state of Maryland's Department of Natural Resources and the Department of Business and Economic Development are studying the application and will take a position on the application. The positions which these Maryland state agencies take on the application can be influenced by the views of elected officials in Garrett County, groups such as the Chamber of Commerce, sportsmen's clubs, and the Deep Creek Property Owners Association, and private individuals. I expect that the editorial position taken by *The Republican* will also be taken into consideration by Maryland officials. It is not too late to stop what could be a massive and permanent blight on the Garrett County landscape.

Sincerely,
 Robert A. McIntire

To the Editor:

Those who believe the Bible simply means what it says certainly are prejudiced against in our culture. Yet it is the only prejudice I know of that goes largely unchallenged. The descriptive words used in last week's paper regarding people who accept the Bible, as written, were "hateful," "intolerant," "hypocritical," "narrow-minded,"

"tunnel-visioned," and "unenlightened." These attributes are assigned to people like me by people who have never met me.

I wonder if the writers felt the same way toward their math teachers at school. Isn't that hateful, intolerant, narrow-minded, tunnel-visioned, and unenlightened to say that 8+8=16? Won't that promote hatred and disunity in the classroom where individuals believe 17 is correct, or how about 15, or possibly 64? Would we assume that a teacher is arrogant if he thinks he knows the answer or that he hates the student who comes up with the wrong answer? That is absurd.

Our math teachers compare our answers to the answers in the book and grade them accordingly. Most people accept the verdict because we believe the answers are knowable and they are revealed in the book. I believe that the same thing can and must be done with life's questions and the Bible's answers. God made truth knowable and it is in the Bible. The Bible is written simply enough that a person with a third grade education can understand the major themes. I don't understand why adults make the Bible's truths so mystified and beyond clear understanding. The most important things are said over and over again. They are translated into plain English.

I believe our responsibility as humans is to read that document and conform our thinking and actions to its revelation. So, I compare what people say and any bright idea I may have to what Scripture says, just like a soccer referee compares soccer activities to the soccer rule book, or a math teacher compares the answer to the book. Some things are right. Some things are wrong. And some could go either way, depending upon a person's motive.

Some people think it is arrogant to make those kinds of decisions. My question is, how can that be arrogant when it is an active submission to what a higher authority has said? I can see how it could be seen as being stupid by those who don't trust the Bible's words, but I can't see how it could be construed as being arrogant. The Bible has shot down a thousand of my bright ideas. I can't justify a single act of vengeance, bitterness, gossip, slander, lust, envy, etc., because the Bible says "wrong answer." When I want to come up with a way to bring all religions together the Bible says "wrong answer." (If you don't believe me, what is the first commandment? Ex 20:1-6 That is just one of hundreds of quotes regarding the exclusivity of the Bible.) When I want to create a God that is more palatable to our societies tender sensitivities the Bible says "wrong answer." I don't like all the answers in God's Word, but that is strictly my problem, not God's.

God revealed himself to our world in the Bible. Read it from cover to cover and you may be surprised by what you find. It reveals a God that many people hate. He doesn't take surveys or polls. He really doesn't care what our evaluations are of Him. He is good. He is loving. He is jealous. He is terrifying. He is a consuming fire. A person cannot make one of those statements and isolate it and think he has a total picture of God, unless one assumes to know more about God than God revealed.

Christ, who demonstrated what love is, said that He will return to judge the earth. He spoke of hell more than any other person in the Bible. He said he will separate the sheep from the goats, the grain from the chaff, the wheat from the tares, and good branches from bad branches. These are all illustrations used by Christ to describe his judgment process. And in the end, he destroys much of what he separates. I didn't write it. I am not blowing it out of proportion. That is what the book says.

I, for one, want to know what a God like that says he requires of me. I don't want to know what our enlightened society says. I don't want to know what a Muslim says. I want to know what God says. So I

go to the Bible. If any part of the Bible is wrong, I have wasted my life. If the Bible is true, I will be saved because I have placed my faith in the work of Jesus Christ who died in my place and did for me what I could never do for myself. I am confident that if Christ can receive a wretched person such as myself, anyone and everyone is welcome. But they are welcome through Jesus Christ only. That is what He said.

If any reader wants to talk about this further, please call me. And if you want some interesting reading, try 2 Thess. 2:1-12.

FSU Seeking Medicinal Herb, Plants Experts

Researchers at Frostburg State University are trying to locate area residents who are knowledgeable about herbs and medicinal plants in the western Maryland and nearby West Virginia and Pennsylvania areas. The researchers are looking for ways to expand this knowledge through the university and to further community understanding of medicinal herbs, a spokesperson said.

Individuals who respond will be sent a short questionnaire asking about their knowledge and interest in herbs and herbal medicine. Some of those who return the questionnaire will be interviewed.

One of the goals of the researchers is to compile a list of people in the area who share similar interests in herbs and to connect them with each other, the spokesperson said. Individuals with a wide variety of interests are being sought — herb growers, collectors/harvesters, sellers, buyers, herbalists who recommend herbs to others, and those who use herbs.

Persons who fit these descriptions and who are interested may contact Dr. Michael Olson, FSU Department of Sociology, 101

YARD OF THE MONTH — Barbara and Roger Welch were recently chosen winners of Kitzmiller's Yard of the Month Contest for August. Shown above left is Kitzmiller mayor James A. Browning presenting them with a certificate and sign in recognition of their award. The Welch residence is located at 1405 Hazel Street. The contest is sponsored by the Kitzmiller mayor and town council, and winners are selected by town residents. The couple will receive a free shrub from Green Acres Garden Center.

Elks Lodge Slates Annual Essay Contest

The Elks Grand Lodge Americanism Committee recently announced the criteria for its annual Americanism Essay Contest. This year's topic is "What Does Freedom Mean to Me?"

Judging will be done by a committee and will be based on format, neatness, and overall message. Deadline for entries is Tuesday, Oct. 15, 2002. The rules are as follows:

- Eligible participants must be enrolled in the 5th, 6th, 7th, or 8th grade at the time of the contest.
- The essay length is not to exceed 200 words.
- The essay must be typed or legibly printed in ink.

• The essay must be submitted for judging to the Elks lodge nearest to the address of the participant.

• The participant must be identified by name, grade, school, and sponsoring Elks lodge on the essay.

All participants will receive a certificate of appreciation. Local essay winners will be awarded framed certificates in the following amounts:

- Division I (5th and 6th grades) — first place, \$25; second place, \$15; and third place, \$10.
- Division II (7th and 8th grades) — first place, \$25; second place, \$15; and third place, \$10.

Winners will also be asked to read their essays at a dinner in February at the Oakland Elks Lodge. The families, selected teachers, and principals of the winning students, as well as various community members, will be invited to the dinner as well.

Prizes will also be awarded by the Elks Grand Lodge for first, second, and

third place for national winning essays in Division I and Division II. U.S. savings bonds will be awarded to the winners — \$500 for first place, \$300 for second place, and \$200 for third place. The winners will be announced at the Grand Lodge Session in St. Louis, Mo., July 6 through 10.

All entries should be mailed to Robin Spiker at the Oakland Elks Lodge, 100 Elk Street, Oakland, MD 21550. Students may also give them to Spiker at the lodge or at Southern High School. Entries may also be sent in independently. If a student's school

chooses not to participate, he or she may still enter the contest, as long as the guidelines are followed and the essay is submitted by the deadline.

Oakland Main Street Meeting Date Changed

The date of the meeting concerning the Oakland Main Street Program has been changed from Sept. 17 to Sept. 24. The change was made because the original date conflicted with the Democratic Central Committee's annual Jefferson-Jackson Dinner, according to Glenn Tolbert, Main Street manager. The Sept. 24 gathering will begin at 5:30 p.m. in the Oakland Town Hall.

The meeting has been slated in an effort to recruit new volunteers for Main Street, which is apparently in jeopardy because of a lack of volunteer help.

For more information, persons may call Tolbert at 301-334-9431.

Dinner Held For Family Of Hetrick

Forty decedents and family friends of the late Jonas and Annie Hetrick from Maryland, Pennsylvania, and West Virginia recently attended a covered dish dinner held in August.

Presidents Esther (Hetrick) Durst welcomed all those who attended, and the prayer before the meal was given by Tonya (Hetrick) Stotler. Entertainment was provided by the Maple City Blue Grass Band, which is made up of the following musicians: Joe Faidley III, Paul Dix, Willard Cleavenger, and Robert Hetrick. They sang before and after the meal.

Also after the meal, a short business meeting was held with minutes from last year's meeting being read and approved by President Durst. The treasurer's report was read and approved by Marion Hetrick. The officers for 2003 were voted upon and approved as follows: Esther Durst, president; Mirian Berkley, vice president; Esther Durst, secretary; Joe Berkley, treasurer; and Beulah Mae Miller, reporter.

The Pig-In-Poke was furnished by Esther Durst and

was won by Samantha Stotler. She will bring the gift for next year's reunion.

The door prize was won by Margie (Hetrick) Bowman, and she will provide next year's door prize. Each person also provided non-perishable items for two food baskets, which were won by Marion Hetrick and Debbie Hetrick. Gifts provided by each person were auctioned off by Sam Showalter for the white elephant sale.

Six deaths were reported for the year: Edgar Hetrick, Oct. 8, 2001; Judy Hetrick, Nov. 9, 2001; Myrtle Hetrick, Dec. 31, 2001; Dale Hetrick Sr., Jan. 31, 2002; Boyde E. Miller, March 14, 2002; and Ralph Hetrick, March 31, 2002. One birth, Garrett Allan Haberkorn of Glen Burnie to Julia and Grey Haberkorn on Oct. 2, 2002, was announced.

Notes From Bittinger

by Joan Sussman

I happened to find a perfect picture frame at a lovely yard sale at a home on Accident-Bittinger Road. I am so sorry that I did not meet them before now, as they are ready to move away. They are a perfectly charming couple. They even picked some of their rose of Sharon flowers from their bush and dug up some dusty miller from their over-crowded bed for my dolls.

The frame is perfect for a painting of mine for a wedding present for Lea Stanton and her groom. I tried to call her mother to find out what the best subject would be for Lea, but instead of getting Cindy, I got Lea. She is already overwhelmed with wedding plans. When I asked her when the big day was she told me November 9. I remember Lea's great-grandmother, Mary Alice Beachy, whose birthday was November 7, and also her grandmother, Ferne Beachy, whose birthday on November 11. Ferne's birthday is easy to remember as it is Veteran's Day. I guess my birthday this year (November 6) will fall one day after general election day. I know it fell on Election Day in 1960, 1976, and 1980. They were presidential election years and I can remember clearly what I was doing in those years, but I don't see any kind of a pattern.

My Claire and Caitlin joined their cousins Robbie and Blakely Giotfelty and Matthew Bass during the first weekend of the new school year to travel to Elkins, W.Va., to complete in the first marching band show as part of Northern

High School Band. They won their division, but said it was not that big of a deal because their division only had two bands participating. My Caitlin was relieved to get the first one over. She still is a little nervous about her role in the color guard. It is not just marching for Caitlin, but a lot of dance steps. They were well prepared for it, as the band practiced every evening during the first week of school. They really did not have this Monday evening off since the Bittinger 4-H Club met, and after school they were busy making hay. This Tuesday it is back to the band grind, and while the rest of school kids are off, the band will practice throughout the afternoon.

Although Lea still has two months to finish all the preparations for her wedding with lots of parties in the meantime, a party was held Sunday, Sept. 1, in celebration of Lea's graduation from Towson and her upcoming marriage. Lea's fiancé, Michael Pochet, was visiting for the weekend. The party was hosted by Cindy Stanton, Sally Poholsky, Sharon and Leslie Buckel, and Pam Cutler. There were about 55 people in attendance. Louis and Dorothy Pochet, Greensburg, Pa., and other Pochet family members were in attendance, as well as Lea's extended family. Benjamin Adams, Virginia Tech, was also a visitor of the Stantons over the weekend.

Lea is a recent graduate of Towson University after completing a summer internship at Adventist Health Care. Her major was community health

BBBS, ROTARIANS 'GET FRIED' AT FAIR — Big Brothers Big Sisters, the local children and youth mentoring organization, partnered with the Oakland Rotary Club at last month's Garrett County Fair to help sell the always-popular Rotary french fries. Over 40 BBBS Bigs, Littles, board members, staff, families, and "friends" worked at the Rotary trailer during fair week. "BBBS is very appreciative of Rotary for the opportunity to help raise funds for other agencies in Garrett County who do such good works for the people of our community," said local BBBS coordinator Joan Johnson. Persons interested in BBBS services or volunteer opportunities may contact Johnson at 301-334-3591 or 800-400-0735. Pictured peddling fries at the fair, in the front row, are Grace Herpel, Emily Bass, and Lisa Thayer Welch. In the back row are Frank Custer, Jerry Herpel, Fuzzy Corum, and Mike Logsdon. science. Of course, she will probably have a few more wedding showers. She already had one in Towson a few weeks ago.

Although it is already September, we still have a lot of haymaking in Bittinger. In the early afternoon today the polling place in Bittinger showed a somewhat lukewarm turnout for the primary. I was the 53rd voter out of about 400 registered voters in our precinct. Sometimes the election judges would remark when a registered Democrat came in to vote. A couple smart-mouthed students called me a communist when I voted for Mondale instead of Reagan. Sometimes this county needs to learn a lesson about diversity.

As I came home from voting, I noticed it was a Rice Krispies Day. What I mean by that is when a car drives on a heavily tarred part of the road and the tar bubbles snap and pop. One of our favorite activities

when we were young was to pop the biggest tar bubbles we could find. Of course, we were barefoot, as I rarely wore shoes for almost the whole summer, which resulted in dirty feet, especially during our tar bubble pop season. I also got a lot of bee stings and too many nails in the feet which required soaking in hot salty water and probably a tetanus booster. I had one really badly smashed big toe when I was braiding my horse's mane for a horse show.

I got a phone call from Lena Fratz telling me it wasn't she who dropped off the big beautiful gladiolus flowers on my front porch. She believes it was probably Carl Haentling and wife.

We rarely get a chance to see the Northern Lights, but we did on Saturday evening!

Andy Salak, stepfather of Lenny Poholsky, passed away on Tuesday, Sept. 3, at Kittinging Care Center at the age of 88. The Poholskys were in Kittinging for funeral services.

Brent Housley, Max Beitzel, and Torrey Poholsky are members of the Northern High School varsity soccer team. They have been defeated in the opening two games held at Greenway Stadium.

Labor Day weekend guests of the Poholskys were Steve and Mell Presgraves, and Doug, June, Matthew, and Marley Stemper. Saturday evening dinner guests celebrated the Presgraves' retirement from the federal government after a combined total of 78 years.

Ruth DiPaolo spent several days with her friend, Betty Sacra of Partlow, after attending funeral services for her deceased husband Ellis. Lucille Patton Ritter accompanied her on the trip.

eligible ultrasound technologists. A board-certified physician reviews the results of each test to ensure the accuracy of the results before they are mailed to the individual, said the spokesperson.

Each screening requires 10 minutes or less to complete and costs \$40. The package consisting of three vascular screenings is \$99. The cost for all four screenings is \$125.

The goal of this health screening is to make people aware of a previously undetected health problem and to encourage them to seek follow-up care with their own physician," said the spokesperson. "You will receive your results in 10 to 15 business days."

Payment by check is due the day of the screening or by credit card when registering by phone. Persons interested in registering for any of these screenings or wanting more information may call 1-800-643-6075 to schedule an appointment.

Improvement Team Sets Meeting Dates

The School Improvement Team at Southern Garrett High School will be meeting this year in the Media Center. Members will meet at 3:30 p.m. on each scheduled date.

The dates are as follows: Sept. 16, Oct. 14, Nov. 11, Jan. 13, Feb. 10, March 10, April 14, and May 12. The team will not meet in December.

St. Peter's Church Offering Residents Health Screenings

St. Peter's Catholic Church, Oakland, will again offer health screenings to assess the risk of stroke and vascular disease on Thursday, Oct. 24. Appointments are required and limited.

These tests include a carotid artery screening, an abdominal aortic aneurysm screening, and an ankle brachial index (ABI). Also offered for both men and women will be a bone density screening to assess their risk for osteoporosis.

"More than 50 percent of strokes and abdominal aortic aneurysms have no warning signs, and your physician typically cannot order an ultrasound evaluation for someone who has no symptoms," said a spokesperson for the church.

The screenings are described as "fast and painless," and will be conducted by registered or registry-

International Piano Festival To Feature Broadway Tunes, Classics

JOE LOWE

The International Piano Festival continues in the Great Hall at Penn Alps this weekend of Sept. 14 and 15 with Saturday and Sunday concerts to benefit the Alta E. Schrock Memorial Fund, dedicated to improving the quality of music in the tri-state region.

Joe Lowe of Key West, Fla., returns to Grantsville for Saturday's concert at 7:30 p.m. to perform "Broadway Tunes," consisting of medleys of works by Cole Porter and Sigmund Romberg.

He previously performed during the 2000 Music at Penn Alps season. A well-known musical figure on the Key West scene, Lowe has served as organist and choir director at St. Paul's Church in Key West for the past 30 years. He offers free "Music in Paradise" concerts Monday through Friday and plays an organ recital every Sunday at 4 p.m. In addition, he plays popular standards five nights per week at Square One Restaurant.

Lowe's versatility is evident in his arrangements of everything from classical baroque to Broadway tunes. A 1970 University of Miami

LURA JOHNSON

KAREN SAMs

graduate with a bachelor's degree in music, he has also composed choral anthems and piano duets.

Lura Johnson and Karen Sams will present "Mostly American" on Sunday at 2 p.m. Johnson's program includes works by Charles Ives, Jeffrey Mumford, and Gabriela Lena Frank. Sams will perform Samuel Barber's Sonata for Piano, Op. 26.

Johnson is an active recitalist who has appeared in concert throughout the United States and Europe as both soloist and chamber musician. Recent appearances include Carnegie

Hall, as well as the Phillips Collection and State of the Arts Music Series in Washington, D.C.

Her awards include first prizes in Rice University, Miami University, and Kent State University piano competitions, among others. She was recently awarded a grant to record 20th century American composers. Now teaching piano at Loyola College, she holds a bachelor's and master's degrees in music from Rice University and has held staff piano positions at both Rice and the Peabody Institute.

Karen Sams performs widely as a chamber musician and soloist, with a strong interest in 20th century music. She has premiered compositions by Ned Rorem, Haskell Thompson, and Paul Mathews. Her performance of the works in *The Joy of Denes Agay* has just been released on compact disc.

She is also active as a vocal coach and teacher. A graduate of Oberlin College, she earned bachelor's degrees in both music and cognitive psychology, and was awarded the Wolfgang Stechow Prize in vocal accompanying and chamber music. She received her master's in piano from the Peabody Conservatory, with intensive studies in chamber music.

Admission is by donation only, with neither tickets nor reserved seats. Music students are especially encouraged to attend. Refreshments provided by Penn Alps Restaurant will be served after each concert at a reception for the performers.

Presented by the American Liszt Society Baltimore/Washington Chapter and Music at Penn Alps, the festival will continue every weekend this September through the 29th, with

performances on Saturdays at 7:30 p.m. and Sundays at 2 p.m. Performers are donating their fees.

Kleeb Music of Morgantown and Dr. Joan DeVee Dixon of Frostburg State University's Department of Music have arranged for the loan of the Yamaha performance grand piano used during the festival.

Two fund-raising efforts, a piano auction and special piano key fund-raiser, accompany the festival throughout the month. Monies raised will allow the purchase of a new piano for the Great Hall at Penn Alps, along with other projects to enhance MPA operations.

For more information, persons may call Fred Bolton at 301-895-5881 or fbolton@gcnmail.net.

Penn Alps is located east of Grantsville along Old Route 40 between exits 19 and 22 off Interstate 68.

Young Readers' Club Schedules Book Discussion

The Young Readers' Club of the Ruth Enlow Library, a monthly book discussion group for 9- through 11-year-old students, will meet at 4:15, Thursday, Oct. 3, at the Oakland library. Participants will be discussing Barbara Park's acclaimed novel, *Mick Harte Was Here*. Copies of the 88-page book are available at the library, and participants do not have to have completed the novel in order to take part in the discussion.

"Mick Harte was the kid who freaked out his mom by putting a ceramic eye in

a defrosted chicken, the kid who did a wild dance in front of the whole school — and the kid who, if only he had worn his bicycle helmet, would still be alive today. But now Phoebe Harte's 12-year-old brother is gone, and Phoebe's world has turned upside down. With her trademark candor and compassion, beloved middle-grade writer Barbara Park tells how Phoebe copes with her painful loss in this story filled with sadness, humor — and hope." (From the publisher's description.)

In a write-up appearing in the children's book review *Horn Book*, a critic wrote, "Park skillfully interweaves humor and pain in this unique, utterly believable account of Phoebe's attempt to cope with a heart-breaking loss."

Students interested in joining the reading group should pick up a copy of *Mick Harte Was Here* at the Oakland library, read as much as possible by Oct. 3, and come to listen to and share thoughts and opinions on the book.

The Young Readers' Club meets every six weeks to discuss a popular book chosen by the book club participants. Students are encouraged to select books from a variety of genres such as science fiction, historical fiction, and realistic fiction.

For more information, persons may call the Oakland library at 301-334-3996 or visit the library's web site at www.relib.net. The library also offers book clubs for teens and adults. All book discussion groups are funded by the Friends of the Ruth Enlow Library.

Triplets Born to Middle Aged Parents

Henry Bach, aged 50 years, a well-to-do farmer of the Cove, and his wife, aged 40 years, are the parents of a family of eleven children. Until last Monday the family consisted of Mr. & Mrs. Bach and eight children. That day proved to be an historic one in the annals of the family, for the stock made a visit bringing with it triplets—a boy and two girls—all in perfect health. They have been named Owen Henry, Orpha Hilda, and Ora Helen. Hundreds of visitors have called at the Bach home to extend congratulations and view the three babies.

PROVIDING ENTERTAINMENT — As part of Glade Mennonite Church's summer program, several members of the church's youth visited the Goodwill Nursing Home over the past few months. They visited every Wednesday for two hours, and each week consisted of different activities, such as the youth cooking for the residents. Harley and Joyce Brennen provided music from the keyboard and mandolin, while the youth danced with the residents. Led by group leaders Terry and Debbie Brennen, the team decided to visit the same group of residents every week to establish a friendship. They will continue to visit the home. Pictured above are Harley and Joyce performing for the residents.

Bauer To Read From New Book At The Gallery

Local artist and author Ken Bauer will read selections from his new book *Like a Rabbit in the Rain* at a reception to be hosted by the Garrett County Arts Council on Monday, Sept. 23, beginning at 7:30 p.m. The public is invited to the reading and reception, which will be held at the Gallery, located at 206 E. Alder Street in downtown Oakland. Light refreshments and beverages will be served.

Bauer is known locally for his pencil drawings of birds and landscapes, which he created at his Lake Ford Studio near Cranesville. Many of these drawings appear in his new book, along with a few new ones included as a complement to his poems.

Like a Rabbit in the Rain consists of 17 drawings, 21 poems, and a text which draws heavily on the author's journal entries from the past four years. Much of the writing is based on Bauer's insights and reflections gleaned from recent travel experiences around the United States and overseas.

The author "has made a career of learning to see," according to Steve Schlosnagle, executive director of the Garrett County Arts Council. "In a sense, he's made a vision quest of his life experience. With this book, he shares his insight," he said.

In a press release announcing the reading, Bauer noted that his new book relates experiences of his practices and experiments in his spiritual journey. "The elements of the book are presented in a manner similar to the way experiences come to us daily. Sequence is irrelevant. Explanation is not always present. Juxtaposition lends mean-

ing. It is left to us to make connections," he explained. Bauer expressed the hope that his reading at the Gallery on Sept. 23 will provide an introduction and orientation to his book, in which poems and drawings serve as "integral parts of the text." The first edition is self-published, limited to 500 copies, and will be available for purchase and personalized signing by the author at the reading. Additional information is available by calling the Garrett County Arts Council at 301-334-6580.

Stage Lighting Workshop Set At Our Town Theatre

Our Town Theatre in Oakland has announced that a stage lighting workshop will be held at the theatre on Saturday, Sept. 21, from 9 a.m. until noon. The workshop is free, and is being taught by Ben Sincell, professor of theatre arts at Garrett College, and a member of the Our Town Theatre board of directors.

The workshop will be designed for persons interested in learning the basics of stage lighting. Sincell said, with the ultimate goal of recruiting new individuals to help with productions at OTT.

"Of course we can't teach everything there is to learn about stage lighting in three hours, but we can at least familiarize people with the general basics of the art," Sincell said. Participants do not need to bring any tools with them. Some handouts will be provided, and all needed equipment will be available.

The workshop is open to

Miscues Sink Huskies' Debut In 28-14 Loss To Smithsburg

Northern High School's varsity football team came away on the short end of a 28-14 loss in a Saturday season opener that was much closer than the two-touchdown Smithsburg victory margin would indicate at first glance. The Huskies shot themselves in the foot at the outset by giving up a 69-yard touchdown run on Smithsburg's very first play from scrimmage, then finished themselves off in the third quarter by fumbling away the ball deep in their own territory after the defense had redeemed itself with a gut-check stand at the NHS goal line.

"Our own mistakes cost us the game," Northern head coach Phil Carr commented afterward. "If you take away that long scoring run and the fumble, which led to one of their touchdowns, you have and even scoreboard and the numbers matched in nearly all categories down the line. It really could have been anyone's game."

The opening touchdown came before many Husky fans had found their seats, when on the first play after receiving the opening kickoff, Smithsburg halfback Dustin Sier sped through the NHS defense for his 69-yard score. "Coming right off the bat, that hurt," Carr said. "You want to get off on the right foot, and something like that happens, it kind of knocks you back on your heels for a minute. The guys had to regroup to get their minds back into the game and go on from there. It's all part of football — you get knocked down, you get back up and go right back at them."

The Huskies went right back at the Leopards on Smithsburg's very next possession. A fine NHS defensive effort forced the visitors into a punting situation deep within their own territory. The Smithsburg snap sailed over the punter's head, and the Huskies swarmed to corner the hapless Leopard at the 20-yard line and take control of the ball. Northern dropped the red-zone scoring opportunity when, on its second play, a Smithsburg defender laid his helmet right on the ball and drove it free from quarterback Aaron Mitchell's hands. Smithsburg recovered the ball on the 15-yard line.

In the second quarter the Leopards were able to get

another touchdown on the board on a one-yard Sier plunge to go up by 14, but NHS put itself back into the game just before the half when senior quarterback Aaron Mitchell hit sophomore split end Robert Stark with an 8-yard touchdown pass. The scored remained at 14-6 after the extra-point kick attempt failed.

The Huskies' best opportunity to seize the psychological upper hand came in the third quarter, and for a moment it looked like they had succeeded. After a Smithsburg touchdown was called back on a penalty, Northern's defense stonewalled the Leopards, prevented them from scoring, and forced a punt; however, senior Husky halfback Lee Yoder fumbled the ball the first play of the ensuing NHS possession. The mistake led to a four-yard touchdown run by Smithsburg's Sier that put the visitors up 20-6.

Smithsburg recorded a fourth touchdown in the fourth quarter on a one-yard run by Nathan Steelman, and later the Leopards added insult to injury by recording a safety to go up 28-6. Northern put the final points on the board with a 20-yard run by senior halfback Darric Kamp, and Mitchell added a two-point conversion run to make the score 28-14.

The statistical tally included a 294-213 yard Smithsburg advantage in total offense, and a 257-141 yard Leopard advantage in rushing yardage. However, if, as Carr suggested, one could erase just Sier's game-opening 69-yard touchdown run, those numbers

SOME TEXTBOOK FOOTBALL was seen on the part of Northern High's Huskies Saturday evening, despite the 28-14 loss NHS sustained at the hands of the visiting Smithsburg Leopards. Northern halfback Michael Wolf (#24) is shown above after cutting around the corner of the Smithsburg defensive line with help from a crushing reverse-field block by split end Rocco Andros (#88, at center), while guard Danny Ellis (#60) sets his sights on the defender immediately trailing the ballcarrier. The Huskies' defense got into the act too, as shown below, when cornerback Andrew Frantz (#12) positioned himself along the NHS defensive line to hogtie a Leopard running back as an unidentified teammate at the center and strong safety Wolf close in to help finish off the kill. Northern will have to put together a sturdy foundation of football fundamentals tomorrow night when the Huskies host a Keyser powerhouse that steamrolled Southern High by a 49-0 margin Friday night.

bers come remarkably into line with one another; and, although Smithsburg would still have more rushing yards overall, the average per-carry yardage would have stood at an identical 3.7 yards at the final gun.

"We beat ourselves every bit as much as they beat us," said Carr. "We have no one to blame but ourselves, but even a loss can bring home the lesson that we can control our own destiny. It's a matter of playing to win — or not."

KEYSER

Northern will have to play to win, and then some, to pull off what would be

one of the biggest upsets in the area so far this season tomorrow night against the visiting Keyser Golden Tornado. Keyser brings a 2-0 record to the Cove, along with a big-play style of football that has outscored opponents a whopping 103-13, with a 54-13 opening thumping of Petersburg and a 49-0 blowout of Southern.

"We'll have our hands full with Keyser, and have to excel in all facets of the game, starting with the mental and physical fundamentals," stated Carr. "Their offense is great — quarterback Brian Wilson is a throwing and running weapon, and their whole backfield is impressive. They like to go for the big play, with drives of just three or four plays that lead to a quick score."

Evidence for the coach's analysis is easy to find. Against Southern, Keyser had amassed a 29-0 lead in less than 1½ quarters of play, with only 3:04 minutes of offensive possession and mounting less than 10 of its own plays from scrimmage. The Tornado blew through Oakland, leaving Rams strewn everywhere in its wake, racking up over 400 yards of total offense, more than double Southern's output.

It's not inconceivable that the same fate can befall the smallish, underdog Huskies; then again, Northern has played the David role against Goliath before, using brains to checkmate the brawn of more powerful opponents.

"We're going to be moving our defenders around a lot, giving their quarterback a number of different looks along the front of the line," Carr explained of NHS's defensive strategy that would be happy to begrudge the Tornado's three yards and a cloud of dust, play after play. "We want take away their big plays on offense, and are telling our guys it's OK if we force some long, slow drives. Keyser's not used to having to grind it out on ground, and may start making mistakes. Then it will be up to us to capitalize."

Carr said his offense would stick with what

helped garner some superb seasons in the past, and that Mitchell's comfort level in running the vaunted NHS option makes the decision easy. "We know what works for us, so all we have to do is execute and hold on to

the ball," the Northern skipper remarked. "Keyser will be using a lot of different defenses. They can play a 6-2, 4-4, and a 5-3, and they like to blitz."

One area that has Carr especially concerned is the

strength of Keyser's special teams unit. "They're returning practically all the punts and kicks they receive a long way, which makes things even easier for their offense. We'll be trying to angle our punts toward the sideline, away from their receivers, in order to neutralize their speed. That's going to be vital in helping our defense start off in good position."

The injury bug has already bitten the Huskies, and their small roster will be stretched if it bites again. Junior Corey Fike sustained a broken fibula, the non-weight bearing bone in the lower leg, and will be out of action for at least one month. Yoder and Jeff Yommer both have minor ankle sprains, but will tape and play. "We'll be watching our guys carefully," said Carr.

"We know what we need to do, and if we do it, it could be a whale of a game. We appreciated the large turnout we had last week, and hope to be able to treat our fans to some better Husky football this week. We'll need packed stands on the Northern sideline to help us get going."

Kickoff is set for 7:30 p.m.

Ram Jayvees Whip Huskies

Brett DeWitt carried the ball nine times for 104 yards and a touchdown, and quarterback Tyler Graham ran for one touchdown and threw for another to lead the Southern High School junior varsity to a convincing 36-0 win over visiting Northern in both teams' season openers last Thursday.

Graham put the first TD on the board with an 11-yard carry in the first quarter, and he fired a 23-yard scoring strike to J.D. Plank in the third quarter.

Also scoring for the Rams were Nick Blage on a one-yard carry in the second quarter, and Chris Miller on an interception and 24-yard return for a touchdown.

The Rams were slated to host Rockwood on Monday,

but no results of that contest were received. The Huskies were scheduled to travel to Berkeley Springs on Monday, and no results of that contest were received.

Southern will host the Keyser jayvees on Monday, the same night the junior varsity Huskies are slated to entertain Petersburg.

Ram Freshmen Open With Loss To Mountaineers

The freshman football team of Southern High School opened its 2002 season last Thursday by dropping a 27-16 decision to host Beall.

Jimmy Kline put the first Mountaineer points on the board when he carried the ball seven yards for a touchdown in the first quarter. Dimas Otero ran for the two-point conversion to put Beall up, 8-0.

Otero made it 14-0 with a six-yard touchdown run in the second quarter. The kick for the conversion was no good.

The Rams rallied with a touchdown in the third stanza, as Jeff Gank crashed into the end zone from the two-yard line. Jason Wigfield passed to Mac Davis for the extra points to make it 14-8.

The Mountaineers responded with a five-yard touchdown run by Jeff Brandt early in the fourth period. Kline booted the conversion to make the score 21-8.

Southern's Joe Tressler hauled in a two-yard scoring pass from Wigfield, and Wigfield ran for the two-pointer to cut Beall's lead to 21-16; however, the home team put the game away late in the game when Jared Wengerd broke loose for a 22-yard touchdown run. The run for the conversion was no good.

Kline rushed for 134 yards on 14 carries to pace the Beall ground game.

The Rams will play again this evening at home against Keyser. The kickoff is set for 7 p.m. They will travel to Allegany next Wednesday.

Southern Girls Earn Big Shutout Win Over BW

The members of the Southern High School girls' soccer team recorded their second shutout victory in as many starts this season by handing previously undefeated Bishop Walsh a 3-0 spanking Saturday evening in Oakland.

The Spartans came into the match with a 3-0 record, but were controlled by the Rams throughout the contest. Southern finished with twice as many shots on goal (20-10) and a 3-0 advantage in corner kicks. Ram keeper Alasha Rush earned her second straight shutout, turning away all 10 of the Spartans' attempts.

Senior Brittany Naylor scored the first two goals for the Rams, with the first coming unassisted with just 58 seconds left in the first half. She doubled Southern's lead with a goal midway through the second half

off an assist by Sabrina Scheffel.

Scheffel then recorded her own goal with 3:43 remaining in the match off a feed by Shar Hollingsworth to conclude the scoring.

Spartan goalkeeper Konnie Christian turned away 17 of the Rams' shots.

Southern will go after win number three this afternoon in a tournament being hosted by Fort Hill. The Rams will play the Sentinels and then meet Northern on Saturday in Oakland as part of the same tournament.

Ram Gridders Crushed By Keyser In Season Opener

Southern High School football coach Fred Gregg said last week that Keyser's 2002 team "has no weaknesses," and the Golden Tornadoes painfully demonstrated that fact to Gregg's young squad Friday night, as the Rams were hammered 49-0 in their season opener at Keyser.

It was the second win in as many starts for the Tornadoes, who have now scored 103 points in just those two games, while holding their opposition to 13 points.

It took but seconds for the home team to begin the scoring for the night, as Jeremiah Weasenforth returned the opening kickoff all the way to the Ram 32, and on the first play from scrimmage, quarterback Brian Wilson carried the ball around the right side the final 37 yards for a touchdown. Wes Rinard booted the extra point.

After the ensuing Ram drive stalled on the SHS 37, Rusty Clay fielded the punt for Keyser and raced 70 yards down the left sideline for a touchdown. Rinard added the extra point to give Keyser a 14-0 lead just four minutes into the game.

On Keyser's next possession, Wilson connected with tight end Clint Niland on a 56-yard pass play that took the ball to the Southern three-yard line, but Niland fumbled the ball away to the Rams.

could not move the ball, though, had to punt from the end zone, and Keyser took over on the Ram 43. The ensuing Tornado drive was capped by an apparent touchdown run of five yards by Justin Denmark, but the TD was nullified by a holding penalty. However, on the next play Erick Adames carried the ball the needed 15 yards for the touchdown. Rinard's extra point made it 21-0 to play in the first quarter.

The Rams' next drive was stopped when Cory Bosley's pass was intercepted by M.J. Twyman at the Keyser 24 and returned all the way to the Rams' 13. The Tornadoes scored again on the very next play, with Denmark running the ball into the end zone. A two-point conversion run by Weasenforth gave Keyser a commanding 29-0 lead at the 6:56 mark of the first half.

The Tornadoes still weren't finished scoring in the first half, as they capped an eight-play drive late in the second quarter with a one-yard touchdown run by Wilson. Rinard's conversion kick made it 36-0 at intermission.

Keyser maintained the momentum into the second half and scored on its first possession on an 18-yard run by Twyman. Rinard's kick upped the Tornadoes' lead to 43-0 with 3:48 left in the third stanza.

The Rams drove the ball to the Keyser 13-yard line on 16 plays, but had to turn the ball over on downs at that point. The Tornadoes concluded the scoring for the evening with a 13-yard touchdown run with just under three minutes left in the game. The two-point conversion run was no good.

Keyser racked up 411 yards of offense, including 282 on the ground, while the Rams finished with a respectable 199 yards of offense.

Leading all rushers was Southern freshman tailback Andrew VanBogelen, who

RAMS OPEN WITH SHUTOUTS - Two big victories marked the opening of the 2002 soccer season for the Southern High School girls' varsity, last year's Western Maryland Interscholastic League and Area champion, as the Rams shut out both Allegany and Bishop Walsh in home contests this past week. In the photo above right, defender Laura Bonser prepares to send the ball downfield against Bishop Walsh on Saturday. amassed 75 yards on 14 carries. Jay Tressler picked up 47 yards on 14 attempts.

Pacing the Tornadoes on the ground was Wilson with 61 yards. He also connected on four of five passes for 118 yards.

"We knew going in that Keyser has it all this year," Gregg said. "They have some tough games on their schedule, including Fort Hill, but they are definitely going to be a contender in West Virginia's double-A division."

When asked if there were any bright spots for the Rams observed by the coaching staff, Gregg said, "Definitely. We ran the ball with good efficiency. We just weren't able to finish any of our drives with points."

"Everyone needs to realize that we have a sophomore quarterback (Cory Bosley), a sophomore fullback (Chad Everd), and a freshman tailback (Andrew VanBogelen), and those kids all did a fine job for their first starts against an excellent football team," he said.

"We have a long list of things to work on, but we did see some positive things that we can use as a foundation," he added.

The task will not get a lot easier this week, as the Rams must host a talented Beall team that opened with a somewhat surprising victory over one of the most highly touted Berkeley Springs teams in many years.

"That was a huge win for Beall, and I'm sure they will come to Oakland fired up to play us," Gregg said.

Gone from the Mountaineers lineup is Nick Durst, one of the school's best quarterbacks ever, and replacing him was junior Eric Parker (5-10, 160) to run the wishbone offense. However, Parker was injured early in last week's game, and taking over was junior running back Mahlon Harper (5-10, 160), who performed well at the quarterback spot.

"Harper is a good athlete," Gregg said, "He's very fast and a good runner."

Other standouts for the Mountaineers include junior halfback David Winner (5-8, 150), senior guard Ty Wiland (5-11, 190), and senior center Jeff Custer (5-11, 200).

"Facing the wishbone will be a challenge for us. The idea behind it is to hide the football and deceive the defense," Gregg said, "and our defense just didn't play well at Keyser."

Defensively, the Mountaineers use a 5-2 monster formation, but play the linebackers up tight against the line. "They'll have eight or nine guys in the box, and they will really put the pressure on to try to stop our running game," Gregg said.

When asked if he and his staff will approach things differently going into the Beall game, Gregg said, "No. We're still shuffling some people around, but it is the execution of the fun-

damentals of the game — blocking, tackling, knowing where to run the ball — that win games. We believe that if we continue to improve on execution, we will eventually get the wins.

"All we ask of the kids is that they always play hard and make every effort to get better. If we do that and still lose, we will be disappointed, but we won't be displeased," he said.

Friday's home opener will also feature a pre-game ceremony to induct four more persons into the Rams' Football Hall of Fame. The kickoff for this game, as well as for all home games and away games played in Allegany County this season, will be 7 p.m. rather than the customary 7:30 p.m. The Hall of Fame ceremony will commence at approximately 6:45.

RAMS WHIPPED BY CAMPERS - The Southern High boys' soccer team and new head coach Bob Bonser are still looking for their first victory of the young 2002 season, as the Rams dropped a pair of matches this past week. One of those losses was to visiting Allegany on Tuesday. In the photo above, Southern's Sean Buckie maneuvers around a Camper defender. At left is Nick Perry. Southern Boys Fall To BW And Campers

The 2002 graduation took its toll on the Southern High School boys' soccer team, as new coach Bob Bonser and his squad opened their campaign this past week with a pair of lopsided defeats. The Rams were whipped by always-powerful Bishop Walsh, 6-1, in Oakland on Saturday, and were then shut out by visiting Allegany Tuesday evening, 5-0.

The win by Bishop Walsh was the Spartans' third in four starts, with Conner McMullaney scoring a pair of goals.

Conner McMullen put the first goal of the match on the board, unassisted, at the 30:29 mark of the first half.

Ryan Villanueva made it 2-0 when he scored off an assist by Andrew Diamond at the 22:16 mark, and Diamond then hit the back of the net less than three minutes later off a feed by Matt Tam to give the Spartans a 3-0 halftime advantage.

Mullaney scored his first goal of the evening less than three minutes into the second half off an assist by Charlie Raver. An unassisted

goal by Tam at the 18:31 mark put BW up 5-0, and Mullaney concluded the Spartans' scoring surge with a goal less than two minutes later off a feed by Diamond.

The Rams avoided a shutout when Chris Lantz scored an unassisted goal at the 7:23 mark.

Despite the 6-1 final score, the Rams were outgunned by a margin of only

18-13 in shots on goal. Tuesday night's loss to Allegany featured a pair of goals and an assist by Alco's Mike Sallerson.

Ryan Hohing, assisted by T.J. McCullough, drew first blood, however, when he scored a goal at the 23:15 mark of the first half. Sallerson followed with a goal about five minutes later off an assist by Greg Fuller.

Robbie Wise made it 3-0 with a goal off a feed by Sallerson with 5:02 left in the half, and Sallerson, assisted by McCullough, scored at the 3:50 mark to give the Campers a commanding 4-0 halftime lead.

The only score of the second half was an Allegany goal by T.J. Gowans off a feed by Sallerson with just 6:11 remaining in the match.

The Rams trailed in shots on goal by a 22-8 margin and in corner kicks, 7-2.

Ben Friend had 17 saves in goal for the Rams, while Camper keeper Shane McDade turned away all eight of Southern's shots.

It was the second win in as many starts for Allegany.

The Rams will try again to get into the win column this Saturday at home against Petersburg. The kickoff is set for 5:30 p.m. They will entertain Keyser at home next Tuesday evening.

Runnin' Rams Open Season' Girls Win Home Quad Meet

The Runnin' Rams, Southern High School's cross country teams, opened their 2002 season this past week by competing in the Interstate Classic at Clear Spring High School on Saturday and then hosting their own quad meet Tuesday at their Broadford Park trail.

At the Clear Spring event, the Southern girls finished fourth, while the boys' team placed sixth. At Tuesday's home meet, the SHS girls won first place, while the boys finished second.

The top individual finisher for the Southern girls at Clear Spring was All-State runner Melissa Durst, who placed third with a time of 21:08. Teammate Natalie Domenick placed 14th with a time of 22:41, followed by Emily Cosner in 18th place, finishing in 23:09. Sarah Cosner was 23rd, Elizabeth Thayer placed 26th, Stephanie DiSimone was 31st, and Lisa Wade placed 32nd.

Frankfort won the girls' race as a team with 41 points, followed by Clarke County with 66, Beall with 81, Southern with 83, Mercesburg Academy with 119, and Westmar with 125.

The Southern boys were led by Craig Conroy, who placed 11th in 18:23, while Keenan Shaffer finished 14th with a time of 18:56. Other Ram finishers were David Cuddington in 32nd, Derek Upperman in 35th, Brian Crabtree in 38th, Jared Reckart in 39th, and Brad Lilly in 55th place.

Westmar won the team title with 55 points, followed by Beall with 70, Frankfort with 72, Clear Spring with 120, Mercesburg with 127, Southern with 130, Clarke County with 141, and Saint James with 183.

The top male runner on the day was Woody Snoberger of Frankfort, who completed the 3.1-mile course in 16 minutes, 33 seconds.

Westmar's Jennifer Patton was the top female competitor.

Tyler Bennett of Westmar was the fastest runner of the day, recording a time of 17:45. The Wildcats placed seven runners among the top 10.

The Rams, coached by Louis Newcomb (girls) and Carl Booth (boys), are scheduled to compete in the Frank Keyser Invitational at Boonsboro this Saturday and host Westmar next Tuesday.

Mountain Bike Set In Canaan Valley Sunday

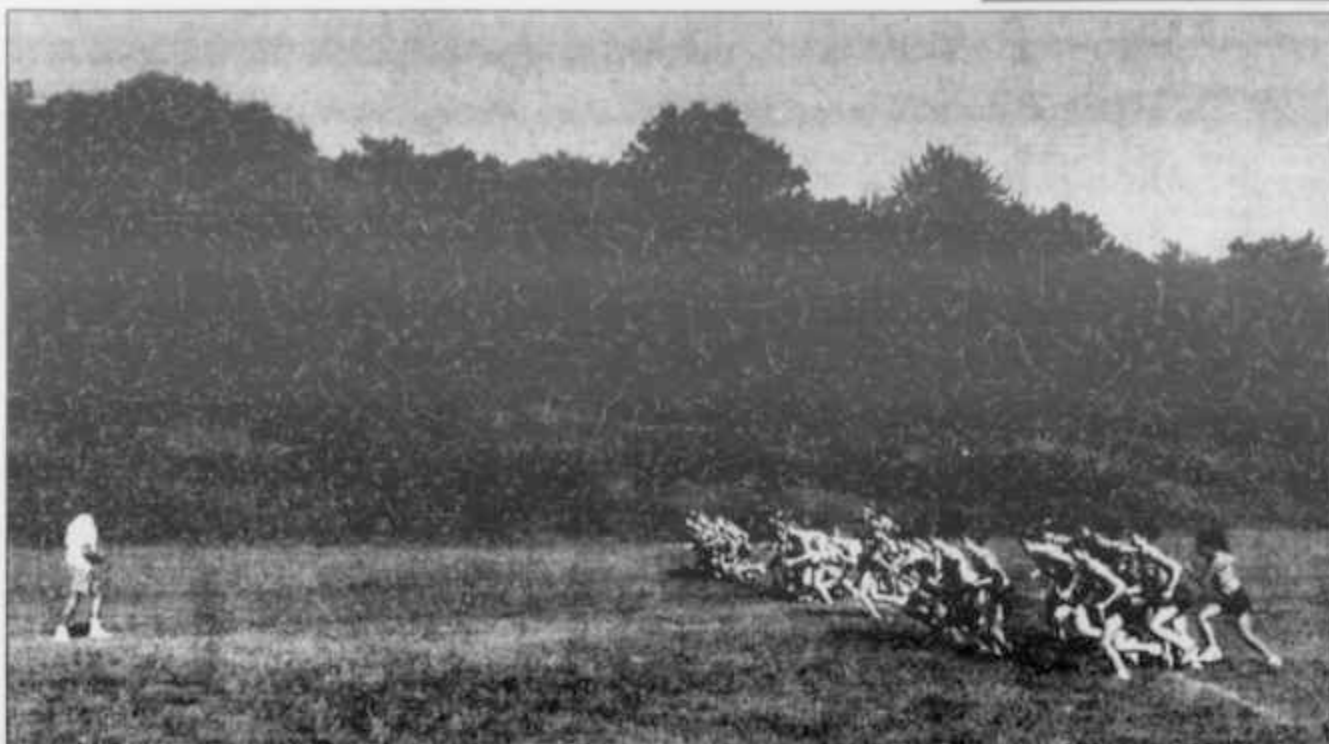

The fourth annual Canaan Valley Resort/Mountain Dew "Revenge of the Rattlesnake" mountain bike race is set for this Sunday, Sept. 15. New for 2002 is the addition of a dual enduro biker runner team relay.

Race promoter and Canaan Valley Resort recreation director John Northheimer said, "The combination of challenging terrain, beautiful scenery, and race classes for all experience levels makes this event one of the best of its kind in the region."

Northheimer said that the course covers over 42 miles of some of the most scenic backcountry terrain in the East. Starting at Blackwater Falls State Park, the race-course winds, dips, climbs, and dives its way to the finish line at Canaan Valley Resort State Park.

Northheimer said he expects over 150 riders to participate in this year's race, which is a West Virginia Mountain Bike Association (WV MBA) sanctioned event. "We have 19 different classes covering all age groups and skill levels, and riders do not have to be a WV MBA member to participate," Northheimer said.

Start time is 10 a.m. for all riders and the team re-

Appalachian Jamboree Waterskiing Contest Set At Herrington Manor

The Deep Creek Watersports Club will host the first Appalachian Jamboree open waterskiing tournament this Saturday, Sept. 14, on the lake at Herrington Manor State Park near Oakland. Competitors and spectators will be welcomed at the all-day, family-oriented event.

Contestant registration will begin at 8 a.m., and the first round of competition will start soon after. The entry fee is \$35 for adults and \$25 for children 12 and under. While the Appalachian Jamboree will be a USA Waterski-sanctioned tournament, the competition will be open to non-members of the USA Waterski organization, with a \$10 one-day guest membership fee added to the regular tournament entry fee.

In recent DC Watersports Club news, several club members hit the road for three waterskiing competitions recently in Maryland, Virginia, and Ohio. Sam Ingram took first place in the Men's 3 Division of the Lake Lou Tournament in Vienna, held on Aug. 31 and Sept. 1. Ingram skied 3-1/4 buoys at 39%

feet off while being towed at 34 miles per hour. That same weekend, Ray Bennett finished first in Men's 2 at Bear Lake, Va., skiing four buoys at 28 feet off at 36 mph.

DC Watersports Club members traveled to Youngstown, Ohio, last weekend to ski in the 1-80 slalom tournament. Ingram turned in an outstanding performance in his Men's 3 triumph by skiing just one buoy at 41 feet off at 34 mph.

Also at Youngstown, Bennett skied his most consistent tourney by getting 4 1/2 buoys at 28 feet off with a boat speed of 36 mph. Mike Kennedy, also skiing in Men's 2, skied his own personal best by getting 3 1/2 buoys at 22 feet off going 36 mph. Southern High School senior Brad Dugan, now competing in the Men's 1 division, skied five buoys at 32 feet off at 36 mph, a personal best for him as well.

Southern Netters Roll On With Sweeps Of Petersburg, Northern

Southern High School's volleyball program has jumped out of the blocks in a big way this young season, as the Rams have recorded three 3-0 sweeps in each of their first three outings. After opening two weeks ago with a sweep of host Allegany (as reported last week), the SHS squad continued its devastating road swing by downing Petersburg Monday and Northern last night.

The visit to Petersburg ended with Southern taking game wins of 15-4, 16-14, and 15-7. Senior Kristen Rollman recorded 14 points and junior Alexis Storey added nine points. Jessica Sharon and Erika Steyer, both seniors, had 14 and four kills, respectively, and classmate Stephanie Niner contributed six assists.

Southern's junior varsity netters rebounded from a 15-11 opening game defeat to take the next two, and the match, by identical scores of 15-13.

Last night at Northern the Rams swept to a 15-3, 15-11, 15-7 victory over the Huskies. SHS sophomore Julia Bosley netted 12 points and seven kills, and Rollman passed out 18 assists. Storey recorded eight kills and seven points, Niner added 11 assists, and Sharon put away nine Huskies on kills.

Northern's effort was paced by senior Mary Beth Hershberger's seven points and 15 hits, while classmate Heather Lander recorded four points and six hits.

The Ram JV unit took its match with NHS by scores of 15-8, 15-0, as Lindsay Strubin finished with 11 points and Bethany Steyer netted 10 points.

Southern will try to extend its run before its home crowd this week, as the

Rams play their first match in Oakland Monday against Hampshire. A big test will follow on Wednesday when powerful Fort Hill pays a visit. Both night's matches open with junior varsity play at 6 p.m., followed by varsity competition at approximately 7 p.m.

NHS Netters Down Allegany, Fall To Rams

The Northern High School volleyball squad split in its action of this week, as the Huskies took a hard-fought 3-2 win over Allegany Monday before dropping a 3-0 match last night at the hands of the visiting Southern Rams (see SHS account).

Monday night's contest with the Campers in Accident was a see-saw affair, as the Huskies started off big with a 15-1 win, Allegany rebounded to take the second game 15-5, NHS took game three by a 15-2 tally, and the Campers knotted the contest with a 15-9 win in the fourth game. Northern took the final game, and the match, with a resounding 15-5 nightcap win.

Senior Heather Lander paced the Huskies with 19 points and one ace, while classmate Amanda Frantz finished with 13 points, three aces, and 10 hits. Mary Beth Hershberger, also a senior, contributed 13 hits, while Shannae Proud recorded 15 hits for the Campers.

The Huskies' junior varsity unit took its match, starting off with a 15-10 win before dropping the second game 16-14. NHS claimed the match by rebounding for a 15-11 closing win.

RAMS, HUSKIES SQUARE OFF AT IGLOO — There was some superb high school volleyball play on (and above) the court last night at Northern High School, as the high-rolling Southern High School Rams paid a visit to the Huskies' Igloo. SHS came away from the night with its perfect record intact by taking its third straight 3-0 sweep, despite a hardy Husky effort. The Rams' Jessica Sharon (#4) is shown above going skyward for a spike attempt, flanked on her side of the net by Erika Steyer (#3) and Kristen Rollman (#15). The NHS defense, arrayed from the left on the far side of the net, includes Tiffany Swiger (#29), Courtney Reah (#1), Jessica Fratz (#12), Brandi Wagner (#8), and Mary Beth Hershberger (#2). The Huskies' Heather Lander (#4) is pictured below taking advantage of her own spiking opportunity while teammates Reah and Wagner ready themselves in case either one of the SHS defenders, Alexis Storey (#22) and Stephanie Niner (#13) are successful in their block attempts.

High. "We have many hitters to go to if needed; that's the kind of depth we want to see," Wellham said in noting the unit's strengths. "The game has also changed to add a 'libero' position, and Autumn Uphold [also an SHS alumna] is showing great promise in this new position."

"Of course, our lack of college experience is a concern right now, and our transition game is slow; however, the ladies are working hard in practice to get things together, and I think we can put together a very good season if we continue in that direction."

Expressing a great deal

Sophomore Jayme Miller finished with 15 points and two aces, while classmate Danielle Giotfely recorded eight Husky points. Northern only has one outing listed on its schedule

this week, a Monday night homecourt match with the Westmar Wildcats. JV play will get under way at 6 p.m., and the varsity match follows at approximately 7 p.m.

Laker Volleyball Team Hopes To Turn New Leaf With New Faces

The Garrett College volleyball program has a new look this year in more ways than one, as 7 of the 10 members of the Lakers' squad are freshmen, while all three members of the coaching staff are taking their first turns on the GC bench. The Lakers opened their season Monday night at Potomac State College in Keyser, W.Va., with a 3-1 loss to the host Cata-mounts, and last night Garrett fell to Butler County (Pa.) CC in a 3-0 sweep. Details of last night's contest were not available.

Monday's match saw Garrett take the first game, 30-28, before dropping the next three 30-22, 30-21, and 30-23.

GC freshman Brooke Alkire had 10 service points, and five aces and five digs, and classmate Marlana Raines recorded 10 points. Fellow freshman Tiffany McFarland had eight kills and three blocks, and sophomore Laura Johnson tally seven kills and three blocks. For PSC, Kristina Marsh recorded 20 points and 17 digs, while Northern High School alumna Nikki Sisler contributed 14 points.

SEASON PREVIEW
Garrett athletic director and women's basketball coach Ann Wellham is debuting as GC's head coach, replacing Susan Snyder in that capacity, who last year had replaced longtime Laker fixture Margaret Quinn at the Lakers' helm. Joining Wellham as assistant coaches are Grantsville native and Frostburg State University alumna Kristin Edwards, and Shawna Turbyfill, a Garrett student who originally hails from Waldorf by way of Bridgewater College (Va.).

"Our team shows great potential," Wellham said of her Laker charges. "We have a goal to learn some-

Valuable Player, and Juakeena Bell to help anchor the young program. Johnson is slated to start at the middle hitter position, while Bell will be filling in as a valued reserve.

Rounding out the Lakers' starting line-up will be Marlana Raines of Circleville, W.Va., and Bittering's Jolene Brenneman, the squad's lone Northern High School representative. Tiffany McFarland of Maple Heights, Ohio, will join Johnson at the middle hitter slot, and Fort Ashby, W.Va., resident Brooke Alkire will share hitter duties with either Hollie Harris or Erin Frantz, both Oakland residents who graduated from Southern

of appreciation for the volleyball knowledge and work ethic that her inaugural assistant coaching has been modeling for the squad, Wellham noted that she was particularly pleased to be reunited with Edwards, a protégé of hers at Frostburg State. "I had the opportunity to coach Kristin at FSU and was very pleased with her work ethics and love for the game. She was one of our most consistent players and a very aggressive defensive player. I am happy that we will be working together this season," the Lakers' skipper commented.

Edwards, a 1990 NHS graduate, lettered in three sports at Northern before going on to study at FSU, where she earned a bachelor's degree in environ-

tal analysis and planning, with a minor in geography.

She played varsity women's basketball for the Bobcats for two years, and served as co-captain of the first FSU women's volleyball team of 1994 and again the following season. She was named the Bobcats' Best Defensive Player in 1994 and ranked nationally in blocking for Division III NCAA schools.

Edwards brings some coaching experience with her, as she was an assistant junior varsity volleyball coach at Fort Hill High School for one year before joining the Allegany Campers program as an assistant the following year. She was named head coach at Keyser High (W.Va.) in 2000.

"I'm very excited to be coaching at the college

Northern Golfers Having An Up And Down Season So Far

The Northern High School golf team has been hitting the links hard this season, and the squad will pass the halfway mark of its campaign this afternoon at the Oakland Golf Club in a four-way match hosted by cross-county rival Southern High. The Huskies carry a 4-5 record going into today's tournament, and could give themselves a good boost into the winning column with a victory in Oakland.

Northern got off to a slow start this season, as the Huskies kicked off their year with a last-place finish in an Aug. 27 match at the Maplehurst Country Club in Frostburg. Beall took the three-way with a 169, Alco was runner-up with 189, and NHS turned in a 195. The low medalists of the day were the Mounties' David Gearing and Jordan Lutz of the Campers, as both carded 38s. Junior Andrew Hady hit low mark for Northern with a 40, while Jason Rice turned in a 45, Michael Bergstrom carded a 49, and Ryan Evans recorded a 51.

As reported last week, Keyser bested NHS 178-200 at the Wisp on August 29. Low medalist was Ian Tysinger with a 42 for Keyser, while Michael Bergstrom shot a 44 for the Huskies.

Northern got into the winning column September 3 at Rocky Gap, when the Huskies carded a 184 to run away with a quadrangular match. Rounding out the field were Allegany, 195; Fort Hill, 205; and Bishop Walsh, 228. The day's low medalist was Bergstrom, who recorded a 43. Of his NHS teammates, Hady shot a 46, Ryan Evans a 47, and Rice a 48.

The Huskies finished in the middle of the pack on September 5 at Polish Pines in Keyser, as the Golden Tornado hosts stormed to a 154, 19 strokes ahead of Northern's 173. Frankfort brought up the rear with a 189. Keyser fielded the low medalist as Andy Kesner carded a 35, while his team-

mate Ranjit Shenoy came in one stroke short with a 36. NHS's top finishers were Bergstrom with a 41, Hady and Rice with 43s, and Brian Evans with a 46.

Yesterday at Preston the Huskies were outdueled by the Knights, 159-171. The hosts' Bo Burnside shot a 37 to snag low medalist honors, and NHS's scoring line-up was Rice, 40; Bergstrom, 41; Hady, 44; and Evans, 46.

Northern's coming week features this afternoon's 4 p.m. match at the Oakland Golf Club against SHS, Union, and Moorefield. The WMIL Championship Tournament is slated for Monday at Oakland, with a 1 p.m. tee-off, and the Huskies will host Union and Allegany Wednesday at the Wisp in a 4 p.m. triangular tourney.

SEASON PREVIEW
This week NHS Andy Callis supplied his thoughts on the Huskies' overall hopes. The squad can "compete with any school in the area," he said. "We hope to do quite well at the WMILs, and send at least three and as many as five golfers to the Maryland State Tournament," set for mid-October at the University of Maryland College Park.

Callis rated his top players, in order, as Bergstrom, Rice and Hady, while Evans and Jared Humberston appear to be especially strong prospects. "Michael and Jason and Mike are long off the tee and have fairly good short games, while Andrew shows improvement every match. Ben Hannibal is also coming on strong, and our younger players, especially our freshmen, show a lot of promise too." The Huskies' skipper said that his team's toughest opponents this year will be Beall, Keyser, and Southern.

Callis is a former NHS assistant coach who assumes the program's reins for the first time this year in wake of the departure of Harvey Speicher.

NORTHERN GOLFERS SWING INTO SEASON — The Northern High School golf team has played almost half its season already, recording a 4-5 mark along the way. The Northern duffers are shown above, kneeling in the front row from the left, David Vagnetti, Matt Margroff, Ben Hannibal, and Will Rock. Standing are NHS head coach Andy Callis, Ryan Evans, Michael Bergstrom, Andrew Hady, Jared Humberston, Jason Rice, and assistant coach Corey Bergstrom. NHS is slated to take part in a quad tournament this afternoon at the Oakland Golf Club that will pit the Huskies against Union, Moorefield, and their arch-rivals, the Southern Rams.

Ram Duffers Sink Mounties, Nipped By Keyser's Tornado

In playing two of its toughest opponents of the year this week, the Southern High School golf team recorded a split as the Rams crushed Beall and lost a heartbreaker to Keyser. SHS's Matt Skidmore carded the lowest score in both matches, helping cement his status as the "best player in the area," as Northern High coach Andy Callis observed as he scouted this afternoon's meeting with the Rams.

Skidmore's 37 paced the Rams to a convincing 160-185 victory over the Mounties Thursday in Oakland. Southern's Travis Friend recorded a 39, while teammates Evan Thayer and Nathan Swartzentruber each shot a 42. Beall was paced by David Gearing and Aaron Stevens, who each finished with 44s.

Yesterday's home-course match with Keyser ended with just three strokes separating the squads, as the

Golden Tornado took a 154-157 win. The Rams can hang their heads high, however, for they hung tough with a squad that has been tearing up the area's links on its way to a 15-1 record. Low medalist honors went to Skidmore for his remarkable 32, four under par, while Keyser's Ian Tysinger shot a 36 to lead his team. Nathan Skidmore added a 39 for SHS, while Adam Pritts and Troy Kesner shot 38 and 39, respectively, for Keyser.

Southern (5-2) hosts a quadrangular this afternoon at the Oakland Golf Club,

as Beall, Moorefield, and Northern pay a 4 p.m. visit. The Rams will also host the WMIL Tournament Monday afternoon, which will get under way with a 1 p.m. tee-off, then SHS travels to Moorefield for a Tuesday dual match.

level," Edwards remarked. "I know that Garrett plays a competitive schedule, and I feel that I can bring a lot of knowledge and experience to the position."

Joining Wellham and Edwards is Garrett County newcomer Turbyfill, who is also new to the college coaching ranks. A 1999 graduate of Westlake High in Waldorf, Turbyfill is serving as a student assistant with the Laker volleyball program, in doing so earning credit for her Theory of Volleyball class. She transferred to Garrett this fall from Bridgewater College, where she played on the volleyball team and was majoring in athletic training.

Turbyfill intends to earn massage therapy and general studies degrees at Garrett College while continuing to pursue a career as an athletic trainer. In addition to her high school and college volleyball playing experience, she participated in the Junior Olympics volleyball program in southern Maryland.

COMING WEEK

The Lakers and their coaches have their work cut out for them in their home opener, slated for 2 p.m. Saturday afternoon in McHenry against powerful CCBC Catonsville, with CCAC Boyce rounding out the triad match. Catonsville was nationally ranked last season, and is one of the toughest opponents on Garrett's slate, along with Division II powerhouse College of Southern Maryland (first meeting on Sept.

28), and Hagerstown CC (first meeting on Oct. 18). This week's action rounds out with a road trip to take on the arch-rival Allegany Trojans Wednesday.

Women Golfers Play Mulligan

The Women's Golf Association of the Oakland Golf Club played a Mulligan tournament last Thursday. Winning low gross in the first flight was June Bray, while Pat Filsinger won low net. Sandy Bello won low gross in the second flight, and Karon Schnably won low gross in the third flight. Winning low gross in the fourth flight was Debbie Weissgerber, while Rita Humberston won low net.

The women will continue Thursday play throughout September and conclude their season with a luncheon on October 3.

CITY BY THE SEA

Rated R - Running Time: 1:48 - Released 9/6/02

It's interesting that I went to see Michael Caton-Jones's *City By The Sea* on September 11th. The appearance of the World Trade Center towers, which show prominently but could easily have been removed, is something I probably would have noticed anyway, but on this day it was particularly resonant. It is somehow indicative of director Caton-Jones's decision to let this film stand on its own merits, unadulterated and unashamed, without relying on post-production work to smooth the rough edges and edit out those things which may cause painful memories. Because painful memories are an integral part of this film, one which ultimately provides a showcase for excellent acting by some older, established performers and also some newer faces. A gripping drama involving a New York detective with a complex web of family problems, it allows Robert De Niro to show once again that his range is wider than simply a variety of "goodfellas," and his young co-star, James Franco (some may remember him from the vastly underrated and now defunct TV show *Freaky & Geeks*), proves he has the technique to run with the big boys. Likewise, the ever-reliable Frances McDormand lends her significant technique to a supporting part, and 22-year-old Eliza Dushku proves she is able to handle more than teen sex comedies and *Buffy The Vampire Slayer*. Written by Ken Hixon (based on the *Esquire* article "Mark of a Murderer" by Mike McAlary), the screenplay is not without its trite elements, but for the most part it pulls its weight, delving deeper into the human condition than would be required from a lesser film.

The city referred to in the title is Long Beach, New York, a place known in decades past for its low crime rate and pleasant seaside atmosphere, which has fallen into decay in subsequent years. The town's downfall was instigated, at least in part, by the 1959 murder case of a man accused of smothering a baby whom he had kidnapped from its wealthy parents, intending to demand a ransom. The man, who was executed in the electric chair, turns out to be the father of De Niro's character, Lt. Vincent La Marea, who was only 6 at the time. Since then, Vincent has tried to live his life above reproach, "to be so good," as he puts it, "that nobody could pin anything on me." But that all changes when Vincent's estranged and heroin-addicted son Joey (Franco) is accused of killing a man, and then another—the second being Vincent's own partner (George Dzundza). Suddenly with his famous family name back in the papers and his NYPD colleagues out for blood, Vincent must try to patch things up with Joey while attempting to bring him to justice. At the same time, he is faced with explaining all this to his neighbor and lover, Michelle (McDormand), who didn't even know he had a son, and with yet another family-related issue of which he himself was not aware.

While some of the events and dialogue in this movie get increasingly unlikely as its final reel unspools, the actors put forth uniformly solid performances, and De Niro shows some emotion he doesn't usually reach in his more familiar roles. Franco, looking like a young Keith Richards but with all the miles, really shines as the confused youth who wants to get straight but hasn't the willpower. Essaying smaller but no less challenging roles are Dushku as Joey's strung-out girlfriend, caught in her own emotional spiral, and William Forester (De Niro's old pal from *Once Upon A Time In America*) as the villainous dealer who is connected to them all. In addition to the quality of acting, director Caton-Jones achieves a nicely decrepit atmosphere, showing the titular city in the abject shadow of its former glory, the seedy, gritty backdrop for this desperately emotional story.

Amid the sea of mediocrity that has become the rule of American cinema, it's nice to go to a city like this, where competent acting (rather than glitzy computer effects work) is the primary industry. ★★½

SWIMFAN

Rated PG-13 - Running Time: 1:25 - Released 9/6/02

John Polson's high-school thriller *Swimfan*, the story of an aspiring swimmer stalked by a psychotic female after a shared sexual indiscretion, is not a terribly bad product for such an inexperienced creative team...but I liked it better when it was called *Fatal Attraction*. (Sorry, couldn't resist going into the David Spade impersonation there.) The team writing off of relative newbies Charles F. Bohl and Phillip Schneider, the movie parallels Adrian Lyne's now-classic 1987 Glenn Close/Michael Douglas vehicle so closely, it's almost like a younger, less-sexy, less mature remake rather than a really new idea. Director Polson, the Australian-born founder of the annual Sydney-based short film festival "Tropfest," has only directed one feature film so far, a wacky comedy called *Stam Sunset* which was never released in the U.S. His first film to reach the American audience is not without its artistry and features adequate performances from its stars, Jesse Bradford and Erika Christensen, but one can tell he's dumbed down his product for the intended market. The Bohl/Schneider screenplay doesn't really call for any major work from its good-looking stars other than, well, looking good. And that they do.

New Jersey high school senior and swim team star Ben Cronin (Bradford) once again has a bright future after a troubled early adolescence. Having discovered the sport at the detention center where he served time for petty theft and drug abuse, he was able to kick the habit and get his act together, and has become so good that he's being scouted by Stanford University. In fact, his girlfriend Amy (Shiri Appleby) is so sure he'll get a scholarship, she's already planning their move to California. But Ben's life changes when he meets transfer student

Madison Bell (Christensen), a pretty senior who asks for his help getting her stubborn locker open. He takes her home, thinking their acquaintance will end there. But he runs into her again (literally), and they end up having lunch together, followed by a trip to the school's pool, where a good-natured impromptu swim lesson turns into a steamy sexual coupling. Feeling awkward and guilty, Ben tells Madison that he has a girlfriend and has no intention of getting serious, but that they can remain friends. This seems adequate, but then she starts showing up everywhere he goes, repeatedly calling his cell phone, and sending him multiple emails (using the name "Swimfan85.") implying that she wants their relationship to develop into something more. When he tries to reiterate his desire to remain "just friends," Madison turns ugly, resorting to more and more malicious means (including murder) to get him to leave Amy for her.

Erika Christensen showed the world her acting talent with her small but important part in Steven Soderbergh's multiple-award-winning 2000 film *Traffic*. Christensen is clearly the best thing about this movie; her transition from a pretty, personable high school girl to a psychotic killer is subtle and disturbing. But its charms mainly end there. Bradford and Appleby are adequate, but no more, as they are not required to be. Polson's directing is workmanlike; also only as innovative as necessary. His stilted editing style smacks more of self-conscious artiness than ingenuity, and his simplistic handling of the increasingly far-fetched plot does nothing to mask the logically inexplicable aspects of the story line. If *Swimfan* had been more original, it may have seemed more important, but it doesn't venture out very far from the dive platform of its source material, and when it does, it often misses a stroke. ★★½

Md. State Highway Administration Offers Back-To-School Safety Tips

Back-to-school safety is the focus of this week's 100 Days of Safety initiative, an effort of the Maryland Department of Transportation's State Highway Administration (SHA) to decrease the number of crash fatalities. According to the SHA, in 2001 there were 662 traffic crash fatalities, up from 617 in 2000 and 598 in 1999. If this trend continues, fatalities could rise as high as 725 this year.

"The safety of every citizen who uses our transportation network is of the utmost importance to the Maryland State Highway Administration," said Parker F. Williams, SHA administrator. "Because following the rules of the road can save lives, everyone needs to help spread the word that safety starts by walking and driving smarter."

SHA focuses on safety related to school-bound youth, with an emphasis on pedestrian safety. With school already in session in most school districts, the administration offers a strong reminder that crashes are no accident—crashes can be avoided and prevented. The administration offers the following reminders and tips to help motorists and school-bound children stay safe:

Drivers need to remember the unpredictability of children and be on the look-out for all pedestrians. Drivers must watch the roadway at all times, driving defensively and with caution, always following the speed limit. Exceeding the speed limit only makes it harder to react to situations that arise.

Motorists must stop for pedestrians, even when making a right turn on red, leaving enough room at intersections so that pedestrians can cross safely. Pedestrians have the right of way in crosswalks; drivers should yield to them as they turn. Motorists should also remember that they become

pedestrians as soon as they get out of the car and begin to walk.

SCHOOL BUS SAFETY

For motorists:

- It is against the law to pass a stopped school bus while its lights are flashing and its stop arm is extended.

- Slow down. Watch for children playing and congregating near bus stops.

- Be alert. Children arriving late for the bus may dart into the street without looking for traffic.

- Learn and obey the alternately flashing warning-light system that school bus drivers use to alert motorists:

Yellow flashing lights indicate that the bus is preparing to load or unload children. Motorists should slow down and prepare to stop their vehicles.

Red flashing lights and extended stop arms indicate that the bus has stopped, and that children are getting on or off. Motorists approaching from either direction must wait until the red lights stop flashing before proceeding.

For children riding the bus:

- Have a safe place to wait for your bus, away from traffic and the street.
- Stay away from the bus until it comes to a complete stop and the driver signals you to enter.

- When being dropped off, exit the bus and walk 10 giant steps away from the bus. Keep a safe distance between you and the bus. Also, remember that the bus driver can see you best when you are away from the bus.

- Use the handrail to enter and exit the bus.
- Stay away from the bus until the driver gives his/her signal that it is okay to approach.

- If you have to cross the street in front of the bus, walk at least 10 feet ahead of the bus along the side of the road.

- Make sure that the

driver can see you.

- Wait for a signal from the driver before beginning to cross. When the driver signals, walk across the road, keeping an eye out for sudden traffic changes.

- Do not cross the centerline of the road until the driver has signaled that it is safe for you to begin walking.

- There should be no drawstrings on hoods or around the neck. Drawstrings at the waist or bottom of the jacket should extend no more than three inches to prevent catching in car or bus doors or on playground equipment.

- Be aware of the street traffic around you. Drivers are required to follow certain rules on the road concerning school buses; however, not all do. Protect yourself and be on the look out!

SAFETY WHEN WALKING OR BIKING TO SCHOOL:

- Work out a safe route to school with your parents.
- Choose the quickest route with the fewest street crossings.

- The correct way to cross the street: Youngsters should always stop at the curb or the edge of the road and look left, then right, and then left again before crossing. Continue looking in this manner until able to cross safely.

- If students' vision is blocked by a parked car or other obstacle, they should move out to where drivers can see them and they can see other vehicles — then stop, and look left-right-left again.

- Use intersections with crossing guards.

- Mind all traffic signals and/or the crossing guard.

- Never cross the street against a light, even if you do not see any traffic coming.

- Walk your bike through intersections.
- Walk with a buddy.
- Wear reflective material — it makes you more visible to street traffic.

- If you are riding your bike to school, you must wear a helmet — it's the law!

RIDING IN A CAR TO SCHOOL SAFELY:

- You might have heard before that most traffic crashes occur close to home — they do.

- Walking or taking the bus are much safer ways to get to school.

- Safety belts are the best form of protection passengers have in the event of a crash.

- Safety belts can lower

your risk to injury by 45 percent.

- You are four times more likely to be seriously injured or killed if ejected from the vehicle in a crash.

- Everyone needs to buckle up properly — that means older kids in seat belts, younger kids in booster seats, and little kids in child safety seats.

GENERAL SAFETY TIPS FOR MOTORISTS:

- When backing out of a driveway or leaving a garage, watch out for children walking or bicycling to school.

- When driving in neighborhoods with school zones, watch out for children walking or bicycling to school.

- Slow down. Watch for children walking in the street, especially if there are no sidewalks in the neighborhood.

First Volkswaggle Fund-Raiser Set By PAWS Group

Partners for Animal Welfare and Safety will be hosting the first ever Volkswaggle fund-raiser in downtown Oakland, Sunday, Oct. 6, from noon to 3 p.m. Loosely based on the German tradition of the "Volkswaggle," which involves groups of people getting out into the fresh air and hiking the countryside, the "Volkswaggle" encourages folks to step out and enjoy fresh air and exercise with their pets.

The Volkswaggle will begin at the Mtn. Fresh Producer's Pavilion in downtown Oakland, with registration at noon. Persons making a contribution or collecting pledges of at least \$30 will receive a Volkswaggle T-shirt. Registration/sponsor forms are available at all Ruth Enlow libraries.

There will be an ecumenical animal blessing at the pavilion at 1 p.m. in celebration of the October 4 Feast of St. Francis, the patron saint of animals. The Rev. Chip Lee, Pastor Pat Kerr, and Father Don Parson will officiate. Those not able to bring their pets are encouraged to carry a picture of their pets, or bring a leash or collar. A free-will offering will be collected during the service to benefit the PAWS Animal Rescue Program, which has so far this year saved nearly 70 adoptable animals from the Garrett County Animal Shelter.

After the animal blessing, the 1.5 mile Volkswaggle will begin with walkers and pets following a predetermined route around town. Stations providing information on various PAWS programs and animal issues will be located along the route. Walkers will have the Volkswaggle walk cards, which they receive at registration, punched at each stop. Upon completion of the course, stamped cards will be turned in for free gift bags. Watering stations for "parched pets" will also be located at various stops along the way. The walk will wind up back at the

DOLL CLUB TO APPRAISE DOLLS — A tea and doll appraisal will be held Saturday, Sept. 14, at the LaVale United Methodist Church, 565 National Highway, from 1 to 3 p.m. by the Maryland Mountain Doll Club. The public (no children under 12 years) is invited to bring dolls for appraisal. "Information such as the country of origin, approximate date of manufacture, the doll maker, and today's price range will be determined for the appraised dolls," said club member Carolyn Cook. Pictured above are Shirley Bechle, left, and Mary Ruddell selecting dolls to display during the event. The display will show the history of dolls over the last 200 years. Doll videos will also be shown during the afternoon. A ticket to the event includes refreshments and the appraisal of one doll. Further information or advance tickets may be obtained from club treasurer Ruta Savage by calling 301-387-6757. Proceeds from the event will be donated to the building fund of the United Federation of Doll Clubs, an educational organization.

Mtn. Fresh Pavilion.

Bumble Q's Restaurant will be on hand to furnish food and refreshments for the afternoon. Susan Weisbrod will be providing musical entertainment during registration. A PAWS "Boutique for Pets and Their People" will feature homemade Bowser Bits dog biscuits, other pet paraphernalia, and the new PAWS 2003 calendars. Also on display at the pavilion will be the 148 entries to the recent PAWS Photo Contest.

At 12:45 p.m. just before the animal blessing, there will be a brief awards ceremony for the winners, from grades K through 8, of the PAWS Spay/Neuter Poster Contest. The deadline for submitting posters is Sept. 30.

The Volkswaggle is open to the public. Anyone wishing further information, desiring to volunteer to help with the event, or otherwise seeking information about PAWS is encouraged to call 301-533-3291, 301-334-2699, or 301-895-3711.

First Female Officer In GCSO Breaks New Ground

by Beth L. Bowers

She didn't intend on breaking ground, nor did she strive for it, but as the first female deputy in the Garrett County Sheriff's Office, Deputy Jamie Resh has done just that.

Resh, a native of northern Garrett County, joined the ranks of the GCSO this summer.

"I always wanted to stay in this county and work for the sheriff, but I never ever thought it would really happen," Resh said. "When I applied to the sheriff's office I figured it wouldn't go anywhere and I would be putting an old dream to rest."

That dream started as far back as she can remember. She comes from a family involved in law enforcement, including her father, Lt. Randy Resh, commander of the Maryland State Police, McHenry Barrack. "There are pictures of me when I was 1 year old wearing my dad's badge and hat," she said. "The idea of being a police officer just always excited me."

Of those family members involved in law enforcement, they are all either with the state police or pursuing a career with the state police. When asked why they weren't involved with the county police, she

DEPUTY JAMIE RESH laughed and said, "Usually the question is why aren't I with the state police."

She majored in agriculture, because agriculture and horses are a love of hers. "I am just a country girl," she said. Before applying with the sheriff's office, she worked for BFS agriculture stores. Resh was hired by the sheriff's office after passing a written test, a physical agility test, and three interviews. Then she was off to the Western Maryland Police Academy in Hagerstown for six months.

She said she was more afraid of the physical fitness part of training than possibly being the only female. She was in a class of 15

men and one other woman. But the other woman did not complete the physical training with the rest of the class. So Jamie was on her own.

"I was most afraid of the PT (physical training), and that turned out to be my biggest accomplishment," she said. "The whole thing changed my life, but the part that I was most afraid of changed my life the most."

Jamie admitted that she never worked out much before the academy, and when she started there were some men on her level, but not many. She continued to run on weekends, and she said by the time the training was over she was at the "head of the pack." "Now I run every day of my life," she added. "It is something that I crave."

After graduating from the academy, she came to the sheriff's office as not just the only female, but the second youngest of the 18 deputies in the sheriff's office.

"I never once thought it was a big deal that I was the only girl," she said. "I have always just felt like one of the guys. I have always worked with guys, and I always thought typical girl stuff was boring. Actually, I would rather work with guys; girls can be quite competitive and hateful."

Even though she feels like one of the gang, that

doesn't make the teasing stop. "The deputies tease me all the time about my pocketbook," she said. "One deputy saw a copy of *Country Woman* magazine in my car, and he laughed and told everyone, 'Not only do we have to deal with Jamie's pocketbook, but now we have *Better Homes and Gardens* around here too.'"

She said she knows the teasing is all in good fun. "I feel like one of the guys, and I hope they perceive me like that too," Jamie added.

According to Major Gary Berkebile, he has not heard any negative comments about Resh.

"It appears that all employees are working well with her," he said. "I believe that they all have responded with a positive attitude."

Resh said she was surprised by the way some people in the public react to seeing her. "I don't know what the big deal is about seeing a female cop," she said. "I never even gave it a

second thought. A lot of people ask me if I am afraid or comment that I am small. I have never considered myself small. My family always called me 'Big J.C.' when I was growing up."

Jamie added that she never envisioned herself doing anything else. "I can't imagine finding a better job," she said. "Looking back on the academy, I was really scared, but it was an awesome accomplishment, and I wouldn't want to be anywhere else. I want to stay here and never leave this county or this office. I tell them all the time that I am so thankful to Sheriff Sanders for this opportunity."

Sheriff Dick Sanders Jr. said he has seen a slow, gradual increase in female officers during his law enforcement experience.

He added that part of the reason Jamie has meshed so well with the other deputies is because of her personality.

REVIEWCadet Laurie Needer
from AFROTC Detach-

ment 538 Rochester Institute of Technology, N.Y., recently graduated from Field Training Lackland III.

The four-week course, held at Lackland Air Force Base in San Antonio, Texas, focused on leadership skills and military discipline. Needer received the Distinguished Graduate Award as member of the Golf Flight from Defender Group. Of the more than 400 cadets present, she posted the highest physical fitness average of 499, which included two perfect scores of 500.

The cadet is the daughter of Charles and Dorothy Needer, Timonium, and the granddaughter of Myrtle Hanft, Cove, and the late Walter Hanft.

Air Force Airman Barry L. Anderson Jr. recently graduated from basic military training at Lackland Air Force Base, San Antonio, Texas.

During the six weeks of training, the airman studied the Air Force mission, organization, and customs; performed drill and ceremony marches; and received physical training and special training in human relations. In addition, airmen who complete basic training earn

Early Detection Is The Key
To Beating Prostate Cancer

by Rebecca Parks
Cancer Coordinator, GC Health Dept.

September marks the national observance of Prostate Cancer Awareness month. The Garrett County Health Department is offering two screenings for the disease at no cost: next Thursday, Sept. 19, from 5 to 7 p.m. at the GC Health Center on Memorial Drive in Oakland; and the second on Tuesday, Sept. 24, from 5 to 7 p.m. at the Health Dept. office in the Grantsville Community Outreach Building. All men 50 or older who have not had a screening in the past 12 months, or men 40 and older who have a family history of prostate cancer or who are African-American are considered to be at high risk and are encouraged to take part.

September has been proclaimed Prostate Cancer Awareness month as a result of the efforts of the National Prostate Cancer Coalition, which, under the leadership of chairman Judge Ralph M. Burnett, successfully lobbied Congress to pass the resolution.

Judge Burnett, who has served as chairman of the coalition since 1999, reports that the purpose of the proclamation is to bring more awareness to prostate cancer in terms of increased research dollars, education, improved treatment options, and increased numbers of men seeking screening for early detection and better outcomes.

Prostate cancer is a highly curable disease if detected early, but remains the second leading cause of cancer death among men. One in every 10 men will develop it in his lifetime, yet most men cannot identify even one of the risk factors. They're reluctant to discuss medical issues in public, especially one that can have such devastating side effects, but 32,000 men will die each year from prostate cancer.

Beginning at age 50, men should have an annual PSA blood test and digital rectal exam. This should be started even earlier for African-American men and also for men who have a brother or father with prostate cancer at a young age.

Most prostate cancers begin in the part of the prostate gland that can be reached by a digital rectal exam. This exam also helps to detect early rectal tumors. If either the PSA blood test or the digital rectal exam has an abnormal finding, further medical evaluation is needed. When prostate cancer is in its earliest stages (still confined to the prostate gland) it usually causes no pain or other symptoms. Occasionally men with early prostate cancer experience difficulty when urinating.

The earlier prostate cancer is discovered, the better the chances are that it can be treated effectively. If the tumor has not spread outside the prostate gland to other areas of the body, the chances are good for a long-term survival. Once the tumor has begun to spread, it is more difficult to treat.

Prostate cancer screenings can reduce death from this dreaded disease. If any man needs to know the value of prostate screening, ask Judge Burnett or Paul Shogren of Oakland, our 2002 campaign spokesman, who states, "My cancer was discovered before it could spread to other areas of my body. Early detection is the key." If you're still not convinced, ask some other prostate cancer survivors, such as Marshall Stacy, Jim Cuppitt, Dr. Bill Savage, Jim Flanagan, Ben Ridder, or Reverend Chip Lee.

For more information or to make an appointment call Garrett County Memorial Hospital at 301-533-4295 for the Oakland screenings or toll free 1-888-227-9979 and ask for Tenna Taylor for the Grantsville screening. Remember, the best prevention is early detection!

Friends Of New
Germany Slate
Planning Meeting

The Friends of New Germany volunteer group will hold its first planning meeting for the upcoming season Monday, Sept. 16, at 7 p.m., at the New Germany State Park Lakehouse. All persons interested in supporting New Germany State Park and who would like to help plan park and community events are encouraged to attend the meeting.

The Friends of New Germany is an incorporated volunteer organization working on behalf of New Germany State Park. Additional information can be obtained by calling the New Germany Park office at 301-895-5453.

Cub Scouts Set
Info Meetings
For Tonight

Two local Cub Scout packs, one based in Grantsville and the other in Oakland, have slated informational and recruitment meetings for 7 p.m. tonight, Thursday, Sept. 12. Pack 49 will meet in the Grantsville Elementary School cafeteria, while Pack 70 will be meeting in the cafeteria of Dennett Road Elementary. Parents and boys interested in Cub Scouting are invited to attend.

Cub Scouting has programs for boys ages 7-11 who are students in grades 2-5. Boys who are 6 years old or in first grade may join Tiger Cubs, a Scouting program with activities designed specifically for them.

For further information on opportunities to join these or other Cub Scout packs located in Garrett County, persons may contact Brad Burr, council executive for the Boy Scouts of America Potomac Council, at 301-729-1300. The BSA's Potomac Council is a participating agency in the United Way.

Unemployment
Rate Falls By
Nearly 1 Percent

Data compiled by the state of Maryland indicate that the Garrett County unemployment rate has dropped almost a full point over the past year to stand at 5.8 percent at the end of July, down from 6.7 percent in July 2001. While a substantial improvement within the county, the local unemployment rate continues to hover well above the state's 4.2 percent figure, but below the national rate of 6.0, according to the Maryland Department of Labor, Licensing, and Regulation.

For July 2002, the most recent month for which data are available, Garrett County's actual numbers of unemployed persons dropped from 911 at the start of the month to 823 at month's end. The number of employed individuals rose over the same period from 13,242 to 13,433. The county's July unemployment rate was the third highest for any jurisdiction in the state, behind only Baltimore City's 7.8 percent and Dorchester County's 6.3 percent.

As a whole, the three counties of western Maryland (Garrett, Allegany, and Washington) combined for a 4.6 percent unemployment rate, down from 5.1 percent in July of last year. Allegany County saw the biggest 12-month drop in the entire state, as its rate fell from 7.1 in July 2001 to

5.3 percent this past July.

Outdoors Woman
Workshop Set At
Local 4-H Center

A "Becoming an Outdoors Woman" workshop, the Maryland Department of Natural Resources award-winning instructional program, has been slated for Friday through Sunday, Sept. 20-22, at the Western Maryland 4-H Center in Bittinger. Now in its seventh year, BOW offers adult participants of all skill levels the opportunity to learn a variety of natural resource-oriented recreational pursuits.

Participants may select four courses from a 30-course curriculum geared to women students. Offerings include outdoor survival skills, hunting, basic firearms safety and handling, archery, fly fishing and fly-tying, mountain biking, nature photography, canoe and kayak handling, hiking and backpacking skills, bird watching, and outdoor cooking.

Also on the weekend's agenda are several evening events, including a performance by local women's dulcimer band the Glade Players, a wild game sampler, and a campfire.

For cost and registration information, persons may contact DNR's Karina Blizard at 301-478-2146 or visit the agency's web site at www.dnr.state.md.us/wildlife/b-owevents.

Limping with a Broken Wing

It was little more than a ball of fluff with a tiny wing hanging at an odd angle. There was no chirp as the little bird limped along... just a pitiful weak squawk every once in a while. "Mommy, please make it better," my son pleaded. "I know you can."

A month later, after much tender care and the benefit of a makeshift splint to heal its fractured wing, the little bird had grown and chirped happily in its new home. My son said I did it. I told him God did it, for I had held out little hope for that tiny vulnerable creature.

Do you ever feel frightened and vulnerable with a fractured spirit and a broken heart? Your Heavenly Father can heal you with His loving care. All you have to do is ask Him. Isaiah 40:31 promises... "those who hope in the Lord will renew their strength, they will soar on wings like eagles..."

Visit God's House this week. Learn about His healing love for you. Your spirit will sing as you fly into His open arms.

THE BIBLE SPEAKS

A PLACE FOR THE COMPLACENT

September 15, 2002

Background Scripture:

Zephaniah.
Devotional Reading:
Isaiah 55:6-11.

We can learn a lot about Zephaniah in just his first sentence: "The word of the Lord which came to Zephaniah the son of Cushi, son of Gedaliah, son of Amariah, son of Hezekiah, in the days of Josiah the son of Amon, king of Judah" (1:1).

Remember, Hezekiah was the king of Judah who instituted sweeping reforms. He was followed by his son Manasseh and grandson Amon, both of whom uprooted virtually all of those reforms. Zephaniah, thus, is the great great grandson of Hezekiah, a prince of the royal household and the second cousin of Josiah, the present ruler, whose reforms are even more extensive than Hezekiah's. Furthermore, we may assume that his ministry preceded and helped Josiah's reforms.

Q. I have a skillet that was manufactured in 1891. Do you think it has any value? — Barbara, Lake Park, Ga.

A. According to "Kitchen Antiques 1790-1940" by Kathryn McNeerney (Collector Books), skillets have been an important part of cooking since the 16th century. The earliest ones were simply deep covered pans, much like porringers. Since most cooking was done hearthside, later vessels called "spiders" came into use. They had three legs that helped keep food from burning.

No. 5 skillet from the 1890s is listed in McNeerney's book and valued at \$40. For a second opinion, you might want to contact Janet Hoy, president of Collectors of Old Kitchen Stuff, 3038 E. Woodland Drive, Hickory Corners, MI 49060. Jerry Harnyk is both a dealer and expert and might be able to help you. His address is Kitschen, 380 Bleecker Street, New York, NY 10014.

Q. I have a Walt Disney toy that was issued about 1950 to promote the opening of the film "Cinderella." It is a figurine of Cinderella and the Prince, still in its original box. — James, Letohatchee, Ala.

A. I was able to find a listing for your toy in the current edition of "Today's Hottest Collectibles," edited by Krause Publications. Your wind-up toy was manufactured by Irwin Toy Company, and is valued between \$65-\$175. I suspect your toy is probably on the higher end since you still have the box.

Imagination Guide is a great club for Disney collectors. The address is P.O. Box 907, Boulder Creek, CA 95006. Tomart's Disneyana Digest is one of the better newsletters. You can request a copy by writing 3300 Enclave Lane, Dayton, OH 45439.

Accidents Can Happen

Q. My cat Tessa keeps having accidents on the bed. My mom gets really frustrated. We clean the litter box regularly, but it doesn't help. Is something wrong with her, or is it just the way she is? Can you give me advice on what to do? — K.E., via e-mail

A. You clean the litter box regularly, which is a great way to prevent urinary tract infections and other illnesses in your cat. However, because Tessa is still having accidents, I'd recommend a trip to the vet for an examination.

The veterinarian can tell you whether a physical problem, like an infection, is causing Tessa's accidents. He or she can also recommend medication or training therapies to help reduce the frequency of her messes on the bed.

Before your visit to the vet, watch Tessa for a couple of days and write down what you observe about her and her behavior. Has Tessa been sprayed? Is another animal living in the house, like a dog, cat or ferret? Did you move recently or change the furniture around in parts of the house? Does Tessa seem stressed out for no reason that you can see? Tell the veterinarian what you've observed.

If a medical exam shows nothing and Tessa still treats the bed like her personal litter box, you'll have to take more drastic actions. First, the bedclothes must be completely changed and the mattress sprayed with a bit of ammonia to remove any lingering "litter box" smell and to repel Tessa. If Tessa still makes a beeline for the bed or you see her "scratching and sniffing" at the bedclothes, take her out of the room and place her in the litter box. Finally, you may have to deny her access to that bedroom permanently.

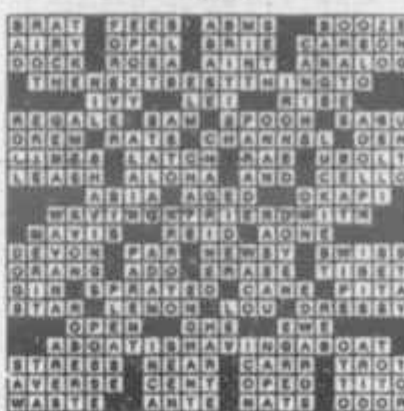

Denying access is a bit extreme, but it's better than having to clean up a mess!

Strange BUT TRUE

By Samantha Weaver

• One of the first computers, known as "ENIAC," had more than 17,000 vacuum tubes, covered 1,800 square feet and weighed 30 tons.

• Spiders smell with their feet.

• Serial killer Ted Bundy, a former law student, represented himself in court. At one point, he called his girlfriend to the stand — and proposed to her in front of the jury. And she accepted!

• Studies show that black cats are six times more likely to cause allergy problems than light-colored cats.

• It's well known that the Chinese written language is based on pictograms, and they usually have a logic to them. For instance, "eye" and "water" together make "teardrop." Of course, two women together means "trouble;" three women together means "gossip."

• When actor Mel Gibson was young, he went to Catholic school, and he set the record for the student to get the most strappings in one week: 27.

• Theodore Roosevelt once said he had ridden in an automobile twice in his life, and that was enough. However, he was the first president to own a car, and the first to drive one.

• Ed McMahon was a Marine Corps test pilot before reaching fame as Johnny Carson's sidekick.

• Ever wonder how long the fabled "blink of the eye" is? It's actually been measured. It takes a tenth of a second, or about the same time it takes for a hummingbird to beat its wings seven times. Seem pretty quick? How about a picosecond? That's a thousandth of a billionth of a second. That's still not as short as you can get — scientists clock their most fleeting events in attoseconds. That's a billionth of a billionth of a second.

THE HISTORY CHANNEL

• On Sept. 16, 1620, the Mayflower sails from Plymouth, England, bound for the New World with 102 passengers. The ship was headed for Virginia, but stormy weather and navigational errors forced it off course, and on Nov. 21 the "Pilgrims" reached Massachusetts.

• On Sept. 22, 1828, Shaka, founder of the Zulu Kingdom of southern Africa, is murdered by his two half-brothers, Dingane and Mhlangana, after Shaka's mental illness threatened to destroy the Zulu tribe.

• On Sept. 20, 1878, Upton Sinclair, Pulitzer Prize-winning writer, is born. An assignment on meat-packing plants led to his best-selling novel, "The Jungle," in which an idealistic immigrant goes to work in the Chicago stockyards. The novel's gritty portrayal of labor abuses and unsanitary conditions led to the passage of the Pure Food and Drug Act of 1906.

• On Sept. 19, 1900, Robert Parker and Harry Longbaugh, better known as Butch Cassidy and the Sundance Kid, rob the First National Bank in Winnemucca, Nev., marking the first time that the duo worked as a team. Years later, according to most reports, the pair was ambushed by Bolivian soldiers and killed in San Vicente. Yet, rumors still persisted that Cassidy survived and lived a quiet life on a Nevada ranch until the 1920s.

• On Sept. 21, 1938, without warning, a powerful Category 3 hurricane slams into Long Island and southern New England, causing 600 deaths and devastating coastal cities and towns.

• On Sept. 18, 1970, guitarist Jimi Hendrix dies at the age of 28 following a drug overdose in London. In 1967, the Jimi Hendrix Experience made its first American appearance at the Monterey Pop Festival.

• On Sept. 17, 1978, at the White House, Egyptian President Anwar el-Sadat and Israeli Prime Minister Menachem Begin sign the Camp David Accords, laying the groundwork for a permanent peace agreement between Egypt and Israel.

Sheriff's Office Releases Stats For Last Month

Garrett County sheriff Dick Sanders Jr. recently released the agency's statistics for August 2002, which revealed a total of 1,673 control numbers assigned for a variety of incidents requiring officer action during the month.

The statistics are the following: 21 arrests for driving while under the influence; 11 controlled dangerous substance complaints resulting in 4 arrests; 9 domestic complaints; 5 domestic assaults resulting in 3 arrests; 18 destruction of property complaints; 54 disturbance complaints; 50 motor vehicle accidents investigated; 134 traffic citations issued; 151 patrol checks; 325 court papers served; and 103 adult arrests.

Sanders said he wanted

to remind the public that the students are back in school, and all motorists should obey the school bus traffic laws. He added that deputies will be working special enforcement programs during the school year.

Violations of the school bus laws may be reported to the sheriff's office at 301-334-1911.

Bike, Scooter Rodeo Slated

The Mountain Lake Park Youth Activities Committee will hold a bike and scooter rodeo in Veterans Park on Saturday, Sept. 21, from 2 until 4 p.m. Participants must bring their helmets.

An obstacle course will be set up and prizes awarded. Bike drawings and a hot dog cook-out will also be held. For more information, persons may call Gail Dever at 301-334-7730, ext. 6527, or 301-334-8819.

GIFT SHOP SLATES RAFFLE — The Loar Auxiliary Gift Shop, located in the lobby of Garrett County Memorial Hospital, Oakland, is holding a fall raffle. The giant-size scarecrow porch greeter pictured above will be awarded on Oct. 8 at 2:30 p.m. Tickets may be purchased for \$1 at the gift shop in the hospital lobby. All proceeds from the raffle will benefit GCMH. Persons interested in becoming a volunteer for the gift shop may call Linette Sines at 301-533-4041.

Northern Lights Win First Place In Wildlife Div.

Northern Garrett High School's envirothon team, the Northern Lights, won first place in the wildlife category in the Maryland State Envirothon Championship. The event was held June 22 at the Harford Glen Environmental Education Center in Harford County.

The team also had top-10 finishes in soils, forestry, and oral presentation, and placed eighth overall out of 19 teams.

Team members were Danny Gallagher, Will Gallagher, Michael Guard, Mitchell Guard, Jordan Halsig, and Vicki Schlosnagle. Members received additional training on the various natural resource topics that they had studied throughout the year.

Specialist in soils, wildlife, forestry, aquatics, and invasive species from various state and federal agencies — such as Maryland Department of Natural Resources, Maryland Department of the Environment, Soil Conservation districts, and the Natural Resources Conservation Service — provided additional facts and clarification on issues specific to the Piedmont province.

NHS ENVIROTHON TEAM WIN FIRST PLACE — Members of Northern High School's envirothon team, the Northern Lights, recently won first place in the wildlife category during the Maryland State Envirothon Championship. See story for more details. Pictured above, left to right, are Will Gallagher, Danny Gallagher, Michael Guard, Mitchell Guard, Vicki Schlosnagle, and Jordan Halsig. The team also had top-10 finishes in soils, forestry, and oral presentation, and placed eighth overall out of 19 teams. The Northern Lights team was coached by Liz McDowell and Ron Boyer.

During the competition, team members rotated every 45 minutes between various stations, testing not only their memorization skills, but also their ability to apply what they had learned. They were tested on such things as their ability to age deer, calculate board feet, identify fish, and texture topsoil.

The Northern Lights team is sponsored by Phenix Technologies, Precision Rafting Expeditions, and the Garrett Soil Conservation District.

According to coaches Liz McDowell and Ron Boyer, the team has a "real shot" at winning the state championship in 2003, since all of the members are returning NHS students this year.

The team is currently re-

cruiting new members for the coming school year. Interested NHS students may contact Mitchell Guard or science teacher April Slagle at NHS or call McDowell or Boyer at 301-895-3686 for more information.

HABITAT HOUSE DEDICATIONS SLATED — How many Habitat for Humanity volunteers does it take to raise a roof truss? "That depends on who's working," said local Habitat for executive director Jeanne Blasier, "and I know you can't find more dedicated or hardworking individuals than those who volunteer their time in the summer to build homes for Habitat for Humanity families." The house pictured above was started the second week of July and is expected to be completed by the end of September. Located in Deer Park, the home is for the Legger family. Garrett County Habitat for Humanity has also completed a house at 907 Second Avenue, Friendsville, pictured below. The keys to the home and a Bible will be presented to the Larry and Loran Stemple family at a dedication service at their home Sunday, Sept. 22, at 3 p.m. The public is invited to attend. Refreshments will be served. The dedication for the Legger home will be announced in a few weeks, said a Habitat spokesperson.

Flowery Vale Hosting Health, Fitness Event

The first National Women's Health and Fitness Day will be observed throughout the country on Wednesday, Sept. 25. Locally, the Flowery Vale Health and Fitness Center, Accident, will serve as an official site for the event.

Beginning at 9 a.m., local participants ages 55 and up will join thousands of other women of all ages at more than 200 locations as they walk, dance, play, and learn about better fitness and health.

"We want to demonstrate that fitness can be fun," said Elaine Kackley, Flowery Vale Health and Fitness Center director, "Women of all ages will have a chance to experience some appropriate and enjoyable forms of exercise. It's also a great opportunity for them to find out about women's health resources in our community."

According to the Surgeon General's Report on Physical Activity and Health, adults can obtain significant health benefits with moderate physical activity, preferably on a daily basis.

Some of the benefits of regular physical activity

cited by the report are increased cardiorespiratory endurance; and reduced risk of heart disease, diabetes, high blood pressure, colon cancer, and feelings of depression and anxiety. Exercise can also produce stronger muscles, which help reduce the risk of falling and improve the ability to perform the routine tasks of daily life.

"The National Women's Health and Fitness Day gives women an opportunity

to begin or renew a commitment to fitness and to celebrate an active lifestyle," said Veronica Padmos of Area Agency on Aging.

Slated to be an annual event, the National Women's Health and Fitness Day, coordinated by the Health Information Resource Center, will be held on the last Wednesday in September. For more information about the event, persons may call Elaine Kackley 301-746-8050.

THANKS

to all friends and family for all the cards and gifts. Special thanks to our eastern relatives for the \$40 gold plaque and for helping us celebrate our 50th wedding anniversary.

THANK YOU!

- To the Garrett County Memorial Hospital staff for their kindness and good care they gave our mother.
- To the Barb & Greenleaf Funeral Home whose service was excellent.
- To the many friends and neighbors who sent cards, food, and flowers.
- To Rev. Jonas Johnson for his words of truth and comfort.
- To Don Roy and Glen Schoonover for the music.
- To the Goldenaires for their singing.
- To the Leadmine United Methodist Women's Society for the lovely meal they served at our family pavilion.
- To everyone who remembered us in your prayers. This time of deep sorrow was more bearable for us because of the kind assistance of friends like you. We sincerely appreciate all that you have done.

I am the flag of the United States of America.

My name is Old Glory.

I fly atop the world's tallest buildings.

I stand watch in America's halls of justice.

I fly majestically over institutions of learning.

I stand guard with power in the world.

Look up and see me.

I stand for peace, honor, truth, and justice.

I stand for freedom.

I am confident.

I am arrogant.

I am proud.

When I am flown with my fellow banners,

My head is a little higher.

My colors a little truer.

I bow to no one!

I am recognized all over the world.

I am worshipped - I am saluted.

I am loved - I am revered.

I am respected - and I am feared.

I have fought in every battle in every war for more than two hundred years.

I have flown at Valley Forge, Gettysburg, Shiloh and Appomattox.

I was there at San Juan Hill, and in the trenches of France.

in the Argonne Forest, Anzio and Rome, and on the beaches of Normandy, Guam and Okinawa.

The people of Korea, Vietnam and Kuwait know me as a banner of freedom.

Know me as a banner of freedom.

I was there.

I led my troops.

I was dirty, battle-worn and tired, but my soldiers cheered me.

And I was proud.

I have been burned, torn and trembled on the streets of countries I have helped set free.

It does not hurt, for I am invincible.

I have slipped the bonds of Earth and stood watch over the uncharted frontiers of space.

from my vantage point on the moon.

I have borne silent witness to all of America's finest hours.

But my finest hours are yet to come.

When I am torn into strips and used as bandages

When I am flown at half-mast to honor my countrymen;

when I lie in the trembling arms of a grieving parent

at the grave of their fallen son or daughter;

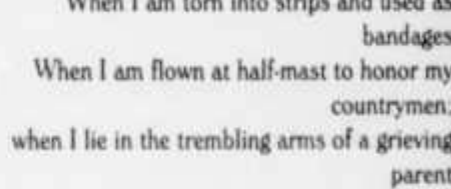

When I lie in the arms of a child or spouse who will have

to go on without one who gave their life to save the life of another,

as so many did at the Pentagon and the World Trade Center on September 11, 2001.

My name is Old Glory. Long may I wave.

Garden Club Lunch, Meeting Slated At Uno's

JIM SINES

The Mountain Laurel Garden Club will meet at 10:30 a.m. Tuesday, Sept. 17, at Uno's Restaurant.

The event will begin with a business meeting, followed by a luncheon and speaker's presentation. The club president is Louise Wilson, and her theme for the club year is "Eternal hope lives in the garden and the gardener."

Guest speaker Jim Sines will narrate a slide presentation and lead a discussion on "Award-Winning Projects by Garden Gate Landscaping." President and co-owner of Garden Gate Landscaping, located in Silver Spring, Sines has over 40 years of experience in the horticultural industry and has focused on the design and installation of some of the most recognized landscape projects in Silver Spring and the surrounding area. He has been featured many times in *Southern Living* magazine, and has won many local and national awards through the years for his designs. He and his wife have recently built a home near Oakland, and plan to retire here in the near future.

For further information, or to make a luncheon reservation, persons may call Tiddie Wheeler at 301-387-5018 or Karen Ewing at 301-387-6180. The Mountain Laurel Garden Club is a member of National Gar-

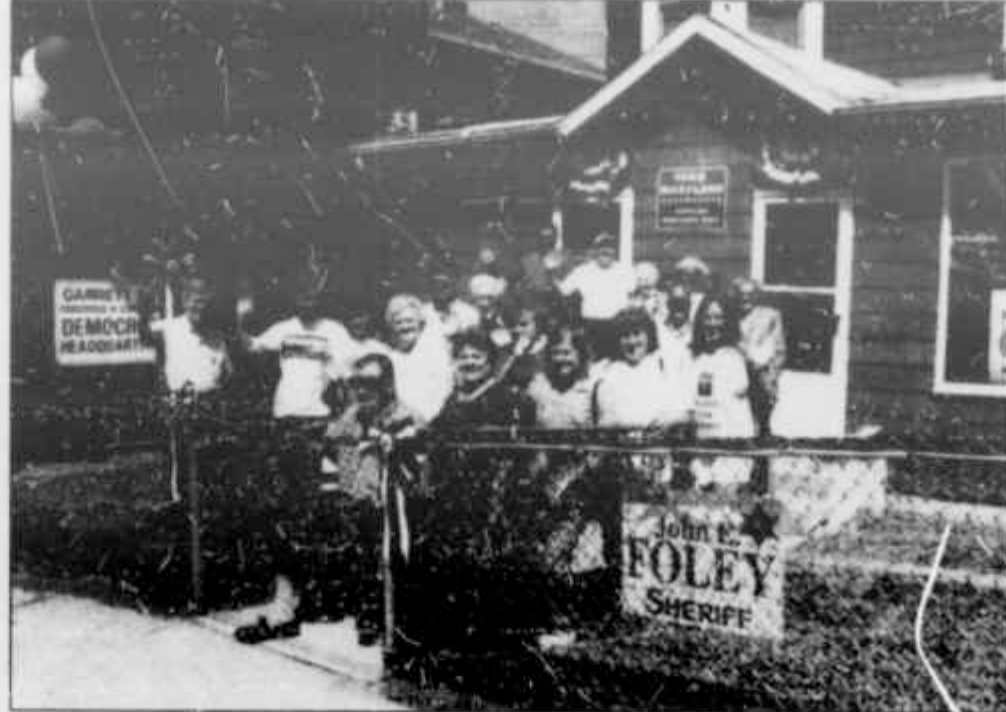

den Clubs, and the Federated Garden Clubs of Maryland.

Grantsville Ctr. To Host Medical Coding Classes

Garrett College has scheduled a series of courses in medical coding, a new process developed as a universal language for the medical profession, which will be offered at the Grantsville Outreach Center next spring. Instruction in medical terminology, anatomy, and physiology, and Basic ICD-9-CM and CPT coding will be offered. These courses will prepare participants for certification examinations offered by the American Health Information Management Association.

A medical coding specialist is familiar with the anatomy and physiology of the human body and disease processes. Numerical codes provide the clarity that insurance firms need to keep paperwork and payments flowing. Through the process of medical coding, physicians and health care workers can describe medical procedures and diagnose diseases. Insurance companies analyze medical records and assign numerical codes to diagnoses and procedures used for reimbursement of health care claims, medical statistics, and research.

The issue of properly managing and protecting patient health information has steadily increased the demand for coding professionals. According to the Bureau of Labor Statistics,

DEMOCRATS OPEN HEADQUARTERS — The grand opening of the Garrett County Democrat headquarters was held last week. Located at 222 E. Alder Street, Oakland, the headquarters will be open Monday through Friday from 10 a.m. to 2 p.m. and from 5 until 7 p.m. and on Saturdays from 10 a.m. until 3 p.m. Shown above is Garrett County Democratic Central Committee chairman Tom Bratten cutting the ribbon at the grand opening. Also attending the event were Scott Goldman, campaign representative for Kathleen Kennedy Townsend for Western Maryland; Rosalee Finch, Garrett County Democratic Club president; Michael Bello, club vice president; John Foley and Dave Martin, candidates for sheriff; George Felter, candidate for District 3 commissioner; and various supporters. Out of respect for the victims of Sept. 11, the headquarters was closed on Sept. 11 and the Democrats did not campaign.

employment in Health Information Management such as medical coding is one of the 20 fastest growing occupations in the United States. It is expected to grow much faster than the average for all occupations through 2008.

Medical coding professionals work in a multitude of settings throughout the health care industry, including hospitals, physician offices and clinics, long-term care facilities, insurance companies, government agencies, and homecare providers. In addition to strong job prospects, the

field offers competitive salaries. One national journal recently quoted an average nationwide salary of \$26,556 per year.

To learn more about the courses of the medical coding career, persons may call Terry Beachy at the GC Grantsville Outreach Center at 301-895-3368.

Garrett Slates International Film Fest, Meals

An international film festival has been scheduled for this fall by the Global Education office at Garrett College. Each monthly movie presentation in the series will be combined with a dinner featuring an ethnic dish from the country represented in the film. The dinners will be served in the Lakers' Cafe, and the movies will be shown in the loft of the Student Center.

The festival opens with the Swedish film *The Emigrants*, which will be shown from 7:30 to 10 p.m. on Tuesday, Sept. 17. The PG-rated movie depicts the experiences of a Swedish family as they pursue their dreams of a better life in their new land of America, their journey to Minnesota, and their struggle to survive. It features Max von Sydow and Liv Ullmann. Dinner will be served from 4:30 to 7:30 p.m. Other films have been scheduled for the Tuesdays of Oct. 1, Nov. 5 and 19, and Dec. 3, and the titles will be announced as those dates draw near.

The film festival and dinner theatre are open to the public at a cost of \$6.50. Students with a meal plan will have a reduced rate for dinner. Persons who do not wish to have dinner may attend the movie at no cost. Persons desiring further information about the film series may call Darlene Preston at 301-387-3010.

COUNTRY KIDS
by Sarah Rexroad
reporter

The Country Kids 4-H Club held its July meeting on July 27 after a covered dish picnic. Nathan Harris called the meeting to order and Amanda Bowers led the pledges. Bobby Barnard gave a report on the Petting Zoo and Andrew Harvey reported on the club's trip to Idlewild. The float and booth committee set dates to work on their projects. Changes to the fair were also discussed. Farm tours, which included trips to members' farms to view their market animals and livestock demonstrations, followed after the meeting.

The September meeting will be held September 17 at 7 p.m. at the Deer Park community building.

GARRETT MEDICAL GROUP, P.A.

Is pleased to announce the arrival of two new physicians to the practice. They will be accepting new patients as of October 1, 2002.

Christine Browning, M.D. is a Garrett County native, having graduated from Southern High School in 1991. She attended Hood College in Frederick, Maryland, graduating magna cum laude with a B.A. in Biology in 1995. Matt Duran, M.D., originally from Bethesda, attended the University of Virginia in Charlottesville, VA, and received a B.A. in Interdisciplinary Studies with distinction in 1995.

They went on to meet at the University of Maryland Medical School and received their medical doctorates in 1999. After getting married, they ventured west to Pueblo, Colorado, where they completed their family medicine residency at Southern Colorado Family Medicine in June of this year. During this time, Christie completed a specialized obstetrics training tract.

Christie and Matt are excited to return home. Christie will be practicing full spectrum family medicine, emphasizing obstetrics, pediatrics and internal medicine. Matt will offer full spectrum care including obstetrics, pediatrics and internal medicine.

In their free time, Christie and Matt enjoy a variety of outdoors activities that western Maryland can easily provide

Enlow Awarded College Dairy Scholarship

Friendsville area resident April Leigh Enlow is one of two recipients of a \$4,000 Maryland Dairy Scholarship awarded recently by the Maryland Dairy Scholarship Committee. The other award went to Andrea Lee

Hood of Frederick County. Enlow is attending West Virginia University in Morgantown, where she is majoring in agriculture/environmental education with an emphasis on Extension Service work and global positioning. She lives on her family's 120-cow dairy farm in Friendsville, where she helps with the daily chores. She and her brother are the fifth generation to continue the dairy operation at the present location.

Enlow has been active in 4-H and FFA, where she received many awards, including the Agriculture and Citizenship, the State Key Award for lifetime achievement in 4-H, she also participated in the Governor's Summer Scholars Program in Agriculture and Natural Resources. She is a member of the Garrett County Holstein Club, along with other church, school and community organizations, and has been the Garrett County

Farm Queen and the Garrett/Allegheny County Dairy Princess. She has been employed by the Garrett County Cooperative Extension Service for the last two summers.

While attending Garrett Community College, Enlow was a member of the Ag Club and the college dairy judging team. She graduated from GCC with an associate degree in agricultural management. Her future goals include returning to the GC Extension Service and working on the family farm. She is the daughter of William and Kristen Enlow.

Hood is a Dairy Science major at Delaware Valley College, Doylestown, Pa., and her future goals include teaching agriculture, agriculture journalism, or working with cattle mating. The Libertytown resident resides on her family's farm with her parents, Dennis and Nancy Hood.

Two \$4,000 Maryland Dairy Scholarships are available each year to any Maryland dairy youth who has or is carrying a dairy project and is a member of a dairy breed organization. Applicants must be enrolled in an agriculture-related field at a four-year college. The scholarships, which may be won twice by the same applicant, are made possible by the donation of a "friend" of 4-H and Maryland Dairy youth.

Applications are due by July 1 of each year, and the scholarships are awarded each year during the dairy awards program at the Maryland State Fair. For additional information, persons may contact committee co-chairs Arthur or Peggy Johnson at 301-972-8274, or write the Johnsons at 22520 Mt. Ephraim Road, Dickerson, MD 20842.

Rain Showers Provide Relief Throughout State

Maryland finally received rain over the weekend with some southern counties receiving up to five inches of precipitation. The much needed moisture will benefit many crops. Late season soybeans are showing some recovery, although rain came too late for most fall season soybeans. New hay seedlings are emerging and should establish well, and pastures are starting to rebound. Tobacco is also responding to the moisture and is expected to fill out more completely. The rain should result in good establishment for fall small grains and will aid fruit trees to approach winter in better condition.

Soil moisture levels increased dramatically this week because of the showers. Topsoil moisture rated in adequate condition increased 39 percent, and this week marks the first in 12 weeks that any surplus was reported. Topsoil is rated 2 percent surplus, 48 percent adequate, 39 percent short, and 11 percent very short. Subsoil moisture also increased with 13 percent adequate, 40 percent short, and 47 percent very short.

Southern States Annual Meeting, Elections Slated

The annual membership and election meeting of the Southern States Oakland Cooperative is set for Thursday, Sept. 19, at Pleasant Valley Community Center. The business meeting will immediately follow a 6:30 p.m. supper, and meal tickets are available from the Oakland co-op, located along Maryland Highway in Min. Lake Park.

The meeting's theme is "Growing Solutions Since 1923," and the agenda will include reports on both local and company-wide operations, as well as the election of local board members and Farm Home Advisory Committee (FHAC) members. Retiring FHAC and board members also will be recognized.

Board nominees up for election include William Grose, Michael Steyer, and Daniel Yoder. FHAC nominations will be taken from the floor.

"Growing solutions for farmers is an ongoing goal for Southern States because it's a cooperative owned by the producers it serves," noted Bob Everett, manager of Southern States Oakland Cooperative. "The annual meeting is the best single opportunity to advise the membership on our progress toward that objective."

Preston County Farm Service Agency Reports

Eric M. McCartney, County Executive Director
300 Tunnelton St., Kingwood, WV 26537
304-329-1923

The U.S. Department of Agriculture's Farm Service Agency has announced that effective Sept. 1, the farm operating direct loan interest rate has been set at 4.5 percent. The direct farm ownership loan interest rate is 6.25 percent.

Farm Service Agency programs provide direct and guaranteed assistance to the family farm. Direct loans are made by FSA for farm operating expenses, farm purchases, expansions, and improvements. Operating loans may be used to purchase livestock, equipment, lime, fertilizer, feed, seed, and other business related expenses. Repayment terms run from 1 to 7 years. Farm ownership loans provide funds to purchase or enlarge a farm and to construct or improve farm buildings. Direct farm ownership loan terms are up to 40 years.

Participating local banks issue guaranteed loans. The FSA provides the bank with a guarantee of up to 90 percent of any loss of principal and interest on the loan. The bank establishes guaranteed loan terms and rates. Guaranteed loan funds may be used for the same purposes as direct loan funds.

Rural Youth Program loans are available to individuals who are sponsored by an advisor such as a vocational agriculture teacher or 4-H agent. Individuals must be at least 10 but no more than 20 years old to be eligible for a Rural Youth loan. These are available as direct loans only and have a maximum amount of \$5,000.

Loan funds are also available for socially disadvantaged individuals who have been subjected to racial, ethnic, or gender inequality without regard to their individual qualities. Socially disadvantaged individuals include women, African Americans, American Indians, Hispanics, Alaskan Natives, Asians, and Pacific Islanders. To be eligible for FSA loan programs, applicants must have sufficient education, training, or experience in managing a farm operation. Individuals must be U.S. citizens with a satisfactory history

of meeting credit obligations and unable to obtain credit elsewhere.

In order to discuss the various types of FSA farm loans available, Preston County farmers may reach farm loan manager Douglas Cyphers or farm loan officer Karen McBee at 304-363-8861 in White Hall. On Wednesdays persons may telephone 304-329-1923 in Kingwood at the Preston County FSA office.

Md. Ag. Council Accepting Grant Applications

The Maryland Agriculture Council is accepting grant applications through Thursday, Oct. 31, for proposed projects that promote Maryland agriculture. Individuals or organizations may apply for grant awards of up to \$2,500 each, and special consideration will be given to applications that maximize the grant's value by using matching funds or "in kind" donations.

"Maryland agriculture is committed to the pursuit of a viable industry enabling present and future generations to enjoy safe, plentiful food products, abundant and varied fiber products, a healthy environment, and productive landscape for the well-being of all our citizens," said Grant Committee chairman David Miller.

Grant applications can be obtained by calling Miller at 301-696-6903. The awards will be announced in February at the Maryland

Agriculture legislative dinner.

Crop Insurance Deadlines Near

Growers of five Maryland crops have fall deadlines for signing up for federally subsidized crop insurance, according to Jan Eliassen of the National Crop Insurance Services.

Winter wheat and barley share a September 30 deadline. Depending on the county, winter wheat is insurable under two different kinds of crop insurance policies: the standard Actual Production History (APH) and Group Risk Protection (GRP).

November 20 is the deadline for apples and peaches. The deadline for potatoes is December 31.

Any farmer who wants to sign up for crop insurance for these crops, or to make changes to any existing policies, must contact a private crop insurance agent before the sales closing date.

Harvesting Corn Silage
 One of the most important steps in producing quality corn silage is to harvest at the proper moisture for your operation. This year it may be a little tricky in predicting the moisture because of the dry soil conditions. The corn may appear drier; however, the stalk may be very high in moisture content.

This moisture level depends on the type of structure in which the crop is to be stored. Desired moisture levels for different structures are as follows: for sealed airtight silos, 60-65%; for upright silos, 63-68%; and for trench silos, 65-70%. Ideally, moisture levels in the silage should be monitored at harvesting to prevent harvesting the crop outside the desired range. If moisture testing is not feasible, then you can estimate crop moisture by the stage of crop development.

As kernels start to dent, a separation between kernel starch and milk can be seen. The firm starch is deposited in the crown (outer) area of the kernel and the milk occupies the basal area of the kernel. A whitish line appears, separating the two areas. As the crop matures, this kernel milk line moves down the kernel, and whole plant moisture declines. When the milk line reaches the base of the kernel, a black layer forms and the crop is physiologically mature.

Recent research has shown the kernel milk line to be a rough indicator of corn silage moisture levels. On the average, silage moisture levels will be about 70% at full dent, when the milk line first appears, and will fall to 60%

at physiological maturity (black layer). There often is considerable variation between years, however, and when conditions have been particularly dry or wet for several weeks prior to harvest, the moisture can be as much as 5 percentage units different from that predicted by the milk line. When this line reaches the midpoint of the kernel (half milk line), silage yields reach a maximum and the crop moisture level should be near 65%. At this point, the stover part of the plant has good digestibility, and the moisture is at the desired level for storage in airtight silos.

If the corn is to be stored in bunker or upright silos, a higher moisture level and a slightly earlier harvest (one-third milk line) are recommended. By monitoring the progression of the milk line, you can predict harvest time. Do not delay silage harvest beyond the black layer point because the silage gets too dry, the kernels tend to harden, and the digestibility of the stover declines rapidly.

The desired chopping length for corn silage is 3/8- to 3/4-inch long. The optimum particle size will depend on the ration and the amount of processing following harvest. High corn silage rations, for example, require a coarser chop. Corn silage also can be processed to crack the kernels during harvest or at the silo. This allows corn to be chopped at a longer theoretical length and still be packed effectively. Processing also can be effective at reducing kernel passage that occurs when the kernels in the silage are hard, and can reduce sorting by cows in the feedbunk. Some studies have indicated a milk response when silage is processed, but the conditions that result in a response still are not well known.

If you harvest silage without a processor when crop moisture is lower than desired, consider chopping finer than normal to promote good packing and minimize air pockets in the silage.

Start Planning Weed Control Strategies Now!
 Now is the time to grab your field history book and head into the fields to record the type and severity of the weeds. Identifying the weed population is the most important step in planning your weed control program for next season. For example, if you have a medium to high population of pigweed or lambsquarters you can pretty well bet that they will be a potential huge problem next year. A mature pigweed will drop an average of 130,000 seeds. Knowing what weeds you will be dealing with are certainly an economic plus.

Tips for the Gardener
 Plant garlic from late September through October for a July 4 harvest. Purchase certified disease-free planting stock from a reputable company. Select the largest cloves from the largest heads. Plant the cloves root end down; space them 4-6 inches apart and cover with 1-2 inches of soil. Mulch the garlic bed with fallen tree leaves after the green leaves emerge.

Brown and green Southern stinkbugs are active on tomatoes and peppers. They feed on the fruits, producing a yellow or white "cloudy spot" directly under the fruit skin. This can be cut out with a sharp knife; it does not affect flavor.

Many vegetables need to be cured or dried and then stored under proper conditions. Harvest your pumpkins and winter squashes when the rind hardens and they are fully colored. This will probably happen prior to the first frost. Be careful not to nick or bruise the fruits and store them in a dry location at 50-55°F. Sweet potato roots will continue to enlarge until frost so check root size to determine when to harvest. Handle harvested roots gently and cure the roots by storing them at 85°F and high humidity for 4-7 days. Thereafter, your sweet potatoes can be stored in a cool, dry location. Dig white storage potatoes on a cloudy, warm day after plants begin to die back. Let them lay on the ground for a few hours before

bringing them inside. They should not be washed. Store potatoes in a dark, cool, moist location (35 degrees F.- 40 degrees F.). Gourds should be allowed to dry on the vine and harvested prior to frost, leaving 2-3 inches of stem for a handle. Let them cure in a well-ventilated, cool dark location. Rub each gourd gently with rubbing alcohol or a weak bleach solution and don't allow them to touch one another.

Cooler temperatures and shorter days will cause tomatoes to be less flavorful. You may also notice seeds inside of tomato fruits beginning to germinate. This is a natural phenomenon and will not affect eating quality. Full size green tomatoes can be brought indoors to ripen. They ripen more quickly if placed in a paper bag with a banana or apple. Cooler night temperatures will also push pepper fruits to mature and turn color. Peppers that are allowed to ripen will be subject to attack by the fungal diseases alternaria and anthracnose. No chemical controls are recommended. Picking some of your peppers while they are still green will encourage the plant to produce more fruit.

Sunflowers can be harvested when the backs of the flowers are dry. Cut the stalks one foot below the flower head, tie them together and hang upside down in a cool dry place.

Cover crops of oats, winter rye, winter wheat, crimson clover, and hairy vetch can be sown through the middle of October. Seeds should be in close contact with soil to promote germination.

Corn Harvest In Swing With Advent Of Dry Weather

Weather conditions returned to dry after a few showers to start the week, giving Maryland farmers an average of 6.2 days suitable for fieldwork like harvesting corn. With more than half of the corn crop mature, many farmers began their harvest last week. Sixteen percent of the corn for grain is harvested, 10 percent more than the previous year, and 9 percent ahead of the five-year average. Despite recent rain, yields are expected to be significantly lower than last year due to the extremely dry conditions throughout the growing season.

Showers also came too late for full season soybeans, which are shedding leaves. Twenty-two percent are shedding leaves, 19 percent more than the previous year, and 16 percent ahead of the average. The moisture helped late planted soybeans to green up; however, the end of the growing season is approaching, leaving little time for yields to improve.

Significant moisture-fell

on the Eastern Shore early in the week with Wicomico County receiving 6.8 inches. Conversely, the western part of the state received little to no rain, causing soil moisture and pasture conditions to decline. Topsoil for Maryland is rated 2 percent surplus, 50 percent adequate, 41 percent short, and 7 percent very short. Nineteen percent of subsoil is rated in adequate supply, 48

Adult meals cost \$6 and for children, 12 and under, \$3. The menus will consist of buckwheat cakes, pancakes, sausage, scrambled eggs, bacon, home fries, and sausage gravy and biscuits.

The breakfast is sponsored by the Aurora Volunteer Fire Department. The fire hall is located along Rt. 50, east of Aurora.

Canaan Valley Refuge Protecting Natural Resources

In an effort to protect valuable wildlife resources, the Canaan Valley National Wildlife Refuge will continue to restrict all-terrain and off-road vehicle use. In addition, camping will not be permitted because of habitat impact, potential fire hazards, and sanitation concerns.

"These actions are necessary to protect valuable habitat for wildlife and plant communities," said Jeff Shryer, refuge manager. Approximately 12,000 acres were acquired from

Allegheny Ventures earlier this year. The property was purchased to protect and preserve the unique plant and wildlife communities of the Blackwater River watershed.

According to Shryer, previous refuge visitors established temporary campsites along major roads and trails in the absence of developed facilities. Without toilets and trash collection, litter and human waste accumulate and can contaminate surface water and nearby wetlands. Extended camping impacts vegetation and can contribute to soil erosion.

Of particular concern is the potential for wildfires that can result from escaped campfires. "This year, one escaped fire resulted in seven acres being burned," said Shryer. "For this reason, camping, overnight parking, and open fires are prohibited on the refuge."

Overnight lodging is locally available in Thomas, Davis, and Canaan Valley. For those visitors desiring an outdoor camping experience, overnight camping is permitted at nearby Blackwater Falls and Canaan Valley state parks, as well as with the adjoining Monongahela National Forest.

ATV and ORV use has been banned from refuge lands since 1994. "This is not a new action; the restrictions on these usages have been in place for nearly a decade," said Shryer. The former landowner took this action in response to growing concern over related environmental impacts such as destruction of fragile wetland plant communities, soil compaction, extensive erosion, and wildlife disturbance. These concerns still exist today and serve as the basis for the refuge's continued restrictions.

The refuge will begin

long-range planning efforts in 2004. The public will have an opportunity to participate in the planning of refuge management during the preparation of the refuge's Comprehensive Conservation Plan. According to Shryer, this process will examine numerous alternatives that will guide the future of the refuge and its activities. During this process, the public will be invited to comment on issues and to provide suggestions on how the refuge should be managed.

Questions or concerns about the refuge may be directed to Shryer in person at the refuge office located along Rt. 32 in Canaan Valley or by calling 304-866-3858. Electronic inquiries may also be sent to him at jeff_shryer@fws.gov.

Wildlife Refuge Slates Leaf Fest Guided Walks

Canaan Valley National Wildlife Refuge will conduct three guided walks during this year's Leaf Peepers Festival. The walks are free and open to the public.

Jenny Newland will lead "Layers of the Forest" on Saturday, Sept. 14. The walk will start at the end of A-Frame Road at 10 a.m. Participants will learn about the importance of and changes in a forest's various layers, from its canopy of leaves to its floor of mosses and ferns.

On Wednesday, Sept. 18, Jackie Burns will lead "Leaves, Leaves, Leaves." This walk is especially for children, accompanied by an adult, and will start at the Refuge Visitor Center at 4 p.m. In this interactive program, participants will learn about the different types of leaves, what they do for the tree, and what makes them change color and fall off in autumn.

Kelly Warren will lead a walk titled "Exploring the Main Tract." It will start at the end of A-Frame Road at 9 a.m. Walkers will explore the refuge's newest addition and learn about the impact of trails on habitats and wildlife. Participants are asked to bring water and a lunch.

To get to the end of A-Frame Road from Davis, participants should go north on Rt. 93 for 7.4 miles and then turn right. A-Frame is a nine-mile-long gravel road

in good condition, but one should not drive on it too fast. It takes one hour to get to the end of A-Frame from Davis.

Participants need to wear comfortable walking shoes and dress for the weather. Blaze orange or light-colored clothing is recommended. For more information, persons may Burns at 304-866-3858.

Farmers Club Slates Fourth Annual Festival

The Preston County farming community of Salem will hold the North Preston Farmers Club's fourth annual fall festival this weekend, Sept. 13 and 14.

Friday will be kicked off with living history as President Abraham Lincoln, portrayed by Jim Ruben, addresses festival goers. He will be accompanied by First Lady Mary Todd Lincoln, portrayed by Joyce Browning, and Emma Edmonds, portrayed by Karen Vuranch. On Friday and Saturday at 2 p.m., the public will have the opportunity to have tea with Mary Todd Lincoln. This West Virginia Humanities Council program is being hosted by the North Preston Farmers Club and is supported with additional financial assistance from the Office of the Secretary, West Virginia Department of Education and the Arts.

There will be an encampment of Civil War soldiers on the festival grounds. Members from the First WV Company F, Jacob's Meadow Battery, Eleventh Pennsylvania Volunteer Infantry Company I, and the Blue and Gray from Philadelphia will be encamped.

Several farming operations will be exhibiting unique farming ventures. David Moran and Lori Wall of the Crimson Shamrock will display a few of their prized alpacas, while John King will explain shiitake mushroom production. Preston County fiber artists will take wool production all the way to the finished knitwear and felted teddy bears.

Several antique pieces of farm equipment will be on display, most of which are still in operating condition. There will be the opportunity to view a parade of antique farm tractors.

The WV Draft Horse and Mule Association will conduct a draft horse pull Friday evening. Teams must weigh in at the Bruceton Ag Service between 3 and 5 p.m. on Friday, or will have to pull in the heavyweight division.

Saturday will feature an ATV/garden tractor pull, and a pedal tractor pull will be added this year for younger ages. Cash prizes will be awarded for each of these pulls.

Musicians and dancers will take the stage both days of the festival, featuring bluegrass, country, and gospel. The Community Core Cloggers and the Clogging Express will perform. Homemade pies, soups, sandwiches, and french fries will be available, as well as barbecued chicken.

Representatives from organizations such as the W.Va. Department of Agriculture, WVU Extension

Service, Department of Natural Resources, W.Va. Botanic Garden, American Red Cross, W.Va. Farm Bureau, and others will be setting up educational exhibits and activities.

The North Preston Farmers Club is a nonprofit organization dedicated to the advancement of agriculture, community, and mentoring future generations.

Hours of the festival are Friday, Sept. 13, noon to 9 p.m., and Saturday, 9 a.m. to 9 p.m.

Awareness Day Scheduled At Grant Memorial

"Passport to Health" Diabetes Awareness Day will be held at Grant Memorial Hospital, Petersburg, this Saturday, Sept. 14, 7 to 11 a.m. in the multipurpose room with some "free" services and low-cost screenings being offered.

Free services to be offered include blood glucose/sugar screening (finger stick), American Diabetes Association Risk Assessment, and Body Mass Index Assessment, as well as educational materials and a diabetic shoe display. It is recommended that no food or drink be consumed for 10 hours prior to the finger stick testing, with the exception of water or black coffee. Blood glucose meters and teaching on proper use will also be provided free of charge while supplies last.

Other services will be provided for a small fee and can include: diabetes blood screening which reports to

I wish to thank the Garrett County voters who demonstrated confidence in my leadership abilities as Garrett County Commissioner by voting for me in Tuesday's Primary Election.

I have always believed it to be a privilege to serve the residents of this county. While we have many challenges that lie ahead of us, there are so many positive aspects about Garrett County.

I look forward to meeting those challenges and helping to bring about progress and positive change for our future.

Thank you for your support.

White Oak Church Sets Homecoming

White Oak Church will hold its annual homecoming sing Sunday, Sept. 15, beginning at 1:30 p.m. Attendees are asked to bring a covered dish for a dinner, which will be held at noon.

The public is invited to come and enjoy an afternoon of food, music, and song. White Oak Church is located 4½ miles from Terra Alta along Cranesville Road.

Sept. 22. Known as the Texas Church, this event is a time for a homecoming as well as an invitation to many groups to join in an afternoon of gospel song. Everyone is welcome.

BLOODMOBILE AT AURORA

The American Red Cross Bloodmobile will be at the Union Ambulance squad hall, Aurora, on Monday, Sept. 16, to accept blood donations. Those who are 17 and over, and in good health may come between the hours of 1 and 7 p.m.

BITTERING COUSINS HAVE REUNION

Grandchildren of the late Jonas and Etta Fike Bittering, who had resided in Eglon, met this past week for a reunion. On

Sunday, the group of about 20 attended church services at Maple Spring, then took a heritage tour of the area.

GNEGY DEATH

Robert Lee Gnegy, 78, of Strasburg, Va., died July 24, 2002, in Martinsburg, at the VA Hospital.

He was born at Davis on Jan. 19, 1924, a son of the late Walter and Anna Gnegy.

He is survived by four sons, David Gnegy of Star Tannery, Va., Daniel Gnegy of Deer Park, Md., Robert M. Gnegy of Strasburg, Va., and Jon Gnegy, also Strasburg; four daughters, Ann King, Christiansburg, Va., Rebecca Reed, Vinton, Va., Sherry Blakovich, Glenwood, N.J., Jane Oakley, Strasburg, Va.; two brothers, Jack Gnegy of Davis and Donald Gnegy of Hambleton; one half-brother, Edwin Gnegy of Cumberland, Md.; two sisters, Jean Illari, Md., and Ruth Ujcie, Glenville, Pa.; and 17 grandchildren.

His body was donated for medical research, and memorial services were held on Saturday, July 27, at the Mt. Hope Presbyterian Church at Strasburg, with

the Rev. Carlyle McDonald officiating. Military honors were provided by the Shenandoah American Legion Post No. 77 of Strasburg.

Mr. Gnegy has many cousins in the Red House south Preston Co. area.

PERSONAL MENTION

Mr. and Mrs. Glenn Brown Jr. of Mercersburg, Pa., celebrated their 51st wedding anniversary on Sept. 1. They are former residents of Horse Shoe Run and are parents of six children. They have also cared for many foster children in their home, which they continue to do. They have three grandchildren.

Their son, Glenn Brown III, and his wife, Nancy, still reside at Horse Shoe Run.

Nicki Teets of North Carolina was a last week visitor with her parents, Leland and Sandy Teets.

Rebecca Teets, former Eglon resident now at Goodwill Home, will be celebrating her 90th birthday on Sept. 19. A party was held for September birthday celebrants at Goodwill on Monday, Sept. 9, but cards may be sent to Mrs. Teets at Goodwill Mennonite Home, Box 310, Grantsville, MD 21536.

Mrs. Teets is a former teacher in the Aurora School, is alert, and would appreciate hearing from former students. Her husband, John, is also a resident at Goodwill.

Lee Martin of Aurora was admitted Friday to Garrett County Memorial Hospital, but was expected to be released Monday following medical treatment.

Recent visitors with Louella Fike, Aurora, were Norman Fike and Carolyn of Belington, Gary Fike of Terra Alta, and Catherine Shuman of Fairmont.

Mrs. Kenneth (Dorothy) Bachtel returned last Thursday to her home near Gnegy Church following recuperation from surgery the preceding Friday at Garrett County Memorial Hospital.

Visiting Monday, Sept. 2, with Stanley and Rose Ina Harsh at Eglon was Jimmy Beckman of Marlboro, Md.

Gary and Julie Baker, Grayson and Madison, of Virginia Beach, Va., were weekend visitors in Eglon with Tobi, Linda, and Sara Lewis, and with relatives in Terra Alta and Kingwood.

Guests this weekend of Terry and Jill Hauser, Eglon, were Jill's sister, and her husband and children.

LIBRARY NEWS

The Terra Alta Public Library "Books are Fun" book sale is set for Monday, Oct. 7, through Friday, Oct. 18. The books will be on display and will be ordered. The event allows patrons to do some early Christmas shopping. There is a flyer in the library now for a sneak preview of what has been ordered for the sale.

The library's annual fall book sale is scheduled for Monday, Nov. 4, through Friday, Nov. 15. A collection of fiction, reference, science fiction, large print, and non-fiction will be available, for both adults and juveniles. There will also be a small amount of new books for sale.

The Terra Alta Library will observe its 30th anniversary of operation on Monday, Oct. 28, with an open house party. Former librarians, co-workers, and board members are being invited to share thoughts and past experiences with the visitors. Persons with pictures or materials they would be willing to share for the party are asked to call 304-789-2724.

The library's hours are 4-8 p.m., Mondays; and 8:30 a.m.-5:30 p.m., Tuesdays through Fridays.

Patrons donating books, pamphlets, and periodicals

have been Mary McLaughlin, Lori Cage, Shirley Young, Anga Sypolt, Jonnie

Smith, Albert Ossman, Jean Yester, Marion Clutter, and Tim Peters.

PTO Fund-Raiser Slated At Swan Meadow School

Swan Meadow School PTO's annual fund-raiser, the Harvest Sale, will be held on Friday, Sept. 20, at the Pleasant Valley Community Center, south of Oakland. This third annual auction of farm produce, handmade crafts, and baked goods features items provided by Amish and Mennonite families and students of Swan Meadow School. This is the 53rd year of the Harvest Sale.

Doughnuts made by mothers of the students on the day of the sale will be available for purchase at 6 p.m. Also for sale at that time will be homemade caramels, taffy, patties, cookies, and fudge. Dinner items like taco salads, chili dogs, sloppy joes, hot dogs, apple cider, and coffee will also be sold at that time. The evening will begin with the 6th, 7th, and 8th graders of Swan Meadow School singing songs at 6:45 p.m. The auction will begin at 7 p.m. The Swan Meadow School History Book, filled with photographs and mem-

PREPARING FOR THE HARVEST SALE — The students at Swan Meadow School are prepared and ready for their annual Harvest Sale, which is scheduled for Friday, Sept. 20, at the Pleasant Valley Community Center. Many homemade foods will be available for sale, and the students will sing at 6:45 p.m., prior to the beginning of the auction, which is full of items provided by Amish and Mennonite families and students. Above are some 6th, 7th, and 8th graders with aloe vera and spider plants, which will be available for purchase. To the right are some of the students holding clocks that will be auctioned. The clocks were made by last year's 8th graders, under the direction of Norman and Evan Schrock, woodworking volunteer teachers. See story for more details.

LL Church Set To Host Ladies Rally

The Loch Lynn Church of God will be hosting a Ladies Rally on Monday, Sept. 23, at 7 p.m. The Rev. Cindy Ackerman, Oakland, will be the speaker, and Kathy Steele, Markleysburg, Pa., will minister in song. Ackerman and her husband Ivan have served as pastors of Loch Lynn Church of God for the past five years. She has been involved in pulpit ministry for the past 22 years, preaching in the local church, along with conducting revival, youth, and ladies services. All ladies are invited to join the fellowship, worship, prayer, and personal renewal, said a spokesperson. The church is located along First Ave. in Loch Lynn. Persons wanting more information may call the church office at 301-334-3221.

Evangelists Mike and Marigold Cheshier are slated to lead revival services at the Crellin Assembly of God Sunday through Wednesday, Sept. 15-18. The services will begin at 10:45 a.m. and 6 p.m. on Sunday, and 7 p.m. each of the following evenings.

The Cheshiers are based in Springfield, Mo., where the headquarters of the Assemblies of God American fellowship is located. They are ordained ministers who have served both as pastors and evangelists over the course of their 30-plus years of ministry together. Their work has taken the couple to over 50 different nations and most of the 50 American states, and their ministry has included six churches which they have co-pastored.

Marigold Cheshier is a preacher and a singer who has made over 14 recordings. She has appeared on a number of major televised Christian ministry programs, including *The PTL Club* and *The 700 Club*, along with TBN network affiliates. She is also a cancer survivor. The Crellin Assembly of God Church is located at 2220 Hutton Road. For further information on the revival services, persons may call Pastor Bruce Craig at 301-334-3867 or 301-334-3545.

Nature Connection

ARGIOPE AURANTIA

by Liz McDowell & Ron Boyer

You're walking through a meadow of tall wildflowers, soaking in the remaining days of summer. New York ironweed, swamp sunflower, and turtlehead surround you. Suddenly your path is blocked by an enormous web. In less than a second (thanks to its vivid black and yellow markings), your eyes are focused on its creator, *Argiope aurantia*. Also known as the black-and-yellow garden spider, it's one of the prettiest spiders found in Maryland.

There are roughly 3,000 species of spiders in North America, and on a whole they are not well loved. Though most spiders will not bite people, along with snakes, they are typically placed on "The Top Ten List of Things to Fear." In fact, spiders should be celebrated, as they are one of the most important groups of predators in the world. Their main prey is insects, so they are actually a great help to farmers, gardeners, and outdoor enthusiasts.

Spiders are the largest order in the class of animals called Arachnida, which also includes scorpions, daddy longlegs, mites, and ticks. Like other arachnids, spiders have eight legs and do not have wings or antennae. In spiders, the head and thorax is combined into a distinct part called the cephalothorax, which is separated from the abdomen by a narrow "waist." A close look at most spiders reveals eight simple eyes. The fangs on their small jaws are used to inject venom to kill or stun prey.

Most spiders also have six glands on their abdomen called spinnerets. These form the silk used to spin webs,

construct egg cases, line burrows, and encase prey. Long strands of this silk caught by the wind also help disperse young to new locations in a technique called "ballooning." This trip is best made sooner than later, since young spiders often eat their siblings.

The black-and-yellow Argiope female at just over 1" is twice the size of the male. After mating with him in the fall, the female lays eggs in an egg case that she attaches to nearby vegetation, and she soon dies. The young hatch in mid-winter, but stay within the egg case until spring, when the cycle begins anew. The black-and-yellow Argiope should be a welcome addition to your garden, since it eats even large insects, such as grasshoppers. All you have to provide is a little space for its web; the largest reported was 10' wide!

Reports from the Field

•Dan Smercak of New Germany and Max & Katherine Dubansky of Pleasant Valley reported seeing the aurora borealis from their homes on Saturday, Sept. 7, around 9:30 p.m. According to Dan, "This was the best display of northern lights I have ever seen in Garrett County."

If you'd like to share your Garrett County nature sightings or if you have questions about the plants and animals that you've observed, e-mail Liz and Ron at info@elkridgenatureworks.com.

State Park Programs

DEEP CREEK LAKE

The following activities have been scheduled for this week at Deep Creek Lake State Park. Further information on the programs can be obtained by calling the Discovery Center at 301-387-7067.

•Sat. 9/14: A one-hour bird hike will depart at 9 a.m.; a two-hour historic Brant Mine hike will begin at 1 p.m.; a 45-minute "Bear Hunt for 'Cubs'" children's hike is set for 3 p.m.; a 4 p.m. "Crittter Encounter at the Aviary" provides the opportunity to watch the aviary's great horned owl and red-tailed hawk, plus turtles, as they are being fed; and a 90-minute campfire program titled "Living and Camping in Bear Country" is slated for 8 p.m. (Flashlights recommended.)

•Sun. 9/15: A one-hour edible and medicinal plant hike will begin at 10 a.m.; a one-hour Amazing Animals program will start at 1 p.m.; a 30-minute children's scavenger hunt is slated for 3 p.m.; the Critter Encounter at the Aviary is slated for 4 p.m.

SWALLOW FALLS/HERRINGTON MANOR

The following programs have been slated at Swallow Falls and Herrington Manor state parks. Further information on these offerings may be obtained by calling 301-334-9180.

•Fri. 9/13: A bird banding demonstration will be presented by a U.S. Forest and Wildlife Service bird bander at 10 a.m. at the HM concession stand. The program opens with a 20-30 discussion of bird banding, followed by a five-minute walk to the park's bird banding site for a demonstration that may include live birds.

•Sat. 9/14: "Tricky Tracks," an animal track identification and plaster cast-making activity, is set for 10 a.m. at the HM office (\$1 fee per participant); and a hike through the Cranesville Swamp will depart from the HM office via car caravan at 1 p.m. (Participants are asked to wear shoes — no sandals.)

•Sun. 9/15: A 5½-mile hike on the trail from HM State Park through the Garrett State Forest to SF State Park will get under way at 1 p.m. Forest staff will lead the hike, and return transportation will be provided. Meet at the HM concession building. Registration is required, and may be made by calling 301-334-9180.

•Tue. 9/17: A bird banding demonstration will be presented by a U.S. Forest and Wildlife Service bird bander at 10 a.m. at the HM concession stand.

St. John's Slates "Walk Thru The Old Testament"

St. John's Lutheran Church, Addison, Pa., will host a "Walk Thru The Old Testament" seminar Saturday, Sept. 28, from 9 a.m.

until 3:30 p.m. Sign-in time for the event is 8:30 a.m.

The seminar is designed to identify the major people, places, and events of the Old Testament. Placing these events in chronological order, the instructor will use drama, overhead visuals, hand signs, and humor.

Taught by a trained interdenominational Bible Ministries instructor, the program is open to persons ages fifth grade through adults.

"This event is fun and educational. Beginning Bible students will find a framework for further Bible study, and advanced Bible students will discover new insights as well," said a church spokesperson.

The public is invited to attend. Registration deadline is Saturday, Sept. 21. To register or for additional information, persons may call Carole Frantz at 301-746-5461 or Jerry Giotfelty at 814-395-5725.

OAKLAND, MD 21550

Under a power of sale contained in a Deed of Trust from Christina M. Stemple a/k/a Christina Stemple, dated Oct. 20, 2000, and recorded in Liber 827, folio 272 among the Land Records of Garrett Co., MD, default having occurred thereunder, the Sub. Trustees will sell at public auction at the Circuit Court for Garrett Co., Courthouse Door, Oakland, on

SEPTEMBER 24, 2002, AT 1:00 P.M.
ALL THAT FEE-SIMPLE LOT OF GROUND and the improvements thereon situated in Garrett Co., MD, and more fully described in the aforesaid Deed of Trust.

The property, which is improved by a dwelling, will be sold in an "as is" condition and subject to conditions, restrictions, and agreements of record affecting the same, if any and with no warranty of any kind.

Terms of Sale: A deposit of \$8,000.00 by cash, or certified check, balance of the purchase price to be paid in cash within ten days of final ratification of sale by the Circuit Court for Garrett Co. Time is of the essence as to the purchaser. If the purchaser defaults, the deposit shall be forfeited and the property shall be resold at the purchaser's risk and expense. Interest to be paid on the unpaid purchase money at the rate pursuant to the Deed of Trust Note from the date of sale to the date funds are received by the Sub. Trustees. In the event the settlement is delayed for any reason, there shall be no abatement of interest. Purchaser shall pay for documentary stamps, transfer taxes and settlement expenses. Taxes, ground rent, water rent, condominium fees and/or homeowner association dues, all public charges/assessments payable on an annual basis, including sanitary and/or metropolitan district charges, if applicable, shall be adjusted to the date of sale and assumed thereafter by the purchaser. Purchaser shall be responsible for obtaining physical possession of the property. Purchaser assumes the risk of loss or damage to the property from the date of sale forward. If the Sub. Trustees are unable to convey good and marketable title, the purchaser's sole remedy in law and equity shall be limited to a refund of the deposit. (Matter #73870)

PUBLIC NOTICE

The Deep Creek Watershed Board of Zoning Appeals will conduct a public hearing on Thursday, September 19, 2002 starting at 7:30 p.m. in the County Commissioners' meeting room, Second Floor, Courthouse Annex, Oakland. The Board will review the following docketed cases:

1. VR-523 - an application submitted by Thomas Wenzel and by the estate of Carlton D. Wenzel II, for a Variance to reconfigure two existing, "grandfathered," residential lots. The properties are located at 952 and 964 Rock Lodge Road and are zoned Lake Residential (LR).

2. VR-524 - an application submitted by Charles Bryan Templeton, for a Variance to construct a house that will come to within 0.00 feet of the rear property line, instead of the required 40.0 feet. The property is located at 1450 Paradise Road and is zoned Lake Residential (LR).

3. VR-525 - an application submitted by Peter Trepper of Deep Creek, LLC, for a Variance to construct a garage that will come to within 25.00 feet of the rear property line, instead of the required 40.0 feet. The property is located at 37 Yacht Club Road and is zoned Lake Residential (LR).

4. SE-326 and VR-526 - an application for a special exception submitted by Larry M. and Jay A. Moon, to replace an existing mobile home. The applicant also requests a variance to allow the mobile home to come to within 10.00 feet of the side property line, instead of the required 15.00 feet. The property is located at 595 Harvey's Peninsula Road and is zoned Lake Residential (LR).

5. VR-527 - an application submitted by Taylor M. and Barbara Marshall, for a Variance to allow an existing attached garage remain with a 5.5' side yard setback, instead of the required 15.0 feet. The applicant also requests a variance to allow a second dwelling unit above the garage. The property is located at 248 Cherry Heights Lane and is zoned Lake Residential (LR).

Interested persons are invited to attend.

After Bids have been submitted, the Bidder shall not assert that there was a misunderstanding concerning the quantities of work or of the nature of the work to be done.

The Contract Documents contain the provisions required for the work included in the project. Information obtained from an officer, agent, or employee of the Owner or any other person shall not affect the risks or obligations assumed by the Contractor or relieve him from fulfilling any of the conditions of the Contract.

Bid Security

An acceptable Bid bond, payable to the Owner, in the amount of five percent of the total bid must accompany each Bid. A certified check in the amount of five percent of the total bid, drawn on a solvent bank chartered in the State of Maryland, and payable to the Owner, may be substituted for the Bid bond.

NOTICE OF CIRCULATION
OF PETITION TO REPEAL
THE MUNICIPAL CHARTER
OF LOCH LYNN HEIGHTS,
GARRETT COUNTY,
MARYLAND

For a thirty day period of time, August 22, 2002, until September 22, 2002, a Petition will be circulated and/or made available for the signatures of any registered voters interested in repealing the present Charter of Loch Lynn Heights. This action is being taken pursuant to the authority contained in Article 23A, section 41, of the Annotated Code of Maryland. The same article provides direction to the County Commissioners to assume the maintenance of the various utilities and streets in that community. This is the same procedure initiated and followed by the municipality of Bloomington when it repealed its charter in 1941. Posters containing this same information will be posted at various business establishments in the municipality of Loch Lynn Heights. The Petition will be hand carried by a citizen of the same community who can explain the significance of placing a signature on that document.

all of the following real estate and improvements being subject to the above Indemnity Deed of Trust:

That lot, piece or parcel of land lying and being in Election District No. 1, Garrett County, Maryland, and being on the northeast side of the north prong of the North Glade Run Tributary of Deep Creek Lake, about 880 feet upstream from the fork in said North Glade Run Tributary, adjoining the property of Pennsylvania Electric Company, and being a portion of the 129.29 acre tract that was conveyed to Earl K. Harvey by Deed from Eastern Lane Corporation, bearing date the 24th day of November 1926, and recorded in Liber 95, folio 456, one of the land records of Garrett County, Maryland, and described as follows, to wit:

Beginning at a stake standing South 15 degrees 53 minutes West, 110 feet from a concrete monument marked "N-330," said monument being the eleventh corner of the 129.29 acre tract just above referred to, and also being a corner of Pennsylvania Electric Company, and running thence South 74 degrees 37 minutes East, 200 feet to a stake in the West margin of said 20 foot roadway, South 15 degrees, 23 minutes West, 100 feet to a stake; thence North 74 degrees, 37 minutes West 200 feet to a stake in the tenth line, with the line of Pennsylvania Electric Company, North 15 degrees, 23 minutes East, 100 feet to the BEGINNING, containing 0.46 of an acre, more or less.

Subject to reservations, exceptions, covenants, and agreements as fully set forth in a Deed from James J. Ryan Jr., et ux, to Ruth C. McGovern, dated August 17, 1951, and recorded in Liber No. 169, folio 522, one of the Land Records of Garrett County, Maryland.

Terms of Sale: A deposit of \$15,000.00 of the sale price will be required of the successful bidder at the time and place of sale in the form of cashiers, certified, or other check acceptable to the Trustees, payable or endorsed to the Trustees. The balance of the purchase price shall be paid within 15 business days of the ratification of the sale by the Circuit Court for Garrett County, Maryland (unless postponed at the sole option of the Trustees), time being of the essence, with interest to be paid on the unpaid balance of the purchase price from the date of auction sale to the date of final settlement at the rate of 10% per annum. Taxes and other public charges and assessments shall be adjusted for current year payment as of the date of auction sale, and prorated to date of auction sale and assumed thereafter by the purchaser. All costs incident to the settlement and conveyancing, including, without limitation, document preparation, recording costs, survey fees, recordation taxes, settlement fees, notary fees, transfer expense (if any) and title charges and premiums will be at the cost of the purchaser. In the event that the Beneficiary under the Indemnity Deed of Trust or an affiliate thereof, is the successful bidder at the sale, such party will not be required to make a deposit or to pay interest on the unpaid purchase money.

The property will be sold in an "as is" condition, and without any warranties or representations, either express or implied, as to the nature, condition, or description of the improvements, and pursuant to the legal description contained in the aforesaid Indemnity Deed of Trust, Deeds and other land records, the successful purchaser will be buying such property in total, regardless of deficiency or surplus, in actual computed area and regardless of the condition of same. In addition, the property will be sold subject to all existing housing, building and zoning code violations, subject to all environment problems and violations which may exist on or with respect to the property, and subject to all matters and restrictions of record affecting the same, if any. The purchaser(s) at the foreclosure sale shall assume the risk of loss for the above-referenced property immediately after the sale takes place. It shall be the purchaser(s) responsibility to obtain possession of the property following ratification of the sale by the Circuit Court for Garrett County, Maryland.

Trustees reserve the right to withdraw the herein described property from sale at any time. In the event of default by the successful purchaser, the Trustees reserve the right to declare as forfeited the deposit of purchaser as liquidated damages, or to resell the property at the purchaser's risk and apply the deposit against Trustees' loss, or to pursue such other remedy they may have under Maryland law. The property herein is being sold subject to the application of all Federal, State, County, and City laws and ordinances which may affect the property and/or its use (with the purchaser assuming responsibility for any and all violations thereof, if any), as well as subject to all easements, restrictions, covenants, conditions, and other matters of record which may be superior to the mortgage being foreclosed, and such state of facts that an accurate survey or physical inspection of the property might disclose.

If the Trustees are unable to convey the property as described above, the purchaser(s) sole remedy at law or in equity shall be limited to the refund of the aforementioned deposit, without interest thereon. Upon refund of the deposit to the purchaser(s), the sale shall be void and of no effect, and the purchaser(s) shall have no further claim against the Trustees or the holder of the indebtedness.

PUBLIC NOTICE

The Board of Garrett County Commissioners will conduct a public hearing on October 1, 2002, at 7:00 p.m. in the Cafeteria at Northern High School. The Board will receive and consider additional public comments on the following proposals to amend the Garrett County Subdivision Ordinance.

1. A proposal made by Mr. Vernon Wampler of Keystone Paving Inc. to amend Section 1002.G.3.b(1) of the Subdivision Ordinance to eliminate the requirement that a liquid asphalt prime coat must be applied prior to the paving of any new private roads serving over 20 dwelling units.

2. A proposal initiated by the Planning Commission designed to streamline the plat approval process by providing authority to allow staff approval of minor subdivision plats. This authority would be accomplished by amending the following sections: a) 702.B1 to eliminate the 21 day period; b) 702.C.4 to eliminate reference to Planning Commission; c) 702.D. eliminate the current section; d) 702.D add a new section for streamline approval; e) 702.E to specify action of the Planning Director; f) 702.E.5 by replacing Planning Commission with Planning Director; g) 702.E.6 by replacing Planning Commission with Planning Director; h) 703.V Minor Subdivision Plat Checklist subsection A.2 to require five copies to be submitted.

3. A proposal made by the Garrett County Economic Development Office to amend the Land Classification Map to expand the C-Commercial Land Classification to include eleven separate parcels of land which are currently classified as R-Rural along US 40 near the I-68 and US 219 interchange at Keyser's Ridge.

Interested citizens are welcomed to attend.

BRADFORD I. WEBB, ASSIGNEE
MICHAEL S. LEVIN, ASSIGNEE
ASSIGNEES' SALE OF A SINGLE-FAMILY DWELLING
5581 Hutton Road
Oakland, Maryland 21550

Under and by virtue of the power of sale contained in a certain Mortgage from Gary A. Friend to Farmers Home Administration n/k/a Rural Housing Service, U.S. Department of Agriculture dated November 11, 1994, and recorded in Liber 641, Folio 762 among the Land Records of Garrett County, Maryland, the holder of the indebtedness secured by a Mortgage assigned to Bradford I. Webb and Michael S. Levin, Assignees by instrument duly executed, acknowledged and recorded among the Land Records of the County aforesaid, default having occurred under the terms thereof, an Order to Docket having been filed and at the request of the parties secured thereby, the undersigned Assignees will offer for sale at public auction

AT THE GARRETT COUNTY CIRCUIT COURT
ON FRIDAY, SEPTEMBER 13, 2002
AT 3:30 P.M.

ALL THAT LOT OF GROUND AND THE IMPROVEMENTS THEREON situated in Garrett County, Maryland, and described as follows:

Lot No. 41 of the subdivision of the Bradley Farm, lying on the West side of Maryland State Route 39. See also Metes and Bounds description set forth in that certain Deed recorded among the Land Records of Garrett County in Liber 830, folio 639. Containing 0.5 of an acre, more or less. The property is improved by a dwelling. In fee-simple.

The property and improvements will be sold in an "AS IS" condition and subject to conditions, restrictions and agreements of record affecting same, including building and/or environmental violations, if any, with no warranty, expressed or implied as to the description or condition of the property or improvements.

TERMS OF SALE: A cash deposit, certified check, or other method of payment acceptable to Assignees, for Five Thousand Dollars (\$5,000.00) at the time of sale will be required of all purchasers other than the mortgage holder. Balance of the purchase price is to be paid in cash within ten (10) business days of the final ratification of sale by the Circuit Court for Garrett County. If payment of the balance does not take place within ten (10) business days of ratification, the deposit will be forfeited and the property will be resold at the risk and expense of the defaulting purchaser. Unless purchased by the mortgage holder, interest will be paid on unpaid purchase money at the rate of interest set forth in the note from date of sale to date of settlement. Taxes, water rent and ground rent, if any, to be adjusted to date of sale. All other public charges and assessments payable on an annual basis to be adjusted for the current year to date of sale and assumed thereafter by the purchaser. Cost of all documentary stamps and transfer taxes shall be borne by the purchaser. Purchaser shall be responsible for removing anyone in possession of the premises.

If Assignees are unable to convey good and marketable title, the purchaser's sole remedy in law or in equity shall be limited to a refund of the deposit. Upon refund of the deposit, the sale shall be void and of no effect, and the purchaser shall have no further claim against the Assignees.

For further information contact Rural Development, USDA at 301-334-6970.

PERSONAL

ST. JUDE'S NOVENA
May the Sacred Heart of Jesus be adored, glorified, loved, and preserved throughout the world, now and forever. Sacred Heart of Jesus, pray for us. St. Jude, worker of miracles, pray for us. St. Jude, help of the hopeless, pray for us. Say this prayer nine times a day for nine days. By the eighth day, your prayer will be answered. It has never been known to fail. Publication must be promised. Thank you. St. Jude, RMM 28-11.

PERSONAL -- Prayer of the Blessed Virgin (never known to fail). Oh, most beautiful flower of Mt. Carmel, fruitful vine, splendor of heaven, Blessed mother of the Son of God, Immaculate Virgin, assist me in my necessity. Oh, star of the sea, help me and show me here you are my mother. Oh, Holy Mary, Mother of God, Queen of heaven and earth, I humbly beseech you from the bottom of my heart to succor me in my necessity (make request). There are none that can withstand your power. Oh, Mary, conceived without sin, pray for us who recurred to thee (3 times). Say this prayer for 3 consecutive days and then you must publish it and it will be granted to you. Grateful thanks. ANS. 28-1.

Garrett College Scholarships Go To Students From U.S., Overseas

Five students have been awarded scholarships by the Garrett College Foundation, according to GCF executive director Bretta Rinehard.

Janelle Rae Sines, daughter of Chris Sines of Friendsville, has received the Junior Woman's Civic Club Scholarship. She is a 2000 graduate of Northern High School and is enrolled in the math/science program at Garrett. Her career goal is to become a pharmacist.

Raili Raud (no photo available) of Harjuma, Estonia, has received the GC Board of Trustees Scholarship. A 1999 graduate of Laagna Gümnaasium in Tallinn, Raud participated

in basketball, swimming, and track and field at the Estonian school. She is enrolled in GC's social and behavioral sciences program, and plans to continue her education in the United States after graduating from the college. Raud, who is pursuing a career in therapeutic counseling, is residing near Deep Creek Lake with her host parents, Drs. Steve and Gail Herman.

Clarice Bolyard, a daughter of Perry and Margaret Bolyard of Horse Shoe Run, W.Va., has received the Bailey Realty Scholarship. She is a 2002 graduate of Tucker County High, where she participated in HSTA, FCCLA, and the Young Christians Club, and

JANELLE SINES

served as an office and library assistant. At Garrett, Bolyard is enrolled in the pre-nursing program, and plans to become a registered nurse. She is a member of the Apostolics Church in Oakland.

Michael Saturday, a 2001 graduate of Southern High,

CLARICE BOLIYARD

where he played junior varsity and varsity basketball, has received the Oakland/Mtn. Lake Park Lions Club Bill Ravenscroft Memorial Scholarship and the Knights of Columbus Scholarship. He is a son of Mike and Fayann Saturday of Oakland, and the brother of

MICHAEL SATURDAY

Jessica Saturday, each of whom graduated from Garrett Community College. Saturday is enrolled in the education program and plans to become a technology education teacher. He has worked as a counselor at the Garrett Laker basketball camp and as a math lab

WILLIAM HARVEY

assistant. A member of the Oak Grove Church of the Brethren, Saturday participated in the Relay for Life, and his interests are weight lifting, mountain biking, camping, and fishing. SHS graduate William Harvey has received the Deep Creek Lake Lions

Stewart Jackson Memorial Scholarship. He is enrolled in the general studies program and plans to transfer to Allegany College of Maryland to obtain a degree in radiologic technology. His career goal is to become a radiologist. A member of the congregation of the Pleasant View Baptist Church, he serves as the church's head audio-visual technician. He is also a cer-

tified trained leader with the AWANA children's program, which teaches children scripture memory and good sportsmanship. For the past year he has coordinated extra-curricular and community service activities for boys in grades 3 through 6, and his hobbies involve computers and audio-visual equipment. He is the son of William and Brenda Harvey of Oakland.

RUNNING CROSS COUNTRY is a rigorous endeavor, but for the Runnin' Rams of Southern High School and their visiting opponents the task is made far more enjoyable because of the scenic beauty along the Rams' home course. The starting line for each meet is on the opposite side of Broadford Lake, and the runners proceed across the breast of the dam, as pictured above. "Every other team and coach always talk about the beauty of our course," stated Carl Booth, coach of the SHS boys' team. This photo was taken Tuesday afternoon by John McEwen during the boys' run in a five-team meet. Colored leaves are beginning to fall on the course, and throughout the county as the season of autumn will officially arrive this weekend.

Education Department Announces New School Assessment Test

By Hattie Brown
Capital News Service
Education critics will no longer be able to attack the state's often-disparaged school assessment program, the MSPAP.

The Maryland State Department of Education introduced a new test Wednesday, touting its ability to report specific test results for individual students.

The test, called the Maryland School Assessment, will replace the Maryland School Performance Assessment Program, which has been used statewide for the past decade, but did not meet new federal standards.

Critics of the MSPAP have complained of its inability to provide individual student scores.

The MSA, along with a new reading campaign, will cost \$53 million over four years to implement, with about half being paid for by the federal government.

A new test was created to meet the standards of the federal No Child Left Behind Act and the recommendations of Maryland's Visionary Panel for Better Schools, a group of more than 300 Maryland teachers, parents and education advocates.

"I feel very strongly that Maryland was in the forefront of building an accountability and assessment system with MSPAP," said State Superintendent of Schools Nancy Grasmick. However, she said, "we realized that after a decade it's time to look at lessons learned, time to make some changes."

Scoring is the main difference between the MSA and the MSPAP. The MSPAP only reported schoolwide scores. With the MSA, two new sets of scores will be available: how the student compares to other state students and how they compare nationally.

Now, teachers and schools will be held more accountable for students' education. School officials can use the scores to evaluate each student's education and the teachers' instruction.

"Learning is a cumulative act. It doesn't just measure grade three," Grasmick said. "It also measures everything that came before it. It's a team effort. (With the MSA) we will be able to see certain patterns."

The MSA also is more cost-effective, Education Department officials said. Math tests will cost \$16 per student and reading \$14. The MSPAP cost \$35 per student with no federal funding. "We're talking about a bargain to validate the quality of instruction the students are receiving," Grasmick said.

The MSA's six-hour testing over four days is much shorter than the MSPAP's schedule, which tested students for nine hours over five days.

Starting in March, third-, fifth- and eighth-graders will take the reading and math portion of the MSA. Tenth-graders will take the reading portion at the same time. The tests will consist of multiple choice and essay questions.

"I think it's (the MSA) another step in the evolution of education reform that Maryland's been engaged in since the '80s,"

said Gary Heath, arts and sciences branch chief for the Division of Instruction.

First-year test results are expected to be available in August; however, results should be available by the end of June in future years.

California-based vendor CTB/McGraw-Hill is developing the math portions for third-through-eighth grades and reading for 10th grade. Texas-based vendor Harcourt Educational Measurement is working on the reading portion for third-through-eighth grades. Both vendors will handle scoring of the test.

Along with the new test, the state education department is starting a new federally funded program called Reading First, aimed at encouraging students in kindergarten-through-third grade to read.

Discussion of replacing the highly criticized MSPAP began in 2000 with the creation of Visionary Panel for Better Schools. The panel formed to discuss the state's educational needs and make recommendations for improvement.

The state was forced in 2002 to replace the MSPAP after Congress passed the No Child Left Behind Act. According to the act, students must be tested in reading and math in third, fifth and eighth grades as well as once in high school.

"It is time to make some changes," Grasmick said. "We are beginning a new decade of accountability."

Rabies Clinics Scheduled By Health Dept.

The Garrett County Health Department has slated its first series of low cost rabies clinics for the vaccination of cats, dogs, and ferrets from Monday, Sept. 23, through Saturday, Sept. 28. So far this year six positive rabies cases have been confirmed in Garrett County, double the total of last year's confirmed cases.

The clinics are set from 5 to 6 p.m. each evening, except for Saturday's clinic in Oakland, which will take place from 10 a.m. to noon. The clinics will be offered according to the following schedule: Monday at Grantsville Elementary School; Tuesday at the Swanton Community Center; Wednesday at Crellin Elementary; Thursday at Friendsville Elementary; Friday at the Kitzmiller fire hall; and Saturday at the Garrett County Health Department, located at the GC Health Center along Memorial Drive in Oakland.

The vaccination cost is \$5 per animal, and county dog licenses will be available at each clinic. Dogs should be on a leash and under the control of a responsible individual. Cats and ferrets should be brought to the clinic in a cage or a tightly secured box with air holes.

NATIONAL DOG WEEK PROCLAIMED — The Garrett County commissioners signed a proclamation on Tuesday recognizing Sept. 22 through Sept. 28 as National Dog Week in Garrett County. The proclamation asks that county residents recognize the week as well. Pictured above, left to right, in the front row are Garrett County commissioners Wendell Beltzel, Fred Holliday, and Ernie Gregg. requires dogs, cats and ferrets to be vaccinated against rabies at 4 months of age, vaccinations may be safely and effectively administered at 3 months of age. Dogs and cats need to be revaccinated at least once every three years after the initial one-year vaccination. Ferrets need to be revaccinated every year.

Failure to vaccinate pets against rabies in Maryland may be punishable by a fine of up to \$500 per animal.

Juvenile Injured In Early Sat. Evening Mishap

A 16-year-old female was transported to Garrett Memorial Hospital following an accident Saturday evening.

According to Maryland State Police, the juvenile's 1988 Oldsmobile Cutlass Ciera was traveling westbound on O'Brien Road. As the vehicle crested a hill

near the intersection of Route 495, the driver applied the brake, causing the

vehicle to slide on the wet asphalt. Its right tires left the roadway and traveled onto a gravel shoulder.

The Oldsmobile then continued sliding through the stop sign at O'Brien Road, crossed Route 495, struck a dirt embankment, and overturned.

No charges were filed. The Garrett County Sheriff's Office, Southern Garrett Rescue, Deer Park Community Volunteer Fire Department, and Bittering Volunteer Fire Department responded to the 6:17 p.m. accident. Because the driver is a juvenile, no further information is available concerning her medical status.

ADMINISTRATORS AND STUDENTS UNITE at Broad Ford Elementary School each morning to walk and eat their breakfast as part of the Walking Breakfast Program, which started just this week. According to Suzanne Wilburn, there are 300 third, fourth, and fifth grade students who may walk each day. This program is also in partnership with the health department's Just Move It program. Each student who logs his/her miles can earn incentive prizes from the health department. Wilburn said she got the idea from an article about the benefits of walking she read on the Internet. Wilburn will be assisted by Oran Yoder and other staff members. The staff are also invited to walk and eat breakfast. Pictured above are many of the students as they circle the building with Doug Galtner, principal, on the left. During inclement weather, they will walk the inside hallway loop. Below are Hannah Wiltson and Christina Hall, on the right, both third graders, are a few strides ahead of Dr. Wendell Teets, superintendent.

AG Festival To Highlight Area Mtn. Heritage

The agenda for the 35th annual Autumn Glory Festival, October 9-13, includes activities and events highlighting the heritage of the area.

For an overview of local history, visitors may wish to make a stop at the Garrett County Historical Museum, which will be open daily during the festival from 10 a.m. to 4 p.m. except during the parade. Displays include documents, artifacts, clothing, photographs, and the bric-a-brac of everyday life reflecting the growth and development of the county. Located at 107 S. Second Street, the museum does not charge for admission; however, donations are accepted.

To glimpse the Victorian era, one may choose to take a walking or driving self-guided tour of Mtn. Lake Park, beginning at the historic Ticket House at Rt. 135 and G Street. To enhance the Victorian era experience, horse-drawn wagon tours with a guide will also be available. Tours hours are: Friday, Oct. 11, 11 a.m. - 4 p.m.; Saturday, Oct. 12, 3-6 p.m.; and Sunday, Oct. 13, noon - 5 p.m. For more information, persons may call 301-334-4314.

The Kitzmiller Heritage Expo will recreate the town's old time mountain coal mining community. Visitors can see the mining museum, take part in a fishing rodeo, see fly-tying demonstrations, and sample homemade refreshments. For information, persons may call 301-453-3199.

Recognized as one of the country's finest examples of Queen Anne architecture, the newly restored 1884 Oakland Train Station will be open for free tours during the festival. Persons may visit the station on Friday and Saturday from 11 a.m. to 3 p.m. and on Sunday from 12:30 p.m. to 3 p.m. For information, persons may call 301-334-2691.

The 29th annual Antique Show & Sale presented by the Civic Club of Oakland will offer "bits of history with a personal touch." Thirty-one dealers will exhibit primitives, antique jewelry, and more. Located in the National Guard Armory, Eighth and High streets, Oakland, the Antique Show & Sale will be open Friday and Saturday from 10 a.m. to 7 p.m. and Sunday from 10 a.m. to 4 p.m. Admission is \$2. Home-cooked food will be available. For more information persons may call 301-334-4420.

Sponsored by the Garrett County Arts Council, the Heritage Craft Fest will feature 85 regional artisans displaying traditional crafts as well as contemporary works at Broad Ford Elementary and Southern Middle schools, 607 Harvey Winters Road. Admission is free. One may call 301-334-6580 for more information.

The Autumn Glory Festival is presented by the Garrett County Chamber of Commerce. For more information, persons may call 301-387-4386.

Open House Set At Flowery Vale Health Center

An open house has been slated at the Flowery Vale Health and Fitness Center in Accident to mark the one-year anniversary of the unique facility for senior citizens. Set for 1-5 p.m. Wednesday, Oct. 2, the event is sponsored by the Area Agency on Aging, a department of the Garrett County Community Action Committee.

The fitness center, which caters to adults age 55 and older, is located in a previously unused space in the senior center. Since it opened last year, 102 seniors have accessed the services at the center, with the majority becoming regular members. The center exceeded a stated goal of serving 75 persons in its first year of operation.

"The Flowery Vale Health and Fitness Center was developed for several reasons," said a spokesperson for the Area Agency on Aging. "First, to address the continuing physical needs of an older population in a comfortable, non-threatening setting; second, to address an unmet need in the community; and finally, to introduce individuals on the cusp of age 60 to our services."

The fitness center, which is staffed by director Elaine Kackley and assistant Wil-

bur Ware, offers exercise equipment, personalized fitness assessments and plans for each member, and continuing guidance and adjustments to fitness plans. It is primarily funded by Senior Center Operating funds obtained through the Maryland Department of Aging. Membership fees assist with operational expenses.

Schedule Set For Women's Health, Fitness Event

The Flowery Vale Health and Fitness Center, Accident, will host the first annual Women's Health and Fitness Day Wednesday, Sept. 25, from 9 a.m. to 5 p.m. Participants will join thousands of other women across the country in a day of dance, play, walking, and

learning their way to better fitness and health.

"We have worked hard to put together a day that offers a variety of fun and educational offerings for those who attend," said Elaine Kackley, Fitness Center director.

Registration and fitness assessments will be conducted from 9 until 10 a.m., followed by a warm-up session until 10:15. Participants will then walk to the Drane House and take a tour.

Following a light lunch from 11:30 a.m. to 12:30 p.m., Dr. Margaret Kaiser will speak about women's health issues.

"Self Defense for Women" will be presented from 1 to 1:30 p.m. Instructor John Sagal is currently a second-degree black belt in hap ki do and is affiliated with the United States Korean Arts Foundation.

A resistance training demonstration will be conducted from 1:45 to 2:15, followed by "How to Find Your Target Heart Rate." Participants will enjoy line dancing from 2:30 until 3:30. Kackley will then present "Walk-A-Way Stress" until 4 p.m.

"Women often are too busy paying attention to the needs of their spouses, and other family members, and forget about their health and fitness needs," said Kackley. "This day will give them a chance to renew their commitment to fitness and a healthy lifestyle." Participants should wear comfortable clothing and shoes.

Free samples and door prizes will also be given out during Health and Fitness Day. Displays and resources will be provided by the Garrett County Health Department, Mtn. Top Mental Health, and Garrett County Extension Service.

The Flowery Vale Health and Fitness Center is open to women 55 or older, and this event is targeting women in that age group. All exercise and programs will be age appropriate. For more information about the day's events, persons may call Kackley at 301-746-8050.

Convince Us, Sir...

President Bush was wise to go before the United Nations to make his case for an attack against Iraq and the ousting of Saddam Hussein. Republican leaders have not typically been among the greatest supporters of the UN, standing on the idea that the United States, being the most powerful nation in the world, must reserve the right to do whatever it thinks is necessary to protect itself, regardless of the opinion of most other nations.

However, Bush knows that the world is indeed shrinking and, like it or not, becoming more and more a global community. Because of technology, coupled with economics, interdependence among the nations, including the U.S., is crucial to the longtime survival of individual nations and the world as a whole.

Hussein, in spite of his probable insanity, followed Bush's talk to the UN with his own intelligent move — quickly conceding to allow weapons inspectors to come back into his country. His goal, obviously, was to impede Bush's apparent progress in getting other nations to side with the United States on the idea that military action against Iraq is necessary. To some extent he was successful, as Russia, France, and Egypt, reluctant but seemingly supportive of Bush, now want to give Hussein a chance to follow through.

Bush is also evidently making considerable headway in gaining the support of congressional leaders, on both sides of the aisle, for military action. But now he must be more convincing to the general public. We, the masses, need to hear more evidence from our president that a military strike is the only way to rid the world of Hussein. There is far too much conflicting and vague information being circulated, and so far President Bush has spoken in generalities, telling us basically what we already know — that Hussein is a cold-blooded killer who has no respect for human life, who hates the United States, and would like nothing more than to see us wiped out. The president needs to tell us just where Hussein is in the development of weapons of mass destruction; surely we have intelligence people who know these things.

Obviously there are some highly sensitive pieces of information that simply cannot be released to the general public. And certainly, if President Bush knows things about Hussein's actions that unless halted could bring imminent, major destruction to our country, then he should act and act quickly.

Some want us to sit tight until there is a smoking gun, but as Defense Secretary Rumsfeld said yesterday, a smoking gun is one that has already been fired. However, unless President Bush is able to somehow convince the majority of us that a military strike is the only way, he could quickly find himself in the middle of another Vietnam.

As a speech pathologist working with the elderly population in nursing homes, I urge all citizens to contact their congressmen/senators and request that they support any bill that prevents Medicare cuts to nursing homes. Care for the frail elderly is already compromised because of the current PPS system of reimbursement. Further cuts would be disastrous for the elderly, for nursing homes, and for healthcare providers of this vulnerable population.

Bridget Weber

Editor's note: The writer of the following letter to Rep. Jack Quinn, chairman of the House Transportation Subcommittee - Railroads, requested that it appear in this column.

Dear Representative Jack Quinn,

What would you say if I had an idea which, if put in to practice, could prevent a very high percentage of derailments and collisions?

The concept is called "Pilot." A locomotive engineer at the head end of a train would remotely control a rail mounted pilot one mile ahead of his engine. The pilot would sense a problem a mile ahead of the controlling engineer, viz.,

1. an advancing engine on the same track
2. a stalled train
3. a slow-moving train
4. a truck stalled on a crossing
5. a rock slide
6. a track deformation/out of gauge

Any problem met by the pilot unit would give the controlling engineer time to bring his train to a stop.

The Engineering Department of the American Association of Railroads

should be studying, developing, and experimenting with a "Pilot."

Would you please write me what you have done with this suggestion?

Sincerely,
J.T. Slocomb

To the Editor:

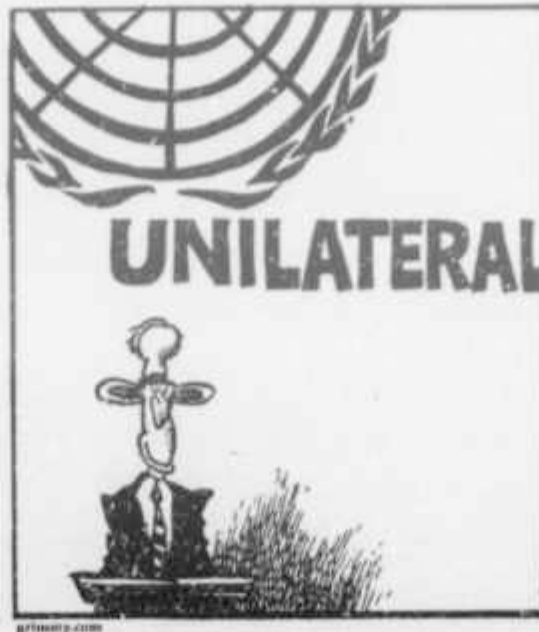

Last week's letter by Mr. Sincell from N.J. was interesting, and I feel correct in some facts, if not purpose. The "Christian religion" has caused many a terrible tragedy throughout the last 2000 years. Even today this same "religion" is instilling in far too many people a false sense of security by making them believe that they are going to heaven because they give the right amount of money, or say the right prayers, or do the good deeds, or are born into the right family, or go to the right church, or etc. etc. The "Christian religion" far too often obscures the need of a Christian relationship; a personal day by day, minute by minute, intimate relationship with our Creator, made possible only by the sacrificial death on the cross by our Savior Jesus Christ, and enabled by the indwelling of the Holy Spirit in each one of us. So with this in mind, any religion, including the "Christian religion," could be seen as evil if it hinders or totally negates the Christian relationship desired by God and explained in the New Testament of the Holy Bible.

In closing, Mr. Editor, I thank you for this opportunity and the space you give to this forum every week. Keep up the good work. In His Love, Billy Hughes

P.S. If you, Matt, or any reader care to discuss these ideas, please contact me and maybe we can get together over a cup of coffee! Thanks again!

To the Editor:

Garrettsville citizens beware! I have recently read that the Garrett County commissioners plan to commercialize the Keyers Ridge area. The commissioners and the mayor of Garrettsville have kept this a secret for two years. The town of Garrettsville drilled a well at Puzzley Run on Arthur Green's property to supply the town with needed water. Now they plan to create a sewage facility in the Keyers Ridge area. The runoff from the sewage

plant will flow back into Puzzley Run.

How do you feel about drinking from your toilet? Would you want to drink from your neighbor's toilet? I think not. I am on Grantsville town water and am concerned about the quality of our future water supply. It is probable that even after treatment this water will still contain contaminants that pose serious health risks that we may not become aware of for many years. The water that currently runs off the Keyers Ridge area into Lake Louise has for many years killed the fish in this lake. Is this the reason Commissioner Holliday moved out of Grantsville?

Please contact our commissioners about this health risk. Encourage them not to commercialize and build a sewage plant at Keyers Ridge.

Respectfully,
Susie Holliday

Dear registered voters (via the Editor):

What apathy! What apathy! Shame on you. Registered Democrats, shame on you; only 33% of you chose your representatives for the General Election. Registered Republicans, shame on you; only 46% of you chose your representatives for the General Election.

I am proud of the 33% of Democrats and 46% of the Republicans who took five minutes out of their day to vote. (Yes, that is correct, five minutes.)

A person would think that after 9/11/01, American flags flying, and signs of patriotism everywhere, that voters would be proud to go vote as one of their rights as American citizens.

Tell me, non-voters, what's your excuse? (1) Nobody to vote for? I don't think so. There was competition in both parties. Democrats, there were six different offices that had competition. Republicans, there were nine different offices that had competition. (2) Didn't have time? I don't think so. The polls were open for 13 hours. (3) Didn't know it was election day? I don't think so. Advertised in newspapers, radio stations, and by political signs everywhere.

If one person votes or if we have a 100% turnout, the cost to taxpayers is the same. There are approximately 60% of our registered voters who did not take advantage of their right as American citizens to vote. Shame on you.

Please come out and vote for your candidate of choice on November 5.

God Bless America,
Fred Sanders

To the Editor:

In response to the new industrial park at Keyers Ridge, I am wondering what negative impact it will have on the wildlife and tourism of Garrett County. The proposed sewage plant and lagoons will run directly into the water system that will supply the town of Grantsville. If water wells are drilled in Puzzley Run, as proposed, what effects will that have on the water supply of Puzzley Run? The water of Puzzley Run flows into Whites Creek, then into the Youghiogheny River, and on to the Ohio River. This not only has a negative impact on the residents of Keyers Ridge, but also the surrounding area and the state of Pennsylvania. Does the state of Pennsylvania know there could be contaminated water flowing into their streams and rivers from the proposed Keyers Ridge industrial park?

Also, the citizens of

Grantsville should be worried because the wells in Puzzley Run will supply their water — water that is a close neighbor to a sewage plant. The new industrial park at Keyers Ridge will destroy wildlife, such as deer and birds, as well as fish.

Tourists come to Garrett County and support local businesses. These tourists come from busy cities to see wildlife and trees, not industrial and sewage plants, waste pools, and commercial businesses — sewage and waste pools that are directly uphill from the water source of the town of Grantsville.

I am strongly opposed to commercializing the rural area of Keyers Ridge.

Sincerely,
Laryssa Sheehan

To the editor:

The message was sent and I hope our commissioners are paying attention. Stop the secrecy and arrogance. Now that we woke up Commissioner Beitzel, who strongly, and secretly, supported the \$18 million adventure sports project, perhaps the other commissioners will sit up and listen.

Garrett County residents are not little children who need to have important information about our tax dollars decided in back rooms because "we are not smart enough" to support what is best for Garrett County. Do our commissioners feel they have divine wisdom, or is it possible they just have bad advisors?

In either case, "wake up." Also what troubles me, despite all the anger many people expressed over the secrecy concerning the adventure sports project, there is still no public disclosure of who is serving on the board of directors and when and where their meetings are held. This project is being hailed as a benefit to teens, and I would like to know who the teen representative is on this board. Is there a representative from Oakland, from the Board of Education or from Friendsville, the county's white-water capital?

There is also mention of discounts to local residents. Discounts on what? Do you need to have your own kayak or canoe to use the whitewater, and will there be regularly scheduled public hours of operation?

This may or may not be a worthwhile project. However, we won't know unless it is fully brought to the tax paying public to review. Why is all this secrecy still continuing? Is there more that is being spent and done than has already been partially disclosed?

Maybe Commissioners Gregg and Holliday need to feel a little more heat during the general election.

To the Editor:

I would like to comment on a couple of things.

First, to revisit old business, I would like to thank you for last week's editorial concerning the fact that a bear hunt in New York state did not prevent a bear attack. It is unfortunate that those things occur, but education and common sense would solve our bear "problems," not an open season on bears.

Now on to new issues. I have read a couple of letters in *The Republican* and the Cumberland paper concerning opposition to a new industrial park at Keyers Ridge. I am really stunned that there are people who would oppose a new industrial park coming to Garrett County. Those people need to realize that this county needs jobs, not tourists! If there are problems with Keyers Ridge regarding water and other

sota farmland. Based on the average U.S. electricity mix, this new wind power is every year saving 170 acres of land from mining, and displacing 10,128 tons of SO₂ (sulfur dioxide), over 2 million tons of CO₂ (carbon dioxide), 6,500 tons of NO_x (nitrogen oxide), and many other pollutants, thereby helping provide cleaner air and a healthier habitat for wildlife.

There are many good sources on the Internet and in the library for information on coal, wind, and nuclear power plants; I recommend www.awea.org and www.nwf.org. Or if you want to read about nuclear waste, just pick up the July 2002 issue of *National Geographic*.

The need for electricity is a fact of life, and as demand grows, higher, cleaner and more efficient ways of producing it must be explored. Wind power may not be the answer, but it is a step to providing a suitable economy and a healthy environment for our children and grandchildren.

Everyone wants electricity for their air conditioners and televisions to work, but no one wants the means to produce it on their own back yard. I feel very fortunate that windmills are being considered here rather than a nuclear power plant. I see it as a "wind-wind" situation.

To the Editor:

Thank you for September 12th's "Out on a Tangent" column. It was such an engaging piece that I'd like to respond to a few of Ms. McEwen's points. It is unlikely that the attacks of 9/11/01 were "attributable" to "an unbalanced state of affairs" regarding wealth and resources. Most of the hijackers were from middle class families in Saudi Arabia, a country with a high standard of living. The Saudis also enjoy a strong Islamic tradition of charity; therefore, it isn't likely that their poor suffer a more intense destitution than those in Maryland or any other part of the U.S.

These terrorists seemed more angry about cultural corruption than concerned with wealth distribution, but certainly the hatred of America can only be easier to preach to people who are suffering and in need, often due to American policies.

Here is some food for thought, a smorgasbord of statistics from *Wealth and Democracy: A Political History of the American Rich* by Kevin Phillips, that I think supports Ms. McEwen's argument about disparity. In 1790, the ratio of Elias Derby's (the richest man in the world) wealth to the median household was 4,000 to 1; in 1868, Vanderbilt's ratio was 80,000 to 1; in 1999, the ratio of Bill Gates's wealth to the median was 1,416,000 to 1. In per capita income, the ratio of the world's richest regions to its poorest has risen nearly steadily from 3 to 1 in 1820 to 19 to 1 in 1998.

Closer to home, in the 1960s, corporate CEOs made 25 times what workers did; in the 1970s they made 30 times as much; in 1988 it became 93 times as much; in 1999 they earned 419 times what workers did.

During roughly that same period, corporations went from providing 27% of the total federal tax receipts to paying only 10% of the burden; the effective federal tax rate for the top one percent of households decreased by 29 percentage points, while it increased for the median family by 9 percentage points. It is said that 40% of Americans think they are or will one day be included in that top 1 percent of households; in reality, a few folks like the Sam Waltons and the Bill Gateses put that bar very high indeed. The income ratio in America of the top fifth of households to the bottom fifth is 11 to 1, significantly more extreme than any other wealthy nation.

Given this latter set of statistics, I suggest that we, as a nation, cannot really expect to "solve this disparity" between our world of wealth and resource and the "third world" of poverty and abject want without addressing the growing imbalance that exists within our own borders. We need to acknowledge that the "vast network of help available" to the poverty-stricken in

America has wide and treacherous cracks. By looking to counteract a Continued on Page A-5

Oakland Man Sentenced For Jail Escape

An Oakland man was sentenced by Judge Jim Sherbin in Garrett County Circuit Court last week for escaping from the Garrett County Jail. Timothy Wayne Walden, 26, received two years at the Department of Corrections. The sentence is consecutive to a five-year sentence that he is currently serving for forgery and theft.

Walden was charged last August by the Garrett County state's attorney after the Sheriff's Office reported that Walden had fled from a work detail. He was captured approximately four hours later in Preston County, W. Va., by Garrett County Sheriff's Office deputies and was taken into custody by the Preston County Sheriff's Office.

Walden fought extradition back to Maryland, but was unsuccessful and was returned to the state last November, according to the state's attorney.

Suspicious Vehicle Complaint Leads To One Arrest

An Oakland man was arrested after Garrett County sheriff's deputies responded to a residence in the 900 block of Shady Dell Road in reference to a suspicious vehicle complaint early Sunday morning.

Upon arrival, deputies learned that the driver of the vehicle, Brad C. Lewis, 33, had exited the vehicle and appeared to be intoxicated, police said. Lewis was located a short time later in another vehicle at the residence without the owner's consent. Lewis admitted to driving to the residence, police said.

Lewis was arrested and charged with driving under the influence of alcohol (DUI), DUI per se, driving while impaired by alcohol (DWI), and tampering with a motor vehicle without the owner's consent.

He was released pending trial, police said.

In a separate incident, a Kitzmiller man was arrested and faces numerous charges after deputies stopped him for speeding on Gorman Road south of White Church Road early Saturday morning.

Jason D. Petrey, 31, was charged with DUI, DWI, exceeding the maximum speed limit, operating an unregistered vehicle, displaying registration plates issued to another vehicle, driving an uninsured vehicle, and driving with a revoked out-of-state license.

In other police news, Robin E. Moats, Oakland, was charged with driving an uninsured and unregistered vehicle after she was stopped on Highway Drive for a passenger not wearing a seat belt, police said.

Police said during the traffic stop they realized the West Virginia tag on the

Pontiac passenger car belonged to a Chevrolet. Moats was later released.

Oakland Man Gets Three Years For VOP

An Oakland man was sentenced by Judge Fred A. Thayer (ret.) in Circuit Court last week to three years at the Department of Corrections for violation of probation. One year of Todd William Riley's sentence was suspended, and he will be on two additional years of probation upon his release.

Riley, 27, was originally convicted of distribution of marijuana in 1999 and was placed on four years of supervised probation after serving one year of a four-year sentence. According to the state's attorney, Riley violated his probation by failing to complete substance abuse treatment and committing additional crimes while on probation, including resisting arrest and violating a domestic protective order. Riley's two years at the DOC will be served consecutively to the one-year sentences for those offenses.

rigs outfitted to carry two blades apiece. Each individual blade is 114 feet in length, and Wells said each tractor-trailer rig carrying the blades will have a total overall length of approximately 130 feet.

"People are naturally quite curious when they see these huge rigs on the road," said Wells. "We want people to be fully aware of what is coming into their area." The blade deliveries have been mistaken by some citizens in other parts of the country as deliveries of large missiles, she said.

From their point of origin at a North Dakota manufacturing plant, the blade deliveries will enter Garrett County along eastbound I-68. The huge trucks will take Garrett Highway south from Keyser's Ridge, traverse downtown Oakland along southbound Third Street and eastbound Oak Street, then continue south on Garrett Highway to Tucker County.

PLEASANT VIEW CHURCH TO HOST REVIVAL — Life Action, the traveling evangelical ministry team shown above, will help lead an 11-day revival crusade at Oakland's Pleasant View Baptist Church, set for Sunday through Wednesday, Sept. 22—Oct. 2. The Buchanan, Mich.-based Life Action team will present a series of services and seminars on the Sundays of Sept. 22 and 29 with meetings at 9 a.m., 10:15 a.m., and 6 p.m.; a special all-day marriage renewal seminar will begin at 9 a.m. Saturday, Sept. 28, and the rest of the slate is composed of nightly meetings each weekday evening at 6:30 p.m. A number of special activities, groups, and teaching, preaching, and singing events will take place during the revival series. house-sized structure which sits atop a tower and contains the generator that converts the spinning blades into electricity. Manufactured in Denmark, considered by most experts to be the world leader in wind-generated electric power technology, the nacelles will be shipped into the country through the Port of Baltimore, and will be trucked into the county via eastbound I-68. After taking Garrett Highway south through most of the county, the nacelle trucks will turn east on Rt. 50 at Red House and follow that route to the Potomac River crossing at Gorman.

"The timing of our deliveries has been planned to avoid periods of the day when school buses are on the roads or when children are standing along the roadsides waiting for their buses," said Wells. She added that the 228-foot towers will be delivered to the Tucker site, in sections using a route that traverses central West Virginia from west to east, avoiding Garrett County entirely.

Operator Meets

Glenn's grandfather bought land in the county in the 1940s. The couple will be residing at the airport. Glenn said they will be in a "survival mode" during this winter, but they plan to "move ahead" in the spring.

General Services, director Gary Mullich, said Glenn is an experienced pilot who has flown a wide variety of aircraft. He is currently working on his flight instructor certification.

"I'm excited about the airport's potential," said Shields. "With assistance and the customer base presently there, we'll make a good run of it."

He briefly outlined some of his goals for the airport. "There will not be interruption to services that are [currently being] provided at the airport," he said, such as scenic tours, flight instruction, and charter flights.

Shields also stressed the need for more hangar spaces to draw more aircraft to the field, which in turn would generate more income for the airport.

Gregg said the county's master plan for the airport includes adding more hangars. There are currently 12 to 15 people on a waiting list for spaces. But because of planned runway and taxiway expansion, the addition of hangars will have to be postponed until site preparations have been made, Gregg said.

Expansion of the runway is included in the county's \$8 million five-year capital improvement plan for the airport. Expanding the runway 2,000 more feet to allow jets to land at the airport will cost about \$385,000. According to Mullich, federal funds will pay for 90 percent of the expansion.

Work on the airport project could begin next year and be completed as early as 2006.

Pleasant View Church Slates Revival Series

Pleasant View Baptist Church, located in Pleasant Valley just south of Oakland, will host a series of revival services spanning 11 days, from Sunday through Wednesday, Sept. 22—Oct. 2, that will feature the evangelical sharing of Life Action, a Michigan-based ministry team.

Sunday's opening revival meetings are set for 9 and 10:15 a.m., and 6 p.m., and the series will continue each weekday evening with 6:30 p.m. meetings. An all-day marriage renewal seminar is slated for Saturday, Sept. 28, beginning at 9 a.m. (that day's only event), with childcare provided. The following day's schedule of Sunday, Sept. 29, will be identical to the first Sunday slate, then nightly 6:30 p.m. meetings will finish out the

series Monday through Wednesday, Sept. 30—Oct. 2.

During its series of services and seminars, the Life Action team will present instructional preaching, family seminars, music, and children's programs. The event will also feature nightly musical presentations by the Life Action Singers. Each crusade includes family teaching; young adult seminars; an informal discussion time for teenagers; "Master Control," a youth seminar; the "Dynamite Club," for boys and girls in grades 2-6; and the "Happiness Club," a group especially for 4- and 5-year-olds, and first graders.

"The focus of this crusade will be on the greatest need in America today — practical steps on how to daily live by the biblical values and principles upon which this country was founded," said Pleasant View Baptist pastor Wally Weeks. The public is en-

couraged to attend. For more information or a complete schedule, persons may call the church office at 301-334-8515. Pleasant View Baptist Church is located along Garrett Highway three miles south of Oakland.

LOCAL DEMOCRATIC CANDIDATES

The public is invited to meet and talk with local Democratic candidates on Sunday, Sept. 22, at the Friendsville Community Park from 2 to 4 p.m. Democratic candidates for sheriff and county commissioners will be present to answer questions. Refreshments will be provided. Should it rain that day, the "meet and greet" will be held in the Friendsville Community Center. This event is being sponsored by the Garrett County Democratic Club.

WOODMEN SALUTES AMERICA'S HEROES

An "In Honor and Remembrance" ceremony was held at the Friendsville Community Park on Wednesday, Sept. 11.

More than 600 Woodmen of the World lodges across the nation held dedication ceremonies that day to present flagpoles, United States flags, and commemorative plaques to their communities.

WOW LODGE 45 PRESENTS

Lodge 45 presented a flagpole and flag to the "Friendsville Town Park. Cub Scouts Ian Aiken, Daniel Sisler, Andrew Sisler, and Andy Umbel raised the flag.

Mayor Spencer R. Schlosnagle was the master of ceremonies. Many churches in the area were represented, as well as veterans groups, State Police, deputy sheriffs, state's attorney, county commissioners, town council, and members of the fire department and rescue squad.

The Northern High School Chorus, along with the Accident Community Chorus, sang several patriotic songs, under the direction of Bill Robinson and Lillian Reckner.

As a partner of Points of Light, Michele Heidenberger, age 52, Chevy Chase, and CeCelia Richard, age 41, of Washington, D.C., were remembered. They lost their lives in the events of Sept. 11, 2001.

Approximately 250 citizens attended this ceremony. Refreshments were served.

UNITED IN MARRIAGE

The wedding ceremony of Jenny Thomas, daughter of Lowell and Christy Thomas, and Jeremy Fike, son of Clyde and Awilda Fike, was held Sunday, Sept. 1, at Coopers Rock State Park. The ceremony, which overlooked Coopers Rock, was conducted by Pastor Jerry Ayers, cousin of the bride.

The bride was escorted to the site by her father, Lowell Thomas. Bridesmaids were Heather Umbel, Jessica DeWitt, and Mimi Harvey. The flower girl was Sonya Thomas, sister of the bride, who pulled the ring-bearer Malkum, son of the bride, in a red wagon. Sydney Thomas, daughter of the bride, followed the bride to the site and was in charge of the bride's train.

Best man was Jeff Lowdermilk, and groomsmen were Ken Thomas and Mike Sines. Megan Flinn distributed the bird seed, and Donna DeWitt provided the music. Alison Sines sang "I Cross My Heart" to the newly married couple.

A reception followed at the pavilion.

LITTLE LEAGUE FIELD

The Little League Field in the Friendsville Town

JWCC HELPS PAWS — The Junior Woman's Civic Club recently presented the PAWS (Partners for Animal Welfare and Safety) organization with a check for \$100 to help support its spay/neuter education program. In celebration of the U.S. Postal Service's release of new 37-cent neuter and spay postage stamps Friday, Sept. 20, PAWS is joining animal welfare groups across the nation in launching community education programs to heighten awareness of the benefits of having pets spayed or neutered. A stamp unveiling ceremony is planned for Friday at 11 a.m. in front of the Oakland post office. The public is invited to attend. Taco Bell has teamed up with PAWS to sponsor a number of radio announcements, newspaper ads, and a poster contest for school children, all of which promote the importance of spaying and neutering. PAWS appreciates any donation that will help curb the numbers of unwanted animals born and ultimately euthanized each year. Pictured at left is Sandy Zakaluzny of the JWCC as she presents the check to PAWS member Holly Huxford (and her papillon Chevalier).

John Arnold were Sunday morning visitors of Mr. and Mrs. Scott Schmidt and Danyel.

The group will also discuss plans for its annual auction in October. The public is invited to attend and join the NGRW.

Quick Thinking Of 10-Year-Old Saves Younger Brother's Life, Foot

by Beth L. Bowers

As he prepares to turn 4, Will Fredlock V will be as rambunctious as any other child his age because of the quick and calm thinking of his older brother, Brady Donaldson, 10, in the moments following an accident involving a riding lawn mower.

Will's right foot was severely injured a few weeks ago, and Brady quickly grabbed a towel, applied pressure to the foot, and elevated it until they reached the hospital.

"Will wasn't even crying," Brady said. "I guess I was kind of scared. I sat on the floor of the truck and held his foot until we got to the hospital."

W.H. Fredlock IV, Will's dad, drove them to the hospital, where they were met by the boys' mother, Amy Buser, who was at work when she received the call about the accident.

"When I got there the boys were as calm as cucumbers," Amy said. "I asked the doctors if Will had been given sedation because he was so calm. They explained that sometimes children deal with a trauma in that way. It is sort of like shock."

Within no time Will was taken into surgery with Dr. Dona Alvarez for a three-hour initial operation. His major artery was nicked, every bone in his foot was fractured, and all his tendons were cut, Amy said.

Alvarez inserted four pins into his foot to hold together the main bones. Will is currently in a cast to his hip. This cast will be replaced with a half cast, and the four pins will be removed in a surgery set for the beginning of October.

Amy added that basically the force of the blade knocked the foot bones "off kilter." "It's too early to tell if he will have any deformity or problems with his growth plate. We just take it day by day. Dona (Alva-

rez) told us not to worry about anything past today. She said he is making good progress and is already starting to heal. We are very lucky that he still has his foot. Another inch and it would have been gone."

"We are so thankful Brady was here that day. We are very proud of him. We like to think that his actions were instinctual. I like to think everyone has instincts and in times of need they come out. But we are very fortunate Brady was here that day. He has always been protective of Will, and I think they appreciate each other more now."

Brady said he didn't know how he knew what to do, he just did it. He said he has gotten a lot of support from his friends at school.

According to Will, he got hit by a lawn mower, but he is getting better. He has had many visitors in the past weeks, but none were as exciting as the recent visit by two of the Ali Ghan Shriner clowns, Sparky and Bubbles. They spent more than one hour entertaining Will and some of his friends and family with juggling and making balloon animals and balloon swords, Will's favorite.

Several times during the visit, Will climbed out of the chair and scooted across the floor and down the hallway to retrieve something from his room.

"If he wants something, he will get there," Amy said. "It is very hard not to help him with everything, but we try and let him do things on his own. It's scary to realize how fast accidents can happen. It makes you realize that you can never be too safe."

Close family friend Jodi Nichols reiterated how determined Will is to get around on his own. "He's a problem solver. You can look at him and see him figuring things out," she said.

SENDING IN THE CLOWNS — Sparky and Bubbles, two Ali Ghan Shriner clowns, stopped by to visit Will Fredlock V and sign his cast recently. Camden Nichols, a close friend of Will's, keeps his eye on Will as Sparky signs the cast. Below, Will is shown with the older brother, Brady Donaldson, whose quick and calm efforts following an accident involving a lawn mower in essence saved Will's foot. The clowns spent more than an hour at their home in Swanton, entertaining the boys and some family and friends with juggling and amazing balloon creations. Will still has many surgeries yet to endure and a long road of recovery, but that all seems not so bad considering the alternative. See story for more details. Photos by Beth Bowers.

"He is a very determined little boy."

Brady, through his actions then and now, is also very determined to make sure his brother is okay, and has been helping him adjust. Now that Will is allowed to put pressure on his leg, he is walking quite well.

All the family members and friends agreed that they are very grateful for two things: that Will has his foot and that Brady was there to help.

The American Red Cross was also pleased with the response of Brady. Dr. Ken Mankamyer, chiropractor in Oakland and close family friend, nominated Brady for the Certificate of Recognition for Extraordinary Personal Action.

According to Bill Crawford, executive director of the American Red Cross, Western Potomac Chapter, this certificate was designed to honor people who utilize Red Cross training techniques without having official Red Cross training classes.

"We are very proud of what Brady did and think he deserves some recognition," Crawford said. He explained that because of Will's size, he could have bled to death in one minute. "What Brady did actually saved Will's life," he added.

Along with the certificate, Crawford and Michael Dew, regional offices coordinator for Garrett and

AWARDED FOR HIS EFFORTS — Brady Donaldson, 10, was recently awarded the American Red Cross Certificate of Recognition for Extraordinary Personal Action for his life-saving techniques in the moments following an accident involving a lawn mower and his younger brother, Will Fredlock V. Brady kept Will's foot wrapped with pressure and elevated until they reached the hospital. According to Bill Crawford, executive director of the Western Potomac Chapter of the American Red Cross, this award was designed especially for people without official Red Cross training who use Red Cross training methods and skills that are taught in the classes. Brady was nominated for this award by a close family friend, Dr. Ken Mankamyer, Oakland. Brady was presented this award by Crawford and Michael Dew, regional offices coordinator for Garrett and Mineral counties. Pictured above, from the left are Amy Buser, Brady's mom; Crawford; Terri Perando, Brady's fifth grade teacher at Broad Ford Elementary; Brady; Doug Gaither, principal; and Dew. See story for more details.

Mineral counties, presented Brady with an American Red Cross hat, two Beanie Babies (one for Brady and one for Will), a patch, a magnet, stickers that say "I help save lives," and pencils for his classmates.

Also on hand for the presentation was Terri Perando, Brady's fifth grade teacher at Broad Ford Elementary, and Doug Gaither, principal.

"We don't have to look very far to find a hero," said

Gaither. Crawford and Dew mentioned that they were interested in enrolling Brady in a Red Cross class, or possibly enrolling his entire fifth grade class in one in the near future.

Garrett's Kilgus Shares Hi-Tech Info In Estonia

Mike Kilgus, dean of administration at Garrett College, recently returned from a trip to Estonia to promote information technology business relations between that Baltic country and the United States. An economic development effort, the trip was sponsored and funded by the Maryland Army National Guard (MANG). The dean, who joined the group at the request of MANG Col. Milton Davis, has had previous experience in international business.

During the week, Kilgus met with representatives from 10 Estonian information technology businesses in the capital city of Tallinn to evaluate the nation's technology infrastructure and the skill levels of its citizens. He will share a summary of his findings with Maryland-based information technology businesses, which can then communicate with Estonia counterparts in the pursuit of mutual interests. The Estonian companies also received information about the upcoming Technology Conference in Baltimore, set for the fall.

Kilgus and the group also met with directors of new technology business incubators, similar to GC's Garrett Information Enterprise Center, which are located in the city of Tartu. Although the goal of the trip was to promote economic development and to help Estonian companies, Kilgus said he was very impressed with that country's advanced technology. "They actually have a paperless government," he said.

Aside from the business aspect of the trip, Kilgus said, "It was an awesome cultural experience — like stepping into medieval times. Estonia is a beautiful country with a very interesting history."

Accompanying Kilgus on the trip were Peter O'Neill, director of international trade for the Maryland Department of Business and

The trip is part of the cultural exchange effort initiated several years ago between Garrett College and Estonian institutions of higher learning by GC president Dr. Steve Herman. Since the effort got under way, 12 Estonian students have enrolled at Garrett.

Info Available To Help College-Bound Students

The Maryland Higher Education Commission (MHEC) has produced three new publications aimed at high school students. The publications are described by MHEC as having a "youthful look," which is meant to pique students' interest in the advantages of attending college and how to get financial aid.

"These publications reflect feedback from intensive interviews with students and guidance counselors on what kind of information students want and how they want it presented," said Karen R. Johnson, secretary of higher education.

The first publication, "A

Quick Guide to Cash for College & How to Get It," answers such questions as "Am I eligible for money for college?"; "How do I apply?"; and "Am I guaranteed financial aid?" On the inside of the publication is an overview of Maryland's financial aid programs, who may apply, award amounts, and application deadlines. A pocket version of this quick guide is also available.

"Cash for College: Come & Get Your Share" tells

students why attending college is beneficial, explains what they should do to get ready for college, and notes whom to contact for additional information.

The third publication, "6 Steps to Choosing the Right School," takes students through the process of applying to college and includes a monthly calendar of what the college-bound student should do each month leading up to college admission.

Copies of the brochures

and flier will be available free of charge at high school guidance offices or by calling the Office of Student Financial Assistance at MHEC at 410-260-4565 or 1-800-974-1024.

MHEC is a 12-member coordinating board responsible for establishing statewide policies for Maryland public and independent colleges and universities, plus private career schools.

Dr. Heather Savage, Mr. Chad Crowe Wed At Historic Church

Dr. Heather Savage and Mr. Chad Crowe were united in marriage June 8, 2002. They are the children of Drs. William G. and Ruth D. Savage, Turkeyneck, and Wayne Crowe, Forest, Ohio, and Doris Morton, Cordova, S.C.

The wedding was held at Our Father's House, Swanton, where the bride was christened as a child. The Rev. John Grant officiated.

The double-ring ceremony in the historic Episcopal log church.

The bride wore her mother's wedding gown and carried a bouquet of white daisies.

Shelly Slyker, sister of the groom, was the matron of honor. Flower girls were Lara Dailey, niece of the bride, and Emma Slyker, niece of the groom.

The best man was John Hartman, friend of the groom.

Following the ceremony, the wedding party and the bride's family traveled from the church to the reception in five antique M.G. roadsters that had been restored by the bride's father. The couple were serenaded with

Evans-Brenneman Couple To Marry

Jennifer Evans and Mike Brenneman have announced their engagement and upcoming marriage.

The bride-elect is the daughter of Cynthia Sanders, Oakland, and George Evans, Swanton. She is the granddaughter of Mr. and Mrs. W. Perry Shaffer, and Gladys Evans and the late Donald Evans. She is a graduate student at West Virginia University, Morgantown, and will receive her master's degree in social work in May.

The prospective bridegroom is the son of Mr. and Mrs. Larry Brenneman, Accident. He is the grandson of John Brenneman and the late Leah Brenneman, and Betty Sfero and the late Joseph Sfero. He is a graduate of Northern High School and is employed by Brenneman Well Drilling, McHenry.

A December wedding is being planned.

Aurora Couple To Observe Their 65th Anniversary

Lorain and Mary Jane Hanline, Aurora, W.Va., will observe their 65th wedding anniversary Sunday, Sept. 29. They were married in Oakland Sept. 29, 1937, by Rev. Winifred Patterson.

Mary Jane is the daughter of the late Clayton and Lydia Harsh. Lorain is the son of the late Martin (Bud) and Anna Hanline.

The couple's son Norman resides in Oakland with his wife Janice. The Hanlines' four grandchildren and their spouses are Ray and Diana Hanline, Aimee and Jeff Friend, Carl Hanline, and Pat and

bagpipes as they entered the reception by Grant and the Hon. Fred Thayer.

Both the rehearsal dinner and the reception were held at the Deep Creek Yacht Club.

After a honeymoon in Tahiti, the couple moved to Sparks, near Towson University, where the bride is a faculty member.

KIMBERLY ANDREWS

Piano Festival To Present Artists From Frostburg, Argentina, Taiwan

The International Piano Festival continues in the Great Hall at Penn Alps the weekend of Sept. 21 and 22, with Saturday and Sunday concerts to benefit the Alta E. Schrock Memorial Fund, dedicated to improving the quality of music in the tri-state region.

Pianist and organist Kimberly Andrews, the staff accompanist for Frostburg State University's Department of Music and Dance, will perform works by Clara Schumann, Chopin, Beethoven, and Prokofiev on Saturday at 7:30 p.m. An FSU graduate, she has a bachelor's degree in music performance with a departmental honor in music. While in graduate school at the University of Missouri Columbia, she was first runner-up in the Missouri Music Teachers Association competition and a semi-finalist in the Young Keyboard Artists Association piano competition.

A published composer, she has debuted works for the American Society of University Composers and the National Music Teachers Association. She has performed at the Garrett Lakes Arts Festival and served as accompanist for the FSU Summer Dance Retreat as well as other events in the tri-state area. She has also worked with Yo Yo Ma, Emmanuel Ax, and the Beaux Arts Trio.

On Sunday, Rose Hsin-I Chen and Alejandro Cremaschi will perform "Old and New Legends" at 2 p.m.

Chen will perform works by Prokofiev, Hsu, and Liszt. A native of Taiwan, she earned her bachelor of music degree from Soochow University in Taiwan and her master's degree from the Peabody Conservatory. Now a student with

Boris Slutsky, she is pursuing a graduate performance diploma at Peabody while holding a teaching assistantship in keyboard studies at the Peabody Conservatory. Her previous teachers include Sung-Jen Hsu and Yi Hsu.

Born in Argentina, Cremaschi, an assistant professor of piano at the School of Music of Ohio University, has been intensely involved in the performing and recording of Latin American music for the past 10 years. Working with the Argentinean foundation, Fundacion Ostinato, he organized two international concert tours and performed recitals and lecture/recitals of music by Argentinean composers in the United States, Canada, and Europe.

His other interests include cooperative learning as applied to group piano and computer technology in the piano classroom. He received both his doctorate and master's degree in piano performance from the University of Minnesota and his bachelor's degree from the University of Maryland in Baltimore.

Admission is by donation only, with neither tickets nor reserved seats. Music students are especially encouraged to attend. Refreshments provided by Penn Alps Restaurant will be served after each concert at a reception for the performers.

Presented by the American Liszt Society Baltimore/Washington Chapter and Music at Penn Alps, the festival will continue every weekend this September through the 29th, with performances on Saturdays at 7:30 p.m. and Sundays at 2 p.m. Performers are donating their fees. Kleeb Music of Morgantown and Dr. Joan DeVee Dixon of Frostburg State University's Department of Music have arranged for the loan of the Yamaha performance grand piano used during the festival.

Two fund-raising efforts, a piano auction and special piano key fund-raiser, accompany the festival throughout the month. Monies raised will allow the purchase of a new piano for the Great Hall at Penn Alps, along with other projects to enhance MPA operations. For information, persons may call Fred Bol-

Springs Historical Society Slates Pa. Humanities Event

A program titled "Pennsylvania's Inspirational Landscape" will be presented on Monday, Sept. 23, at 7:30 p.m. at the Folk Meeting House in Springs, Pa. The program is sponsored by the Springs Historical Society.

Dr. David Clippinger, commonwealth speaker for the Pennsylvania Humanities Council and assistant professor of English at Penn State University Beaver, will present the program. Clippinger will uncover the "inspirational" character of Pennsylvania culture by exploring the work of some of the state's most famous poets and novelists, along with songs, paintings, and photographs.

"Many artists, musicians, and writers have found inspiration for their work in the history, culture, and landscape of Pennsylvania," said Harriet Berg, Springs

Historical Society. "Painters have been captivated by its mountains and rivers and the faces and postures of its people. Composers and musicians have been inspired by the landscape and by the plight of the industrial workers of the coal and steel regions. Writers have shaped passionate poems and novels out of its rich cultural heritage."

Clippinger has received many honors, including the William Bronk Scholar Award, Penn State University Faculty Research Award, and the 1999 Penn State Excellence in Teaching and Outstanding Faculty awards. He was also nominated for the 1996 Pushcart Prize for literature.

The Folk Meeting House is located along Springs Road. This presentation is a program of the Pennsylvania Humanities Council, supported in part by a grant from the Commonwealth of Pennsylvania Council on the Arts. Admission is free and open to the public. For further information, persons may call 814-445-6945 or 814-662-4366.

A FOUR-GOAL NIGHT was experienced by Southern High School's Sabrina Scheffel Saturday evening, as she put a hat trick plus one goal on the board for the Rams against cross-county rival Northern in a 6-1 win. It was the fourth victory in as many starts for the undefeated, top-ranked Rams. One of those goals is captured in the above

photo by John McEwen, as the ball slips by Northern keeper Sarah Masters. Below, Southern's Corey Lewis, left front, and Northern's Britta Lala vie for possession of the ball. In the left background is Brittany Milbourne of Northern. The young Husky team is 0-5 so far this season. See story for details.

Southern Girls Whip Sentinels, Huskies; Ranked Best In Area

The team to beat in area girls' soccer is once again the Southern High School varsity, as the Rams seized first place in the current area standings with two more Western Maryland Interscholastic League, lopsided victories this past week. Coach Ron Petrella and his team shut out host Fort Hill last Thursday, 6-0, and recorded a 6-1 win over visiting Northern on Saturday to up their perfect record to 4-0.

The goal scored by the Huskies was the first of the season against Ram keeper Alasha Rush.

Brittany Naylor and Casey Taylor each scored a pair of goals for the Rams at Greenway Avenue Stadium, and Taylor also had an assist on another score. All six of the Rams' goals were recorded in the first half of action.

Sabrina Scheffel wasted no time putting the Rams on the board, as she hit an unassisted goal less than three minutes into the match (37:17).

Naylor followed with her first of two scores just one minute later (38:18), unassisted, and Taylor scored her first goal at the 26:47 mark to give the Rams a 3-0 advantage.

Robbin Gregg put Southern up 4-0 with a goal off a feed by Taylor with 22:30 left in the half. Naylor and Taylor then followed with unassisted goals at the 19:29 and 12:19 marks to give the Rams a commanding 6-0 halftime lead.

The Rams finished with a 21-7 advantage in shots

Ram Booters Improving, But Still Looking For First Win

Getting closer to victory, but still looking for the first one of the season, is the Southern High School boys' varsity soccer team, which fell to 0-4 this week with a 5-4 loss to visiting Petersburg on Saturday and a 2-1 defeat at the hands of Keyser on Tuesday, also in Oakland.

The Rams trailed 3-1 at halftime against the Vikings of Petersburg and rallied for two goals within the first two minutes of the second half to knot the score at 3-3. However, the Vikings scored twice after that, and a final goal by Southern's Chris Lantz was not enough. Lantz finished with his first career hat trick.

Seth Porter gave Petersburg (5-2) a 1-0 lead when he scored off an assist by Jonathan Geary less than three minutes into the match (37:18). Tyler Kuhn made it 2-0 with a goal off a feed by Josh Taylor at the 19:56 mark.

Lantz, assisted by Adam Miller, then struck for the Rams just 17 seconds later to cut the Vikings' lead in half, but Kuhn put his team on top again with a goal off a direct free kick just 27 seconds later.

Lantz scored again for the Rams, assisted by Miller, less than a minute into the second half (39:06), and then Miller scored his own goal, unassisted, just 24 seconds later (38:42) to tie the

Scheffel picked up her fourth goal of the night with an unassisted shot with 24:30 left in the match, and Taylor capped the Rams' six-goal effort with an unassisted score at the 9:18 mark.

The match was considerably closer than the score would indicate, as the Rams held a close, 22-18 lead in shots on goal. They also finished with a 4-1 advantage in corner kicks.

Rush had 17 saves in goal for the Rams, while Sarah Masters was credited for 16 saves for the Huskies, who dropped to 0-5 with the loss.

The Rams will travel to Hollidaysburg, Pa., this Saturday for a 1 p.m. match. They will play at Northern on Tuesday in a 7:30 match that was originally scheduled for Saturday, Sept. 28. They are also slated to play at Keyser next Thursday.

Huskies Stop Losing Skid By Topping Berlin, Westmar

After opening their season with three straight losses, the Northern High School boys' varsity and Coach Tom Ables jumped into the win column twice this past week, with a 2-1 overtime victory over visiting Berlin last Thursday and a 3-1 Western Maryland Interscholastic League defeat of Westmar on Tuesday, also on the Huskies' field.

A penalty kick by Adam DeWitt at the 7:00 mark of the overtime period gave the Huskies the win over Berlin.

The visitors took a 1-0 lead seven minutes into the match when Brad Darr scored a goal, unassisted.

The Huskies knotted it at 1-1 with a goal by Torrey Poholsky off an assist by Shawn Fike with about 28 minutes remaining in the first half.

There would be no more scoring for 71 straight minutes (three minutes into the overtime period), when DeWitt was awarded the PK.

The Huskies finished with a 14-12 edge in shots on goal, and each team had three corner kicks. Geoff Newman turned away 11 shots on for the Huskies, and Joel Yoder had 13 saves for the Mountaineers.

It was also DeWitt who gave the Huskies the lead for good over Westmar on Tuesday, as he scored the

DeWitt scored the first of three goals on the night for the Huskies, who won the match, 3-1, and improved their season record to 2-3. In the left background is Northern's Preston Slater. Ram Gridders Crushed By Mountaineers, Fall To 0-2

It was another tough Friday night on the gridiron for the young Southern High School varsity football team, as the Rams were handed their second convincing defeat in two starts this season, this time by the visiting Beall Mountaineers, 37-8.

It was the second time this season that the Southern offensive unit moved the ball well at times, but failed to put a touchdown on the board. It appeared late in the game that the Rams would have to absorb their second shutout loss, but with less than a minute to play freshman running back/defensive back Andrew

VanBogelen finally broke the ice with a 55-yard fumble return for a touchdown. Quarterback Cory Bosley then ran successfully for the two-point conversion.

The Mountaineers, who upped their record to 2-0, put the first points on the board at the 10:35 mark of the first quarter when Mah-

more yards is freshman running back Andrew VanBogelen (#42). VanBogelen is also pictured below just after picking up a Beall fumble and beginning his 55-yard sprint to record the Rams' only touchdown.

lon Harper connected with Ryan Harris on a 67-yard pass play for a touchdown. Harper then carried the ball across the line to make the two-point conversion.

Late in the same period it was Harris again who crossed the goal line, this time on a four-yard carry. Cody Miller made it 16-0 when he caught the two-point conversion pass from Harper.

Just when Ram fans thought their team would go into the locker room at halftime trailing by that margin, Jared Kline capped a drive with a 14-yard touchdown run, with just 19 seconds left on the clock. John Kauffman booted the extra point to give Beall a commanding 23-0 halftime advantage.

Another Harper to Harris touchdown pass play, this one covering 71 yards at the 3:20 mark of the third period, followed by

another Kauffman kick, put the Mountaineers on top, 30-0.

The visitors scored the rest of their points for the evening early in the fourth quarter when Kline picked off a Bosley pass and returned it 35 yards for a touchdown. Kauffman again kicked the extra point, and Beall led 37-0 until the final minute of play when VanBogelen scored on the fumble return.

Harper was 2-for-2 in passing for 138 yards and two touchdowns, and he also rushed for 74 yards on eight carries.

Jay Tressler was the leading ground gainer for the Rams, as he picked up 44 yards on 13 carries. Pacing the Ram defensive effort was Billy Schmidt, who had nine tackles.

The game featured five turnovers via fumbles, and a sixth one by interception. Beall lost three of four fumbles, and the Rams lost two of two.

"Our line definitely played better against Beall than they did against Keyser," stated Coach Fred Gregg. "But our backs were not real disciplined and did not play as well as they did against Keyser. They're young, and young players have nights like that. If we can hit a night where both are playing well, obviously we will have a lot more success."

In comparing Keyser and Beall, Gregg said that Keyser is possibly a little more talented than Beall, "but Beall is very, very close," he said, "and Coach (Roy) DeVore is as good as any coach in the area as far as game preparedness."

The Rams will meet yet another good team this Friday.

Four Inducted Into Southern Football Hall

Two former players and two community leaders were inducted into the Southern High School Football Hall of Fame last Friday evening in ceremonies preceding the Southern-Beall game at the SHS athletic field. The four were added to the elite list of 29 players, two community leaders, and two former coaches who were inducted in previous years.

The former players were Harold "Moose" Cannon and Shawn Durst, and the two community leaders inducted were Ernie Gregg and Max Messenger.

Cannon was a three-year starter for the Rams in the 1968-70 seasons, playing a number of positions. As a running back he rushed for 1,016 yards his senior year. Defensively he excelled at defensive back and on the line, and he was also the team place kicker for kick-offs and extra points.

Following his senior year, in which he was the team's leading rusher and scorer, he was named a first-team Tri-Valley Conference running back.

Cannon served four years with the U.S. Navy Seabees and is currently employed by Mettiki Coal Company. He has served as a member of the Garrett County Memorial Hospital board of governors and as a member of the town council of Oakland for eight years. He and his wife, the former Peggy Ferguson, are the parents of two daughters, and they have one granddaughter.

Durst was a three-year standout offensive/defensive lineman for the Rams during the 1994-96 seasons. Included in his many honors were his selection as a first-team All-Potomac Valley Conference and All-Area lineman for both the 1995

and '96 seasons. He was a key blocker for the Rams in an eight-play, winning drive against Havre de Grace in the 1996 state semi-final game.

Durst is currently employed as a police officer for the town of Oakland, having graduated in the top 5% of his class from the Western Maryland Police Training Academy.

Gregg was selected because of his long-time support of the SHS football program at Southern, including various renovations and improvements of/to the athletic field. He was one of the founders and first coaches in the Mt. Top Youth Football League.

He developed a love for the game of football while playing as a student at Masontown (W.Va.) High School. A graduate of the West Virginia University School of Pharmacy, he is the owner of Gregg's Pharmacy in Oakland and will soon begin his fifth term as a Garrett County commissioner. He is a member of the Southern Garrett Ath-

letic Association, the Oakland/Mtn. Lake Park Lions Club, and the GCMH board of governors, and a retired member of the Oakland Volunteer Fire Department.

Gregg has three children, including Fred Gregg, current head coach of the Southern Rams.

Messenger was also inducted for his many years of support of the SHS football program. He is a past president and charter member of the Southern Garrett Athletic Association and, like Gregg, helped organize the Mt. Top Youth Football League. He was instrumental in obtaining funds to purchase a universal gym for the school, sideline fencing for the athletic field, and new field lights. He was responsible for taking many of the game films. Messenger is also a past

president of the Center Street, Dennett Road, and Southern High School PTAs, and has been a member of various community organizations, including the Oakland VFD, Lions Club, and the Oakland Little League. He is a 1953 graduate of Terra Alta High School, where he lettered in football, basketball, and baseball. He is a 1957 graduate of WVU with a B.S. degree in business administration. He was commissioned as a 2nd lieutenant in the U.S. Army and served for 13 months in the Korean War.

He and his wife Louise are the parents of two sons, and they have five grandchildren.

Each of the honorees was presented a plaque by school principal Tom Woods.

Northern Drops Second Straight As Keyser Rolls To 41-12 Romp

It was a long night in the Cove for the Northern High School football team Friday, as the Huskies were hammered by the visiting Keyser Golden Tornadoes 41-12. The loss drops the Huskies' record to 0-2, with a Homecoming game against a powerful Berkeley Springs unit set for tomorrow night at 7:30 p.m.

"Keyser did exactly what we didn't want them to do," NHS coach Phil Carr said after the loss, the disappointment evident in his voice. "They dominated us in every facet of the game, and made the big plays almost at will. It's no excuse for us losing. Keyser twice our size or more, and I wouldn't be at all surprised to see them go a very long way in the West Virginia 2A playoffs."

The game began almost as a carbon copy of the opening loss to Smithsburg, as Keyser scored right away, when Corey Szafran scampered 86 yards for a touchdown on the opening kickoff. (Smithsburg had gotten on 69-yard TD run on its very first play from scrimmage.) Szafran wasn't done, however, as the speedy Tornado runner blew across the field for three more scores before the first quar-

ter ended. On Northern's first offensive series, a third-and-seven Husky pass that had found its mark popped out of the receiver's hands and into the waiting grasp of an alert Szafran, who returned the pickoff 26 yards for his second touchdown. Szafran then reeled off a 47-yard TD run at the 5:38 mark, then added insult to injury by scoring on a nine-yard run with 1:09 left in the stanza to put the Tornado up 27-0.

Keyser's big plays kept clicking, as in the early moments of the second quarter Russell Clay grabbed a 25-yard scoring pass from Tornado quarterback Brian Wilson. Shortly before the half ended, Keyser made it 41-0 when M.J. Twyman sprinted 21 yards for a touchdown at the 1:21 mark.

CAUGHT MID-PITCH AS AN NHS SCORE UNFOLDS, this photo demonstrates how Northern's option offense relies on blocking, teamwork, and quick thinking, which paid off with a 60-yard Husky touchdown run on this very play. Northern running back Steve Snyder (#23) is shown gathering in a perfectly timed pitchout from quarterback Andrew Frantz (#12), while a host of Husky blockers execute their assignments. "Andrew read the defense perfectly, and held on to the ball until the last minute," NHS skipper Phil Carr commented, "and Steve stayed with him in running his option route. It was a smart play on

both their parts, and it allowed Steve to get an open lane down the sideline for the touchdown." The Huskies' swarming defense is pictured below, as a pair of unidentified NHS tacklers put the kabosh on a Tornado ballcarrier for a Keyser loss, with big Joe Garlitz (#78) and speedy Robert Stark (#7) zooming in to help finish off the kill. Despite these and other good Northern efforts, the Huskies fell 41-12 to the powerhouse Tornado, a mildly better showing than Southern's 49-0 loss to Keyser the previous Friday. "All American" Homecoming Set At Northern

A full slate of activities will culminate this weekend at Northern High School, as NHS students, faculty, and alumni celebrate an "All American" homecoming at the school.

The Huskies' football team is slated to take on Berkeley Springs (W.Va.) tomorrow night in a 7:30 p.m. match-up, and principal Gary Reichenbacher will crown the 2002 NHS Homecoming Queen during the halftime festivities. The Northern High marching

band and Husky cheerleading squad will be performing during the halftime event as well.

Homecoming week will conclude with the annual Homecoming Dance, slated for 8-11 p.m. Saturday at the school.

Steelers Take Triple-Overtime Win Over Keyser

The Northern Steelers Youth Football League squads split with Keyser Saturday. Northern's Division II unit prevailed in three overtimes to take a hard-fought 12-6 win over Keyser, while the Division I team came out on the short end of 31-0 shutout.

The triple-overtime victory was sealed when the Steelers' Randy Wiley hauled in a 10-yard touchdown strike from quarterback Garrett Culledge. The teams had played to a scoreless tie at the end of regulation. In the fifth quarter Keyser's Preston Hartman put his squad up 10-6 with a 10-yard run. With its back against the wall, Northern responded with a clutch one-yard touchdown run by Culledge that forced the duel to continue on for two more quarters until Wiley's TD grab.

The Northern Steeler squads visit Braddock on Saturday.

of starting quarterback Aaron Mitchell to halfback, and the installation of junior Andrew Frantz at the signal-caller position. The move paid off toward the end of the third quarter, when Frantz, who "is pretty comfortable running the option," according to Carr, and running back Steve Snyder read the defense perfectly to pull off a 60-yard scoring play.

with defenders hanging from him like fleas on a dog, the Huskies' Frantz pitched out to Snyder, who had shadowed his quarterback perfectly. With help from his blockers, Snyder was in the clear for the 60-yard scoring run down the sideline. "That play came off just like it was supposed to," Carr said. "The option offense works when we all do our jobs."

The Huskies got another touchdown on the board by capping a 40-yard drive with a six-yard scoring run by Frantz with 5:06 remaining in the contest.

Tomorrow night's homecoming game brings another powerful West Virginia squad to Accident, as a 2-1 Berkeley Springs unit pays a visit. The Indians are averaging between 35 and 40 points per game, but they have given up an average of 25 points per game in the process. "Their defense is their weakness," Carr stated. "We'll have to control the ball and work the clock to keep the ball out of the hands of their offense."

Berkeley Springs runs a Pro-I formation on offense, with a fullback and halfback lining up directly behind the quarterback. The Indian's biggest weapon, and one of the best players NHS will face this year, is All-State wide receiver Matt Rockwell (6-0, 150), who is only a junior. "They like to spread the defenders out and throw the ball," said Carr. "Between Rockwell's speed and the good arm of senior quarterback Luke Truax (5-11, 160), they can gain a lot of yardage in a little time. We'll have our work cut out for us."

Kickoff is slated for 7:30

p.m., and the homecoming festivities will include the halftime crowning of the NHS Homecoming Queen and her court, and special performances by the Husky marching band and cheerleading squad. This year's theme is "An All-American Homecoming."

Northern Junior Varsity Swamps Vikings, 36-6

Monday night junior varsity football action at Northern High School ended with a convincing 36-6 NHS jayvee win over visiting Petersburg. Husky fullback Tyler Warn paced the win with two first-quarter touchdowns.

Warn opened the scoring with a 55-yard scoring scamper, which was followed by an extra-point run by Northern quarterback Eric Johnson. Warn put NHS on the board again with a 10-yard touchdown run before the quarter ended.

In the second quarter, Johnson held on to the ball and reeled off a 30-yard run for Northern's third touchdown. Petersburg responded with its only score of the night when Robbie Sites scored on a three-yard run.

NHS scored twice in the third quarter, as slotback Casey Kamp rushed for a five-yard touchdown. Johnson then reeled off a 40-yard touchdown run, and Jeff Wiland added the two-point conversion to give the Huskies their final points.

Northern's coaching staff noted the "outstanding team effort," and singled out defensive kudos for noseguard Trevor Butler, defensive end Eric Diehl, and outside

linebacker Richard Brown. The Northern jayvees visit Westmar Monday night for a 7 p.m. kickoff.

Continued from Page A-13 day night in Lonaconing, where they will take on Westmar. The Wildcats defeated Williamsport in their opener, and were stopped last week by Berkeley Springs.

"This is certainly one of Westmar's better teams in many years," Gregg said. "They have a lot of seniors." The team, according to Gregg, literally revolves around its quarterback, senior Bobby Alkire (6-1, 180). "He is just a super quarterback," he said. "He is a good athlete, a good leader, a runner, and a passer. He has a lot of experience and confidence, and his team really responds to him."

Other standouts on the Wildcats' pro-I offense include junior running back Daniel Duncan (6-0, 170) and junior fullback Johnny Shingler (5-7, 184).

Defensively, the 'Cats run from a 5-2 and a 6-2, with Duncan and Shingler leading a strong linebacking corps. "They are also good up front," Gregg said. "They have good size and they are very physical. So we are going to have to get another good effort from our offensive line."

Gregg said that his team is generally healthy, and that they returned to practice with good attitudes this week, despite the two losses. "We are seeing improvement literally every day at practice," he said. "If that continues each week, then the wins will eventually come for us."

Friday's kickoff at Westmar is set for 7 p.m.

The struggle continues for the Garrett College volleyball squad, as the Lakers dropped three games this week to fall to 0-5. GC was swept in each outing.

Saturday in McHenry the Lakers opened with a 3-0 loss to Catonsville, with game tallies of 30-24, 30-9, and 30-21. Brooke Alkire turned in six points and five kills, Autumn Uphold recorded 10 digs, and Jolene Brennenman contributed eight digs. Mariena Raines handed out 13 assists.

Beaver County then triumphed over the Garrett hosts by 33-31 and 30-23 scores, as Raines notched 11 assists, Brennenman scored six service points and made 10 digs, and Alkire netted five kills.

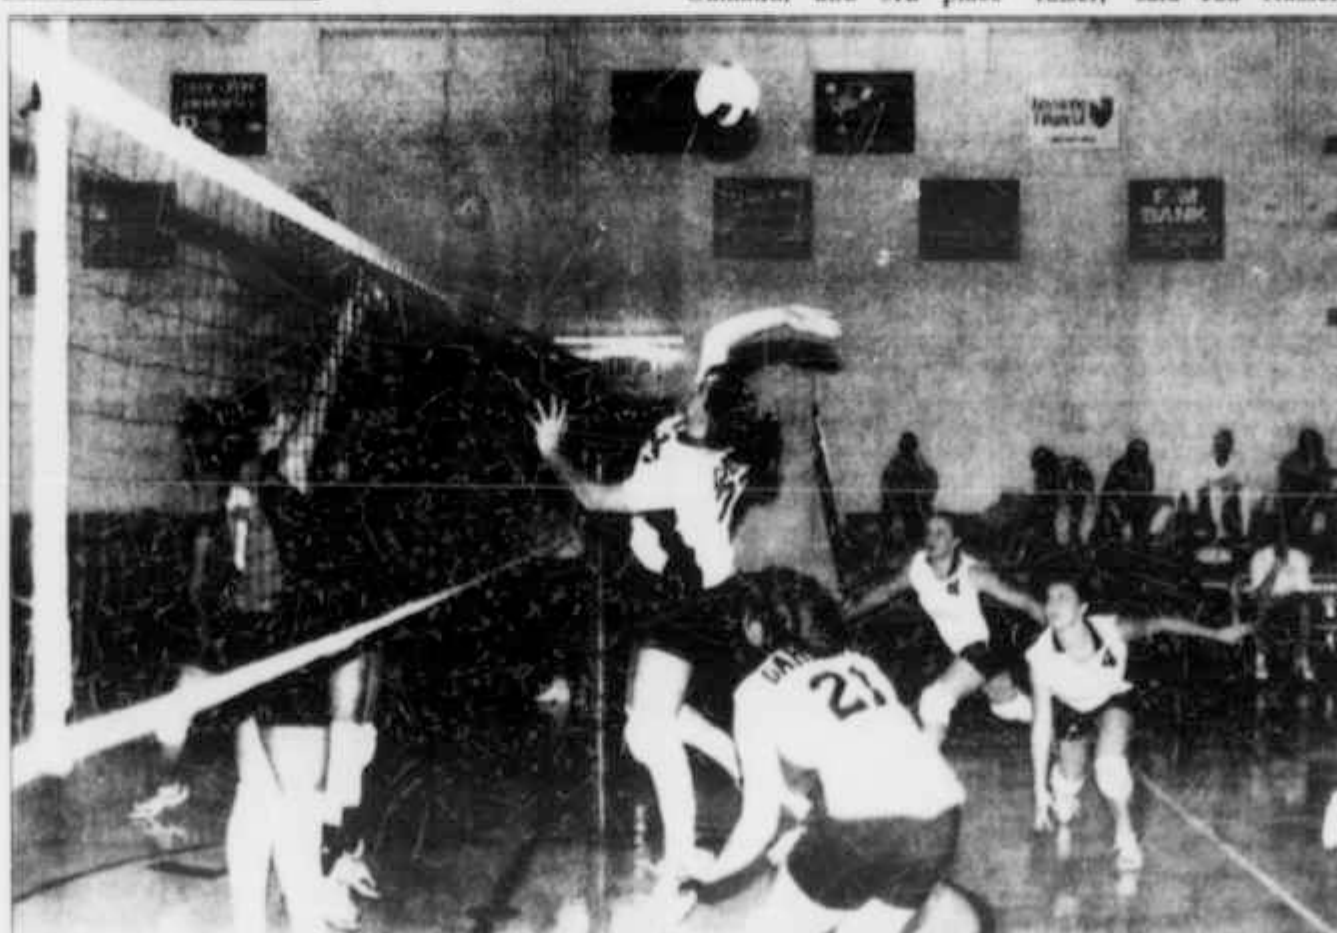

A yesterday evening visit to Cumberland ended with GC falling to host Allegany College of Maryland by a 3-0 margin. The Trojans' victory upped their mark to 5-0.

The Lakers recorded 11 aces overall, as Tiffany McFarland scored three aces along with five kills, four blocks, and 10 service points. Raines dished out 15 assists, and Jolene Brennenman and Uphold each had 10 of Garrett's 42 digs.

The Lakers are slated to host a 6 p.m. triangular tomorrow as Butler and Essex pay a McHenry visit. Garrett travels to Baltimore City CC the following afternoon, then to Penn State Fayette on Tuesday. The busy week concludes with yet another GC road trip Wednesday to take on the arch-rival Potomac State Catamounts in Keyser.

Redskins, Ravens Stand Atop OYFL Season Standings

The Oakland Youth Football League kicked off its season recently, and after four weekends of play the Redskins and Ravens stand knotted at the top of the league's NFL (tackle) Division with identical 3-1 records. The two squads are so evenly matched at this point that they split their two head-to-head meetings so far, in very hard-fought, low scoring defensive struggles.

The league's NCAA (flag) Division lead is shared by the FOP Fighting Irish and the Pro-Flt Insulation Bears, each with unbeaten 4-0 marks to date. Those two teams have not yet squared off in a showdown of their own.

NFL

The season's game summary for the NFL Division, to date, is as follows. On Saturday, Aug. 24, the Ravens beat the Redskins 9-0, and Raiders downed the Jets 26-12. On Saturday, Aug. 31, the Ravens crushed the Jets 33-6, while the Redskins hammered the Raiders 33-0. On Saturday, Sept. 7, the Ravens plundered the Raiders 37-0, and the Redskins downed the Jets 28-6. On Saturday, Sept. 14, the Raiders nipped the Jets 12-6, and the Redskins plucked the Ravens 8-6.

The current NFL standings are: Redskins and Ravens, both 3-1; Raiders, 2-2; and Jets, 0-4.

On Saturday, Aug. 31: the Buckeyes downed the Mountaineers 39-26; the Fighting Irish beat the Tigers 32-13; the Nittany Lions ran away from the Terps 31-6; and the Bears won a tough battle with the Cougars, 19-10.

On Saturday, Sept. 7: the Nittany Lions nipped the Buckeyes 38-37; the Fighting Irish downed the Terps 40-25; the Bears rolled over the Mountaineers 27-12; and the Tigers beat the Cougars 31-14.

On Saturday, Sept. 14: the Buckeyes whipped the Terps 28-0; the Fighting Irish outgated the Nittany Lions 41-27; the Bears downed the Tigers 33-13; and the Mountaineers beat the Cougars 25-13.

The current NCAA Division standings are: Fighting Irish and Bears, both 4-0; Nittany Lions, 3-1; Tigers and Buckeyes, both 2-2; Mountaineers, 1-3; and Terps and Cougars, both 0-4.

IT WAS "SETS ALL AROUND" for Northern High School's volleyball program Monday night as the Huskies routed visiting Westmar in a 3-0 varsity sweep, 15-6, 15-8, and 15-9. Shown above is Tabitha Baltzel (#5), as she sets the ball for Northern teammate Valerie Snyder (#12), while in the background Brandi Wagner (#8) prepares to rush the net to fend off the possibility of a Westmar block. Baltzel recorded seven points and Wagner contributed six hits to pace the triumphant Huskies. NHS's Courtney Reah (#1) is pictured below going up for a kill as Snyder takes her turn prepping to defend a Wildcat block attempt. The resounding varsity win came on the heels of a 2-0 NHS junior varsity sweep, by scores of 15-12, 15-12, as Northern's Tonya Broadwater netted 12 points and teammate Danielle Glottelty chalked up eight points. The action evened NHS's record at 2-2 overall (2-1 WMIL). The Huskies are scheduled to travel to Bishop Walsh Monday and Beall on Tuesday. Photos by John McEwen.

Savage River Lodge Hosts 5-K Benefit Event

The third annual Forest 5-K Festival was held Monday, Sept. 2 (Labor Day), at Savage River Lodge near Frostburg. The festival was a benefit held for both Salem Children's Trust and Garrett County Habitat for Humanity.

Garrett County Habitat for Humanity provides decent shelter to people in need within the county. The Salem Children's Trust provides love, care, and therapy to children in need through residential, educational, and shelter care services. Located along Lower New Germany Road, Salem has been in operation for 23 years and has served over 250 justice agencies from across Maryland, including Garrett and Allegany counties.

The festival began with a 5-kilometer walk/run through the state forest surrounding the Savage River Lodge. Over 100 participated in the walk/run. Onlookers heard storytelling by Dr. Gail Herman. After the race there was entertainment by Big Daddy Hill and the Spin Cycle, a Frostburg band that played jazz tunes. A traditional barbecue lunch was served. Face painter Artty Dreisbach was also present.

The winners of the race were: 1st place female, Lauryn MacFawn, LaVale; 1st place male, Jaron Hawkins, Frostburg; 2nd place female, Mary Sieman, Frostburg; 2nd place male, Harmon Hartman, New Creek, W.Va.; 3rd place female, Becky Cosner, Oakland; and 3rd place

male, Leslie Mull, Cumberland.

Each received a prize of a small gift certificate for purchase at the Savage River Lodge. In addition, Nancy White won the door prize, a one-night stay at the Savage River Lodge. Prizes were additionally awarded to Habatamu Anderson, age 6, for being the youngest participant, and Janey MacFawn, age 80, for being the oldest runner.

Proceeds from the event were divided between the two charities. "Regular dinner guests of the lodge, guests staying this weekend, and most of our staff volunteered their time on a holiday to help with the fundraiser," said Jan Russell,

owner. Donations were received from Bruce Opel, AC&T of Hagerstown, and Enterprise Rental, all of whom provided services and goods at reduced or no cost for the event.

Runnin' Rams Compete In Invitational; Host Four Teams

The girls' cross country team of Southern High School finished a respectable ninth place as a team Saturday at the Frank Keyser Invitational at Boonsboro High School, an event that featured 124 runners and 23 teams from schools of all sizes. The Southern boys' team placed 17th among 22 teams, as the boys' race involved 171 competitors.

The Runnin' Rams then hosted a five-team meet at their Broadford Park course on Tuesday, with the SHS girls placing second and the boys capturing third.

At the invitational in Boonsboro, senior all-state runner Melissa Durst led the Southern girls by finishing 10th with a time of 19 minutes, 54.8 seconds. This was the first time a member of a Southern girls' team ever broke the 20-minute barrier on a regulation-distance course.

Natalie Domenick finished in 21:16 for Southern, good for 36th place. The other members of the team and their finishes were: Em-

ily Cosner, 62nd; Sarah Cosner, 74th; Lisa Wade, 91st; Elizabeth Thayer, 92nd; and Stephanie DiSimone, 98th.

The girls of Urbana High School won the race as a team with 70 points, followed by Potomac, North Hagerstown, Gaithersburg, Beall, Jefferson, Boonsboro, Wooten, Southern, and Middletown for the top 10. The fastest individual runner was Katie Endres of Potomac, who recorded a time of 18:48.3.

The Southern boys' team was paced by Craig Conroy, who placed 26th individually with a time of 17:04.4. Keenan Shaffer finished 71st in 18:14.9. Other members of the Rams' team and their places were: Derek Upperman, 95th; Wesley Thomas, 104th; David Cuddington, 116th; Jared Reckart, 126th; and Brad Lilly, 152nd.

Potomac High won the team title with 67 points, followed by Urbana, Gaithersburg, Catocin, Jefferson, Francis Scott Key, Wooten, Middletown, Lib-

erty, and Beall for the top 10. C.W. Moran of Potomac was the fastest runner of the day, as he recorded a time of 15:20.1.

In Tuesday's five-team home meet, Durst and Domenick again led the Southern girls by placing third and fourth, respectively, with times of 20:54 and 21:25. Southern finished with 43 points, while Grafton took the team title with 29 points. Beall placed third with 89, followed by University with 110 and Tucker County with an incomplete score.

Other top 20 finishers for the Rams among the 33 runners were Emily Cosner, Elizabeth Thayer, Sarah

Cosner, and Lisa Wade finishing 11th through 14th places, respectively, and Mandi Stahl and Stephanie DiSimone in 17th and 18th places.

Beall's Rachel Armstrong ran away from the field to finish first, earning a time of 20:22, and Megan Docherty of Grafton was second in 20:48.

The team from Grafton won the boys' team race with 28 points, followed by Beall with 34, Southern with 69, Tucker County with 137, and University

with 187. Craig Conroy again paced the Runnin' Rams with a fifth-place finish and a time of 18:01. Nathan Roddeheaver placed 11th, Keenan Shaffer was 13th, Derek Upperman finished 18th, Wesley Thomas was 22nd, David Cuddington finished 24th, and Jared Reckart took 26th among 44 runners.

Scott Gemberlin, John Riffle, and Craig McDougal, all of Grafton, placed first through third, respectively, and Beall's Dan DeWitt was fourth. Gemberlin's winning time was 16:39.

The Runnin' Rams will not compete again until next Thursday when they host Fort Hill. The match will begin at approximately 4:30 p.m. Spectators are welcome to attend, free of charge.

TAKING A SHOT AT WMIL ROYALTY, these local high golfers were among many that distinguished themselves by turning in fine performances at Monday's Western Maryland Interscholastic League golf championship at the Oakland Golf Club. Northern High's Michael Bergstrom is pictured above teeing off under the watchful eyes of some of the competitors, who are, from the left in the background, Beall's Aaron Stevens, Southern assistant coach Alan Skidmore (seated on cart), the Rams' Matt Skidmore, and Fort Hill's Jeremy Boyd. SHS's Skidmore is shown below connecting on a short putt on his way to carding the second-best individual score of the day. The Rams' Travis Friend (not pictured) paced his squad to a minuscule 328 score over the 18 holes, far below any other competitors in the six-team WMIL field, giving Southern the WMIL crown for the second straight year. SHS Golfers Record Perfect Week Of Play

Southern High School's golf team wiped its slate clean this week as the Rams rolled up three straight tourney triumphs, each by wide margins, over a total of 10 opponents. (See WMIL Tournament coverage for details on that competition Monday.) The week's sweep takes SHS's record to 15-2, and the Rams appear to be peaking at just the right time as arch-rival Keyser, the toughest opponent on the Southern schedule, makes a visit to Oakland along with Allegany and Bishop Walsh.

Matt Skidmore's low-medalist 37 led the Rams to a 160 score last Thursday, Sept. 12, in an Oakland three-way. Northern turned in a 189 and Moorefield finished with a 195. Travis Friend contributed a 38 to SHS's tally, while Northern's scores included Michael Bergstrom's 42 and Jason Rice's 44.

Low medalists Friend and Skidmore each carded three-under par 33s at the Valley View Country Club Tuesday to help Southern net a 150, good for a quadrangular win. Moorefield placed second with a 166, Frankfort third with a 172, and Petersburg fourth with a 178.

Swartzentruber and Natalie Friend both tallied 42s for the Rams' winning effort, while Mathias shot a 39 for Moorefield, Andy Kesner recorded a 38 for Frankfort, and Graham Porter carded an even-par 36 for Petersburg.

After this afternoon's home quadrangular, the Rams will travel to Hagerstown Tuesday for the all-day Region Tournament at the Black Rock Country Club. Southern returns home the following afternoon for a 4 p.m. triangular, with Fort Hill and Beall slated to visit.

Friend Paces Rams To Runaway Win In WMIL Golf Tournament

Southern High School's golf team left the turf smoking Oakland Golf Club links Monday at the Western Maryland Interscholastic League Golf Tournament, as the Rams carded a 323 team score to come in 41 strokes under second-place Northern's 374. SHS junior Travis Friend claimed low-medalist honors for the day by shooting a 76 to lead Southern to its second consecutive WMIL crown.

From NHS's runner-up finish through Westmar's fifth place showing in the six-team field, the scores came in a tightly grouped pack. Third place Beall was one stroke off the Huskies with a 375, Allegany turned in a 377, and the Wildcats shot a 378. Fort Hill brought up the rear with a

396. Southern placed four golfers in the list of the tourney's top half-dozen individual scorers. Following Friend with second-best individual score was teammate Matt Skidmore's 79, Nathan Swartzentruber's third-place 80, and Josh Lear's 88, which was good for fifth place. Westmar's Ryan Bateson was fourth overall with an 82, and Keefe Kaylor's 88 netted a sixth-place finish after SHS's Lear took a chip-off between the two. The top six finishers received awards.

Four golfers tied for seventh place with 89s—Northern's Michael Bergstrom and Jason Rice, Beall's Aaron Stevens, and Fort Hill's Shawn McCarty.

THE IMPORTANCE OF BEING EARNEST

Rated PG - Running Time: 1:37 - Released 5/17/02

There are some writers whose works are so great, one just can't resist doing another update every so many years. Oscar Wilde, author of *The Importance of Being Earnest*, is one such artist. Wilde's text, updated this time by director Oliver Parker (who also directed the delightful 1999 version of Wilde's *An Ideal Husband*), is as effervescent as ever, with every word chosen carefully and calculated for maximum effect. Its cast is every bit up to the task of interpreting that text, including Rupert Everett (who starred in *Hush*), Colin Firth, and the always impeccable Judi Dench. The ability to compress such a hilariously complex story into 97 minutes of film is a tribute both to Wilde's astounding economy with words and Parker's mastery of his source material.

The plot, as with any of Wilde's, is far too complicated to summarize in a few paragraphs, but suffice it to say the surreptitious adoption of the name "Ernest" by two men in turn-of-the-century London, neither of whom can legitimately claim it as his own, serves as the central hub around which the entire story revolves. The first "Ernest" is really Jack Worthing (Firth), who uses the pseudonym while in the city, allowing him to run up astronomical bills at food and lodging establishments without being prosecuted since he goes by his real name when he returns to his estate in the country. It is the name, however, that causes the beautiful young Gwendolen Fairfax (Frances O'Connor) to fall in love with him, stating that she's always wanted to marry a man named Ernest, a name which embodies all the qualities of truth, honesty, and fair play. However, Gwen's mother, Lady Bracknell (Dench), is not so quickly enamored, especially when she finds out "Ernest" doesn't even know the identity of his parents, having been abandoned as an infant in Victoria Station. She decrees that Gwendolen will not have permission to marry him until he can come up with some appropriate family lineage.

Meanwhile, Jack's London friend Algernon Moncrieff (Everett), or "Algy," who also seems to make a living by giving the slip to his creditors, discovers Jack's clever ruse and decides to use it to his own advantage. Having fallen in love with Jack's young charge, Cecily Cardew (Reese Witherspoon), he goes to Jack's country estate masquerading as "Ernest," whom Jack's family and staff have never met, but who carries a dubious reputation as Jack's irresponsible younger brother. Cecily, who enjoys a fanciful imagination, is happy to accept Algy's advances, admitting that she herself has always wanted to marry an "Ernest." The trouble occurs when all the above characters converge on the country estate, and the matter of exactly who is who must be resolved one way or another.

What can I say about such a delightful piece of cinema? This movie, with its impeccable cast, lush location scenery and well-researched set and costume design, will serve as an excellent companion piece to Parker's *Husband*, offering a quality virtually indistinguishable from that film. Everett, whose character is virtually identical to his part in that movie, is definitely in his element, and Firth is equally enjoyable as his stuffer counterpart. The ladies, moreover, are exquisite in their turn-of-the-century mannerisms, embodying, on the parts of O'Connor and Witherspoon, the carefree air

of young debutantes, and, in the case of Dame Dench, the extreme propriety of any Wilde heroine of that age group. If you care for movies in which the written word takes precedence over fast cars and digital wizardry, do not miss *The Importance of Being Earnest*. I can earnestly tell you you won't regret it. ★★★★★

TADPOLE

Rated PG-13 - Running Time: 1:18 - Released 8/2/02

Reeking of low production values, Gary Winick's *Tadpole* is a strangely engaging entry into the quality paradox category; its style and tone and subject matter all embody something refreshingly different from the regular glossy product that flows out of Hollywood, but its execution is crude and surprisingly amateurish. Like a final project from a student film class, it has a raw and unsophisticated look, and the acting is sometimes quite stilted, even from experienced cast members like Sigourney Weaver, John Ritter, and Bebe Neuwirth. But that might be a good thing. While the multitude of bottom-line-focused standard releases flood the marketplace, dulling our senses with their deafening sameness, this movie thumbs its nose at the industry, defying the conventional wisdom of fiscal concerns and putting itself out there.

Somehow reminiscent of *The Catcher in the Rye*, this story, penned by Heather McGowan, Niels Mueller, and director Winick, concerns events that take place during a young man's Thanksgiving vacation home from prep school. Like Holden Caulfield, 15-year-old Oscar Grubman (played by 25-year-old Aaron Stanford) is intelligent, idealistic, and yet wise beyond his years, and it makes his life almost unbearable. While his best friend (Robert Iler) talks about hooking up with the school hottie (Kate Mara), Oscar quotes Voltaire and obsesses about the beauty of an older woman's hands. The hands he's particularly interested in belong to a 40-year-old cardiobiologist named Eve (Weaver), which wouldn't be so bad if she weren't married to his father (Ritter). Still, Oscar believes his stuffy, history professor dad is insensitive to Eve's needs and decides that, regardless of the obvious obstacles, he's going to win her love during his visit home, hoping to impress her with his charming manner, his knowledge of philosophy, and his ability to speak French. This plan is slightly derailed when he has an unexpected sexual encounter with Eve's fun-loving best friend, the also-40-year-old Diane (Neuwirth).

Although this picture is enjoyable simply because of its freshly experimental nature, it is filmed like a home movie (reportedly on digital video instead of film); the camera searches around as if trying to find its subject, and occasionally makes you wish it had occurred to Winick to invest in a \$35 tripod. The acting is sometimes electric and other times remarkably stiff, as if the actors liked the material but didn't have adequate time to rehearse. Stanford, who is given an "Introducing" credit, seems to be the most prepared—obviously he's not going to be careless with such an important, career-launching part—but the veterans, especially Weaver and Ritter, often give the impression that they didn't feel the need to try for flawless, or even terribly good, performances. Neuwirth appears at least to be having fun—but hey, she gets to make out with a man 20 years her junior—who wouldn't enjoy such a sweet gig? ★★½

OPENING THEIR SEASON WITH VICTORY were the members of the Southern Garrett Marching Band, who participated in a field show competition at Hancock on Saturday. The band won first place in Division II, and will go after more trophies this Saturday at events hosted by both

Hedgesville and Martinsburg high schools. The theme for the band's show this year is "Mangione Magic." Proudly displaying their first trophy of the 2002 season in the photo below are, from left, Kasey Bell, assistant drum major; Holly Reese, drum major; and Twyla Ashby, guard captain.

Southern Band Opens Season With Victory

The Southern Garrett Marching Band, under the direction of Richard Clever, opened its 2002 competitive marching season by earning a first place in the Group II division of the first Hancock Canal/Apple Tournament of Bands, hosted Saturday by Hancock High School. The band earned a score of 72.75 for its presentation of this year's show called "Mangione Magic." Musselman finished second with a score of 70.15.

"This was a very solid performance for the first show of the season," Clever said. "All the elements of our unit — drum majors, winds, drum line, pit, and color guard — worked together to present an exciting performance."

The show features the

music of Grammy Award winner Chuck Mangione, who, according to Clever, incorporates musical moods in his compositions, which range from smooth and sultry to fast and exciting, "all components of jazz with a Latin flavor."

Songs performed by the band include "Land of Make Believe," "Echano," "El Gato Triste," "Feels So Good," and "Children of Sanchez."

Assistant director and music instructor of the band is Duane Salisbury. Other staff includes: David Campbell, show coordinator, percussion arranger, and drill designer; Kathy Roper, color guard instructor, assisted by Beth Roper, Suzie Smith, Trisha Knox, and Sally Harvey-Deep; and Deanna Heller, Eric Jacoby, and Brent Furr, percussion instructors.

Field commanders for this season are drum major Holly Reese and assistant drum major Kasey Bell. Percussion captains are Andrew Hill, Robbie Kutchman, and Nathan Kitzmiller. Color guard captains are Twyla Ashby and Stephanie Keenan. Featured performers include Emily Bowman on trumpet, Melissa Durst on alto saxophone, and Kristian Cosner and Bill George on mallet percussion.

The next competitions for the band will be this

Saturday, Sept. 21, at both Hedgesville, W.Va., and Martinsburg, W.Va., beginning at 1:15 and 7 p.m., respectively. The entire season schedule following this Saturday is as follows:

Maddawgs Split With Keyser In Pee-Wee Action

The Northern Maddawgs squads traveled to Keyser, W. Va., this past Saturday to take on the host Mini-Tornados in Pee-Wee Football League action. The Maddawg C team crushed its counterpart in a 36-0 shutout to even its record at 2-2, but the Maddawg A&B combo sustained its first loss of the season, 19-6, to end the weekend with a 3-1 record.

Northern's C squad scored quickly and often in its contest, as Josh Mason rushed for three touchdowns, Patrick Beckman carried the ball in for two scores, and Seth Layton recorded one touchdown on the ground. The Maddawgs' defense held strong throughout the game to help net the 36-0 shutout win.

The undefeated Maddawg A&B unit played next, but the B team defense ran into trouble with the strong Mini-Tornado offense. Keyser scored a rushing touchdown during the opening stanza to pocket a 7-0 lead.

The Maddawgs' A team took the field for the second quarter, only to find more of the same from its Keyser counterpart. The Maddawgs' A team defense allowed a rushing touchdown, but was able to stop the extra-point attempt, and the Northern offense killed a couple of long drives by fumbling the ball away. At halftime the Maddawgs were losing 13-0.

The Maddawg B team defense held the Mini-Tornados scoreless in the third quarter with several crucial goal-line stands. The Maddawgs' A team took the field for the fourth quarter and drove the ball down field. Northern's Josh Duckworth rushed for a touchdown, but the Maddawgs were stopped when they attempted the extra point, and the score remained 13-6 in favor of the hosts. A late fourth quarter score by Keyser sealed Northern's fate, as the Maddawgs fell 19-6.

The Maddawgs, still ranked first in the American Division, will host the Saints this Sunday afternoon at Northern High School. Kickoff for the first game is set for 3 p.m.

Fishing Contest Winners Named

The winners of the Garrett County Fishing Contest, sponsored by Johnny's Bait House and the Garrett County Chamber of Commerce, for the week ending September 15 are:

Chain pickerel, 2 lbs. 2 ozs., 22 in., caught by Kenneth Gidel, Pittsburgh, Pa.

Largemouth bass, 2 lbs. 5 ozs., 17-1/4 in., caught by William A. Dolan III, Oakland.

Smallmouth bass, 1 lb. 2 ozs., 13-1/2 in., caught by William A. Dolan III, Oakland.

Yellow Perch, 1 lb. 5 ozs., 13-1/2 in., caught by Nikki Burke, Laurel.

Weekly winners are awarded an emblem and citation, and plaques are awarded for the season's largest catches of bluegill, brown trout, chain pickerel, crappies, largemouth and smallmouth bass, northern pike, rainbow trout, walleye, and yellow perch. Anglers may enter their catch at Johnny's Bait House, Route 219, south of the Deep Creek Lake bridge.

Northern High Golf Team Takes Home Triangular

Northern High School's golf team outdueled Allegheny yesterday at the Wisp to record a five-stroke win and up its record to 12-7. NHS carded a team score of 185, Alco turned in a 190, and Union High rounded out the field with a 251. (See WMIL Tournament coverage for details on that competition.)

The Huskies' Andy Hardy and Ryan Evans each shot 44s to claim low-medalist honors, just ahead of the Campers' Justin Ramsey and his 45. Kenny Braithwaite shot a 59 to pace the Union effort.

NHS is idle until Tuesday, when the squad travels to Hagerstown for the Region Tournament at Black Rock.

Women Golfers Play Old Yeller

Members of the Women's Golf Association of the Oakland Golf Club met last Thursday for a round of Old Yeller. The team of Jessie Stowell, Kazuko Hamill, and Shirley Leonhardt captured first place.

Finishing in second place was the team of Bobbie Seward, Sandy Bello, and Marion Boehmer, while the team of Cheryl Wotherpoon, Debbie Raynovich, and Rita Humberson placed third.

Faces Charges

driver's license revealed that Michael Lee Kirk, 25, Gaithersburg, was suspended in the state of Virginia, and he was placed under arrest. Tfc. S. LeMay asked the passenger, James Edward Williams, 34, Vienna, Va., to step out of the vehicle so a standard search could take place.

The search uncovered a ceramic pipe bearing suspected burnt marijuana residue, a candy box containing 10 glass containers filled with suspected gamma hydroxy butyrate (GBH, also known as the "date rape drug"), and a large quantity of suspected Ecstasy and crystal methamphetamine.

At that point Williams was also placed under arrest, and both men were charged with three counts of possession of a controlled dangerous substance (CDS), three counts of CDS possession with intent to distribute, and one count of possession of drug paraphernalia. Kirk was also cited for speeding and driving on a suspended out-of-state license.

Kirk and Williams were released from jail when each posted a \$5,000 bond.

Earlier that same day, Blaine Thomas Hott III, 20, Keyser, W. Va., was arrested on drug charges after a 1:10

p.m. traffic stop on westbound I-68 at Chestnut Ridge Road. After stopping a Chevrolet sedan for speeding, a trooper noticed suspected marijuana in plain view in the vehicle. A search of the car led to the discovery of a bag of suspected marijuana, a hand-rolled suspected marijuana cigarette, and a metal smoking device. Hott was charged with possession of marijuana and drug paraphernalia, and speeding.

A traffic stop in McHenry early Saturday, Sept. 7, led to the arrest of two Greensburg, Pa., men, who were later released on their own recognizance. Nathan Michael Paul, 23, was arrested for driving while under the influence (DUI), speeding, and related traffic citations when his car was stopped at 1:45 a.m. When a vehicle search uncovered a ceramic pipe containing suspected burnt marijuana residue, Paul's passenger, Douglas Scott Miroli, 25, was arrested and charged with possession of marijuana and drug paraphernalia.

An early Sunday morning traffic stop on Garrett Highway resulted in the arrest of Matthew Bryan Cooney, 29, Mt. Airy, on charges of possession of marijuana and drug paraphernalia, plus DUI and associated traffic charges.

After Cooney's Chevrolet was stopped for crossing the centerline, a search of the vehicle located a 35 millimeter canister and a prescription bottle that both contained suspected marijuana, and a brass and plastic smoking device that also contained suspected marijuana. He was arrested and subsequently released from jail when he posted a \$500 bond.

ny said the accident site was brushy and unsuitable for sailing, and, therefore, it was bound by another rule, which requires only 17 feet of clearance for a power line.

"The contact never would have occurred if the sailors had not lost control of their vessel, causing the boat to drift into an area of shoreline clearly not used by or

suitable for sailing activities," asserted Allegheny's lawyers.

According to the family's lawsuit, the boat "overshot the dock" and drifted into an area overhung by power lines.

1991 as part of the Scrap Tire Recycling Act. It is now funded by the collection of a \$40 per tire fee on the sale of each new tire in the state.

The project was original-

ly conceived to aid county residents by providing a responsible disposal alternative, substantially free of charge for homeowners who had accumulated a small number of scrap tires prior to the adoption of the state's scrap tire law. Through a ban on land filling of tires, that law had forced most local jurisdictions in Maryland to impose a disposal fee for tires to cover costs associated with shipping and disposal at alternative processing facilities.

GC United Way Kicks Off Its 2003 Campaign

United Way of Garrett County kicked off its 2003 campaign on Sept. 9. The event will run until spring, officially ending on April 30, 2003.

This is the third year that a local campaign has been organized in Garrett County. Prior to the local chapter being formed in April 2000, only about \$4,000 came into the county to fund local agency needs, according to Fran Wishnick, campaign co-chair.

The first campaign, under the direction of Ken Perrin in 2001, yielded \$39,000 and paved the way for future United Way campaigns. Last year, under the direction of chairperson Jeannette Rudy Fitzwater and Wishnick, United Way of Garrett County surpassed its initial goal by raising a total of \$84,000.

This year's goal is \$102,000. Assuming United Way meets the 2003 goal, the annual charitable giving in Garrett County will have increased by nearly \$100,000 in just three years.

The 2003 campaign is off to a great start, having already raised 20 percent of the total goal, said Wishnick. This early success has been primarily fueled by proceeds from two events recently held in Garrett County — the annual First United Golf Tournament and the Highland Festival.

The support from both First United Bank & Trust and the Highland Festival has been exceptional. Without their support, United Way of Garrett County would not have such a strong start to this year's campaign," said Fitzwater.

All pledges made during this campaign will be used for dispersing funds throughout the 2003 calendar year to support a wide variety of needs, such

UNITED WAY KICKS OFF CAMPAIGN — Based on the needs of affiliate agencies, United Way of Garrett County has established a 2003 campaign goal of \$102,000. Pictured above are campaign cabinet members presenting the 2003 campaign barometer, which indicates that 20 percent of the total goal had already been achieved even before the campaign's official kick-off was held earlier this month. See story for details. at-risk youth counseling, pharmaceutical assistance, and emergency shelter.

According to Wishnick, much of the fall campaign focus will be on payroll deduction of businesses, education, and civil service employees. Campaign introductory letters will be sent out during the next few months asking individuals and businesses to become involved with United Way.

"The United Way of Garrett County is fully supported by contributions from individuals and businesses in the community," said Wishnick. Affiliated organizations have met the requirements of the United Way of Garrett County by delivering community services to improve the quality of life for the county. Any non-profit organization meeting the human needs of the community is welcome to apply for affiliation.

Volunteer representatives from the United Way are available to any businesses or organizations interested in learning more about the agency. For further information on volunteering or supporting, or to receive an application for affiliation, persons may call the United Way of Garrett County at 301-359-9697, or visit its web site at www.garrettunitedway.org. Contributions may be mailed to the Unit-

ed Way of Garrett County, P.O. Box 394, Oakland, MD 21550.

Dem. Candidates To Meet Public In Friendsville

A "Meet the Democratic Candidates" event is set for 2-4 p.m. this Sunday, Sept. 22, at the Friendsville Community Park. Hosted by the Garrett County Democratic Club, the gathering will give voters the opportunity to meet and talk with the Democratic Party candidates for the offices of sheriff and county commissioner. Refreshments will be provided, along with entertainment.

In case of rain, the event will take place in the Friendsville Community Center. For further information, persons may contact Marilyn Moors at 301-746-4057.

Oakland MVA Branch Adds Wed. Hours

The Motor Vehicle Administration branch located in Oakland has added regular Wednesday hours, increasing its regular schedule from two to three days a week. The new hours of operation will be from 10 a.m. to 3 p.m. on Tuesdays, Wednesdays, and Thursdays.

"During the last two years, the number of transactions handled at the Oakland MVA branch has almost doubled," an MVA spokesperson said. "Therefore, the hours of operation are being extended to meet customer demand and improve upon the efficiency of service."

Located at the Browning's Foodland plaza along Maryland Highway, the Oakland MVA satellite office provides the most in-demand MVA services to the public, including issuance of drivers' licenses, titling, and identification cards, acceptance of license plates that are turned in, and renewal of vehicle registrations, and month and year stickers for tags. The

closest full-service MVA branch is located in LaVale.

Web Page Design Course Scheduled In Grantsville

The Continuing Education and Training Division of Garrett College has scheduled a "Creating a Web Page: FrontPage 2000" course, to be held at the Grantsville Outreach Center. The course will begin Tuesday, Oct. 1, and will continue for a total of six consecutive Tuesdays from 6:30 to 8:30 p.m.

This course is designed for the individual who has a basic knowledge of word

processing and the Internet, and wants to be introduced to the basic development of a web page. The course includes an introduction to web site design concepts and the basic knowledge needed to successfully create, manage, and deploy a website. Additional activities covered are how to set page properties, work with text and graphics, create hyperlinks, use tables and forms, and publish a site. Jeannine St. Marie-McCutcheon, an accomplished photographer and web site designer, is instructing the course.

For additional information or to register, persons may contact Terry Beachy at 301-895-3368 or Kista Wilt at 301-387-3069.

ACE Meeting Set

The first meeting of the Advisory Committee on Education (ACE) for the 2002-2003 school year will be held on Tuesday, Sept.

24, at 7 p.m. in Room 315 at Garrett College, McHenry.

Agenda topics will include overviews of the Life Skills Program and the Transitional Age Youth (TAY) Program, a superintendent's report, and dates and topics for the remaining meetings for the 2002-2003 school year. The public is invited to attend.

Troopers Wearing Commemorative Sept. 11 Badges

Maryland State Police troopers are wearing special commemorative badges through the end of this month that honor the victims of Sept. 11, 2001. Paid for with troopers' own funds, the gold commemorative badges are the same size and design as the regular patrol badge, and is emblazoned with the words "We Will Not Forget," impressions of the World

Trade Center, the Pentagon, and the state of Pennsylvania, a black enamel memorial band, and red, white, and blue stripes.

The unprecedented uniform change was approved by MSP superintendent Col. David B. Mitchell. "The entire Maryland State Police family joins our nation in mourning the loss of the thousands of victims of September 11," Mitchell said. "Our troopers are proud to wear this badge to visibly express our resolve that we will never forget those who died. As we re-

member the victims, we renew our commitment to serve and protect the citizens of Maryland, understanding the important role state and local law enforcement has in the security of our nation."

A significant portion of the proceeds from the badges will be donated to the Maryland Chapter of Concerns of Police Survivors (COPS). The commemorative badges will be retired on October 1, at which point troopers will resume wearing their regular issue badges.

BOY SCOUTS "SHOOTING" FOR BADGES — Boy Scouts of Troop 1, Oakland, are currently working on their Shooting merit badges, which includes instructions on firearms safety, care and use of firearms, and target shooting. Pictured above, left to right, in the first row are assistant Scoutmaster Mike Kozler, J. Michael Kozler, Eric Dumire, Bradley Cogley, and Keith Miller. In the second row are Joe Cogley, assistant Scoutmaster; Thomas Miller; Travis Sanders; Andy Damon, assistant Scoutmaster; Mark Miller, Scoutmaster; and Paul Shogren, Scoutmaster. Not pictured is Bill Murphy, firearms safety instructor. Any boy interested in Scouting may call Mari Miller of Troop 1 at 301-334-3181 for more information.

More Education Data Added To MSDE Web Site

The Maryland State Department of Education recently added more data to the state's 2002 report card as it released student attendance and dropout rates as well as other supporting information on its web site at www.marylandpublicschools.org. The report is available as "2002 Maryland School Performance Report."

"Our web site continues to be one of the best

sources for information about education in Maryland," said Nancy S. Grasmick, state school superintendent. "We are working to provide schools, parents, and communities with as much information as we can in the shortest time poss-

ible. We plan to release the report for 2003 before the school year begins in the fall."

This release also includes information about the number and percent of students who enter or withdraw from school after school begins,

the percent of first graders who attended kindergarten, future plans as reported by the class of 2002, enrollment, staffing, and length of school year.

Results from last spring's MSPAP and High School Assessments will be re-

leased when they become available later this year.

Financial Mgmt. Course Scheduled

The Small Business Development Center at Garrett College will offer a six-session class on Financial Management starting October 14. Classes will be on Monday and Wednesday evenings from 6 to 8:30 p.m. Class instructor will be

Jim White.

This course will shed light on the "ins and outs" of financial management. Topics include: financial management issues, financial statement analysis, income statement analysis, cost management, cash flow vs. net profits, and building a cash budget and profit plan.

For more information or to register, persons may call Sue Smith at 301-387-3089.

TV-PIPELINE

'Agency' actress a network series veteran

By Taylor Michaels

Q: I recall seeing Paige Turco of CBS' "The Agency" on another series, but I can't remember what it was. What other shows has she done? Where might I write to her? —"Jayvy" via e-mail.

A: Turco, 37, made her TV debut on the CBS soap "Guiding Light," playing Dinah Morgan Marler from 1987 to 1989, after which she moved to ABC's "All My Children," where she played Melanie "Lanie" Courtlandt Randal until 1991.

She ventured into prime time in 1994 with the NBC flop "Winnetka Road," then returned in 1995 for CBS' critically acclaimed but ratings-challenged "American Gothic." After that show was canceled, she moved to ABC to play Officer Abby Sullivan on "NYPD Blue" (1996-97), then to Fox as alcoholic single mom Annie Mott on "Party of Five" (1997-98).

Unlike NBC, CBS is still forwarding fan letters to its series stars, so write to Turco c/o "The Agency" at the CBS address we have listed several times: CBS Television, 7800 Beverly Blvd., Los Angeles, CA 90036.

Q: Please help me remember the TV series that starred Christopher Plummer as a wealthy man who ran a team of criminals. —D.G. in North Carolina.

A: That was "Counterstrike," a 1990-93 USA Network series in which Plummer played Toronto billionaire Alexander Addington, whose wife had been kidnapped and killed by terrorists. The grieving tycoon pumped his fortune into forming and running an anti-terrorism unit. The cast also included

Paige Turco

Simon McCorkindale and James Purcell.

Q: For many years, I have tried to discover what the "RKO" in RKO Pictures stood for. Can you enlighten me? —Jock Giacobone, Voorhees, N.J.

A: Originally founded in 1882 as a single vaudeville theater, the company that would become RKO grew into the Keith-Albee-Orpheum vaudeville theater circuit, the largest theater chain in the world at that time.

In 1928, Radio Corporation of America (RCA) president David Sarnoff teamed with tycoon Joseph P. Kennedy to merge the theater chain with Kennedy's movie distributing company, the Film Booking Office of America (FBO), and young Pathé Studios. The new company was named the Radio-Keith-Orpheum, or RKO, Corporation.

RAM Notes

PRINCIPAL'S LEADERSHIP ACADEMY

The Leadership Academy has offered suggestions by which to live. The following are weekly suggestions for all students and staff to live by as a part of our everyday lives at Southern High School: Sept. 16-20, "Have pride in Southern Garrett High School"; and Sept. 23-27 "You are who you hang with."

2002 YEARBOOKS ARE HERE!

The 2002 Yearbooks have arrived! Graduating seniors may pick up their books in Room 2205 during school hours. Family members are welcome to pick up books for seniors now living out of the area.

STUDENT COUNCIL HELPS COMMEMORATE 9/11

The Southern Student Council had a pool party at President Brian Crabtree's house on Tuesday, Sept. 10, to make 800 commemorative ribbons which were distributed for the students and staff to proudly wear on Sept. 11. Special thanks goes out to the 20 student council members who donated their time to help make the red, white, and blue ribbon pins.

SUPPORT MRS. TEAGARDEN AS SHE RACES

Angie Teagarden, biology teacher at Southern, will be running a full marathon (26.2 miles) in December to benefit the Arthritis Foundation. During the week of Sept. 16-20, students can pay \$1 each day to wear a hat during the day. All donations will be given to the Arthritis Foundation. Anyone wishing to make donations can contact Miss Teagarden at the school 301-334-9447.

ADVERTISING IN ACORN OR YEARBOOK

Any businesses who have not been contacted and wish to advertise in the school newspaper or yearbook, please contact Acorn advisor Heather Savage or Highlander advisor Erin White at 301-334-9447.

PARENT'S ATTENDANCE REMINDER

Anytime your son/daughter needs to miss a day of school for EMERGENCY/OTHER (CODE 13), you must have prior approval from the Attendance Office. To receive prior approval, send in a note the day before or leave a message on the answering machine (301-334-3086). Without prior approval your child will be given an unexcused absence. This year we have added a fax machine in the Attendance Office. You can now fax in absence notes, doctor notes, or out-of-school passes. The fax number is 301-334-3086. You may also fax in any attendance questions you might have.

2002 JV CHEERLEADERS

The new 2002 JV Cheerleaders are Krissy Ashby, Courtney DiSimone, Casey Hughes, Katie Nichols, Katie Hostutler, Kenzie Craig, Leah Warnick, Ashley Rigglesman, Katie Conroy, Hannah Logsdon, and Amelia Ratliff. You can check out the squad in action at the home games for the freshman and JV Football teams, as well as some of the girls' and boys' soccer games. The adviser for the JV squad is Debbie Friend.

AFTER-SCHOOL ACTIVITY BUSES

There are three activity buses running after school from Southern High and Middle School to provide students with a ride home following after-school events and activities. All three buses arrive at 6 p.m. and leave Southern Middle School promptly at 6:05/6:07 p.m. The buses then arrive at Southern High School at 6:10 p.m. and leave between 6:20 to 6:22 p.m. Bus 1 then arrives at the Town Parking Lot at 6:27, Crellin School at 6:40, and concludes its run at Pappy's Place (Piddles Griddle) on Route 219 at 7 p.m. Bus 2 arrives at Mtn. Lake Park Martins at 6:26, Deer Park Sebald's at 6:32, Deer Park P.G. Post Office at 6:33, Turkey Neck Road at Schmidt's at 6:36, Kitzmiller School at 6:55, and concludes at Kurtz Chapel at 7:10/7:15. Bus 3 runs to Garrett 8 Cinema Parking Lot at 6:38, Meadow Mtn. Church at 6:45, Anchor Mart (Curt's Corner) at 6:48, Swanton Otterbein Church at 6:52, top of Bloomington at 7:02, Exxon Station at 7:05, and Bloomington School at 7:14 p.m.

Search Under Way For Nation's Youth Volunteers

The search is under way for young people across America who are working to make their communities better places to live — by helping the less fortunate, promoting health and safety, protecting the environment, and taking part in countless other volunteer activities.

The eighth annual Prudential Spirit of Community Awards, sponsored by Prudential Financial in partnership with the National Association of Secondary School Principals (NASSP), honor outstanding community service by young people in grades 5 through 12. Last year, the program drew approximately 28,000 applications.

"A surprising number of young people today are getting involved in serving their communities, but they're not always recognized for the great things they are doing," said Prudential chairman Art Ryan. "We want to tell them in the strongest possible terms how important their volunteer work is, and how proud we are of their accomplishments."

Application forms for the 2003 Prudential Spirit of Community Awards will be available over the next two months in middle and high schools, Girl Scout councils, county 4-H offices, Camp Fire USA councils, Ameri-

can Red Cross chapters, YMCAs, and volunteer centers. They also may be obtained at www.prudential.com/community/spirit or <http://dsa.principals.org/> or by calling 888-450-9961.

Students must submit completed applications by October 31, 2002. Then, participating schools and local organizations will select and honor their top youth volunteers, and submit them for state-level judging.

The top two candidates from each state, the District of Columbia, and Puerto Rico — one high school student and one middle level student — will be named state honorees next February, and will receive \$1,000 awards, engraved silver medallions, and an all-expense-paid trip to Washington, D.C., in May 2003 for four days of national recognition events. Runners-up at the state level will receive bronze medallions or certificates of excellence.

In Washington, a national selection committee co-chaired by two U.S. senators will name 10 of the 104 state honorees as America's

top youth volunteers of the year. These honorees will receive additional awards of \$5,000, gold medallions, and crystal trophies for their schools or organizations. They also will have \$25,000 worth of juvenile products donated in each of their names to needy children in their communities by Kids In Distressed Situations Inc., the national charity of the children's apparel and products industry.

The Prudential Spirit of Community Awards, created in 1995, constitute the country's largest youth recognition program based solely on community service, and have honored more than 40,000 young volunteers at local, state, and national levels over the past seven years. The initiative includes a youth leadership training program administered by the Points of Light Foundation, a free booklet of volunteer ideas for young people offered in conjunction with the Federal Consumer Information Center, and other education materials for schools and students.

Camp Reunion Goers Celebrate 75th Anniversary

Seventy-five people assembled Saturday evening for the 21st annual camp reunion at the former Camp Minnetoska at the end of Sanders Lane near Oakland to celebrate the 75th anniversary of the founding of the camp in 1927 by Frank and Mae Hansen.

Minnetoska originally opened as a girls' camp, according to a reunion spokesperson, but the Hansens then expanded and made it a co-ed camp. The girls' camp (Minnetoska) was moved to a new location and the original site became the boys' camp and was named Camp White-thorn. In 1970 both camps operated under the name of Camp Minnetoska for Boys and Girls and continued until it was sold in 1992 and developed into a private community, Minnetoska Lake.

A group of former counselors and campers began meeting at camp 21 years ago for a reunion weekend. After the camp was sold, the group continued to meet yearly at Herrington Manor State Park and "Strawberry Hill," the cottage built by the camp's second owners, Ches and Stella Johns of Elkridge. In June of 1990 the 13 acre parcel where the old boys' camp was located was purchased by a former head counselor of Minnetoska, so the reunions began culminating the weekend activities there with a Saturday night cook-out and traditional campfire.

This year's gathering was the second largest turnout in the 21 years the group has met. Activities began this year with an open house on Thursday evening at the home of a former camp coordinator/assistant director who now lives on part of the former camp property. The group was hosted Friday evening at

Herrington Manor by former counselors and families. Saturday found the group at a brunch given by another former head counselor, and the reunion concluded that evening at camp.

This reunion is open for all former campers and counselors of Camps White-thorn and Minnetoska who would like to meet and reminisce with former campmates. In 2003 the reunion will be held September 18-21. There are other local residents who once attended these camps, and they are urged by reunion organizers to participate in the reunion next year. This year there were attendees from 10 states, the District of Columbia, and British Columbia, Canada, and they ranged in age from 2 to 82. Persons inter-

ested in being placed on the mailing list to receive the newsletters, which include reunion news, should telephone 301-334-3948.

Salisbury VFD Slates Dinner

The Salisbury (Pa.) Volunteer Fire Department and Ambulance will hold an "all-you-can-eat" roast beef dinner Sunday, Sept. 22, from 11 a.m. until 2 p.m. The event will be held at the Salisbury fire hall, located along Ord Street.

The dinners will consist of roast beef, mashed potatoes and gravy, noodles, vegetables, cole slaw, choice of beverage, and dessert. Takeouts will be available. The cost of the dinner is \$7 for adults, \$3 for children under 12 years, and free for children under 5 years.

A warm thanks to Wright Services for purchasing my 2002 market lamb, and a special thanks to Butch Livengood and the Deer Park Fire Dept. for lending me the fire suit.

New Life Christian Church,

It is no accident that men, the world over, have built clocks into the steeples of their churches.

Reduce life to its simplest components and what do you have? TIME and GOD.

Time marks the beginning of life. It measures the growth of our bodies. It provides opportunity for our work and play. It reveals to us our human limitations, and then, one day, time leaves us behind.

But God is the origin of life. He measures the growth of our souls. He provides our strength and forgives our weakness. He reveals to us His limitless love. If we follow Him, God will lead us on, even beyond the circle of time.

A parable then... the clock in the steeple! Man finds material security and temporal happiness as he learns to respect Time. Man finds spiritual security and eternal happiness as he learns to love God!

Training For Caregivers Set At NG Armory

A 45-hour Infant/Toddler Training for Caregivers course will be offered by the Continuing Education Division of Garrett College. Sessions will be held at the Oakland Center at the National Guard Armory on Wednesdays, Oct. 2 through Nov. 20 from 9 a.m. to 3 p.m. This course is designed specifically for those individuals who are daycare or Head Start child-care workers. Topics will include safety and health, promotion of physical, cognitive, social, emotional development, and family interaction.

The cost of this course is \$100 for Garrett County residents. An out-of-county and out-of-state differential will apply. For more information or to register, persons may call Patricia Baer at 301-334-8304, or call the Continuing Education office at 301-387-3069.

Applications For Legacy Awards Now Available

The Oakland Elks Lodge recently announced that applications for Elks National Foundation Legacy Awards are now available. Applicants will be judged based on their SAT or ACT scores, high school transcripts, Legacy Award application form, and biographical questionnaire.

Nationally, the foundation awards up to 500 one-year, \$1,000 scholarships annually through the Legacy Program. In the Maryland, Delaware, and Washington, D.C., area, 14 scholarships will be awarded this year.

To be considered for this award, applicants must meet the following criteria:

- Must be a senior, with a parent, stepparent, or grandparent who is a member of the Elks Lodge in good standing and who has been a lodge member since April 1, 2000.
- Must have taken or will take the SAT or ACT test by Dec. 31, 2002.
- Must complete the application/biographical questionnaire.
- Must submit applications to the local Elks Lodge for verification of membership.
- Must submit completed and verified applications to the address on the application by Jan. 10, 2003.

Interested persons may obtain an application by contacting Robin Spiker in Room 1208 at Southern High School, by calling 301-334-4669, by leaving a message at the Oakland Elks Lodge at 301-334-1119, or by e-mail at rspiker1@hotmail.com.

Howell Run Boat Launch Closed At Randolph Lake

The U.S. Army Corps of Engineers at Jennings Randolph Lake has announced that because of low water conditions at the lake, the Howell Run Boat

Launch is now closed to boats that require trailers to launch. The corps ramp is still open to all boats that can be hand carried to the water. The entire lake is also now accessible to shoreline fishing.

The boat launch operated by the Maryland Department of Natural Resources is still open for use. The Maryland launch is along Mt. Zion Road off Maryland Route 135 near the salt shed on Backbone Mountain.

For further information concerning the lake, persons may call 304-355-2346 or 301-359-3861, Monday through Friday, 8 a.m. to 4 p.m. For information on the Maryland DNR

boat launch, persons may call the Potomac Garrett State Forest at 301-334-2038, Monday through Friday, between 8 a.m. and 4 p.m.

LifeSkills Teams With Parents To Help Put Children On Right Track

by David Foster

One of the top priorities of our society is the physical health of our children, and there are a number of programs, classes, and health care providers that work hard at making sure every child has the best in medical care and nutrition for his or her growing body. While sometimes overlooked, a child's mental health needs require the same nurturing from the very start of life and throughout childhood and adolescence. As with physical health, the whole of a child's life comes into play when discussing mental health.

A fairly recent addition to local programming serving the mental health needs of local children and youth is the LifeSkills Program. A school-based, year-round psychiatric rehabilitation program, LifeSkills serves kindergarten through high school students across the county both after school and throughout the summer months. From its inception in September 2001, when it began serving a handful of children in just three schools — Northern and Southern middle, and Dennett Road Elementary — LifeSkills has grown to

serve over 200 students and their families by adding services at Southern High and Grantsville, Yough Glades, Crellin, Broad Ford, and Accident elementary schools.

"LifeSkills is the best thing that ever came to Garrett County," Southern parent Barbara Lyons commented. "We've seen a huge change in my child at home, and his teacher said the same thing last year in the classroom. His schoolwork and overall attitude improved, and now he gets along much better with other kids. His grades jumped, and his teacher even began using him as a mentor for other students in the classroom. It's been a fantastic program."

Just one of many mental health services available for persons of all ages at the Mental Health Center, a non-profit comprehensive mental services provider with local headquarters in Oakland, LifeSkills offers regular homework assistance and guidance in developing proper classroom and study habits, plus skill- and character-building exercises. The year-round program also takes advantage of the region's natural resources to engage students

AN ESPECIALLY IMPORTANT LIFESKILL for all ages is the ability to have fun, as these LifeSkills participants are demonstrating at the program's annual picnic, held recently at Herrington Manor State Park. The event drew nearly 300 appreciative students, parents, and school administrators to share a meal and a full afternoon of fun with the rapidly expanding LifeSkills staff. "While we don't want to lose sight of meaningful learning, we also never want to forget that it should be fun to be a kid," commented LifeSkills director Jeff Graham. Some of the picnic action is shown here, as the Broad Ford Elementary School team is shown above presenting an original skit. Team leader Joe Wise is at the far left, and from the left in Row 1 are: George Kim-mell, Charles Thompson, Kelsha Hottinger, Brandi Kent, C.J. Hoyer, David Kitzmiller, and T.J. Riley. Row 2: Lydia Kinch, Ryan Corby, Bobbi Kent, Cody Hoyer, Arthur Elchorn, Dayton McKenzie, and Destiny Hoyer. Row 3: Natasha Hoyer, Christy Moon, Josh Everett, J.D. Moon, Kaitlyn Jamison, and Rosalee Reed. Southern Middle School's Justina McRobie and R.J. Shifflett are pictured below "sprinting" for the bag race finish line. "We're always striving for the total education of children in Garrett County's schools," school superintendent Dr. Wendell Teets commented. "LifeSkills is helping us educate the total child, by getting kids to believe in themselves and know that they can be successful. All it takes is for someone to take a real interest in a child." Information about the LifeSkills Program, currently offered in all grades at nine local schools, can be obtained from Graham at 301-334-9002.

in challenging adventure sports activities such as rock climbing, rappelling, caving, hiking, and whitewater rafting in order to build self-confidence and teamwork

skills. "We want kids to develop healthy lifestyles, not just physical but mental too," explained Jeff Graham, LifeSkills Program director. "With proper guidance, anyone can learn to be self-caring, make good choices, and make good personal attributes — such as kindness, respect, and empathy. We want to put kids on the road to becoming good adults by learning how to make choices, because making the right choices is what being an adult is all about. Kids need to know that they can deal with life's obstacles in healthy ways; obstacles will always be there, for all of us, but it's knowing how to deal with them that makes the difference," Graham said.

"We offer kids choices, and support them when they make the right decisions," SMS team leader Dawn Ashby said. "For example, many times children don't realize they have choices; they might think 'punch first,' without knowing there are other alternatives. We work with parents to help them know how to encourage proper behavior, and we work in conjunction with classroom teachers in the event a LifeSkills participant needs some extra one-on-one attention. A teacher might call on us to talk to a student in the wake of a classroom incident, and we'll walk through what happened, showing them how — although they can't control what others will do — they could have made choices to take steps that would have led to a better outcome for everyone."

Goals are put in place in school and at home, in areas including grades, behaviors, and personal interactions with fellow students and family members. Setting goals gives kids a direction to go, and shows the family how they can help their child along by providing appropriate reinforcers. "Mental health services require a personal relation-

ship, it's not an exact science," explained Graham, a

Grantsville native whose Oakland office shelves are bursting with camping equipment, games, and stuffed animals, along with the latest in scientific journals and texts. "Our staff works hard to build comfortable mentoring relationships with the kids in their programs, some of whom they see every day. It's also important to build relationships with the parents and other family members, because a parent is the primary force in a child's life."

Using a holistic approach to a child's well-being, LifeSkills also offers parents and other family members a wide range of support in both educational and fun ways. The program supports adults as they carry out their important roles, and offers individual, group, and family therapy services, as well as luncheons and dinners where LifeSkills staff, parents, and other caregivers can sit down and discuss strategies and solutions.

LifeSkills boils down to helping children cope with the ups and downs that life throws at them and, according to observers, it's a success at what it does. "LifeSkills is turning out to be a wonderful program for our students," remarked Accident Elementary principal Sheila Miller.

"The program started here last May with 11 students and has nearly tripled in size, with more kids asking to get in. I can see a big difference in a lot of the kids since last spring. Some children were very timid and unsure how to communicate with adults; now children who wouldn't even look at me in the hallways last year have more self-confidence, and are coming up to me to say hello, and are willing to share some new information they have learned from their classroom teachers or what exciting activities they've been doing in LifeSkills," said Miller.

"I've been able to see a difference in my classroom thanks to our LifeSkills program here at Accident,"

added fifth grade teacher Carol Beard. "My students who are regular LifeSkills participants have shown noticeable improvements in self-esteem, and with their homework and social skills. I'm looking forward to giving out good grades to students who are learning how to organize their time and are doing their homework on a regular basis; and it may sound simple, but it is so nice to hear students saying 'please' and 'thank you.'"

Parent Dori Housman, who has a child in the Grantsville Elementary program, said "I drove a schoolbus for 11 years in Prince George's County, so I've seen all kinds of children and their behaviors. LifeSkills is great; my child's schoolwork and overall attitude has changed immensely, and he gets along a lot better with the other kids. But what sticks out the most is how much he loves it. He'll come home excited to tell us about what they've been doing and learning, and during the summer he would get outside early and could hardly wait for the staff to pick him up and get going for the next activity."

Although the program's short-term successes hinge on creating such enthusiasm, LifeSkills' long-term goal for each of its participants is much more profound — and life-changing, Graham explained. "LifeSkills is a preventative program, we work to prevent kids from having to go into foster care, the judicial system, or an institution. We offer a least restrictive approach and, being a step-down program, our ultimate goal is for a child make

strides and improvements to the point where we offer less and less services, and eventually have the child move out of the program altogether.

"That's when we know we've succeeded; until then, we're just one of many local programs that are filling a need here in Garrett County. We're very proud to be playing our part in the community's mental health system."

LifeSkills accepts referrals from parents, schools, and the Department of Social Services and other governmental and private agencies that work together to help put children on the road to success. Persons who would like to learn more about the LifeSkills Program, or any of the other services offered by the Mental Health Center, may contact Graham at 301-334-9002.

TEXAS SING

SEPT. 22
The annual Texas Sing, held at the Bethel United Methodist Church, Horse Shoe Run, will begin at 1 p.m. this Sunday, Sept. 22. The public is welcome to attend.

HARRIS-KIRKLAND WEDDING NOTED

Leeanna Harris and Gerald Kirkland were married in an outdoor ceremony in Beaver Falls, Pa., on Aug. 21.

Leeanna "Annie" is the daughter of Retha Johnson, Horse Shoe Run, and Jerry is the son of Sherman and Betty Kirkland, Beaver, Pa.

REMEMBRANCE SERVICE

The Union District Ministerial Association planned the 9/11 Remembrance Service for the Union District, which was attended by a large representation of those who have served or are serving in our armed forces, by those volunteering in the community in the fire department or ambulance service, and by law enforcement officer Jeff Roberson, the only Union District representative.

The services were held on Wednesday evening, Sept. 11, at the Aurora Elementary School. Members of the Preston High Jr. ROTC presented the flags, and the singing of "The Star Spangled Banner" was led by the Rev. Michael Ludle, pastor of the Aurora United Methodist Church, who also sang, "God Bless the U.S.A." at the conclusion of the program. "Heal Our Land" was sung by the Community Choir, and Debbie Strawser, pastor of

the Mt. Grove Church of the Brethren, was the evening's speaker. She challenged those present to pray for their country, their leaders, and for five special persons each day.

Other pastors involved in the service were the Rev. Dave Parker of the Maple Grove Assembly of God and the Rev. Sam Moon, pastor of the Brookside Church of the Brethren. The Rev. J. Rogers Fike of the Maple Spring Church of the Brethren had assisted in the planning and was present for the service.

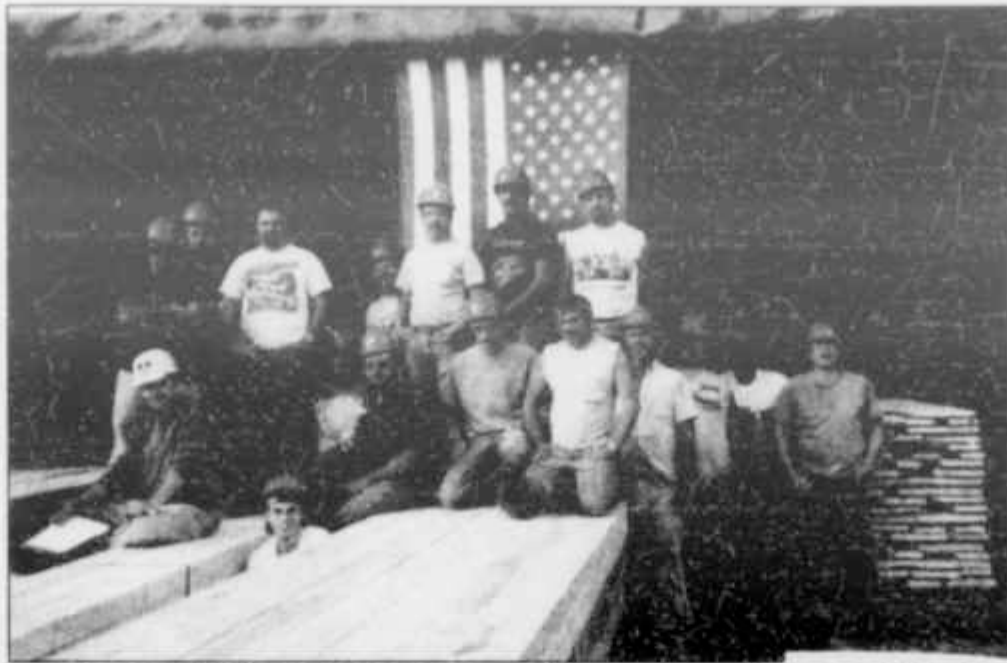

UNION SENIORS

An informational meeting for caretakers of Alzheimer's victims was held at the Aurora United Methodist Memorial Building on Sept. 12. The business meeting for Union Seniors was held following this meeting.

On Friday, the seniors enjoyed a local tour which took them to the Yoder farm in Pleasant Valley, where they saw the hydroponic tomatoes and the new housed red raspberry plants. They also toured the Garrett County Historical Museum and the old train station in Oakland. Lunch was at the newly opened Fairlea Restaurant in Aurora, and then they went to the Jerry and Terry Hauser dairy farm, where the milking process was in operation. A planned visit to Crimson Shamrock Farm was postponed until a later date.

Camp Horseshoe To Host Quilt Camp

Camp Horseshoe, St. George, will hold its first-ever Quilt Camp this October 10-12.

"We'll piece an Apple Bar quilt, or persons may bring their own unfinished project(s) to work on," said Mary Smith, who heads up

this new program. "Quilters like to learn from each other and share new ways to do things," she said. "We'll benefit from the teaching of Clara Boserman and Ruth Gotinsky, both well respected quilters and members of the Log Cabin Quilters Guild. Dorothy Demboski will also teach us how to make a rag doll."

YMCA Camp Horseshoe is located near Leadmine in Tucker County's Monongahela National Forest. Information is available by calling Mary Smith at 304-478-2481 or via e-mail at Mary@hi-y.org.

Terra Alta Church To Serve Dinner

The Terra Alta Presbyterian Church will sponsor a dinner on Saturday, Oct. 5, from 4:30 to 6:30 p.m. The meal will consist of creamed turkey and "Willie's biscuits," mashed potatoes, green beans, cole slaw, dessert, and a beverage. The cost will be \$6 for youth and adults, and \$3 for those age 6 and under.

Blackwater Falls Canyon To Be Topic For Club

Sam McCormick, a representative of the West Virginia Highlands Conservancy and an award-winning West Virginia wilderness photographer, will present a slide lecture for members and friends of the Cranberry Garden Club of Preston County on Tuesday, Sept. 24. McCormick will speak about the conservancy's current efforts to preserve the Blackwater Falls Canyon area for public recreational use.

The meeting will be held at the boathouse at Alpine Lake near Terra Alta, beginning at 7 p.m. Copies of McCormick's photographs will be available for viewing and purchase.

The club welcomes women and men as members, and meets monthly in the Kingwood and Terra Alta area. For more information and/or directions to the meeting site, persons may

Reckart's Mill Day Fest, Pig Roast Scheduled

The fifth annual Mill Day at Reckart's Mill, located along Orr Road near Cranesville, will take place Saturday, Oct. 5. A pig roast will be one of the features of the event, which will take place from 11 a.m. to 3 p.m. Included on the festival slate is a performance by the band J.C. and the Boys, craft exhibits, a quilt raffle, 50/50 drawings, and sales of food. The mill will be open for tours.

Listed on the National Register of Historic Places, Reckart's Mill was constructed in 1865 by Henry Albright, who built the three-story structure using a post and beam construction scheme. The mill actually spans the creek, and the building contains all the original mill equipment that includes four sets of French

mill stones, sifters, and crackers.

All proceeds from Mill Day will go toward the continuing restoration of the mill. Past festivals have raised funds that were used to replace deteriorating siding and restore the 20-foot Filzwaterwheel, among other projects. All donations to the mill are tax-deductible.

Persons interested in further information on Mill Day, or the historic Reckart's Mill may call 304-789-2225.

TA Church Sets All-Day Dinner

The Terra Alta First United Methodist Church will hold an all-day buckwheat cake dinner Thursday, Sept. 26. The event will be held from 5 a.m. until 7 p.m. in the church's fellowship hall.

The menu includes buckwheat cakes, sausage, sausage gravy, home fries, apple sauce, and drinks. The price is \$6 for adults and \$3 for children.

It's that time again...

WARM THE CHILDREN

Providing New Winter Clothing For Needy Children

For the sixth year, *The Republican* is asking for your help. Without it, many Garrett County children will go cold this winter.

Just what is *The Republican* newspaper's WARM THE CHILDREN FUND?

The Republican's WARM THE CHILDREN FUND is basically neighbors helping neighbors. We here at the paper are asking for monetary donations (tax deductible) from you, the readers. The collected funds are being used to purchase new winter clothing for Garrett County children in need. Because the newspaper administers the program, there are no added fees or overhead costs. Every penny donated is used to buy the winter items.

How are needy children being identified?

A special core of volunteers is working right now to identify those in need this year. (Please do not call for the service. If you have been selected, you will be notified.)

How will the children's clothing be purchased?

Volunteers are taking the families shopping at Wal-Mart. The children, with the help of their parents, may select their own new coats, hats, sweaters, long johns, jeans, boots, pajamas, or other needed winter items, spending up to \$100 per child.

We need two things: volunteers and donations.

To volunteer as a shopper in Oakland, please contact Linda Thomas at 301-387-6203. To volunteer as a shopper in Northern Garrett County, please call Lisa Broadwater at 301-895-5827 or 301-746-8223. For general information, you may call Mary McEwen at the newspaper office at 301-334-3963.

THE REPUBLICAN

To make a donation, please complete the coupon below, cut it out, and mail it along with your tax-deductible contribution to the address noted. All checks should be made out to **Warm the Children Fund**.

Please make your donations before November 20, 2002. Those collected after November 20 will be saved for next year's campaign.

COUNTY-BRED CHAMPION, RESERVE CHAMPION STEERS — The beef "County-Bred Class" was awarded for the second year at the Garrett County Fair. Animals entered in this category must have been born in Garrett County (embryo implant does not qualify). County-bred steers with the highest placement in each weight class competed for the county-bred champion designation. Eli Green, son of Ron and Tina Green, was the recipient of this award. He is a member of the Red House 4-H Club. Green is pictured above with his steer and with buyer Dave Thomas of the Mettiki Coal Company. Pictured below is the Reserve Champion County-Bred Steer honors recipient Andrew Harvey, son of Scott and Sandy Harvey, and member of the Country Kids 4-H Club. Shown from left are buyers Steve Savage and Brittany Bula, managers of Smiley's Pizzeria, and Harvey. The county-bred champion and reserve champion banners were sponsored by the Jack and Terri Rodeheaver and the Gary and Nancy Berkebile families.

RABIES CLINIC SCHEDULE

The Garrett County Health department announces the third and last series of low cost rabies clinics for 2002 for the vaccination of cats, dogs, and ferrets beginning Monday, September 23, 2002 and concluding Saturday, September 28, 2002 at the following locations:

TOWN	SITE	DATE	TIME
Grantsville	Elementary School	Monday 9/23/02	5-6 p.m.
Swanton	Community Center	Tuesday 9/24/02	5-6 p.m.
Crellin	Elementary School	Wednesday 9/25/02	5-6 p.m.
Friendsville	Elementary School	Thursday 9/26/02	5-6 p.m.
Kitzmiller	Fire Hall	Friday 9/27/02	5-6 p.m.
Oakland	Health Department Memorial Drive	Saturday 9/28/02	10 a.m.-12 noon

Cost of the vaccination is \$5.00 per animal at the clinics. Dogs must be on a leash and under the control of a responsible individual. Cats and ferrets must be brought to the clinic in a cage or a tightly secured box with air holes. If cage or carrier is not available, the cat must be carried in a pillowcase or suitable cloth sack. Close contact of animals at the clinics increases the risk of bites or scratches. Please be prepared to restrain and control your animals in order to avoid a potential incident.

Study On Economic State, Prospects For Maryland Agriculture Released

Agriculture in Maryland faces serious challenges, but remains a major factor in the state's economy, with promise for the future, according to a newly released study conducted by the University of Maryland Center for Agricultural and Natural Resource Policy for the Maryland Department of Agriculture. Despite challenging market conditions, farmers are successfully increasing productivity, controlling costs, and taking advantage of new market opportunities.

The report identified sprawl development, weak markets for key commodities, and environmental requirements as the most serious challenges facing Maryland farmers. But, farmers' continual search for profitable markets along with state and federal commodity and conservation initiatives, such as the rural land preservation programs included in Governor Parris N. Glendening's Smart Growth policy, have begun to address these challenges, according to the report.

"The future of agriculture and the preservation of our remaining open space are directly related to each other," Governor Glendening said. "This is why our aggressive agricultural land preservation initiatives over the past eight years have been so important to every Maryland citizen. Our farmers and our environment, and thus all of our citizens are better off today because of our commitment to these Smart Growth policies."

The study was directed by University of Maryland agricultural economist Dr. Bruce Gardner. Among its findings are:

1. Maryland has in the past lost farmers and farmland at rates faster than those in neighboring states or in the U.S. as a whole, but the rate of loss has slowed substantially in recent years.

2. Agriculture's contribution to the state's economy in inflation adjusted dollars has remained relatively steady over time.

3. Average net farm income in Maryland has increased over the past 20 years and exceeds that of the nation and other states in the region.

4. Maryland farmers are effectively adapting to changing markets, capitalizing on population changes in regional metropolitan areas and on growing international demand.

"Our farmers are holding their own against suburban sprawl while implementing the nation's premier envi-

ronmental management initiatives, and continuing to generate food and fiber for consumers throughout the world," said Maryland Secretary of Agriculture Hagner R. Mister. "Farmers are our best conservationists and we need to do everything we can to ensure future generations of farmers will continue to produce and conserve."

The study of Maryland's agricultural situation was undertaken at the request of the Maryland Department of Agriculture in

response to concerns expressed by the Maryland General Assembly's House Environmental Matters Committee and others that population growth in rural areas, environmental regulations, and economic factors are threatening to drive out farmers. A steady decline in the number of farms in the 1990s, the aging of farm operators, and the declining number of children of farm families choosing to remain in agricultural careers were among the concerns that led to the study. While the report confirms that these factors have had a direct impact on farming, many positive

THE SHEEP CITIZENSHIP AWARD was presented for the third year at the Garrett County Fair, and this year was given to Sarah Pyeall of the Country Kids 4-H Club. The award is presented by the Wilhelm family of Grantsville in memory of Roger Wilhelm, who was very involved in the Grantsville 4-H club for 10 years, held many offices, and was always willing to help other 4-H'ers with their market sheep projects. Roger was also a 4-year member of Northern Garrett FFA and served on the Garrett County Livestock Association board. "Roger lived for fair week. He loved it!" said his mother, Alice Wilhelm-Smith. The family presented the plaque to Pyeall because, they said, she is always helping other 4-H'ers or leaders with various projects, is polite and courteous to others, and was very involved in the fair as well as many community activities, including the Southern Garrett Rescue Squad. Pictured from left are Wilhelm-Smith, Pyeall, and Lacie Berkebile, 2002 Garrett County Farm Queen.

HELPING HANDS — The Helping Hands Award, sponsored by Rick McCroble, was given recently to Daniel Skipper. The honor is bestowed on an outstanding youth who goes above and beyond to help fellow fair exhibitors with the dairy barn chores and other duties. Skipper received a "Power of Giving" clock inscribed with an inspiring message. Others receiving recognition were show ring helpers and an outstanding helper. Seated from left are show ring helpers Becky Berkebile, Andrew Harvey, Randi Rodeheaver, Tracy Bowman, and Rachel Schmidt. In the back row from left are Farm Queen Lacie Berkebile, show ring helper award recipient; Rick McCroble, award sponsor; Stephanie Brenneman, show ring helper; John Coarier, Outstanding Helper Award recipient; and Skipper.

elements were identified as well, including:

1. Agriculture is the single biggest contributor to the economy of many areas of the state.

2. Farm household income, including non-farming income, is favorable compared to other states.

3. The relative high value of agricultural land buttresses farmers from year-to-year variations in farm income.

4. State and federal policies that support the preservation of land in farming, implementation of conservation and environmental programs, as well as commodity supports have helped farms survive.

The report projects that over the next 10 years, 40,000 acres of the current 2.1 million acres of land

and up to 400 of Maryland's 12,400 existing farms will be lost assuming a continuation of current conditions and policies. Despite the importance of evolving and relatively new niche farm enterprises, Maryland agriculture will continue to depend heavily on traditional commodities such as corn, soybeans, and poultry. The study suggests that

state-level policies that can promote the continued viability of broiler production in Maryland are crucial. It also recommends state-level policy and technical support for the production and marketing of specialty and value-added crops and other crops excluded from federal support programs.

Thank You!

I'd like to thank all the people who worked so hard on my campaign. I'd also like to thank the voters of Garrett County who supported me.

Dairy Profits are Up...For Processors, Not Farmers
Prices for wholesale milk have fallen in recent months, which is not good for farmers, but is very good for dairy processors. When dairy processor Suiza Foods acquired Dean Foods, they became the largest U.S. dairy company, and on August 8, company officials said quarterly profit more than doubled. The reason for the staggering profits according to analysts are better-than-expected earnings... and lower milk prices paid to farmers. Dean Foods posted net income of \$73 million, or 72 cents a share, in the second quarter, compared with \$34.6 million or 55 cents a share, in the year-earlier period. The company was formerly known as Suiza Foods, and completed the purchase of Dean Foods last December for about \$1.5 billion, plus the assumption of about \$1 billion in debt.

SEALING MEMORIAL SCHOLARSHIP - Autumn Rizer, daughter of Bob and Mary Ann Rizer, Frostburg, is the 2002 recipient of the John Thomas Sealing Memorial Scholarship, presented annually by Mr. and Mrs. Donald Sealing. The scholarship is awarded to a 4-H member or former member entering college as a freshman with studies in the field of education or health care. Rizer, a 9-year member of the Grantsville 4-H Club, will be a student in the nursing program at Allegany College in the spring. She is pictured (right) with Jane Sealing, award sponsor.

Marketbasket Survey, consumers enjoyed a 2.3 per cent decline in retail supermarket prices during the second quarter of 2002. The informal survey of 16 basic grocery items revealed an 82-cent decrease from the first quarter's results. AFBF senior economist Terry Franci says American consumers pay just 10 per cent of their disposable income for food, which makes the United States one of the lowest food-cost countries in the world. According to the survey, ground chuck declined \$0.26, falling to \$1.91 per pound; sirloin tip roast dropped \$1.12 to \$2.78 per pound; bacon was down \$0.06 to \$2.78 per pound; whole fryers were down \$0.06 cents to \$1.01 per pound; and pork chops held steady at an average cost of \$3.17 per pound.

Don't Wait too Long

Harvest is fast approaching and one important item you want to avoid is not harvesting soon enough. Many of the research reports across many Universities cite that around 80-90% of the losses during harvest occurs at the header. These losses can be avoided by harvesting when the beans are 13%. Soybeans drop moisture quickly. In one study in Illinois in a five-day period the beans dropped from 42% to 13% a net 6% per day. In Iowa, beans that were 15% in the morning were 9% by 1:30 p.m., telling us that timing is critical. It is recommended to plan to harvest two weeks after 95% of the pods are mature or R8 to the eye the bean pods would be brown. It is important to get the crop out as quick as possible, because if the pods shrink and swell after this, dry matter will suffer resulting in less yield each day harvest is delayed.

Almost Time to Put Alfalfa to Sleep

As with any perennial crop this is the time to put the crop to bed with adequate amounts of potassium and phosphorus. There is still time to soil test and determine crop needs. If no soil test were available I would recommend applying 0-80-250 actual pounds of P and K.

MD Center for Agro-Ecology, Inc.

I would like to pass along the following information from former Governor Harry Hughes, President of Agro-Ecology, Inc. He is extending an invitation to leaders in agriculture, forestry, watershed preservation, land protection and local planning to join the board of directors for a short, informal and hospitable get together. The purpose of the meeting is twofold: to acquaint you with the Center, and to solicit your advice on how to use the resources the Center has at its disposal to assure that farming and forestry remain sustainable economically in Maryland within the context of sound environmental practices. The meeting will be held on Monday, September 23, 2002, from 1:00 to 3:00 P.M. Room 303, Continuing Education Building, Garrett College, McHenry.

Vegetable Harvest Nears Completion

Last week started out dry with some showers by week's end, giving Maryland farmers an average of 6.2 days suitable for field work, which they took advantage of to advance harvesting activities. Vegetable harvest is coming to a close for crops such as sweet corn, snap beans, tomatoes, and watermelons. Sweet corn is 91 percent harvested, 3 percent behind last year, and 4 percent behind the five year average. Snap beans are 90 percent harvested, 3 percent more than last year, and 1 percent ahead of the average. Ninety percent of the tomato crop is harvested, 2 percent behind last year, and 5 percent behind the average. Watermelons are 87 percent harvested, matching last year, and 8 percent behind the average.

The drier part of the week allowed farmers to advance corn harvested for grain and silage. Grain harvest is 19 percent complete, 8 percent ahead of last year, and 6 percent ahead of the five year average. Corn harvested for silage is 80 percent complete, 26 percent ahead of last year, and 32 percent ahead of the average. Corn conditions are rated 1 percent excellent, 10 percent good, 15 percent fair, 27 percent poor, and 47 percent very poor.

The dry conditions caused soil moisture to

GARRETT MEDICAL GROUP, P.A.

Is pleased to announce the arrival of two new physicians to the practice. They will be accepting new patients as of October 1, 2002.

Christine Browning, M.D. is a Garrett County native, having graduated from Southern High School in 1991. She attended Hood College in Frederick, Maryland, graduating magna cum laude with a B.A. in Biology in 1995. Matt Duran, M.D., originally from Bethesda, attended the University of Virginia in Charlottesville, VA, and received a B.A. in Interdisciplinary Studies with distinction in 1995.

They went on to meet at the University of Maryland Medical School and received their medical doctorates in 1999. After getting married, they ventured west to Pueblo, Colorado, where they completed their family medicine residency at Southern Colorado Family Medicine in June of this year. During this time, Christie completed a specialized obstetrics training tract.

Christie and Matt are excited to return home. Christie will be practicing full spectrum family medicine, emphasizing obstetrics, pediatrics and internal medicine. Matt will offer full spectrum care including obstetrics, pediatrics and internal medicine.

In their free time, Christie and Matt enjoy a variety of outdoors activities that western Maryland can easily provide

JWCC WARMING THE CHILDREN — The Junior Woman's Civic Club has offered its support for The Republican newspaper's Warm the Children program by donating \$100 to the cause. Warm the Children is a non-profit campaign to raise money which is then used to purchase new, warm winter clothing and footwear for local children in need. Organizational Meeting Set For Civil War Group

An organizational meeting for the Fort Pendleton Civil War Roundtable has been set for Tuesday, Sept. 24, at 7 p.m., in the National Guard Armory, Oakland.

Persons interested in the Civil War, 1861-1865, are encouraged to attend this meeting, and listen the speaker of the evening,

Richard Good, an accomplished Civil War speaker and enthusiast. Good will speak about "Sickles" the Incredible, a Union general, who was most controversial during the war, especially during the battle of Gettysburg and the years after.

Persons are urged to share their thoughts of their favorite battle or individual. "The subjects are endless of this time in the history of our nation. You may have the sentiments and affection for either side, Union or Confederate; come share

your knowledge," said a spokesperson.

There will be time after the speaker's presentation for questions or retort regarding the content of the subject matter. According to a spokesperson, now all arms and weapons will be collected at the door, and safety is ensured by the sergeant-at-arms.

For more information, persons may call Larry Cosner at 301-334-4300.

Chamber Event To Benefit Rec. Trails Project

The Recreational Trails Initiative will get a boost from the business community when the Pine Lodge Steak House and Smiley's FunZone & Pizzeria host a Garrett County Chamber of Commerce Business After Hours gathering. Slated for Tuesday, Oct. 1, the social event will raise funds to support the trails project, as well as introduce the new chamber president, Charlie Ross.

Jonathan "Smiley" Kessler explained that members are very interested in meeting Ross, who assumed the role of president on Sept. 16. The Business After Hours event will give them this chance, plus the opportunity to help build the countywide trail system, he said.

"The ticket price for this special chamber event is \$15 per person," said Kessler. "Your admission price gives you great hors d'oeuvres and access to the go-carts and miniature golf. Ten dollars of the fee will go toward the Recreational Trails Initiative."

Ross, a native of Garrett County, said he is looking forward to meeting and working with the chamber members. "It is really great to be back in Garrett County and to be working with the Chamber of Commerce."

For more information on the Business After Hours, persons may contact Amy at the chamber at 301-387-4386 or 301-245-4400.

BBBS RECOGNIZES "BIG LUNCH BUDDIES" — The Garrett County chapter of Big Brothers Big Sisters sponsored a back-to-school recognition luncheon recently for mentors who volunteer as Big Lunch Buddies. These Big Lunch Buddies spend one hour per week having lunch with their Little Lunch Buddy at the child's school. Studies have shown that just one hour per week with a caring adult mentor makes a positive difference in attitude, grades, school attendance, and respect for teachers. Adults interested in volunteering for the program are encouraged to call local BBBS coordinator Joan Johnson at 301-334-3591 or 800-400-0735 for information. Pictured in the first row are Lisa Thayer Welch, Patricia Copeland, Ann Hill, Joan Johnson, and Kris Craig. In the second row are Stacey Lowman, Rae Ellen Finn, Elaine Paugh, Misty Simmons, Maury Feinstein, Rebecca Sanders, Debbie Feinstein, Scott Johnson, and Sandy Bell. Photo by Joan Johnson.

Allegheny Power Warns Customers About Impostors

Impostors pretending to be Allegheny Power employees or contractors have surfaced in portions of the company's service area in recent weeks, prompting the company to issue an alert to its customers.

"All Allegheny Power employees, including linemen, servicemen, and meter readers, carry the same type of company photo identification card," said Jim Haney, vice president of customer operations. "Our employees will show this ID to any customer upon request. Allegheny Power contractors, including tree trimming personnel, all have company identification cards and often wear clothing displaying their company's name."

Customers who are uncertain about the identity of someone claiming to work for Allegheny Power should call the company toll-free any time of day or night at 1-800-Allegheny (1-800-255-3443).

"In most cases, our employees do not need to enter a customer's house to perform their work," Haney said. "To be safe, do not allow any individual to enter your home until his or her identity has been confirmed."

Allegheny Power, an Allegheny Energy company, serves 3 million people in parts of Maryland, Ohio, Pennsylvania, Virginia, and West Virginia.

Roscoe Bartlett To Be Honored By NMFA Today

Rep. Roscoe Bartlett (R-Md., 6th) is scheduled to receive a Legislator of the Year Award today, Thursday, Sept. 19. The honor will be presented by the National Military Family Association (NMFA) during an evening reception in the Dirksen Senate Office Building, Washington, D.C.

According to an NMFA spokesperson, the congressman was chosen "for his service and dedication to improving the quality of life for military members and their families."

Specifically, the organization cited Bartlett's support to improve the quality of Morale, Welfare, and Recreation (MWR) Services for military service members and their families.

"Representative Bartlett understands the uniqueness of the military family. NMFA, as 'the Voice for Military Families,' recognizes and appreciates his work and his support for military families," said the spokesperson.

The NMFA is a non-profit, predominately volunteer organization with membership from the seven uniformed services, active duty, retired, reserve component, and their families and survivors. NMFA is the only national organization whose sole focus is the military family and whose mission is to serve those fami-

lies through education, information, and advocacy, according to the spokesperson.

In Who's Who

Sean Buckle, Mtn. Lake Park, has recently been honored by Who's Who Among American High School Students. His biography has been accepted for publication in the 36th annual edition, 2002-2003.

A senior at Southern Garrett High School, Buckle is a member of the track and soccer team. He is also

a past member of the Arsenal Football Team. He attends Pleasant View Baptist church, where he is a member of the youth group.

Buckle is the son of Gillian and Terry Shreve and the grandson of Audrey Neale, Birmingham, Eng-

land, and Sonja and William L. Shreve Sr., Oakland.

Bloodmobile To Visit Grantsville

An American Red Cross bloodmobile will welcome donors at the Grantsville fire hall, 28 Dorsey Hotel Road, next Monday, Sept. 23, from 12:30 to 6:30 p.m.

The blood supply shortage continues for the Johnstown Region of the ARC, of which Garrett County is a part. Persons who are at least 17 years of age, weigh at least 105 pounds, are in generally good health, and who have not donated blood for at least 56 days

prior to the visit date are eligible and encouraged to give blood. For more information, persons may telephone the Western Potomac Chapter of the ARC at 1-800-361-9481 or 301-772-1760.

Homecoming Set At Bloomington

The Bloomington United Methodist Church will hold its annual homecoming this Sunday, Sept. 22. A dinner will be held at 1 p.m., and there will be a hymn sing at 2 p.m. The Jubilators Quartet will also provide musical entertainment. All are invited to attend.

Notes From Bittering

by Joan Sussman

It seems like autumn came in a rush in Bittering. After sunset when our temperatures drop sharply, it is time to get up and get moving. Our house is very cool, but of course, it would be unwise to turn the heat on because by mid-afternoon it is back to summer weather. Last week quite a few Bittering residents got their heating fuel tanks refilled. I saw at least two different oil tank trucks stopped at several houses. Of course, it is not just the temperature that is pushing people to start to get their oil in, but it is also comparatively lower in price now than in the midst of winter. It is a shame my cash flow does not allow me to fill my tank now instead of ordering just about 200 gallons at a time. It was

quite a shock last week when my glasses got broke and I found out how much new glasses cost these days.

Another sign of the changing season was the Giotfely family cousin picnic at Fort Frederick near Hancock. My father's first cousins get together every year for their annual picnic.

From Bittering attending this year were Ruth DiPaolo, Carol Bass and family, Rodney and Marci Giotfely and family, Jimmy and Donna Giotfely and their grandson Timmy, Dale Giotfely, Harriett, Ken, and Bill Buckel, and Meredith Sussman. Although my daughters love the picnic, they decided to stay home on the farm with their mother. They were also worn out after another big

band weekend. Last Saturday, Claire and Caitlin Sussman, Robbie and Blakey Giotfely, and Matthew Bass joined the rest of Northern High School Marching Band for a couple band shows in Washington and Carroll counties. It was a long day for them, especially after a full week of practices after school. They left from Northern early Saturday morning and did not return until 1 a.m. Sunday. They weren't overly pleased with their scores yet, but they will get a rare school evening off on Monday this week. I do not expect to see Claire and Caitlin home on the bus, but they will get home about 6:30 just in time to go off with their father. Rodney and Marci Giotfely and Darryl and Elliot also attended the shows and spent the night with brother Barry in Frederick, and then attended the picnic at Fort Frederick.

I saw another group of young things lined up and getting some lessons, I guess, about going south for the winter. I think that is what goes on when in early fall a big bunch of young barn swallows line up on power lines. It is not yet time to head south, but I think it is the first step toward migrating. I also saw the first sign of a number of either vultures or hawks circling over Negro Mountain. Pretty soon they will be joined by lots of other big birds when fall is really here.

A good soaking rain on Sunday hurt the turn-out at the picnic, because it was raining heavily from the Mason-Dixon Line south to Florida. The really driest areas got most of the badly needed rain. I think a hurricane named "Hanna" was responsible for the rain and kept a number of our Eastern Shore cousins from attending. Marian Walsh's Pat attended and brought the traditional crabs. I think Meredith said she ate six crabs. Cousin Courtney Englar provided Pappy Dale a ride, and he saw his mother, Helen Englar, and brother Mike of Westminster. My brother Barry from Frederick also made it to the picnic and rode his bike on the C&O Canal from Hancock to Ft. Frederick.

Last Wednesday everyone remembered what September 11th means, and it was easy for me to remember the exact birthday of one of my friends, Cyndi Kolbe, who had a landmark birthday last week. She had a better birthday this year than last year when Accident Elementary went into a lock-down due to the unknown path of Flight 93. That is one birthday she will never forget. The other

State Park Programs

NEW GERMANY

The following activities have been slated at New Germany State Park. For further information, interested persons may call 301-895-5759 or 301-746-8359.

•Sat. 9/25: A two-hour plant hike will depart from the beach bulletin board at 9 a.m. A DNR naturalist will lead participants as the group locates and identifies late summer wildflowers and herbaceous plants.

•Sun. 9/26: A dragonfly hike will get under way with a 9 a.m. departure from the beach bulletin board. Participants will be looking for damselflies, dragonflies, and skimmers with the help of a DNR naturalist.

DEEP CREEK LAKE

The following activities have been scheduled for this week at Deep Creek Lake State Park. Further information on the programs can be obtained by calling the Discovery Center at 301-387-7067.

•Sat. 9/21: A two-hour historic Brant Mine hike will begin at 10 a.m.; a one-hour "Reptile Mania" program is set for 1 p.m.; "The Modern Ranger - Search and Rescue" will be presented by members of a DNR Search and Rescue Team from 2 to 4 p.m.; a 30-minute children's "Hug A Tree" program is slated for 3 p.m.; a 4 p.m. "Criter Encounter at the Aviary" provides the opportunity to watch the aviary's great horned owl and red-tailed hawk, plus turtles, as they are being fed; and a 90-minute Scales and Tales campfire program will begin at 7:30 p.m.

•Sun. 9/22: A one-hour "Meet the Rangers" open house program will get under way at 10 a.m.; a lakeshore history hike will depart at 11 a.m.; a children's nature craft activity will begin at 1 p.m.; a 45-minute "Buggy Encounter" is slated for 3 p.m.; and the Criter Encounter at the Aviary is slated for 3:30 p.m.

big news from the Kolbe household is that both Cyndi and Bill have their first bout of student virus illness. Who the original patient is who inflicted the first germs is still being debated.

Another note for the New Germany readers - The Howe New Germany County Store has new fall hours. From now through hunting season they will be open from 7 a.m. until dark, or about 9 p.m. Good news for the people commuting along New Germany Road when they can get their cars filled up with gas and can fill themselves up with coffee, etc., on their way to work. Last weekend Joe and Andrea Howe's daughters Sheva and Sara competed in a karate competition in Hagerstown, and they brought home many trophies. In fact, Sheva won in her division championship.

Pastor Pat Pittsnogle joined Keith at Gettysburg Seminary for a program for pastoral candidates and their spouses about what the candidate process is like for seminarian students' families.

Last week I slipped up and neglected to mention that Carl Beachy died on September 7, followed by his burial in Bittering Cemetery. The congregation of Emmanuel Lutheran Church send their love and support to his widow Connie and his family, as they adjust to everyday life after the mourning period and after the funeral is over. This seems to be the hardest time of all for a family. The pain of loss is still fresh and strong, but the showering of love and attention from their friends and family somehow eases the pain when the family goes back to everyday routines - a new routine that will never be the same.

Last week I was surprised by a phone call from Mrs. Sanford Bender offer-

ing me some of her many beautiful flowers from her garden for my nature dolls. While I was there to pick them up she also loaded me up with many luscious tomatoes. At last tomato season in Bittering is in full swing, as many kitchens are steamed up with the canning of the season's bounties. My own refrigerator is full with an overflow from my neighbor's garden.

One thing we seem to be short of this year is apples. My apple tree always produced every other year, no matter what kind of weather we got, but according to a few neighbors I talked to about this year's crop almost the whole crop of apples in Bittering this year was wiped out by a few days of hard frost well into May when the trees were in full bloom. Yes, we had hard frost in Bittering and usually worse here than Accident, Grantsville, or Friendsville, as most of the time it is about 10 degrees colder than even most of the rest of Garrett County. This difference is nice when we are in a heat wave, but that is very rare.

In spite of a bumper crop of milk weed around here this year, we had very few monarch butterflies. I found two dead ones and turned them into a beautiful gown for one of my dolls. Every year I used to collect the green caterpillars from the milkweed and watch them turn into butterflies. But this year I saw none, and it is not just me who noticed it, as I chatted with Susan Arnsen. She told me that a major frost

in Mexico last year killed thousands of monarch butterflies. I did remember reading an article about it, and now I see the reality of it.

Gregory Whittemore started his career as a student at Garrett College and as a member of the Garrett Lakers' baseball team, so we can look forward for a chance to watch Greg on the baseball diamond at GC this spring.

The rain this week brought down some leaves, but hopefully it will slow down the overall fall. The hickory and beech turned golden yellow recently.

Jim, Donna, and Tim Giotfely were guests of Railey Realty at an end-of-summer party given for employees and their families at Smiley's Pizzeria and Fun Zone, McHenry, Tuesday evening. Plenty of pizza, sodas, wings, ice cream, go-cart rides, miniature golf, and Lazer Tag were enjoyed by all who attended. Jim, Donna, and Tim Giotfely also were among those attending the annual Giotfely cousins' picnic at Fort Frederick State Park on Sunday.

Beitzels Hold 64th Reunion

The 64th annual reunion of the descendants of John George Beitzel and his four sons - Henry, Lewis, George, and Christian - was recently held at the Bittering fire hall. The Beitzels arrived in America in the mid-1800s from Germany.

The 175 persons in attendance at the reunion traveled from Texas, Ohio, Illinois, Pennsylvania, West Virginia, and other parts of Maryland. The attendees held a moment of silence for deceased members and all those who lost their lives in the Sept. 11, 2001, terrorist attacks.

A candy pick-up was held for the children, and door prizes were given. Prizes were also awarded for the following: oldest woman - Edna Beitzel, 93;

oldest man - Ernest Beitzel, 86; most newlywed - Craig and Victoria Miller, three months; longest married - Ernest and Lena Beitzel, 62 years; largest family - John and Margaret Beitzel, five members; youngest baby - Tallan Zane Fazenbaker, 3 months; and traveling farthest - Beverly Poitras, Orange, Texas, 1,500 miles.

Officers for 2003 are Wendell Beitzel, president; John Beitzel, vice president; and Hollie Fazenbaker, secretary-treasurer. The next reunion will be held Aug. 31, 2003 at the Bittering fire hall.

ACCIDENT NEWS

ACCIDENT HEAD START

The fund-raising committee for the Accident Head Start Parent Group met at the center on Friday, Sept. 13. They decided to sell pizzas, soda, and cookie dough to help raise money for the children's Christmas gifts, Christmas party, new blinds for the school windows, and other miscellaneous items. Those present at the meeting were Ruth Georg, parent group president; Chad Georg; Tonya Georg; Danielle Moats, Treasurer; and Rob Moats. Staff present were Diana Morgan, Bonnie Haefling, Tina McKenzie, and Darlene Schmidt.

The new officers for the Accident Parent Group for the year 2002-2003 are: Ruth Georg, president; Tonya Georg, vice president; Jessica Perry, secretary; Victoria Ackerman, co-secretary; Danielle Moats, treasurer; Michele Gilpin, co-treasurer; Jessica Perry, Policy Council representative; Ruth Georg, RIF (Reading is Fundamental) distributor; and Tonya Georg, librarian.

ACCIDENT ELEMENTARY SCHOOL
The students will be treated to *Interact*, a play presented by a theater

group, on Tuesday, Sept. 25, beginning at 1:30 p.m. The Aquatic Lab will be at the school during the week of Sept. 23-27.

NORTHERN MIDDLE SCHOOL

There will be an after-school dance on Friday, Sept. 20, from 3:30 to 5 p.m. A note permitting students to attend is required by a parent. The dance is being hosted by Mrs. Kenna-Schenk and Mrs. Nolan.

Picture day for students is scheduled for Tuesday, Oct. 1. Information will be sent home with each student when it becomes available.

NORTHERN HIGH SCHOOL

The Huskies will be competing against Berkeley Springs this Friday, Sept. 20, during their homecoming game, to kick off at 7:30 p.m. A pep rally will be held Friday during school hours, and the homecoming dance will be on Saturday, Sept. 21, from 8 to 11 p.m.

The next JV football game will be played Monday, Sept. 23, at Westmar at 7 p.m.

Members of the golf team will compete in the Region 1 Championship Tournament at Blackrock on Tuesday, Sept. 24, beginning at 9 a.m.

The volleyball team will play at Beall on Wednesday, Sept. 25, and at Bishop Walsh on Thursday, Sept. 26. JV games start at 6 p.m. and varsity games will begin at 7 p.m. each evening.

The girls' soccer team will compete at Fort Hill this Saturday, Sept. 21. The JV will start at 1 p.m. and the varsity at 2:30 p.m. The varsity will compete at Meyersdale on Monday, Sept. 23, beginning at 4:30

Activities and class visits to the nature hall at Hickory will remain the same for the first part of the school year. Once the planetarium classroom is up and running, a revised schedule of "two a day" will be happening — A planetarium activity will be flip flopped with a nature hall session when two classes visit Hickory on the same day.

The schedule of class visits to Hickory through Oct. 11 is: Crellin, kindergarten (Sue Liller); Dennett Road, first grade (Karen Hickman); Grantsville, kindergarten (Mary Norris); Dennett Road, first grade (Jennifer Upole); Broad Ford, fourth grade (Sandy Rodeheaver); Route 40, kindergarten (Dot Minick); Crellin, first grade (Susan Friend); Broad Ford, fourth grade (Diana Thomas); Grantsville, third grade (Marlene Perkins); Broad Ford, fourth grade (Nancy Stewart); Broad Ford, fourth grade (Roman Stevenson); Route 40, first grade (Patty Rice); Grantsville, third grade (Carol Warnick); Grantsville, kindergarten (Kim Collins); Yough Glades, third grade (Patty Shreve); Accident, first grade (Cindy Kolbe and Cindy Stanton); Grantsville, fourth grade (Ruby Thompson); Yough Glades, first grade (Tammy Ewing); Dennett Road, second grade (Donna Miller); Yough Glades, third grade (Emily Nock); and Dennett Road, fourth grade (Norma Rickman).

IN A NUTSHELL

Goldenrod is native to North America. According to Brown & Brown (*Herbaceous Plants of Maryland*) the waxy pollen of these plants is not wind carried, so they are falsely accused of causing hay fever. Keep in mind they bloom about the same time as the less conspicuous ragweeds, which are the allergy culprits.

Goldenrod has been chosen as the state flower of Kentucky and Nebraska, and has even been suggested for the national flower.

Keep Your Home Cool This Summer

Modern reflective films will keep your home cooler in the summer and warmer in winter.

- Stops the sun's glare and eases eyestrain
- Adds indoor privacy
- Reduces Solar Heat Gain and almost eliminates glare.
- Stops 99% of the sun's ultra violet rays for elimination of fading. Lets homeowners open drapes and blinds without worry of fading.
- Lower heating and air conditioning consumption.
- Shatterproof glass; if children are involved in the household this becomes a valuable asset and is well worth talking about.

Contract: SR-01-03
STANDING TIMBER FOR SALE

The Maryland State Forest and Park Service is offering for sale the following timber on 50 acres of Compartments #17 and 18 of Savage River State Forest. This sale is estimated to cut 294,092 Bd. Ft. of measured and marked live hardwood sawtimber according to the International 1/4" Saw Kerf Rule (FC=78), and 194 cords of hardwood pulpwood, more or less.

This timber is located on either side of West Shale Road in a buffer thinning approximately 100 ft. wide between the intersections of New Germany Road and Otto Lane.

1. Timber will be shown at 9:00 a.m. on MONDAY, September 30, 2002. Interested persons should arrange to meet at the intersection of West Shale and New Germany Roads, at the above date and time.

2. Contract/Bid Forms will be available at the showing or from Savage River State Forest Headquarters, 349 Headquarters Lane, Grantsville, MD 21536, 301-895-5759.

3. A Security Bond in the amount of 10% of the bid submitted must be posted concurrently with the bid to the MD State Forest and Park Service.

4. The operator must be a registered Forest Products Operator in Maryland for the current year and hold a Certificate of Erosion and Sediment Control (Green Card) training to be awarded a State Forest Timber Contract.

5. A performance bond in the amount of 10% of the bid amount must be applied to cover the Performance Bond.

6. All timber volumes noted in this offering are estimates. Parties bidding on this timber should determine such volumes to their own satisfaction. NO adjustments on the basis of volumes will be made under any circumstances.

7. Successful bidder may make: (1) full payment upon notification of bid acceptance, or (2) may select to make 50% payment upon notification of bid acceptance, with the remaining 50% payable and due within 90 calendar days of bid acceptance. If buyer selects this option, the delayed payment must be covered by a payment surety bond in a form acceptable to the state.

8. Bids will be received up until 1:00 p.m. on TUESDAY, October 15, 2002.

BONENBERGER AND DOLORES BONENBERGER, HUSBAND AND WIFE, DATED OCTOBER 7, 1971, AND RECORDED OCTOBER 14, 1971, IN LIBER NO. 315, FOLIO 451, ONE OF THE LAND RECORDS OF GARRETT COUNTY, MARYLAND.

ORDER OF PUBLICATION

The object of this proceeding is to secure the foreclosure of all rights of redemption in all that parcel of land known and designated as Lot No. 6, Section 4, Block A, Piney Mountain Corporation, containing 0.46 acre, more or less, situate in Election District No. 6, Garrett County, Maryland, and being the same as described in deed from Piney Mountain Corporation to Russell J. Bonenberger and Dolores Bonenberger, husband and wife, dated October 7, 1971, and recorded October 14, 1971, in Liber No. 315, folio 452, one of the Land Records of Garrett County, Maryland.

The Complaint states, among other things, that the amounts for redemption have not been paid, although more than six (6) months and one (1) day from the date of sale has expired.

IT IS THEREUPON, this 12th day of September 2002, by the Circuit Court for Garrett County, Maryland, ORDERED that notice be given by the insertion of a copy of this Order in some newspaper having a general circulation in Garrett County, once a week for three successive weeks before the 4th day of October 2002, warning all persons interested in the said property to be and appear in this Court by the 11th day of November 2002, and redeem the property and answer the Complaint, or thereafter a Judgment will be rendered foreclosing all rights of redemption in the property, and vesting in the Plaintiffs a title, free and clear of all encumbrances.

SUBSTITUTE TRUSTEES' SALE
OF
VALUABLE FEE-SIMPLE DWELLING

2351 MOSSER ROAD
MCHEENY, MD 21541

Under and by virtue of the power of sale contained in a certain Deed of Trust from Pamela R. Masters to Household Financial III, Trustee, dated August 6, 1999, and recorded in Liber 783, folio 1 among the Land Records of Garrett County, Maryland, the holder of the indebtedness secured by the Deed of Trust having appointed Gerald Danoff, Dennis W. King, and C. Larry Hofmeister Jr., Substitute Trustees by instrument duly executed, acknowledged and recorded among the Land Records of the County aforesaid, default having occurred under the terms thereof, and at the request of the parties secured thereby, the undersigned Substitute Trustees will offer for sale at public auction

AT THE CIRCUIT COURT FOR GARRETT COUNTY, AT THE COURTHOUSE DOOR, OAKLAND, ON WEDNESDAY, OCTOBER 9, 2002 AT 1:00 O'CLOCK P.M.

ALL THAT LOT OF GROUND AND THE IMPROVEMENTS THEREON situated in Garrett County, Maryland, and more fully described in the aforesaid Deed of Trust.

The property is improved by a dwelling and is in fee-simple. The property address is 2351 Mosser Road, McHenry, MD 21541.

The property will be sold in an "as is" condition and subject to conditions, restrictions and agreements of record affecting the same, if any, and with no warranty as to the description of the improvements.

Terms of Sale: A deposit of \$14,000 will be required at the time of sale, such deposit to be in cash, cashier's check, certified check, or in other form as the Substitute Trustees may determine acceptable, in their sole discretion. Balance of the purchase price is to be paid in cash within ten (10) business days of the final ratification of sale by the Circuit Court for Garrett County.

If payment of the balance does not take place within ten business days of ratification, the deposit will be forfeited and the property will be resold at the risk and expense of the defaulting purchaser. Interest to be paid on unpaid purchase money at the rate pursuant to the deed of trust note from date of sale to date of settlement, in the event the property is purchased by someone other than the note holder. Taxes and water rent to be adjusted to date of sale. All other public charges and assessments payable on an annual basis, including sanitary and/or metropolitan district charges to be adjusted for the current year to date of sale and assumed thereafter by the purchaser. Cost of all documentary stamps and transfer taxes shall be borne by the purchaser. If the Substitute Trustees are unable to convey good and marketable title, the purchaser's sole remedy in law or equity shall be limited to the refund of the deposit to the purchaser. Upon refund of the deposit this sale shall be void and of no effect, and the purchaser shall have no further claim against the Substitute Trustees. The purchaser at the foreclosure sale shall assume the risk of loss for the property immediately after the sale.

PUBLIC NOTICE

The Board of Garrett County Commissioners will conduct a public hearing on October 1, 2002, at 7:00 p.m. in the Cafeteria at Northern High School. The Board will receive and consider additional public comments on the following proposals to amend the Garrett County Subdivision Ordinance:

1. A proposal made by Mr. Vernon Wampler of Keystone Paving Inc. to amend Section 1002.3.3.b(1) of the Subdivision Ordinance to eliminate the requirement that a liquid asphalt prime coat must be applied prior to the paving of any new private roads serving over 20 dwelling units.

2. A proposal initiated by the Planning Commission designed to streamline the plat approval process by providing authority to allow staff approval of minor subdivision plats. This authority would be accomplished by amending the following sections: a) 702.B1 to eliminate the 21 day period; b) 702.C.4 to eliminate reference to Planning Commission; c) 702.D. eliminate the current section; d) 702.D add a new section for streamline approval; e) 702.E to specify action of the Planning Director; f) 702.E.5 by replacing Planning Commission with Planning Director; g) 702.E.6 by replacing Planning Commission with Planning Director; h) 703 Minor Subdivision Plat Checklist subsection A.2 to require five copies to be submitted.

3. A proposal made by the Garrett County Economic Development Office to amend the Land Classification Map to expand the C-Commercial Land Classification to include eleven separate parcels of land which are currently classified as R-Rural along US 40 near the I-68 and US 219 interchange at Keyser's Ridge.

NOTICE OF PUBLIC HEARING

The Garrett County Department of Social Services has requested that the Maryland Department of Human Resources approve a waiver of the Child Specific Benefit (CSB) provisions of the Family Investment Program. The requested waiver replaces the CSB third-party payee policy with payment of the grant increment directly to the family.

The Department will hold a public hearing on this waiver request on Wednesday, September 25, 2002, from 1:00 to 2:00 p.m., at the Garrett County Department of Social Services, 12578 Garrett Hwy., Oakland, MD 21550. Questions may be addressed to Tom Rosser, Assistant Director, at 301-533-3081.

How To Buy An Outdoor Furnace

1. Read the warranty. Will the dealer give you a copy to look at?
 2. Know what you're buying.
 3. Look in a new furnace, not a used one. See what you're buying is it designed well to save on wood and coal?
 4. How many years has the furnace been manufactured?
 5. 20 year warranty? What does it cover?
 6. Shop the internet for furnaces and warranties. If warranty isn't listed, they don't want you to know. Look Out!

Bohrer Joins Oakland Bank

Travis Bohr has accepted an appointment from First United Bank, Oakland, to serve as the institution's commercial lending officer for Garrett County, according to William B. Grant, First United's board chairman and chief executive officer.

Bohr has previously held various positions in the banking industry, including commercial account officer and cash management consultant. He also has experience with many facets of finance and marketing in banking, said Grant.

Bohr earned a bachelor of science degree in finance from Frostburg State University. He also holds investment licenses and treasury management certification, and has completed an intensive corporate-wide management training program.

He resides in Cumberland with his wife Julie and their two children.

WWII Institute To House Copy Of Local Book

The Institute on World War II and the Human Experience at Florida State University, Tallahassee, has accepted a donation of a locally produced book that records the experiences of Garrett County veterans who served in World War II. *Remembering WWII*, edited by Joan Crawford, was published by Garrett College earlier this year.

The book will become part of the university's archives collection, where it will be accessible to researchers, instructors and students. Garrett College will retain copyright.

Published in the book are narrative experiences of over 25 veterans who participated in the yearlong series of programs held at the college in 1995 commemorating the 50th anniversary of the end of the war. The book was sold at the Garrett County Historical Museum in Oakland and at the college bookstore.

A few copies of *Remembering WWII* are still available at \$3 per copy. Interested persons may contact Mildred Bray at 301-387-3000.

Appalachian Lab Sets Open House

The Appalachian Laboratory of the University of Maryland Center for Environmental Science has slated an open house for 1-3 p.m. this Saturday, Sept. 21, at its Frostburg location. Visitors to the environmental research and education facility will have the opportunity to learn about the latest advancements in the field.

"Visitors will hunt for stream and forest bugs, visit miniature swamps in our state-of-the-art greenhouse, examine images of local forests taken from satellites orbiting the earth, learn about the health of western Maryland streams, and much more," spokesperson Paullette Orndorff said.

The open house is part of the Pace Plus event in Frostburg. The Appalachian Laboratory, one of three research labs of the UM Center for Environmental Science, is located at 301 Braddock Road, just north of Interstate 68's Exit 33. Persons may call the facility for more information at 301-689-7100.

SWANTON NEWS

CHURCH HOMECOMING

Homecoming Day at the Swanton Otterbein United Methodist Church was Sunday, Sept. 15. Following Sunday school, under the direction of superintendent Mrs. Linda Fleming, lay leader Carl Lee opened the 11 a.m. worship service. Pastor Vickie Minnich gave the children's sermon. Mrs. Sandra Schofield directed the church choir in "O Happy Day." Special music was presented by the children. Pastor Minnich's sermon topic was "Homecoming."

After dinner was served in the church social hall, the afternoon program began with Orval Teets presiding. There were approximately 50 people in

attendance. Providing entertainment were the church choir; Ray and Carol Sweitzer with their guitars; Robert Winters at the organ; trio Sandra Schofield, Linda Fleming, and Mary Wilson, with pianist Mary June Harvey; and Linda Fleming singing "Jesus Loves Me, I Know" from her album, *For His Name's Sake*.

George Rexroad led the assembly in prayer. Silent prayer was held in memory of Katherine Spiker.

Wanda Ward, chairman of the program committee, and Linda Fleming honored our special people with recognition and gifts: oldest man in the congregation, Orval Teets; oldest woman, Amy Sweitzer; two couples were married over 50 years, Orval and Mareva Teets (61

years) and Irvin and Louise Beckman; and others over 80 years, Helen Winters, Mary June Harvey, and Blondie Wilson. Ten couples over 60 years old received window vases of flowers arranged by Doty Beckman.

Many memories and testimonies were shared by members of the congregation. Bob Winters played "Sheltered in the Arms of God," in honor of Wanda Maphis of New Creek, W.Va., and "A Beautiful Life," in honor of Glenna Sweitzer and in memory of her husband, Robert Wesley Sweitzer. The song "Take Up Thy Cross" was sung by the trio.

The homecoming came to a close with the choir singing "Statue of Liberty." Brian Schofield was the soloist, and Wanda Maphis played the piano.

Masons Slate Lunch Meeting

Oakland Lodge #192, AF&AM, will meet for lunch at noon on Wednesday, Sept. 25, at the Masonic Temple located at the corner of Liberty and First streets, Oakland.

All members are invited to attend and visitors are

welcome. There will be no speaker or business conducted.

GRANTSVILLE

The 20th annual Yommer-Resh reunion was held Aug. 17 at Grantsville Park. Approximately 100 people attended. Prizes were given to the following persons: farthest distance, Homer and Gladys Butler, Con-

neaut, Ohio; oldest man, Orvis Platter, 84, Fort Hill, Pa.; oldest woman, Gladys Butler, 78; youngest boy, Alex Brown, 2 months, Martinsburg, W.Va.; youngest girl, Sarah Brown, 1, Martinsburg, W.Va.; longest married, Homer and Gladys Butler, 62 years; shortest married, Eric and Karen Magda, 2 months, Dorset,

Ohio; largest family attending was the Homer and Gladys Butler family with 14 members. The guess cake was won by Michelle Resh, Mantua, Ohio. The next reunion will be held the third Saturday in August, 2003, in the park.

EXPLOSION ROCKS HOUSE - Two persons were injured last evening when a propane gas explosion did extensive damage to their house, located along Avilton Road in Avilton. The Grantsville Volunteer Fire Department and the Northern Rescue Squad were called to the residence of Ken and Barbara Wilson at 11:08 p.m. According to spokespersons for the fire department, Mr. Wilson was working on the gas heater/furnace in the basement of the one-story structure when the flash explosion occurred. He sustained second-degree burns on his hands and face, and was transported, along with his daughter, to Memorial Hospital in Cumberland, where he remains a patient. The

daughter, who was upstairs at the time, sustained some minor cuts and was treated and released. Mrs. Wilson was reportedly in the garage behind the house when the explosion occurred, and was uninjured. The blast blew holes in the cement block walls, and blew several pieces of siding off the exterior walls. Damage was also extensive inside the house, although actual fire damage was minimal. Investigators from the Maryland State Fire Marshal's Office were on the scene at presstime this morning and were unavailable to confirm the information. Photo by Lisa Broadwater.

Health Dept. Reports New Rabies Cases

The year's seventh and eighth confirmed rabies cases in the county have been reported by the Garrett County Health Department. There was no human exposure in either case, although several pets were exposed to the raccoons that were carrying the virus. The news comes as the Health Department wraps up its weeklong series of low-cost rabies vaccination clinics. (See below.)

The seventh case occurred in the Red House area and involved a raccoon and a currently vaccinated dog. The property owner found the dead raccoon lying at the dog's box the morning of Tuesday, Sept. 17. Two days later the Maryland Department of Health and Mental Hygiene Rabies Laboratory in Baltimore confirmed the raccoon had rabies. The dog was revaccinated against the rabies virus and will be closely observed for 45 days.

The eighth case involved another raccoon, this one in the Hutton area. A resident found a raccoon, which appeared to be ill, huddled in an area used to stockpile firewood. The animal was euthanized and sent to the rabies lab on Wednesday, Sept. 18, where it was confirmed positive for the virus. In reviewing the case, it was determined that there was potential exposure to three dogs and one cat on the property, and two neighboring dogs may have also been exposed. It was recommended that all of the dogs be revaccinated and observed for 45 days, and it was decided that the cat would be euthanized.

"Because rabies has been identified in all areas of Garrett County, pet owners are advised to check the rabies vaccination status of their dogs, cats, and ferrets," a health department spokesperson stated. Pet owners are also reminded not to handle their pets within two hours after they have fought or had contact with a wild animal. If it is necessary to handle an exposed pet, owners should

FESTIVAL ROYALTY - The court for the 35th annual Autumn Glory Festival, slated for October 9-13, has been selected. Pictured from left above are: Brian Crabtree, a senior at Southern High School who will serve as festival prince; Brian Covell, a senior at Northern High School, festival king; Kelly Wade of Southern who will reign as festival queen; and Amanda N. Frazee of Northern, festival princess. The coronation ceremony will take place at the festival kickoff reception, set for Wednesday, Oct. 9, at the Wisp, McHenry. See story for more details on the honorees.

Wade, Covell Named Queen, King Of AGF

Kelly Marie Wade, a senior at Southern High School, has been selected to serve as queen of the 35th annual Autumn Glory Festival, which is scheduled for October 9-13. Escorting her will be the festival king, Brian Matthew Covell, a senior at Northern High School.

Named Autumn Glory Festival princess is Northern's Amanda Nichole Friend, also a senior, who will be escorted by AGF prince Brian Crabtree, a senior at Southern. The coronation of the festival royalty will take place at the annual AGF kickoff reception, to be held Wednesday, Oct. 9, at the Wisp in McHenry.

Kelly Wade is the president of her class at Southern, is the editor-in-chief of the school newspaper *The Acorn*, and is vice president of the Best Buddies program. She is a peer counselor and was a Model United Nations representative.

Within the community, she is a certified emergency medical technician and serves as a volunteer for the Southern Garrett County Rescue Squad. She also volunteers time to work with disabled children, and is a blood donor for the American Red Cross. She has been employed at Lakeside Creamery for four years, and has been manager for the last two years.

Following high school graduation, Kelly plans to attend either the University of Richmond or Mary Washington College in Fredericksburg, Va., to work toward a degree in epidemiology.

She is the daughter of Linda Norman and a stepdaughter of Henry Moo-

Adventure Sports Center Receives \$2 Million For Whitewater Course

Congressman Roscoe Bartlett (R-Md. 6th) announced this week the approval of a \$2 million federal grant toward construction of a whitewater training course. The course is part of Phase I of the Adventure Sports Center International project. Garrett County Community Action Committee Inc. will also receive \$350,000 from the Department of Health and Human Services (HHS) for economic development in conjunction with the project.

The center will be located on Marsh Mountain beside Wisp Resort in McHenry.

With approval of this \$2 million grant from the Economic Development Administration (EDA) of the Department of Commerce, the sports center's Phase I construction financing package of \$9 million is complete. The EDA grant puts Phase I on track for construction groundbreaking in the summer of 2003 and opening of the course in the summer of 2004.

This initial phase calls for construction of the United State's first man-

Keyser's Ridge Sewer Project To Get USDA Loan

Congressman Roscoe Bartlett (R-Md. 6th) announced this week that the Garrett County Sanitary District was slated to receive a \$915,700 loan and \$71,500 grant package from the United States Department of Agriculture, Office of Rural Development.

Rural Development project funding is provided for in the 2002 Farm Bill. This particular project will be used to construct a wastewater collection and treatment system at Keyser's Ridge. Repayment of the loan is over 40 years at a rate of 4.5 percent, according to Bartlett.

"We're very pleased that these funds will be obligated for this sewer project," said Ron Petrella, Sanitary District administrator. "We appreciate the USDA's assistance and commitment to western Maryland."

Petrella stressed, however, that this was only a "prefunding commitment." He said an environmental assessment of the site had to be completed first to see if the project can even go forward before the actual funding is available.

The Sanitary District received another USDA loan for \$10,982,100 late last month for construction of the White Face Farm Wastewater Treatment Facility in McHenry. That funding was also a result of the 2002 Farm Bill.

"As a member of the committee designated to set priorities for the Farm Bill," said Bartlett, "I know that a commitment to rural counties, such as Garrett, is an investment in the heartland of America. This federal funding package will ensure that Garrett County will be able to provide clean and safe drinking water for current and future generations of families."

made circulating whitewater training course that will meet international and Olympic specifications for kayaking. An amphitheater overlooking the 1,200-foot course and the center's main building containing an adventure sports hall of fame and museum are also planned in Phase I.

"This \$2 million federal grant is a key step in making this incredibly exciting project a reality," said Bartlett. "The only other man-made whitewater training course that currently meets the exacting standards for international competition is in Australia. With completion of this whitewater training course, Garrett County will be positioned to attract international sports competitors in addition to becoming the premier destination in the United States for whitewater enthusiasts."

Bartlett added that the Adventure Sports Center will create more jobs. Community Action will use its \$350,000 federal grant to facilitate those jobs.

HHS awards the funding to groups such as Community Action for economic development efforts, explained Community Action president Duane Yoder. Various jobs are expected to be generated, such as whitewater course trainers and hall of fame and museum personnel. Yoder stressed, however, that

Man Shoots Bear Near Allegany/Garrett Border

A property owner in the far eastern end of Garrett County shot and killed a black bear Sunday morning. He reportedly told Natural Resources Police that the yearling female was threatening his wife's horse at the time of the incident.

Sean Cesnick claimed that at approximately 9 a.m. he stepped out onto the porch of his Cesnick Farm Road residence, located a short distance east of the juncture of Avilton Road, to witness the horse emerge on the run from a stand of woods into a nearby grassy field.

Cesnick said that his animal was being chased by the bear, which was swatting at its hindquarters, according to sources with the Department of Natural Resources. He retrieved a high-powered rifle from his home and killed the bear, a 140-pound female.

NRP Col. John Milbourne is investigating the incident, and will be reporting his findings to Garrett County state's attorney Lisa Thayer Welch for her determination on whether or not to press charges.

In a related item, Welch said this week that she has not yet received enough information from NRP to make her decision in the case of a Deer Park man who shot and killed a young bear that was getting into trash stored outside a trailer home. Arthur Pyatt, 21, shot the 123-pound bear on Saturday, July 27.

Chamber Of Commerce Requests \$70,000 To Reprint Vacation Guides

The Garrett County Chamber of Commerce's new president, Charlie Ross, met with the county commissioners on Tuesday to request additional funding. On only his seventh day on the job, Ross had the unpleasant task of asking the county to pay to reprint more copies of the 2002-2003 Vacation Guide.

Ross requested \$68,783 to reprint 70,000 copies of the guide. An alternative lower figure — \$55,275 for 50,000 copies — was also presented to the officials.

"The chamber earnestly believes that this request is justified to drive one of the principal engines of our county's economy — tourism," said Ross.

Of the 200,000 guides the chamber received in April, all but 30,000 have been distributed. The remaining guides will be used to fulfill a backlog of requests from the chamber's web site and voice mail.

"We're a victim of our own success," Ross told the officials. Several factors — such as a new chamber web site, new visitors center, and more media coverage — have led to an increased interest in the county and requests for guides. As a result, the chamber is now facing Autumn Glory, the winter ski season, and travel show promotions with virtually no guides, he said.

"The rate of distribution falls off in the winter due to reduced motor traffic [in the county], but about one-

fourth of our distribution of the guide takes place between Autumn Glory and the spring debut of the new guide," said Ross. The 2003-2004 guides will not be available until March.

Commissioner Ernie Gregg pointed out that the chamber has made similar requests in the past. "You have to get this under control."

Ross said he also did not want to have to make another request on behalf of the chamber.

"My commitment is to implement tighter budget projections and bring the creative work of the guide in-house," said Ross. "I have the staff commitment to do this, and that commitment has been presented to the board."

Additionally, the president said he wants to look at on-line versions of the guide — which would make more copies available without expensive printing and shipping costs — and seek a

The Republican Launches "Warm The Children" For Sixth Year

The *Republican* newspaper's Warm the Children program, which provides warm, new clothing and footwear to local children in need, is under way for the sixth year. Donations will be accepted from the public for the next two months, and the money will be used to buy the items for children. Those families to receive help will be selected over the next several weeks.

Persons may donate to the campaign by mailing checks made out to Warm the Children Fund to P.O. Box 326, Oakland, MD 21550. An advertisement explaining the program and containing a donation coupon is located in today's issue of *The Republican*. The ad will be printed each week until the donation deadline, which is Nov. 20. A thank-you ad listing donors will also appear nearly every week.

"As always, the best feature of Warm the Children is that every penny donated goes toward the purchase of new clothing and footwear

New Program, Maryland Advantage, Targets Western Maryland Businesses

The Maryland Department of Business & Economic Development and the economic development agencies of Allegany, Garrett, and Washington counties have teamed up to launch Maryland Advantage, a new business retention program that will promote the continued growth and viability of the western Maryland economy.

"This effort symbolizes the state's commitment to Maryland's existing businesses and to the economic success of western Maryland. Our business retention efforts not only preserve and create jobs, but they also send the message that Maryland is a great place to do business," said David S. Iannucci, secretary of the Department of Business and Economic Development. "With Maryland Advantage, we're creating a model for how state, county, and municipal governments can work together to support business."

"Business retention can

best be accomplished by bringing the resources of the state together with the knowledge the local economic developers have of the companies in their jurisdictions. This partnership will pay great dividends to Maryland's existing companies," said Thomas E. Cooley, CEO, executive director, Allegany County Department of Economic Development.

Maryland Advantage will open the door to direct business assistance for western Maryland companies with a network of trained outreach specialists who will consult with companies and provide a single entry point to an array of local and state programs. These consultations will also give government officials the information and knowledge they need to tailor programs and services to the

Last year's effort resulted in over \$23,000 donated for the cause, and more than 215 area children provided with new winter clothing and footwear. Donations have already started to arrive at the newspaper office, even though the drive officially starts today, McEwen said.

"People seem to be keeping the program in their minds throughout the year, which is great," she said. "We appreciate the generosity of our donors and the work of our many volunteers."

Serving again this year as the family/volunteer coordinator is Linda Thomas of McHenry. Bobby Anderson and Bobbie Henderson of

FOR THE LOVE OF ANIMALS — Two special U.S. postage stamps were unveiled last Friday, Sept. 20, at the Oakland Post Office. The sale of the stamps will support the efforts of local and national animal welfare organizations in their efforts to promote the spaying/neutering of pets. The local PAWS organization (Partners for Animal Welfare and Safety) was represented at the celebration, during which Oakland Mayor Asa McCain read a resolution designating Sept. 20 as "Stamp Out Pet Overpopulation Day." Pictured above at the moment of unveiling is the assistant postmaster, Eric Sanders, and Annette Robinson, representing PAWS. Taco Bell has teamed up with PAWS to sponsor a number of radio announcements, newspaper ads, and a poster contest for school children, all of which promote the importance of spaying and neutering. Also in attendance at the ceremony was Bill Hancock, director of the Taco Bell Good Neighbor program.

Pa. Man Found Guilty Of Drug, Speeding Charges

A New Hope, Pa., man was found guilty in Garrett County Circuit Court last week for possession of marijuana, speeding, and failure to display a driver's license. For the drug charge, Judge Jim Sherbin sentenced Travis Tyler Fluck to 30 days in jail, which was suspended in favor of one year of probation. A fine of \$500 was also imposed, in addition to \$50 for each of the motor vehicle violations.

Fluck, 22, pleaded not guilty to the charges, but agreed to allow the state to give evidence to the judge through a statement of facts, according to State's Attorney Lisa Thayer Welch. Prior to this procedure, the state dismissed a charge of possession with intent to distribute marijuana, citing a lack of evidence to connect Fluck with the backpack that contained a larger quantity of marijuana found in an enclosed area of the vehicle.

Fluck and two passengers in his vehicle were arrested by Maryland State Police last October after a trooper stopped the vehicle for a speeding violation on I-68. Actions by one of the occupants in the Fluck vehicle caused the trooper to reach under a seat and find a small quantity of marijuana. Fluck claimed the marijuana was his. The remaining large quantity was then found when the entire vehicle was searched.

Southern Garrett Band Records One First, One Third

The Southern Garrett Marching Band had a long, wet day Saturday, competing in the Hedgesville (W.Va.) Showcase of Bands during the afternoon, and the 24th annual Martinsburg (W.Va.) Band Spectacular that evening.

The much needed rain in the area held off for Southern's performance at Hedgesville, where the band won first place in Division II with a season-high score of 75.0, as well as the Best Music and Best Percussion specialty awards. Musselman placed second with a score of 72.6.

The rain began to pour just prior to the Southern Band's taking the field that evening at Martinsburg, where a third place was earned among four bands in the division. The band's score slipped slightly to 74.65.

Winning first place at Martinsburg was Greencastle-Antrim with a score of 77.40, while Hedgesville finished second with a 76.2.

"Our kids marched a good show at Hedgesville," said Richard Clever, director. "There were a couple rocky spots, but they pulled it together and did a good job. Each show our goal is to improve our overall performance."

However, Clever said the pouring rain made that difficult at Martinsburg.

"When it rains, it pours," he said. "We have a demanding show, from difficulty in marching and maneuvering to the difficulty of our music. But when you also add to that marching in a torrential downpour, it really gets tough. Given the circumstances, though, our kids did a very fine job in slipping less than a point from their earlier performance."

The band will travel to Greenway Avenue Stadium in Cumberland this Saturday for another competition, hosted by Allegany High School.

GBI Seeking Information About Theft

The Garrett Bureau of Investigations is seeking information regarding a theft that occurred last week at a construction site located along Clark Lohr Road near Harvey's Peninsula.

According to authorities, someone stole a red and black MTD yard machine 31-ton wood splitter converted to a rock cutter, a yellow and black partner cut-off saw used to cut concrete blocks, and concrete blocks.

Persons with information may contact GBI at 301-334-1909 or the sheriff's office at 301-334-1911. A reward is being offered, and

persons will remain anonymous.

Morgantown Man Gets 10 Days In Jail

A Morgantown, W.Va., man was sentenced last week in Garrett County Circuit Court for failing to provide mandatory language in a custom home building contract. Judge Jim Sherbin sentenced Kirk Wesley Overfield, 44, to 10 days in jail and fined him \$1,000.

Overfield was charged by officers with the Garrett Bureau of Investigation last November when residents in the Bittering area filed a complaint concerning building materials missing from their property and Overfield's lack of progress in

completing certain work at their residence.

Overfield had pleaded guilty in July, according to Lisa Thayer Welch, state's attorney. Prior to his plea, Thayer Welch dismissed two additional charges against Overfield, citing "a legal opinion offered by Judge Sherbin [the previous day] that was fatal to our argument concerning the applicability of another provision of the Custom Home Protection Act."

The state's attorney said she has conveyed information concerning the conviction to the Home Builders Registration Unit in Baltimore. This division of the Department of Labor, Licensing, and Regulation has the authority to conduct separate investigations and, if appropriate, impose administrative sanctions.

Oakland Man Sentenced For Firearms Charge

An Oakland man was sentenced recently in Garrett County Circuit Court for a charge of possession of a regulated firearm while being a person previously convicted of a felony or crime of violence. Donald Allen Warren, 46, received 18 months at the Department of Corrections.

This sentence will run consecutively to sentences totaling 18 years that Warren is already serving for burglary and theft.

Warren was charged by officers with the Garrett County Narcotics Task Force after he sold a .32 calibre handgun to a police informant. Three additional

charges concerning that same incident were dismissed when Warren entered his plea, said State's Attorney Lisa Thayer Welch.

RABIES CLINICS

The Health Department is continuing its fall series of low cost rabies clinics this week for the vaccination of cats, dogs, and ferrets from 5 to 6 p.m. Thursday and Friday, Sept. 26, and 10 a.m. to noon Saturday, Sept. 28. Thursday's clinic will take place at Friendsville Elementary School; Friday's clinic will be offered at the Kitzmiller fire hall; and Saturday's

clinic will take place at the Garrett County Health Department, located at the GC Health Center along Memorial Drive in Oakland.

The vaccination cost is \$5 per animal, and county

dog licenses will be available at each clinic. Dogs should be on a leash and under the control of a responsible individual. Cats and ferrets should be

Lt. Governor Attends Annual Democrats' Event

The annual Garrett County Jefferson-Jackson Day Dinner, sponsored by the Garrett County Democratic Central Committee, was held last week at the Pleasant Valley Community Center. Thomas E. Bratten Jr., retiring chairman of the Democratic Central Committee and secretary of veterans' affairs for the state of Maryland, introduced keynote speaker Lt. Governor Kathleen Kennedy Townsend.

In her address, Kennedy Townsend stressed her belief in the importance of good education through good schools; her fight for the rights of children and seniors to have quality affordable health care; her fight against crime; and her desire to help save the jobs at Mettiki Coal Company.

Her speech was interrupted several times by applause and standing ovations from a capacity crowd of more than 230 people.

"I always look forward to coming to Garrett County; it feels like coming home," she said. "The people here are so easy-going and friendly that I feel I can relax and just be myself."

Kennedy Townsend went on to say that nowhere else in Maryland do people work together so well for the good of the community as they do in Garrett County.

Candidates for the Nov. 5 general election were introduced by Rosalee Finch, president of the Garrett County Democratic Club.

LT. GOVERNOR MEETS LOCAL CANDIDATES — Lt. Governor Kathleen Kennedy Townsend was the keynote speaker at last week's annual Garrett County Jefferson-Jackson Dinner, sponsored by the Garrett County Democratic Central Committee. More than 230 guests attended the event, which was held at the Pleasant Valley Community Center. In her address, Kennedy Townsend stressed importance of good schools, providing children and seniors with quality affordable health care, and saving jobs at Mettiki Coal Company. The lieutenant governor also had an opportunity to meet other Democratic candidates in the Nov. 5 general election. Pictured above, left to right, are Don DeArmon, candidate for the 6th Congressional District; James "Mike" Virta, candidate for Garrett County District 3 commissioner; Kennedy Townsend; David Martin, candidate for Garrett County sheriff; and Bruce B. Opel, candidate for Garrett County District 2 commissioner.

Those recognized were Don DeArmon, for the 6th Congressional District; James "Mike" Virta, for District 3 commissioner; Bruce B. Opel, for District 2 commissioner; and David Junior Martin, for county sheriff.

Finch also presented the "Future Democrat of the Year" award to Eric McFadden, a junior at Northern High School, for his interest and dedication to the Democratic Party.

Gary Yoder served as master of ceremonies, and Rev. T. Patrick Kerr, pastor of St. Paul's United Methodist Church, delivered the invocation and benediction.

Michael Ray Fratz, a student at Point Park College Conservatory of Performing Arts in Pittsburgh, Pa., performed several songs during the dinner, including "Danny Boy," which is reportedly one of Kennedy Townsend's favorites. Joan and Keith Pitzer, hosts of the annual Cheat River Festival, also provided music.

Prior to the dinner, the Garrett County Democratic Club held a reception at Cornish Manor for the lieutenant governor and other invited guests. She was greeted by Bratten and Doris Goldsborough, another outgoing Central Committee member.

"Some members present were saddened at the thought that this would be one of the last duties performed by Bratten as chairman of the Central Committee," said Zelma M. Neary, secretary, "and it is with deep regret that the committee will lose the leadership of this man who worked and dedicated himself for the good of the Democratic Party in Garrett County. Thomas Bratten Jr. is a man [who], in spite of his own disabilities, has worked tirelessly for the good of others, like himself. The party is fortunate to have had this man as a guiding force, and he will be missed."

The Garrett County Democratic Central Committee has headquarters at 224 E. Alder Street, Oakland. Persons interested in obtaining literature, bumper stickers, signs, or any information on any of the party candidates may stop by or call the headquarters at 301-5330332.

"The Democratic Club also urges everyone, especially Democrats, to get out and vote on Nov. 5," said Neary. Any Democratic Party member needing a

ride to the polls, may call the Democratic Headquarters, and a ride will be provided.

The Garrett County Democratic Central Committee currently has three vacancies. Persons interested in these vacancies are asked to attend the Democratic Club/Central Committee meetings on Wednesday, Oct. 2, beginning at 6 p.m. at Garrett College, in the Continuing Education building, Room 310, for an interview.

GCMH Patient Charged With Disturbance

Garrett County sheriff's deputies responded to Garrett County Memorial Hospital for a disorderly patient early Saturday morning.

According to deputies, Ernest D. Bittner, 42, Johnston, Ohio, was being restrained by hospital staff due to a mandatory evaluation being conducted on him for an earlier incident. He was ordered to stop the disturbance and return to his room, but he refused, police said.

Bittner was escorted to his room and restrained by hospital staff, police added. Deputies applied for a warrant because of the disturbance inside the emergency room, and Bittner was later arrested prior to his release from the hospital.

Bittner was charged with failing to obey a lawful order and causing a public disturbance.

In other police news, Virginia Catherine Mayles, Oakland, was arrested Saturday and charged with driving under the influence of alcohol (DUI), DUI per se, driving while impaired (DWI), consuming an alcoholic beverage while driving a motor vehicle on the

highway, and failure to drive right of center.

Mayles was operating a 1990 Cadillac along Maryland Highway near Turkey Neck Road when she was stopped by deputies for failing to drive right of center.

In other news, Richard Francis Garber, 27, Frostburg, was arrested early this morning and charged with DUI, DWI, and failure to drive right of center.

He is currently being held in the Garrett County Detention Center awaiting a bond hearing.

I-68 Stop Leads To Drug Arrest For W.Va. Man

A Morgantown man was arrested on drug charges by Maryland State Police troopers Friday afternoon after a 3:40 p.m. traffic stop on Interstate 68 near Grantsville.

Kimdu Lamar Cleveland, 22, faces charges of possession of marijuana and drug paraphernalia, and possession of marijuana with intent to distribute. He was stopped for speeding near the 19-mile marker of the interstate's westbound lanes, and the odor of suspected burnt marijuana led to a search of his 1991 Honda Accord. He was jailed when over a pound of the suspected drug was discovered under the passenger seat.

Cleveland was later released from the Garrett County Jail when he posted a \$5,000 bond set by a District Court commissioner.

State troopers jailed a Confluence, Pa., woman yesterday evening on drug charges following a traffic stop in the Deer Park area.

Winter Lee Villareal, 23, was stopped for equipment violations at approximately 5:30 p.m. on Maryland Highway east of Sand Flat Road. An investigation revealed that Villareal was driving with a suspended license, and was operating

an unregistered and uninsured vehicle. A search revealed that she was carrying two bags of suspected marijuana and a marijuana pipe.

Villareal was arrested on charges of possession of marijuana and drug paraphernalia, plus numerous traffic offenses. She was later released from jail when she posted a \$500 bond.

Police Charge Woman With DUI After Accident

Oakland Police Department officers charged a woman with driving while under the influence after a Friday afternoon accident on Second Street. No one was injured in the mishap.

Denise Rose Homberg, 34, Accident, faces charges of DUI, reckless driving, negligent driving, failure to drive right of center, failure to control speed to avoid a collision, driver of vehicle not restrained by a seat belt, and occupant under the age of 16 not restrained by a seat belt or a child safety seat.

Homberg's 3-year-old son was riding with her at the time her 1999 Ford Explorer was involved in the accident, details of which were not available. Following the mishap, she

was released on her own recognizance.

Many Volunteers Attend Main Street Meeting

More than 35 people crowded the Oakland Town Hall Tuesday night to attend an emergency meeting of the Oakland Main Street Program. The meeting was a call for volunteers to serve on committees, without which the Main Street Program would no longer be viable.

The group divided itself into three separate areas and formed a promotion committee, a design committee, and an economic restructuring committee.

Glenn Tolbert, Oakland Main Street manager, said it was heartwarming that the community turned out in such large numbers to ensure the future of the program.

The Oakland Main Street Program has been credited with numerous successes in revitalizing the downtown area. But the committees, which are necessary as part of the program's charter, had fallen into disarray, said Tolbert.

Ken Perrin, president of the Main Street board and of the Greater Oakland Committee, said the gathering was exactly what was needed to keep the momentum of revitalization effort going. Ed Mullancy, co-manager of the Cumberland Downtown Main Street Program, described how the committees worked in his community. Steve Sager, regional representative of the Department of Housing and Community Development, was also in attendance.

Persons interested in more information on the Oakland Main Street Program may call Tolbert at 301-334-9431.

New Opportunity...

Things are really starting to move on the adventure sports complex project in McHenry. Federal approval of the final \$2 million piece of the \$9 million package for construction of phase I of the complex was announced this week. Phase I will include construction of a whitewater training course, the first of its kind in the United States.

A complementary announcement confirmed another \$350,000 grant to the Garrett County Community Action Committee, which will be used for job development in connection with the adventure sports complex.

A third announcement made just in the past few weeks was that by Garrett College president Steve Herman describing the second phase of the project, which will be a community athletic and recreation center at the site. It will be part of the complex, as well as part of the college. The center will feature an olympic-size pool, full-size gymnasiums, weight rooms, dance studio, accommodations for indoor soccer and ice hockey, and other facilities. The center will be available for use by all local residents, which will fulfill the long-time desire of many for a local YMCA or similar facility.

This is all exciting news, as it will open many new doors of opportunity for Garrett County. It will be an attraction like no other in the country, much like Canton, Ohio, with the pro Football Hall of Fame, and Cooperstown, N.Y., with the Baseball Hall of Fame. It will not only bring more tourist dollars into the county, but will also continue to increase property values in the area, which means more tax dollars for the benefit of all residents. There will be opportunity for new, spinoff businesses, such as bike shops, whitewater supply stores, sportswear shops, dining establishments, and hotels/motels, all of which means more jobs for local residents.

The nay-sayers claim that all of this will lead to too much development and only minimum-wage jobs, both of which, frankly, are legitimate concerns. However, at least the Deep Creek Lake area has rather strict zoning, which will go a long way in maintaining reasonable control in development. And yes, many of the new jobs will probably pay minimum wage, but there will also be new opportunity to move up into the better paying management positions, and new opportunity to start one's own business.

It's true that we must be ever cautious, and not ultimately kill the golden goose that makes our county what it is. But we can't think of too many projects that are a better fit for Garrett County than those associated with adventure sports.

Letters to the Editor

To the Editor:

Throughout history the "politics of division" has been a prominent feature and, yes, a point of contention. When Marie said, "Let them eat cake" (actually, the crumbs from the table) she exhibited that divisiveness, that distinction between the haves and the have-nots. It was not the statement so much as the arrogance behind the statement and the unmitigated gall of her attitude that they are the problem. Therein really lies the problem; almost without exception, divisiveness emanates from the top down, not the other way around.

Ironically, when those of us who have the courage stand up and speak out for justice and fairness, there are those who emerge from their state of complacency and come forth with accusing fingers extended. They don't take the time to examine the facts; instead they accuse us of not having done so. Furthermore, they take what little they know and put a spin on it in an attempt to justify their positions. And, of course, they use the old tactic of demonizing us thinking, I guess, that we will be intimidated. Fair warning, I am not intimidated by size or wealth; don't waste your time.

There is a solution to this problem of divisiveness; it is called sharing. No, I am not talking about inviting people into your homes for dinner, nor am I talking about charity, the device that some use to assuage their consciences. I am talking about sharing resources; putting recreational facilities throughout the county where they will be within reach geographically as well as economically of those who need them most. I am talking about setting priorities, a function of sharing, by providing decent, good-paying jobs, not "the 1000 low to moderate income jobs" that might result; that the commissioners cited as a reason that taxpayers' money should be used for ASCI. The people in this county need dignity, not charity; support, not criticism. They need leaders who care about them and are willing to stand up to those who would keep them down; leaders who are part of the solution, not the continuing problem. As another writer said, "Nearly 25% of our children live in households with incomes below the federal poverty level. 14% of all families in

Garrett County with children live in poverty, and that is almost twice the state rate. 55% of female-headed households with children under 5 live in poverty."

This county doesn't need a G.C. version of Rocky Gap. It doesn't need amusement rides for the wealthy that will provide a few servant type jobs. It needs real jobs. One suggestion (that has fallen on deaf ears) that I have made for years is a furniture factory. It would have been a perfect fit for the 193,000 sq. ft. Bausch and Lomb building when it was vacated. This kind of business would have utilized locally grown hardwoods, a workforce of people who like to work with their hands, and would have been in close proximity to a burgeoning market of new homes. And, provide really good-paying jobs; lots of 'em.

For me, Garrett County is more than "a beautiful, safe, and pleasant place"; it is also the people who live here. I happen to believe that all of us need to pull together to change a system of promises that has been in place for generations. All of us need to do what we can to keep the young people from leaving as they are currently doing. Talk and hollow promises must end and action replace them. Judging from what I have seen and heard, decent jobs are nowhere in sight; some young people will continue to leave, while others will be offered charity to keep warm this winter when what they need is a reasonable level of household income.

Footnote: Henrietta Lease had it right when she made her comments about candidates for office. There are, however, always a few ignorant people who don't understand what democracy is all about. The interesting thing is that these self-appointed critics never take the time to attend hearings and public meetings in order to understand what their elected officials are really up to.

On behalf of Garrett County Lighthouse Inc., we are asking the community for their help. Individuals who attend our program need ongoing positive experience to feel successful. One of the ideas that our volunteers want to do is open a small store called

the Treasure Chest within Lighthouse. The store will offer items collected by volunteers that can be given to Lighthouse individuals or purchased for under a dollar.

As a member of the community, you can help the Treasure Chest through your donations. Volunteers will be in the community asking for your support. Please consider helping the Treasure Chest. For more information on how you can help, please contact Lighthouse at 301-334-9126 or Bobby Andersen at 301-334-4459.

To the Editor:

In response to Mr. Lester Lewis's letter last week supporting the proposed industrial park at Keyser's Ridge, I don't believe he is one of those individuals looking for a job of this caliber, but since we are on the subject, let's discuss this matter.

An individual making a "good" wage at \$7.25 per hour will earn \$15,080 gross; after taxes, \$11,310, well below poverty level. This certainly is not the kind of jobs we need in Garrett County. We need better paying jobs. Furthermore, Commissioner Ernie Gregg was quoted as saying ClosetMaid is not a done deal. Let's concentrate on getting the low-income, below-poverty-level jobs into Garrett County so the few people who are hired get laid off when the "factory jobs" move to Mexico.

I would also like to inform you that to my knowledge there was no committee formed or site studies completed for the proposed industrial park — just a "done deal" from the commissioner again. Commissioner Fred Holliday stated two years ago to the Friendsville Town Council that the industrial park will be going to Keyser's Ridge, even though there were available sites in Friendsville that already had accessibility to sewage, water, and electricity.

Don't you think it is time the commissioners wake up and hear the voices of the citizens? We need visionaries in government who are the catalysts to creating well-paying jobs for the citizens of Garrett County and their children. Every year I hear parents tell me their son or daughter moved away from this area to get a good-paying job. Let's look to our future by electing individuals who support the people, and not private interests.

To the Editor:

In October, 1981, the National Coalition Against Domestic Violence observed the "First Day of Unity." The purpose of this day was to connect advocates who were working to end domestic violence in their communities. Eventually, the Day of Unity evolved to include a special week of local, state, and national activities. These events varied among communities, however three main goals emerged, including: mourning those who have died as a result of domestic violence, celebrating the lives of survivors, and recognizing and connecting the many dedicated domestic violence advocates across the nation. In 1987, October was named Domestic Violence Awareness Month, with the beginning of the first national, toll-free hotline.

Since then, domestic violence agencies every-

where have utilized the month of October to engage in massive public awareness campaigns in an effort to prevent and end abuse. The Dove Center and Garrett County Family Violence Coalition would like to take this opportunity to invite the community to engage in our awareness activities.

On Tuesday, October 1, we plan to begin Domestic Violence Awareness Month with a service of remembrance of all lives who have been touched by domestic violence. We will be holding a candlelight vigil at Broadford Park at 5:30 p.m. As part of the event, we will be exhibiting the Silent Witnesses, which is a mobile, wooden sculpture, representing adult and child lives who have been devastated by violence. The Clothesline Project will also be on display. This project initially began in Cape Cod in 1990, to allow survivors to tell their stories of victimization by decorating T-shirts in a way that represents their experience. The shirts are then hung on a clothesline in an effort to put a human face on the statistics surrounding domestic violence and sexual assault. Families and friends of victims can create shirts as well. We will also be displaying art work and poetry done by survivors. Refreshments will be served, and everyone in the community is invited to attend.

In addition to this activity, we will be posting two educational billboards in the county, as well as airing PSAs and submitting educational newspaper articles. We also encourage anyone who is interested in showing a visible gesture of support for survivors and victims of domestic violence to visit the vigil, or the Dove Center, to pick up a purple ribbon to wear throughout the month. The more purple ribbons seen in the community, the more powerful the message that domestic violence will not be tolerated, and that Garrett County should be a place where individuals feel safe within their own homes.

For additional information about these events or services provided by the Dove Center, please call 301-334-6255.

Sincerely,
Heather Hanline

To the Editor:

I have lived on Keyser's Ridge for 16 years and have leased a farm for the past five years that will be part of the proposed industrial park. My mother's farm is directly across the hill from the proposed park that is mostly visible looking from her property. The industrial park will directly impact my life in the future.

In the past weeks, in letters to the editor and at the special meeting held, some people had issues with water sewage treatment, runoff, and the development of Keyser's Ridge. Communities in Garrett County, including Friendsville, McHenry, Grantsville, and Oakland, all have sewage treatment plants that discharge into streams and rivers. In a conversation I had with Jeff Gilbert of the Sanitary District, it was reported by Mr. Gilbert that the Grantsville plant discharges directly into the Casselman River, the Friendsville plant discharges into the Yough River, the Oakland plant flows into the Yough, and the McHenry plant flows into Deep Creek. I have lived in

learns how to kayak on the man-made course, he or she may want to navigate a natural course. Yoder said Community Action will assist these companies as well, providing "linkage" between the businesses and the center. "I see a lot of real positives out of this," said Yoder.

Phase II of the Adventure Sports Center project includes construction of a community recreational center with an Olympic-size swimming pool, two full-size gymnasiums, ice rink, and various other amenities.

Garrett College is currently seeking state funding for the \$10 million project. The public facility would be owned and operated by the college, in conjunction with the Adventure Sports Center. The recreational center could be open by July 2006.

Warm Children

Continued from Page A-1

The Civic Club of Oakland will again serve as volunteer managers, and Lisa Broadwater, the newspaper's Grantsville office manager, is the assistant director of the program, handling the shopping trips for the northern part of the county. The women have all been with the program since its beginning, and are essential to its success, McEwen said.

As Thomas receives approved applications, she and McEwen calculate the amount of money available and the number of children who can be served. (The program allows for up to \$100 per child to be spent.) Then the families are contacted and asked which Wal-Mart store, either Oakland or LaVale, will be the most convenient. When this is decided, Thomas will distribute the applications to either Broadwater or Andersen, who will call upon a volunteer shopper to proceed with the trip.

The selection process is handled by numerous volunteers, many in the public school system, as well as through the Department of Social Services (DSS). While the DSS does not select families for the service, the personnel there aid the program by helping screen applicants.

"We try to find people who are not already receiving lots of other services, but are in need of help this year," McEwen said. "Dora Hanlin at DSS is an invaluable asset to our program, helping us to determine our selections and aiding us in a number of other ways. The Civic Club of Oakland has been a key component in our success from the beginning, always offering help and volunteers for shopping trips. The Grantsville team is always at the ready, too, with lots of volunteers who offer to shop again and again."

McEwen said the staff at the local Wal-Mart was also helpful. "They were great about helping the shoppers find what they needed. Then the staff chose Warm the Children as a recipient for an employee contribution project and ended up donating over \$1,500 to the program." That was amazing, McEwen said. "We were very thankful, because that donation helped us in turn boost the Rotary's Christmas project. We are pleased to be able to work with Wal-Mart again. And we're going to miss Ames in Frostburg this year, which has also been a good partner in the program." J.C. Penney's in Oakland was also an active partner of the program for several years, and selected families may still request to shop through the catalog store.

Persons who want to receive the benefits of the program are asked not to call DSS or the newspaper. Those who are selected will be notified over the next six to eight weeks.

Those who wish to be volunteer shoppers may contact Thomas at 301-387-6203, Broadwater at 301-746-8223 or 301-895-5827, Andersen at 301-334-4459, or McEwen at 301-334-3963.

Warm the Children is a

non-profit program, and all donations are tax-deductible. A web site with more information about the program has been constructed and can be seen at www.warmthechildren.org.

Chamber Req.

new round of competitive bids for production and printing of the guide.

"We have to control the budget or find another way to subsidize the guide," Ross said. Until then, the chamber could be facing the next six months without any guides.

Additionally, the president said even if the chamber received the funding, it would be three to five weeks before the guides could be shipped to them. "This puts us in a real, real bind," he said.

"We'll discuss this and make a decision as soon as possible," Gregg said.

For FY 2003, the county allocated the chamber \$475,000, all of which came from hotel rental taxes. The revenue is also used for economic development in the county. In FY 2001, the county collected \$596,730 in hotel rental taxes. The Department of Financial Services' audit of FY 2002 is almost complete, according to director Wendy Yoder. Once complete, the revenue collected for FY 2002 will be known.

The commissioners, county administrator, and Department of Financial Services personnel will go over the audit during a work session today, Thursday, to see if there is any increase in the hotel rental tax and will compare it to what the chamber was allocated. The county estimated that it would receive \$600,000 in revenue from the hotel rental taxes in FY 2002.

Garrett-Preston Commissioners Discuss RDC

Members of the boards of county commissioners from Garrett County and neighboring Preston County, W.Va., met recently to discuss the newly formed Garrett-Preston Rural Development Coalition at Cathedral State Park in Aurora, W.Va. The informal picnic was the first meeting with the commissioners from both counties.

Joyce Bischoff, chairperson of the Garrett-Preston Rural Development Coalition (RDC) explained that she and other RDC members are working to coordinate rural development projects between the two counties due to the proximity and similar topography of the two counties. Bischoff introduced Cheryl DeBerry, the new agriculture marketing specialist for Garrett County Economic Development, who will work with the coalition to help create rural development/agricultural project ideas.

Bischoff explained projects completed by the coalition so far. The coalition was instrumental in securing the new agriculture marketing specialist position in Garrett County. The second year of the program, dubbed "Visit Our Working Farms," was expanded to include 16 farms in Garrett and Preston counties that offer farm tours, gift shops, corn mazes, pick-your-own, and other on-farm services. The coalition worked with the Garrett County Chamber of Commerce to produce the brochure for that program. The coalition also helped expand the Mountain Fresh Producers Association Farmers Markets to include a new market in 2002 in McHenry at Garrett College.

"Though many farmers will benefit from the coalition, Preston and Garrett counties will be working together for broader rural development, beyond traditional agriculture," said Jim Simms, Garrett County Extension agent for agriculture. Projects and activities

GARRETT, PRESTON COUNTY COMMISSIONERS MEET — Pictured above are the members of the boards of county commissioners for Garrett and Preston (West Virginia) counties. They recently met to discuss the Garrett-Preston Rural Development Coalition. From left are Fred Holliday (Garrett County commissioner), Ernie Gregg (Garrett County commissioner), Joyce Bischoff (Garrett-Preston Rural Development Coalition), Vicki Cole (Preston County commissioner), Darwin Wolfe (Preston County commissioner), and Wendell Beitzel (Garrett County commissioner). See story for more details.

developed by the coalition will benefit rural residents as well as farmers.

Ideas were shared between the commissioners of both counties. Wendell Beitzel, Garrett County commissioner, explained that Garrett County has been working hard on farmland preservation through a number of initiatives, including the "Rural Legacy" program, a tax deferral program where people receive property tax deferral if they put their land in an Agriculture Preservation District and the land is actively farmed, and by participating in the Maryland Agriculture Preservation Program.

Garrett County commissioner Ernie Gregg expressed that these programs are positive because the farmer still retains use and ownership of the land, but benefits from the tax deferral if the land is continued to be used for farming.

Fred Holliday, Garrett County commissioner, said it is important for both counties to preserve farmland in order to enhance our tourism industry. Many people visit Garrett and Preston counties to enjoy the rural nature and beautiful family farms in the landscape.

Victoria Cole, Preston

County commissioner, expressed that as a farmer, she is pleased this coalition will help the area farmers.

Darwin Wolfe, Preston County commissioner, said the coalition is a good idea and the Preston County commissioners will help in any way they can.

Willie Lantz, agricultural instructor at Garrett College, thanked the people working with the coalition, and said it will mean a lot to rural people to get help with entrepreneurial projects.

David Moran, coalition board member, expressed the need to help young farmers to purchase land. With high real estate costs, often the only way a young person can afford to get into farming is if the land is inherited.

The main goals of the Garrett-Preston Rural Development Coalition are to coordinate projects and activities that help rural residents/businesses. Ideally, ideas for new rural projects will be brought to the coalition, and then members will help to develop the ideas and will tap into existing resources. In addition, RDC members have brainstormed their own ideas and are working to prioritize projects.

For more information, persons may contact DeBerry or Simms at 301-334-6960.

Lawsuit Abuse Awareness Week Sept. 30 - Oct. 4

The Garrett County commissioners on Tuesday proclaimed Sept. 30 through Oct. 4 Lawsuit Abuse Awareness Week in recognition of the work of Maryland Citizens Against Lawsuit Abuse (MDCALA). The officials asked county residents to also recognize MDCALA's efforts.

"This non-partisan group was founded to focus attention on abuse within our civil justice system and to bring awareness of this problem to the attention of the general public," read the official proclamation.

Janna Naylor, local MDCALA member, accepted the proclamation on behalf of her non-profit, public educational organization. More than 15 cities and counties across the state are expected to issue similar proclamations. MDCALA will also distribute decks of playing cards with 52 examples of "outrageous, ridiculous warning labels and not so humorous statistics" on the costs of lawsuit abuse.

The examples include a dog's lawsuit against an invisible fencing company for psychological damages after he ran through the fence on his owner's property.

"Officials from around the state are recognizing that lawsuit abuse hurts Maryland," said Nancy Hill, executive director of MDCALA, in a press release. "While Lawsuit Abuse Awareness Week is only one week a year, our playing cards highlight 52 weeks' worth of examples of how lawsuit abuse is out of control. That's one example for every week of the next year to illustrate why we need to restore fairness and balances to our civil justice system and to reintroduce

personal responsibility to our society."

McHenry Man Faces Variety Of Drug Charges

A McHenry man was jailed Friday after Garrett County Narcotics Task Force investigators discovered suspected marijuana and marijuana plants at his Lake Shore Drive residence.

Shawn Patrick Grove, 30, was arrested at 12:30 p.m. after officers observed him in proximity to suspected marijuana plants in a wooded area off Lake Shore Drive. Approximately eight suspected marijuana plants were recovered from that area, and additional suspected marijuana was recovered from inside his residence.

Grove was charged with manufacturing, distribution, and possession of marijuana and drug paraphernalia, and was subsequently released from the Garrett County

Jail after posting a \$10,000 bond as set by a District Court commissioner.

Task Force personnel were assisted by Garrett County sheriff's deputies during their investigation.

Fairmont Woman Rolls Compact Sedan On I-68

A Fairmont, W.Va., woman rolled her Kia sedan on Interstate 68 Saturday morning, and was transported by to Cumberland Memorial Hospital, where she was treated and released. No charges were filed in the 10:50 a.m. single-vehicle mishap, which was investigated by the Maryland State Police.

RuthAnn Leeper Thorne, 51, was traveling eastbound on I-68 when she lost control of her vehicle on the rain-soaked road surface west of Lower New Germany Road. Her car hydroplaned, spun around, entered the grass median, and overturned. The vehicle reportedly rolled approximately three times before coming to rest in the west-bound lanes of the interstate.

The Northern Garrett County Rescue Squad transported Thorne to Cumberland Memorial. The Grantsville Volunteer Fire

Department also responded to the accident scene.

Woman Deemed Not Guilty Of Drug Charges

A Friendsville woman who had been arrested on drug charges following a May traffic stop was exonerated during a recent hearing in Garrett County District Court.

Lisa Dawn DeWitt, 25, had been arrested by Maryland State Police troopers after her pickup truck was stopped on Garrett Highway south of Glendale Road. A search uncovered a bag of suspected marijuana and alleged drug paraphernalia. Judge Ralph Burnett ruled in the case.

Samson Daniel Ward, 25, Locust Grove, Va., was deemed not guilty of marijuana possession and paraphernalia charges that had stemmed from a June traffic stop near Keyser's Ridge when state troopers reported the contraband in his car.

Kathleen Lynn Kerr, 43, Mtn. Lake Park, was deemed not guilty of harassment and disorderly conduct charges filed by a neighbor that resulted in Kerr's July arrest by sheriff's deputies.

Barry Ray Livengood, 36,

Oakland, was exonerated of a violation of ex parte charge filed after he had allegedly harassed his estranged wife by yelling at her from outside her residence. Sheriff's deputies had made the June arrest.

Man's Abuse, Assault Charges On Stet Docket

Charges of child abuse and second-degree assault against Robert Dale Dixon, 49, Oakland, were placed on the stet docket in Garrett County Circuit Court last week.

"This causes the charges to be considered inactive, and they will be scheduled for prosecution if Mr. Dixon does not meet certain conditions," explained State's Attorney Lisa Thayer Welch.

"In making a deposition such as this, numerous factors are considered," Thayer Welch continued, "including the history between the parties, potential harm to the victim if required to appear and testify in court, the severity of the acts, the likelihood of a defendant repeating his actions and information from counselors or other professionals working with the victim or defendant. In this case, all of

those pieces of information pointed toward the stet docket as the appropriate disposition in this case."

Dixon was charged by officers with the Garrett Bureau of Investigation, who determined that he had caused bruising to the arms and legs of a youth at his home in February, said Thayer Welch.

Apprenticeship Training Open House Set At GC

An open house for individuals interested in trades program apprenticeship training is slated for Tuesday, Oct. 1, at Garrett College. The session will get under way at 6 p.m. in Room 308 of the Continuing Education building.

The open house will provide information on the trades programs and classes, program costs, and job opportunities. Classes in plumbing and electric will be offered in the future at the college's McHenry campus and at Heilig's Plumbing, Heating, and Electrical, located just north of Oakland.

The session is co-sponsored by Associated Builders and Contractors (ABC) of Hagerstown and Garrett College.

Surviving are seven sons, Leonard Wilhelm Jr., Ray Wilhelm, and Ronald Wilhelm, all of Avilton; Olin Wilhelm, Wickliffe, Ohio; Gilbert Wilhelm Sr., Lonaconing, Dallas Wilhelm, Barton, and Robert Wilhelm, Uniontown; eight daughters, Twila Mae Fike, Mildred Husselbaugh, and Susie Kamp, all of Avilton; Jean Miller, North Jackson, Ohio; Helen Michael, Westernport, and Lois Rowe, Connie Burdock, and Sheila Baker, all of Frostburg; 65 grandchildren; 108 great-grandchildren; and 37 great-great-grandchildren.

Friends were received at the Wilhelm Recreational Area (The Flat), where a service was held on Sunday, Sept. 22, with the Rev. Daniel Agnew and Rev. Warren Friend officiating.

Interment was in Biochier Cemetery.

Newman Funeral Homes, Grantsville, was in charge of arrangements.

Adorable Adoptables

A PERFECT ADDITION TO THE FAMILY — It's hard to resist Winnie with her adorable tilt of the head as she asks to come live with you. Winnie is a medium-sized terrier mix, who came to the shelter with four puppies. She is very nice and friendly, and would make a great companion for a nice family, according to the shelter staff. Below sitting at attention is Princess, a small female terrier mix. She is very rambunctious and has a lot of energy. She would be a great addition to a very active family. For more information about these adorable adoptables or any other animal in the shelter, persons may call the animal shelter at 301-334-3553.

Catholic Church, Westernport, today, Thursday, Sept. 26.

Interment will be at Maryland Veterans Cemetery, Rocky Gap, at a later date.

In lieu of flowers, memorials may be directed to the Hope Lodge, Lexington Ave., Baltimore, MD.

The Terra Alta Civic Club's next Red Cross Blood Drive will be held Tuesday, Oct. 1, from 1 until 6 p.m. at the Terra Alta Ambulance building.

"All blood types are still at a critical shortage," said club spokesperson Suzanne Kehoe.

Refreshments will be served to all participating donors.

her on her 90th birthday. With her for her pizza party celebration were her son and daughter-in-law, Leland and Ardis "Sandy" Teets of Eglon, and her husband, John, who is also a resident at the home.

BIRTH NOTED

Ashley and Diane Watts of Eglon announce the birth of their first child, a daughter, named Madison Hunter, on Sept. 11, in Garrett County Memorial Hospital. She weighed 6 pounds, 15 ounces at birth. Her grandparents are David and Judy Watts of Mtn. Grove and Bobby and Carolyn Harsh, Eglon.

DEATHS NOTED

Harold Hardesty, 74, of Carmichael, Calif., died suddenly August 5, 2002, at his home.

He was born April 20, 1928, at Erwin, W.Va., a son of the late Perry and Mary Knotts Hardesty. He was also preceded in death by one brother, Clifford Hardesty; and three sisters, Virginia Anderson, Vera Sliger, and Verna Hardesty.

He is survived by his wife, Naomi; two daughters, Paula and Cindie; several grandchildren; and one brother, Albert Hardesty. He is also survived by numerous nieces, nephews, and cousins, many of the latter in this area. He was a graduate of Aurora High School and served in the

AURORA CEOS

Ressie Conrad called to order the 11 members of the Aurora CEOS at their Aug. 22 meeting at the Union Ambulance squad hall. Alice Penzo provided opening devotions, using "To One of These Little Ones" as her theme.

Mildred Teets brought to the members' attention the Matrix System, of Real Colors System, of categorizing personality styles. This system divides personality traits into four categories, Red, Blue, Green, and Orange.

Wilda Harsh reported on early diabetic detection. Pill bottles that had been collected were turned in, with Deloris Slawter reporting. September 1 was the date for Celebrate Volunteer Hours to be turned in. Wilda Stemple was the club member to be profiled in the *Preston County News*. The club had donated cookies for Younger 4-H Camp, and helped with the summer Reading Program at Aurora Elementary. Those helpers with the latter program were Alice Penzo, Virginia Martin, Ressie Conrad, Wilda Harsh, and Dorothy Spaid. The club will be selling car tickets from the booth at the Buckwheat Festival on Saturday, Sept. 28, from 10 a.m. until 5 p.m.

A county-wide Christmas bazaar is planned for Oct. 26. Appointed nominating committee are Dorothy Spaid and Wilda Harsh. Information was available on Fall Conference to be held Oct. 8-10 at Jackson's Mill. Taste of Home Cooking Schools are to be held in Fairmont, Oct. 3, and Morgantown, Oct. 8.

Members were asked to invite someone new to the September meeting and to contribute to a special "fun" meeting. Dean Sisler was responsible for devotions, and Deloris Slawter had the special feature.

As the August special feature, Alice Penzo displayed plaques designed by Michelle Moore to honor those in the Aurora Area Historical Society.

EGLON

Tracy Teets, reporter for the Eglon Mountaineer 4-H Club, submits the following report of its Sept. 9 meeting held at the Eglon Memorial Building:

Devotions were led by Caitlin Roth and Kaitlyn Schalker, with the pledges led by Tracy Teets. An informational program concerning West Nile virus was given by organizational leader Linda Lewis.

Buckwheat Festival exhibits for the Memorial North Building need to be in by Sept. 25. Throughout the week of Oct. 6-12, the club members are asked to wear either a 4-H or green T-shirt in commemoration of National 4-H Week. On Oct. 7 members will be wearing their shirts as they collect door-to-door for non-perishable food items from the community to be donated to the Preston Food Pantry.

Livestock, secretary, and treasurer record books are to be given to Linda Lewis or Elaine Roth by Oct. 2. Oct. 12 is set for a 4-H Centennial Celebration at the Preston County 4-H Camp.

Taking office in the Eglon Mountaineer Club for the 2002-2003 year will be Ashley Bachtel, president; Craig Rembold, vice president; Kaitlyn Schalker, secretary; Sara Lewis, treasurer; Ashley Wilt, reporter; Kari Harsh, music leader; and Caitlyn Roth, recreation leader. These newly elected officers will meet on Oct. 7 at 7 p.m. in the Eglon Memorial Building to make plans for the coming year's programs. The next regular meeting will be Oct. 14. Members are asked to bring a pumpkin ready to "dress." The Safety Committee will be responsible for devotions.

LOCOMOTIVE RESTORED - The Potomac Eagle Scenic Railroad, based in Romney, announces completion of a major restoration project on a 1952 F-7, #722, a locomotive once owned by the B&E (Bessemer & Lake Erie Railroad). "This is a major success story for the Potomac Eagle Scenic Railroad, Hampshire County, and the state of West Virginia," stated W.Va. Delegate Jerry Mezzatesta, who is pictured above right with Dave Corbitt, Potomac Eagle president. "This accomplishment is a home run for the tourism industry. The Potomac Eagle Scenic Railroad is a first-class operation that brings 30,000 visitors a year to our state... a great benefit to Hampshire County." The public is invited to attend a dedication ceremony this Sunday, Sept. 29, from 11 a.m. to 4 p.m. Tours of the locomotive and two 1950 club cars, the "Eagle Cannon" and "Chessie Club," will be offered. The Potomac Eagle is located along Rt. 28 just outside Romney and 30 miles south of Cumberland.

in Chekhov's *The Cherry Orchard*, which is this year's dramatic production at the school.

Alma Snyder of Aurora was admitted Friday evening to Garrett County Memorial Hospital, where she remains a patient.

Gary Baker of Virginia Beach, Va., was injured Friday, Sept. 20, as he traveled to his place of employment. The motorcy-

cle he was riding apparently rear-ended a car which abruptly pulled in front of him. Landing ahead of the car, he received mainly contusions and abrasions plus two fractured ribs, and was hospitalized until Monday. He is the son of Stephen Baker of the Terra Alta-Aurora Pike and the husband of Julie Lewis Baker, formerly of Eglon.

Dear Ms. Nettie,

I should have known something was amiss when the mysterious email arrived in my inbox one Thursday morning. It was from a friend and, while I was accustomed to receiving jokes or photos from him, this email was different. Opening it, I saw a short paragraph that didn't make any sense to me, and an attachment.

Before I could look at the attachment, another email arrived, this one from the director of a local organization that my friend is a member of - I don't want to name names, so let's just call him Mr. Big. It was equally cryptic, and contained two attachments. Suspicious, I put the two emails aside for later and returned to work.

Sure enough, my friend called later that morning. "My computer has a virus," he told me.

So my question is, how do we get rid of the virus and prevent this from happening again?

Signed,

Iris with a virus

Dear Iris with a virus,

To remove and prevent future viruses on your computer, install anti-virus software from a well-known, reputable company, UPDATE it regularly, and USE it regularly.

New viruses come out every single day, an anti-virus program that hasn't been updated for several months will not provide much protection against current viruses.

And please, pass this information on to Mr. Big as he may be spreading viruses all over town.

Ms. Nettie is a paid advertisement by GCNET.NET. Please send your questions for publication to: ms.nettie@gcnetmail.net (Questions may be edited.)

Bluegrass Concert Season To End This Saturday

The Spruce Forest Outdoor Bluegrass Concert Season will conclude on Saturday, Sept. 28. The talent includes ALL4HYM from Front Royal, Va., and the Stevens Family of Berkeley Springs, W.Va. The event will take place under the trees at Spruce Forest Artisan Village along Route 40, Grantsville.

There is no admission charge, and persons are invited to come at noon, bring their own seating, and spend the day. In case of rain, the concert will be moved indoors to the Village Church.

The Stevens Family was featured at the July concert, and ALL4HYM, also a family band, was one of the groups featured at Grantsville Days in June.

Chester and Terri Kreitzer, who front the group, will soon become the hosts of the *The Country Parson* radio show, which is heard on a number of radio stations throughout the Allegheny region. Pastor Jerry W. Rogers of St. John's United Church of Christ in Grantsville, is leaving the program as soon as the transition is complete.

For more information, persons may visit SpruceForestBluegrass.com or call 301-895-3332.

Chapter 6 To Perform For FSU Parents' Weekend

Chapter 6, an a cappella vocal ensemble from Chicago, will perform in the Lane University Center's Alice R. Manicor Hall at 9 p.m. on Friday, Oct. 4, as part of Frostburg State University's Parents' Weekend. This concert is free and open to the public.

Composed of six singers and one arranger, Chapter 6 has created a medley of original arrangements from jazz to gospel, pop, rock, and classical renaissance. What began as a class in 1995 became Millikin University's premier, a cappella ensemble. The group was discontinued in 1998; since then it has been an independent organization, directed by students.

Shortly after releasing its first CD, *A cappella 101*, Chapter 6 won the Chicago Harmony Sweepstakes, becoming the youngest group to ever qualify for the National Harmony Sweepstakes. In 2001, Chapter 6 was crowned the International Collegiate A Cappella Grand Champions at the Lincoln Center's Avery-Fisher Hall in New York City. More recently, the group competed and succeeded in winning the 2002 Chicago Harmony Sweepstakes. At the competition the group was also awarded the "Audience Favorite" caption.

For more information,

Hinebaugh To Instruct Class In Photography

"It's a Snap! The Aesthetics of Good Photography" is an afternoon photography course which has been scheduled for 3-5 p.m. over three consecutive Wednesdays, Oct. 16, 23, and 30, in Room 305 of the Garrett College Continuing Education building.

Taught by local photographer Guy Hinebaugh, the course will provide "hands on" instruction on topics such as capturing an image, and determining the best angle and background for a photo. Students will use their own cameras to photograph people and landscapes, and will discuss critiquing and mounting photos. Weather permitting, one of the class sessions will be held outdoors.

Persons may register for the class by calling 301-387-3069.

The course is the first offering of GC's Center for Lifelong Learning, which has been developed to serve mature adults in the community by providing learning activities in a variety of formats. These will include additional short courses, workshops, seminars, demonstrations, field trips, and lecture series. Further information will be published in the near future.

Garrett College To Host State's Poet Laureate

Maryland Poet Laureate Michael Collier will make a guest appearance at Garrett College on Friday, Oct. 11, at 2 p.m. in Room 305, where he will read three of his original poems, and answer questions and discuss his work. The reading is open to the public free of charge, and has been approved as a co-curricular credit activity for GC students.

Collier has been affiliated with the Department of English at the University of Maryland, College Park, since 1984, and currently serves as co-director of the Creative Writing Program. He is also a faculty member of the Warren Wilson College Master of Fine Arts Program for Writers. He holds a Bachelor of Arts degree from Connecticut College and an Master in Fine Arts degree from the University of Arizona, and has taught at George Mason University, Fairfax, Va.; Johns Hopkins University, Baltimore; and Yale University, Cambridge, Mass.

Collier's most recent collection of poetry, *The Ledge*, was selected as finalist for both the National Book Critics Circle Award and the Los Angeles Times Bank Prize in Poetry. His poems have appeared in numerous publications, including the *Atlantic Monthly*, *The Nation*, *The New Republic*, *Ploughshares*, and *Poetry*. He is the recipient of two National Endowment for the Arts fellowships, a

Free Ballroom Dance Lessons Slated By GLAF

Steve and Gail Herman will teach free ballroom dance lessons at the Oakland Elks Club Oct. 14 and 16 from 7:30 to 9 p.m. The classes will be offered in preparation for the Oct. 31 dance with the Sammy Kaye Orchestra, benefiting Garrett Lakes Arts Festival.

The Hermans have offered their expertise for couples interested in learning new steps or polishing the old. Persons may call the GLAF office at 301-387-3082 to sign up for the lessons.

The Halloween Dance, featuring the Sammy Kaye Orchestra, will be held Thursday, Oct. 31, at 7:30 p.m. at the Oakland Elks Club. Tickets for the semi-formal dance are now available by contacting GLAF benefit committee members, GLAF board members, or the GLAF office at 301-387-3082. Tickets are \$35 per person.

Benefit committee members are Wayne Johnson, chairman; and Judy Bertsch, Jackie Johnson, Nancy Learey, Willetta Mater, Carole Perez, and Beth Johnson.

WINDY RIDGE ON SPRINGS SLATE - Local gospel bluegrass band Windy Ridge will be performing at the upcoming Springs Folk Festival, set for Friday and Saturday, Oct. 4 and 5, from 9 a.m. to 5 p.m. in nearby Springs, Pa. The annual family-oriented event gives festival-goers hands-on insights into the heritage and culture of the tri-state region through artisan demonstrations, the historical drama *Chestnut Roots*, dancing and clogging, sales of traditional crafts and foods, and two day-long slates of traditional musical performances. Windy Ridge, composed of (from left) Olen Beltzel, Ron Beltzel, Steve Yeash, Garland Maust, and Donald Beltzel, will perform tomorrow from 10:30 to 11 a.m., and 2 to 3 p.m., and again on Saturday at the same times. The festival takes place on the grounds of the newly renovated and expanded Springs Museum, located four miles north of Grantsville along Rt. 669. Persons may call 814-662-4158 or 814-662-2625, or visit the web site of the Somerset County (Pa.) Chamber of Commerce at www.somersetcountychamber.com for more information.

Gallery Hosting Exhibit, Reception For Area Artists

The annual fall reception of the Garrett County Arts Council, held in recognition of participating artists at the Gallery in Oakland, is scheduled for Thursday evening, Oct. 3, from 5 to 8 p.m. at 206 E. Alder Street. Bittering resident Sue Arnsen is the featured guest artist at the Gallery's current Autumn Glory exhibit, and she and a number of other local artists will be on hand for the public event.

Nearly 125 artists have participated in the council's gallery project since the doors to its display and sales facility opened for business two years ago. The 2002 Autumn Glory exhibit, recently installed, features more than 100 new paintings and photographs by local artists and hundreds of gift and craft items, including blown glass, stained glass, turned and carved wood, dough craft, knit goods, iron work, papier mâché, jewelry, and other media used in creative expression. All work on display is handmade by council members.

"We're extremely proud of the diversity and quality of our gallery's collection," noted GCAC executive director Steve Schlossnagle. "We hope the public will take advantage of this special opportunity to visit the Gallery and meet some of the many accomplished artists active in our community."

The featured artist for the reception will be Loft Shop owner Sue Arnsen, whose watercolor paintings and mixed media works will be on display in the gallery's special exhibit room through November. Arnsen challenges visitors to her exhibit to "look up" to enjoy paintings of familiar landmarks around the county, including the Oakland

DANCING ON AIR, this papier mâché mobile, shown above to the left, portrays six dancers rotating around a blue star, and is one of the works of featured guest artist Susan Arnsen, just one of the artists whose works are on display at the Autumn Glory exhibit at the Garrett County Arts Council Gallery in Oakland. The public is invited to a

gala reception in honor of Arnsen, a Bittering resident, and other community artists set for 5 p.m. this coming Thursday evening, Oct. 3, at the Gallery. Over 100 new paintings comprise the new exhibit, including "Quiet Time," above at the right right, a study in oil by Grantsville artist Dee Speicher. See story.

Courthouse dome, the Casselman Bridge, churches in Accident and Bittering, old houses and barns, and the original First National Bank building in Oakland, current home of the arts council's gallery.

"I decided to 'look up' around the county," explained Arnsen in a statement accompanying her exhibit. "It was fun to discover and paint the shapes, colors, contours of our county. As I 'looked up' my spirits rose." Arnsen's paintings are complemented with floating hand-painted silk scarves and brightly painted, handcrafted mobiles.

Additional information on Gallery exhibits and the Oct. 3 reception can be obtained by calling the Garrett County Arts Council at 301-334-6580.

Roldán/Goldstein Concert, Liszt Gala To Conclude Piano Festival

The International Piano Festival will conclude this weekend in the Great Hall at Penn Alps, Grantsville, with concerts to benefit the Alta E. Schrock Memorial Fund, dedicated to supporting quality music in the tri-state region.

Pianists Nancy Roldán and Gila Goldstein will present "Across the Seas," featuring works by composers from Argentina, Spain, Israel, and Russia, on Saturday, Sept. 28, at 7:30 p.m.

Roldán, originally from Argentina, has performed extensively in the United States, Europe, the Americas, and the Caribbean. Now based in Baltimore, she is president of the Baltimore-Washington Chapter of the American Liszt Society. She has served on the faculties of the University of Puerto Rico and the Peabody Conservatory, maintains a private studio, and offers workshops on wellness in performance. A graduate of the Universidad Nacional de Cuyo in Argentina, she received her master's and doctoral degrees from the Peabody Conservatory. Her recordings include solo and chamber works. Throughout her career, she has championed the work of Argentine composer Carlos Guastavino.

Goldstein has performed extensively as a soloist and collaborative pianist throughout the United States, Canada, Mexico, Europe, and Israel. The founder and president of the New York Chapter of the American Liszt Society, she holds a master's degree from the Manhattan School of Music and a bachelor's degree from the Rubin Academy of Music at the Tel-Aviv University in Israel. She has recorded works by leading Israeli composer Paul Ben-Haim.

The festival will conclude with a Liszt Gala on Sunday, Sept. 29, at 2 p.m. Titled "Liszt & Virtuosity," the program will feature pianists Roldán and Goldstein, violinist José Cueto, and soprano Elizabeth Hart in celebration of an artist known for his virtuosity and

service to humanity.

Liszt, who lived from 1811 to 1886, sought to create a new kind of repertoire for the piano, with the famous virtuoso violinist Niccolò Paganini as his model. His work represented a breakthrough in piano technique known for its emotional impact.

Hart frequently performs in the Baltimore-Washington area as both recitalist and chamber musician, and is one-half of the Hart/Woodfield Duo. The director of the voice program at Loyola College, she maintains a private studio and has co-authored the book *Anthology and Vocal History for Beginning American Singers*, which will appear next summer.

Cueto, born in Puerto Rico, is concertmaster of Concert Artists of Baltimore and is in great demand as a chamber musician. After graduating from the Puerto Rico Conservatory of Music, he was awarded scholarships from the Institute of Culture of Puerto Rico and the Peabody Conservatory, where he completed his bachelor's and master's degrees. He is now artist-in-residence at St. Mary's College and on the faculty of the Elderhostel Program at the Peabody Institute.

Admission is by donation only, with neither tickets nor reserved seats. Music students are especially encouraged to attend. Refreshments provided by Penn Alps Restaurant will be served after each concert at a reception for the performers.

The festival has been presented by the American Liszt Society Baltimore/Washington Chapter and Music at Penn Alps, with performance fees donated by the artists. Kleeb's Music of Morgantown and Dr. Joan DeVeve Dixon of Frostburg State University's Department of Music arranged for the loan of the Yamaha performance grand piano used during the festival.

Two fund-raising efforts, a piano auction and special piano key fund-raiser, com-

plemented the festival throughout the month. Monies raised will allow the purchase of a new piano for the Great Hall at Penn Alps, along with other projects to enhance MPA operations. For information, persons may contact Fred Bolton at 301-895-5881 or fbolton@gcnetmail.net.

Penn Alps is located east of Grantsville along Old Route 40 between exits 19 and 22 of Interstate 68. For information, persons may contact Penn Alps Restaurant and Crafts Shop at 301-895-5985. More information is also available on the Web site www.musicat-pennalps.org.

South Pacific First Offering Of FSU Theatre

Frostburg State University Theatre will open its season with the classic musical *South Pacific* in the Performing Arts Center's Drama Theatre. Evening performances are set for October 11, 12, 17, 18, and 19 at 8 p.m. Saturday matinees have been scheduled for 2 p.m. on October 12 and 19.

Based on two short stories from James Michener's wartime collection *Tales of the South Pacific*, this Rodgers and Hammerstein production focuses on two love stories. The first involves the unlikely attraction between Nellie Forbush, a naive Navy nurse from Little Rock, Ark., and Emile de Becque, a worldly French planter. The second tells the tale of the tender, tragic romance between Lt. Joe Cable and a young island girl.

The cast includes Jen Bonner as Nellie, guest artist Michael Sheraton from New York City as Emile, Larry Lewis as Lt. Cable, Candice Thomas as Liat, and Jessica Dukes as the unforgettable Bloody Mary.

The score, including such hits as "Some Enchanted Evening," "Younger than Springtime," and "There is Nothing Like a Dame," combined with the serious themes of racial prejudice, hate, and the effects of war on a formerly pristine paradise, made *South Pacific* the second musical to win the Pulitzer Prize in Drama for 1949.

Information about and reservations for all University Theatre productions can be obtained by calling 301-687-7462 between 1 and 5 p.m. Monday through Friday. Season Discount Cards are available through Oct. 19 for all theatre performances. Tickets for *South Pacific* are \$10 for the general public and \$3 for students.

FSU is committed to making all of its programs, services, and activities accessible to persons with disabilities. You may request accommodations through the ADA Compliance Office, 301-687-4102, TDD 301-687-7955.

"Pershing's Own" Corwell To Give Concert At FSU

Dr. Neal Corwell, a member of the U.S. Army Band — "Pershing's Own" — will present a recital at Frostburg State University on Thursday, Oct. 3, at 8 p.m. in the Performing Arts Center Pealer Recital Hall. The recital is free and open to the public.

Corwell served in the Washington, D.C., military band from 1981 to 1989, and he recently rejoined that organization and is again playing euphonium as a member of the armed services. During the intervening years, Corwell earned his doctorate in music from the University of Maryland and made his living as a freelance musician, appearing in Europe, Asia, and all across the United States as guest euphonium soloist and composer. He also was an adjunct faculty member at both FSU and Shepherd College, teaching low brass and electronic music.

Over 40 of Corwell's original works and arrangements are published, and several have been included on recent recordings. His solo CDs include *Distant Images* (1994), *Heart of a Wolf* (2000), and the soon to be released *Out Sitting in his Field* (2002).

Corwell is also a graduate of FSU. He is married to the former Kathryn Sinclair, a native of Mtn. Lake Park.

For more information, persons may contact the FSU Department of Music at 301-687-4145.

Rams' Record Falls To O-3 With Loss To 'Cats

Prospects for a successful football season for Southern High School continued to dim last Friday night, as the Rams were handed their third defeat in as many starts, 21-16, by one of the few teams on the 2002 schedule that many fans thought the young Ram squad would defeat.

But Coach Fred Gregg said going into the game that Westmar was fielding one of its better teams in at least a decade, and that it would take a good effort for the Rams to top the home-standing Wildcats. After taking an early 8-0 lead, that effort came unraveled, allowing the 'Cats to rally for 21 unanswered points and ultimately their second victory in three outings.

Freshman running back Andrew VanBogelen wasted no time putting the Rams on the board first, as he broke loose on the very first play from scrimmage and raced 50 yards for a touchdown. Sophomore quarterback Cory Bosley then ran successfully for the two-point conversion.

An 11-yard touchdown run by Westmar's Dan Duncan early in the second quarter, followed by a Michael Gould pass completion from Bobby Alkire for the conversion, knotted the score at 8-8.

The Wildcats took the lead for good just before halftime when Alkire hit Duncan with a 10-yard touchdown pass. David Brashear booted the extra point to give Westmar a 16-8 halftime advantage.

Russell Miller hauled in a 20-yard scoring pass from

Alkire in the third period to up the score to 21-8. The run for the conversion failed.

The Rams rallied for eight points with less than two minutes to play, as Jay Tressler capped a drive with a one-yard touchdown plunge, and Billy Schmidl ran for the two-point conversion.

Southern attempted an on-side kick, which was almost perfectly executed, as the ball traveled the necessary 10 yards and came down hitting the back of one of the Rams, but he was unable to make the recovery.

Duncan led all rushers, gaining 114 yards of the Wildcats' ground total of 183 yards on just 10 carries. Alkire completed five passes, gaining 85 yards and a pair of touchdowns, with

The Wildcats were hampered by penalties, 14 of them, which cost them 105 yards.

VanBogelen paced the Rams' 180-yard ground game as he recorded 88 yards on 13 carries. Schmidl added 43 yards on seven attempts.

"This was a game we really needed to win," Coach Gregg said. "We played better in general, but we are still inconsistent and can't seem to get everyone playing well at the same time, which is characteristic of a young team."

"But we are also not being mentally as tough as we need to be to win games, and that goes from the freshmen all the way up to our seniors," he said.

"Another key to our loss was that our secondary just weren't as aggressive as they needed to be, especially considering the quality of Alkire at quarterback," he added.

Another problem for the Rams which came up in the third quarter, and will continue to be a problem at least in this week's game, was the loss of quarterback Cory Bosley, who sustained a shoulder sprain.

"Cory is definitely going to be out this week, and maybe next week as well," Gregg said.

Replacing him is junior Mike McCauley, who will get his first-ever start this Friday against one of the best teams on the Rams' schedule, Allegany.

The Campers will come to Oakland with a 2-1 record, and one of those victories was a convincing win over Beall, a team which manhandled the Rams in their second game.

"Their old coach, Jack Gilmore, is once again their new coach, as he came out of retirement this year to take over the program again," Gregg said. "As expected, he has kept a lot of the same team philosophies and ideas, so it is the typical, strong Allegany team again this year."

The Campers' wing-T offense is led by talented senior fullback Tabrenn Wharton (5-10, 200) and junior receiver Jesse Ritter (6-3, 180). Their 6-2 defensive unit is paced by senior linebacker Jeremy Payne (6-0, 200).

"They are very good up front," Gregg said. "We are extremely impressed with the quality of their line, on both sides of the ball, which means we are going to have to have an excellent effort up front as well if we hope

to have any chance to win the game."

Gregg said that the Campers are primarily a run-oriented team. "They just pound and pound with the run, but they can also mix it up when they want to," he said.

Coach Gregg complimented his players on their continuing positive attitude, despite their 0-3 start. "They are still keeping their heads up and working hard to improve each week, and that's really all we can ask of them," he said. "Our job (the coaches), simply, is to teach, and that's what we are continuing to do."

Friday's kickoff is scheduled for 7 p.m.

Southern Junior Varsity Falls To Preston Knights

A 12-point fourth quarter by the junior varsity Knights of Preston High School resulted in a 26-14 defeat of the Southern High jayvees Monday evening in Oakland. It was the third loss in four starts for the Rams.

Brett DeWitt put Southern on the board first when he broke free and raced 75 yards for a touchdown. The run for the two-point conversion was no good.

The Knights tied the score at 6-6 with a touchdown later in the same quarter, and took a 14-6 lead with a touchdown and conversion in the second quarter. (Names of individual scorers for Preston were not reported.)

The Rams rallied to tie the score at 14-14 in the third quarter with a 41-yard touchdown run and successful conversion run by DeWitt.

A 64-yard punt return for a touchdown, followed by a 16-yard TD run, both in the fourth quarter (conversions failed) gave the visitors the victory.

DeWitt amassed 195 yards on 25 carries for the Rams, and Billy Whitacre paced the Southern defensive effort with nine tackles.

The Rams are scheduled to play at Allegany next Monday at 3 p.m.

Ram Freshmen Defeated 33-12 By Sentinels

The freshman football team of Southern High School scored too little too late last night at Greenway Avenue Stadium in Cumberland and as a result was handed a 33-12 defeat by Fort Hill.

A.T. Zembower scored touchdowns on runs of 30 and 14 yards for the Sentinels, Trevor Neff added a 10-yard TD run, Justin McKenney scored from one yard out, and Harley Brooks completed a 25-yard touchdown pass thrown by Jeff Lee.

Fort Hill built a 27-0 lead before Southern quarterback Jason Wakefield connected with Jeremy Glotfelty on a 30-yard scoring pass to make it 27-6. After the Sentinels responded with a touchdown early in the fourth quarter, Southern's Jeff Gank put

Maddawgs Limit Saints To One Touchdown Each

The Northern Maddawgs Pee-Wee football teams hosted the Saints on Sunday at Northern High School for the squads' fifth games of the season. Both halves of the Maddawgs' program came away victorious, as the C team took a 24-6 win and the B team triumphed by a 26-6 margin.

The Maddawgs' C team took the first, and proved to be unstoppable throughout its contest. The C defense held strong by only allowing one touchdown by the Saints and denying the extra point attempt. Scoring behind a strong offensive line for the Maddawgs were Josh Mason with two rushing touchdowns, and Seth Layton rushing for two touchdowns. The Maddawgs C team's 24-6 win over the Saints improved its record to 3-2 on the season.

The Maddawgs' A&B team battle with the Saints followed, with the B teams matching up for the first quarter. The Maddawgs' offense struggled to move the ball downfield against a tough Saints defense, while Northern's defense held strong as well. The Saints finally managed to punch the ball into the endzone, although the Maddawgs

denied the extra-point attempt to keep the score 6-0.

Down by a touchdown, the Maddawgs' A team came out to start the second quarter on offense. Starting at their own 17-yard line, the Maddawgs' offensive line opened up a hole which allowed Zach Fratz to rush for a 63-yard touchdown, knotting the score. Quarterback Jared Rodeheaver rushed for the extra point to put the Maddawgs up 7-6, and on the ensuing series the fired-up Maddawgs' defense stopped the Saints. The Maddawgs' offense put together another dominating drive up the field with Josh Duckworth rushing for a 46-yard touchdown and the extra point. The Maddawgs' defense continued to dominate the Saints' offense, with the pressure leading to a Patrick Beckman interception, but the half came to an end before Northern was able to crank up its offense to go after another score. At the half time the Maddawgs were on top 14-6.

The Maddawgs' B team took the field in the third quarter, and despite the rain was able to hold off the Saints' opening drive of the second half. The Mad-

dawgs' B team offense established its running game behind a strong blocking line, which allowed Alex Baker to rush for a touchdown. The B team defense held strong for the Maddawgs, holding the Saints scoreless.

The Maddawgs' A team took the field with a 20-6 lead in the fourth quarter. Northern's Saint-stifling defense continued to dominate the line of scrimmage as J.P. Law continually broke through guests' line to corral ballcarriers in the Saint backfield. When the pigskin returned to the Maddawgs' offense, Northern ate up the clock by pounding the ball up the middle play after play. The offensive line for the Maddawgs continued to stonewall the Saints, and allowed Zach Fratz to break free for a 37-yard rushing touchdown. The A&B team combined score ended with a 26-6 victory over the Saints.

The Maddawgs' A&B team improved its record to 4-1 on the season, and the Northern program will travel to Cumberland this Saturday to take on the Raiders at Allegany College of Maryland.

Husky Defense Battles Indians, Offense Struggles In 17-6 Loss

Behind every dark cloud there's a silver lining, and despite sustaining a 17-6 Homecoming loss to the visiting Berkeley Springs Indians Friday night, the Northern High Huskies football squad moved a long way toward the win column with some outstanding efforts. While the puzzle pieces are coming together, the biggest impediment to NHS hopes continues to be turnovers, the bane of many a team.

"The guys have been working very hard, and it's showing," NHS head coach Phil Carr commented. "We're getting better, especially on defense and special teams, and our offense is showing steady improvement. Our defense played well enough to win by holding a team that came in averaging over 30 points a game to just 17 points. The defensive unit gave our offense the ball with some good field position, but we weren't able to capitalize. Turnovers killed us, like they have in the past."

Northern and Berkeley Springs came out testing each other by probing for weaknesses and finding none until, with the scoreboard still reading 0-0, the Huskies delighted their Homecoming crowd with some special teams trickery that led to a touchdown. After lining up near mid-field in a fourth down punting formation, NHS pulled off a successful fake punt as Mike Wolf took the snap and scampered 25 yards to garner the Huskies a first down at the Indians' 24-yard line.

With cheers cascading

down around them, the Huskies kept the momentum going by immediately reeling off a nine-yard gain on halfback Aaron Mitchell's carry, followed by a two-yard run by quarterback Andrew Frantz to garner a first down well within the red zone. Mitchell and his blockers hit paydirt on the very next play as the speedy runner picked his way 13 yards to cross the goal line and make the score 6-0 with just under three minutes remaining in the quarter. NHS's extra-point rushing attempt failed.

It didn't take the Indians long to come up with an answer. At the 10:25 mark of the second stanza, BS quarterback Luke Truax lofted a pass from near midfield that appeared headed for an interception, if not a Husky interception; however, NHS cornerback Robert Stark, who had matched Indian receiver Jacob Wilson step-for-step on a deep route, turned his body the wrong way at the last moment and missed a play-making opportunity. The heroics instead fell to Wilson, who gathered the pigskin in and scampered a short five yards into the end zone for a 40-yard touchdown through the air.

"Robert had that pass sewn up, but he just got turned around at the last second," Carr said. "We didn't know it then, but he told us at halftime that he had been really hurting after a wicked clip that had taken place on the preceding play. He was pretty banged up, but insisted on going out to play in the second half, and made a

MITCHELL PANCAKES ALL-STAR RECEIVER — Northern High cornerback Aaron Mitchell (#11) introduces 2001 All West Virginia honoree Matt Rockwell of the visiting Berkeley Springs Indians to the Huskies' stadium turf Friday night — up close and personal. The hard hit jarred the ball loose for an interception, fanning the chances for a fumble recovery by wide-eyed fellow NHS defensive back Darric Kamp (#30). "Aaron did a great job shutting Rockwell down all night," Husky head coach Phil Carr commented. The play was just one cog in a blue-and-gold defensive

machine that held the high-powered Indian offense to half its usual point production. Northern's offense, while still struggling, is showing steady improvement with new quarterback Andrew Frantz (#12, shown below) running the option offense, while Mitchell has moved four steps back to join Mike Wolf and Lee Yoder in the hard-charging Huskies' backfield. beyond that when a defender pops it loose with his head. Our guys are working real hard, and no one is playing loose with the ball; sometimes those things just happen, but I just wish they wouldn't happen so often." Despite the misdeed, Wolf

hard tackle that aggravated his strained neck injury and caused wooziness. That's when we pulled him for good, despite his protests."

That long touchdown pass was one of just nine passes the highly touted Berkeley Springs completed for the night, out of 22 attempts. "Several of the completions they did make were basically mistakes on their part, to be perfectly honest," commented Carr. "Our cover guys were glued to their receivers the whole game. Truax lucked into some long pass plays when he underthrew the ball and their receiver had to come back under it, while our guy lost a step when he turned the wrong way. That's what happened on that first touchdown."

Just 3½ minutes later the Indians' Tyler Kessecker connected on a 21-yard field goal that gave Berkeley Springs a 10-6 lead that it carried into the halftime locker room.

Northern came out moving the ball in the third quarter and had gotten to its 40-yard line before coughing the ball up with a fumble that killed a potential drive. The Indians capitalized with a drive of their own that ended with a one-yard touchdown plunge by Levi Hovermale. A successful extra-point kick put the visitors up 17-6 as the stanza came to a close.

The turnover bug bit the Huskies again when, after a long and steady offensive drive, NHS attempted to punch the ball into the end zone from one yard out. A hard-charging Wolf took the handoff and, within inches of the goal line (a matter of heated debate among many sideline observers), lost his grip on the ball when an Indian defender hit the ball square with his helmet and knocked it free. Berkeley Springs recovered and embarked on a

near 70-yard grinding drive that chewed almost five precious minutes off the clock and sealed the Indian victory.

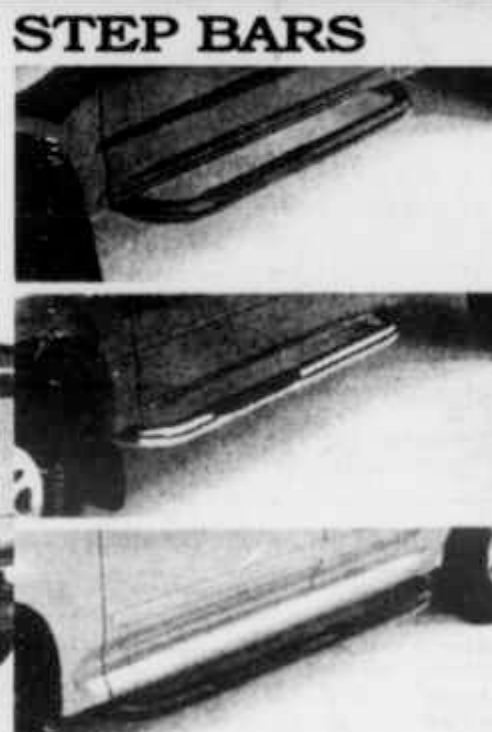

"Those turnovers sank us, because one led to a touch-

down for them, and the other lost a touchdown for us," stated Carr. "We've been drilling hard in practice on techniques for protecting the ball, but you can't prepare for much

Steeler Teams Both Defeated By Warriors

The Division I and Division II Northern Steelers were defeated by their Braddock Warrior counterparts, 14-3 and 7-6, respectively, in Cumberland Area Youth Football League action on Saturday at Allegany High School.

In the Division I contest, the Warriors scored all of their points in the first quarter. Doug Hamilton raced 46 yards to the end zone, and Tyler Wharton ran for the extra point to make it 7-0. Devin Brown then capped a drive with a two-yard TD run, and Eddie Szymanski ran for the conversion to give the Warriors a 14-0 lead.

The Steelers avoided a shutout when Corey Carr capped a 45-yard scoring drive with a 32-yard field goal in the second quarter.

The second half was a defensive standoff.

The Warriors (2-2) amassed 251 yards of offense, with Hamilton pacing the effort.

Brandon Opel and Matt Mason were defensive standouts for the Steelers, who will host the Patriots this Sunday afternoon.

The Division II Steelers took a 6-0 lead in the second quarter when Neal Kamp found daylight and carried the ball 60 yards for a touchdown. The two-point conversion kick failed.

which ultimately proved to be a crucial miss.

The Warriors rallied with a touchdown in the final period, scored by Zach Barton on a 30-yard run. The game winner was Tyler Boston's successful run for the conversion.

It was the third win in four starts for Braddock.

Husky Defense

Continued from Page A-13

On defense, middle linebacker Chad Carr led the way with 17 total tackles, solo and assisted. The Huskies tallied three sacks, and pressured Truax a number of times into making hurried throws. "We did what we wanted to do on defense," observed Carr.

Northern will have to do what it needs to do to claim its first win Saturday at Turkeyfoot against its scrappy hosts. "It's never easy when we go up there because they get really pumped for us and will often play one of their best games of the year against us," the Huskies' guru said. "The schools are only 20 minutes apart, and lots of the kids know each other."

The Rams are coming off their first win, a 36-0 drubbing of Rockwood. Prior to that, the Turkeyfooters had lost their first three outings, to Clay-Battelle, Hundred High, and Bishop Walsh.

"We can't let their record fool us," Carr warned. "They average 215 pounds across both front lines, a lot more than we do, and they are all two- or three-year

starters with lots of game experience."

The Rams rely on a 4-4 defensive scheme, and will pressure Frantz and the NHS option with repeated blitzes — sometimes bringing all four linebackers at once. Frantz and his backfield mates will have to be especially alert for openings, and if they can exploit Turkeyfoot's aggressiveness to their own advantage they may find some seams to break through for long gains.

Turkeyfoot's offense has a bit of a split personality, as at times the Rams will run a Wing-T formation with a lot of players in motion, and at other points will call for a Stacked-I formation that will line up the quarterback, fullback, and two halfbacks in a straight line perpendicular to the line of scrimmage. "You know they're probably going to pound the ball right at you when they line up like that," remarked Carr.

Talented Rams to watch include junior quarterback Casey Caprinini (5-11, 160), who has a budding arm, and junior halfback Chad Barkley (5-8, 150), and sophomore halfback Bill Hinz (5-5, 135).

"We have the advantage in speed, and are going to have to make the most of it," Carr concluded. "Hopefully the field will be dry enough for us to be able to run."

Saturday's kickoff is slated for 1:30 p.m. at Turkeyfoot.

Northern Junior Varsity Nipped By 'Cat Jayvees

Northern High School's junior varsity football team let an early lead get away on its way to losing a hard-fought 7-6 battle to the Westmar Wildcats Monday night in Lonaconing.

A five-yard touchdown carry by Casey Kamp put NHS on the board in the first quarter, but Westmar's Justin Warnick gave the Wildcats a fourth-quarter score on a two-yard touchdown run. Cody Smith's extra-point kick broke the 6-all tie and provided the winning point for the hosts.

The Husky jayvees travel to Beall Monday night for a 7 p.m. match-up.

Northern Girls Turn Things Around With Three Wins

After opening the season with five straight defeats, the Northern High School girls' varsity turned things around this past week, as the Huskies won three straight road contests and upped their Western Maryland Interscholastic League mark to 3-2.

Coach Lynn Lais's squad stopped Allegany last Thursday, 3-1, in a WMIL match at Greenway Avenue Stadium in Cumberland, whipped home-standing Fort Hill in another WMIL match-up on Saturday, 4-1, also at Greenway, and then recorded a 2-1 victory over host Meyersdale on Monday.

Brittany Milbourne opened the scoring for Northern against Allegany, putting the ball into the back of the Alco net off an assist by Amy Brenneman at the 34:19 mark of the first half.

Northern's Amy Shaffer made it 2-0 with a goal off a feed by Megan Shaffer with just a minute left before halftime.

A goal by Lyndsi Butler via an assist by Milbourne put the Huskies on top 3-0 with just over 12 minutes remaining in the match.

The Campers avoided a shutout when Becky Mathews scored an unassisted goal with 6:16 remaining.

The Huskies finished with much more effectiveness in their shots, as they were edged in goals on goal by a 20-15 margin. Northern had a 2-0 advantage in corner kicks.

Sarah Masters had eight saves for the Huskies, while Marjorie Gray turned away five attempts for the Campers, who dropped to 1-3-1 with the loss (0-3 WMIL).

Milbourne scored two of the Huskies' four goals on Saturday against Fort Hill, both within a span of just 10 minutes in the first half.

She made it 1-0 with a goal off an assist by Butler with 14:17 remaining in the half, and then scored an unassisted goal at the 12:58 mark to give the Huskies a 2-0 halftime advantage.

Butler made it 3-0 with an unassisted goal not quite eight minutes into the second half, and Carrie Friend gave the Huskies an insurmountable 4-0 lead with an unassisted goal with 13:45 left in the match.

Brandi Page finally put a goal on the board for the Sentinels when she scored off a feed by Lauren Roman with just 4:51 left to play.

The Huskies had a 10-7 lead in shots on goal, while the Sentinels finished with a 4-1 advantage in corner kicks. The loss dropped Fort Hill to 1-4 overall and 0-2 in WMIL competition.

The first half of action in Tuesday's match at Meyersdale was all scoreless defense, but goals by Lyndsi Butler and Britta Lais, both off assists by Tiffany Yoder, gave the Huskies a 2-0 lead in the second half.

Butler scored with 28:30

The Huskies will not play again until next Thursday, Oct. 3, at home against Allegany.

Huskies Whipped By Beall, But Rebound Vs. Vikings

The boys' varsity soccer team of Northern High School was hammered, 6-1, by the host Beall Mountaineers in a Western Maryland Interscholastic League match last Thursday, but rebounded for a 3-2 victory Tuesday evening over Petersburg on the Vikings' field. The split left the Huskies with a 3-4 overall record.

The Huskies could not get on track defensively against Beall, the area's second-ranked team, as the Mountaineers recorded 31 shots on goal, compared to 11 by the Huskies.

The first of the six Beall shots that made it into the net was by Adam Bowling, unassisted, midway through the first half (19:51). Bowling then made it 2-0 with a goal off an assist by Joel Greig just over three minutes later.

An unassisted goal by Sean Diamond with 6:15 left in the first half gave the Mountaineers a comfortable 3-0 lead at intermission.

Unassisted goals by Nathan Jackson and Brandon Durney at the 35:45 and 30:41 marks of the second half put Beall on top 5-0, and Donald Delozier tacked on an insurance goal off an assist by Brandon Bittner with 19:46 to play.

The Huskies averted a shutout when Adam Dewitt scored on a penalty kick

Derek Cutter scored a pair of goals for the Northern junior varsity in the preliminary match, but the Little Mountaineers finished with seven goals to easily win the match.

Adam Dewitt scored a pair of goals for the Northern varsity in the win over Petersburg on Tuesday, his first coming directly off a corner kick with 11:35 remaining in the first quarter. The second quarter was scoreless, and the half ended with the Huskies on top 1-0.

Petersburg's Calvin Bensenhaver responded with an unassisted goal at the 7:01 mark of the second quarter to knot the score at 1-1. The Huskies regained the lead when Scott Pusateri recorded an unassisted goal about five minutes later.

The Vikings rallied again in the fourth period to tie the score at 2-2, as Tyler Kuhn sent the ball into the Husky net off a direct kick with 13:47 left in the match, but Dewitt put the game-winner on the board with a successful penalty kick with just 2:14 remaining.

The game was close not

only on the scoreboard, as each team was credited with 17 shots on goal. The Huskies held a 6-4 edge in corner kicks.

Chris Fickes had eight saves for Northern, and Ben Fout turned away seven shots for the Vikings, who

dropped to 7-4 with the loss.

The Huskies will host Salisbury this evening, with the kickoff of the varsity game set for 7:30. They will play at Allegany next Wednesday.

Ram Booters Play Well At Beall, But Still Fall To 0-5

The members of the Southern High School boys' varsity soccer team, who are still looking for their first win of the season, gave the home-standing and second-ranked Beall Mountaineers all they could handle Tuesday night in Frostburg before accepting a 2-0 defeat. The loss dropped the Rams to 0-5 overall and 0-2 in Western Maryland Interscholastic League play.

Southern played tenacious defense throughout the first half, and held the Mountaineers scoreless; although the Ram offense also could not muster a score.

Finally breaking the scoreless tie just over six minutes into the second half was Beall's Brandon Durney, who scored off an assist by Joel Greig.

An insurance goal was added by Nathan Jackson at the 19:57 mark off a feed by Durney.

The win upped the Mountaineers' overall record to 5-0-1, and their WMIL mark to 3-0.

The Rams were dominated in shots on goal by a 27-10 margin, and in corner kicks, 14-3. However, Southern keeper Ben Friend turned away 25 of those shots, while Matt Bennett had six saves and Scott Matthews recorded

LAKERS TURNING TIDE INTO WIN COLUMN — After a slow start to its season, the Garrett College volleyball team recorded its first victories this week by taking three wins in five matches. Southern High alumna Erin Frantz (#10, left) is shown making a picture-perfect spike over the outstretched fingertips of a pair of Essex defenders. Also key to the turnaround was the play of Northern High graduate Jolene Brenneman (#6, right) who recorded 23 points and 10 kills during the Lakers' week-opening win over Essex Saturday in McHenry. GC has three road matches lined up for this week. Photos by John McEwen.

GC Netters Net First Wins Of Year; Take Three Of Five

The Garrett College volleyball team had a full slate of action this past week, as the Lakers beat Essex and lost to Butler on Friday, recorded sweeps at Baltimore City CC and Penn State-Fayette on Saturday and Tuesday, respectively, then lost a nail-biting 3-2 match last night at Potomac State.

Friday's opening match with Essex was a close one, as the Lakers downed their guests in a hard-fought 3-2 battle that went down to the wire. GC took the first

two games, 30-15 and 31-29, then Essex tied things up by taking the next two 30-26 and 30-20. It came down to a fifth game, with the Lakers narrowly prevailing 15-13.

NHS alumna Jolene Brenneman had 23 points and 10 kills, Tiffany McFarland contributed 14 points and 12 kills, Brooke Alkire had 13 digs, and Marlena Raines 15 assists for GC. The Lakers tallied 23 service aces, and Brenneman accounted for more than half with 12 of her own.

Garrett dropped the following match to Butler 2-1, despite taking the first game 30-23. Butler surged back to claim the match by winning the next two games 35-33 and 15-8. GC's Brenneman and Laura Johnson each had 17 kills, and Raines had 15 assists and seven points.

The Lakers returned to the winning way the following afternoon in Baltimore by sweeping host Baltimore City CC by scores of 30-15, 30-25, and 30-20. Brenneman tallied 23 points and contributed 18 of GC's 43 aces, while Alkire recorded 17 points. Raines handed out 14 assists, and McFarland notched seven kills.

Garrett put together another sweep Tuesday night in Uniontown, Pa., as the Lakers routed host Penn St.-Fayette 30-9, 30-15, 30-17. McFarland netted 18 service points, eight kills, and eight service aces, and Raines contributed 13 assists. Laura Johnson had six kills and four blocks, and Brenneman accumulated five digs.

One of the best showings of volleyball action in recent memory took place last night at Keyser, W.Va., as the Lakers and their Cata-mountain hosts battled for each and every point in a thrilling 3-2 PSC victory. The Lakers won the first game 31-19, the PSC hosts took the second game 30-27, and Garrett rebounded to take game three 30-16. The Catamounts then took the match with narrow wins

of 30-26 and 16-14. Johnson netted 27 service points for the Lakers. Alkire and Brenneman contributed 15 points each, along with 13 digs apiece. McFarland recorded 16 kills and four blocks, and Raines dished out 25 assists.

The Lakers' long road swing continues this week with tomorrow's match at Howard, a Saturday visit with the College of Southern Maryland, and a Monday trip to Frederick.

RAMS RIP THE NETS — The Southern High School volleyball team, which is rapidly establishing itself as the top squad in the region, swept another pair this week to up its record to 6-1. This photo shows some of the action from Monday's 3-0 flattening — by crushing scores of 15-0, 15-9, 15-0 — of the visiting Beall Mountaineers. Megan Pike (#11) is pictured above setting the ball for her teammates, who, encircling her from the left, are Julia Bosley (#5), Megan Bessey (#12, partially obstructed), Laura Preston (#10), and Andrea Ryan (#23). Alexa Storey (not pictured) had 15 service points during the match. Jessica Sharon

had nine points and two kills, and Pike and Kristen Roilman each dished out three assists. The Ram jayvees also hammered the Beall guests, 15-2, 15-6, as Sara Bittering recorded six points and Jenna Wagner contributed five points. The Rams crushed Westmar last night 3-0, but further details were not available, nor were details of Northern High's 3-0 sweep of Bishop Walsh Monday, or the NHS-Beall contest of last night. Southern's only scheduled outing of this week is a Wednesday visit to Beall, while the Huskies are slated to host Fort Hill Monday and visit Westmar Wednesday. Photo by John McEwen.

Fly-Fishing Classes Slated In Grantsville

A weekly course in fly-tying and fly-fishing sponsored by the Grantsville HotSpot Program will be offered in Grantsville from 4 to 6 p.m. Thursday afternoons from Oct. 17 through April 24 (except holidays and school snow day closings).

The first class will be held on the Casselman River, just off the parking lot located behind the old Meshack Browning Club, and subsequent sessions will meet in the art room of Grantsville Elementary School until spring weather presents additional fishing opportunities. The classes will be taught by Bill Ferry Sr.

Residents of Grantsville and the surrounding 21536 ZIP code area may attend, and, although the class is open to all ages, "I would especially like to see more youth involvement," said Ferry. "Northern Middle and Northern High school

students who have a note from a parent or guardian can make arrangements for the Grantsville Elementary bus to drop them off at the school."

All fly-tying tools and some fly-tying supplies will be provided at no cost to participants, who must bring their own fly rods and other fishing equipment on fishing days. For further information persons may call 301-334-1972 or 301-895-3188.

Benefit Softball Tourney Slated

A co-ed softball tournament fund-raiser will take place this Saturday, Sept. 28, at Broadford Park, with entry proceeds going to benefit the Multiple Sclerosis Society. The drawing for tournament brackets is set for 6 p.m. tomorrow evening, Sept. 27, at the ballpark.

Participants must be 16 or older. Teams are asked to have a representative contact Patty Chapman as soon as possible at 301-616-2287 or 301-616-4491, or leave a message at 301-334-6152. The entry fee is set at

\$100, and each team is asked to bring at least two softballs.

Four-Wheelers Club Sets Negro Mtn. Trail Ride

The Baltimore 4-Wheelers 4-Wheel Drive Club will host a trail ride on Saturday, Oct. 12, on the Negro Mtn. Trail of the Savage River State Forest. The family-oriented event is open to the first 12 vehicle owners who register.

The trail ride will be mild to moderate, but four-wheel drive is required and no all-terrain vehicles will be allowed on the trail. Tow hooks and skid plates are recommended, and participants may also want to bring a tire gauge, warm clothes, a CB radio, and lunch. No alcohol is permitted.

Space is limited to 12 vehicles, and participants are asked to call 301-895-5759 or 301-746-8359 to register and obtain details on meeting time and location.

Thank You

The family of Earl N. Wilt would like to take this opportunity to thank everyone for all the expressions of kindness and sympathy following the recent loss of our loved one.

A very special thanks to Karen Broadwater for her constant care during Dad's last two years and to Jeannie Thayer for being there day and night, just a phone call away. A special thanks to the Bittering Volunteer Fire Department, the Northern and Southern Garrett County Rescue Squads, Dr. Miller, the ICU and 3rd floor team at Garrett County Memorial Hospital, and Brad Stewart and Stewart Funeral Home.

Heartfelt thanks to Rev. Duane Frederick and Rev. Gail Hixon for the most comforting words and to the Meadow Mountain Mennonite Church for allowing us to have Dad's funeral at the church and preparing the wonderful fellowship meal following the service.

To anyone who sent cards, flowers, food, or stopped by to offer condolence, we thank you.

Dad had a special place in our hearts and he is sorely missed. We take comfort in knowing that he is with the Lord now and suffering no more. Some days that's still hard to understand or comprehend but with God's help, time will ease our pain.

SOUTHERN HIGH'S GOLF TEAM is on a roll, as the Rams have pocketed a superb 37-2 mark so far this season along with a share of the Region title and the WMIL crown outright. The Rams shown above, in the front row from the left, are Ivan Stutzman, Travis Friend, and Natalie Winter. Standing are head coach Jeff Friend, Josh Lear, Nathan Swartzentruber, Matt Skidmore, and assistant coach Alan Skidmore. Not pictured are SHS teammates Evan Thayer, Paul Lapp, Andrew Feather, Jared Feather, Andrew Goad, and Travis Sanders. See story.

Ram Golfers Tear Up Links; Earn Share Of Region Crown

The Southern High golf team continued its winning ways this week, burning through the greens from Garrett to Washington counties in upping its record to an outstanding 37-2 for the season. The Rams took a quadrangular last Thursday, Sept. 19, in a field that included arch-rival Keyser, then rolled through Tuesday's Region Tourney to notch a 318, matched only by co-champion Smithsburg, and ran away from Fort Hill last night by 51 strokes.

The week-opening quadrangular at the Oakland Golf Club saw SHS card a 159, followed by Keyser at 165, Allegany's 193, and Bishop Walsh's 208. Ram teammates Travis Friend and Matt Skidmore shared low-medalist honors with 38s. The win was especially sweet for Southern, as the Golden Tornado had handed the local squad its only two losses of the year.

Tuesday's Region Tournament in Hagerstown saw SHS's 318 tie the Rams for the crown with Smithsburg, which turned in an identical

score. All four of the Southern team members earned berths in next month's Maryland State Golf Championship Tourney, as Nathan Swartzentruber shot a 76, Skidmore carded a 77, and Josh Lear and Friend turned in an 82 and 83, respectively. Fellow Ram golfer Natalie Winter will be joining the quartet for the trip to the College Park, as she qualified as an individual by shooting an 89.

Southern's duffers crushed Fort Hill in Oakland yesterday afternoon, 154-205. Details of the scoring were not available.

The Rams are slated to travel to Keyser Tuesday for yet another match-up with the Golden Tornado, then visit the Wisp the following day to take on Beall, Preston, and the host Northern Huskies. Tee-off times for both outings are set for 4 p.m.

In other local golf news, Northern's only scheduled outing of the week was the trip to the Regionals in Hagerstown, but no details were made available. The

two-trout daily creel limit and no tackle restrictions.

"In general, the mainstem Savage River upstream of the Savage Reservoir maintains very good water quality, and fishable flows, and supports a diverse and abundant aquatic insect and fish community," DNR Western Maryland fisheries biologist Ken Pavol said. "Wild brook trout are present on a year-round basis."

Anglers with an interest in how this area will be managed in the future are encouraged to attend the meeting. Written comments may be sent to Steve Early, DNR Fisheries Service, 580 Taylor Ave. B-2, Annapolis, MD 21401, or e-mailed to searly@dnr.state.md.us. Comments may also be directed to Pavol at the Mt. Nebo Wildlife Division Fisheries Service office at 301-334-8218.

Hunter Safety Class Slated In Deer Park

A three-session hunter safety class will be offered by Natural Resources Police next month at the Deer Park VFW post. The free class will meet from 6 to 9 p.m. Monday and Wednesday, Oct. 7 and 9, and again from 8 a.m. to 2 p.m. on Saturday, Oct. 12.

This will be the last hunter safety class offered in Garrett County this calendar year. Topics covered will include firearms safety and handling, shooting fundamentals, firearms safety in the home, wildlife identification, game care, and wilderness survival and first aid.

This class is required for any hunter born on or after July 1, 1977. Students 12 and under must be accompanied by a parent or adult guardian at all times during the class. Participants must attend all three classes in order to graduate, and successful completion will help lead to the awarding of a Maryland Hunter Safety Certificate.

The class is limited to 50 students, and registration must be made by calling John Williams at 301-334-0690 during the evening hours. The Deer Park VFW is located at 4107 Maryland Highway.

Fishing Contest Winners Named

The winners of the Garrett County Fishing Contest, sponsored by Johnny's Bait House and the Garrett County Chamber of Commerce, for the week ending September 22 are:

Largemouth bass, 7 lbs. 13 ozs., 21 in., caught by Meredith DeBerry, Mtn. Lake Park.

Walleye, 8 lbs., 29-1/2 in., caught by John G. Tlumack III, Connelville, Pa.

Yellow perch, 1 lb., 12-3/4 in., caught by Jim Knight, Cape Coral, Fla.

Weekly winners are awarded an emblem and citation, and plaques are awarded for the season's largest catches of bluegill, brown trout, chain pickerel, crappies, largemouth and smallmouth bass, northern pike, rainbow trout, walleye, and yellow perch. Anglers may enter their catch at Johnny's Bait House, Route 219, south of the Deep Creek Lake bridge.

HERRINGTON MANOR HOSTS WATERSKIING TOURNEY — Over 60 skiers from across a six-state region, along with a number of spectators, turned out recently for the first Appalachian Jamboree slalom waterskiing competition at Herrington Manor State Park. The event was hosted by the Deep Creek Watersports Club, whose members turned in the following finishes: Brian O'Brien skied 4 1/2 buoys at 22 feet off at 34 mph in Men's 4; Sam Ingram rounded two buoys at 39 1/2 feet off going 34 mph to take first place in Men's 3, while Dale Carpenter turned in a two-buoy performance at 35 feet off at 34 mph in the same division; Mike Kennedy skied 2 1/2 buoys at 22 feet off going 36 mph, and Ray Bennett navigated 5 1/2 buoys at 28 feet off at 36 mph, both in Men's 2; and Brad Dugan skied his personal best by rounding two buoys at 35 feet off at 36 mph in Men's 1. Other DC Watersports Club members who took turns in the "Fun" division were Paul Youmans, Matt Dugan, Eric Perfetti, Jon Rossignuolo, Julie Bortz, Neil Beggy, Todd Gibson, Katelyn O'Brien, Kristy Rossignuolo, and Tony Rossignuolo. Millersville resident Leslie Carr, chief scorekeeper for the event, is shown as she approaches a buoy during her run. Photo by Dale Carpenter.

Wade, Covell

Continued from Page A-1

Brian Covell, a native of Syracuse, N.Y., is involved in numerous school activities at Northern, including basketball, honor chorus, soccer, chorus, a cappella chorus, and serving as a band-aide, and a member of the prom committee and senior graduation committee.

His community involvement includes a missions trip to Chicago with the Pleasant View Baptist Church, where he is also a puppeteer. He has also participated in many state park activities. He works with the John Casablanca Modeling Agency, and is also employed as assistant chef at the Point View Inn, McHenry.

He is the son of Walt and Beth Johnson.

Amanda Friend is a member of the Northern Marching Band, chorus, FFA, jazz band, honor band, concert band, the softball team, and the Best Buddies program. She also serves as a teacher's assistant.

Her community activities include being a counselor at a summer camp and participating in the summer reading program. She attends Sand Spring Church of God, where she takes part in various activities, such as

dinners, auctions, and bake sales. Her hobbies include photography and reading.

She plans to enroll in a culinary arts school following her graduation and apply to work for a cruise line.

Amanda is the daughter of Christopher and Rita Friend, Friendsville.

Brian Crabtree is the president of the Southern High School student council, and vice president of the Garrett County Association of Student Councils. He is a member of the boys' track team, the school improvement team, and the Model United Nations team. Among his achievements are being named to the honor roll and Who's Who Among American High School Students. Awards include Minds in Motion, All-American Scholar, and Gatorade Wife to Win Award. He recently attended the American Legion's Boys State, the National Youth Leadership Forum, and the National Association of Student Councils' convention in Virginia Beach, Va., as a Maryland delegate.

Brian has earned the rank of Eagle Scout, with his service project being the planting of over 150 trees for Oakland's 150th anniversary celebration. His interests include skiing, swimming, and running.

He plans to attend col-

lege after graduation. He is the son of Chris and Debbie Crabtree, Oakland.

New Program

Continued from Page A-1

unique needs of individual companies and the western Maryland region.

"Statistically, approximately 80 percent of the new jobs created each year are generated by existing businesses. Therefore, a good business retention program is essential in growing the local economy and creating new employment opportunities. Existing businesses are already 'sold' on the area, so you can concentrate your efforts and resources on value added activities — like helping companies to improve quality, productivity, etc., whatever it takes to make them more successful," said James Hinebaugh, director, Garrett County Economic Development Department.

"Maryland Advantage will be a great tool for the local economic developer. It provides a streamlined, con-

sistent method of gathering important data, assessing problems, and providing solutions to the businesses in our community," said Timothy R. Troxell, CEO, acting executive director, Hagerstown-Washington County Economic Development Commission.

Garrett County commissioner Eric Gregg agreed that the collection of data would be an excellent asset. "The program will formally document trends and show us the things we need to do consistently in order to retain businesses," he said. Gregg added that the Garrett County Board of Commissioners has been visiting county businesses for a number of years to show its support for them.

The development and implementation of the Maryland Advantage program was facilitated by Business Retention Technologies Inc. (BRT) of Erie, Pa. A consulting firm for economic and community development, BRT provides business retention solutions that help communities, regions, and states retain and grow their local base of employers and jobs. The company's clients include the Commonwealth of Pennsylvania; the Washington, D.C., Marketing Center; the Buffalo Economic Renaissance Corporation; and Montgomery County, Ohio.

Let's Get Down To Business!

This is a feature of The Republican to better acquaint our readers with various area business establishments.

Deb-est U Can Be Styling Salon

READY FOR BUSINESS — Debbie Yoder, on the right, is ready to open the door on her new business, Deb-est U Can Be Styling Salon, Grantsville. She and Amy Blough will open the doors on Oct. 2 with a grand opening celebration. See story for more details.

A new salon, Deb-est U Can Be Styling Salon, Grantsville, will hold its grand opening on Oct. 2, and will continue running specials that week, including \$5 haircuts and \$20 perms.

The salon, located at 128 Main Street, is owned and operated by Debbie Yoder, who has been in this business for 14 years. She worked for Hairshapers for eight years, and is now opening her own business. She lives near Grantsville with her husband Robb.

"We are a full service styling salon, offering haircuts, perms, styles, and

colors for the whole family," said Yoder. "We also offer paraffin wax treatments, and carry retail lines such as Paul Mitchell, Matrix, and Farouke."

Yoder said she is planning to add a tanning bed with limited spots for 24-hour tanning.

Working with Yoder is Amy Blough, who also lives near Grantsville with her husband Don and three children, Megan, Barry, and Ryan. Blough is a stylist apprentice, and also had worked for Hairshapers since May. She will now be training under Debbie.

The salon will be closed on Sundays and Mondays. Persons may call 301-895-4370 to schedule an appointment.

During the grand opening week, persons may also sign up for door prizes.

THE BANGER SISTERS

Rated R - Running Time: 1:37 - Released 9/20/02
The directing debut of screenwriter Bob Dolman (Willow), *The Banger Sisters* is aimed directly at members of the aging baby boomer generation (i.e., me), who remember Goldie Hawn from *Laugh-In* (not *The Out-Of-Towners*) and Susan Sarandon from *The Rocky Horror Picture Show* (not *Dead Man Walking*). As such, it will probably not do much at the box office, but that's not because it's not a good movie. Hawn and Sarandon fit easily into their roles as a pair of ex-groupies from the age of Morrison and Hendrix who took radically different paths later in life. To some, this will be a simple comedy about former hippies and the reversal of the generation gap, but these two understand their parts so well they raise it to a higher level than even director Dolman may have expected. Geoffrey Rush, meanwhile, playing a writer with serious personal issues whose life is changed by the two women, adds a nice counterpoint to the story.

In a way, Hawn is playing an older version of the character essayed two years ago in *Almost Famous* by her daughter, Kate Hudson (who, incidentally, can now be seen one theater over in *The Four Feathers*). A 50-something Hollywood bartender who was a "professional" groupie during the late '60s and early '70s, Suzette has not lost her passion for peace, love, and music, but her carefree work ethic gets her fired, so she decides to set out for Phoenix to look for her former best friend and fellow "banger sister," Vinnie (Sarandon). En route, she meets Harry Plummer (Rush), an obsessive/compulsive writer who is traveling cross-country to shoot his father, whom he blames for his failed career (since his dad never had any faith in him). He agrees to pay for gas if she'll give him a ride, so an odd-couple alliance is born.

When Suzette arrives at Vinnie's palatial suburban home, she discovers that her old pal has become a full-fledged member of The Establishment, with a lawyer/politician husband (Robin Thomas), two teen daughters (Erika Christensen, Eva Amurri), and a closet full of beige business suits. Not surprisingly, Vinnie (who now goes by "Lavinia") is not particularly happy to see Suzette, who holds secrets that would shatter her pillar-of-the-community image. But Suzette soon discovers things are not as rosy as they appear in Lavinia's family, and their bemused attitude toward her checkered past causes Lavinia to long for the good old days. Meanwhile, back at the hotel, Harry is pounding away at the typewriter, having found inspiration in Suzette's charms.

I mentioned *Almost Famous* because Suzette, like Penny Lane, is really the central character; her arrival, like a meteor crashing into the lives of both Harry and Lavinia, serves as the catalyst for self-examination. In fact, she seems to charm everyone she meets, including Lavinia's kids, the hotel clerk, and me. Hawn never stops surprising me at how truly talented she is; after being hired as a giggly, bikini-clad go-go dancer on *Laugh-In*, she went on to become a prominent activist for women's issues and a very successful producer, but besides all that, she's just a good actor, with an uncanny ability to own the words her character speaks. She is also, may I say, still quite sexy at age 57. The talents of Sarandon and Rush add to the enjoyable nature of this production, and Christensen (who can be seen two theaters over in *Swimfan*) and Amurri (who actually is Sarandon's daughter) are no less engaging. I also enjoyed soundtrack selections by The Doors, Talking Heads, and even Steppenwolf. But be warned, this movie contains relaxed attitudes toward teen sex and recreational drug use—they're not encouraged, but simply seen as a part of life, which they are. So if you're offended by this, beware. I don't want you to freak out, man. ****

STEALING HARVARD

Rated PG-13 - Running Time: 1:23 - Released 9/13/02
Stealing Harvard is every bit as dumb as you and I expected it to be from watching the trailer, but at least director Bruce McCulloch didn't kid himself about the stupidity of the concept penned by Martin Hynes and Peter Tolan. For one thing, he has figured out how to use Tom Green properly, as a wacky supporting character and nothing more. Green can be brilliant in the second banana role, adding truly hilarious background bits and inane lines every now and then, but we all learned from *Freddy Got Fingered* that putting him in the lead (not to mention the director's chair) is a bad idea. Secondly, McCulloch sees the material as what it is—a fluffy romp without credible characters or a believable plot line. Consequently, he's treated it as such, dispensing with character development, pretentious romantic sub-plots, and those pesky logic issues. The movie is dumb; he doesn't try to make it smart, and this results in another important selling point: a short running time.

The film begins with a voiceover by Jason Lee, who plays John Plummer, a nice guy who's been saving up to marry his nice girlfriend Elaine (Leslie Mann) while working at a medical supply store owned by her protective and intimidating father (Dennis Farina), with whom she shares a not-completely-normal relationship. But just as she announces that they've reached their goal of \$30,000 and can marry and begin looking for a home, he learns that his niece Noreen (Tammy Blanchard) has been accepted into Harvard. At first he's ecstatic, until she and her mother, John's slutty sister Patty (Megan Mullally, *Will & Grace*) remind him that he promised long ago (in a loving but ill-advised moment of unclehood) that he'd pay for her college education. According to her, she's got the whole tuition covered except for \$29,879. Rather than disappoint his blushing bride and her menacing daddy, he consults his crazy friend Duff (Green) to figure out a way to raise the money. Naturally, they pursue all the traditional avenues—burglary, armed robbery, fraud—none of which work exactly as planned.

I suppose as long as there are teenage boys to shell out money for movie tickets, there will be movies like this to suck it up. I can't say I approve, but at least it keeps them busy while their parents stay home and rent the venerable classics like *Porky's* and *Animal House*. Jason Lee is not nearly as valuable (or enjoyable) in this kind of part as he is in *Almost Famous*, or *Vanilla Sky*, or Kevin Smith's Jersey movies, but I guess everyone has to pay the bills. He looks shamefully aware that that's what he's doing. The girls look good, as is all that's required of them, and Farina treads familiar ground as the tough guy surrounded by idiots. And then there's Green, back to the things he does best—running around in the background, abusing chainsaws, cars, and hedge clippers, putting the emphasis on the wrong word, and wishing he were still sleeping with Drew. ***

THE FOUR FEATHERS

Rated PG-13 - Running Time: 2:05 - Released 9/20/02
The Four Feathers is only the seventh feature film based on A.E.W. Mason's 1902 novel by the same name. It is a richly produced, high-budget epic; unfortunately, it's populated by pretty-faced twentysomethings (Heath Ledger, Wes Bentley, Kate Hudson) whose best understanding of the period comes from what is told to them by their costume designer. While these actors resolutely try to live up to the "seriousness" of their roles, there is something, a demeanor, a presence, which is lacking, as is seen all too often in historical dramas. While this film is no doubt technically beautiful, thanks in no small part to the work of Oscar-winning cinematographer Robert Richardson (JFK), director Shekhar Kapur (*Elizabeth*) has gone to such length to ensure sweeping vistas, helicopter shots of desert warfare, and richly detailed set design, he's neglected to tell his actors to do a little research and stop behaving like 21st century teens.

Moreover, the screenplay by Michael Schiffer and Hossein Amini must have excised much of Mason's original text, because I'll be darned if I can see anything

worthy of writing a novel about, let alone seven film adaptations. The plot is reduced to a flimsy story about a British soldier who, when called into action, chickens out and then regrets it, spending the rest of the story trying to win back his honor and his girl. It seems an exercise in futility and a primer on unrealistic story elements, diving headlong from one unlikely sequence into another. Mason, who produced over 25 novels and other works in addition to his Inspector Hannaud series, must have produced fiction much more engaging, much more important, than what this film turned out to be.

The story begins in 1884 at an elite officer's training school in what was then the proudest and most powerful nation on Earth, the British Empire. Lt. Harry Faversham (Ledger) enjoys not only the respect of his best friend, Lt. Jack Durrance (Bentley), and the affections of the beautiful Ethne Eustace (Hudson), with whom he's about to be married, but that of all his fellow soldiers. But when the order is given to move out and join the war in the Sudan, Harry gets cold feet. Admitting that he never really wanted to be a soldier but only joined the academy to please his disapproving veteran father, he resigns his commission and leaves the academy. But the reaction among his friends is, for some reason, not what he expected—he receives a package containing three white feathers symbolizing cowardice, and Ethne herself adds the fourth, dumping him for Jack, who has always had a thing for her. Immediately after his friends leave for Africa, Harry follows (assuming the guise of an Arab by growing out his hair and beard), and risks his life to infiltrate their camp so he can "help." Also, inexplicably, he convinces a local stranger to join him, an African named Abou Fatma (Djimon Hounsou, *Amistad*), who regularly faces death to get Harry out of various jams because, as he puts it, "God put you in my way."

This film is an epic treatment of an anemic story, with much energy devoted to period trappings and very little to substance. It's dazzlingly accoutered, but it drags and meanders, like a glittering royal entourage lost in the desert. Ledger occasionally reaches some emotional depth, but he and his fellow non-Brits are uncomfortable with their accents. Hounsou plays his part well, but one wonders why his character would become so involved in the life of a stranger who is basically an annoyance to him. There are period dramas with emotional impact, and then there are expensive dress-up shows. This one, I'm afraid, falls squarely into the latter category. ***

ONE HOUR PHOTO

Rated R - Running Time: 1:38 - Released 8/21/02
Robin Williams has certainly done his best to be considered a versatile actor. In addition to all his quirky/crazy characters dating back to Mork, his resume contains no shortage of "serious" roles, including one, in Gus Van Sant's *Good Will Hunting*, that won him a Best Supporting Actor Oscar. Williams's latest couple of roles have had him dabbling in the "psychotic villain" area, and although his parts in *Insomnia* and *Death To Smoochy*, both released earlier this year, were at least adequate, I'm afraid this one is just a little too ridiculous. Of course, the fact that he's dealing with such a weak script doesn't help. Written and directed by novice Mark Romanek, *One Hour Photo* veers back and forth between pointless and preposterous, with a pace so slow it's like watching film develop. Williams's inability to create a plausible psycho stalker is understandable given the material; what's really hard to believe is his ability to keep from cracking up laughing while delivering his lines. Moreover, the supporting characters are as two-dimensional as the numerous photos of them featured in the film, and actors Connie Nielsen (*Gladiator*) and Michael Vartan are powerless to make them any more interesting.

Williams plays Sy Parrish, the senior technician at the one-hour photo developing department of a huge, Wal-Mart-like superstore (called SavMart in the movie). While he outwardly seems like a nice, if vaguely pathetic, guy and expounds passionately on the fine art of film processing, we soon learn that he's got a disturbing side. Lacking any family or relationships of his own, he has

become enamored with one young family who regularly bring their film to his workplace. Although he's never met Will Yorkin (Vartan), who runs his own business and is consequently too busy to spend much time at home, he is on a first-name basis with Will's wife Nina (Nielsen) and their 9-year-old son Jake (Dylan Smith). Having seen their family pictures ever since Will and Nina were married (including pictures of Jake dating back to his birth), he feels he knows the Yorkins, and secretly wishes he were a family member. It's mildly disturbing that he does things like visiting their house while they're away (he knows their address from the film packages), or going to watch Jake's soccer practices in lieu of his real father, but you'll really freak when you see the inside of his apartment. Sy's photo-eavesdropping pushes him over the edge, however, at the concurrence of two events which I will not divulge (in case anyone really wants to go to this flick). Suffice to say, Sy's preoccupation with the Yorkins, coupled with a dark childhood secret, causes him to snap—and I don't just mean pictures.

The fact that this movie is incredibly slow is accentuated by the fact that its plot is pointless. A full half hour passes before anything remotely interesting happens, and when things start happening, they're only remotely interesting. There are a few creepy scenes, like one particularly disturbing image during a dream, and a tense if implausible psycho climax, but these moments are tiny islands in a sea of boring. The film is capped by a characteristically bland performance by ER's Eriq La Salle, who, if he is capable of showing emotion, has never shown it to me. Director Romanek appears to be grasping at straws, regularly depending on scary music to create tension Williams cannot deliver. I'm sorry, but watching him walk around Wal-Mart with a grim look on his face does not scare me—I do that every time I'm in Wal-Mart. ★½

September: Leukemia Awareness Month
Leukemia affects thousands of adults and children each year in the United States. This is a cancer of the white blood cells, red cells, and platelets. There are several types of leukemia. Some types are easier to treat than others. One's age and the type diagnosed will determine the approach to treatment.
Persons with leukemia often have trouble fighting off infections and they may experience flu-like symptoms and a sweating fever at night. Because abnormal white blood cells tend to crowd out the red blood cells, anemia also can be a problem. There are not enough platelets which can cause excess bruising and bleeding.
Leukemia often is treated with drugs (chemotherapy). Radiation therapy and bone marrow transplants are other treatment options. Biological therapy involves using interferon to stimulate the body's immune system to fight the cancer. Leukemia patients sometimes need antibiotics to help fight off the infections. Blood transfusions may be necessary to control the anemia. Platelet transfusions may be needed to reduce the risk of serious bleeding.

September Eleven: Maryland Voices Published; Local Writers Included

That Day

crumpled metal, flower petals

black rain, anguish, pain
thousands gone, work being done
untold stories, heroes' glories
retribution, contributions
helping hands, bless this land
America

Diane Dunbar

This is just one of nearly 200 selections included in a new book titled *September Eleven: Maryland Voices*, which was officially released on Sept. 15 at a special gathering at the Enoch Pratt Library in Baltimore. A compilation of the writings of Marylanders in reaction to the events of Sept. 11, 2001, the project was the brainchild of Rus VanWestervelt, a professor of writing at Towson University. Four local writers' works were accepted for inclusion in the anthology, the proceeds from which will benefit the 45 Maryland children who lost parents in the terrorist attacks.

The writers from Garrett County whose work was accepted for publication are Chasity Kent, Oakland, Donald W. Sincell (editor of *The Republican*), Mtn. Lake Park, Matthew R. Sincell, Weehawken, N.J. (formerly of Mtn. Lake Park), and Mary Sincell McEwen, Oakland. They were among the over 500 writers submitting items for the publication, for which just under 200 were chosen. While poetry makes up the majority of the 367-page book, the local writers all submitted prose. Two of the works were previously published in *The Republican* newspaper.

Donald Sincell's editorial of Sept. 13, 2001, titled "Reshuffling Our Priorities..." appears in the book, as does Matthew Sincell's retelling of his eye-witness experience in New York City, also published on Sept. 13. Kent's work is a poignant plea to God titled "Where Were You?" and McEwen's is a short essay called "September Obsession" that describes her compulsion to make her way to New York's "ground zero."

VanWestervelt welcomed the crowd of writers to the

launch event in Baltimore last week, which involved readings by nearly 40 of the contributors. As editor of the project, VanWestervelt explained his inspiration for the book.

"I was talking with my mother shortly after the tragedies, and she told me she had written 16 pages in her journal about it. Sixteen pages. I on the other hand had been unable to write much at all," he said. "I thought then that we should figure out a way to hear all the voices of Maryland in reaction to the events. And that we should preserve those reactions for future generations to read and understand how we felt."

And so the 9/11 Project was born — a project with three specific purposes: first, to document the reactions of Maryland residents in a published anthology for archival and historical purposes; second, to offer Maryland students the opportunity to master the writing process with an emphasis placed on writing for a specific audience; and third, to raise money for the Maryland children who lost parents.

"As we got the word out about what we were trying to do, there was an immediate response from Marylanders. People sent journal entries, letters, e-mails, original songs, and poetry. Some of the contributors had never written a poem before in their lives," he said. The school system in Maryland also helped publicize VanWestervelt's project, and many entries in the book were written by students. "People from all walks of life contributed," he said. The youngest writer was 7 and the oldest 90.

Doug Schmidt of the Maryland Survivors Scholarship Fund addressed the

ADDING THEIR VOICES to those from across the state of Maryland are local writers Mary McEwen, pictured above with project director and writing professor Rus VanWestervelt; Donald Sincell (McEwen's brother), shown at right with a copy of *September Eleven: Maryland Voices*; Matthew Sincell (Donald's son), an eye-witness of the attacks in New York, pictured below left; and Chasity Kent, below right, a resident of Oakland. The photo of McEwen was taken at the launch event for the book, the proceeds of which will benefit the 45 Maryland children who lost parents in the attacks. Order forms for the book are available at *The Republican* newspaper office, or on line at the project web site: www.the911project.org.

audience gathered at the library, and expressed his gratitude for VanWestervelt's work in completing the massive project in a relatively short time. The state of Maryland lost 56 people in the attacks, he said, including mothers and/or fathers of 45 children 18 or younger, and two in utero. He spoke of his personal contact with several of these families, as he wished to "put a face" on them for the writers who contributed to the project.

"An older gentleman at the Pentagon — a friend of mine — made a late decision to send an underling in his place on a trip out west. The young man perished in the hijacking, of course, and a day does not go by for my friend when he doesn't rue his decision. 'I should have been the one to go. My kids are grown,' he says." The young man was the father of two little children, both of whom will benefit from the scholarship fund when they enter college. The goal of the 9/11 Project is to raise \$100,000 to provide each of the 45 young people \$12,000 per year for college, whether they entered this fall or will not be enrolled for another 18 or 20 years.

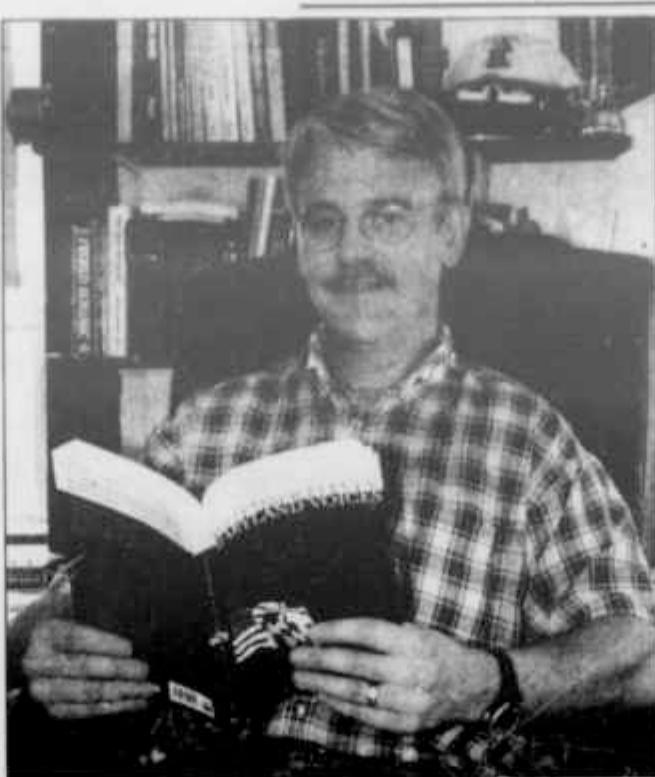

"It is a very powerful gift to be able to show children that people in Maryland care enough about them to set up the mechanism to ensure their college education," he said.

Other project partners in the Maryland Voices effort include the Baltimore Writers' Alliance, which helped produce the book, and the Maryland Writing Project (MWP), which supports and involves teachers from pre-kindergarten through college interested in the teaching of writing and in the use of writing as a learning tool. Pneuma Books is another project partner, having designed and published the collection. Information and commentaries from representatives of all the partners appear in the book.

The cover design, created by Melanie Bonkowski, depicts a combination of the Maryland and United States flags.

"I had the honor to represent the feeling of pride and honor that we have in our country and the state in which we live," she wrote in her short commentary. "The unity of the two flags represents the joining together of the individual and of the whole."

If the goal of \$100,000 is met through the sale of the book, VanWestervelt said any money beyond that amount will go toward the 9/11 project in the form of literary initiatives for students across the state. Some of these initiatives include writing lesson plans for teachers to use the anthology in their classes; working directly with educators across the state in helping

ONE OF THE YOUNGEST CONTRIBUTORS to *September Eleven: Maryland Voices* was Morgan Madden, age 9, who read his poem titled "September 11, 2001," at the launch event in Baltimore. "... I feel scared, because I hear my teacher telling the class what has happened. I touch my school box, and it is shaking, because I am shivering ... I taste fear when I swallow."

students use writing as a vehicle for expression and understanding; and providing opportunities for publication in a new creative nonfiction journal called *Maryland Voices*, which will be composed exclusively of works written by Maryland students.

Order forms for *September Eleven: Maryland Voices* are currently available at

The Republican newspaper office in Oakland, and will soon be available at other locations. A sample copy is also available at the office for persons to look over. VanWestervelt said he plans to make trips to all parts of Maryland over the next several months to host book signing events. Details of any local promotions will be announced.

Other avenues of support for the project include outright donations and T-shirt purchases, among others. Information about these choices is also available at the newspaper office, or may be found on the project's web site, located at www.the911project.org. VanWestervelt can be e-mailed at rvw@the911project.org, and the mailing address is 9/11 Project, P.O. Box 6881, Towson, MD 21285.

After longing to offer some kind of help to the victims of the Sept. 11 tragedies, the four local writers all expressed some gratification in being able to use written words to ultimately lend a hand. Matthew Sincell, who of the four was the only to actually witness the attacks in New York, said that at the time, writing was a form of release.

"The only thing I could

do other than pace back and forth in my apartment was write," he said. "It was the only outlet for my frustration, and yet it didn't seem to be helping anyone at all, at least not in any form of immediate assistance. So when this project came around, it was a relief in a way. Indirectly, the writing is helping. It's helping these kids, and that is satisfying."

Terra Alta Man Sentenced For Harassment

A Terra Alta, W.Va., man was sentenced to 20 weeks in jail during a Garrett County District Court hearing after he pleaded guilty to several domestic-related charges.

Robert Kent Arrowood, 42, entered guilty pleas to five counts of violating an ex parte order, and one count each of harassment and telephone misuse. Presiding Judge Ralph Burnett handed down a 420-day sentence, suspending 280 days of that amount, and placed the defendant on two years of supervised probation.

Arrowood's June arrest by Garrett County sheriff's deputies came after he had made repeated phone calls to a woman while a protective order was on file banning him from initiating contact with her.

In other District Court news, a Friendsville man who had pleaded not guilty to a disorderly conduct charge was convicted nonetheless and handed a 30-day jail term.

Brandon Shane Baum-

garden, 25, had been jailed by sheriff's deputies after a June incident at a Pleasant Valley Road residence, during which he allegedly shoved another subject and yelled continually. Both parties were intoxicated, deputies said. Baumgarden was exonerated of a failure to obey a lawful order charge, while a disturbing the peace charge was not prosecuted.

Jerry Dean Staub Jr., 19, Frostburg (Garrett County), was convicted after he pleaded not guilty to a marijuana possession charge, and received a 60-day sentence, all but seven days of which was suspended.

Staub's April arrest by sheriff's deputies stemmed from a search of his Beall School Road residence. Investigators located a wooden chest containing a bag of marijuana and several hypodermic needles. An associated charge of possession of drug equipment, filed when it was determined that there was apparently no legitimate medical usage for the hypodermic needles, was not prosecuted.

An Oakland man was handed seven days in jail after he pleaded guilty to marijuana possession. Steven Carl Ritchie, 43, was

arrested along with his wife, Christina Joy Ritchie, in March after Garrett Bureau of Investigation detectives located several bags of marijuana in their home during a search.

Steven Ritchie received a 90-day sentence, all but seven days of which was suspended, and was fined \$555 and placed on one year of supervised probation. Christina Ritchie was handed a 90-day suspended sentence, fined \$555, and placed on year of supervised probation when she pleaded guilty to possession of marijuana. Each defendant also faced one additional count of marijuana possession and two counts each of possession of drug paraphernalia which were not prosecuted.

John Wayne Strawser Jr., 24, Terra Alta, W.Va., pleaded guilty to tampering with a motor vehicle and was handed a two-year suspended sentence and two years of supervised probation. Stet rulings were issued relating to charges of four counts of malicious destruction of property, two counts each of second degree assault and misdemeanor theft, and one additional count of motor vehicle tampering.

Oakland police officers

jailed Strawser in October after several incidents of reported car vandalism claimed by a woman involved in a domestic-related dispute with the defendant. He had also allegedly followed her on several occasions and approached her, at one point throwing a cup of coffee on her outside an Oakland convenience store.

Scott David Collins, 19, Swanton, who had pleaded not guilty to second degree assault and guilty to disorderly conduct, was convicted on both charges and received a 60-day suspended sentence, a \$50 fine, and one year of unsupervised probation.

Collins was arrested by sheriff's deputies after a domestic incident outside his Ryans Lane home when he chased after his wife as she walked away from an argument and pushed her to the ground. He also reportedly threatened some bystanders at the scene who had tried to render assistance to the victim.

Several defendants were handed probation before judgment (PBJ) rulings during recent court hearings.

Stephanie Maria Handelman, 22, Baltimore, pleaded guilty to marijuana possession and was handed a PBJ,

along with a 30-day suspended sentence, a \$355 fine, six months of unsupervised probation, and 40 hours of community service. She was jailed in June when sheriff's deputies found the drug in her purse during a traffic stop. An additional charge of drug paraphernalia possession was not prosecuted.

Andrew John Hathaway, 19, Concord, N.H., pleaded guilty to drug possession and was handed a PBJ by visiting Judge Thomas Lohm, who levied a \$250 fine and placed the defendant on six months of supervised probation. Hathaway's May arrest by sheriff's deputies stemmed from a traffic stop, when the odor of suspected burnt marijuana led to a vehicle search that uncovered a bag of psilocybin mushrooms. Addi-

tional charges of possession of marijuana, hashish, and drug paraphernalia were not prosecuted.

Daniel Dean Sarver, 37, Accident, pleaded guilty to marijuana possession and negligent driving, both of which drew PBJ rulings from Judge Burnett. Sarver's May arrest by state troopers resulted from a traffic stop, when a search located a bag of marijuana in his pocket.

A stet ruling was handed to Bronco Joseph Detrick, 22, Friendsville, who was charged with felony theft after his April arrest by sheriff's investigators for allegedly stealing a rifle and later selling it in Keyser, W.Va.

Ricky Shawn Bowman, 19, Mtn. Lake Park, was handed stet rulings on charges of malicious destruction

of property, harassment, and two counts of violating an ex parte order. He was ordered to complete 20 hours of community service as part of the verdict. Bowman's June arrest by sheriff's deputies came after he allegedly slashed two tires on a van his ex-girlfriend was using that belonged to her father.

Phillip Alan Green, 42, Oakland, was handed a stet ruling by Judge Lohm in connection with a second degree assault charge filed

after a July domestic altercation. Deputies charged him with pushing a woman to the ground and punching her during a dispute over Green's insistence on taking a 1-year-old for a ride on a lawn tractor.

Everett Boyd Weimer, 41, Oakland, was handed stet rulings by Judge Burnett on 10 counts each of Peeping Tom behavior and trespassing, and one count each of harassment and telephone misuse. He was arrested on Page B-8

JENNINGS CHURCH OF GOD

Rev. Rev. George Plante, Pastor. Sun. Sch. 10 a.m.; Preach., 6 p.m.

As the afternoon sun spotlighted the majestic façade of the mansion, we strode through the iron gates framing this incredible view...gates wrought in a time when they were a work of art in themselves. When we arrived, the guard was preparing to close the gates. "We've traveled three hours, but ran into a problem on the interstate...could we just slip past?" we implored. "Well, OK...sure you can," he said. "Just walk through the gates."

As God's children we strive to reach our spiritual goals, but often human nature intervenes and slows our progress. It's never too late to walk through His gates. Our Father is always waiting. He only requires that we trust in Him.

Worship at your chosen house of worship this week. "Enter into the joy of your Master." (Matthew 25:23) Just walk through the gates.

ARE YOU LISTENING?

Sept. 29, 2002

Background Scripture:

Jeremiah 23 through 26; 2 Chronicles 36.

Devotional Reading:

Proverbs 4:20-27.

Many years ago I saw a Broadway production of *The Lark*. Jean Anouilh's remarkable play about Joan of Arc. I remember vividly, if not verbatim, a memorable scene in which the Dauphin (heir to the French throne) petulantly asks why, if he is the Dauphin, God speaks to Joan instead of himself.

Joan's reply is relevant, not only to the Dauphin, but all of us: "He does speak to you, but you do not listen."

Liza signs for new VH1 reality series

By Taylor Michaels

Q: Are the rumors true of a reality series featuring Liza Minnelli and her producer husband, David Gest? —Lora Riggs, Campbellville, Ky.

A: Yes. Inspired by the success of "The Osbournes" on sister channel MTV, VH1 may have "Liza and David" on the air by the time you read this. Set in the couple's glamorous Manhattan penthouse, the show will focus largely on dinner parties with celebrity guests.

Considering the downright vicious gossip the Minnelli-Gest union itself already has sparked in some quarters, it's no surprise that some skeptics are expecting an Anna Nicole Smith-sized debacle. Stay tuned.

Q: I loved ABC's summer series "Hunted Medical." Update us, please, on the condition of pediatrician Dr. Marne Rose, who was fighting brain cancer. —Barbara DeGeronimo, Stony Brook, N.Y.

A: Although her family and friends were cautiously optimistic following treatments in early August, I am sorry to report that Dr. Rose died Friday, Aug. 23, one day after being readmitted to the hospital with pneumonia. She was 28.

Q: Whatever became of actress Pamela Tiffin? I remember seeing her with Pat Boone in "State Fair." —E.C. Deluca in Florida.

A: Beautiful and beautiful, Tiffin was quietly adept at comedy and drama yet had a bafflingly unsatisfying Hollywood career during the 1960s. A legendary director Billy Wilder adored her, writing what was undoubtedly her best role in his biting satire, "One, Two, Three."

After a few years of frustrating film work in fluff such as "Conchita With Me" and "The Lovely Set," Tiffin went to Europe.

Liza Minnelli

where she made some more movies before retiring, marrying and starting a family. She never forgot Wilder's kindness and support, however, and returned to the spotlight in 1986 to pay tribute when the director received a life achievement award from the American Film Institute.

Q: Is Kate Bosworth of the movie "Blue Crush" the same actress who played the townie garage mechanic in "Young Americans" on The WB Network last summer? —Penny M. Ellettsville, Ind.

A: Yes, the 19-year-old actress, who made her movie debut with a small role in "The House Whisperer," played Bella Banks in "Young Americans," which didn't attract enough viewers to earn renewal last season. Bosworth also co-stars in the upcoming movie adaptation of Bret Easton Ellis' "The Rules of Attraction," which also features WB stars James Van Der Beek ("Dawson's Creek") and Jessica Biel ("7th Heaven").

Snow Will Fall This Winter, But So Might Federal Aid From FEMA

by David Pittman
Capital News Service

WASHINGTON — The Federal Emergency Management Agency is "raising the bar" on snow emergency declarations, which could make it harder for states to get money for snow emergencies this winter.

FEMA, which currently only requires a record or near-record snowfall to declare an emergency, last week officially proposed adding new qualifiers like road and office closures.

"We should treat snow declarations as other disasters," said James Walke, the public assistance branch chief in the recovery division of FEMA. "We need to treat them the same as a tornado or hurricane, not just another meteorological event."

FEMA posted the changes last week for a period of public comment, which will last until Nov. 1. Officials said the new policy could take effect later this winter, after the comments are reviewed.

Walke said the proposed new standards will probably affect aid to states. The changes could have a dramatic impact on Maryland, which has had almost a third of its winter budget during snow emergencies and disasters reimbursed by FEMA in recent years.

But Russell Yurek, the director of maintenance for the State Highway Administration, said he has been aware of the proposed changes since 1999 and is comfortable that the state can live with the new policy. Yurek said he used the new standards to apply for federal assistance during the last snow disaster in April 2000. The state received almost \$11 million for that event.

"I don't think it will have much of an effect on us," he said. "Hopefully we will still be eligible for FEMA funding."

Walke said Maryland has received federal funds for three declared snow disasters and one emergency in the past nine years. The state has spent over \$254 million for winter operations during that period, including almost \$43 million provided by FEMA.

Currently, to be considered for emergency or disaster status there must be a record or near-record of snowfall in the affected state or county. The new policy would require that states also show there are certain impacts, like the closing of highways and government offices, power outages, search and rescue operations, and opening relief shelters.

Walke said that there was no formula used to de-

RAFFLE AIDS MAKE-A-WISH — All the proceeds from a gas grill raffled off at the recent Garrett County Fair went to the Make-A-Wish Foundation. The booth was sponsored by Garrett County Hilltopper's Quality Circle from the State Highway Administration, and John Brennenman won the gas grill. Pictured above, left to right, are Rick Bond from the SHA, Brennenman, and Lori Hare, also from SHA. Below, the check for \$1,100 in proceeds is presented to the Make-A-Wish Foundation. termine what areas met the new classifications, but that the agency would look at the severity of the storm and the inability of the local government to handle it.

FEMA does not supply manpower during the snowstorms, but reimburses states for money they have

spent after their governors ask the president for a disaster declaration. Walke said the money is mostly used for de-icing and snow removal.

Maryland does not budget for the reimbursement, but it has recouped a significant part of snow-emergen-

cy costs from FEMA.

In January 1996, when several storms dropped between 3 and 4 feet of snow across the state in six days, the state was allotted \$13.9 million. During the 1993-1994 winter, when there was both a snow disaster and emergency, the state spent

\$38 million and got back almost \$18 million from FEMA.

Area Youths To Perform Missions Work In Israel

Angela Maust, daughter of Phil and Cindy Maust, and Crystal Dornburg, daughter of Dr. Terry and Pam Dornburg, are in a three-month discipleship training program in the inner city of Columbus, Ohio, preparing to participate on a five-member REACH team to Israel, where they will serve from late November through the month of June 2003. REACH is administered by Rosedale Mennonite Missions, Irwin, Ohio, and provides an opportunity for youth to receive discipleship training, followed by exposure and out-reach in a cross-cultural setting.

Angela and Crystal are both from Springs, Pa., and are members of Maple Glen Mennonite Church, Grantsville. Angela is a graduate of Salisbury Elk Lick High School, and she attended Rosedale Bible College, Irwin, Ohio. She was employed by Casselman Restaurant in Grantsville before accepting her pres-

ent assignment. Crystal is a graduate of Mt. View Christian School, and she also attended Rosedale Bible College. She had been employed by her father in dental services before accepting her present assignment.

rested in July by sheriff's deputies for repeated allegations made by his estranged wife.

David Allen Shafer, 52, Swanton, was not prosecuted on a second degree assault charge for allegedly striking a youth during a dispute over telephone use in his home.

Bryan Chad Hinebaugh, 19, Oakland, was not prosecuted on a misdemeanor theft charge levied after he had reportedly pawned a television that he had taken from a McHenry residence.

Todd William Riley, 27, Oakland, was not prosecuted on charges of second degree assault, malicious destruction of property, and violating an ex parte order that were filed after he had

allegedly assaulted a woman who was attempting to retrieve an item from his home.

DUI Hearings

A number of cases involving driving while under the influence (DUI) charges were heard recently in traffic court by judges Burnett and Paul Stakem.

James Edward Vena, 46, Md., pleaded not guilty to DUI but was convicted and fined \$300, handed a 30-day suspended sentence, placed on one year of supervised probation, and ordered to complete 40 hours of community service.

David Lamar Watson, 45, Ala., pleaded not guilty to driving while impaired but was nonetheless convicted and handed a two-month jail term and fined \$300.

Kenneth Richard Ride-nour, 38, Pa., was sentenced to one year in jail and fined

\$555 during his DUI sentencing hearing.

Ricky Harold Minnick, 39, Md., was sentenced for a DUI conviction, and also found to be in violation of an already existing probation agreement. His total penalty came to a seven month sentence, three months of which were suspended, a \$1,000 fine, and three years of supervised probation.

Gary Allen Ferguson, 42, Md., was handed a two-year sentence, 10 months of which were suspended, during a sentencing hearing on a DUI conviction.

John Kenneth Friend, 46, Md., was deemed to be in violation of a DUI probation agreement, which was revoked as a six-month jail sentence was reimposed.

Terry Jay Shope, 25, Md., pleaded guilty to DUI and was handed a six-month sentence, half of which was suspended, and was fined \$1,000 and placed on three years of supervised probation.

Richard Bevan Orr II, 25, Md., was found to be in violation of a DUI probation agreement, and was handed a 76-day jail term.

Donald Lee Buser, 39, Md., pleaded guilty to DUI and was handed a six-month sentence, all but two months of which was suspended, and was fined \$400 and placed on two years of supervised probation.

Donald Maitland Teagarden, 39, Md., pleaded guilty to DUI and was handed a one-year sentence, all but two months of which was suspended, and was fined \$805 and placed on two years of supervised probation.

Thomas James Knotts, 32, Md., was deemed to be in violation of DUI probation, which was revoked as a 60-day sentence was reimposed.

Randy Wayne Cosner, 38, Md., was found to be in violation of DUI probation and was given a 39-day jail term, while his probation was revoked.

Robert Clark Darfus, 43, W.Va., pleaded guilty to DUI and was handed a six-

OAKLAND SCOUTS 'CYCLE' CIVIL WAR SITES — Several members of Oakland based Boy Scout Troop 22, sponsored by the Oakland/Mtn. Lake Park Lions Club, recently completed requirements for the National Historic Trails Award. In early August they spent a weekend at the Gettysburg National Battlefield camping, bicycling, and hiking. In completing a key element of the Historic Trails Award, the Scouts followed a group of Virginia-based Civil War re-enactors as they "walked" the mile-plus route of the famed Pickett's Charge. The Scouts completed all five segments of the Gettysburg Historic Trails program, sponsored by the York-Adams Area Council, and they completed all requirements for the American Heritage merit badge. Shown from the left in the front row are Nathaniel Stern, Aaron Mullinax, Matt White, Mike McConnell, Matt Gorley, Sam Lauver, Matt Paugh, and Brian Georg. In the back row are Michael Varner, Nathan Thomas, Bryan Teter and Wes Thomas. Collecting by Larry Cox

Elvis Records

Q. I am interested in selling several Elvis Presley record albums that were issued during the 1950s. Can you help me? — *Patty, Holiday, Fla.*

A. No entertainer has ever been promoted quite like Elvis Presley. Even 25 years after his death, the marketplace is still permeated with Elvis merchandise. Most serious collectors are attracted to the earliest memorabilia, namely those marked "Elvis Presley Enterprises" with copyright dates of 1956 or 1957.

Because most of his recordings were produced in such quantity, they are generally worth in the \$5-\$25 range. The exceptions, of course, are his first five recordings, which were issued by Sun records. Collectors often pay up to \$500 for a mint Elvis recording released on the Sun label.

Eddie Hammer is a serious Elvis collector and might be able to help you determine the value of your records. His address is 735 Roosevelt Ave., Carteret, NJ 07008. Jerry Osborne has written one of the better reference books for Elvis collectors, "The Official Price Guide to Elvis Presley Records and Memorabilia." You can order a copy from the author by writing him at P.O. Box 255, Port Townsend, WA 98368.

Q. When we purchased a 1949 Ford coupe, we discovered the gear shift had a plastic necker ball featuring a nude picture of Marilyn Monroe. Does it have any value? — *Linda, Clara City, Minn.*

A. These steering knobs were introduced during the 1950s and are still being manufactured. To find out the value of the one you have, you might want to contact Clark Kipper, who buys, sells and appraises Marilyn Monroe memorabilia. His address is 3219 E. Country Road "N," Milton, WI 53563.

Crazy Cat

Q. My cat has been acting really weird since we moved — hissing at us and running around like crazy. Also, he eats all his food at once and then either gets sick or runs straight to the litter box. He's never done this before. Is he crazy? What can I do to help him? — *Kate M., Deerfield Beach, Fla.*

A. Your cat is very stressed from the move, and he's showing many of the signs of this stress. He is acting in an aggressive manner, seems hyperactive and has changed his eating habits.

Think about it: Here's a creature of habit, who marks his days by when he eats, sleeps, spends time with his "mom" or goes hunting. That schedule has been turned topsy-turvy just from moving out, not to mention traveling to a new area and moving into an unfamiliar place.

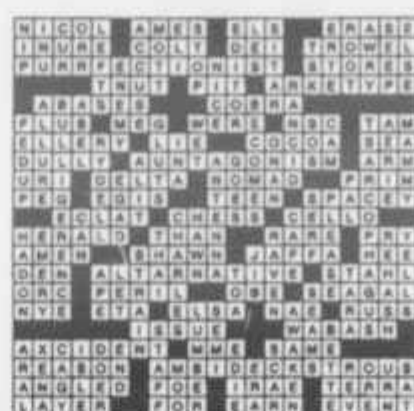

Three things need to be done. First, take your cat to the vet for a checkup and explain his symptoms. The veterinarian will probably recommend that the cat take some medication for a short while to keep him calm. He or she may also check for any infection or illness that could be causing the trouble, or that could have resulted from the increased stress the cat is under.

Second, get settled and into your own routine as quickly as possible. The cat will feel more secure when he sees that some things don't change from day to day.

Third, monitor his feeding. Reduce the amount of food you give him at one time, and increase the number of times per day that you feed him. Also, give him a bit of unseasoned, steamed chicken or beef (don't give him raw meat) about twice a week. Adding variety to his diet could make a difference in his reaction to it.

Fiscal Report Gives Glendening "D" For Handling Of State's Finances

by Liz Babiarz
Capital News Service
WASHINGTON—Gov. Parris N. Glendening's handling of state finances earned a "D" on a fiscal policy report card released Friday, categorizing him as one of the 10 worst governors for money management in fiscal 2002.

The Cato Institute report, which criticized Glendening for tax increases and high spending, comes as the state faces a \$400 million shortfall this year and a possible \$1.3 billion deficit in the next fiscal year.

Stephen Slivinski, a co-author of the report, said Glendening's grade was based on "irresponsible budgeting."

"He lumps into the budget more and more spending. Comparatively, he is not keeping the budget under control," said Slivinski, who is also director of tax and budget studies at the Goldwater Institute.

Glendening's office did not return calls seeking comment Friday. But the governor has boasted in the past about his spending on "progressive" policies.

Where the governor sees progressive spending, however, the report card saw fat budgets that grew 3 percent faster, on average, than inflation and population in the state. Spending included \$1 billion for school construction, \$800 million for teacher raises, \$170 million for a Rural Legacy program, and millions more for Smart Growth anti-development initiatives.

The report card cited \$32 million the state gave Marriott Corp. for job training and road improvements, as an example of "irresponsible spending."

The report also ranked Glendening the No. 1 "tax hiker," for raising the cigarette tax to \$1 per pack. Slivinski said that tax, intended for schools, will probably not raise the projected \$100 million because people will buy cheaper cigarettes over the Internet or across state lines.

Aides to Comptroller William Donald Schaefer, a frequent critic of Glendening's, said that while some of the state's woes can be blamed on a falling stock market, states like Georgia have stayed financially stable during these tough times.

"Glendening has overspent the state into oblivion. He is interested in leaving a legacy of environmental activism rather than taking care of the needs of the people," said Michael Golden, a spokesman for Schaefer.

State governments faced a combined budget gap of more than \$40 billion in fiscal 2002, which the report attributed to overspending in the 1990s. Co-author and Cato fellow Chris Edwards said he is concerned states will try to close the gap with "the worst solution," broad-based taxing.

The Cato report compared budget and tax records of 42 governors and gave them grades based on 17 measures of fiscal and economic performance, with those that raise spending and taxes getting the lowest grades.

Govs. Bill Owens of Colorado and Jeb Bush of Florida got the only A's in the report, while California Gov. Gray Davis, Tennessee Gov. Don Sundquist, Ohio Gov. Bob Taft, and Oregon Gov. John Kitzhaber all got F's.

The report did not rate Virginia and Pennsylvania, which have relatively new governors. But of Maryland's other neighbors, Del-

aware Gov. Ruth Minner got a C and West Virginia Gov. Bob Wise got a D.

Maryland Senate Minority Whip Larry Haines, R-Carroll, said the Cato report treated Glendening "favorably," and that he really deserved a grade of F. Haines agreed with the report's warning that the next Maryland governor will have a challenge getting the state "back on track."

"The next administration is faced with some great challenges. For us to meet

budget, more spending is going to have to be reduced. There's a need to put a hold on the size of government and review agencies for efficiency," he said.

La Leche Slates Monthly Meeting

The La Leche League of Garrett County's monthly meeting will be held Thursday, Oct. 10, at 10:30 a.m. in the Community Room of the Ruth Enlow Library, Oakland. October's topic is "There's a New Baby in Your Life."

All mothers and their

babies/children are welcome. Participants will learn from and share their experiences with other breastfeeding moms. Issues such as how long or how often babies nurse, how to help the baby's father feel comfortable in his new role, and returning to work will be discussed.

L.L.L. of Garrett County also offers a free lending library and 24-hour phone help for breastfeeding problems or questions.

Two Seniors Named Finalists For Scholarship

Two seniors at Northern High School, Jamie M. Livengood and Landon R. Southerly, were recently named finalists in Maryland's Distinguished Scholar Program.

The program offers \$3,000 a year for four years to the state's top high school students as an incentive for them to go to college in Maryland. Application for the scholarship is made during the student's junior year in high school.

Applicants in the achievement category who must have an unweighted grade point average of at least 3.7 on a 4.0 scale are ranked on the basis of GAP and SAT/PSAT/ACT test scores.

The finalists and semi-finalists for this scholarship were recognized at a ceremony at Morgan State University recently.

The \$4.2 million program provides 350 new scholarships each year plus continuing awards to students who maintain a 3.0 GPA in college. The scholarship can be used for any college-related expense at any degree-granting institution in Maryland.

HONORING AMERICAN HEROES—Accident Elementary School held an assembly on Sept. 11 to "honor American heroes and to talk about courage, goodness, and justice." The hill by the school was lined with American flags, and students and staff dressed in red, white, and blue. Wayne Bolden of Wayne's Water 'n' Wells was the keynote speaker. Bolden and his employees were instrumental in saving the nine Queecree miners. "Anyone, any age can help others, and that is what a hero is," Bolden told the students. Students McKenzy Rafferty, Rachel Squires, Karl Wingrove, Carol Slaler, and Brady Benton

presented Bolden with gifts from the Accident community. American Airlines flight attendant Tara Lloyd also presented Bolden with an airline print which reads "American Airlines — You can't keep good people down." "Being a hero does not mean you never are afraid," Lloyd told the students. "It means you do what you need to do, even if you are afraid." She explained that her sons, Sean and Connor, were her heroes because after Sept. 11, 2001, they allowed their mother to return to a job she loves, "even after the death of some special friends."

GC Selects New Adventure Sports Faculty Member

Dr. Michael Swiderski has accepted the position of associate professor of adventure sports at Garrett College. He is teaching AVS courses in rock climbing, rope course facilitation, program management, leadership development, and bike mechanics.

Swiderski holds a bachelor of arts degree in physical education and a master of arts degree in bio-mechanics kinesiology from the University of Southern California, and a Ph.D. in leadership development, outdoor/environmental education from the University of Oregon.

With a variety of experience in outdoor recreation teaching, Swiderski has taught physical education and adventure courses, developed and directed leadership programs, managed recreational projects for communities and univer-

sities, and wrote articles for scholarly journals. He not only taught college courses at USC, he also developed the college's outdoor leadership curriculum as a graduate assistant.

For two years he taught recreation leadership and wilderness skills courses at the University of Oregon, then became a tenured professor at Cal Poly State University, where he taught a variety of leadership management and wilderness skills courses.

Before beginning his college career, Swiderski had extensive experience in outdoor recreation. He has been an avid rock climber, surfer, and surfboard maker, as well as a bicyclist who toured New Zealand by bicycle while serving as a guest lecturer and educational consultant for the New Zealand Outdoors Instructors Association. He has been the keynote speaker at numerous experiential learning conferences throughout the United States, and a workshop facilitator for many community recreation programs.

As superintendent of the Albany Parks and Recreation Department in 1982, Swiderski founded New York's Outdoor Recreation and Educational Pursuit

He and his wife started the Leadership Education Adventure Project at Sand Point, Idaho, where they employed adventure activities as counseling tools to work with adjudicated youth and taught family counseling and parenting classes. He served as director and manager of numerous projects in that community, where he directed CEDU Family of Services. For the past several years he and his wife have directed the King George School

in Vermont, a private emotional growth school that includes therapeutic recreation in the curriculum.

Swiderski said he learned of the GC faculty opening through an advertisement for the position in the *Chronicle of Higher Education*. "When I checked out the GC web site, I was amazed at the breadth and depth of courses offered," he remarked. "While other colleges offer one or two levels of adventure skills courses, Garrett offers five

GC Lighthouse Wins Approval From DHMH

Garrett County Lighthouse Inc. recently received full approval for all of its programs with no deficiencies following a survey by the Department of Health and Mental Hygiene, Office of Health Care Quality.

"We are proud of the mental health services being provided by our personnel," said board president Bobby Andersen.

DHMH program surveyors in their exit interview remarked about the quality of the agency's records, its facility, and the professionalism of the personnel.

"They went on to say that Garrett County Lighthouse Inc. has consistently searched for creative collaborations to enlarge mental health care services to rural communities, as well as respond to the need of those waiting for services," said a Lighthouse spokesperson.

This year, the Garrett

County Lighthouse is celebrating its 10-year anniversary as a private not-for-profit agency serving the community. The agency has expanded its services to all ages, and through a partnership with Western Maryland Health System, local access to a psychiatrist has also increased, according to the spokesperson.

Community Picnic Set By Accident Vol. Fire Dept.

The Accident Volunteer Fire Department will host a community picnic beginning at 1 p.m. Sunday, Oct. 6, at the Accident fire hall. The event is being held "in appreciation of all who helped support the fire department this year in any way," a spokesperson said.

Those attending are asked to bring a covered dish. The VFD will furnish ham, donated by the F&M Bank and Lakeview Auto Parts (through a hog purchase made at the recent Garrett County Fair), and drinks and tableware.

Small Business Center At GC Slates Courses

Garrett College's Small Business Development Center has slated two classes that will provide entrepreneurs and managers with tools to increase their effectiveness in marketing, sales, and advertising.

"Marketing and Sales Techniques" is scheduled for 6:30 to 9 p.m. over six consecutive Wednesdays, from Oct. 16 through Nov. 20. Participants will discuss basic marketing principles, promoting and advertising, how to handle customers effectively, determining what customers want, and how to

KITZMILLER VFD COMMEMORATES 9/11 — The Kitzmiller Volunteer Fire Department recently led the town in two remembrance services honoring the memory of those lost in the attacks of Sept. 11, 2001. The morning service, co-sponsored by the senior meal site, was part of a nationwide observance by fire departments that included the blowing of the fire hall whistle at the time marking the fall of each World Trade Center tower. Prayers and commemorative words were delivered by Pastor George Tichnell of the Blaine Full Gospel Church and Pastor Sam Calhoun of the Kitzmiller Assembly of God Church. Approximately 80 residents attended the morning memorial and shared lunch with the volunteer firefighters afterward. The evening ser-

vice included a slide presentation reflecting on the events of 9/11, while books, magazines, and newspaper clippings reporting the news of the events were displayed, and flags were given to everyone in attendance. Memorial readings were presented by Southern Middle School seventh grader Logan Marks, Kitzmiller VFD president Marty Smith, and Kitzmiller mayor and VFD vice president Jim Browning. The evening service concluded with the singing of patriotic songs, a recitation of the Fireman's Prayer, the lighting of a candlelight memorial, and a moment of silence. Refreshments were made available to participants after the evening gathering as well.

communicate the benefits of a product or service.

A crash course in "Desktop Publishing" will be offered during a single five-hour session on Friday, October 18, from 9 a.m. to 3 p.m. with a one-hour break

for lunch. The instructor is Alice Bosley, a former Gateway programmer/trainer, who will provide participants with "hands-on" experience in producing brochures, flyers and newsletters as advertising tools. Students will use Microsoft Word to set up business forms, modify text, and integrate designs with color to inexpensively promote the business. Clip Art and Word Art will also be introduced.

For more information, or to register, persons may call Sue Smith at 301-387-3080.

Coping With Cancer Series Slated By ACS

The American Cancer Society has scheduled an "I Can Cope" series of three Wednesday evening workshops for Sept. 25 through Oct. 9, from 6:30 to 8:30 p.m., at the Community Services building of Garrett County Memorial Hospital. The free series is available for cancer patients, families, and anyone interested in learning more about dealing with the disease.

Licensed social workers will facilitate the segments, and guest speakers will be making presentations. Participants can attend any or all of the workshops, which are offered free of charge. All Garrett County and surrounding area residents may attend.

"Keeping Well in Mind and Body," slated for Sept. 25, will offer techniques in learning to increase well-being while facing cancer. This course will help patients and families learn how to deal with the stress of the disease as well as staying strong during treatment.

"Discussion on Resources," the Oct. 2 segment, will cover resources within Garrett County that can aid cancer patients and families during the time they are dealing with cancer. This will be a chance for anyone in the community to come and find out what is available in Garrett County, and ask questions of a panel of agency representatives.

"Understanding Feelings and Relationships" is set for Oct. 9, and will focus on learning to identify key emotions surrounding cancer diagnosis, including how to communicate and ways to enhance communication with family and friends, and how to adapt to changes brought on by cancer and its treatment.

Agencies with trained representatives who have

helped bring the "I Can Cope" series to Garrett County are Garrett County Health Department, American Cancer Society, Garrett County Memorial Hospital, Garrett County Department of Social Services, and Hos-

pice of Garrett County. To register for any of the segments, persons may contact Tenna Taylor of the ACS at 301-722-2145 or toll-free at 1-888-227-9979, and indicate which workshop they will be attending.

READING LEADS TO SOMETHING SWEET — Students at Friendsville Elementary School recently engaged in "reading to perform a task," and this particular project resulted in a pan of apple turnovers. The students read the recipe and then made the turnovers, which apparently disappeared shortly after this picture was snapped. Seated from left are Derek Harding, John Cosner, Christina House, and Dillon Frazee. Standing in the same order are Taylor Sisler, Russell Frazee, and Lacie Schroyer.

Wednesday at 7 p.m. The present topic is "Who is Satan."

The Sand Spring Church of God is hosting "Prime Time," a weekly program for boys and girls K-8th grade, every Monday from 6:30 to 8 p.m. in the church Fellowship Hall. For more information, persons may call 301-746-4084 or 301-746-5340. The Sand Spring Church of God is located at 1030 Fearer Road, Friendsville.

SCHOLARSHIP FUND

A scholarship fund is being set up in memory of Tim Umbel, son of Rick and Mary Ann Umbel, who was a graduate of Northern High School and an active member of his church and community. Tim lost his life in a freak accident at Nemacolin Resort on Sunday, Sept. 15.

Monetary donations can be taken to any branch of the First United Bank and placed under the Tim Umbel Memorial Fund. The scholarship fund will be a continual fund, which means that money can be donated now and for any time in the future. More information will become available as to the qualifications of the fund's recipients when plans are finalized. For more information, interested persons may

contact Paul Edwards at 301-895-4255.

LIBRARY NEWS

The library has several new titles, including: *America's Wartime Scrapbook* — from Pearl Harbor to V-J Day (this is a large format book with lots of pictures of memorabilia from World War II and is appropriate for children and adults); *Beautiful Child* by Torey Hayden, a special education teacher who has written several books about her students; and *Storm Warriors* by Elisa Carbone, a juvenile-level book for fourth graders and up.

Garrett County Partnership for Children and Families has donated a copy of *It's Still a Dog's New York* (Pepper and Rover learn how to deal with the tragedy of September 11.)

The Ruth Enlow Library is again offering free computer lessons from now through Nov. 30. Individual lessons may be arranged by calling Michele at 301-746-5663. Sessions at the Friendsville Branch will be the first and third Thursdays of October and November from 2 to 5:30 p.m. Those interested must call to arrange an appointment.

SCHOOL NEWS

The first Academic Pep Rally of the new school year will be held Wednesday, Oct. 2, at 9 a.m.

There will be no school Friday, Oct. 4, for students because of staff development.

The students of the school are once again saving Campbell's Soup labels and Box Tops for Education. These can be dropped off at the school office or S&S Market.

Keep Your Home Cool This Summer

Modern reflective films will keep your home cooler in the summer and warmer in winter.

- Stops the sun's glare and eases eyestrain
- Adds indoor privacy
- Reduces Solar Heat Gain and almost eliminates glare
- Stops 99% of the sun's ultra violet rays for elimination of fading. Lets homeowners open drapes and blinds without worry of fading.
- Lower heating and air conditioning consumption.
- Shatterproof glass; if children are involved in the household this becomes a valuable asset and is well worth talking about.

State Park Programs

SWALLOW FALLS/HERRINGTON MANOR
The following programs have been slated at Swallow Falls and Herrington Manor state parks. Further information on these offerings may be obtained by calling 301-334-9180.

•Fri. 9/27: A bird banding demonstration will be presented by a U.S. Forest and Wildlife Service bird bander at 10 a.m. at the HM concession stand. The program opens with a 20-30 discussion of bird banding, followed by a five-minute walk to the park's bird banding site for a demonstration that may include live birds.

•Sat. 9/28: "Tricky Tracks," an animal track identification and plaster cast-making activity, is set for 10 a.m. at the HM office (\$1 fee per participant); and a hike through the Cranesville Swamp will depart from the HM office via car caravan at 1 p.m. (Participants are asked to wear shoes — no sandals.)

•Tue. 10/1: A bird banding demonstration will be presented by a U.S. Forest and Wildlife Service bird bander at 10 a.m. at the HM concession stand.

•Thur. 10/3: A bird banding demonstration will be presented by a U.S. Forest and Wildlife Service bird bander at 10 a.m. at the HM concession stand.

CRELLIN ELEMENTARY SCHOOL RECOGNIZED — The Oakland Volunteer Fire Department recently presented a picture and letter of appreciation to the students and staff of Crellin Elementary School. The presentation was made in recognition of their generous donation to the "Boot Drive" to help the Fire Department of New York following the Sept. 11, 2001, events. Pictured above, left to right, in the front row are assistant chief Alex Flanigan, Britney Few, Wyatt Sanders, Katie Burns, Holly Wotring, Emily Mulliken, Kale Ashby, Lt. Jason Sisler, and deputy chief John Feather. In the back row are Willy Pase, Andy Roberts, and Jackie Sisler.

The center is open to seniors age 55 and older for a fee of \$12.50 per month, and is open Mondays and Wednesdays from 9 a.m. to 5 p.m., Tuesdays and Thursdays from 11 a.m. to 8 p.m., and Saturdays from 9 a.m. to 2 p.m. A large range of exercise equipment is available for use, and walk-aerobics and resistance training are also available. The center is closed Fridays.

The fitness center is also a charter member of TOPS, a national organization to promote weight loss, which meets Wednesdays at 10 a.m.

GARRETT MEDICAL GROUP, P.A.

Is pleased to announce the arrival of two new physicians to the practice. They will be accepting new patients as of October 1, 2002.

Christine Browning, M.D. is a Garrett County native, having graduated from Southern High School in 1991. She attended Hood College in Frederick, Maryland, graduating magna cum laude with a B.A. in Biology in 1995. Matt Duran, M.D., originally from Bethesda, attended the University of Virginia in Charlottesville, VA, and received a B.A. in Interdisciplinary Studies with distinction in 1995.

They went on to meet at the University of Maryland Medical School and received their medical doctorates in 1999. After getting married, they ventured west to Pueblo, Colorado, where they completed their family medicine residency at Southern Colorado Family Medicine in June of this year. During this time, Christie completed a specialized obstetrics training tract.

Christie and Matt are excited to return home. Christie will be practicing full spectrum family medicine, emphasizing obstetrics, pediatrics and internal medicine. Matt will offer full spectrum care including obstetrics, pediatrics and internal medicine.

In their free time, Christie and Matt enjoy a variety of outdoors activities that western Maryland can easily provide

October Monthly Luncheon Slated At St. Paul's

St. Paul's United Methodist Church, Oakland, will hold another "First Wednesday" on Oct. 2 from 11 a.m. until 1 p.m. The event is held the first Wednesday of each month and features a luncheon and bake sale.

"The public is encouraged to come to St. Paul's to experience good food and fellowship, furthering our mission of having open minds, open hearts, and open doors to the community we serve," said Robin Shepherd, church spokesperson.

The menu consists of chicken soup or chili, bread, tossed salad, dessert, and beverage for \$4. To-go orders are available by calling or faxing the church at 301-334-2391. Bake sale items will also be available.

St. Paul's is located on the corner of Fourth and Oak streets. For more information about the monthly luncheon and bake sale, persons may call the church at the above number or Shepherd at 304-789-6796.

Free Training Available Via Goverts Project

by Ron Boyer

The state of Maryland has approximately 2.7 million acres of forested land. Eighty-four percent of this land is owned privately by about 125,000 "non-industrial" forest owners. Half of these forested tracts are 10 acres or less.

Sound forest management practices can improve wildlife habitat. This is one of the main goals of the Goverts Project. A covert, pronounced "kuhvert," is the name given to a "thicket" that provides sheltering habitat for wildlife.

The Goverts Project had its beginnings in Connecticut when the Ruffed Grouse Society — a non-profit group dedicated to forest and wildlife conservation — wanted to improve wildlife habitat through research, education, and proper forest management techniques. Since its start, 12 states have joined the effort, including Maryland in 1990.

Each fall, through a nomination and application process started in the spring, approximately 30 landowners, land managers, or environmentally concerned citizens throughout the state are trained in an intensive three-day seminar. With a well thought-out mix of classroom time and field trips, the trainees are introduced to various forest management practices, game and non-game species habitat requirements, and natural resource professionals willing to assist them when they return home. The Ruffed Grouse Society and the Cooperative Extension Service of the University of Maryland pay all expenses for the training, namely, meals, lodging, seminars, and materials.

What is asked in exchange for the free training? The participants are encouraged to make themselves available as a local resource to their communities and share what they have learned. In addition they are asked to develop a forest stewardship plan for their property. And lastly, trainees should promote sound forest and wildlife management practices in their communities. Today, Covert Cooperators own or manage 45,468 forested acres in the state. With the use of the methods and practices learned at the training, various wildlife habitats will be improved and will be sustained in the future.

For more information about or participation in the Goverts Project, contact Joy Drohan at 301-432-2767 (e-mail jd294@um.edu) or Ron Boyer at 301-593-3656 (e-mail info@covertsignatureworks.com).

WINNING 4-H BOOTHS — Area 4-H clubs compete annually at the Garrett County Agriculture Fair for ribbons in booth creations. Pictured above left is the Trailblazers 4-H Club's project, which won the champion ribbon. Its theme was "4-H Builds Character." Shown above right is the reserve champion 4-H Booth winner, built by the North Star 4-H Club. Its theme was "4-H Teaches Conservation." Both clubs also submitted their booths in the Maryland State Fair during the last week in August and received red and blue ribbons for their efforts. The North Star Club also won first place in the annual Garrett Soil Conservation District awards. These awards are designed to encourage 4-H and FFA clubs to consider conservation as the theme for their fair booths. A spokesperson from the Conservation District said the idea is to help young people be more aware of how the choices and decisions they make affect the rest of society. "The process of developing a conservation booth is a good exercise for anybody, young or old," the spokesperson said. "It makes you consider why conservation is

important and how to go about using our natural resources, particularly soil." The annual contest is open to any 4-H club or FFA chapter in the county who chooses conservation as its theme. This year's winners and their prizes were North Star, first place, \$100; Country Kids 4-H Club, second, \$75 (shown below left); and Snowy Creek 4-H Club, third, \$50 (below right). The booths are judged on creativity, neatness, and how well the idea of conservation is communicated.

Notes From Bittinger

by Joan Sussman

As I was out and driving around last Friday, I paused by the Glade on Mosser Road, and it was a soft riot of colors. The water was dark, edged with silver highlights, and the thick grass cover in the middle changed from green to gold and yellow, with a scattering of small, bright spots of lavender from the wild asters in bloom. Then I turned off on Foy Road to look for some big soft butter yellow hickory leaves. It was a dazzling sight with the gold yellows of the leaves on the trees and on the ground, and the pale yellows, rust, and gold on ferns, which caused me to fall into a dreamy state.

Last week it felt like summer, with somewhat hot weather for Bittinger. Over 80 degrees in Bittinger is hot. But as the date of autumn equinox got closer and closer it started to seem like autumn, and also with the scent of a skunk. I don't know why skunks come out in the fall, but they do. Luckily our dogs didn't confront them.

In the last week we had several days of soaking rain, which is good news for the fields, lawns, and fall foliage. At least the leaves are still alive and on the branches, and it also slowed down the rapid change of colors on the trees. Al-

though I love autumn color as much as anyone, I do not try to hurry to see it, and then have to experience the cool or cold temperatures that follow. Of course, as fast as the leaves color up, the faster they will fall down and leave just bare branches.

This Monday it certainly feels and looks like autumn. As I look out my picture window I see a few scarlet and yellow leaves against a clear, brilliant, cobalt blue sky. That clear blue sky is beautiful, but it also means dropping temperatures. However, we still have not gotten a hard frost yet, which is not like in the early '80s when a frost wiped out all of our green beans, tomatoes, peppers, etc., in mid-August. I still have a few peppers on my plants and lots of cherry tomatoes. My guess is that we will get that frost tomorrow morning and accelerate the change of colors very rapidly.

As autumn gets in full swing, the season for high school marching bands is in full swing, along with football games and band competitions. Every weekend now features a Friday evening home football game for my girls to perform at, and then travel to a couple Saturday band shows. Last weekend it was down to Martinsburg, W.Va., area with a late bedtime of 2 a.m., which for teenagers means Sunday is almost a total loss. Then the week following it is band practices almost every night after school. They do get Monday afternoons off. Unfortunately, they do not get their deserved respect from their schoolmates who make snide remarks to the band members on the bleachers. Most of the time the band members are hard workers, good students, and responsible citizens, which is not considered "cool" by their peers. This is very unfair because many "cool" kids are in the bands. Many of my generation in Bittinger were band members, including Cindy Stanton, Sharon Buckel, Meredith Vagnetti, Rodney Giotfelty, Carol Bass, and of course, me.

Yesterday was a foggy day. Not only was the land blanketed with a soft hazy fog, but my drip coffee maker quit working, so I was without coffee. Finally Caitlin awakened enough to find my little plastic percolator that I found at a yard sale and which Caitlin had put away because I did not use it much. That was after

the student, with the sadness of losing their babies, plus the financial aspect. Last weekend they attended a weekend visitation at Allegheny College in Meadville, Pa., and this weekend they will go down to St. Mary's College in southern Maryland. Of course, Frostburg would be a good choice, except that not many kids want to go to a college where their parents are on the faculty.

Last week was stressful for Landon and his parents, as they had to go through a tragic accidental death of one of Landon's teammates on the Huskies basketball team. Although Tim Umbel was a senior when Landon was a newcomer freshman, Tim made a special effort to help the freshmen. As your children grow up and go away, you can't help imagine the many pitfalls that might await them and, of course, when an untimely death happens... You just want to keep your children close to home and hopefully be safe and sound. But even if they are still home with you accidents still happen. Every parent wants a life

filled with experiences and adventures for their offspring, but it is scary.

Sheila Southerly reported to me that a big flock of wild turkeys was in her backyard. Even though her cat thinks he is a great hunter, as no chipmunks or squirrels are safe around him, those big birds with all those big feathers flapping madly made him call it a day without bothering them.

Sheila's brother, Denny Buckel, was over at the Peat Bog checking out the cranberries. He saw many ripe cranberries, plus four bears who were also admiring the berries, and then as he emerged from the corn field he encountered the BIG bear that hangs out around that neck of the woods. Wouldn't you say that 400 pounds is a big animal?

Sheila was pleased this summer when she saw her ruffed grouse had had a big brood of babies. We can rest assured that we will be still living in real wild country. There are lots of deer around. It is no wonder the woods are populated with deer, as there are lots of thick woods to provide shelter for them, plus lots of big thick cornfields to provide great summer din-

ing, and even fall and winter dining too, as when the corn is harvested there are still some corn ears and husks left behind.

The joint service of Bittering Lutheran Parish will

celebrate Appalachian Sunday on October 6. Also included in the service will be a Blessing of the Animals. Instead of bringing your pets for the blessing, bring some of their belongings. Maybe Emmanuel is not quite ready for a church full of sheep, goats, dogs, cats, ponies, etc. It is a nice picture to imagine.

Yesterday I wrote a prediction that we would get a hard frost this morning. In fact, I went as far as to cover my remaining pepper plants and bring my geraniums inside. Guess what; instead of a clear cold morning it was foggy and not the weather for a frost. So much for my ability as a weather forecaster. I am glad I was wrong, and I guess we will get a break until the next full moon.

Last week I met many people who told me how much they enjoyed this column. I can understand people with close ties to Bittering enjoying reading it, but otherwise, I don't know. I guess they enjoy my off-track observations.

It seems to me it is dreary how the New York Yankees dominate the game of baseball. In fact, the best thing about the 1960 World Series was when our team, the Pittsburgh Pirates, beat the Yankees. I guess that a handful of Bittering residents are fans of the Baltimore Orioles, but most are Pirate fans. This year they seem to have their "ups and downs," so who knows if we can look forward to playoff excitement.

Maryland's football team is not anything like the Terps' basketball team. Of course, that does not bother lots of Bittering fans, who back the West Virginia University teams. It is much closer, even close enough to run over to see some live football.

We could use some

excitement here in Bittering. For me it is like pulling teeth to find out about any kind of social events. Everyone is busy with preparations for the winter, with chain saws roaring, brush burning, and already leaves to be raked.

Patty Diehlman was up to her neck in tomatoes, so she did what is purely instinct — make a big batch of spaghetti sauce. She canned it, too, plus a whole bunch of green beans, while she and Steve are busy starting to clean their new home site on Legeer Road. It is sad to think they are not just across the field from here, and Meredith and Hannah can't just run across the pasture to visit, but after all, Legeer Road is not that far from here.

Lea Stanton was honored with a bridal shower at the home of Tim and Alison Mazer of Ellicott City. Twenty-five guests were in attendance, including family and college friends from that area. Ferne Beachy, Cindy Stanton, Sally Pohl-

sky, and Leslie Buckel attended from here.

Lea Stanton and Ferne Beachy spent last Thursday afternoon and night with Baldwin Buckel at Adelphi, where dinner guests were Mary Ellen and Stephen Presgraves. They spent Friday night with Steven and Donna Mazer and daughters at Glenwood.

Ida Reckner and Jim, Donna, and Tim Glotfelty were Sunday lunch guests at the home of William and Linda Oester, Salisbury, Pa., where other guests were Capt. Jeffrey and Sheli Gray and daughters Ashlin and Abigail of Hanover; and Dwaine, Lisa, Adam, and Amanda Platter of Smithsburg.

NOTICE OF PRE-HEARING CONFERENCE

On October 8, 2002, the Maryland Public Service Commission will be holding a pre-hearing conference concerning the application of Clipper Windpower, Inc. for a certificate of public convenience and necessity for a wind-powered generation facility in Garrett County, MD. The conference will be at 3:00 p.m. at the Maryland Public Service Commission in the 19th Floor Hearing Room, William Donald Schaefer Tower, 6 St. Paul Street, Baltimore, MD. At the pre-hearing conference, intervention of parties, the applicant's request for waiver of Section 7-208(b) of the Maryland Public Utility Companies Article, and the procedural schedule for this matter will be discussed. Persons who seek to intervene in this proceeding should file petitions to intervene with the Commission's Executive Secretary, Felecia L. Greer, at 6 St. Paul Street, Baltimore, Maryland 21202, by October 7, 2002.

CLIPPER WINDPOWER INVITES YOU TO LEARN MORE ABOUT THE ALLEGHENY HEIGHTS WIND PROJECT

Clipper Windpower, Inc. will be holding a series of town meetings to inform the public of the wind energy project on Backbone Mountain. Clipper staff will have informative materials available and will give a short presentation on the project followed by a question-and-answer period. Refreshments will be served.

October 3rd at 6:00 pm - Pleasant Valley Community Center

October 7th at 2:00 pm - Garrett College Main Auditorium

THANK YOU

When a community's citizens cast ballots and choose leaders, they have exercised what I believe is their most important constitutional right. To those who placed their confidence and trust in me to serve you, I am humbled and honored. Thank you for your continuing support.

It's that time again... WARM THE CHILDREN

Providing New Winter Clothing For Needy Children

For the sixth year, *The Republican* is asking for your help. Without it, many Garrett County children will go cold this winter.

Just what is *The Republican* newspaper's WARM THE CHILDREN FUND?

The Republican's WARM THE CHILDREN FUND is basically neighbors helping neighbors. We here at the paper are asking for monetary donations (tax deductible) from you, the readers. The collected funds are being used to purchase new winter clothing for Garrett County children in need. Because the newspaper administers the program, there are no added fees or overhead costs. Every penny donated is used to buy the winter items.

How are needy children being identified?

A special core of volunteers is working right now to identify those in need this year. (Please do not call for the service. If you have been selected, you will be notified.)

How will the children's clothing be purchased?

Volunteers are taking the families shopping at Wal-Mart. The children, with the help of their parents, may select their own new coats, hats, sweaters, long johns, jeans, boots, pajamas, or other needed winter items, spending up to \$100 per child.

We need two things: volunteers and donations.

To volunteer as a shopper in Oakland, please contact Linda Thomas at 301-387-6203. To volunteer as a shopper in Northern Garrett County, please call Lisa Broadwater at 301-895-5827 or 301-746-8223. For general information, you may call Mary McEwen at the newspaper office at 301-334-3963.

THE REPUBLICAN

To make a donation, please complete the coupon below, cut it out, and mail it along with your tax-deductible contribution to the address noted. All checks should be made out to **Warm the Children Fund**.

Please make your donations before November 20, 2002. Those collected after November 20 will be saved for next year's campaign.

Efforts To Boost Crop Insurance In Maryland May Be Paying Off

by Catherine Maticic
Capital News Service
WASHINGTON — Ac-
reage insured by Maryland
farmers is at its highest
level since 1995, when cov-
erage was briefly mandated
for farmers who wanted to
apply for federal crop sub-
sidies.

Despite the increase, however, Maryland still has one of the lowest levels of participation in the program, at a time when drought is likely to ravage harvests.

"It stays stubbornly low, and in a year like this, it's sad," said Eric Edgington, a spokesman for the Risk Management Agency, which handles crop insurance programs for the federal government.

As of the first week of September, Maryland farmers had reported 676,831 insured acres, up from the 637,999 acres insured in all of 2001.

"There's been a lot of days when the phone just rings and rings and rings and it's hard to get things caught up," said crop insurance agent Kathi Levan.

She said she has written three times as many policies as she did last year, and increased the level of coverage for over 30 farmers.

"A lot of them have had a mindset in the past that [insurance] was just too expensive. This year...they knew what they might be looking at this fall. That got them moving," Levan said.

But it wasn't just bad weather predictions that prompted farmers to take out or increase their insurance. Increased federal support and a state-run promotional campaign also helped, said Patrick McMillan, assistant to the Maryland secretary of agriculture.

Federal subsidies that help farmers pay insurance premiums went up significantly under the Agricultural Risk Protection Act of 2000, and last year the state began offering its own premium subsidies to farmers. State and federal subsidies totaled nearly \$5 million in 2001 and for this year they had reached about \$5.6 million as of Sept. 9.

"You almost have to have that safety net under you," said Jim Miller, a fifth-generation farmer who has insurance for the crops he farms on 1,000 acres in Kent County. "If you don't have that reserve, you are up a creek."

But while nearly 80 percent of insurable acreage is covered nationwide, just 46 percent of Maryland's acreage was covered last year, according to a report from the Crop Insurance Research Bureau.

Participation in crop insurance was so low that Maryland was one of 15 states to get a federal grant for outreach programs last year. Extension agents used part of the \$286,000 to hold crop insurance workshops, and the state Agriculture Department used the rest for an ad campaign, mailing leaflets to farmers and taking out radio spots.

While Edgington said participation in crop insurance programs in Maryland is still spotty, the timing could not be better for those farmers who have it.

It is too early to forecast losses, but Levan said the impact of the drought on the state's \$1.5 billion farm industry in Maryland will be significant.

She said claims have been "tremendous" this year, and anticipates that 80 to 85 percent of farmers will make some type of claim.

While some farmers are well enough off that they do not have to worry about paying back loans, others cannot cover their investments with the insurance money and may use it to take out more loans.

"The insurance will fill up some of the gaps, but it won't fill up all of the gaps," said John Hall, director of the Kent County agricultural extension.

The Bush administration is hoping that insurance will fill most of the gaps for farmers. It is trying to encourage crop insurance so it will not have to appropriate disaster relief, like the \$6 billion the Senate added earlier this month to an Interior spending bill.

That federal prompting has increased the types of coverage Maryland farmers can get. Until three years ago, they could only cover individual crops, rather than their entire farm revenue. Now that they have the option, most farmers are taking it, said Levan.

That doesn't change the fact that financing for farmers is still a risky proposition.

"It's a much different mindset than most people have," Hall said. "You come into work and know every two weeks you're going to get a check. A farmer takes out a loan at the beginning of the season and prays for rain."

Md. Corn Harvest Advances Rapidly

Recent dry weather of last week allowed Maryland farmers to advance corn harvest for grain by 28 percent over the week of Sept. 8-14. Corn for grain is 47 percent harvested, 24 percent ahead of both last year and the five-year average. Corn condition is rated in mostly poor to very poor condition. Yields are reported to be significantly lower than last year, especially in non-irrigated fields. Corn harvested for silage is nearing completion at 93 percent, 16 percent ahead of last year, and 28 percent ahead of the average.

Soybean development continues ahead of normal with 74 percent turning color, 30 percent more than last year, and 35 percent more than the five-year average. Thirty-seven percent are dropping leaves, 16 percent more than last year, and 19 percent more than the average. Harvesting activities have begun in some areas.

Dry weather dominated the week of Sept. 15-21, with the exception of a few showers. The Eastern Shore received slightly more than one inch of precipitation in most areas last week, while western Maryland received

Adv. Phosphorus Management Course Slated

An "Advanced Phosphorus Management" conference will be held Wednesday, Oct. 16, at the National Wildlife Visitors Center, Laurel, from 9 a.m. until 3:30 p.m. The event is sponsored by the Maryland Department of Agriculture.

The conference is designed for individuals and certified nutrient management consultants who would like to gain additional knowledge about phosphorus and hear the latest in research. Topics to be

covered include recent research from Maryland, Pennsylvania, and Virginia on subjects such as phosphorus in the soil system, as runoff from manure- and sludge-treated sites, and the challenges of farm and regional phosphorus balances.

Participants of the one-day continuing education conference will receive six continuing education credit hours toward certificate renewal.

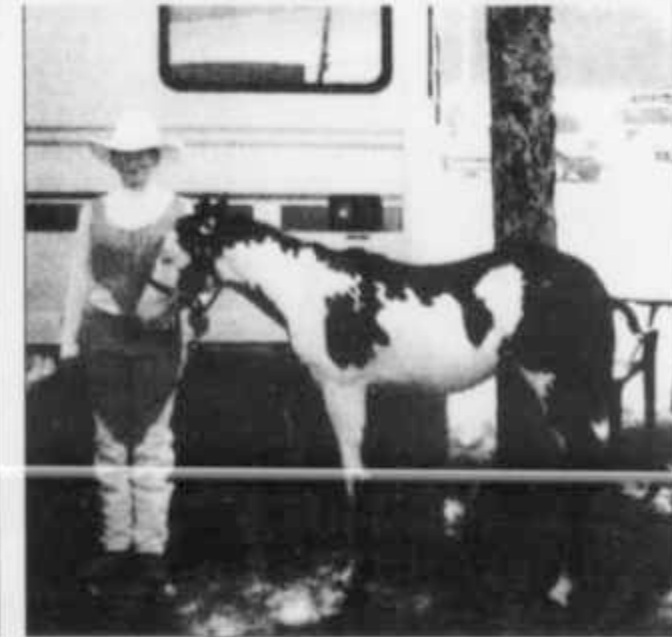

The cost of the event is \$15 and includes lunch and coffee breaks. Registration deadline is Oct. 4. For more information and to receive a registration form, persons may call 410-841-5959.

IT'S ALL IN THE FAMILY — Three generations of one family made their mark in the horse competitions at this year's Garrett County Fair. Kathleen Meyers, Oakland, a veteran horse caretaker and trainer, watched two daughters, one granddaughter, and another youngster in her life achieve success in their horse-handling efforts. Meyers's daughter, Heather Capan, is pictured above left with her horse, Ed's Silver Plaudett, and her grand champion ribbons. She won first place in the gelding 10 and older division, champion gelding, and grand champion pleasure geldings. Meyers's younger daughter, Destiny Capan, 10, is pictured above right. She won second place in weanling fillies with her horse, Blueberry Jammin'. And shown below left is Heather's daughter, Alexes L. Capan, 3, who was

named the junior showmanship champion with her horse, That's My Buddy. In the photo below right is Ranae Dawn Murphy, 13, the daughter of Meyers's boyfriend, Donald Murphy, and Valeri Dunson of Kingwood, W.Va. She earned a first place ribbon in weanling fillies and fourth place in showmanship. Both of the younger trainers had spent just two weeks with their fillies before entering the contest. Meyers, a lifelong horse trainer, owns and operates Right Touch Equine Rescue and Training, and is currently seeking a home for a 20-year-old mare whom she said is "a sweet horse in need of some TLC." Meyers can be reached at 301-367-9404.

Sessions, Funding, Workshop, Meeting Noted By Ag Dept.

NUTRIENT MANAGEMENT PLAN WRITING SESSIONS

Nursery, greenhouse, and cut flower growers who are in need of nutrient management plans may participate in plan writing sessions hosted by Maryland Cooperative Extension on Oct. 10 in Upper Marlboro, with additional sessions scheduled for western Maryland on Nov. 12 and the Eastern Shore on Nov. 13. The sessions are designed to assist small operators in meeting the requirements of the Water Quality Improvement Act.

Participants will work with a team of certified Extension specialists to develop their nutrient management plans in a group setting. At the end of the two-phase plan writing session, participants will receive completed nutrient management plans that meet Maryland Department of Agriculture requirements.

For more information, persons may contact Dr. John Lea Cox, Extension Nursery Crops specialist at the University of Maryland, at 301-405-4323.

COST-SHARE FUNDING AVAILABLE

The Maryland Department of Agriculture's Nutrient Management Program has announced that cost-share funds are still available for farmers who want to hire a private consultant to prepare a nutrient management plan for their farm. Under the effort, the Maryland Agricultural Water Quality Cost-Share (MACS) Program will reimburse eligible farmers for up to 87½ percent of the cost to hire a private, certified nutrient management consultant. A flat rate ceiling ranging from \$3.20-\$6 an acre for traditional grain and animal operations and \$15-\$20 an acre for vegetable or nursery operations applies.

MACS has also established per-operation funding caps of up to \$3,500 depending on the size, type, and complexity of the operation. For more information, farmers should contact their local soil conservation district or the Maryland Department of Agriculture at 410-841-5864.

ADVANCED PHOSPHORUS MANAGEMENT WORKSHOP

The Maryland Department of Agriculture's Nutrient Management Program, in cooperation with the University of Maryland, will offer a one-day continuing education workshop titled "Advanced Phosphorus Management" on Oct. 16 at the Patuxent Research Refuge in Laurel. The course will provide participants with advanced management concepts along with the latest phosphorus research being conducted in the region.

The registration fee is \$15 and covers lunch and breaks. Participants will receive six credit hours toward the Nutrient Management Program's continuing education requirement. The registration deadline is Oct. 4. To register, persons may contact Mike Webster at 410-841-5959.

SSCC MEETING SET

The State Soil Conservation Committee has announced that its next meeting will be held Thursday, Oct. 17, at 10 a.m. at the Blackwater National Wildlife Refuge in Cambridge. The meeting is open to the public and will focus on soil conservation and water quality program implementation and policy development.

Established in 1938, the State Soil Conservation Committee coordinates the activities of Maryland's 24 soil conservation districts, while advising the secretary of agriculture on matters relating to soil and water conservation. For more information, persons may call Louise Lawrence, executive secretary, at 410-841-5863.

NOTICE OF APPLICATION FOR STRIP MINE PERMIT

Vicinity Sketch

Notice is hereby given that Backbone Mountain, LLC, 293 Table Rock Road, Oakland, Maryland 21550, has submitted an application to the Maryland Bureau of Mines for a surface coal mine operations permit. The proposed operation is for a new underground portal to be located near Gorman, Maryland.

The proposed operation occupies a 40.0 acre tract on the north side of an unnamed tributary of Meddyger Run of the North Fork of the Potomac River, 1 mile north of Gorman, Maryland, in Election District No. 8, Garrett County, Maryland. Grid Coordinates N-550,527.51 E-129,181.25. The underground mining limits will extend from Aronhalt Fork in the west to Steyer Run in the East; the southern boundary is the Maryland side of the North Branch of the Potomac River and north to the outcrop encompassing 5,368.5 acres. Access to the site will be from King Wilkeson Road 1/2 mile Northwest of the intersection of State Route 560.

Surface of the area to be mined is owned by Richard and Sharon K. Moreland, P.O. Box 88, Mt. Storm, West Virginia 26739; James D. and Wanda K. Moreland, 9490 E.B. Taubel, El Paso, Texas, and Richard Marple, 48 Allen Marple Drive, Oakland, Maryland.

The permit area is within the U.S. Geologic Survey Gorman 7.5 minute quadrangle. The location of the proposed permit area is indicated on the accompanying vicinity sketch.

The application includes plans to construct 1 pond to control sediment and stormwater on the mining area. The ponds will be located within the proposed mine permit area. In addition to a surface coal mining permit the construction of the ponds will require a separate small pond approval from the Bureau of Mines.

A copy of the mine permit application, which includes the pond plans for the small pond approval, is available for public review during regular office hours at the Bureau of Mines office, 160 South Water Street, Frostburg, MD, and the Garrett Soil Conservation District Office at 1916 Maryland Highway, Suite 3, Mtn. Lake Park, MD 21550, during normal office hours.

Questions concerning this application may be directed to: Dwight Krieser, Manager of Engineering, at 301-334-3952 or the Maryland Bureau of Mines, Permit Section 301-689-6405.

A Public Hearing will not be held on this proposed activity unless requested.

Written comments, requests for a public hearing, and requests to be included on the interested persons list regarding this application will be received until November 4, 2002, by the Bureau of Mines, 160 S. Water Street, Frostburg, Maryland 21532.

Further notices about this application will be provided only by mail to those persons that submit comments, request a public hearing or request to be included on the list of interested persons.

SUBSTITUTE TRUSTEES' SALE OF IMPROVED REAL PROPERTY

10982 SAVAGE RIVER RD.
SWANTON, MD 21561

Under a power of sale contained in a certain Deed of Trust from Robert P. Ritz, dated Mar. 25, 1997 and recorded in Liber 706, folio 888 among the Land Records of Garrett Co., MD, and more fully described in the aforesaid Deed of Trust.

The property, which is improved by a dwelling, will be sold in an "as is" condition and subject to conditions, restrictions, encumbrances, prior deed(s) of trust and/or agreements of record affecting the same, if any, and with no warranty of any kind.

Terms of Sale: A deposit of \$5,000 by cash, or certified check. Balance of the purchase price to be paid in cash within ten days of final ratification of sale by the Circuit Court for Garrett Co. If the purchaser fails to go to settlement, the deposit shall be forfeited and the property may be resold at the purchaser's risk and expense. Interest to be paid on the unpaid purchase money at the rate pursuant to the Deed of Trust Note from the date of sale to the date funds are received in the office of the Sub. Trustees. In the event settlement is delayed for any reason, there shall be no abatement of interest. Taxes, ground rent, water rent, condominium fees and/or homeowner association dues, all public charges/assessments payable on an annual basis, including sanitary and/or metropolitan district charges, if applicable, to be adjusted for the current year to date of sale and assumed thereafter by the purchaser. The purchaser is responsible for any amount in excess of \$500 of outstanding water bills, if any, incurred prior to date of sale. Cost of all documentary stamps, transfer taxes and settlement expenses shall be borne by the purchaser. Purchaser shall be responsible for obtaining physical possession of the property. Purchaser assumes the risk of loss or damage to the property from the date of sale forward. If the Sub. Trustees are unable to convey good and marketable title, the purchaser's sole remedy in law and equity shall be limited to a refund of the deposit. In the event the sale is not ratified for any reason, the purchaser's sole remedy, at law or equity, is the return of the deposit. Additional terms, if any, to be announced at sale.

THE SUN — During October, daily sunlight hours drop from 11.8 at the start to 10.5 at month's end. On October 26, we shift to Standard Time, dropping both our sunrises and sunsets back an hour. October opens with 7:14 a.m. daylight saving time (DST) sunrises and ends with 6:46 a.m. Eastern saving time (EST) sunrises. Early October sunsets are at 7:01 p.m. (DST) while late October sunsets are at 5:17 p.m. (EST). During October the sun's midday height slowly drops from 47 to 36 degrees (45 degrees is 1/2 way up while 90 degrees is directly overhead).

THE MOON — October opens with a shrinking crescent moon in the morning sky. The moon is last seen at dawn on October 4 as a slender crescent low in the eastern dawn. The moon returns to the western dusk on October 8. The best time of the month to observe the moon's craters and mountains will be within a few days of October 12 when the moon will be about half full (like a letter "D") with the maximum amount of shadows. The moon will be fullest on the night of October 20-21. This full moon is called the Hunter's Moon; it is a near re-run of September's Harvest Moon, the full moon that lingers longest in the early evening sky. The extra moonlight in the early evening will continue through October 24. By October 29 the moon will have fled into the a.m. sky where it appears half full. There will be no evening moonlight for trick or treaters on Halloween.

THE BRIGHT PLANETS — Our five nearest planetary neighbors appear as points of light that shine more steadily than the twinkling night stars. But if a planet appears very close to the horizon or if it's windy, even the planet's light may flicker. The brilliant planet Venus will be too close to the sun to be seen in October with the unaided eye. On October 31, Venus will nearly pass between the Earth and the sun. There are three dawn planets in October. High in the South is the planet Saturn on the edge of the star group Taurus. Midway up in the East is the bright planet Jupiter in the star group Cancer. Very low in the eastern dawn will be the planet Mars.

OCTOBER'S BEST SIGHTS — In the early evening, The Big Dipper may be seen very close to the northern horizon. The Dipper's handle can be extended outward to a golden flickering star named Arcturus. In the Northeast is a zig zag pattern of bright stars — this is Cassiopeia, the throne of the mythical queen of Ethiopia. High in the West is October evening's brightest star — Vega. Vega is part of a trio of bright stars called the Summer Triangle.

OCTOBER ASTRONOMY ACTIVITIES — Our free public program at the Frostburg State Planetarium is "Cosmos," a review of the universe's highlights by the late Carl Sagan. Also featured is a beginner's tour of the October evening sky. Our presentations start at 4 p.m. and 7 p.m. each Sunday, lasting a little less than an hour. For directions on how to reach the planetarium, call 301-687-4270. The Cumberland Astronomy Club will meet Friday, October 18, at 7:30 p.m. at the LaVale Public Library. All interested sky gazers from the tri-state area are welcome.

Dr. Bob Doyle directs the planetarium at Frostburg State University. Since the mid '70s, Doyle has been writing sky columns for beginners who would like to identify the brightest stars, planets, and sights in their backyards. To ask questions or get a free brochure/map, persons may call the FSU Planetarium at 301-687-4270 and press 4. Doyle also hosts "Skywatch," a brief program on days of the week and sky sights that airs on weekday evenings just before 9 p.m. on WFWM, Frostburg State's radio station which transmits at 91.9 FM in eastern Garrett County and at 96.3 FM in the Oakland area. Dr. Doyle's e-mail address is rdoyle@frostburg.edu.

 SUBSTITUTE TRUSTEES' SALE
 OF
 VALUABLE FEE-SIMPLE DWELLING
 2351 MOSSER ROAD
 McHENRY, MD 21541

Under and by virtue of the power of sale contained in a certain Deed of Trust from Pamela R. Masters to Household Financial III, Trustee, dated August 6, 1999, and recorded in Liber 783, folio 1 among the Land Records of Garrett County, Maryland, the holder of the indebtedness secured by the Deed of Trust having appointed Gerald Danoff, Dennis W. King, and C. Larry Hofmeister Jr., Substitute Trustees by instrument duly executed, acknowledged and recorded among the Land Records of the County aforesaid, default having occurred under the terms thereof, and at the request of the parties secured thereby, the undersigned Substitute Trustees will offer for sale at public auction

AT THE CIRCUIT COURT FOR GARRETT COUNTY, AT THE COURTHOUSE DOOR, OAKLAND, ON WEDNESDAY, OCTOBER 9, 2002 AT 1:00 O'CLOCK P.M.

ALL THAT LOT OF GROUND AND THE IMPROVEMENTS THEREON situated in Garrett County, Maryland, and more fully described in the aforesaid Deed of Trust.

The property is improved by a dwelling and in fee-simple. The property address is 2351 Mosser Road, McHenry, MD 21541.

The property will be sold in an "as is" condition and subject to conditions, restrictions and agreements of record affecting the same, if any, and with no warranty as to the description of the improvements.

Terms of Sale: A deposit of \$14,000 will be required at the time of sale, such deposit to be in cash, cashier's check, certified check, or in other form as the Substitute Trustees may determine acceptable, in their sole discretion. Balance of the purchase price is to be paid in cash within ten (10) business days of the final ratification of sale by the Circuit Court for Garrett County. If payment of the balance does not take place within ten business days of ratification, the deposit will be forfeited and the property will be resold at the risk and expense of the defaulting purchaser. Interest to be paid on unpaid purchase money at the rate pursuant to the deed of trust note from date of sale to date of settlement, in the event the property is purchased by someone other than the note holder. Taxes and water rent to be adjusted to date of sale. All other public charges and assessments payable on an annual basis, including sanitary and/or metropolitan district charges to be adjusted for the current year to date of sale, and assumed thereafter by the purchaser. Cost of all documentary stamps and transfer taxes shall be borne by the purchaser. If the Substitute Trustees are unable to convey good and marketable title, the purchaser's sole remedy in law or equity shall be limited to the refund of the deposit to the purchaser. Upon refund of the deposit this sale shall be void and of no effect, and the purchaser shall have no further claim against the Substitute Trustees. The purchaser at the foreclosure sale shall assume the risk of loss for the property immediately after the sale.

Civil No. 7479

IN THE MATTER OF
 Clover Lynn Minovitz
FOR CHANGE OF NAME TO
 Clover Lynn Perando
BY AND THROUGH HER
MOTHER
 Haddi Marie Perando

NOTICE FOR PUBLICATION (Minor)

The above Petitioner has filed a Petition to Change Name in which she seeks to change the name of a minor child from Clover Lynn Minovitz to Clover Lynn Perando. The reason for this request is: To avoid confusion when school starts and also for the fact that the father has no contact with my daughter.

Any person may file an objection to the Petition on or before the 10th day of October 2002. Such objection must be supported by an affidavit and shall be served upon the Petitioner in accordance with Maryland Rule 1-321.

PUBLIC NOTICE

The Board of Garrett County Commissioners will conduct a public hearing on October 1, 2002, at 7:00 p.m. in the Cafeteria at Northern High School. The Board will receive and consider additional public comments on the following proposals to amend the Garrett County Subdivision Ordinance.

1. A proposal made by Mr. Vernon Wampler of Keystone Paving Inc. to amend Section 1002.G.3.b(1) of the Subdivision Ordinance to eliminate the requirement that a liquid asphalt prime coat must be applied prior to the paving of any new private roads serving over 20 dwelling units.

2. A proposal initiated by the Planning Commission designed to streamline the plat approval process by providing authority to allow staff approval of minor subdivision plans. This authority would be accomplished by amending the following sections: a) 702.B.1 to eliminate the 21 day period; b) 702.C.4 to eliminate reference to Planning Commission; c) 702.D. eliminate the current section; d) 702.D add a new section for streamline approval; e) 702.E to specify action of the Planning Director; f) 702.E.5 by replacing Planning Commission with Planning Director; g) 702.E.6 by replacing Planning Commission with Planning Director; h) 702.F Minor Subdivision Plat Checklist subsection A.2 to require five copies to be submitted.

3. A proposal made by the Garrett County Economic Development Office to amend the Land Classification Map to expand the C-Commercial Land Classification to include eleven separate parcels of land which are currently classified as R-Rural along US 40 near the I-68 and US 219 interchange at Keyser's Ridge.

Interested citizens are welcomed to attend.

HUSKY Notes

by Annie Winter and Steve Rounds
VOLLEYBALL

On Sept. 16, the Lady Husky volleyball team beat Westmar 3-0. Heather Lander led with 21 service points and three aces. Tabitha Beitzel added seven points and one ace, while Brandi Wagner led the attack with six hits. The JV team also won 2-0 with Sonya Broadwater's 12 service points while Dani Giotfelty added eight.

SOCCER

Sept. 17 saw the boys' soccer team win its second game in a row by defeating Westmar 3-1 at Husky field. Adam DeWitt, Brent Housley, and Shawn Fike scored goals with Torrey Poholsky and Scott Pusateri getting assists. Geoff Newman had another excellent game as goalie.

On Sept. 19, the girls' soccer team played at Greenway Stadium against Allegany. Leading to a 3-1 win, Lyndsi Butler, Amy Shaffer, and Brittany Milbourne scored goals. Also on that day, the boys' soccer team lost to Beall with a score of 6-1 at Frostburg. Torrey Poholsky, junior, scored the only goal. The JV team was overcome with a score of 7-2 with Derek Cutter scoring the two goals for Northern.

AUTUMN GLORY

Congratulations to Amanda N. Friend and Brian Covell. Both seniors were selected this year to represent Garrett County's youth during the Autumn Glory festivities. Amanda will serve as princess and Brian will be king.

NATIONAL HONORS SOCIETY

Many congratulations also go out to the following National Honor Society officers elected at the first meeting. They are Jamie Livingood, president; Megan Zimmerman, vice president; Heather Lander, secretary; and Michael Guard, treasurer.

CONSTITUTION WEEK PROCLAIMED — The Garrett County Board of Commissioners joined with the Youghiogheny Glades Chapter of the Daughters of the American Revolution recently to proclaim Constitution Week, Sept. 17-23. The observance marked the 215th anniversary of the drafting of United States Constitution in Philadelphia, after which nine months of debate ensued as the ratification process was completed. The uniquely American document was signed on Sept. 17, 1787, but many historians say it was left to be finished in blood on its 75th anniversary, when Union troops defeated their Confederate counterparts at the Battle of Antietam. That Sept. 17, 1862 battle, the bloodiest day in American history, led directly to President Abraham Lincoln's issuance of the Emancipation Proclamation the following Jan. 1, and the eventual approval of the 13th Amendment two years later, which finally banned slavery in this nation from that point on. Shown above, from the left, are Commissioners Ernie Gregg and Wendell Beitzel, DAR registrar and Constitution Week chairperson Martha Kahl, Commissioner Fred Holliday, and DAR corresponding secretary Dolores Hayden.

YEARBOOK RECEIVES ACCOLADE

Congratulations to the following students who were members of last year's Northern Middle School yearbook staff for being chosen as semifinalists for Taylor Publishing Company's Yearbook yearbook. This honor places them in the top 10% of more than 8,000 schools in the nation. The students are Lacie Bittinger, Angie Umbel, Kenna Yommer, Nick Payne, Andy Wilburn, Katy Towers, Erik Wood, Amy Shaffer, Jessica Fratz, Tara Devine, and Brian Schlosnagle.

TOTE PROGRAM BEGINS FIRST YEAR

Under the masterful guidance of Ms. April Slagle, the Advanced Placement Environmental Science class will be starting a paper recycling program at Northern this fall to continue through the year and for years to come. All types of paper will be recycled except carbon and construction paper. Recycling bins will be provided upon arrival to each teacher, but until then a cardboard box may be used in the classrooms and offices. Students will complete the work and send the paper to the landfill for recycling.

YEARBOOK THEME SELECTED

This year the student body was given the opportunity to vote for the upcoming yearbook theme. The choices were Bedazzle, Piecing It Together, or Crazy Days. The theme chosen by the student body was Bedazzle.

HOMECOMING

This year the honor of homecoming queen is bestowed upon Heather Lander, Accident. Following closely behind is Brandi Fazenbaker as princess. The court is Karie Kamp and Andrew Frantz, juniors; Abbi Sisler and Robert Stark, sophomores; and Tara Devine and Chris Speicher, freshmen.

DAR Notes U.S. Constitution Week Observance

Representatives of the Youghiogheny Glades Chapter of the Daughters of the American Revolution joined the Garrett County commissioners recently as they signed a proclamation noting the week of Sept. 17-23 as the 215th anniversary of the drafting of the Constitution of the United States of America. The Constitution was signed on Sept. 17, 1787, and by June 21, 1788, had been ratified by the necessary number of states.

"The Constitution was not a document that was created by miraculous inspiration, but rather it was the product of grinding work and endless compromise," DAR Constitution Week chairperson Martha Kahl commented. "In effect, the Constitution is a living document that declares to Congress, Presidents, and States: 'Thus far shall thou go, and no further. We the people forbid you to touch the rights of a free American.'"

The regular meeting of the Yough Glades DAR Chapter was also held recently. Extension educator and registered dietitian Jennifer Thorn of the Maryland Cooperative Extension's Family Consumer Sciences presented a PowerPoint program on cholesterol and diabetes. She stressed good diet choices and moderation of certain foods to aid in controlling those health problems. After the presentation, she answered questions on the subject and on other health issues.

The chapter's regular business meeting followed the speaker's program.

COVE

There will be a chicken barbecue on Saturday, Oct. 5, from 4 to 6 p.m. at the St. John's Lutheran Church, Missouri Synod. Carry-out dinners will be available for \$6. The Aid Association for Lutherans will be matching the funds to help the church purchase a new heating system.

Mr. and Mrs. Gordon Bender traveled to Canaan Valley over the weekend to spend time with the Raymond Bender family.

Mr. and Mrs. Vernon Bender (Tom) Reichenbecher were Sunday visitors of Mr. and Mrs. Gary Reichenbecher, Salisbury, Pa. Mr. and Mrs. Vernon (Tom) Reichenbecher visited with Freda Moser at the Meyersdale Hospital on Sunday afternoon. Freda returned to the Goodwill Mennonite Home, Grantsville, on Tuesday.

Linda Thomas and son Keaton were Sunday visitors of Mr. and Mrs. J.R. Thomas and daughter Taylor, Friendsville.

Mr. and Mrs. Keith Grove attended the Toby Keith concert on Friday to celebrate Mrs. Tammy Grove's birthday. Mr. and Mrs. Keith Grove and sons attended the Maddawg football game on Sunday,

PIZZA, PIZZA — Linda Goodrich's fifth grade class at Dennett Road Elementary School and Mary Ann Friend's kindergarten class at Yough Glades recently enjoyed a Little Caesar's pizza party. Class members distributed coupons to family and friends and encouraged them to order pizza on a certain night. The class with the most coupons used won a pizza party. Pictured above are members of Mrs. Friend's class. Seated, from the left, are Melanie Burns, Kirsten Campbell, Jaiden Harvey, Kody Bentley, Amy Rush, Cody Thomas, Brien Groves, Cole Lansberry, Shaina Tasker, and Kyle Moon. Standing in the middle are Shane Sanders, Joshua Adams, Joseph Mousch, Dalton Cooper, Paul Wilt, Andrew Hauser, Austin Graham, Brianna Bosley, Zachery Shreve, Cory Sturm, Travis Newton, and Zachery Pritts. In the back are Pat Minovitz of Little Caesars, Mrs. Friend, and Eleanor Moon, teaching assistant. Pictured below are the members of Mrs. Goodrich's class. In the front, from the left, are Chelsie Crocco, Megan Matthews, Chelsie Miller, Danielle Snyder, Kayla Beckman, Kelly Bean, Virginia Byrne, Matthew Broadwater, and Kahili Carazo. In the back are James Oliver, Bo Friend, Derrick Dumire, Aaron Ashby, Jeremy Sharpless, MacKenzie Futch, Ryan Countermarsh, Cameron Daniels, Paige Carr, Jacqueline Fries, and Minovitz.
